Consolidated Results

Mexico City, D.F., July 17, 2008—Grupo Televisa, S.A.B. (NYSE:TV; BMV: TLEVISA CPO; “Televisa” or “the Company”) today announced results for second quarter 2008. The results have been prepared in accordance with Mexican Financial Reporting Standards (Mexican FRS)1.

The following table sets forth a condensed consolidated statement of income for the three months ended June 30, 2008 and 2007, in millions of Mexican pesos, as well as the percentage of net sales that each line represents and the percentage change when comparing second quarter 2008 with second quarter 2007:

	2Q 20081	Margin %	2Q 20071	Margin %	2Q 20072	Margin %	Change2 %
Net sales	11,503.6	100.0	10,118.3	100.0	9,802.2	100.0	17.4
Operating income	4,008.4	34.8	3,586.2	35.4	3,460.4	35.3	15.8
Consolidated net income	2,319.0	20.2	2,318.3	22.9	2,230.4	22.8	4.0
Majority interest net income	1,840.7	16.0	2,094.6	20.7	2,013.4	20.5	(8.6)

Consolidated net sales increased 17.4% to Ps.11,503.6 million in second quarter 2008 compared with Ps.9,802.2 million in second quarter 2007. This increase was attributable to revenue growth in our Cable and Telecom, Television Broadcasting, Sky, Publishing, Other Businesses, and Pay Television Networks segments.

Consolidated operating income increased 15.8% to Ps.4,008.4 million in second quarter 2008 compared with Ps.3,460.4 million in second quarter 2007. This increase was attributable to higher sales that were partially offset by higher cost of sales, operating expenses, and depreciation and amortization.

Majority interest net income decreased 8.6% to Ps.1,840.7 million in second quarter 2008 compared with Ps.2,013.4 million in second quarter 2007. The net decrease of Ps.172.7 million reflected i) a Ps.440.8 million increase in other expense, net; ii) a Ps.80.5 million increase in integral cost of financing; and iii) a Ps.261.3 million increase in minority interest net income. These unfavorable changes were partially offset by a Ps.548 million increase in operating income;

a Ps.61.5 million decrease in equity in losses of affiliates, net; and a Ps.0.4 million decrease in income taxes.

1 We recognized the effects of inflation in our financial information through December 31, 2007. Beginning January 1, 2008, in accordance with the guidelines provided by Mexican FRS, we no longer recognize such effects in our financial reporting. Accordingly, we are presenting our results for second quarter 2008 in millions of nominal Mexican pesos. Also, as required by Mexican FRS, we are presenting our second quarter 2007 results in millions of Mexican pesos in purchasing power as of December 31, 2007.

2 We also present our second quarter 2007 results in nominal terms to provide additional comparison with our second quarter 2008 results. Results are explained comparing nominal second quarter figures for each year.

¹ For segment reporting purposes, intersegment operations are included in each of the segment operations.

² Operating segment income (loss) is defined as segment operating income (loss) before depreciation and amortization, and corporate expenses.

Television Broadcasting Second-quarter sales increased 7.5% to Ps.5,290.9 million compared with Ps.4,921.2 million in second quarter 2007. This increase was driven by strong ratings and by the favorable comparison resulting from the fact that this year the Easter holiday fell in the first quarter rather than the second quarter.

Second-quarter operating segment income increased 10% to Ps.2,707.1 million compared with Ps.2,460.2 million in second quarter 2007, and the margin increased to 51.2%. These results reflect higher sales that were

Edgar Filing: GRUPO TELEVISIA, S.A.B. - Form 6-K

partially offset by higher cost of sales and operating expenses.

Pay Television Networks Second-quarter sales increased 17.8% to Ps.514.7 million compared with Ps.437.1 million in second quarter 2007. This increase reflects higher revenues due to increases in prices and the number of subscribers in Mexico, Latin America, and Spain; and higher advertising sales.

Second-quarter operating segment income increased 25.3% to Ps.329.9 million compared with Ps.263.2 million in second quarter 2007, and the margin increased to 64.1%. These results were driven by higher sales that were partially offset by an increase in cost of sales and operating expenses.

Programming Exports Second-quarter sales decreased 1.7% to Ps.571.2 million compared with Ps.581.1 million in second quarter 2007. This decline was driven primarily by a negative translation effect on foreign-currency-denominated sales amounting to Ps.25.4 million. This was partially offset by a 5.2% increase in royalties from Univision, which amounted to US\$39.5 million for the quarter.

Second-quarter operating segment income decreased 6.3% to Ps.265 million compared with Ps.282.8 million in second quarter 2007, and the margin was 46.4%. These results were driven by lower sales that were partially offset by lower operating expenses.

Publishing Second-quarter sales increased 16.7% to Ps.927.3 million compared with Ps.794.6 million in second quarter 2007. This reflects i) an increase in advertising and magazine circulation sales abroad driven mainly by the acquisition of Editorial Atlántida; and ii) higher advertising sales in Mexico. This was partially offset by a decrease in circulation sales in Mexico and by a negative translation effect on foreign-currency-denominated sales that amounted to Ps.13 million.

Second-quarter operating segment income increased 12.5% to Ps.173.7 million, compared with Ps.154.4 million in second quarter 2007; the margin was 18.7%. These results were driven by higher sales, which were partially offset by higher cost of sales and operating expenses.

Publishing Distribution Second-quarter sales decreased 5.1% to Ps.122.1 million compared with Ps.128.6 million in second quarter 2007. This decrease reflects lower circulation in Mexico and abroad of magazines published by the Company, which was partially offset by higher circulation in Mexico and abroad of magazines published by third parties.

Second-quarter operating segment income decreased 71.6% to Ps.4.6 million compared with Ps.16.2 million in second quarter 2007, and the margin was 3.8%. These results reflect a decrease in sales and an increase in cost of sales and operating expenses.

Sky Second-quarter sales increased 11.8% to Ps.2,272.5 million compared with Ps.2,032 million in second quarter 2007. This result reflects an

increase in the subscriber base in Mexico, Central America, and the Dominican Republic. As of June 30, 2008, the number of gross active subscribers increased to 1,694,330 (including 119,698 commercial subscribers), compared with 1,490,298 (including 104,409 commercial subscribers) as of June 30, 2007. Sky closed the quarter with 71,000 subscribers in Central America and the Dominican Republic. The company expects to begin operations in Panama in the second half of 2008.

Second-quarter operating segment income increased 13.9% to Ps.1,130.6 million compared with Ps.992.7 million in second quarter 2007, and the margin increased to 49.8%. These results reflect higher sales that were partially offset by higher cost of sales and operating expenses.

Cable and Telecom Second-quarter sales increased 140.3% to Ps.1,408 million compared with Ps.585.9 million in second quarter 2007. This increase was attributable to i) a 20.1% increase in sales of Cablevisión, which amounted to Ps.703.7, driven mainly by an increase in revenue generating units (RGUs); ii) the consolidation of Bestel, which generated sales of Ps.450.5 million; and iii) the consolidation of Cablemás starting June 1, 2008, which generated sales of Ps.253.8 million.

Second-quarter operating segment income increased 98.6% to Ps.450 million compared with Ps.226.6 million in second quarter 2007, and the margin was 32%. These results reflected higher sales that were partially offset by an increase in costs and expenses related to Bestel and Cablemás. Cablevisión, Bestel, and Cablemás generated operating segment income of Ps.301, Ps.56.6, and Ps.92.4 million, respectively.

2Q 2008	Cablevisión	Cablemás	Total
Subscribers			
Video	568,479	805,390	1,373,869
Internet	173,049	224,799	397,848
Telephony	22,877	67,012	89,889
RGUs	764,405	1,097,201	1,861,606

Other Businesses Second-quarter sales increased 16% to Ps.688.2 million compared with Ps.593.1 million in second quarter 2007. This increase was attributable to higher sales in our gaming, radio, and internet businesses, which were partially offset by a decrease in sales in our soccer and feature-film distribution businesses.

Second-quarter operating segment loss decreased to Ps.6.3 million compared with a loss of Ps.98.4 million in second quarter 2007, reflecting higher sales and lower operating expenses that were partially offset by higher cost of sales.

Corporate Expenses

Share-based compensation expense in second quarter 2008 and 2007 amounted to Ps.26.5 million and Ps.33.4 million, respectively, and was accounted for as corporate expense. Share-based compensation expense is measured at fair value at the time the equity benefits are granted to officers and employees and is recognized over the vesting period in majority stockholders' equity.

Non-operating Results in Nominal Terms

Other expense, net

Other expense, net, increased by Ps.440.8 million to Ps.520.1 million in second quarter 2008, compared with Ps.79.3 million in second quarter 2007. This increase reflected primarily an impairment adjustment to reduce the carrying value of goodwill related to the operations of our US television station in San Diego, California.

Other expense, net, in second quarter 2008, included primarily the impairment adjustment referred to above, as well as professional services in connection with certain litigation and other matters, and donations.

Integral cost of financing

The following table sets forth integral cost of financing for the three months ended June 30, 2008 and 2007.

	2Q 2008	2Q 2007	Increase (decrease)
Interest expense	504.6	454.7	49.9
Interest income	(358.1)	(513.6)	155.5
Foreign exchange loss, net	69.7	257.7	(188.0)
(Gain) from monetary position, net	-	(63.1)	63.1
Integral cost of financing	216.2	135.7	80.5

The net expense attributable to the integral cost of financing increased by Ps.80.5 million, or 59.3% to Ps.216.2 million in second quarter 2008 from Ps.135.7 million in second quarter 2007. This increase reflected primarily i) a Ps.49.9 million increase in interest expense, due mainly to a higher average amount of outstanding debt; ii) a Ps.155.5 million decrease in interest income explained by a reduction of interest rates applicable to foreign currency temporary investments; and iii) the absence of a Ps.63.1 million gain from monetary position recognized in second quarter 2007, as we ceased recognizing the effects of inflation beginning on January 1, 2008, in accordance with Mexican FRS. These unfavorable variances were partially offset by a Ps.188 million decrease in net foreign exchange loss, resulting primarily from a lower average amount of our net asset foreign currency position combined with the appreciation of the Mexican peso, and a favorable net effect from derivative contracts to cover foreign exchange risks.

Equity in losses of affiliates, net

Equity in losses of affiliates, net, decreased by Ps.61.5 million, or 37%, to Ps.104.6 million in second quarter 2008 compared with Ps.166.1 million in second quarter 2007. This decrease reflected primarily a reduction in equity in loss of La Sexta, our 40% interest in a free-to-air television channel in Spain, as well as a reduction in equity in loss of EMI Televisa Music, our 50% interest in a music recording joint venture in the United States.

Income taxes

Income taxes decreased by Ps.0.4 million to Ps.848.5 million in second quarter 2008 from Ps.848.9 million in second quarter 2007. This decrease reflected primarily a reduction in our effective income tax rate.

Minority interest net income

Minority interest net income increased by Ps.261.3 million to Ps.478.3 million in second quarter 2008, from Ps.217 million in second quarter 2007. This increase reflected primarily a higher portion of consolidated net income

attributable to interests held by minority equity owners in our Sky segment, as well as net income attributable to interests held by minority stockholders in our Cable and Telecom segment.

Television ratings and audience share

National urban ratings and audience share reported by IBOPE confirm that, in second quarter 2008, Televisa continued to deliver strong ratings and audience shares. During weekday prime time (19:00 to 23:00, Monday to Friday), audience share amounted to 75%; in prime time (16:00 to 23:00, Monday to Sunday), audience share amounted to 71.4%; and in sign-on to sign-off (6:00 to 24:00, Monday to Sunday), audience share amounted to 72.1%.

1 National urban ratings and audience share are certified by IBOPE and are based upon IBOPE's national surveys, which are calculated seven days a week, in Mexico City, Guadalajara, Monterrey, and 25 other cities with a population of more than 500,000 people. "Ratings" for a period refers to the number of television sets tuned into the Company's programs as a percentage of the total number of all television households. "Audience share" is the number of television sets tuned into the Company's programs as a percentage of the number of households watching conventional over-the-air television during that period, without regard to the number of viewers.

2 "Total Televisa" includes the Company's four networks as well as all local affiliates (including affiliates of Channel 4, most of which receive only a portion of their daily programming from Channel 4). Programming on affiliates of Channel 4 is generally broadcast in 12 of the 28 cities covered by national surveys. Programming on Channel 9 affiliates is broadcast in all of the cities covered by national surveys.

3 "Televisa Prime Time" is the time during which the Company generally charges its highest rates for its networks.
