PROXY STATEMENT

The accompanying Proxy is solicited by the Board of Directors (the “Board of Directors” or the “Board”) of Alamo Group Inc., a Delaware corporation (the “Company,” “we,” “our,” or “us”), to be voted at the 2017 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on May 4, 2017, and at any meeting scheduled as a result of any adjournments thereof. The meeting will be held at 9:00 a.m. local time, at the Westin Riverwalk Hotel, 420 West Market Street, San Antonio, TX. This Proxy Statement and the accompanying Proxy are being mailed to stockholders on or about March 31, 2017. The Annual Report of the Company for fiscal 2016 including audited financial statements for the fiscal year ended December 31, 2016, and a proxy card are enclosed.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting To Be Held on May 4, 2017: Our Proxy Statement and our Annual Report, which includes our Form 10-K for the fiscal year ended December 31, 2016, are available free of charge on our website at: www.alamo-group.com/fr.

VOTING AND PROXIES

Only holders of record of common stock, par value \$.10 per share (“Common Stock”), of the Company at the close of business on March 17, 2017 (the “Record Date”) shall be entitled to vote at the meeting. There were 20,000,000 authorized shares of Common Stock and 11,514,980 shares of Common Stock outstanding on the Record Date. Each share of Common Stock is entitled to one vote. Any stockholder giving a proxy has the power to revoke the same at any time prior to its use by giving notice in person or in writing to the Secretary of the Company.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the 2017 Annual Meeting of Stockholders and any adjournment thereof. By signing and returning the enclosed proxy card, you authorize the persons named as proxies on the proxy card to represent you at the meeting and vote your shares. If you are not present at the meeting, your shares can be voted only when represented by a proxy either pursuant to the enclosed proxy card or otherwise. You may indicate a vote on the enclosed proxy card in connection with any of the listed proposals, and your shares will be voted accordingly. If you indicate a preference to abstain from voting, no vote will be cast.

Votes Required to Approve a Proposal

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed by the Company for the meeting. A majority of the outstanding shares of common stock present in person or represented by proxy constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and “broker non-votes” will be included in determining the presence of a quorum at the Annual Meeting. Where a shareholder’s proxy or ballot is properly executed and returned but does not provide voting instructions, the shares of such shareholder will nevertheless be counted as being present at the Meeting for the purpose of determining a quorum.

“Broker non-votes” occur when a person holding shares in street name, such as through a brokerage firm, does not provide instructions as to how to vote those shares and the broker does not then vote those shares on the shareholder’s behalf.

Each director will be elected by a majority of the votes cast with respect to such director. A “majority of the votes cast” means that the number of votes cast “for” a director exceeds the number of votes cast “against” that director. Abstentions

and "broker non-votes" are not considered to be votes cast with respect to the election of directors. Under Delaware law, if the director is not elected at the annual meeting, the director will continue to serve on the Board as a "holdover director." As required by the Company's Bylaws, each director has submitted an irrevocable letter of resignation as director that becomes effective if he or she is not elected by stockholders and the Board accepts the resignation. If a director is not elected, the Nominating/Corporate Governance Committee will consider the director's resignation and recommend to the Board whether to accept or reject the resignation. The Board will decide whether to accept or reject the resignation and publicly disclose its decision and, if it rejects the resignation, the rationale behind the decision, within 90 days after the election results are certified.

Approval of the say-on-pay proposal requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting. Because your vote is advisory, it will not be binding on the Board or the

Company. However, the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation. Under New York Stock Exchange rules, if your broker holds your shares in its name, your broker is not permitted to vote your shares with respect to the say-on-pay proposal if your broker does not receive voting instructions from you. Abstentions are entitled to vote on this proposal and therefore will have the same effect as a negative vote on this proposal. Broker non-votes will have no impact on the proposal since they are not considered shares entitled to vote on the proposal.

The frequency proposal is a non-binding vote as to how often the say-on-pay proposal should occur. You may vote for: every year, every two years, or every three years, or you may abstain. The choice among the three choices included in the resolution that receives the highest number of votes will be deemed the choice of the stockholders. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board will review the voting results and take them into consideration when making future decisions regarding the frequency of the advisory vote on executive compensation. Under New York Stock Exchange rules, if your broker holds your shares in its name, your broker is not permitted to vote your shares with respect to the frequency proposal if your broker does not receive voting instructions from you. Abstentions and broker non-votes will not affect the vote on this proposal.

The ratification of KPMG LLP's appointment as the Company's independent auditor requires the affirmative vote of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote thereat. Abstentions are present and entitled to vote and will thus have the same effect as a negative vote on the proposal to approve and ratify the appointment of KPMG LLP.

PROPOSAL 1 - ELECTION OF DIRECTORS

The Bylaws of the Company provide that the number of directors which shall constitute the whole Board of Directors shall be fixed and determined from time to time by resolution adopted by the Board of Directors. Currently, the size of the Board of Directors has been fixed at seven (7) directors.

Each director elected at the Annual Meeting will serve until the next Annual Meeting of Stockholders or until a successor is elected and qualified. Unless otherwise instructed, shares represented by properly executed proxies in the accompanying form will be voted for the individuals nominated by the Board of Directors set forth below. Although the Board of Directors anticipates that the listed nominees will be able to serve, if at the time of the meeting any such nominee is unable or unwilling to serve, such shares may be voted at the discretion of the proxy holders for a substitute nominee. The Nominating/Corporate Governance Committee of the Board of Directors recommended the

individuals listed below to the Board of Directors and the Board of Directors nominated them. Certain information concerning such nominees, including all positions with the Company and principal occupations during the last five years, is set forth below.

We have provided below information about our nominees, all of whom are incumbent directors, including their ages, years of service as directors, and business experience. We have also included information about each nominee's specific experience, qualifications, attributes, or skills that led the board to conclude that he/she should serve as one of our directors in light of our business and structure.

All of our nominees bring to our board extensive management and leadership experience gained through their service as executives and, in several cases, chief executive officers or chief financial officers of diverse businesses. In these executive roles, they have taken hands-on, day-to-day responsibility for strategy and operations, including management of capital, risk and business cycles. In addition, several nominees bring private and public company board experience with either significant experience on other boards or long service on our board. INFORMATION CONCERNING DIRECTORS

None of the nominees for director or the executive officers of the Company has a familial relationship with any of the other executive officers or other nominees for director. In accordance with our Corporate Governance Guidelines, no director may serve on more than three public company boards of directors. Mr. Etchart has served as director of Graco Inc., a publicly traded company, since 2010 and is a member of the Audit and Compensation Committees of Graco. Mr. Etchart has also served as a director of the WD-40 Company, a publicly traded company, since December of 2016 and is a member of the Audit and Finance Committees of WD-40. Mr. Grzelak has been a director of Sun Hydraulics Corporation, a publicly traded company, since 2015 and is a member of the Audit Committee and the Nominating Committee of Sun Hydraulics. Mr. Bauer is a director of L.B. Foster, a publicly traded company, where he also serves as President and Chief Executive Officer. Mr. Baty was a director of NN, Inc., a publicly traded company, until his retirement in May 2013. Mr. Martin was a director of Capital Southwest Corporation, a publicly traded company, until his retirement in April 2014. Except as disclosed above, none of the directors or nominees is a director or has been a director over the past five years of any other company which has a class of securities registered under, or is required to file reports under, the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or of any company registered under the Investment Company Act of 1940, as amended.

Non-management directors may meet in executive session, without the Chief Executive Officer, at any time, and there are regularly scheduled non-management executive sessions at each meeting of the Board of Directors and Committees thereof. The Chairman of the Board and the Chair of each Committee preside over their respective executive sessions.

In determining independence, each year the Board affirmatively determines whether each director has any “material relationships” with the Company other than as a director. When assessing the “materiality” of a director’s relationship with the Company, the Board considers all relevant facts and circumstances, not merely from the director’s standpoint, but from that of the persons or organizations with which the director has an affiliation, and the frequency or regularity of the services, whether the services are being carried out at arm’s length in the ordinary course of business and whether the services are being provided substantially on the same terms to the Company as those prevailing at the time from unrelated parties for comparable transactions.

The Board of Directors has determined that all of its current directors except Mr. Robinson, President and CEO, and its recently retired director, Helen W. Cornell, have no material relationships with the Company or its auditors and are independent within the meaning of the New York Stock Exchange (“NYSE”) listing standards on director independence and the director independence standards established under the Company’s Corporate Governance Guidelines, which are available at www.alamo-group.com under the “Our Commitment” tab.

If you and other interested parties wish to communicate with the Board of Directors of the Company, you may send correspondence to the Corporate Secretary, Alamo Group Inc., 1627 East Walnut Street, Seguin, Texas 78155. The Secretary will submit your correspondence to the Board or to the appropriate Committee or Board member, as applicable. The Board's policy regarding stockholder communication with the Board of Directors is available at www.alamo-group.com under the "Our Commitment" tab.

Stockholders and other interested parties may communicate with non-management directors of the Board by sending their correspondence to the Chairman of the Board, Alamo Group Inc., 1627 East Walnut Street, Seguin, Texas 78155.

The Board has delegated some of its authority to three Committees of the Board of Directors. These are the Audit Committee, Nominating/Corporate Governance Committee, and Compensation Committee. All three Committees have published charters on the Company's website www.alamo-group.com under the "Our Commitment" tab.

Vote required. Each director will be elected by a majority of the votes cast with respect to such director. All proxies will be voted "FOR" these nominees unless a contrary choice is indicated. Shares voting "abstain" on any nominee for director will be excluded from the vote and will have no effect on the election of directors. Broker non-votes will also be excluded from the vote and will have no effect on the election of directors.

THE BOARD OF DIRECTORS HAS APPROVED THE SLATE OF DIRECTORS AND RECOMMENDS A VOTE "FOR" THE ELECTION OF ALL SEVEN NOMINEES, WHICH IS DESIGNATED AS PROPOSAL 1 ON THE ENCLOSED PROXY. PROXIES SOLICITED BY THE BOARD WILL BE VOTED "FOR" EACH NOMINEE UNLESS OTHERWISE INSTRUCTED.

MEETINGS AND COMMITTEES OF THE BOARD

During the fiscal year ended December 31, 2016, the Board held five meetings. Each director attended in person or by phone more than 75% of the total number of meetings of the Board and Committees on which the director served during 2016. It is a policy of the Board that all directors attend the Annual Meeting of Stockholders. All of our directors attended the Annual Meeting of Stockholders in May 2016.

BOARD LEADERSHIP STRUCTURE

The Board does not have a policy on whether the same person should serve as both the CEO and Chairman of the Board or, if the roles are separate, whether the chairman should be selected from the non-employee directors or should be an employee. The Board believes that it should have the flexibility to make these determinations at any given point in time in the way that it believes best to provide appropriate leadership for the Company at that time.

Currently, Mr. Martin serves as Chairman of the Board and Mr. Robinson serves as CEO. The CEO is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the CEO and sets the agenda for Board meetings and presides over meetings of the full Board. The Board believes that its current leadership structure is appropriate at this time.

THE BOARD ROLE IN RISK OVERSIGHT

The Board has an active role in overseeing management of the Company's risk. The Board regularly reviews information regarding the Company's operational, financial, legal and regulatory, strategic and reputational risks which

is usually conveyed to the Board by the senior management of the Company or by one of the Board's Committees. Because overseeing risk is an ongoing process and inherent in the Company's strategic decisions, the Board also discusses risk throughout the year at other meetings in relation to specific proposed actions.

The Board has delegated certain risk management oversight responsibility to the Board committees. The Audit Committee oversees risks related to the Company's accounting, auditing, reporting, financial practices (including the integrity of the Company's financial statements), administration and financial controls and compliance with legal and regulatory requirements. The Audit Committee also reviews and discusses the Company's policies with respect to risk assessment and risk management. The Compensation Committee oversees risks relating to the Company's compensation, incentive compensation, and

equity-based compensation plans. The Nominating/Corporate Governance Committee oversees risks relating to the composition and organization of the Board and the Company's governance practices.

The Company believes that its leadership structure also enhances the risk oversight function of the Board. Our Chairman and our CEO regularly discuss material risks facing the Company with management and other members of the Board. Our CEO, as a member of the Board, is also expected to report candidly to his fellow directors on his assessment of the material risks the Company faces, based upon the information he receives as part of his management responsibilities. Both our Chairman and our CEO are well equipped to lead Board discussions on risk issues.

The Audit Committee reports to the Board on its activities and findings.

The Board has determined that under current NYSE listing standards all members of the Committee are financially literate, are "Audit Committee financial experts," and are independent under the Company's Corporate Governance Guidelines and NYSE listing requirements, and that each has accounting or related financial management expertise as

required by the NYSE listing standards. The Committee's Charter and Corporate Governance Guidelines, which have been approved by the Board, are reviewed at least annually and may be viewed on the Company's website www.alamo-group.com under the "Our Commitment" tab.

REPORT OF THE AUDIT COMMITTEE

The information contained in this report shall not be deemed to be “soliciting material” or “filed” with the Securities and Exchange Commission (the “SEC”) or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act.

The Audit Committee is currently comprised of four independent members of the Company’s Board of Directors. Each member of the Audit Committee is independent under applicable law and NYSE listing requirements. The duties and responsibilities of the Audit Committee are set forth in the Audit Committee Charter, which the Board of Directors reviews on an annual basis.

The Audit Committee oversees the Company’s financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control over financial reporting. In fulfilling its oversight responsibilities in fiscal 2016, the Committee reviewed and discussed with management the Quarterly Reports on Form 10-Q and the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2016, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant adjustments, and the clarity of disclosures in the financial statements.

The Committee reviewed with management and with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company’s accounting principles and such other matters as are required to be discussed by the independent auditors with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Committee has received the written disclosures and the letter from the independent accountant required by the applicable requirements of the Public Company Accounting Oversight Board regarding independent accountant communications with the Audit Committee concerning independence and has discussed with the independent accountant the independent accountant’s independence as described in Item 407(d)(3)(i) of Regulation S-K. The Committee has also considered the compatibility of non-audit services with the auditors’ independence.

The Committee discussed with the independent auditors the overall scope and plans for their audit. They also discussed with management and the internal auditor the overall scope and plans for the Company’s assessment of internal control. The Committee meets with the independent auditors and the internal auditor, with and without management present, to discuss the results of their examinations, their evaluations of the Company’s internal controls over financial reporting and the overall quality of the Company’s financial reporting. The Committee met four times during fiscal 2016. All Committee members were present at the meetings.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2016, for filing with the SEC. The Audit Committee also recommended, subject to stockholder ratification, the appointment of KPMG LLP as the Company’s independent auditors for fiscal year 2017. Audit, audit-related and any permitted non-audit services provided to the Company by KPMG LLP are subject to preapproval by the Audit Committee.

THE NOMINATING/CORPORATE GOVERNANCE COMMITTEE

In January 2016, the Nominating/Corporate Governance Committee consisted of Messrs. Baty (Chair), Bauer, Grzelak, and Ms. Cornell, and they were reappointed in May 2016. Ms. Cornell resigned from the Board and Nominating/Corporate Governance Committee on December 16, 2016, at which time Mr. Etchart was appointed as a member and Chairman of the Committee. During 2016, the Committee held three meetings. All Committee members were present at the meetings. The Committee has the responsibility, among other things, to:

- evaluate director candidates and has sole authority to retain a search firm in that effort, approve its fees and scope of service;
- recommend to the Board of Directors nominees for Board election by the stockholders based upon their qualifications, knowledge, skills, expertise, experience and diversity;
- review Board composition to reflect the appropriate balance of knowledge, skills, expertise, experience and diversity;
- review size of the Board and the frequency and structure of Board meetings;
- recommend to the Board establishment, elimination, size and composition of standing Committees;
- review, at least annually, the Company's Code of Business Conduct & Ethics;
- oversee and establish procedures for the annual evaluation of the Board and management; and
- develop, recommend to the Board and review annually a set of corporate governance guidelines.

The Board of Directors has determined that the members of the Committee are independent under the Company's Corporate Governance Guidelines and NYSE listing requirements. The Committee's Charter and the Company's Corporate Governance Guidelines are reviewed at least annually and may be viewed on the Company's website www.alamo-group.com under the "Our Commitment" tab.

The Nominating/Corporate Governance Committee will consider director candidates recommended by stockholders. The Committee's Policy Regarding Director Candidates Recommended by Shareholders, the Company's Corporate Governance Guidelines (including our standards of director independence), the charters of our Board Committees, and the Company's Code of Business Conduct and Ethics are on our website www.alamo-group.com under the "Our Commitment" tab and are available in print at no charge to any stockholder who requests them by writing to Corporate Secretary, Alamo Group Inc., 1627 East Walnut Street, Seguin, Texas 78155.

Any stockholder of the Company who complies with the notice procedures set forth below and is a stockholder of record at the time such notice is delivered to the Company may make a director recommendation for consideration by the Nominating/Corporate Governance Committee. A stockholder may make recommendations at any time, but recommendations for consideration as nominee at the Annual Meeting of Stockholders must be received not less than 120 days before the first anniversary of the date the proxy statement was released to stockholders in connection with the previous year's annual meeting. Therefore, to submit a candidate for consideration for nomination at the 2018 Annual Meeting of Stockholders, a stockholder must submit the recommendation, in writing, by December 1, 2017. The written notice must demonstrate that it is being submitted by a stockholder of the Company and include information about each proposed director candidate, including name, age, business address, principal occupation, principal qualifications and other relevant biographical information. In addition, the stockholder must provide confirmation of each candidate's consent to serve as a director. A stockholder must send recommendations to the Nominating/Corporate Governance Committee, Alamo Group Inc., 1627 East Walnut Street, Seguin, Texas 78155.

The Nominating/Corporate Governance Committee identifies, evaluates and recommends director candidates to the Board of Directors. In identifying and recommending nominees for positions on the Board of Directors, the Nominating/Corporate Governance Committee places primary emphasis on (i) judgment, character, expertise, skills and knowledge useful to the oversight of our business; (ii) diversity of viewpoints, backgrounds, experiences and other demographics; (iii) business or other relevant experience; and (iv) the extent to which the interplay of the

nominee's expertise, skills, knowledge and experience with that of other members of the Board will build a board that is active, collegial and responsive to the needs of the Company. Although diversity may be a consideration in the Committee's process, the Committee and the Board of Directors do not have a formal policy with regard to the consideration of diversity in identifying director nominees. Nominees are not discriminated against on the basis of gender, race, religion, national origin, sexual orientation, disability or any other basis prescribed by law.

Upon identifying a director candidate, the Committee initially determines the need for additional or replacement Board members and evaluates all the director candidates under the criteria described above, based on the information the Committee

receives with the recommendation or otherwise possesses, which may be supplemented by certain inquiries. If the Committee determines, in consultation with other Board members including the Chair, that a more comprehensive evaluation is warranted, the Committee may then obtain additional information about the director candidate's background and experience, including by means of interviews. The Committee will then evaluate the director candidate further, again using the evaluation criteria described above. The Committee receives input on such director candidates from other directors, and recommends director candidates to the full Board of Directors for nomination. The Committee may engage a third party to assist in the search for director candidates or to assist in gathering information regarding a director candidate's background and experience. If the Committee engages a third party, the Committee approves the fee that the Company pays for these services.

THE COMPENSATION COMMITTEE

In January 2016, the Compensation Committee of the Board of Directors consisted of Messrs. Grzelak (Chair), Etchart, Bauer and Ms. Cornell, and they were reappointed in May 2016. Ms. Jokinen was appointed to the Compensation Committee in August of 2016 and Ms. Cornell resigned from the Board and Compensation Committee on December 16, 2016. The Committee met five times during fiscal 2016. All Committee members were present at the meetings. The duties and responsibilities of the Committee include, among other things, to:

- review and approve, at least annually, the goals and objectives relevant to CEO compensation and the structure of the Company's plans for executive compensation, incentive compensation, equity-based compensation and its general compensation, and employee benefit plans, and make recommendations to the Board;
- evaluate annual performance of the CEO in light of the goals of the Company's executive compensation plans, and recommend his or her compensation based on this evaluation;
- in consultation with the CEO, review, evaluate and recommend to the Board the compensation of all executive officers and key managers;
- evaluate and recommend to the Board compensation of directors for Board and Committee service;
- review and recommend to the Board any severance agreement made with the CEO;
- review and recommend to the Board the amount and terms of all individual stock options or grants;
- review and recommend to the Board all equity-based and incentive compensation plans that are subject to stockholder approval; and
- approve and issue the annual report on executive compensation required by the SEC for inclusion in the Company's proxy statement.

The Compensation Committee may delegate its duties and responsibilities to subcommittees as it deems necessary and advisable. The role of our executive officers in determining compensation is discussed below under "Compensation Discussion and Analysis." The Compensation Committee has the authority to retain, at the Company's expense, compensation consultants and other advisers as it deems necessary to assist in the fulfillment of its duties. In 2015 and 2016, the Compensation Committee received independent compensation consulting services from Longnecker & Associates ("Longnecker"). Longnecker's primary role was to provide the Committee with market data and information regarding compensation trends in our industry, to make recommendations regarding the design of our incentive compensation program and overall executive compensation levels, and to assist the Committee in developing an appropriate peer group of companies for compensation benchmarking purposes. Our use of Longnecker is intended to provide additional assurances that our executive compensation program is reasonable, competitive and consistent with our objectives. More detailed information concerning the nature and scope of Longnecker's engagement with respect to the Compensation Committee's decisions regarding executive compensation is discussed below under "Compensation Discussion and Analysis."

Although management provided information to Longnecker, management did not direct or oversee the retention or activities of Longnecker, and Longnecker reported directly to the Compensation Committee. Other than serving as

compensation consultant to the Committee, Longnecker did not provide any other services to the Company. The Compensation Committee assessed the independence of Longnecker pursuant to SEC and NYSE rules and concluded that no conflict of interest existed that would prevent Longnecker from independently advising the Compensation Committee.

The Board of Directors has determined that the members of the Committee are independent under the Company's Corporate Governance Guidelines, the NYSE listing requirements, the Exchange Act and the rules and regulations of the SEC. The Committee's Charter and the Company's Corporate Governance Guidelines are reviewed at least annually and may be viewed on the Company's website www.alamo-group.com under the "Our Commitment" tab.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides information regarding the compensation program in place for the Company’s principal executive officer, principal financial officer, and the three most highly compensated executive officers other than the principal executive officer and principal financial officer (“Named Executive Officers” or “NEOs”). All NEOs are listed in the Summary Compensation Table. This section also includes information regarding, among other things, the overall objectives of the Company’s compensation program and each element of compensation that we provide.

In 2016, our NEOs were as follows:

NAME	TITLE
Ronald A. Robinson	President & CEO
Geoffrey Davies	EVP & Managing Director, Alamo Group Europe Ltd.
Jeffery A. Leonard	EVP Industrial Division
Richard H. Raborn	EVP Agricultural Division
Dan E. Malone	EVP & CFO, Principal Financial Officer

Objectives of Our Compensation Program

The Compensation Committee of the Board has responsibility for establishing, implementing, monitoring and approving the compensation program for NEOs and other selected key executives and managers of the Company. The Committee reviews and recommends proposed compensation program changes, salaries, annual cash incentive compensation amounts and equity compensation for the NEOs and key managers to the Board for approval. The Committee acts pursuant to its charter that has been approved by the Board. If a compensation consultant is retained by the Committee, it shall have sole authority to retain and terminate the consulting firm, approve the firm's fees and other retention terms.

The compensation program for NEOs is designed to attract, retain and reward talented executives who have the experience and ability to contribute materially to the Company’s long-term success and thereby build value for our stockholders. The program is intended to provide competitive base salaries as well as short-term and long-term incentives which align management and stockholder objectives and provide the opportunity for NEOs to participate in the success of the Company and its individual business units. In setting management pay levels, the Committee considers the Company’s historical practices, the CEOs and other NEOs past pay levels, and Company and individual performance. The program’s annual cash incentive and its longer term equity incentive compensation provide potential upside for exceeding financial targets with downside risk for missing performance targets. This balances retention with reward for delivering increased stockholder value and provides closely aligned objectives for Company management and stockholders. The Company’s success in retaining key employees is evidenced by the fact that the CEO and NEOs of the Company have an average tenure with the Company of more than 10 years.

The Compensation Committee's Independent Compensation Consultant

The Committee approves all compensation for NEOs and other executive officers, including the structure and design of our compensation programs, and is responsible for retaining compensation consultants and for determining the terms and conditions of their engagement, including fees. The Committee also evaluates and recommends compensation for directors. The Committee engaged Longnecker in August of 2015 to provide consulting services that included a review and analysis of the Company's compensation program and the development of an appropriate peer group for the Committee's review and consideration. At the Committee's request, Longnecker also evaluated the current roles and responsibilities of each our executive officers to ensure parity with the expected and customary job description for each executive position. Given the timing of the engagement of Longnecker in late 2015, the Committee did not use Longnecker’s services in connection with its setting of executive and director compensation for

2016, but continued Longnecker's engagement during 2016 in order to obtain assistance in making a competitive assessment of the Company's compensation program for executives and directors, and to evaluate relevant peer company data.

Market Alignment and Peer Group

The Committee aims to set NEO compensation at sufficiently competitive levels within the agricultural and industrial equipment manufacturing industry, as well as within a broader group of companies of comparable size and complexity, in order to attract, retain and motivate its executive officers. With assistance from Longnecker in 2016, the Committee reviewed and analyzed a significant amount of competitive market data for purposes of recommending 2017 compensation levels. In addition,

Longnecker conducted a peer review analysis to assist the Committee in developing an appropriate peer group of companies that could be used for compensation benchmarking purposes. The peer review analysis undertaken by Longnecker accounted for our Company's size, industry, growth history, future potential, and operational and financial performance. The following criteria were used in developing an appropriate peer group: (i) industry commonality; (ii) annual revenues in line with our Company's annual revenues; (iii) comparable total assets; (iv) comparable market capitalization; (v) similar enterprise value; and (vi) operational footprint similarities. Following a careful review of the market data in light of the above-stated evaluation criteria, the following 12 companies were selected as comprising our peer group for the purpose of NEO compensation benchmarking:

EnPro Industries, Inc.	Mueller Water Products, Inc.
Astec Industries, Inc.	Federal Signal Corp.
Altra Industrial Motion Corp.	Tennant Company
Accuride Corp.	Tecumseh Products Company
Lindsay Corporation	Columbus McKinnon Corporation
Titan International Inc.	Briggs & Stratton Corporation

Role of the CEO and the Compensation Committee in Compensation Decisions

The Compensation Committee reviews and recommends all compensation for the CEO to the Board of Directors for its approval. The Committee reviews recommendations by the CEO for the compensation of other NEOs as well as other managers and designated key employees. The CEO annually reviews the performance of each NEO (other than the CEO, whose performance is reviewed by the Compensation Committee). The recommendations based on these reviews, including salary adjustments, annual cash incentive awards and equity awards, are presented to the Compensation Committee. The Committee reviews these recommendations and can exercise its discretion in modifying and recommending adjustments as deemed appropriate. The decision is then recommended by the Compensation Committee to the Board for its approval. Decisions regarding compensation for other key managers participating in the EIP (as defined below) are made by the CEO and other NEOs of the Company and are reviewed by the Compensation Committee.

In its compensation decision-making process, the Compensation Committee considers whether the Company's executive compensation and benefits program serves the best interests of the Company's stockholders. In that respect, as part of its ongoing review of the Company's executive compensation program, the Compensation Committee considered our last advisory vote on NEO compensation which occurred at our 2014 Annual Meeting (where the stockholders by a vote in excess of 90% of the votes cast at the annual meeting approved the Company's executive compensation) and determined that the Company's executive compensation philosophy, compensation objectives and compensation elements continued to be appropriate and did not make any changes to the Company's executive compensation program in response to such stockholder vote.

Components of Executive Compensation

For the fiscal year ended December 31, 2016, the principal components of compensation for NEOs were:

- base salary;
- non-equity incentive compensation plan awards;
- qualified and non-qualified stock options, restrictive stock or restrictive stock units awards;
- perquisites; and
- other employee benefits.

Salary

The Company provides NEOs and other key managers with competitive base salaries to compensate them appropriately for services rendered during the fiscal year. The Committee primarily considers the following for each of the NEOs as well as other executive officers and designated key employees:

- the Company's and business unit's performance and individual contributions to that performance;
- professional experience and experience in the position;
- market competitiveness;
- in selected cases, other relevant factors; and
- recommendations of executive officers for key employees.

The base salary level for Ronald A. Robinson, President and Chief Executive Officer, is normally recommended by the Committee and approved by the Board of Directors in March of each year, with an effective date of May 1. The base salary levels

for all of our NEOs, other executive officers and designated key employees are also determined by the Committee based on those factors described in the preceding paragraph and are approved and generally reset on the same dates as for the CEO.

For 2016, the Committee recommended to the Board for approval and the Board approved an increase in salaries for the CEO and NEOs and designated key employees effective May 1, 2016. Mr. Robinson's salary for 2016 increased from \$610,000 to \$640,500. The salary increases for the remaining NEOs were as follows: Mr. Davies from \$354,640 to \$360,000; Mr. Leonard from \$320,000 to \$336,000; Mr. Raborn from \$290,000 to \$305,000; and Mr. Malone from \$280,000 to \$292,000. Increases in base salaries were subject to criteria such as cost of living increase, performance of the Company, performance of the Division, asset management, cash flow and improved responsiveness to market conditions.

For 2017, the Committee recommended to the Board for approval and the Board approved an increase in salaries for the CEO and NEOs and designated key employees effective May 1, 2017. Mr. Robinson's salary for 2017 was increased from \$640,500 to \$667,400. The salary increases for the remaining NEOs were as follows: Mr. Davies from GBP 240,000 to GBP 250,000 (\$325,000 for December 31, 2016 using the exchange rate of 1.3556 and \$320,000 for December 31, 2017 using the estimated exchange rate of 1.2800); Mr. Leonard from \$336,000 to \$350,000; Mr. Raborn from \$305,000 to \$318,000; and Mr. Malone from \$292,000 to \$301,000. Increases in base salaries were subject to criteria such as cost of living increase, performance of the Company, performance of the Division, asset management, cash flow and improved responsiveness to market conditions, and took into account the peer group analysis and benchmarking review performed with assistance and input from Longnecker.

Executive Incentive Plan

In March 2014, the Board of Directors approved the Company's Executive Incentive Plan (the "EIP") and obtained stockholder approval at the Company's Annual Meeting in 2014. The EIP is a cash incentive plan which allows the Company to reward the Company's NEOs and key managers based upon three factors:

- the overall performance of the Company;
- the performance of the segment of the Company or Division and/or business unit in which the employee is expected to contribute; and
- the individual performance of the employee.

In March of each year, the Compensation Committee reviews with the senior management proposed changes, if any, to the EIP, and then adopts incentive targets for the current year. The Compensation Committee, in its sole discretion, is entitled to interpret the EIP. Amounts under the EIP program are not deemed fully earned until paid.

EIP incentives for our CEO and other NEOs include a 75% objective component and 25% subjective component. All estimated incentives under the EIP are accrued and expensed monthly during each fiscal year and paid within 75 days after the end of the fiscal year.

For 2016, the primary objective component of the EIP was based on the relationship between Actual Earnings and Target Earnings, each as described below, for the Company or each relevant Division, subsidiary or business unit. Target Earnings for the Company and its Divisions, subsidiaries and units are approved at the beginning of each Plan Year by the Board of Directors based on management's proposed financial plan for the year considering previous earning trends, anticipated market conditions and appropriate goals for earnings growth.

Generally, the primary objective incentive criteria are either the projected diluted earnings per share (EPS), return on assets (ROA) or the projected earnings before interest and taxes (EBIT) for the Company as a whole or the relevant Divisions, subsidiaries or units, which include an appropriate accrual for the estimated payments under the EIP.

Actual Earnings are actual EBIT calculated in a manner consistent with the Target Earnings and include adequate accruals to cover all estimated payments under the EIP. EPS, ROA and EBIT for any given year are subject to possible revisions by the Committee if the Committee deems it appropriate to adjust for the effects of items such as extraordinary additions to or reversals of reserves, gains on bargain purchase, goodwill impairment, acquisitions and divestitures, restructuring costs, gains or losses from the sale of assets, and operating income and expenses of discontinued operations. Some EIP participants may have additional objective criteria other than just EPS, ROA or EBIT. For example, some may have specific targets on inventory control, asset management, return on investment, or other criteria specific to that individual participant's area of responsibility. In these cases, the objective targets are 75% of the total incentive target with a 25% subjective component.

Actual payments under the objective components of the 2016 EIP could range from 0% to 200% of established target payments on the basis of performance. In 2015 and 2014, all NEOs received a percentage of compensation for their objective

component. In 2016, only Mr. Davies, Mr. Raborn and Mr. Leonard received a percentage of compensation for their objective components.

Actual payments under the subjective components of the 2016 EIP could range from 0% to 150% of established target payments on the basis of performance goals. In 2016, 2015 and 2014, all NEOs received a percentage of compensation for their subjective components.

Based on the actual performance level as a percentage of Target Earnings, the EIP incentive payout is graduated by the incremental performance change beginning at the starting EIP payment threshold of Actual Earnings to determine the incentive earned.

For 2016, the Committee recommended, and the Board of Directors approved, the weighting and criteria for the objective and subjective components of the plan relating to Mr. Robinson. The objective component for Mr. Robinson was diluted EPS subject to adjustments for any extraordinary items (such as, in the case of EPS, goodwill impairment, acquisitions, certain one-time operating expenses) as determined by the Committee. This metric helped align management with the interest of our shareholders. The Committee set the EIP Target EPS at \$4.11 for Mr. Robinson. For 2016, payouts under the EIP for Mr. Robinson were based on the following:

Objective Component	Criteria
75%	0% of Target payment if less or equal to identified Target EPS (\$3.76) is met; 100% of Target payment if identified Target EPS (\$4.11) is met; and 200% of Target payment if identified maximum Target EPS (\$4.32) is met or exceeded, in each case with incremental increases to determine the incentive earned

Subjective Component	Criteria
5%	Complete closure of the Faucheux site in 2016
5%	Consolidated French operating income to meet or exceed 2016 budget
5%	Organic parts sales growth of \$6.0 million from \$162.0 million to \$168.0 million in constant currency
5%	Improve inventory turns by .2 turns from 3.5 to 3.7
5%	Non-binding signed letter of intent for a sizable acquisition

For 2016, the Committee also recommended and the Board of Directors approved the weighting and criteria for the objective and subjective components for corporate participants (the Company's executive officers and most key managers with the exception of our CEO (who is discussed above) and Mr. Davies, Mr. Leonard, Mr. Raborn and operations managers, each of whom has different weightings and criteria based on the respective business unit). The objective component for corporate participants was EPS. For 2016, EPS measured consolidated net income from continuing operations excluding for these managers (including Mr. Malone), adjustments for any extraordinary items such as goodwill impairment, acquisitions, certain one-time operating expenses as determined by the Committee, divided by the weighted average number of fully diluted Company shares outstanding. This metric helped align management with the interest of our shareholders. For 2016, payouts under the EIP for corporate participants (including Mr. Malone) were based on the following:

Objective Component	Criteria
---------------------	----------

75% 0% of Target payment if less or equal to identified Target EPS (\$3.76) is met; 100% of Target payment if identified Target EPS (\$4.11) is met; and 200% of Target payment if identified maximum Target EPS (\$4.32) is met or exceeded, in each case with incremental increases to determine the incentive earned

In the case of Mr. Davies, Mr. Raborn, Mr. Leonard and other key operations managers, the criteria and weighting for the objective and subjective components of the plan are as follows:

Objective Component Criteria

50% Actual EBIT for the relevant business unit vs. Target EBIT for the relevant business unit

25% Actual ROA for the relevant business unit vs. Target ROA or
Actual inventory turns for the relevant business unit vs. Target inventory turns

Since the specific quantitative targets for the business units are confidential, we do not publicly disclose these targets for several reasons, including our belief that disclosure would cause us competitive harm. We believe disclosing the quantitative targets would provide competitors and other third parties with insights into the Company's internal confidential strategic and planning processes and other confidential matters, which might allow our competitors to predict certain business strategies. The intent is to set the targets at challenging but achievable levels, which normally require performance improvements year over year.

The chart below reflects each NEO's Target incentive as a percentage of base salary at 100% of Target performance.

NEO	% of Base Salary Incentive at Target Performance
Ronald A. Robinson	100 %
Geoffrey Davies	40 %
Richard H. Raborn	40 %
Jeffery A. Leonard	40 %
Dan E. Malone	35 %

In 2016 on a consolidated level, the Company achieved 0% of the incentive Target EPS. This resulted in an objective incentive payout of 0% of Target. Mr. Davies achieved 99% of the Target EBIT criteria, for a 98% Target payout. He received an 85% payout for return on assets. Mr. Raborn achieved 200% of Target EBIT criteria, for a 200% Target payout and a 166% payout for return on assets. Mr. Leonard achieved 0% of Target EBIT criteria, for a 0% Target payout and a 90% payout for return on assets.

In March 2017, the Committee approved total non-equity incentive and special performance bonus payments of \$3,601,013 for the 2016 performances to participating employees. Total incentive payments for all EIP participants expensed in 2015 and paid in March 2016 were \$3,946,783.

Included in these totals were payments to Ronald A. Equity Award Programs

The Company's equity award programs align stockholder value and long-term compensation. These programs provide an opportunity for increased equity ownership by our executives while maintaining competitive levels of total compensation.

From time to time the Committee has recommended, and the Board of Directors has granted, equity awards which have consisted of qualified and non-qualified stock options and restricted stock units to NEOs, key employees and directors. Equity award levels vary among participants based on their performance, responsibilities and positions within the Company.

Equity awards are granted to a limited number of key employees who the Committee believes have a level of responsibility that can affect the overall performance of the Company or a major segment thereof. They may also be issued to non-employees who are members of the Board of Directors. The amount of the grants and frequency are at the complete discretion of the Board of Directors, based on recommendations from the Compensation Committee. These awards are used to provide a longer-term incentive than annual cash bonuses and are viewed as encouraging key employee retention. Since the ultimate value of the award is tied to the Company's stock price, it further aligns the

individual's performance with that of the Company's shareholders.

Stock options are granted at the NYSE's closing price of the Company's Common Stock on the effective date of grant and thus will have no ultimate value unless the value of the Company's Common Stock appreciates. The Company has never granted options with an exercise price that is less than the closing price of the Company's Common Stock on the grant date, nor has it granted options which are priced on a date other than the effective date of the grant. We do not grant options during blackout periods when insider transactions are prohibited. The Committee believes these options provide a significant incentive for the option holders to enhance the value of the Company's Common Stock by continually improving the Company's performance.

All qualified and non-qualified options granted by the Committee become vested and exercisable for 20% of the total optioned shares after one year following the grant and for an additional 20% of the total optioned shares after each succeeding year until the option is fully exercisable. The options have a term of 10 years. Other than as provided in the following sentence, an employee or Director option holder may exercise only vested options within 30 days of termination of employment (not for

cause), 30 days of retirement, or 1 year of death. If the option holder is at least 62 years of age and has at least 5 years of service with the Company, then all outstanding options become fully vested upon termination of employment (not for cause), retirement or death.

In 2009, stockholders approved the 2009 Equity Incentive Plan that allows for the issuance of non-qualified stock options, restricted stock or restricted stock units or any combination thereof. Non-qualified stock options issued under the Plan become vested and exercisable for 20% of the total optioned shares after one year following the date of grant and for an additional 20% of the total optioned shares after each succeeding year until the option is fully exercisable. Restricted stock and restricted stock units generally vest over four years at 25% per year. The awards are valued at the closing price of the Company's common stock on the NYSE on the date of the grant.

In 2015, stockholders approved the 2015 Incentive Stock Option Plan that allows for the issuance of incentive stock options.

In 2016, the Company awarded Mr. Robinson a restricted stock award of 10,000 shares because of his individual performance and leadership. The award (a) will vest in equal annual installments over the four-year period commencing on the first anniversary of the date of the award (which was May 9, 2016) provided that he is employed by the Company on each such date (subject to certain exceptions), and (b) has a value price equal to the closing price of the Company's common stock on the New York Stock Exchange on each vesting date. The award is subject to vesting upon a Change in Control, as defined in the relevant plan under which it was issued. The restricted stock awards were issued under the Company's 2009 Equity Incentive Plan.

In 2016, the Company awarded Mr. Davies a restricted stock award of 1,500 shares because of his individual performance and leadership. The award (a) will vest in equal annual installments over the four-year period commencing on the first anniversary of the date of the award (which was May 9, 2016) provided that he is employed by the Company on each such date (subject to certain exceptions), and (b) has a value price equal to the closing price of the Company's common stock on the New York Stock Exchange on each vesting date. The award is subject to vesting upon a Change in Control, as defined in the relevant plan under which it was issued. The restricted stock awards were issued under the Company's 2009 Equity Incentive Plan.

In 2016, the Company awarded Mr. Raborn a restricted stock award of 2,000 shares because of his individual performance and leadership. The award (a) will vest in equal annual installments over the four-year period commencing on the first anniversary of the date of the award (which was May 9, 2016) provided that he is employed by the Company on each such date (subject to certain exceptions), and (b) has a value price equal to the closing price of the Company's common stock on the New York Stock Exchange on each vesting date. The award is subject to vesting upon a Change in Control, as defined in the relevant plan under which it was issued. The restricted stock awards were issued under the Company's 2009 Equity Incentive Plan.

In 2016, the Company awarded Mr. Leonard a restricted stock award of 2,000 shares because of his individual performance and leadership. The award (a) will vest in equal annual installments over the four-year period commencing on the first anniversary of the date of the award (which was May 9, 2016) provided that he is employed by the Company on each such date (subject to certain exceptions), and (b) has a value price equal to the closing price of the Company's common stock on the New York Stock Exchange on each vesting date. The award is subject to vesting upon a Change in Control, as defined in the relevant plan under which it was issued. The restricted stock awards were issued under the Company's 2009 Equity Incentive Plan.

In 2016, the Company awarded Mr. Malone a restricted stock award of 1,000 shares because of his individual performance and leadership. The award (a) will vest in equal annual installments over the four-year period commencing on the first anniversary of the date of the award (which was May 9, 2016) provided that he is employed by the Company on each such date (subject to certain exceptions), and (b) has a value price equal to the closing price of the Company's common stock on the New York Stock Exchange on each vesting date. The award is subject to vesting upon a Change in Control, as defined in the relevant plan under which it was issued. The restricted stock awards were issued under the Company's 2009 Equity Incentive Plan.

Supplemental Retirement Plan

The Board of Directors of the Company adopted the Alamo Group Inc. Supplemental Executive Retirement Plan (the “SERP”), effective as of January 3, 2011. The SERP benefits certain key management or other highly compensated employees of the Company and/or certain subsidiaries who are selected by the Compensation Committee and approved by the Board to participate (which participants include Mr. Robinson, Mr. Malone, Mr. Raborn and Mr. Leonard). Mr. Davies, who is part of a retirement plan in the United Kingdom, is not included in the SERP.

The SERP is intended to provide a benefit from the Company upon retirement, death or disability, or a change in control of the Company. Accordingly, the SERP obligates the Company to pay to a participant a Retirement Benefit (as defined in the SERP) upon the occurrence of certain payment events to the extent a participant has a vested right thereto. A participant’s right to his Retirement Benefit becomes vested in the Company’s contributions upon 10 years of Credited Service (as defined in the SERP) or a change in control of the Company. The Retirement Benefit is based on 20% of the final three year average salary of each participant on or after his or her Normal Retirement Age (65 years of age). In the event of the participant’s death or a change in control, the participant’s vested Retirement Benefit will be paid in a lump sum to the participant or his estate, as applicable, within 90 days after the participant’s death or a change in control, as applicable. In the event the participant is entitled to a benefit from the SERP due to disability, retirement or other termination of employment, the benefit will be paid in monthly installments over a period of fifteen years.

Perquisites

The Company’s NEOs and key managers receive various perquisites provided by or paid for by the Company. These perquisites can include memberships in social and professional clubs, car allowances, a 401(k) restoration plan, and gross-up payments equal to the taxes payable on certain perquisites:

- Club memberships - reimbursement for dues and business expenses, usually negotiated at start of employment;
- Car allowances/company vehicles - an allowance paid monthly for usage of a personal vehicle or a company vehicle is provided where required, also usually negotiated at start of employment;
- 401(k) restoration plan - provides a supplemental compensation benefit to a select group of executive officers and highly compensated employees who cannot participate at the same level as other employees of the Company;
- Gross-up payments - provided in certain limited situations, such as commuting and relocation expenses, that are taxable events;
- Retirement Plans in other countries; and
- Reimbursement of certain commercial airfare, hotel and vehicle expenses in connection with Mr. Robinson’s commuting that was approved by the Committee.

We provide these perquisites because, in many cases, such as membership in social and professional clubs, the perquisites are often used by the executives for business-related activities and entertainment, and these perquisites are provided by many companies to their NEOs and are therefore necessary to enable the Company to retain and recruit capable managers. With respect to the last item listed above, the Board agreed to reimburse certain expenses in connection with Mr. Robinson’s commuting from his home in Colorado Springs, Colorado, to the Company’s corporate office in Seguin, Texas, including commercial airfare, hotel and car rental.

The Committee reviews the perquisites provided to the NEOs on an annual basis, in an attempt to ensure that they continue to be appropriate in light of the Committee’s overall goal of designing an appropriate compensation program for NEOs.

Other Employee Benefits

NEOs participate in all other benefits generally offered to employees.

Tax Implications

Section 162(m) of the Internal Revenue Code (the “Code”) limits the amount of compensation paid to our CEO and other NEOs, other than our CFO, that may be deducted by us for federal income tax purposes in any fiscal year to \$1,000,000. “Performance-based” compensation that has been approved by our stockholders and otherwise satisfied the performance-based requirements under Section 162(m) of the Code is not subject to the Code’s \$1,000,000 deduction limit. While the Committee believes that it is beneficial for compensation paid to our NEOs to be tax deductible under the Code, the Committee also

18

recognizes the need to retain flexibility to make compensation decisions that may not meet the standards of Section 162(m) when necessary or appropriate (as determined by the Committee in its sole discretion) to enable the Company to continue to attract, retain, reward and motivate its highly-qualified executives.

The amounts shown in these columns constitute restricted stock awards and options, as applicable, granted under the Company's equity incentive programs. The amounts are valued based on the aggregate grant date fair value of the award in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718. See Note 1 to the Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 for a discussion of the relevant assumptions used in calculating grant date fair value pursuant to FASB ASC 718. The grant date fair value for the restricted stock awards was determined in accordance with FASB ASC 718 to be \$54.87 (which was the market price on the day of grant, May 9, 2016).

The estimated present value of accumulated benefits under the SERP is based on a discount rate of 3.85% as of December 31, 2016. The RP-2014 Mortality Table is used for the SERP calculation projected to 2016 for the (1) participants. Participants are assumed to retire at the latest of current age and the plan's earliest retirement date (age 65) with unreduced benefits. No pre-retirement mortality, retirement, or terminating has been assumed for the present value factors.

(2) Mr. Davies is not part of the SERP. He receives contributions from Alamo Group Europe Ltd. to his retirement plan in the United Kingdom.

(3) As of the end of the measurement period (December 31, 2016), Mr. Leonard, Mr. Raborn and Mr. Malone are not yet vested in the SERP, and have no benefit payable under the SERP.

(4) Mr. Raborn's participation in the SERP was approved by the Board of Directors to become effective on May 5, 2016.

U.K. Retirement Plan

In addition to the SERP, the Company operates a Group Stakeholder Pension Arrangement in the U.K. (the "U.K. Plan") in which Mr. Davies participates. Pursuant to the U.K. Plan, contributions are made by both the Company and the employee to a nominated third party private pension company. Contributions are accumulated and are invested by Mr. Davies as he chooses with the third party pension company. From a U.K. government approved draw-down date, the fund may be converted by the employee into a mixture of tax-free lump sum and taxable regular annuity income. Potential Payments Upon Termination or Change in Control

This section describes the benefits and payments to which each NEO would have been entitled under the Company's existing plans and arrangements if his employment had terminated or if the Company had undergone a Change in Control, in each case, on December 31, 2016. For purposes of valuing any outstanding equity awards, we have assumed a per share value of \$76.10, the closing market price of the Company's common stock on December 30, 2016.

General Policies

Prior to the effective date of the SERP on January 3, 2011, the applicable NEOs were not entitled to cash severance payments upon any termination of employment or upon a Change in Control of the Company. Upon termination, the NEOs receive health and welfare benefits under COBRA that are generally available to all salaried employees and accrued vacation pay. There are no special or enhanced termination benefits under the Company's stock option plans for the NEOs as compared to non-named executive officer participants. For information with respect to potential payments under the SERP, see "SERP" below.

Termination of Employment / Changes in Control - Equity

A detailed list of the equity awards held by each NEO as of December 31, 2016 is set forth in the “Outstanding Equity Awards at 2016 Fiscal Year-End” table above. The NEOs do not hold any equity awards other than the stock options and the restricted stock awards listed in the table. Other than as provided in the following sentence, each NEO may exercise only vested options within 30 days of termination of employment (not for cause), 30 days of retirement, or 1 year of death. If the NEO is at least 62 years of age and has at least 5 years of service with the Company, the options become fully vested and may be exercised upon termination of the NEO’s employment (not for cause), retirement or death in accordance with their terms.

Stock options granted by the Company include provisions applicable upon a Change in Control, as defined in the applicable award certificates. These options will become exercisable upon the occurrence of a Change in Control, but transfer

restrictions on shares acquired upon exercise of stock options and cancellation provisions will remain in effect until the applicable transfer restriction date.

The Company's outstanding restricted stock awards provide that if a NEO ceases to be a service provider for any reason before the restricted stock awards have vested, the NEOs right to the shares of restricted stock will be cancelled. In the event of a Change in Control, as defined in the Company's 2009 Equity Incentive Plan, all restricted stock awards immediately vest, unless the award is assumed or an equitable substitution is made therefor.

The following chart shows the value of restricted stock awards and stock option awards that would have become vested or forfeited for a termination of employment as of December 31, 2016. For this purpose, restricted stock awards were valued at our closing price as of December 31, 2016 and stock options were valued as the difference between our closing price as of that date and the applicable exercise price of the stock options.

SERP

The SERP is intended to provide a benefit from the Company upon retirement, death or disability, or a change in control of the Company. Accordingly, the SERP obligates the Company to pay to a participant a Retirement Benefit (as defined in the SERP) upon the occurrence of certain payment events to the extent a participant has a vested right thereto. A participant's right to their Retirement Benefit becomes vested in the Company's contributions upon 10 years of Credited Service (as defined in the SERP) or a Change in Control of the Company. The Retirement Benefit will be based on 20% of the final three year average salary of each participant on or after his or her Normal Retirement Age (65 years of age). In the event of the participant's death or a Change in Control, the participant's vested Retirement Benefit will be paid in a lump sum to the participant or his estate, as applicable, within 90 days after the participant's death or a Change in Control, as applicable. In the event the participant is entitled to a benefit from the SERP due to disability, retirement or other termination of employment, the benefit will be paid in monthly installments over a period of fifteen years.

The following chart shows the potential payouts under the SERP as of December 31, 2016. Mr. Davies does not participate in the SERP. He receives contributions from Alamo Group Europe Ltd. to his retirement plan in the United Kingdom.

The grant date fair value for the restricted stock awards was determined in accordance with FASB ASC 718 to be \$54.87 (which was the market price on the day of grant, May 9, 2016). As a result of Ms. Cornell's resignation from the Board which occurred on December 16, 2016, she forfeited the 1,100 shares that were granted to her in 2016.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company or one of our subsidiaries may occasionally enter into transactions with certain “related persons.” Our Board has adopted a written Related Person Transactions Policy (the “Policy”) governing the approval or ratification of Related Person Transactions by the Audit Committee or all of the disinterested members of the Board, if necessary.

For purposes of the Policy, a Related Person Transaction generally means any transaction outside the normal course of business and not arms-length involving an amount in excess of \$120,000 cumulatively within a twelve month period

in which the Company is a participant and in which a Related Person, as defined below, has a direct or indirect material interest. In addition, proposed charitable contributions, or pledges of charitable contributions in excess of \$100,000 cumulatively within a twelve month period, by the Company to a charitable or nonprofit organization identified on the roster of Related Persons, are also subject to prior review and approval by the Audit Committee. A Related Person means (i) an executive officer or director of the Company or a nominee for director of the Company, (ii) a beneficial owner of more than 5% of any class of voting securities of the Company, (iii) an immediate family member of any of the persons identified in clauses (i) or (ii) hereof, or (iv) any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Prior to entering into the Related Person Transaction, (a) the Related Person, (b) the director, executive officer, nominee or beneficial owner who is an immediate family member of the Related Person, or (c) the relevant business manager responsible for the potential Related Person Transaction shall provide notice to the General Counsel of the facts and circumstances of the proposed Related Person Transaction. The General Counsel shall advise the Chair of the Audit Committee of any Related Person Transaction of which he becomes aware.

Under the Policy, the Audit Committee shall consider each Related Person Transaction, unless the Audit Committee determines that the approval or ratification of such Related Person Transaction should be considered by all of the disinterested members of the Board of Directors.

In considering whether to approve or ratify any Related Person Transaction, the Audit Committee or the disinterested members of the Board of Directors, as the case may be, shall consider all factors that are relevant to the Related Person Transaction, including, without limitation, the following:

- the size of the transaction and the amount payable to a Related Person;
- the nature of the interest of the Related Person in the transaction;
- whether the transaction may involve a conflict of interest; and
- whether the transaction involves the provision of goods or services to the Company that are available from unaffiliated third parties and, if so, whether the transaction is on terms and made under circumstances that are at least as favorable to the Company as would be available in comparable transactions with or involving unaffiliated third parties.

There were no Related Party Transactions during the fiscal year ending December 31, 2016.

PROPOSAL 2 - ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), we are providing shareholders with a vote to approve, on an advisory, non-binding basis, the compensation of our NEOs as disclosed in this Proxy Statement in accordance with Securities and Exchange Commission rules. This vote is intended to provide an overall assessment of our executive compensation program rather than focus on a specific individual or item of compensation.

As described in the "Compensation Discussion and Analysis" section of this Proxy Statement, we believe in pay for performance. Accordingly, the goal of our executive compensation program is to motivate and retain highly-talented executives who are critical to the success of our Company and to enhance the Company's performance by providing compensation to key managers who have the ability by the nature of their positions to significantly affect the operational effectiveness and financial performance of the Company or one of its subsidiaries. The program is intended to align management and stockholder objectives and provide the opportunity for executives to participate in the success of the Company with elements designed to reward both short-term and long-term success. Stockholders are encouraged to carefully review the "Compensation Discussion and Analysis" section of this Proxy Statement for a more detailed discussion of our executive compensation program. With respect to our last advisory vote on NEO compensation which occurred at our 2014 Annual Meeting, our stockholders expressed their support by approving the non-binding advisory vote with more than 90% of shares voting in favor of our NEO compensation program at that time.

The vote on this proposal gives our shareholders the opportunity to express their views on the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. For the reasons discussed above, we are asking our shareholders to indicate their support for the compensation of our NEOs by voting FOR the following resolution at the Annual Meeting:

“RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure in this Proxy Statement.”

As an advisory vote, this proposal is not binding upon our Board of Directors or the Company. However, we expect that our Compensation Committee, which is responsible for designing and administering our executive compensation program, will consider the outcome of the vote when making future compensation decisions for our CEO and NEOs.

Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on executive compensation matters unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to Proposal 2 if you want to have your broker vote your shares on the matter.

Approval of the say-on-pay proposal requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR CHIEF EXECUTIVE OFFICER AND NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT WHICH IS DESIGNATED AS PROPOSAL NO. 2 ON THE ENCLOSED PROXY PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.

PROPOSAL 3 - ADVISORY VOTE RELATING TO THE FREQUENCY OF HOLDING AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, we are asking shareholders to vote, on an advisory, non-binding basis, for their preference as to whether the Company should hold future say-on-pay votes every one, two or three years. Shareholders also may, if they wish, abstain from voting on this proposal.

Our Board of Directors recommends that we hold an advisory shareholder vote concerning the compensation of our named executive officers on an annual basis. After careful consideration of the various arguments supporting each frequency level, the Board believes that submitting the advisory vote on executive compensation to stockholders on an annual basis is a sound governance practice that is appropriate for the Company and its stockholders at this time.

Shareholders are not voting to approve or disapprove of the Board's recommendation. Instead, the proxy card provides shareholders with three choices with respect to this proposal: every one year, every two years, every three years or shareholders may abstain from voting on the proposal. For the reasons discussed above, we are asking our shareholders to vote for a ONE YEAR frequency when voting in response to the following resolution at the Annual Meeting:

“RESOLVED, that the option of once every (1) one year, (2) two years or (3) three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which the Company is to hold a shareholder vote to approve the compensation of the Company's named executive officers, as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the Summary Compensation Table, and the other related tables and disclosure).”

As an advisory vote, this proposal is not binding upon our Board of Directors or the Company. Our Board could, if it concluded it was in the best interest to do so, choose not to follow or implement the outcome of the advisory vote. However, we expect that our Board of Directors will consider the outcome of the vote when determining how often to hold a shareholder advisory vote on executive compensation.

Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on executive compensation matters unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to Proposal 3 if you want to have your broker vote your shares on the matter.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE OPTION OF ONCE ANNUALLY AS THE FREQUENCY WITH WHICH THE SHAREHOLDERS ARE PROVIDED AN ADVISORY VOTE ON EXECUTIVE COMPENSATION, AS DISCLOSED IN THIS PROXY STATEMENT WHICH IS DESIGNATED AS PROPOSAL 3 PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.

PROPOSAL 4 - RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors desires to engage the services of KPMG LLP for the fiscal year ending December 31, 2017. The Audit Committee has appointed KPMG LLP to audit the financial statements of the Company for fiscal 2017 and report on those financial statements. Stockholders are being asked to vote FOR the ratification of the appointment. If stockholders do not ratify the appointment of KPMG LLP, the Audit Committee will reconsider its appointment.

(4) Other than as described in this proxy statement, there were no other professional services rendered in 2016 or 2015.

Audit Committee's Preapproval Policy and Procedures

Our Audit Committee has adopted policies and procedures for the preapproval of audit and non-audit services for the purpose of maintaining the independence of our independent auditors. These policies and procedures are reviewed at least annually. We may not engage our independent auditors to render any audit or non-audit service unless either the service is approved in advance by the Audit Committee or the engagement to render the service is entered into pursuant to the Audit Committee's preapproval policies and procedures. On an annual basis, the Audit Committee may preapprove services that are expected to be provided to the Company by the independent auditors during the following twelve months.

The Audit Committee may also preapprove particular services on a case-by-case basis. In assessing requests for services by the independent auditors, the Audit Committee considers whether such services are consistent with the auditor's independence, whether the independent auditors are likely to provide the most effective and efficient service based upon their familiarity with the Company and whether the service could enhance the Company's ability to manage or control risk or improve audit quality.

Representatives of KPMG LLP will be present at the Annual Meeting and will be available to respond to appropriate questions concerning the fiscal year ending December 31, 2016 and make a statement should they so desire.

Vote required. This recommendation must be approved by the affirmative vote of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote thereon. All proxies will be voted "FOR" the ratification of the appointment of KPMG LLP as the Company's independent auditor unless a contrary choice is indicated.

THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR 2017, WHICH IS DESIGNATED AS PROPOSAL 4 ON THE ENCLOSED PROXY. PROXIES SOLICITED BY THE BOARD WILL BE VOTED "FOR" THIS PROPOSAL UNLESS OTHERWISE INSTRUCTED.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Company believes that, through March 17, 2017, its directors, executive officers and beneficial owners of more than 10% of the Common Stock complied with all Section 16(a) filing requirements with the exception of Messrs. Etchart, Grzelak, and Raborn, and Ms. Cornell, each of whom filed one late report during the period.
