REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors
New Century Remanufacturing, Inc.
(a wholly owned subsidiary of New Century Companies, Inc.)

We have audited the accompanying balance sheet of New Century Remanufacturing, Inc. (a wholly owned subsidiary of New Century Companies, Inc.) as of December 31, 2000, and the related statements of operations, shareholders' equity, and cash flows for each of the two years in the period ended December 31, 2000. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Century Remanufacturing, Inc. (a wholly owned subsidiary of New Century Companies, Inc.) as of December 31, 2000, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2000 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's current liabilities exceeds its current assets. This raises substantial doubt about the Company's ability to continue as a going concern. Management's plan in regard to these matters is also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

 NOTE 1 - NATURE OF BUSINESS

New Century Remanufacturing, Inc. (the "Company"), a California corporation, was incorporated March 1996 and is located in Southern California. The Company provides after-market services, including rebuilding, retrofitting, and remanufacturing of metal cutting machinery. Once completed, a remanufactured machine is "like new" with state-of-the-art computers, and the cost to the Company's customers is approximately 40% to 50% of that of a new machine.

The Company currently sells its services by direct sales and through a network of machinery dealers across the United States. Its customers are generally medium- to large-sized manufacturing companies in various industries where metal cutting is an integral part of their businesses. The Company grants credit to its customers who are predominately located in the western United States.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Going Concern

 The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As of December 31, 2000, the Company had historically high levels of inventory, its current liabilities exceeded its current assets, and it is not in compliance with loan terms, which caused the Company liquidity issues. In response to these problems, management has taken the following actions:

Edgar Filing: INTERNETMERCADO COM INC - Form 8-K/A

- . The Company continues its aggressive program for selling inventory.
- . The Company continues to implement plans to further reduce operating costs.
- . The Company merged with a public company in May 2001 (see Note 7).
- . The Company is seeking investment capital through the public markets.
- . The Company has secured approximately \$5,168,000 worth of new orders from January 2001 through July 2001.

The financial statements do not include any adjustments that might be necessary should the Company be unable to implement any or all of these plans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Method of Accounting for Long-Term Contracts

The accompanying financial statements have been prepared using the percentage-of-completion method of accounting and, therefore, take into account the cost, estimated earnings, and revenue to date on fixed-fee contracts not yet completed. This method is used because management considers total cost to be the best available measure of progress on the contracts. Because of inherent uncertainties in estimating costs, it is at least reasonably possible that the estimates used will change within the near term.

The amount of revenue recognized at the statement date is the portion of the total contract price that the cost expended to date bears to the anticipated final cost, based on current estimates of cost to complete. It is not related to the progress billings to customers. Contract costs include all materials, direct labor, machinery, subcontract costs, and allocations of indirect overhead.

Because long-term contracts extend over one or more years, changes in job performance, changes in job conditions, and revisions of estimates of cost and earnings during the course of the work are reflected in the accounting period in which the facts that require the revision become known. At the time a loss on a contract becomes known, the entire amount of the estimated ultimate loss is recognized in the financial statements.

Contracts that are substantially complete are considered closed for financial statement purposes. Revenue earned on contracts in progress in excess of billings (underbillings) is classified as a current asset. Amounts billed in excess of revenue earned (overbillings) are classified as a current liability.

Comprehensive Income

The Company utilizes Statement of Financial Accounting Standards ("SFAS")

Edgar Filing: INTERNETMERCADO COM INC - Form 8-K/A

No. 130, "Reporting Comprehensive Income." This statement establishes standards for reporting comprehensive income and its components in a financial statement. Comprehensive income as defined includes all changes in equity (net assets) during a period from non-owner sources. Examples of items to be included in comprehensive income, which are excluded from net income, include foreign currency translation adjustments and unrealized gains and losses on available-for-sale securities. Comprehensive income is not presented in the Company's financial statements since the Company did not have any of the items of comprehensive income in any period presented.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Inventory

Inventory is comprised primarily of work in process and is valued at the lower of cost (first-in, first-out method) or market. Cost components include material, direct labor, machinery, subcontracts, and allocations of indirect overhead.

Property and Equipment

Property and equipment are stated at cost. The Company provides for depreciation and amortization using the straight-line method over the estimated useful lives of the various classes of property and equipment as follows:

Machinery and equipment	5 years
Computer equipment	5 years
Capital lease equipment	5 years
Leasehold improvements	5 years

Maintenance and repair costs are expensed as they are incurred while renewals and improvements of a significant nature are capitalized. At the time of retirement or disposal of property and equipment, the cost and related accumulated depreciation or amortization are removed from the accounts, and any resulting gain or loss is reflected in the results of operations.

Fair Value of Financial Instruments

The Company measures financial assets and liabilities in accordance with generally accepted accounting principles. For the Company's financial instruments, including cash, contracts receivable, accounts payable, and accrued expenses, the carrying amounts approximate fair value due to their short maturities. The amounts shown for notes payable and capital lease obligations also approximate fair value because current interest rates offered to the Company for debt of similar maturities are substantially the same.

Advertising

Advertising expenses are charged to expense as incurred. For the year ended December 31, 2000 and 1999, total advertising expense was \$204,832

Edgar Filing: INTERNETMERCADO COM INC - Form 8-K/A

and \$340,075, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2000

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Company's shareholders have elected "S" corporation status for income tax purposes, which provides that, in lieu of corporate income taxes, the shareholders separately account for the Company's items of income, deductions, losses, and credits. The provision for income taxes in the accompanying statements of operations represents the state franchise tax applied to "S" corporations at a tax rate of the lesser of \$800 or 1.5% of taxable income.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations of Risk

Financial instruments which potentially subject the Company to concentrations of credit risk consist of cash and contracts receivable. The Company places its cash with high credit, quality financial institutions. At times, such cash may be in excess of the Federal Deposit Insurance Corporation insurance limit of \$100,000. At December 31, 2000, the uninsured portions held at the financial institutions aggregated to \$281,792. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash. With respect to contracts receivable, the Company routinely assesses the financial strength of its customers and, as a consequence, believes that the receivable credit risk exposure is limited.

Major Customers

During the year ended December 31, 1999, the Company conducted business with two customers whose sales comprised 18% and 11% of net sales. As of December 31, 2000, five customers accounted for 26%, 23%, 16%, 15%, and 12% of total contracts receivable.

Major Suppliers

During the years ended December 31, 2000 and 1999, the Company conducted business with one supplier who accounted for 22% and 27% of total purchases, respectively. As of December 31, 2000, one supplier accounted for 29% of total accounts payable.

Recently Issued Accounting Pronouncements

In December 1999, the Securities and Exchange Commission staff released Staff Accounting Bulletin ("SAB") No. 101, "Revenue Recognition in Financial Statements," to provide guidance on the recognition, presentation, and disclosure of revenue in financial statements. Changes in accounting to apply the guidance in SAB No. 101 may be accounted for as a change in accounting principle effective January 1, 2000. Management has not yet determined the complete impact of SAB No. 101 on the Company; however, management does not expect that application of SAB No. 101 will have a material effect on the Company's revenue recognition and results of operations.

In March 2000, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 44, "Accounting for Certain Transactions Involving Stock Compensation," (an Interpretation of Accounting Principles Bulletin Opinion No. 25 ("APB 25")) ("FIN 44"). FIN 44 provides guidance on the application of APB 25, particularly as it relates to options. The effective date of FIN 44 is July 1, 2000, and the Company has adopted FIN 44 as of that date.

In June 2000, the FASB issued SFAS No. 138, "Accounting for Certain Instruments and Certain Hedging Activities." This statement is not applicable to the Company.

In June 2000, the FASB issued SFAS No. 139, "Rescission of FASB Statement No. 53 and Amendments to Statements No. 63, 89, and 121." This statement is not applicable to the Company.

In September 2000, the FASB issued SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities, a replacement of FASB Statement No. 125." This statement is not applicable to the Company.

In July 2001, the FASB issued SFAS No. 141, "Business Combinations." This statement addresses financial accounting and reporting for business combinations and supersedes Accounting Principles Bulletin ("APB") Opinion No. 16, "Business Combinations," and SFAS No. 38, "Accounting for Pre-Acquisition Contingencies of Purchased Enterprises." All business combinations in the scope of this statement are to be accounted for using one method, the purchase method. The provisions of this statement apply to all business combinations initiated after June 30, 2001. Use of the pooling-of-interests method for those business combinations is prohibited. This statement also applies to all business combinations accounted for using the purchase method for which the date of acquisition is July 1, 2001 or later.

Recently Issued Accounting Pronouncements (Continued)

 In July 2001, the FASB issued SFAS No. 142, "Goodwill and Other Intangible Assets." This statement addresses financial accounting and reporting for acquired goodwill and other intangible assets and supersedes APB Opinion No. 17, "Intangible Assets." It addresses how intangible assets that are acquired individually or with a group of other assets (but not those acquired in a business combination) should be accounted for in financial statements upon their acquisition. This statement also addresses how goodwill and other intangible assets should be accounted for after they have been initially recognized in the financial statements. It is effective for fiscal years beginning after December 15, 2001. Early application is permitted for entities with fiscal years beginning after March 15, 2001, provided that the first interim financial statements have not been issued previously.

NOTE 3 - PROPERTY AND EQUIPMENT

Property and equipment at December 31, 2000 consisted of the following:

Merger with InternetMercado.com, Inc.

On May 25, 2001, the Company entered into a merger agreement (the "Agreement") in which the Company was merged with InternetMercado.com, Inc. ("InternetMercado"). In accordance with the terms of the Agreement, the following conversions occurred:

- . Each issued and outstanding share of common stock of the new entity's newly formed, wholly owned subsidiary was converted into one share of the Company's common stock.
- . Each share of the Company's common stock was converted into shares of InternetMercado's common stock, par value \$0.10 per share (the "InternetMercado Shares") at the rate of 833.3333 InternetMercado Share for each of the Company's shares amounting to an aggregate 15,000,000 InternetMercado Shares.

Proposed Merger with Smith West, Inc.

On June 26, 2001, the Company and Smith West, Inc. ("Smith West") both signed a Memorandum of Understanding (the "Memorandum") that the Company, a public corporation, agreed to acquire the capital stock of Smith West, a private corporation. The tentative purchase price would be \$40,000,000 with 50% in cash and 50% in shares of the Company's stock, subject to a valuation determination mutually agreed-upon during the parties respective due diligence.

The Memorandum is effective for 120 days from June 26, 2001. The parties agreed to cooperate in good faith to consummate a definitive merger agreement and close the proposed transaction in the above time frame.

Name Change

In June 2001, the Company's name was changed from InternetMercado.com, Inc. to New Century Companies, Inc.

NOTE TO PRO FORMA FINANCIAL STATEMENTS
December 31, 2001

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited pro forma balance sheet presents the accounts of New Century Remanufacturing ("Remanufacturing") and InternetMercado.com, Inc. ("InternetMercado") as if the acquisition occurred on January 1, 2000, and the pro forma statement of operations presents the accounts of New Century and InternetMercado as if the acquisition took place on January 1, 2000.

On May 25, 2001, Remanufacturing effected a merger, whereby Remanufacturing was acquired by InternetMercado. The merger is accounted for as a reverse merger, whereby Remanufacturing became the remaining active operating entity. Generally accepted accounting principles require that Remanufacturing, whose stockholders retain the majority interest in a combined business, be treated as the acquirer for accounting purposes. Therefore, the results of operations are retroactively restated to reflect those of Remanufacturing, and the equity section of Remanufacturing is restated to reflect the capital structure of New Century Companies, Inc.

Edgar Filing: INTERNETMERCADO COM INC - Form 8-K/A

In June 2001, InternetMercado.com, Inc.'s name was changed to New Century Companies, Inc.

The following is a summary of the entries recorded as if the transaction had happened at the year end January 1, 2000, and its related effects on the financial statements of New Century Companies, Inc.:

- a. Recording of recapitalization of Remanufacturing and the acquisition of InternetMercado.com in accordance with accounting required for reverse merger transactions.
- b. Issuance of subscription receivable for 4,000,000 shares of common stock in the amount of \$1,000,000 in connection with the acquisition.
