PROXY STATEMENT

April 9, 2003

General

The accompanying form of proxy and the persons named therein as proxies have been approved by, and this solicitation is made on behalf of, the Board of Directors of Metro-Goldwyn-Mayer Inc. in connection with the Annual Meeting of Stockholders of Metro-Goldwyn-Mayer Inc. to be held at 10:00 a.m., local time, on May 14, 2003 at the St. Regis Hotel, 2055 Avenue of the Stars, Los Angeles, CA 90067 (the Annual Meeting), and at any and all postponements and adjournments thereof. Metro-Goldwyn-Mayer Inc., together with its direct and indirect subsidiaries, is hereinafter referred to as the Company, unless the context indicates otherwise.

This Proxy Statement and accompanying proxy were first mailed to stockholders on or about April 9, 2003. The costs of solicitation of proxies will be paid by the Company. In addition to soliciting proxies by mail, the Company's officers, directors and other regular employees, without additional compensation, may solicit proxies personally or by other appropriate means. The Company will reimburse brokers, banks, fiduciaries and other custodians and nominees holding the common stock, \$.01 par value per share, of the Company (the Common Stock) in their names or in the names of their nominees for their reasonable out-of-pocket charges and expenses in forwarding proxies and proxy materials to the beneficial owners of the Common Stock.

Voting Rights and Outstanding Shares

Only stockholders of record of the Common Stock as of March 20, 2003 will be entitled to vote at the Annual Meeting. The authorized capital stock of the Company presently consists of 500,000,000 shares of the Common Stock and 25,000,000 shares of preferred stock, \$.01 par value per share. On March 20, 2003, there were issued and outstanding 247,596,572 shares of the Common Stock, which constitutes all of the outstanding voting securities of the Company entitled to vote at the Annual Meeting. Each share of the Common Stock is entitled to one vote on all matters to come before the Annual Meeting. No shares of the Company's preferred stock are outstanding.

The presence, in person or by proxy, of the holders of at least a majority of the total number of outstanding shares of the Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes (*i.e.*, shares held by brokers or nominees as to which instructions have not been received from beneficial owners or persons entitled to vote that the broker or nominee does not have

Edgar Filing: METRO-GOLDWYN-MAYER INC - Form DEF 14A

discretionary power to vote on a particular matter) are counted for the purpose of determining the presence or absence of a quorum for the transaction of business. In the event that there are not sufficient votes for a quorum at the time of the Annual Meeting, the Annual Meeting may be adjourned in order to permit the further solicitation of proxies.

Directors will be elected by a plurality of the votes of the shares of the Common Stock present in person or represented by proxy. For each other proposal to be acted upon at the Annual Meeting, the affirmative vote of the holders of a majority of the shares of the Common Stock represented in person or by proxy at the Annual Meeting and entitled to vote on the item will be required for approval.

With regard to the election of directors, votes may be cast in favor of or withheld; votes that are withheld will be excluded entirely from the vote and will have no effect. Abstentions may be specified on proposals other

than the election of directors and will be counted as present for purposes of the proposal on which the abstention is voted. Therefore, such abstentions will have the effect of a negative vote. Broker non-votes are not counted for purposes of determining whether a proposal has been approved and, therefore, have the effect of reducing the number of affirmative votes required to achieve a majority of the votes cast for such proposal.

Proxies must be signed by the stockholder and returned to the Secretary of the Company. Any stockholder who signs and returns a proxy may revoke it at any time before it is voted by filing with the Secretary of the Company a written revocation or a duly executed proxy bearing a date later than the date of the proxy being revoked. Any stockholder attending the Annual Meeting in person may withdraw such stockholder's proxy and vote such stockholder's shares.

The Common Stock does not have cumulative voting rights.

Shareholders Agreement

The following is a summary description of the material terms of the Amended and Restated Shareholders Agreement (the *Shareholders Agreement*) dated as of August 4, 1997, as amended, by and among the Company, Metro-Goldwyn-Mayer Studios Inc. (*MGM Studios*), the Tracinda Group and the current and former executives specified on the signature pages thereto (such specified persons, collectively, *Executives*). For purposes of the Shareholders Agreement, any shares of the Common Stock beneficially owned, directly or indirectly, by any member of the Tracinda Group will be deemed to be owned by Tracinda.

Tag-Along Rights. The Tracinda Group has agreed to be bound by certain *tag-along* restrictions with respect to certain transfers of its shares of the Common Stock. Subject to certain exceptions, if any member of the Tracinda Group desires to transfer shares of the Common Stock beneficially owned by it, directly or indirectly, in whole or in part (a *Tag-Along Sale*), then each Executive shall have the right, but not the obligation, (i) to exercise certain options held by such Executive pursuant to the Stock Incentive Plan (as defined below) to the extent required to realize the *tag-along* rights of such Executive and (ii) to elect that such member of the Tracinda Group be obligated to require, as a condition to such Tag-Along Sale, that the proposed purchaser purchase from each such electing Executive a proportional number of shares.

Registration Rights. Subject to certain exceptions and conditions, the Tracinda Group and the Executives have the right to make up to three requests, in the case of the Tracinda Group, and up to two requests with respect to all of the Executives, for registration (*Demand Registration*) under the Securities Act of 1933, as amended (the *Securities Act*), of all or part of the Common Stock or certain other securities (the *Registrable Securities*) held by them. Any request for a Demand Registration must include such Registrable Securities with an estimated value of no less than \$50 million. Demand Registration requests may be for shelf registrations covering sales on a delayed or continuous basis.

In addition, if the Company proposes to register any of its equity securities under the Securities Act (other than (a) a registration on Form S-4 or Form S-8 or (b) a registration in connection with a pro rata distribution of rights to subscribe for shares of the Common Stock), whether or not for sale for its own account, then, subject to certain exceptions and conditions, each member of the Tracinda Group and each of the Executives shall be entitled to request that the Registrable Securities of the same class beneficially owned by such party be included in such registration (a *Piggyback Registration*).

The Company will pay all of the expenses of any Demand or Piggyback Registration, including the fees and expenses of a single counsel retained by the selling stockholders; however, each selling stockholder will be responsible for the underwriting discounts and commissions and transfer taxes in connection with shares sold by such stockholder. Each selling stockholder and the underwriters through whom shares are sold on behalf of a selling stockholder will be entitled to customary indemnification from the Company against certain liabilities, including liabilities under the Securities Act. See *Certain Relationships and Related Transactions* Other Transactions with Tracinda and Affiliates.

Certain Holdback Agreements. The Tracinda Group and each of the Executives have agreed, under certain circumstances, if requested by the Company or any managing underwriters of a registration of securities of the Company, not to effect any public sale or distribution (including sales pursuant to Rule 144 under the Securities Act) of equity securities of the Company, or any securities convertible into or exchangeable or exercisable for equity securities, for a period not to exceed the period commencing with the date seven days prior to and ending with the date 180 days after the effective date of any underwritten registration by the Company of the securities (except as part of such underwritten registration). The Company has agreed to a similar restriction (except as part of such underwritten registration or pursuant to registrations on Form S-4 or Form S-8 or any successor forms) and to use its best efforts to cause certain holders of its capital stock (other than in a registered public offering) to so agree.

PROPOSAL 1**ELECTION OF DIRECTORS**

Information Regarding the Board of Directors and Certain Committees

Board and Committee Meetings. The Board of Directors held four meetings and acted three times by written consent during 2002. All directors during 2002 attended at least 75 percent of the meetings of the Board of Directors and committees on which they served (held during the period for which they served). The Board of Directors does not have a standing nominating committee. The candidates for election at this Annual Meeting were nominated by the Board of Directors.

management matters, and notwithstanding such prior employment by Tracinda, service by Mr. York on the Audit Committee is required by the best interests of the Company and its stockholders. See Compensation Committee Report on Executive Compensation. The Compensation Committee held one meeting during 2002 and acted 29 times by written consent.

In August 2002, the Company formed the Performance-Based Compensation and Section 16 Subcommittee of the Compensation Committee (the Subcommittee). The Subcommittee is responsible for (i) granting compensation that is potentially subject to Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)), including awards to the Named Executive Officers under the Company's Stock Incentive Plan and Employee Incentive Plan and (ii) granting awards under the Company's Stock Incentive Plan that are potentially subject to Section 16 of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the rules and regulations promulgated thereunder. The Subcommittee consists of Messrs. Davis and York. The Subcommittee held no meetings during 2002 and acted once by written consent.

Non-Employee Director Stock Plan Committee. The Non-Employee Director Stock Plan Committee of the Board of Directors of the Company (the Director Plan Committee) is comprised of the Messrs. McGurk and Yemenidjian (Chairman). The Director Plan Committee is responsible for administering the 1998 Non-Employee Director Stock Plan (the Director Plan). See Director Compensation. No meetings of the Director Plan Committee were held during 2002.

Director Compensation

Each director of the Company who is not an employee of the Company (a Non-Employee Director), currently nine persons, is paid (i) \$40,000 per annum for serving as a director of the Company, (ii) \$15,000 per annum additional if such Non-Employee Director is a member of the Executive Committee, (iii) \$2,000 per meeting for attendance at Audit Committee meetings if such Non-Employee Director is a member of the Audit Committee and (iv) \$4,000 per annum for attendance at Compensation Committee meetings if such Non-Employee Director is a member of the Compensation Committee. No additional compensation was paid for attendance at meetings of the Subcommittee. Non-Employee Directors have received, and it is expected that they will continue to receive, non-qualified stock options from time to time in addition to other compensation for service on the Board of Directors and its committees.

Mr. Haig, a member of the Board of Directors of the Company, renders consulting services to the Company for which he receives fees at the rate of \$50,000 per annum.

Pursuant to the Director Plan, each Non-Employee Director is entitled to elect to receive all or a portion of the cash compensation earned as a director (Election Amount) in the form of shares of the Common Stock. Shares are issued under the Director Plan in equal quarterly installments (based on the Election Amount), and the actual number of shares of the Common Stock to be received by a Non-Employee Director will be determined based on the Fair Market Value of the Common Stock on the Date of Issuance (as such terms are defined in the

Director Plan). Up to 100,000 shares of the Common Stock, subject to certain adjustments, have been reserved for issuance under the Director Plan. The Director Plan is administered by the Director Plan Committee, which has the power to amend the Director Plan, subject to certain limitations. During the 2002 plan year, commencing the day immediately following the 2002 annual meeting and ending on the date of the Annual Meeting, six Non-Employee Directors participated in the Director Plan, electing to receive between 50% and 100% of their annual cash compensation as directors in shares of the Common Stock. As of March 20, 2003, the Company had issued an aggregate of 37,682 shares of the Common Stock under the Director Plan as follows: 1,759 shares were issued to Mr. Aljian, 7,107 shares were issued to Mr. Coppola, 5,003 shares were issued to Mr. Davis, 5,760 shares were issued to Mr. Mancuso, 4,425 shares were issued to Ms. Presley, 3,775 shares were issued to Mr. Winterstern and 9,853 shares were issued to Mr. York.

On March 12, 2001, the Compensation Committee recommended, and the Board of Directors on March 13, 2001 approved, an amendment to the Stock Incentive Plan (which received subsequent stockholder approval) to broaden the category of persons eligible to receive awards thereunder to include Non-Employee Directors. On May 2, 2001, following stockholder approval of such amendment, the Board adopted a program whereby Non-Employee Directors (other than Mr. Kerkorian, who waived any rights with respect thereto) would receive an initial grant of 10,000 stock options and subsequent yearly grants of 5,000 stock options during their respective terms as directors.

In addition, directors who are not full-time employees of the Company receive reimbursement for out-of-pocket expenses in attending meetings of the Board of Directors and any committees thereof on which they serve. See Certain Relationships and Related Transactions for a description of certain transactions involving directors or their affiliates and the Company.

Based on the Audit Committee's discussions with management and Ernst & Young and the Audit Committee's review of the representations of management and the report of Ernst & Young, the Audit Committee has recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.

The foregoing report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act or the Exchange Act, except to the extent the Company specifically incorporates such report by reference therein.

Effective as of December 31, 2000, the MGM Retirement Plan was amended to (i) freeze the benefit accrual service of all participants, (ii) prohibit the further accrual of benefits thereunder and (iii) prohibit any additional employees from commencing participation therein on or after January 1, 2001. See "Benefit Plans" MGM Retirement Plan. Concurrently therewith, the Savings Plan was amended to provide for the addition of certain fixed and variable contributions by the Company in shares of the Common Stock based on an age-weighted percentage of each participant's base salary. Stock-Based Plans

Stock Incentive Plan. The Company has a Stock Incentive Plan. Awards under the Stock Incentive Plan are generally not restricted to any specific form or structure and may include, without limitation, qualified or non-qualified stock options, incentive stock options, restricted stock awards and stock appreciation rights (collectively, "Awards"). Awards may be conditioned on continued employment, have various vesting schedules and accelerated vesting and exercisability provisions in the event of, among other things, a change in control of the Company. The Stock Incentive Plan is administered by the Compensation Committee, which has broad authority to amend the plan.

Originally, 8,125,065 shares of the Common Stock were reserved and authorized for issuance under the Stock Incentive Plan. An additional 27,874,935 shares (for an aggregate of 36,000,000 shares) were subsequently reserved and authorized for issuance thereunder. As of December 31, 2002, (a) 589,100 shares of the Common Stock had been issued as stock bonuses under the Stock Incentive Plan (of which 177,500 were subsequently reacquired by the Company as treasury shares), (b) 1,042,466 shares of the Common Stock had been issued to certain holders of bonus interests under the Senior Management Bonus Plan in lieu of cash otherwise payable with respect to the December 31, 2002 Determination Date (defined below) and (c) options to purchase 31,504,545 shares of the Common Stock were outstanding. Of the outstanding options, 27,721,443 are held by the Named Executive Officers and certain other current and former senior employees of the Company and 3,783,102 are held by approximately 550 other employees. All of the outstanding options generally vest over a period of five years and are not exercisable unless vested (subject in certain cases to early vesting and exercisability in certain events, including the death or permanent disability of the optionee, termination of the optionee's employment under certain circumstances or a "Designated Change in Control" of the Company (as defined in the Stock Incentive Plan)).

Senior Management Bonus Plan. The Company has a Senior Management Bonus Plan under which 2,420,685 bonus interests ("Bonus Interests") were originally granted to 18 present and former senior executives of the Company ("Bonus Interest Participants"). The Senior Management Bonus Plan is administered by the Compensation Committee of the Board of Directors and may only be amended or terminated early with the consent of the Boards of Directors of the Company and MGM Studios and persons then holding a majority in interest of the outstanding Bonus Interests.

Under the Senior Management Bonus Plan, subject to certain vesting and other requirements, each Bonus Interest held by a Bonus Interest Participant whose Bonus Interests have been repriced (a "Bonus Interest Repricing Participant") entitles the holder to receive a cash payment if the average of the closing prices of the Common Stock during the 20 trading days preceding a Determination Date plus, in certain circumstances, per-share distributions on the Common Stock (together, the "Price") is greater than \$14.90 (i.e., the "trigger price") and less than \$29.80 (i.e., the "ceiling price") (adjusted for stock splits, reverse stock splits and similar events). With respect to Bonus Interests held by all others, each Bonus Interest entitles the holder to receive a cash payment if the Price preceding a Determination Date is greater than \$24.00 and less than \$48.00 (adjusted for stock splits, reverse stock splits and similar events). The cash payment would be equal to (A) the vested portion of the Bonus Interests on the Determination Date multiplied by (B) the amount by which the Price on the Determination Date is less than \$29.80, with respect to Bonus Interest Repricing Participants, or \$48.00, with respect to all others, multiplied by (C) 1.61 with respect to the Bonus Interest Repricing Participants only. In each case, a maximum of \$24.00 per Bonus Interest could be received by the holder thereof. Once a payment is made in respect of the vested portion of a Bonus Interest, no further payment would be due in respect of that portion. If at any Determination Date the Price equals or exceeds \$29.80, with respect to Bonus Interest Repricing Participants, or \$48.00, with respect to all others, no payment would thereafter be due in respect of any then-vested portion of a Bonus Interest.

Determination Dates occur on June 30 and December 31 of each year, commencing December 31, 2001 and ending December 31, 2006 and also upon a "Designated Change in Control" (as defined in the Senior Management Bonus Plan) or the taking of any action for the dissolution or liquidation of the Company (each a

Special Circumstance). In addition, with respect to the applicable Bonus Interest Repricing Participant only, a Determination Date occurs in the event of a termination of such Bonus Interest Repricing Participant's employment due to death or Permanent Disability (as defined in the Senior Management Bonus Plan) if such death or Permanent Disability shall have occurred prior to December 31, 2001, by the Company for Cause or by such Bonus Interest Repricing Participant without Good Reason (each as defined in the Senior Management Bonus Plan).

Bonus Interests generally vest 20 percent on the first anniversary of the date of their grant and approximately 1.67 percent each month thereafter. The Senior Management Bonus Plan provides for accelerated vesting and payment in the event of a Special Circumstance, accelerated vesting in the event of termination of employment in certain circumstances and payment at discounted present value in the event of death or Permanent Disability.

As of the December 31, 2001 Determination Date, the Compensation Committee determined that payments aggregating approximately \$33.3 million would be payable with respect to 2,105,781 vested bonus interests held by 15 Bonus Interest Repricing Participants. Under the terms of the Senior Management Bonus Plan, such payments would have been due on April 15, 2002. Pursuant to agreements reached with ten of the Bonus Interest Repricing Participants, the Company issued an aggregate of 1,406,753 shares of the Common Stock in 2002 in lieu of aggregate cash payments of approximately \$27.6 million otherwise payable to them with respect to their vested bonus interests. Mr. Mancuso, a member of the Board of Directors, received a total of 658,526 shares of the Common Stock in lieu of a cash payment of approximately \$13.0 million, and Mr. Jones, a Named Executive Officer, received 60,201 shares in lieu of a cash payment of approximately \$1.2 million. Shares issued to Messrs. Mancuso and Jones (and to certain other Bonus Interest Repricing Participants) were issued as stock awards pursuant to the Stock Incentive Plan.

and vest thereafter at the rate of $\frac{1}{60}$ per month until fully vested. Mr. McGurk also received options to purchase 900,000 shares at an exercise price of \$16.02 per share. Such additional options vest at the rate of $\frac{1}{36}$ per month commencing April 30, 2004 until fully vested. If Mr. McGurk's employment is terminated without cause or if he terminates the agreement for good reason, which includes a Designated Change in Control, his unvested stock options under the Stock Incentive Plan will vest immediately and he will be entitled to continue to receive his annual salary and all other benefits for the remainder of the term of the employment agreement.

William A. Jones. The Company entered into an employment agreement with Mr. Jones effective as of October 10, 1996, as amended as of July 16, 1999, which provides that he will serve as Senior Executive Vice President for a term which ends on October 9, 2004. The Company is also obligated to maintain a term life insurance policy in the face amount of \$2,000,000 on Mr. Jones' life for his benefit. If Mr. Jones' employment is terminated without cause or if he terminates the agreement for good reason, he will be entitled to continue to receive his annual salary and all other benefits for the remainder of the term of the employment agreement and, in either such event, or in the event of a Designated Change in Control, his unvested stock options under the Stock Incentive Plan will vest immediately.

Jay Rakow. The Company entered into an employment agreement with Mr. Rakow effective as of August 7, 2000, as amended as of March 1, 2001 and March 15, 2003 (the 2003 Amendment), which provides that he will serve as Senior Executive Vice President and General Counsel for an initial term which ends on March 14, 2006. The Company has an option exercisable on or before 180 days prior to the expiration of the initial term to extend the term of the agreement for two additional years at a salary at least ten percent higher than the salary immediately prior thereto. Pursuant to the agreement, as amended, Mr. Rakow is entitled to a current annual salary of \$750,000, subject to adjustment as determined by the Company, and participation in the Employee Incentive Plan at a level commensurate with his position and title. Mr. Rakow also received options under the Stock Incentive Plan to purchase 1,000,000 shares of the Common Stock, consisting of 500,000 shares with an exercise price of \$24.88 per share, 250,000 shares with an exercise price of \$16.74 per share and 250,000 shares at an exercise price of \$16.02 per share. Pursuant to the 2003 Amendment, Mr. Rakow relinquished 500,000 stock options originally granted at an exercise price of \$24.88 per share. If Mr. Rakow's employment is terminated without cause or if he terminates the agreement for good reason, he will be entitled to continued to receive his annual salary and all other benefits for the remainder of the term of the employment agreement and, in either such event, or in the event of a Designated Change in Control, his unvested stock options under the Stock Incentive Plan will vest immediately.

Daniel J. Taylor. The Company entered into an employment agreement with Mr. Taylor effective as of August 1, 1997, as amended as of June 15, 1998, November 1, 2000 and March 15, 2003 (the 2003 Amendment), which provides that he will serve as Senior Executive Vice President and Chief Financial Officer for a term which ends on June 14, 2006. The Company has an option exercisable on or before December 15, 2005 to extend the term of the agreement for two additional years at a salary at least ten percent higher than the salary immediately prior thereto. Pursuant to the agreement, as amended, Mr. Taylor is entitled to a current annual salary of \$900,000, which will increase to \$950,000 in March 2004, subject to adjustment thereafter as determined by the Company and an annual performance-based bonus determined in accordance with the Employee Incentive Plan. Mr. Taylor also received 54,042 Bonus Interests under the Senior Management Bonus Plan and options under the Stock Incentive Plan to purchase 1,000,000 shares of the Common Stock, consisting of 179,168 shares with an exercise price of \$14.90 per share, 20,832 shares with an exercise price of \$23.19 per share, 550,000 shares with an exercise price of \$19.19 per share and 250,000 shares at an exercise

price of \$11.35 per share. In addition, Mr. Taylor was eligible to receive a bonus (the Taylor Additional Bonus) payable only in the event of a Designated Change in Control (as defined in the Senior Management Bonus Plan). Pursuant to the November 1, 2000 amendment to his employment agreement, Mr. Taylor agreed to the cancellation of all of his rights to the Taylor Additional Bonus and all Bonus Interests theretofore granted to him under the Senior Management Bonus Plan. Pursuant to the 2003 Amendment, Mr. Taylor relinquished 229,168 stock options originally granted at an exercise price of \$19.19 per share and 20,832 stock options originally granted at an exercise price of \$23.19. If Mr. Taylor's employment is terminated without cause by the Company or if he terminates the agreement for good reason, he will be entitled to receive his annual salary and all other benefits for the remainder of the term of the employment agreement and, in either such event, or in the event of a Designated Change in Control, his unvested stock options under the Stock Incentive Plan will vest immediately.

Each of the above named executives also is entitled to receive certain other benefits, which may include medical insurance and participation in the benefit plans which the Company provides for its senior officers generally. The employment agreements of each of the above named executives also contain: (a) certain nondisclosure provisions which are effective for the term of such individual's employment with the Company and for an indefinite period thereafter and (b) a provision prohibiting the solicitation for employment and employment of certain Company employees, or making derogatory public statements concerning the Company, for a period of one year following termination of employment.

Limitation of Liability and Indemnification Matters

As permitted by applicable provisions of the Delaware General Corporation Law, the Company's Amended and Restated Certificate of Incorporation, as amended to date, contains a provision whereunder the Company will indemnify each of the officers and directors of the Company (or their estates, if applicable), and may indemnify any employee or agent of the Company (or their estates, if applicable), to the fullest extent permitted by Delaware law as it exists or may in the future be amended.

In addition, the Company has entered into indemnification agreements with its directors, executive officers and certain other officers providing for indemnification by the Company, including under circumstances in which indemnification is otherwise discretionary under Delaware law. These agreements constitute binding agreements between the Company and each of the other parties thereto, thus preventing the Company from modifying its indemnification policy in a way that is adverse to any person who is a party to such an agreement.

The Company currently maintains insurance on behalf of its officers and directors against certain liabilities that may be asserted against any such officer or director in his or her capacity as such, subject to certain customary exclusions. The amount of such insurance is deemed by the Board of Directors to be adequate to cover such liabilities.

COMPENSATION COMMITTEE REPORT

ON EXECUTIVE COMPENSATION

Compensation

Compensation Philosophy. The Compensation Committee of the Board of Directors, together with the Performance-Based Compensation and Section 16 Subcommittee (the Subcommittee), is responsible for establishing and administering a comprehensive compensation program for the Company's executives, consisting of three key elements:

Base salary;

Annual performance-based bonus; and

Periodic grants of stock options and other stock-based awards.

The Compensation Committee believes this three-part approach to executive compensation best serves the interests of the Company and its stockholders by (a) providing incentives to achieve both current and long-term financial and strategic goals of the Company, with the ultimate objective of enhancing stockholder value; (b) enabling the Company to be effective in attracting, motivating and retaining key executives; (c) correlating the performance of the Company as a whole with individual performance; and (d) providing executives with a financial interest in the Company similar to the interests of the Company's stockholders. The Compensation Committee operates pursuant to a charter that can only be amended by the Board of Directors or its Executive Committee.

Base Salary. Included among the factors considered in determining the base salary of an executive of the Company are (i) competitive norms in the entertainment business, (ii) an assessment of the nature of the particular position and (iii) the experience and relative contribution of the executive. The annual salaries of executives are generally set forth in such executives' employment agreements. Approval of the Compensation Committee is required with respect to the hiring, compensation and discharge of, and the terms of any employment agreement or separation arrangement with, the Named Executive Officers and any other executive serving in a staff position with a title of Executive Vice President or higher (or any similar position with comparable responsibilities) or any executive (line or staff) receiving an annual base salary or aggregate severance package, as the case may be, of \$500,000 or more (Senior Executive). Any increase in the base salary or other key elements of compensation of a Senior Executive, other than as set forth in the employment agreement, requires the approval of the Compensation Committee.

Annual Performance-Based Bonus. On March 10, 2000, the Compensation Committee and the Subcommittee approved, and the Board of Directors and stockholders of the Company subsequently approved and ratified, the adoption of the Employee Incentive Plan for eligible employees (Participants). In the case of the Named Executive Officers, bonus awards are determined as follows: (A) objective performance goals, bonus targets and performance measures are pre-established by the Subcommittee at a time when the actual performance relative to the goal remains substantially uncertain, utilizing such objective business criteria as the Subcommittee shall determine, including film performance, operating cash flow and earnings before interest, taxes, depreciation and non-film amortization (EBITDA), among others, and (B) prior to the payment of any bonus to any of the Named Executive Officers, the Subcommittee certifies that the objective pre-established performance goals upon which such bonuses are based have been attained and that the amount of each bonus has been determined solely on the basis of the attainment of such goals.

Edgar Filing: METRO-GOLDWYN-MAYER INC - Form DEF 14A

With respect to the 2002 performance period, no bonus awards were made to the Named Executive Officers. The business criteria used to determine whether or not bonuses would be awarded to the Named Executive Officers (and the weight given to each factor) were EBITDA (66 ²/₃ percent) and film performance (33 ¹/₃ percent). Such bonuses were to be based solely on the attainment of the objective performance goals, which goals were not attained for the 2002 performance period. While certain employment agreements

(including those of certain of the Named Executive Officers) provide for an annual discretionary bonus, it is the intention of the Compensation Committee, in determining the appropriateness of any discretionary bonus, to consider, among other factors, the performance-based measures used in the Employee Incentive Plan. Any revisions to the Employee Incentive Plan or any new performance-based compensation plans require the approval of the Compensation Committee or the Subcommittee.

The Compensation Committee has authorized the Chief Executive Officer and Chief Operating Officer to determine the amount of any bonus awards for Participants other than the Named Executive Officers, based upon the attainment of pre-established objective performance goals (including, in some cases, divisional sales goals) and in accordance with the performance measures, bonus targets, percentage allocations and discretionary elements applicable to each class of Participants. For the 2002 performance period, certain divisional sales goals were met and, following certification thereof by the Compensation Committee, bonus awards were made to certain Participants in accordance therewith.

Stock Options and Other Stock-Based Awards. The Compensation Committee believes that a significant component of the compensation paid to the Company's executives over the long term should be derived from stock options and other stock-based awards. The Compensation Committee strongly believes that stock ownership in the Company is a valuable incentive to executives that (i) serves to align their interests with the interests of the stockholders as a whole and (ii) encourages them to manage the Company in a way that seeks to maximize its long-term profitability. All employees at the level of manager and above are eligible to receive stock options, which are generally awarded in accordance with guidelines established by management and approved by the Compensation Committee. The grant of stock options and other stock-based awards to Senior Executives is considered on a case-by-case basis as part of an overall compensation package, taking into account the proposed recipient's past and prospective value to the Company, the performance of the proposed recipient (based upon evaluations and the recommendation of the Chief Executive Officer or the Chief Operating Officer as to proposed grants for executives other than themselves), and the amount of stock options or other stock-based awards previously granted. Options typically vest over a five-year period and have exercise prices equal to the closing price of the Common Stock on the date of grant. Notwithstanding the foregoing, it has been the policy of the Compensation Committee to grant no stock options at an exercise price lower than \$14.90 per share (except in very limited circumstances). Grants of stock options and other stock-based awards pursuant to the Stock Incentive Plan are made by the Compensation Committee or, in the case of the Named Executive Officers, by the Subcommittee.

In March 2002, Messrs. Yemenidjian, McGurk and Rakow were granted, respectively, 1,500,000, 900,000 and 250,000 stock options at an exercise price of \$16.02 per share. In August, 2002, Mr. Taylor was granted 250,000 stock options at an exercise price of \$11.35 and in November 2002, Mr. Jones was granted 130,000 stock options at an exercise price of \$14.90. In determining the size of the grants to the Named Executive Officers, the Subcommittee considered, among other things, the potential value of previous stock option grants in relation to such officers' relative positions and salary levels as well as their performance and value to the Company. Except as set forth herein, no other stock options or other stock-based awards were awarded to the Named Executive Officers in 2002. See Executive Compensation Executive Compensation Summary and Executive Compensation Stock-Based Plans.

In October 2001, the Compensation Committee, on the recommendation of management, approved the terms of proposed agreements (the Bonus Payment Agreements) between the Company and certain participants in the Senior Management Bonus Plan, pursuant to which such participants agreed to accept shares of the Common Stock in lieu of cash payments otherwise payable with respect to vested bonus interests granted in November 1997 under such plan. Pursuant to one such Bonus Payment Agreement, Mr. Jones agreed to accept 60,201 shares of the Common Stock as of January 1, 2002 (the receipt of which was deferred pursuant to the MGM Deferred Compensation Plan) in lieu of a cash payment of \$1,192,913 otherwise payable April 15, 2002 under the Senior Management Bonus Plan. See Executive Compensation Executive Compensation Summary and Executive Compensation Stock-Based Plans and Executive Compensation Employment Agreements William A. Jones.

Compensation Awarded to the Chief Executive Officer

Mr. Yemenidjian became Chairman of the Board and Chief Executive Officer of the Company in April 1999. He is eligible to participate in the same executive compensation plans and to receive the same benefits generally available to the Company's other senior executives. Pursuant to the terms of his employment agreement, which extends through April 2007, Mr. Yemenidjian receives an annual base salary of \$2.5 million. In addition, he has been granted an aggregate of 11,500,000 stock options under the Stock Incentive Plan, 5,000,000 of which have an exercise price of \$14.90 per share, 5,000,000 of which have an exercise price of \$30.00 per share and 1,500,000 of which have an exercise price of \$16.02 per share. Under the terms of the Employee Incentive Plan, Mr. Yemenidjian was awarded bonuses of \$1,298,909 for the 2000 performance period and \$1,179,052 for the 2001 performance period. No bonus was awarded for the 2002 performance period due to the failure of the Company to achieve the performance goals pre-established by the Compensation Committee. See Executive Compensation Executive Compensation Summary, Executive Compensation Stock-Based Plans and Executive Compensation Employment Agreements Alex Yemenidjian.

Tax Considerations

The Compensation Committee's policy is to structure the performance-based portion of the compensation of its Named Executive Officers in a manner that complies with Section 162(m) whenever, in the judgment of the Compensation Committee, doing so would be consistent with the objectives of the compensation plan under which the compensation would be payable. Section 162(m) limits the deductibility for federal income tax purposes of compensation in excess of \$1,000,000 paid by the Company to any of its Named Executive Officers unless certain conditions are met. However, the Compensation Committee has the authority to award non-deductible compensation as it deems it appropriate and in the best interests of the Company. In addition, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the Treasury Regulations issued thereunder, no assurance can be given that compensation intended by the Compensation Committee to satisfy the requirements for deductibility under Section 162(m) will so qualify.

The foregoing report of the Compensation Committee and the performance graph that appears immediately after such report do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act or the Exchange Act, except to the extent the Company specifically incorporates such report or the performance graph by reference therein.

BENEFIT PLANS

MGM Retirement Plan

The MGM Retirement Plan is a defined benefit plan under which all contributions are made by the Company. Employees of the Company who had completed at least one year of service prior to December 31, 2000 are participants in the plan and become vested upon completion of five years of service. Participants, or their beneficiaries, are entitled to receive benefits which have vested under the plan (i) upon their normal, early or deferred retirement or (ii) upon total and permanent disability, death or other termination of such participant's employment and after attaining normal or early retirement age. The compensation covered by the MGM Retirement Plan includes base salary only, and not bonus or other amounts.

The Company has the right to amend or terminate the MGM Retirement Plan at any time. If the plan is terminated, the available assets held in trust will be used to pay benefits to participants. If termination occurs when the plan's assets are not sufficient to pay all benefits accrued to the date of the termination, the assets held in trust under the plan will be allocated among participants in accordance with the provisions of the Employee Retirement Income Security Act of 1974, as amended. The Company is not liable for the payment of MGM Retirement Plan benefits from its own assets. Upon full satisfaction of the MGM Retirement Plan's liability to employees and their beneficiaries, any amount remaining in the plan will be returned to the Company.

The Internal Revenue Code requires certain provisions for benefit accruals if a defined benefit plan becomes top heavy, that is, if the value of accrued benefits for key employees is more than 60 percent of the total value of all accrued benefits. While the Company believes that it is unlikely that the MGM Retirement Plan will ever become top heavy, in such an event, it may become necessary to amend the MGM Retirement Plan to conform it to the applicable Internal Revenue Code requirements.

Effective as of December 31, 2000, the MGM Retirement Plan was amended to (i) freeze the benefit accrual service of all participants, (ii) prohibit the further accrual of benefits thereunder and (iii) prohibit any additional employees from commencing participation therein on or after January 1, 2001. See Executive Compensation Executive Compensation Summary Pension Plans.

MGM Savings Plan

Employees of the Company who have completed one year of service participate in the MGM Savings Plan (the Savings Plan), a defined contribution plan managed by MFS Investment Management. Participants may contribute a portion of their pre-tax compensation (up to a maximum of \$11,000) and after-tax compensation (subject to certain limitations) into the Savings Plan and direct the investment of such contributions. The Company matches 100 percent of such employee contributions up to four percent of such employee's eligible compensation.

Effective January 1, 1998, the Savings Plan was amended to allow the matching contributions to be made either in cash or in shares of the Common Stock. All subsequent matching contributions have been made in shares of the Common Stock. The employee contributions to the Savings Plan and the earnings thereon are always 100 percent vested. The matching contributions and any earnings thereon vest 20 percent for each full year of service and employees become 100 percent vested (i) after five years of service, (ii) upon their total and permanent disability or (iii) upon their death.

Edgar Filing: METRO-GOLDWYN-MAYER INC - Form DEF 14A

Effective as of January 1, 2001, the Savings Plan was further amended to provide for the addition of certain fixed and variable contributions by the Company in shares of the Common Stock, the amount of such contributions to be based on an age-weighted percentage of each participant's base salary. Such additional contributions vest upon a participant's completion of five years of service with the Company. See Executive Compensation Executive Compensation Summary Pension Plans.

Effective October 15, 2002, the Savings Plan was further amended to eliminate the restriction on the ability of participants to transfer amounts attributable to matching, fixed and variable contributions in their accounts from the Common Stock to non-employer stock investment funds.

As of March 20, 2003, the Company had made aggregate matching and fixed contributions to the Savings Plan of 726,063 shares of the Common Stock.

PROPOSAL 2

RATIFICATION OF THE SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors of the Company has selected Ernst & Young LLP (Ernst & Young) as the Company's independent public accountants to audit the Company's financial statements for the fiscal year ending December 31, 2003. Services provided by, and fees paid to, Ernst & Young in 2002 are described under Audit and Non-Audit Fees above.

On June 17, 2002, the Company terminated Arthur Andersen LLP (Andersen) as its independent public accountants. The Board of Directors, on the recommendation of the Audit Committee, approved the decision to terminate Andersen. The reports of Andersen on the financial statements of the Company for each of the past two fiscal years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent fiscal years and the interim period through June 17, 2002, there were no disagreements between the Company and Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Andersen, would have caused Andersen to make reference to the subject matter thereof in connection with its reports on the Company's financial statements for such periods.

During the two most recent fiscal years and the interim period through June 17, 2002, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K).

In its letter dated June 17, 2002 to the Office of the Chief Accountant of the Securities and Exchange Commission (filed as Exhibit 16 to the Company's Current Report on Form 8-K dated June 17, 2002), Andersen stated that it agreed with the statements in the preceding three paragraphs.

As of June 17, 2002, the Company engaged Ernst & Young as its new independent public accountants. During the two most recent fiscal years and the interim period through June 17, 2002, the Company did not consult with Ernst & Young regarding the matters described in, and required to be disclosed pursuant to, Item 304(a)(2)(i) or Item 304(a)(2)(ii) of Regulation S-K.

Although the appointment of Ernst & Young to audit the Company's financial statements for the 2003 fiscal year is not required to be submitted to a vote of the stockholders, the Board of Directors and the Audit Committee believe it appropriate as a matter of policy to request that the stockholders ratify such appointment. In the event a majority of the votes cast at the meeting are not voted in favor of the appointment, the Audit Committee will reconsider its selection. Proxies solicited by the Board of Directors will be voted in favor of the appointment unless stockholders specify otherwise in such proxies.

A representative of Ernst & Young is expected to be present at the Annual Meeting with the opportunity to make a statement if he or she so desires and to respond to appropriate questions.

The Board of Directors recommends that stockholders vote FOR Proposal 2.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Recent Sales of Securities

In October 2001, the Company entered into a Bonus Payment Agreement with William Jones, Senior Executive Vice President and Secretary of the Company, pursuant to which Mr. Jones agreed to accept as of January 1, 2002 60,201 shares of the Common Stock awarded under the Stock Incentive Plan (the Bonus Shares) in lieu of a cash payment of \$1,192,913 otherwise payable with respect to vested bonus interests held by him under the Senior Management Bonus Plan. The compensation represented by the Bonus Shares was deferred by Mr. Jones pursuant to the MGM Deferred Compensation Plan.

In November 2001, the Company entered into a Bonus Payment Agreement with Frank Mancuso, formerly Chairman and Chief Executive Officer and currently a director of the Company, pursuant to which Mr. Mancuso agreed to accept 658,526 Bonus Shares in lieu of a cash payment of \$13,049,014 otherwise payable with respect to vested bonus interests held by him under the Senior Management Bonus Plan. The Bonus Shares were issued to Mr. Mancuso in January 2002 and were sold by him from time to time on the open market during the period commencing January 2, 2002 and ending February 5, 2002 pursuant to Rule 144 under the Securities Act and in accordance with a trading plan dated December 7, 2001 meeting the requirements of Rule 10b5-1(c)(1) under the Exchange Act.

During the period commencing August 16, 2002 through September 27, 2002, Celsus Financial Corp., an entity wholly owned by Michael R. Gleason, a director of the Company, exercised in full its option to acquire 177,814 shares (as adjusted) of the Common Stock at an exercise price of \$5.63 per share (as adjusted) and an aggregate exercise price of \$1,001,000. On March 28, 2003, in a transaction exempt under Rule 16b-3(e) of the Exchange Act, the Company purchased from Mr. Gleason an aggregate of 120,000 shares of the Common Stock at a purchase price of \$10.69 per share (the average of the high and low per share trading price of the Common Stock on the New York Stock Exchange on the preceding day) and an aggregate purchase price of \$1,282,800.

Shareholders Agreement

The Tracinda Group, the Company, and certain current and former executives and employees of the Company are parties to the Shareholders Agreement, which provides for certain rights relating to the shares of the Common Stock, including registration rights and transfer restrictions. See Security Ownership of Certain Beneficial Owners and Management Shareholders Agreement.

Other Transactions with Tracinda and its Affiliates

Pursuant to the exercise by Tracinda of one of the demand registration rights granted to it in the Shareholders Agreement, the Company on January 21, 2003 filed a Registration Statement on Form S-3 under the Securities Act covering the sale by Tracinda of up to 28,750,000 shares of MGM Common Stock in an underwritten public offering. Under the terms of the Shareholders Agreement, the Company paid certain expenses of the offering, including the registration fees and the fees of legal counsel, accountants and financial printers, aggregating approximately \$538,450.

Pursuant to an open-ended license granted by a predecessor of the Company in 1980 and amended in 1998 (the License), MGM MIRAGE (formerly known as MGM Grand, Inc.) has the right to use certain trademarks that include the letters MGM, as well as logos and names

Edgar Filing: METRO-GOLDWYN-MAYER INC - Form DEF 14A

consisting of or related to stylized depictions of a lion, in its resort hotel and/or gaming businesses and other businesses that are not related to filmed entertainment. The License was originally granted to a predecessor of MGM MIRAGE as part of a tax-free reorganization pursuant to which the filmed entertainment business was spun off from the hotel/gaming business. In connection therewith, all of the MGM names and logos were transferred to the Company's predecessor and the License was granted back to MGM MIRAGE's predecessor on an exclusive royalty-free basis. In June 2000, in consideration of the payment to the Company of an annual royalty of \$1,000,000, such License was further amended to permit

MGM MIRAGE to use the trademark MGM combined with the trademark MIRAGE in the same manner and to the same extent that it was permitted theretofore to use the trademark MGM Grand. Tracinda owns a majority of the outstanding common stock of MGM MIRAGE. MGM MIRAGE paid the Company \$1,000,000 in each of the three years ended December 31, 2002, 2001 and 2000. Subsequent annual payments are due on each anniversary date thereafter. Additionally, the Company and affiliates of Tracinda occasionally conduct cross-promotional campaigns, in which the Company's motion pictures and the affiliates' hotels are promoted together; however, the Company believes that the amounts involved are not material.

The Company and MGM Grand Hotel, Inc. (Grand Hotel), a subsidiary of MGM MIRAGE, have an ongoing relationship whereby Grand Hotel can utilize key art, still photographs of artwork and one-minute film clips from certain of the Company's motion picture releases on an as-needed basis. In addition, the Company makes several seats at certain premieres and screenings of the Company's theatrical motion picture releases available to Grand Hotel. The Company did not receive any monetary compensation for the use of these assets.

The Company periodically sells to Grand Hotel and certain of its affiliates, on a wholesale basis, videocassettes and other merchandise such as baseball caps, clothing, keychains and watches bearing the Company's trademarks and logos for resale to consumers in retail shops located within Grand Hotel's properties. In December 2000, pursuant to a Merchandise License Agreement, the Company granted a subsidiary of MGM MIRAGE the right to use certain of the Company's trademarks and logos in connection with the retail sale of merchandise at MGM MIRAGE's properties. The Company receives royalties based on retail sales of the licensed merchandise. The agreement has a term of five years, subject to the MGM MIRAGE's right to extend the term for one additional five-year period and its option to terminate the agreement at any time upon 60 days' notice. The licensing and royalty revenues received to date by the Company under this arrangement have not been material. In July 2001, the Company entered into an agreement with Grand Hotel for the licensing of the MGM logo on slot machines for one year, with two one-year options to renew which the Grand Hotel has elected not to renew. The Company recognized licensing revenue of \$200,000 during the year ended December 31, 2001 with respect to this agreement.

From time to time, the Company charts airplanes from MGM MIRAGE and Tracinda for use in the Company's business. The Company believes that the terms of the charter arrangements are no less favorable to the Company than those that could be obtained from unrelated third parties. During the three years ended December 31, 2002, 2001 and 2000, the aggregate of the payments made to MGM MIRAGE and/or Tracinda for such charters were approximately \$79,000, \$271,000 and \$98,000, respectively.

From time to time, the Company reserves hotel rooms from MGM MIRAGE for special events. For the year ended December 31, 2002, the aggregate amount paid by the Company for such rooms was approximately \$465,000.

The Company and MGM MIRAGE have entered into various other transactions and arrangements which, individually and in the aggregate, are not material.

Other Transactions

Until March 3, 2003, the Company had an agreement with a subsidiary of American Zoetrope (Zoetrope), a production company owned by Mr. Coppola, a director of the Company and a member of the Executive Committee, for the financing and distribution in the U.S. and Canada of lower budget theatrical motion pictures to be produced by Zoetrope over a three-year period commencing in March 2000. Under the agreement, the Company had an exclusive "first look" on projects developed by Zoetrope with a budget (or anticipated budget) of less than \$12 million and, subject to certain conditions being met, the Company acquired distribution rights in the U.S. and Canada as well as certain other ancillary rights on up to ten qualifying pictures produced by Zoetrope in exchange for an amount equal to no more than \$2.5 million per picture. In addition, the Company had agreed to spend a minimum of between approximately \$1 million to \$2.25 million per qualifying picture in marketing and release costs.

Mr. Gleason, a member of the Board of Directors of the Company, is a part-time employee of the Company rendering services in the areas of capital markets and corporate strategy. For such services, he is paid a salary of \$40,000 per annum and reimbursement for his reasonable expenses in the performance of his duties. In addition, Mr. Gleason was granted an option to purchase 300,000 shares of the Common Stock at an exercise price of \$25.13 per share and 300,000 shares at an exercise price of \$14.90 per share, in each case at or above the fair market value of the Common Stock on the date of grant. In January 2003, pursuant to an amendment to his employment agreement, Mr. Gleason relinquished 245,000 stock options originally granted at an exercise price of \$25.13 per share. See Security Ownership of Certain Beneficial Owners and Management.

Mr. Haig, a member of the Board of Directors of the Company, renders consulting services to the Company for which he receives fees at the rate of \$50,000 per annum.

Another motion picture studio has acquired from the Company the right, for a designated period of time, to produce a motion picture. The Company has retained the option to either co-finance such motion picture or receive a rights fee and passive profit participation. Ms. Presley, a director of the Company, is a producer of such contemplated motion picture.

Mr. Winterstern, a member of the Board of Directors of the Company, serves on the board of directors of Mosaic Media Group, Inc. and Lakeshore Entertainment LLC and previously served on the Board of Directors of Signpost Films until December 31, 2002. A wholly-owned subsidiary of Mosaic Media Group, Inc. has a (i) first look agreement dated May 7, 2001 with the Company, (ii) Co-Financing and Distribution Agreement dated May 7, 2001 with the Company for the motion picture *Rollerball* and (iii) Producing Agreement dated as of December 1, 2001, lending the Company the services of Charles Roven as producer for the motion picture *Bulletproof Monk*. A subsidiary of Lakeshore Entertainment LLC has an international distribution agreement with the Company dated December 1, 2001 for the motion picture *Bulletproof Monk*.

In 1994, in connection with the formation of Movie Network Channels, a joint venture in which the Company has a non-controlling interest, the Company licensed to the joint venture certain of its current theatrical and television motion pictures, as well as a number of its library pictures, for distribution on Australian pay television. The agreement expires on June 30, 2005, with all motion pictures covered by the agreement reverting to the Company within one year after that date, but both the Company and Movie Network Channels have the right to extend the license for a further four years. The Company receives a license fee for each picture that is based on the number of Movie Network Channels subscribers. The Company recognized such license fee revenues of \$4,014,000, \$3,249,000 and \$3,273,000 during the years ended December 31, 2002, 2001 and 2000, respectively. The Company believes that the terms of the agreement are no less favorable to the Company than those contained in its licenses with unaffiliated licensees.

The Company, under various agreements, licenses the right to distribute certain motion picture and television product in the domestic television market to the Rainbow Media cable channels, in which the Company acquired a 20 percent equity interest on April 2, 2001. During the years ended December 31, 2002 and 2001, the Company recognized revenues of \$4,768,000 and \$6,158,000, respectively, under these licensing arrangements. The Company believes that the terms of these agreements are no less favorable to the Company than those contained in its licenses with unaffiliated licensees.

The Company has equity interests ranging from five percent to 50 percent in certain television channels located in various international territories in which the Company licenses certain library pictures and theatrical motion pictures and television series, miniseries and made-for-television movies produced or distributed by the Company during the terms of the agreements. The Company recognized aggregate license fees under these agreements of \$22,804,000, \$24,107,000 and \$23,861,000 during the years ended December 31, 2002, 2001 and 2000, respectively.

The Company has a 50 percent equity interest in MGM-NBC Media Sales to distribute off-network feature films and television series and first-run syndication programming from both the Company and NBC Enterprises, Inc. in the television barter sales markets. In the year ended December 31, 2002, the Company incurred a sales agency fee to MGM-NBC Media Sales of \$1,298,000. At December 31, 2002, the Company has a receivable from MGM-NBC Media Sales of \$11,661,000 for the distribution of its product and certain administration charges.

Christensen, Miller, Fink, Jacobs, Glaser, Weil & Shapiro, LLP, a law firm of which Jay Rakow, Senior Executive Vice President and General Counsel of the Company, was a partner, has performed extensive legal services for the Company relating to litigation, sales of securities, general corporate matters, real estate and other transactions and agreements.

APPENDIX A

AMENDED AND RESTATED

AUDIT COMMITTEE CHARTER

OVERALL MISSION

The Audit Committee is appointed by the Board of Directors of Metro-Goldwyn-Mayer Inc. (the "Company") to (a) assist the Board of Directors in monitoring (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the outside auditors' qualifications and independence and (iv) the performance of the Company's internal audit function and outside auditors; and (b) prepare the report required by the rules of the Securities and Exchange Commission (the "SEC") to be included in the Company's annual proxy statement. In fulfilling its responsibilities, the Committee oversees, among other things, the financial reporting process, the system of internal controls, the audit process and the Company's policies and procedures respecting compliance with governmental laws, rules and regulations and the Company's Code of Conduct and Conflict of Interest Policy.

EFFECTIVE DATE

This Amended and Restated Charter shall become effective following its adoption by the Board of Directors upon the earlier of (i) the effective date of the final rules of the SEC to be adopted pursuant to Section 301 of the Sarbanes-Oxley Act of 2002 or (ii) approval by the SEC of the proposed corporate governance listing standards heretofore submitted by the New York Stock Exchange.

COMPOSITION AND ORGANIZATION

The Audit Committee shall be comprised of at least three (3) directors appointed by the Board of Directors, each to serve until the next succeeding annual organizational meeting of the Board (following the Annual Meeting of Stockholders) or until his or her earlier death, resignation, disqualification or removal. One of its members shall be appointed to serve as chair and shall preside at Committee meetings and make regular reports to the Board of Directors.

MEETINGS OF THE AUDIT COMMITTEE

The Committee shall meet as frequently as necessary to properly carry out its responsibilities, but not less than once every fiscal quarter. The Audit Committee should meet separately at least quarterly with management, the director of the internal auditing department and the outside auditors to discuss any matters that the Audit Committee or any of these persons or firms believe should be discussed privately. Such meetings, at the Committee's discretion, may be in person, by telephone or by unanimous written consent. The Committee shall keep written minutes of its meetings, which shall be retained in the minute books of the Company.

QUALIFICATIONS FOR MEMBERSHIP

Each member of the Audit Committee shall be financially literate (or will become so within a reasonable time after his or her appointment to the Audit Committee), and the chair of the Audit Committee shall have accounting or related financial management expertise as such qualifications are interpreted by the Board of Directors in its business judgment. Each member shall be independent under the rules of the New York Stock Exchange and free of any relationship that, in the business judgment of the Board, would interfere with the exercise of independent judgment with respect to the Company and its management. No director shall qualify as

A-1

independent unless the Board of Directors determines that the director has no material relationship with the Company either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company.

No director may serve as a member of the Audit Committee if such director serves on the audit committees of more than two other public companies unless the Board of Directors determines that such simultaneous service would not impair the ability of such director to effectively serve on the Audit Committee. No director may serve as chair or as a voting member of the Audit Committee if such director is a beneficial owner of 20% or more of the Company's voting stock (or is a general partner, controlling shareholder or officer of such a beneficial owner), but such director may serve as a nonvoting member of the Audit Committee.

No member of the Audit Committee may receive any compensation from the Company other than (i) director's fees and (ii) a pension or other deferred compensation for prior service that is not contingent on future service. Members shall have such other qualifications as shall be imposed from time to time by the SEC or the New York Stock Exchange.

DUTIES AND RESPONSIBILITIES

The Audit Committee shall have the following duties and responsibilities and such other responsibilities as the Board of Directors, the SEC or the New York Stock Exchange shall require from time to time:

A. FINANCIAL REPORTING

1. Review with management and the outside auditors the Company's annual financial results, the Company's Annual Report on Form 10-K and the Company's Quarterly Report on Form 10-Q, including the audited financial statements and related disclosures required by the SEC and by generally accepted accounting principles (GAAP). This review shall also include the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations. Review and discuss any major issues concerning, or significant changes in, the accounting policies, principles or practices of the Company.
2. Require the outside auditors to (i) review the financial information included in the Company's interim financial statements before the Company files its Quarterly Report on Form 10-Q with the SEC and (ii) report the results of such review to the Committee.
3. Review with management and the outside auditors significant accounting, tax and reporting issues, including recent professional and regulatory pronouncements, to determine their impact, if any, on the Company's financial statements. Discuss guidelines and policies governing the process by which senior management of the Company and the relevant departments of the Company assess and manage the Company's exposure to risk, and review any significant financial risk exposures facing the Company and management's plans to monitor, control and/or minimize such exposures.
4. Discuss with management and the outside auditors, as appropriate: (a) analyses prepared by management and/or the outside auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; and (b) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.
5. Discuss earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies.

A-2

B. INTERNAL CONTROLS

1. Discuss with the outside auditors the adequacy of the Company's system of internal controls (including the controls, security and breakdown contingency plans for computerized systems and applications) and whether prior recommendations concerning internal controls made by internal and outside auditors have been implemented by management.
2. Review the activities, organizational structure, independence and effectiveness of the internal audit function, including the scope of its responsibilities and the adequacy of its staffing and budget. Review the annual internal audit plan, completed audit reports, recommendations and follow-up. Review the significant reports to management prepared by the internal auditors and management's responses thereto.
3. Meet at least quarterly with the outside auditors, members of the internal audit department, the chief financial officer and/or any other members of management in separate executive sessions to discuss any matters the Committee or any of the foregoing persons believe should be discussed privately or warrant Committee attention. The Committee may investigate any matters brought to its attention within the scope of its duties and may, in its discretion and without Board approval, retain outside legal counsel or independent financial or other advisors for such purpose.
4. Consider any reports or communications (and management's and/or the internal audit department's responses thereto) submitted to the Audit Committee by the outside auditors required by or referred to in Statement on Auditing Standards No. 61, as it may be modified or supplemented, including reports and communications related to any restriction on audit scope or significant issues discussed with the outside auditors' national office.

C. AUDIT PROCESS

1. Retain and terminate the outside auditors (subject, if applicable, to shareholder ratification). The Committee shall have the sole authority to approve all audit engagement proposals, including the planning, staffing and scope of the audit and fees to be charged as well as non-audit engagements with the outside auditors not otherwise prohibited by Section 201 of the Sarbanes-Oxley Act of 2002 or other applicable laws, rules or regulations.*
2. Following completion of the audit, review with the outside auditors (a) any significant changes in the audit plan; (b) any difficulties or significant disagreements with management encountered in the course of the audit, including any restrictions on the scope of activities or access to required information; (c) the nature and extent of any material proposed adjustments that were passed (as immaterial or otherwise); (d) the management or internal control letter issued, or proposed to be issued, by the outside auditors to the Company and the Company's response thereto and (e) any other matters required under generally accepted auditing standards to be communicated to the Audit Committee or the Board of Directors. Obtain from the outside auditors assurance that Section 10A of the Securities Exchange Act of 1934 has not been implicated.
3. At least annually, obtain and review a formal written statement from the outside auditors (the Auditors' Statement) describing, to the extent permitted under applicable auditing standards: the auditors' internal quality-control procedures; any material issues raised by the most recent internal quality-control review or peer review of the auditors, or by any inquiry or investigation by governmental or professional authorities within the preceding five years, respecting one or more independent audits carried out by the auditors, and any steps taken to deal with any such issues; and (to assess the auditors' independence) all relationships between the outside auditors and the Company, including each non-audit service provided to the Company and at least the matters set forth in Independence Standards Board No. 1.

* The Audit Committee, in its discretion, may delegate to one or more of its members the authority to pre-authorize non-audit engagements, provided any such pre-approved is presented to the Audit Committee at its next scheduled meeting.

4. Review and discuss with the outside auditors at least annually their Auditors' Statement. Engage in an active dialogue with the outside auditors concerning any disclosed relationships or services that may affect the quality of the audit *services or the objectivity and independence of the outside auditors. Recommend that the Board of Directors, in response to the Auditor's Statement, take such steps as it may deem appropriate to oversee the independence of the outside auditors.
5. Review and evaluate the qualifications, performance and independence of the lead partner of the outside auditors, taking into account the opinions of management and the Company's internal auditors.
6. Monitor the periodic rotation of the lead audit and review partners (i.e., every five years) and consider whether there should be a regular rotation of the audit firm itself.

D. POLICIES AND PROCEDURES

1. Ascertain from management, legal counsel, the outside auditors and/or the senior internal audit executive whether the Company and its controlled affiliates are in compliance with governmental laws, rules and regulations and whether there are any legal or regulatory compliance matters that could have a material impact on the Company's financial statements.
2. Review the results of any investigation and follow-up (including any disciplinary action) with respect to fraudulent or illegal acts or accounting irregularities.
3. Endeavor to maintain effective working relationships with, and provide an open channel of communication to, management, the Board, the internal audit department and the outside auditors.
4. Establish clear hiring policies for employees or former employees of the outside auditors.
5. Establish procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the issuer of concerns regarding questionable accounting or auditing matters.

E. GENERAL

1. Review and reassess at least annually the adequacy of this Charter and recommend any proposed changes to the Board of Directors for approval. Direct that a copy of this Charter be included as an appendix to the Company's proxy statement commencing in 2003 and thereafter at least once every three years.
2. Prepare the Audit Committee Report required by the SEC to be included in the Company's annual proxy statement commencing in 2001, disclosing, among other things, whether the Audit Committee (i) has reviewed and discussed the audited financial statements with management; (ii) has discussed with the outside auditors the matters required by Statement on Auditing Standards No. 61; (iii) has received from, and discussed with, the outside auditors the required written disclosures regarding their independence and (iv) based on such review and discussion, has recommended to the Board of Directors that the Company's audited financial statements be filed with the SEC on Form 10-K. The report shall also disclose whether the Audit Committee has a written charter.
- 3.

Edgar Filing: METRO-GOLDWYN-MAYER INC - Form DEF 14A

Prepare and review with the Board of Directors an annual performance evaluation of the Audit Committee, which evaluation must compare the performance of the Audit Committee with the requirements of this Amended and Restated Charter, and set forth the goals and objectives of the Audit Committee for the upcoming year. The performance evaluation by the Audit Committee shall be conducted in such manner as the Audit Committee deems appropriate. The report to the Board may take the form of an oral report by the chairperson of the Audit Committee or any other member of the Audit Committee designated by the Audit Committee to make such report.

A-4

LIMITATION ON DUTIES

While the Audit Committee has the duties, responsibilities and authority set forth in this Amended and Restated Charter, nothing contained herein shall be deemed to impose on the Committee any duty, in the ordinary course, to plan or conduct audits or to make any determination that the Company's financial statements are accurate and in accordance with generally accepted accounting principles. Such duties are the responsibility of management.
