Explanatory Note

On June 29, 2011, Tanger Factory Outlet Centers, Inc. (the "Company") in combination with its operating partnership, Tanger Properties Limited Partnership (the "Operating Partnership") filed a Current Report on Form 8-K (the "Original Form 8-K") related to the closing of an acquisition of an outlet center in Jeffersonville, Ohio (the "Jeffersonville Property") from the Simon Property Group, L.P., and the entrance into agreements with OCF Holdings LLC, Cordish AC-1 Associates LLC, Cordish AC-2 Associates LLC and Atlantic City Associates Number Three Manager LLC for the probable acquisition of substantially all of the economic interests in two outlet centers located in Atlantic City, New Jersey and Ocean City, Maryland.

On July 15, 2011, the Operating Partnership closed on its admission as a member into three existing entities that resulted in it acquiring substantially all of the economic interests from Cordish AC-1 Associates, LLC, Cordish AC-2 Associates, LLC and OCF Holdings LLC in Phase I & II of Atlantic City Outlets The Walk and Ocean City Factory Outlets. The Company is also under contract to purchase substantially all of the economic interests in Phase III of Atlantic City Outlets The Walk, which it currently expects to close by the end of 2011 or early 2012 (collectively with Phase I & II of Atlantic City Outlets The Walk and Ocean City Factory Outlets, the "Cordish Properties"). The Company can offer no assurances that this acquisition will close on the terms described herein, or at all.

This Form 8-K/A updates the interim period financial statements relating to the Cordish Properties from March 31, 2011 to June 30, 2011 which were included in the original Form 8-K to comply with Rule 3-14 of Regulation S-X and to update the proforma financial statements as of and for the six months ended June 30, 2011 for the financial results of the Jeffersonville Property and Cordish Properties.

## 2. Summary of Significant Accounting Policies

### Basis of Presentation

The accompanying Statement is prepared for the purposes of complying with the rules and regulations of the Securities and Exchange Commission, including Rule 3-14 of Regulation S-X, in contemplation of Tanger Properties Limited Partnership (the "Operating Partnership") acquiring the Cordish Properties. This Statement is not representative of the actual operations for the period presented, as certain expenses, which may not be comparable to the expenses expected to be incurred by the Cordish Properties in the future operation by the Operating Partnership, have been excluded as discussed below. This Statement does not represent the complete financial statements of the Cordish Properties in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Certain operating expenses include advertising and promotional expenses, common area maintenance, real estate taxes, and certain other operating expenses related to the operations of the Cordish Properties. In accordance with the regulations of the Securities and Exchange Commission, mortgage interest, depreciation and amortization, management fees and corporate overhead have been excluded from certain operating expenses, as they are not comparable to the proposed future operations of the Cordish Properties.

### Revenue and Expense Recognition

The Cordish Properties are leased to various tenants under operating leases. Revenue is recognized on a straight-line basis over the terms of the related leases. Rental revenue includes fees for early terminated leases. Substantially all of the retail tenants are also required to pay overage rents based on sales over a stated base amount during the lease year. Tenant expense reimbursement revenue includes payments from tenants as reimbursement for property operating expenses as stipulated in the leases. This expense reimbursement revenue is recognized in the same period as the related operating expense. Expenses are recognized in the period in which they are incurred.

#### Use of Estimates

The preparation of this Statement is in conformity with GAAP, which requires management to make estimates and assumptions that affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### Interim Unaudited Financial Information

The Statement for the six months ended June 30, 2011 is unaudited, however, in the opinion of management, all adjustments (consisting solely of normal, recurring adjustments) necessary for the fair presentation of the Statement for the interim period have been included. The results of the interim period are not necessarily indicative of the results to be obtained for a full fiscal year.

### 3. Rental Revenue

The Cordish Properties have entered into non-cancelable tenant leases. The leases provide that tenants will share operating expenses and real estate taxes on a pro rata basis, as defined in the leases. Future minimum rentals, excluding such expenses, as of June 30, 2011, to be received under these tenant leases are as follows:

	Minimum rental payments (unaudited)
2011	\$6,516
2012	11,984
2013	9,190
2014	6,785
2015	4,913
Thereafter	9,833
Total	\$49,221

### 4. Risks and Uncertainties

The Cordish Properties' results of operations are significantly dependent on the overall health of the retail industry. The Cordish Properties' tenants are comprised almost exclusively of merchants in the retail industry. The retail industry is subject to external factors such as inflation, consumer confidence, unemployment rates and consumer tastes and preferences. A decline in the retail industry could reduce merchant sales, which could adversely affect the operating results of the Cordish Properties. A number of merchants occupy space in the Cordish Properties; however, no single merchant accounts for more than 10% of the Cordish Properties' base rents and no one tenant occupies more than 10% of the Cordish Properties' total gross leasable area for the six months ended June 30, 2011 (unaudited).

### 5. Commitments and Contingencies

The Cordish Properties are not subject to any material litigation nor to management's knowledge is any material litigation currently threatened against the Cordish Properties other than routine litigation, claims and administrative proceedings arising in the ordinary course of business. Management believes that such routine litigation, claims and administrative proceedings will not have a material adverse impact on the Cordish Properties' Statement.

### 6. Subsequent Events

We have evaluated subsequent events for recognition or disclosure through October 13, 2011, which is the date the Statement was issued.

- c) Reflects the amortization of purchase price preliminarily assigned to above and below market leases and straight-line base rental adjustments.
- d) Reflects depreciation and amortization of the purchase price preliminarily allocated to the acquired buildings, improvements and fixtures and the amortization of purchase price preliminarily allocated to lease related intangibles. Estimated lives used are 33 years for buildings, 10 to 18 years for site improvements, remaining lease terms for tenant improvements and other lease related intangibles and remaining lease term plus 5 years for tenant relationship intangibles.
- e) Reflects interest expense from (i) the assumption of six mortgages with a face value of approximately \$73.5 million with stated interest rates ranging from 5.14% to 7.65% (\$79.0 million fair value, with imputed interest rates ranging from 4.68% to 5.05%), (ii) additional borrowings of \$150.0 million under an unsecured bridge loan at an interest rate of 1.79% based on one month LIBOR plus 1.60%, and (iii) the net decrease in the lines of credit of \$7.4 million from borrowings and repayments related to the acquisition and financing activities described herein at an interest rate of 2.09% based on one month LIBOR plus 1.90%. The pro forma adjustment to interest expense has been reduced for the estimated capitalization of interest related to ongoing development of Atlantic City Associates Number Three Manager LLC.
- f) Pro forma income per share is computed as follows: Income from continuing operations less the noncontrolling interest in Cordish AC-1 Associates LLC, Cordish AC-2 Associates LLC, and Atlantic City Associates Number Three Manager LLC, the noncontrolling interest in the Operating Partnership and the allocation of earnings to participating securities divided by pro forma weighted average shares outstanding.

- b) Represents the combined revenues and certain expenses (unaudited) of Ohio Factory Shops Partnership (through the acquisition date of June 28, 2011) and the Cordish Properties. There were no operations associated with Atlantic City Associates Number Three Manager LLC.
- c) Reflects the amortization of purchase price preliminarily assigned to above and below market leases and straight-line base rental adjustments.
- d) Reflects depreciation and amortization of the purchase price preliminarily allocated to the acquired buildings, improvements and fixtures and the amortization of purchase price preliminarily allocated to lease related intangibles. Estimated lives used are 33 years for buildings, 10 to 18 years for site improvements, remaining lease terms for tenant improvements and other lease related intangibles and remaining lease term plus 5 years for tenant relationship intangibles.
- e) Reflects interest expense from (i) the assumption of six mortgages with a face value of approximately \$73.5 million with stated interest rates ranging from 5.14% to 7.65% (\$79.0 million fair value, with imputed interest rates ranging from 4.68% to 5.05%), (ii) additional borrowings of \$150.0 million under an unsecured bridge loan at an interest rate of 1.79% based on one month LIBOR plus 1.60%, and (iii) the net decrease in the lines of credit of \$7.4 million from borrowings and repayments related to the acquisition and financing activities described herein at an interest rate of 2.09% based on one month LIBOR plus 1.90%. A one-eighth percent (0.125%) increase or decrease in the LIBOR rate would result in a change in interest expense of \$158,000 per year on our assumed LIBOR based borrowings. The pro forma adjustment to interest expense has been reduced for the estimated capitalization of interest related to ongoing development of Atlantic City Associates Number Three Manager LLC.
- f) Pro forma income per unit is computed as follows: Income from continuing operations less the noncontrolling interest in Cordish AC-1 Associates LLC, Cordish AC-2 Associates LLC, and Atlantic City Associates Number Three Manager LLC and the allocation of earnings to participating securities divided by pro forma weighted average units outstanding.
- g). Reflects the issuance of 1.2 million additional common limited partnership units, as if the units had been issued as of the beginning of the six month period.

## SUPPLEMENTAL EARNINGS MEASURE

### Pro Forma Funds From Operations

Funds from Operations ("FFO") represents income before extraordinary items and gains (losses) on sale or disposal of depreciable operating properties, plus depreciation and amortization uniquely significant to real estate and after adjustments for unconsolidated partnerships and joint ventures.

FFO is intended to exclude historical cost depreciation of real estate as required by Generally Accepted Accounting Principles ("GAAP") which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. Because FFO excludes depreciation and amortization unique to real estate, gains and losses from property dispositions and extraordinary items, it provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities and interest costs, providing perspective not immediately apparent from net income.

We present FFO because we consider it an important supplemental measure of our operating performance and believe it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is widely used by us and others in our industry to evaluate and price potential acquisition candidates. The National Association of Real Estate Investment Trusts, Inc., of which we are a member, has encouraged its member companies to report their FFO as a supplemental, industry-wide standard measure of REIT operating performance. In addition, a percentage of bonus compensation to certain members of management is based on our FFO performance.

FFO has significant limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

• FFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;

• FFO does not reflect changes in, or cash requirements for, our working capital needs;

• Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and FFO does not reflect any cash requirements for such replacements;

• FFO, which includes discontinued operations, may not be indicative of our ongoing operations; and

• Other companies in our industry may calculate FFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, FFO should not be considered as a measure of discretionary cash available to us to invest in the growth of our business or our dividend paying capacity. We compensate for these limitations by relying primarily on our GAAP results and using FFO only supplementally.
