## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the  
PCS U.S. Employees' Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the PCS U.S. Employees' Savings Plan (the "Plan") as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the year ended December 31, 2000 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes at end of year, as of December 31, 2000 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in the audit of the basic 2000 financial statements and, in

our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

## PCS U.S. EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS  
AS OF DECEMBER 31, 2000 AND 1999 AND  
FOR THE YEAR ENDED DECEMBER 31, 2000

### 1. DESCRIPTION OF PLAN

The following description of the PCS U.S. Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by PCS Administration (USA), Inc. (the "Company") covering all employees of the Company, PCS Phosphate Company, Inc., PCS Sales (USA), Inc., certain employees of White Springs Agricultural Chemicals, Inc. and certain employees of PCS Nitrogen. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute up to 20 percent of base compensation each year, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches 100 percent of the first five percent of base compensation that participants contribute to the Plan. Contributions are subject to certain limitations as described in the Plan agreement and the Internal Revenue

Code.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's contribution, and allocations of plan earnings, and is charged with an allocation of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their account balances.

Investments - Participants direct the investment of their account balances and contributions into various investment options offered by the Plan. The Plan currently offers Potash Corporation of Saskatchewan Inc. Common Stock, eight mutual funds, and one fixed interest fund as investment options for participants. The fixed interest fund is comprised of two insurance investment contracts and a pooled investment stable value fund which invests in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities.

4

Loans to Participants - Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at two percentage points above the rate for five-year U.S. Treasury Notes. Loans for the purchase of a primary residence bear interest at the standard lending rate for 20-year fixed rate home mortgage loans. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the participant's estimated life span. A participant may elect to receive payment of benefits prior to termination of service, as defined in the Plan. Amounts allocated to accounts of participants who have elected to withdraw from the plan but have not yet been paid were approximately \$-0- and \$833,000 at December 31, 2000 and 1999, respectively.

## 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan utilizes various

## Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 11-K

investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Investment Valuation and Income Recognition - The Plan's investment are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Fixed Interest Fund is valued at the amount of participant and Company contributions plus actual earnings thereon due to its ability to meet participant investment election and participant benefits out of fully benefit responsive investments. Such amount approximates fair value. Participants notes receivable are valued at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits - Benefits are recorded when paid.

Expenses - The Plan's administrative expenses are paid by the plan and allocated to participants' accounts.

### 3. INVESTMENTS

The Plan's investments which represent five percent or more of the Plan's net assets available for benefits as of December 31, 2000 and 1999 are as follows:

Fidelity Inst Sh-Int Govt Fund	107,027
	-----
	(22,066,942)

### 4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Fixed Interest Fund is comprised of two investment contracts and a pooled investment stable value fund which invests in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield rates for the years ended December 31, 2000 and 1999 were approximately 6.2% and 6.0%, respectively. The crediting interest rates as of December 31, 2000 and 1999 were approximately 5.8% and 5.6%, respectively.

5. TRANSFERS FROM OTHER PLANS

Effective January 1, 2000, certain participants in the PCS Nitrogen 401 (k) Savings Plan (the "PCS Plan"), sponsored by an affiliated company, became participants in the Plan. During 2000, participant account balances transferred from the PCS Nitrogen Plan were \$69,268,889.

6

6. TRANSFERS TO OTHER PLANS

Effective February 22, 2000, participants who were active employees of MOAB Salt, Inc. became participants in the MOAB Salt, L.L.C. Employees' Savings Plan. During 2000, participant account balances transferred to the MOAB Salt, L.L.C. Employees' Savings Plan were \$1,302,349.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services were \$66,803 for the year ended December 31, 2000.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. TAX STATUS

The Plan obtained its latest determination letter dated March 26, 1997, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial date. No provision for income taxes has been provided.
