America Movil's Consolidated Results for the Fourth Quarter of 2004

The unaudited condensed consolidated financial information presented in this document is stated in constant pesos with purchasing power as of December 31, 2004. Accordingly, the unaudited condensed consolidated financial information presented in this document is not directly comparable to the audited consolidated financial statements included in our annual report on Form 20-F for the fiscal year ended December 31, 2003 (the "2003 20-F"), because they are stated in constant pesos as of different dates. The audited consolidated financial information presented in the 2003 20-F is presented in constant pesos as of December 31, 2003.

On January 27, 2005, we announced our results of operations for the year ended December 31, 2004. The following table sets forth summary condensed consolidated financial data of America Movil for the twelve-month periods ended December 31, 2004 and 2003.

	For twelve months ended December 31,

Depreciation and amortization.....	14,598	18,595
Operating income.....	18,892	23,494
Comprehensive financing income.....	2,233	1,907
Net income.....	15,812	16,513

(1) Includes depreciation and amortization expenses.

We recorded operating revenues of Ps. 134,747 million for the year ended December 31, 2004, a 49.1% increase over 2003. This increase in revenues reflects principally subscriber growth - particularly strong in the fourth quarter of 2004 - as well as acquisitions. We had approximately 61.1 million wireless subscribers as of December 31, 2004, as compared to 54.1 million as of September 30, 2004 and 43.9 million as of December 31, 2003. As of December 31, 2004, we had approximately 28.9 million wireless subscribers in Mexico and 13.7 million wireless subscribers in Brazil, as compared to 26.8 million and 12.0

million as of September 30, 2004, respectively and 23.4 million and 9.5 million as of December 31, 2003, respectively. We experienced subscriber growth in all of our markets during 2004. In Argentina, we ended 2004 with approximately 3.6 million wireless subscribers and at December 31, 2004, we had 5.8 million wireless subscribers in Colombia. We also had 1.9 million fixed lines in Central America at December 31, 2004.

For the year ended December 31, 2004, our operating income totaled Ps. 23,494 million, a 24.4% increase compared to the same period in 2003. As a percentage of our operating revenues, operating income during the year ended December 31, 2004 decreased to 17.4% as compared to 20.9% during the year ended December 31, 2003. The decrease in operating margin was due principally to increased subscriber acquisition costs in Argentina, Colombia and particularly Brazil and higher depreciation and amortization costs. During the year ended December 31, 2004, we reported positive operating income in all of our geographic markets, other than Brazil and Argentina. Our depreciation and amortization expenses in Brazil and Argentina have increased significantly as a result of the rollout of new GSM networks in these markets.

We had comprehensive financing income of Ps. 1,907 million in 2004, as compared to Ps. 2,233 million in 2003. This decrease reflects a significant increase in our interest and other financial expenses, which were offset by increases in foreign exchange and monetary gains. During 2004, we recorded provisions for income tax and employee profit sharing of Ps. 8,531 million, as compared to Ps. 3,708 million in 2003. This includes a provision of Ps. 3.2 billion for deferred taxes recorded in the fourth quarter of 2004.

For the year ended December 31, 2004, we had net income of Ps. 16,513 million. This represents a 4.4% increase in net income compared to the Ps. 15,812 million reported during the year ended December 31, 2003. Basic net income per share was Ps. 1.35 during the year ended December 31, 2004.

At December 31, 2004, we had indebtedness of Ps. 61,459 million, of which Ps. 5,392 million (or 8.8%) was classified as short-term. In November 2004, we placed U.S.\$500 million of senior notes due 2015. The notes bear interest at 5.750% and are guaranteed by Telcel. At December 31, 2004, cash and cash equivalents amounted to Ps. 16,518 million. During the year ended December 31, 2004, we used approximately Ps. 13.6 billion to pay dividends and repurchase our shares. We have accrued approximately Ps. 22.4 billion in capital expenditures during the year ended December 31, 2004, of which a portion has already been paid and a portion was included as accounts payable at December 31, 2004. Our accounts payable at December 31, 2004 amounted to Ps. 37,769 million. At December 31, 2004, we had total assets of Ps. 195,901 million, total liabilities of Ps. 118,334 million and total stockholders' equity of Ps. 77,568 million.

The tables below summarize our consolidated results as of and for the periods set forth below:
