PROXY STATEMENT

GENERAL

Introduction

The Proxy Statement and enclosed proxy card are being mailed to the shareholders of AmeriServ Financial, Inc. ("ASRV" or the "Company") on or about March 15, 2002, in connection with the solicitation of proxies by the Board of Directors of ASRV. The proxies will be voted at the Annual Meeting of the Shareholders of ASRV to be held on Tuesday, April 23, 2002, at 1:30 p.m., Eastern Time, at the Westwood Plaza Theatre, Westwood Plaza Shopping Center, Johnstown, Pennsylvania 15905-1108 (the "Annual Meeting"). ASRV's Annual Report for the year ended December 31, 2001 accompanies this Proxy Statement. It should not be regarded as proxy solicitation material. AmeriServ Financial, Inc. is the holding company for AmeriServ Financial Bank doing business as AmeriServ Financial (the "Bank").

Solicitation of Proxies

The cost of the solicitation of proxies will be borne by ASRV. In addition to the use of the mails, some directors and officers of ASRV may solicit proxies, without additional compensation, in person, by telephone, telegram, or otherwise. Arrangements may be made by ASRV with banks, brokerage houses and other custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of shares held by them of record, and ASRV may reimburse them for reasonable expenses they incur in so doing.

Voting Securities

As of the close of business on March 5, 2002 (the "Record Date"), there were outstanding 13,686,097 shares of common stock, par value \$2.50 per share (the "ASRV Common Stock"), the only class of capital stock of ASRV outstanding. Except with respect to the election of directors, each shareholder is entitled to one vote for each share held. Holders of ASRV Common Stock are entitled to cumulate their vote in the election of directors.

If a shareholder participates in ASRV's Dividend Reinvestment and Common Stock Purchase Plan, the proxy card sent to such shareholder will represent the number of shares registered in the shareholder's name and the number of shares, including fractional shares, credited to the shareholder's Dividend Reinvestment Plan account.

If the enclosed proxy card is appropriately marked, signed and returned in time to be voted at the Annual Meeting, or, if a shareholder votes by telephone or Internet, in accordance with the instructions on the proxy card, the shares represented by the proxy will be voted in accordance with the instructions marked thereon. Signed proxies not marked to the contrary will be voted "FOR" the election of the nominees for ASRV's Board of Directors.

Right of Revocation

Proxies may be revoked at will at any time before they have been exercised by filing with the Corporate Secretary of ASRV an instrument of revocation or a duly executed proxy bearing a later date. Any shareholder attending the Annual Meeting also may revoke a previously granted proxy by voting in person at the Annual Meeting.

Quorum

Under ASRV's Bylaws, the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast, constitutes a quorum for the transaction of business at the Annual Meeting.

MATTER NO. 1

ELECTION OF ASRV DIRECTORS

General

The Articles of Incorporation of ASRV provide that ASRV's business shall be managed by a Board of Directors of not less than 5 and not more than 25 persons. Under the Articles of Incorporation, the total number of directors may be determined by either a resolution adopted by a majority vote of the directors then in office or by resolution of the shareholders at a meeting. The number of directors for 2002 has been set by the Board at 15.

ASRV's Board of Directors, as provided in its Articles of Incorporation, is divided into three classes: Class I, Class II and Class III, each being as nearly equal in number as possible. The directors in each class serve terms of three years each and until their successors are elected and qualified. Under ASRV's Bylaws, a person elected to fill a vacancy on the Board of Directors serves as a director for the remaining term of office of the class to which he or she was elected.

Nominees and Continuing Directors

The Board of Directors fixed the number of directors in Class I at five and has nominated James M. Edwards, Sr., Rev. Christian R. Oravec, Howard M. Picking, III, Sara A. Sargent and Robert L. Wise for election as Class I directors for three-year terms to expire at the 2005 Annual Meeting of Shareholders, and until their successors are duly elected and qualified. Directors Edwards and Wise were elected by the shareholders at the 1999 Annual Meeting. Directors Oravec, Picking and Sargent were appointed to fill the vacancies created on February 25, 2000 in connection with the Three Rivers Bank and Trust Company spin-off. The remaining directors will continue to serve in accordance with their previous election or appointment with the terms of the Class II and Class III directors expiring in 2003 and 2004, respectively.

The Bylaws of ASRV permit nominations for election to the Board of Directors to be made by the Board of Directors or by any shareholder entitled to vote for the election of directors. All nominations for director to be made at the Annual Meeting by shareholders entitled to vote for the election of directors must be preceded by notice in writing, delivered or mailed by first class United States mail, postage prepaid, to the President of ASRV not less than 60 days nor more than 90 days prior to the Annual Meeting, which notice must contain certain information specified in the Bylaws. No notice of nomination for election as a director has been received from any shareholder as of the date of this

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form DEF 14A

Proxy Statement. If a nomination is attempted at the Annual Meeting that does not comply with the procedures required by the Bylaws or if any votes are cast at the Annual Meeting for any candidate not duly nominated, then such nomination and/or such votes may be disregarded.

With respect to the election of directors, each shareholder has the right to vote, for each share of ASRV Common Stock held by him or her, as many votes as shall equal the number of directors to be elected, and he or she, or his or her proxy, may cast the whole number of votes for one nominee or distribute them among two or more nominees. If a signed proxy contains no direction regarding the distribution of votes, the proxies will have authority to cumulate votes in their discretion except to the extent a shareholder withholds such authority on the form of proxy. The five persons receiving the highest number of votes cast at the Annual Meeting will be elected as Class I directors. Abstentions and broker non-votes will not constitute or be counted as "votes" cast for purposes of the Annual Meeting, but will be counted for purposes of determining the presence of a quorum.

Except as noted above, it is intended that shares represented by proxies will be voted for the nominees listed, each of whom is now a director of ASRV and each of whom has expressed his or her willingness to serve, or for any substitute nominee or nominees designated by the ASRV Board of Directors in the event any nominee or nominees become unavailable for election. The ASRV Board of Directors has no reason to believe that any of the nominees will not serve if elected.

The following tables set forth as to each of the nominees for election as a Class I director and as to each of the continuing Class II and Class III directors, his or her age, principal occupation and business experience, the period during which he or she has served as a director of ASRV, or an affiliate or predecessor and other business relationships. During 2001, the Board of Directors held 13 meetings, the Audit Committee held 8 meetings, the Executive Committee held two meetings, the Investment/ALCO Committee held 4 meetings, the Compensation Committee held 5 meetings and the Nominating Committee held 2 meetings. Each director attended at least 75% of the combined total of meetings of the Board of Directors and of each committee of which he/she was a member.

The Executive Committee of the Company consisted of the seven largest shareholders of the Company who are members of the Board of Directors. The Executive Committee serves as a resource for management to seek guidance on issues between regularly scheduled meetings or with respect to matters that generally do not warrant calling a special Board meeting. In addition, from time to time, the Executive Committee is asked to study strategic issues in greater depth than may be practical for the Board as a whole. The Executive Committee is comprised of Directors Pasquerilla (Chair), O'Malley (Vice Chair), Cernic, Dewar, Hanselman, Kunkle and Slater.

The Audit Committee is responsible for recommending to the Board of Directors the appointment of an independent public accountant to audit the books and accounts of ASRV and its subsidiaries, reviewing the reports of the Audit Department and the reports of examination conducted by the bank and bank holding company regulators and ASRV's independent public accountants, reviewing the adequacy of internal audit and control procedures, and reporting to the Board of Directors. The Audit Committee is comprised of Directors Dewar (Chair), O'Malley (Vice Chair), Adams, DeVos, Duke, Oravec, Picking, Sargent and Wise.

The Nominating Committee consisted of Directors O'Malley (Chair), Cernic (Vice Chair), Adams, DeVos, Hanselman, Kunkle, Pasquerilla, Sargent and Slater. The Nominating Committee is responsible for nominating individuals to stand for election as directors at the Annual Meeting of Shareholders and will consider nominees recommended by shareholders. Shareholders may nominate persons for election as directors in accordance with the procedures set forth in Section 1.3 of ASRV's Bylaws. Notification of such nomination, containing the required information, must be mailed or delivered to the President of ASRV not less than 60 days or more than 90 days prior to the Annual Meeting.

The Investment/ALCO Committee consisted of Directors Slater (Chair), Kunkle (Vice Chair), Dewar, Edwards, Hanselman, Oravec, Pasquerilla, and Picking and officers Stopko and Fisher. This committee is responsible for overseeing the investment policy of the Company and monitoring interest rate, liquidity, and market risk.

The Compensation Committee is responsible for reviewing and making recommendations regarding the compensation of corporate officers. No director who is eligible to receive any benefit under plans administered by the Compensation Committee, except for benefits payable to directors

under the Independent Directors Annual Retainer Plan (the Committee's administration of which is limited to coordinating the payment of a predetermined retainer) and the 2001 Stock Incentive Plan which was previously approved by the shareholders on April 24, 2001, may serve on the Compensation Committee. The Compensation Committee was comprised of Directors O'Malley (Chair), Pasquerilla (Vice Chair), Adams, Cernic, DeVos, Dewar, Picking and Slater. See "Executive Compensation" herein.

The Board of Directors of the Bank also has standing committees, including an Executive Committee, a Discount Committee, a Pension Committee and a Board Technology Committee.

Executive Compensation

Board Compensation Committee Report on Executive Compensation

The following is a report by the Management Compensation Committee of the Board of Directors of ASRV. The objectives of the report are to provide shareholders with a clear explanation of the overall executive compensation philosophy, strategies, and specific executive compensation plans, and to meet all proxy disclosure rules relating to executive compensation established by regulatory bodies.

Management Compensation Committee

The Management Compensation Committee is comprised of 8 non-employee, independent directors appointed from the Board of Directors of ASRV. The Committee met 5 times in 2001.

The Committee seeks to achieve and maintain equity with respect to balancing the interests of shareholders and executive officers, while supporting the Company's need to attract and retain competent executive management. The Committee develops an executive compensation policy, along with supporting executive compensation plans and programs, and ensures that they:

- Emphasize the enhancement of shareholder value
- Support the acquisition and retention of competent executives
- Deliver the total executive compensation package in a cost-effective manner
- Reinforce key business objectives
- Provide competitive compensation opportunities for competitive results
- Encourage management ownership of ASRV Common Stock
- Comply with applicable regulations

The role of the Committee is to collect and analyze comparative executive compensation information from relevant peer groups, to approve executive salary adjustments, to administer the Executive At-Risk Compensation Plan (replaces the formerly titled Executive Annual Incentive Plan), including the establishment of performance goals, and to administer the ASRV 2001 Stock Incentive Plan. Additionally, from time-to-time, the Committee reviews other human resource issues, including qualified and non-qualified benefits, management performance appraisals, and succession planning.

Executive Compensation Policy

The executive compensation policy expresses the philosophy of the Board of Directors toward program participation, relevant peer comparisons, and plan design and, as such, represents an important part of the overall executive compensation program. The policy provides guidance to the Management Compensation Committee and, within the overall objectives of equity and regulatory compliance, acts as a standard against which program performance can be measured.

The executive compensation program is designed to encourage decisions and actions that have a positive impact on the overall performance of ASRV. For that reason, participation is focused on executive officers who have the greatest opportunity to influence the achievement of strategic

corporate objectives.

As part of the overall program, the executive compensation policy defines pay practices and addresses each of the major components of the executive pay program, as summarized below.

1. A market-competitive executive base salary program, combined with a formal performance appraisal system that focuses awards that are integrated with strategic corporate objectives.
2. Base benefits that are generally available to all employees, supplemented by non-qualified supplemental arrangements, where appropriate.
3. At-risk (incentive) compensation that aligns management's financial interests with those of ASRV shareholders, encourages management ownership of ASRV Common Stock, supports the achievement of corporate short and long-term financial objectives, and provides competitive cash and equity reward opportunities.
4. Comparisons of competitive executive pay practices, as determined using two different sets of data - compensation survey data and peer performance data:
 - Compensation survey data refers to competitive executive pay data from banking industry compensation surveys. Competitive compensation practices are determined using compensation levels at bank holding companies, and subsidiaries of comparable size to ASRV's subsidiaries, for positions comparable to those held by the executive officers identified in the Summary Compensation Table included herein (the "Named Officers").
 - Peer performance data comes from a group of bank holding companies of comparable size to ASRV, primarily headquartered in Pennsylvania. Some national information is used for comparative compensation survey data, but most of the data are generated from a peer group of bank holding companies in the Northeast.
 - The indices used in the Stock Performance Chart are Nasdaq Stock Market (U.S. Companies) and Nasdaq Bank Stocks. While the Committee believes that some of the surveyed banks and some of the peer banks may be included in these indices, it is not the Committee's intention to establish executive pay practices based upon the pay practices of organizations that compose these indices. The Committee believes that some of the companies included in these indices would not be relevant for setting executive pay for ASRV executives, in light of size or other fundamental business differences.

Relationship of Performance Under Compensation Plans

ASRV utilizes two components of the executive compensation program to establish, and maintain, the desired relationship between executive pay and performance.

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form DEF 14A

The first component, the formal performance appraisal system, relates to potential annual salary adjustments. Quantitative and qualitative performance factors are established for each executive position and, at least on an annual basis, the performance of the incumbent executive is evaluated against these standards. This appraisal is then integrated with market-based adjustments to salary ranges to determine if a base salary increase is merited.

The second component of ensuring the desired relationship between executive pay and performance relates to the Committee's task of redesigning the Executive At-Risk Compensation Plan. With the assistance of an outside executive compensation consultant, the Committee completed this task and will present the revised plan design to the Board of Directors in early 2002 for approval. Under the new plan, targets are established for three (3) equally weighted, key performance factors-- the Company's return on average equity, total annual shareholder return, and measures of customer satisfaction. Awards under the plan may be made, at the recommendation of the Committee and at the discretion of the Board of Directors, when target performance levels are attained, and may take the form of cash, restricted stock, stock options, or a combination thereof.

There were no cash bonuses paid to "Named Officers" in 2001, nor were any equity-based awards made under the Stock Incentive Plan approved by shareholders in 2001.

2001 Chief Executive Officer Compensation

In November 2000, Chairman, President & Chief Executive Officer, Orlando B. Hanselman, volunteered to freeze his annual base salary at \$236,000 through January 1, 2005. This salary level is in the bottom 25% of Chief Executive Officer base salaries for the ASRV executive compensation peer group, as determined by an independent executive compensation consultant.

As was the case with other "Named Officers," Mr. Hanselman did not receive a cash bonus award in 2001. However, as part of a supplemental executive retirement plan ("SERP") approved for Mr. Hanselman by the Board of Directors in January 2001, and described in the 2001 Proxy Statement, he received a restricted stock award of 156,000 shares of ASRV Common Stock as a funding vehicle for the SERP.

The shares funding the SERP will vest over a fifteen-year period. No award shares will vest during the first five-year period. On the fifth anniversary of the award, one-third of the award shares will vest; thereafter, additional shares equal to one-fifteenth of the award shares will vest on each anniversary of the award. Each vesting of shares will be a taxable event to Mr. Hanselman, and will result in a tax deduction for ASRV. Based on the calculations of an independent compensation consultant, projected dividends will be sufficient to cover the tax incurred by Mr. Hanselman on each vesting date except the vesting of one-third of the award shares that occurs on the fifth anniversary of the award. In order to avoid the need to sell shares of ASRV Common Stock after the fifth anniversary of the award to satisfy this tax obligation, the Company will pay Mr. Hanselman in 2006 a one-time cash award of \$102,000.

In the event of Mr. Hanselman's death or disability prior to the fifth anniversary of the award, there will be no acceleration of the vesting schedule. Thereafter, in the event of Mr. Hanselman's death or disability, one-half of all unvested award shares will vest.

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form DEF 14A

Mr. Hanselman will be entitled to vote only vested award shares. Dividends on the award shares will accrue but not be paid until the fifth anniversary of the award, at which time accrued and unpaid dividends on vested award shares will be paid to Mr. Hanselman. Thereafter, Mr. Hanselman will be entitled to receive current dividends on vested award shares.

An independent compensation consultant has determined that the annual cost of this SERP to the Company will be approximately \$45,000 on a pre-tax basis. This independent compensation consultant further calculated that the Company would receive tax deductions totaling approximately \$2.4 million over the fifteen-year life of the SERP.

Impact of Omnibus Budget Reconciliation Act of 1993

The Omnibus Budget Reconciliation Act of 1993 (OBRA) Section 162 (m) prohibits a publicly owned company from taking a compensation tax deduction for annual compensation in excess of \$1,000,000 for any of the "Named Officers." However, to the extent that it is performance-based and certain guidelines are met, compensation in excess of \$1,000,000 is exempt from this limitation.

The Committee does not believe that the deduction limit imposed by OBRA will affect compensation deductibility given the compensation opportunities of the "Named Officers" under the ASRV existing executive compensation programs. The Committee notes that none of the "Named Officers" received annual compensation in excess of \$1,000,000. The Committee will continue to evaluate the potential impact of Section 162 (m) and take such actions as it deems appropriate.

Compensation Committee Interlocks And Insider Participation

Directors Adams, Cernic, DeVos, Dewar, O'Malley (Chair), Pasquerilla (Vice Chair), Picking, and Slater serve as members of the Compensation Committee. Each member of the Committee is excluded from participation in any plan administered by the Committee while serving as a member, except for participation in the Independent Directors' Annual Retainer Plan (the Compensation Committee's administration of which is limited to coordinating the payment of a predetermined retainer) and the 2001 Stock Incentive Plan, which was previously approved by shareholders on April 24, 2001.

This "Board Compensation Committee Report on Executive Compensation" is furnished by Directors O'Malley (Chair), Pasquerilla (Vice Chair), Adams, Cernic, DeVos, Dewar, Picking and Slater.

- (1) There was no Executive Annual Incentive Plan in 2001 and, therefore, no bonuses were paid to Named Officers. The Plan has been redesigned for 2002 and continues to ensure that performance-based compensation is properly aligned with shareholder interests and correlates with the strategic direction of the Company.
- (2) Unless otherwise indicated, no other executive officer named in the Summary Compensation Table received personal benefits or perquisites in excess of the lesser of \$50,000 or 10% of the officer's total compensation (salary and bonus).
- (3) In November 2000, Mr. Hanselman and the Board of Directors agreed to freeze his annual base salary at \$236,000 for a four year period through January 1, 2005. In exchange for this salary freeze, the Board awarded Mr. Hanselman a one-time, non-recurring grant of 30,000 shares of ASRV Common Stock (at the fair market value on the grant date of \$4.125) and a one-time, non-recurring cash award of \$90,000 to pay a portion of the taxes related to the grant. Based on a study conducted in 2000 by an independent compensation consultant, at that time, Mr. Hanselman's annual salary of \$236,000 fell below the 25th percentile (\$242,000) and

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form DEF 14A

was \$78,600 below the 50th percentile (\$314,600) annual salary level for comparable executives.

- (4) At the end of 2001, Graham, Virag, Fisher and Stopko held 667, 533, 667 and 533 restricted shares worth \$3,202, \$2,558, \$3,202 and \$2,558, respectively. The restrictions on such shares lapse in three equal annual increments on the anniversaries of the award. Dividends are accrued and distributed when restrictions lapse on the corresponding shares.
- (5) As part of a supplemental executive retirement plan ("SERP") approved for Mr. Hanselman by the Board of Directors on January 26, 2001, and described in the 2001 Proxy Statement, he received a restricted stock award of 156,000 shares of ASRV Common Stock as a funding vehicle for the SERP. On the date of grant, these shares of ASRV Common Stock had a value of \$663,000. The shares funding the SERP will vest over a fifteen-year period. No award shares will vest during the first five-year period. On the fifth anniversary of the award, one-third of the award shares will vest; thereafter, additional shares equal to one-fifteenth of the award shares will vest on each anniversary of the award. Mr. Hanselman will be entitled to vote only vested award shares. Dividends on the award shares will accrue but not be paid until the fifth anniversary of the award, at which time accrued and unpaid dividends on vested award shares will be paid to Mr. Hanselman. Thereafter, Mr. Hanselman will be entitled to receive current dividends on vested award shares.
- (6) Options were granted during 2000 and 1999 under the 1991 Stock Option Plan to the Named Officers. There were no options granted to the Named Officers in 2001 under the 2001 Stock Incentive Plan approved by the shareholders at the 2001 Annual Meeting. The 2001 Stock Incentive Plan replaced the 1991 Stock Option Plan which terminated by its terms in 2001.
- (7) Includes amounts awarded under the Deferred Profit Sharing Plan of ASRV and the Bank. All full-time employees of ASRV and the Bank are entitled to participate in the Deferred Profit Sharing Plan. The maximum contribution during any plan year is limited to 15% of an individual's total compensation. Effective January 1, 2000, the profit sharing formula was modernized to better align it with the Company's strategic direction and shareholder interests. The contributions for 2001 and 2000 amounted to approximately 1% of an individual's compensation compared to a contribution of 10.4% for 1999. Over a longer-term horizon, the Company projects that the annual contribution should range between 4% and 6% of total compensation.
- (8) Includes (a) the premiums paid by ASRV and its subsidiaries for life insurance policies with coverage limits above \$50,000 to Hanselman, Graham, Virag, Fisher and Stopko, (b) country club dues for Hanselman, Graham and Virag, (c) allowance for personal car use for Hanselman, Graham and Virag, and (d) financial advisory

services for Hanselman.

Mr. Stopko has paid \$17,326 to exercise 1,236 stock options and surrendered 100 shares to exercise 373 options.

- (3) "In-the-money options" are stock options with respect to which the market value of the underlying shares of ASRV Common Stock exceeded the exercise price at December 31, 2001. The value of such options is determined by subtracting the aggregate exercise price for such options from the aggregate fair market value of the underlying shares of ASRV Common Stock on December 31, 2001. Fair market value was determined by

reference to the average of the high and low sale prices of ASRV Common Stock as quoted on the Nasdaq Stock Market.

Retirement Plans

Pension Plan

The Bank maintains a qualified defined benefit retirement plan for its employees (the "Bank Plan"). Remuneration as of January 1, 2001, for pension benefit purposes is total cash remuneration paid to an employee for a calendar year, including base salary, wages, commissions, overtime, bonuses and any other form of extra cash compensation and any pre-tax contributions under a "qualified cash or deferred arrangement" (as defined in Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code") and applicable regulations) or under a "cafeteria plan" (as defined in Section 125 of the Code and applicable regulations). An employee's benefit under the Bank Plan is determined on the basis of Final Average Pay which means the average annual compensation (as defined by the Bank Plan) received by an employee in the five consecutive years out of the ten ending before the employee's termination of employment for which the average is highest.

The Bank anticipates making a \$688,000 contribution to the Bank Plan in 2002 for the 2001 plan year.

Estimated annual benefits payable upon retirement at age 65 after 15 years of service with respect to the specified remuneration are as follows:

The above benefits are paid for the life of the employee with a right of survivorship with respect to ten years of post-retirement benefits. Other optional forms of benefit are available in actuarially equivalent amounts. Current remuneration covered by the Bank Plan in 2001 for

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form DEF 14A

Fisher, Graham, Hanselman, Stopko, and Virag was \$109,980, \$148,800, \$236,000, \$104,640 and \$138,672, respectively, subject to the \$150,000 limitation (as indexed). As of December 31, 2001, Mr. Fisher was credited with 8 years of service, Ms. Graham with 16 years of service, Mr. Hanselman with 15 years of service, Mr. Stopko with 15 years of service, and Mr. Virag with 7 years of service.

Effective January 1, 1986, the ASRV Board of Directors adopted the Bank Plan for the benefit of employees of ASRV on the same terms and conditions as for employees of the Bank. Contributions made by ASRV are limited to those employees whose earnings are paid by ASRV.

Supplemental Pension Plans

In 2001, the Board of Directors of ASRV approved the creation of a supplemental executive retirement plan ("SERP") for Mr. Hanselman. SERPs traditionally are funded out of cash flow or other retained funds beginning after the date of the executive's retirement, or through a split-dollar life insurance plan. Because a primary goal in developing a SERP for Mr. Hanselman was to increase Mr. Hanselman's equity stake in the Company, thus further aligning him with shareholder interests, the Compensation Committee and the Board of Directors elected to fund Mr. Hanselman's SERP through a grant of restricted stock. Instead of using a SERP to assure an appropriate level of retirement income for Mr. Hanselman, the Compensation Committee and the Board of Directors, by funding Mr. Hanselman's SERP with restricted stock, directly tie Mr. Hanselman's retirement income to the future stock price of ASRV, thereby creating an incentive to increase the stock price. Mr. Hanselman is committed to the future of the Company and, because of his belief in the future of ASRV, he is willing to put his retirement income at risk in this manner.

Mr. Hanselman's SERP was funded through a restricted stock award in an amount of 156,000 shares of ASRV Common Stock that will vest over a fifteen year period. No award shares will vest during the first five-year period. On the fifth anniversary of the award, one-third of the award shares will vest; thereafter additional shares equal to one-fifteenth of the award shares will vest on each anniversary of the award. Each vesting of shares will be a taxable event to Mr. Hanselman, and will result in a tax deduction for ASRV. In addition, dividends will accrue and be paid to Mr. Hanselman at vesting, which will be a taxable event for Mr. Hanselman, and also will result in a tax deduction for ASRV. Based on the calculations of an independent compensation consultant, projected dividends will be sufficient to cover the tax incurred by Mr. Hanselman on each vesting date except the vesting of one-third of the award shares that occurs on the fifth anniversary of the award. In order to avoid the need to sell shares of ASRV Common Stock after the fifth anniversary of the award to satisfy this tax obligation, the Company will pay Mr. Hanselman a one-time cash bonus in the approximate amount of \$102,000 which is projected to be sufficient to pay the tax due in respect of the vested award shares.

In the event of Mr. Hanselman's death or disability prior to the fifth anniversary of the award, there will be no acceleration of the vesting schedule. Thereafter, in the event of Mr. Hanselman's death or disability, one-half of all unvested award shares will vest.

Mr. Hanselman will be entitled to only vote vested award shares. Dividends on the award shares will accrue but not be paid until the fifth anniversary of the award, at which time accrued and unpaid dividends on vested award shares will be paid to Mr. Hanselman. Thereafter,

Edgar Filing: AMERISERV FINANCIAL INC /PA/ - Form DEF 14A

Mr. Hanselman will be entitled to receive current dividends on vested award shares.

An independent compensation consultant has determined that the annual cost of this SERP to the Company will be approximately \$45,000 on a pre-tax basis. This independent compensation consultant further calculated that the Company will receive tax deductions totaling approximately \$2.4 million over the fifteen-year life of the SERP.

The Board of Directors of the Bank on February 20, 1981, adopted a Supplemental Pension Plan under which the Executive Committee of the Board of Directors may from time to time designate executive officers of the Bank as participants and specify the amount of supplemental pension payment the participant shall receive. A participating officer agrees to perform, after retirement, such advisory services as the Executive Committee may reasonably request and enters into a noncompetition agreement with the Bank. Upon his retirement from the Bank, a participant will be entitled to receive supplemental monthly pension payments in a specified amount for a period of fifteen years. If he should die before retirement while in the service of the Bank or if he should die after payment of benefits has commenced, the participant's spouse, if any, will be entitled to receive one-half of the specified amount for the remainder of the fifteen year period. No payments are currently being made under this plan.

Change in Control Agreements

In 1994, ASRV entered into Change in Control Agreements (the "Agreements") with Messrs. Orlando B. Hanselman and Ronald W. Virag, pursuant to which ASRV agreed to provide the executives with severance benefits upon the occurrence of certain enumerated events ("Triggering Events") following a change in control of ASRV ("Change in Control") (as defined in the Agreements). The initial term of the Agreements was three years, subject to an automatic one year extension on each anniversary date thereof, unless either party gives notice to the other of an intention not to renew. Under the Agreements, upon the occurrence of a Triggering Event following a Change in Control, Messrs. Hanselman and Virag would be entitled to receive approximately 1.5 times their combined salary and bonus which will be determined, after the expiration of the initial term, by reference to the average of the executive's combined salary and bonus in the preceding five years. The executives, in their discretion, may receive these payments in a lump sum or on a monthly installment basis. The Agreements also entitle the executives to continued participation in the employee benefits plans of ASRV for a period of eighteen months with respect to Mr. Hanselman and one year with respect to Mr. Virag. In addition, the Agreements provide that options held by the executives to acquire ASRV Common Stock, to the extent not currently exercisable, will become immediately exercisable upon the occurrence of a Triggering Event following a Change in Control and may be exercised by the executives at any time prior to the earlier of the expiration date of the options or 90 days after the executive's termination. The Agreements also require ASRV to make additional payments to the executives in the event that the severance payments described above result in the imposition of an excise tax pursuant to Section 4999 of the Code on the payment of such amounts.
