PROXY STATEMENT

This Proxy Statement and the enclosed proxy card are being furnished to shareholders of common stock of Manatron, Inc. (the "Company") on or about August 29, 2003, in connection with the solicitation of proxies by the Board of Directors to be voted at the 2003 Annual Meeting of Shareholders which will be held on Thursday, October 9, 2003, at 10:00 a.m., local time, and at any adjournment of that meeting. The Annual Meeting will be held at the Radisson Plaza Hotel, in Kalamazoo, Michigan.

The purpose of this Annual Meeting is to consider and vote upon: (i) the election of three directors to serve three-year terms expiring in 2006; (ii) the approval of the Employee Stock Purchase Plan of 2003; (iii) the approval of the Stock Option and Restricted Stock Plan of 2003; and (iv) the transaction of any other business that may properly come before the meeting. Proxies in the accompanying form, if properly executed, duly returned to the Company and not revoked, will be voted at the Annual Meeting. If a shareholder specifies a choice, the shares represented by proxy will be voted as specified. If no choice is specified, the shares represented by proxy will be voted for the election of all nominees named in this Proxy Statement, for approval of the Employee Stock Purchase Plan of 2003, for approval of the Stock Option and Restricted Stock Plan of 2003 and in accordance with the discretion of the persons named as proxies on any other matters that may come before the meeting or any adjournment of the meeting. For purposes of determining the presence or absence of a quorum for the transaction of business at the meeting, all shares for which a proxy or vote is received, including abstentions and shares represented by a broker vote on any matter, will be counted as present and represented at the meeting.

Any shareholder executing and returning the enclosed proxy card may revoke it at any time before it is exercised by delivering a written notice of revocation to the Secretary of the Company at the address set forth above or by attending and voting at the Annual Meeting.

The Company does not know of any matter to be presented for consideration at the Annual Meeting other than that stated in the Notice of Annual Meeting of Shareholders. If any other matter should properly come before the meeting, the persons named in the proxy will have discretionary authority to vote in accordance with their judgment.

VOTING SECURITIES

Holders of record of the Company's common stock, no par value ("Common Stock"), at the close of business on August 15, 2003, are entitled to notice of and to vote at the Annual Meeting of Shareholders and at any adjournment of the meeting. As of August 15, 2003, 4,210,283 shares of the Company's Common Stock were issued and outstanding. Shareholders are entitled to one vote on each matter presented for shareholder action for each share of Common Stock registered in their names at the

close of business on the record date. Shares cannot be voted unless the shareholder is present at the Annual Meeting or represented by proxy.

ELECTION OF DIRECTORS

The Board of Directors proposes that Richard J. Holloman, Harry C. Vorys and W. Scott Baker, all incumbent directors, be elected to serve three-year terms expiring in 2006.

This Proxy Statement contains more information about the director nominees. The nominees presently are directors of the Company whose terms will expire at the 2003 Annual Meeting of Shareholders. Unless otherwise directed by a shareholder's proxy, the persons named as proxies intend to vote for the nominees identified above. Each

of the nominees has consented to being named in this Proxy Statement and to serve if elected. If any nominee is unable to serve or is otherwise unavailable for election, which is not now anticipated, the Board of Directors may or may not select a substitute nominee. If a substitute nominee is selected, all proxies will be voted for the election of the substitute nominee designated by the Board of Directors. If a substitute nominee is not selected, all proxies will be voted for the election of the remaining nominees. Proxies will not be voted for a greater number of persons than the number of nominees named in this Proxy Statement.

A plurality of the shares present in person or represented by proxy and voting on the election of directors is required to elect directors. For the purpose of counting votes on this proposal, abstentions, broker non-votes and other shares not voted will not be counted as shares voted on the election, and the number of shares for which a plurality is required will be reduced by the number of shares not voted.

**Your Board of Directors Recommends That You
Vote FOR the Election of All Nominees as Directors**

APPROVAL OF EMPLOYEE STOCK PURCHASE PLAN OF 2003

General

On March 20, 2003, the Board of Directors adopted, subject to shareholder approval, the Employee Stock Purchase Plan of 2003 (the "Purchase Plan") to be effective as of April 1, 2003. The Board of Directors firmly believes that the Company's interests are best advanced by securing for the Company and its shareholders the benefits of the incentive inherent in the ownership of the Company's Common Stock by Company employees. The Purchase Plan is intended to supplement and continue forward the Company's Employee Stock Purchase Plan of 1998 (the "1998 Purchase Plan"), which expired by its terms on March 31, 2003. The Purchase Plan is substantially similar to the 1998 Purchase Plan. The Board of Directors believes that the adoption and implementation of the Purchase Plan is in the best interests of the Company and its shareholders and desires to make additional shares available for purchase by employees.

A maximum of 75,000 shares of Common Stock (subject to certain antidilution adjustments) would be available for purchase under the Purchase Plan. Shares to be issued under the Purchase Plan are expected to be authorized but unissued shares but also could be shares that were once issued and then later reacquired by the Company. Shares will be available for purchase under the Purchase Plan on the last working day of each calendar quarter (the "Stock Purchase Date").

The Purchase Plan is intended to comply with the provisions of Section 423 of the Internal Revenue Code of 1986, as amended (the "Code") and the Purchase Plan would be administered, interpreted and construed in accordance with such provisions. The Purchase Plan would not be qualified under Section 401(a) of the Code and would not be subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company has registered shares authorized by the Purchase Plan under the Securities Act of 1933, as amended.

The following is a summary of the principal features of the Purchase Plan. The summary is qualified in its entirety by reference to the terms of the Purchase Plan, a copy of which is attached as **Appendix A** to this Proxy Statement.

Participants in the Purchase Plan

Except as otherwise provided in the Purchase Plan, all present and future employees of the Company or its subsidiary would be eligible to participate in the Purchase Plan during their time of employment unless any of the following apply: (i) the individual is employed less than 20 hours per week or is employed less than five months in any calendar year; or (ii) immediately after purchasing under the Purchase Plan, the individual would own 5% or more of the total combined voting power or value of all classes of the Company's or its subsidiary's stock. In determining stock ownership, the rules of Section 423(b)(3) and 424(d) of the Code would apply. Currently, there are approximately 350 employees eligible to participate in the Purchase Plan.

No employee would acquire the right to purchase shares of Common Stock that would permit that employee to purchase shares under all of the Company's employee stock purchase plans at a rate exceeding \$25,000 of the fair market value of the Common Stock (determined at the time the right is granted) in any calendar year and in no event could purchase rights accrue at a rate that exceeds the limits of Section 423(b)(8) of the Code.

Officers and key employees of the Company may be deemed to have an interest in the Purchase Plan because they may be eligible to participate in the Purchase Plan. Directors who are not employees of the Company would not be eligible to participate.

The following table sets forth the benefits received with respect to the Purchase Plan through the date of this Proxy Statement by the listed individuals and groups. It does not set forth any grants made under the 1998 Purchase Plan. Furthermore, it does not set forth benefits that may be granted in the future under the Purchase Plan because they are not determinable at this time.

- (1) Consists of 15% of the market value of the Common Stock purchased under the Purchase Plan on the date of purchase (shares were purchased at 85% of the market value on the date of purchase).
- (2) The Non-Executive Officer Employee Group consists of all employees as a group, including current officers who are not executive officers.

Administration of the Purchase Plan

The Purchase Plan would be administered by the Stock Option Committee of the Board of Directors. Subject to the express provisions of the Purchase Plan and based on recommendations of the Chief Executive Officer, the Stock Option Committee would have authority to interpret the Purchase Plan, to prescribe, amend and rescind rules and regulations relating to it, to waive Purchase Plan requirements in whole or in part and on a general or case-by-case basis and to make all other determinations necessary or advisable in administering the Purchase Plan. All determinations under the Purchase Plan would be final and binding upon all persons unless otherwise determined by the Board of Directors.

Participation in the Purchase Plan

The Purchase Plan would enable eligible employees of the Company or its subsidiary to purchase from the Company shares of Common Stock through payroll deductions. Each eligible employee could participate in the Purchase Plan by filing (as specified in the Purchase Plan) an Election Form (as defined

in the Purchase Plan) authorizing specified regular payroll deductions from the eligible employee's periodic base compensation. Regular payroll deductions would be subject to a minimum deduction of \$5 per pay period and a maximum deduction of 10% of base compensation (not including incentive pay, bonuses, etc.). Payroll deductions would be credited to a participant's Payroll Deduction Account (as defined in the Purchase Plan). A participant could change the amount of his or her payroll deduction amount up to two times per 12-month period, as specified in the Purchase Plan. The Company could, in lieu of payroll deductions, approve equivalent direct payments by a participant

for deposit in his or her Payroll Deduction Account. All funds in Payroll Deduction Accounts could be used by the Company for any corporate purpose.

As of the last working day of each calendar quarter, amounts in a participant's Payroll Deduction Account would be used to purchase the number of whole shares of Common Stock that the funds in his or her Payroll Deduction Account could purchase. All shares purchased for a participant from the funds held in the participant's Payroll Deduction Account would be maintained in a separate Investment Sharebuilder Account (as defined in the Purchase Plan).

Unless the participant directs otherwise, the Stock Option Committee would determine whether to distribute cash dividends paid on shares held in a participant's Investment Sharebuilder Account directly to the participant or into the participant's Payroll Deduction Account. Non-cash dividends paid with respect to shares held in a participant's Investment Sharebuilder Account would be added to the participant's Investment Sharebuilder Account. The Company would notify participants at least annually as to the amounts and status of their Payroll Deduction Accounts and Investment Sharebuilder Accounts. Participants could withdraw shares from their Investment Sharebuilder Accounts at regular intervals established by the Stock Option Committee, which would be at least once per year, by providing the written notice specified in the Purchase Plan. The Company would not sell shares held in an Investment Sharebuilder Account on behalf of a participant.

Purchase Price

The purchase price for each share of Common Stock would be 85% (or such higher percentage as the Stock Option Committee determines) of the closing price reported on the NASDAQ SmallCap Market (or such other quotation system or stock exchange on which the Company's Common Stock is traded) on the Stock Purchase Date or the most recent trading date if the Stock Purchase Date is not a trading date. On August 15, 2003, the closing price of Common Stock on the NASDAQ SmallCap Market was \$7.15.

Withdrawal or Ineligibility

A participant could withdraw the balance accumulated in his or her Payroll Deduction Account and cease to be a participant in the Purchase Plan by delivering written notice to the Company at least 15 working days before a pay date (or such other time as the Stock Option Committee sets). When a participant terminates his or her participation in the Purchase Plan: (i) amounts in the participant's Payroll Deduction Account would be promptly refunded; and (ii) upon the participant's written request, the Company would provide the participant with a certificate for the whole number of shares credited to his or her Investment Sharebuilder Account. A participant could not re-enroll in the Purchase Plan for six months after terminating participation.

If a participant is no longer eligible to participate in the Purchase Plan, no further payroll deductions would be made on the employee's behalf, the accumulated balance in his or her Payroll Deduction Account would be refunded and a certificate for the full shares of Common Stock credited to the participant's Investment Sharebuilder Account would be promptly forwarded to the participant.

Termination of Employment

If a participant dies, retires (see the definition of Retirement in the Purchase Plan) or incurs a Permanent Disability (as defined in the Purchase Plan) during a plan quarter, no further contributions on behalf of the participant could be made. Unless the participant or executor or administrator of the deceased participant's estate elects to withdraw the balance in the participant's Payroll Deduction Account in accordance with the terms of the Purchase Plan, the balance accumulated in the participant's Payroll Deduction Account would be used to purchase whole shares of Common Stock in accordance with the provisions of the Purchase Plan. A statement of the number of whole shares in a participant's Investment Sharebuilder Account would be delivered upon request to the participant or the deceased participant's executor or administrator. Any remaining amounts in the participant's Payroll Deduction Account after the last Stock Purchase Date would be returned to the participant or the deceased participant's executor or administrator or such other person designated on the Election Form.

Transfer and Assignment

Rights under the Purchase Plan would not be transferable by a participant other than by will or the laws of descent and distribution, and are exercisable during the participant's lifetime only by the participant. Any attempted assignment or transfer in violation of the Purchase Plan is null and void.

Tax Withholding

The Company could make such provisions as it deems appropriate for withholding any taxes or paying any taxes that it may be required to withhold or pay in connection with a participant's participation in the Purchase Plan.

Amendment and Termination of the Plan

The Board of Directors or the Stock Option Committee could amend or suspend the operation of the Purchase Plan in any respect, except that, without the approval of the shareholders, no such amendment could cause the Purchase Plan to fail to meet the requirements of Section 423 of the Code. Any amendment requiring shareholder approval under the Code would not be effective until such approval is obtained. The Plan would terminate at the earlier of: (i) the date when all shares available under the Plan have been purchased; (ii) March 31, 2008; or (iii) at any time, at the discretion of the Stock Option Committee or the Board of Directors.

Federal Income Tax Consequences

The Purchase Plan, and the right of eligible employees to make purchases under the Purchase Plan, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under current federal income tax rules, there would be no tax to employees at the time stock is purchased under the Purchase Plan. If a participant sells or otherwise disposes of shares more than two years after the Stock Purchase Date, he or she would recognize ordinary income in the year of sale or disposition equal to the lesser of: (i) the excess of the fair market value on the Stock Purchase Date over the participant's purchase price; or (ii) the excess of the fair market value on the date of the sale or disposition over the participant's purchase price. Any additional gain or loss would be capital gain or loss. If shares are held less than two years after purchase, the excess of the fair market value of the shares on the Stock Purchase Date over the participant's purchase price would be taxed as ordinary income and any additional gain or loss would be capital gain or loss.

If a participant owns stock purchased under the Purchase Plan at death, his or her estate would recognize ordinary income in the year of death equal to the lesser of: (i) the excess of the fair market value on the Stock Purchase Date over the participant's purchase price; or (ii) the excess of the fair market value on the date of death over the participant's purchase price.

The Company would be entitled to a deduction for amounts taxed as ordinary income to the participant upon a sale or disposition of shares before the expiration of the two-year holding period noted above.

Vote Required

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy and voting on this proposal is required to approve the Purchase Plan. For purposes of counting votes on this proposal, abstentions, broker non-votes and other shares not voted will not be counted as shares voted on the proposal, and the number of shares for which a majority is required will be reduced by the number of shares not voted.

APPROVAL OF Stock Option and Restricted Stock Plan of 2003

General

The Board of Directors believes that the Company's long-term interests would be advanced by aligning the interests of its directors and certain officers and other key employees with the interests of its shareholders. Therefore, to attract, retain and motivate directors, officers and key employees of exceptional abilities, and to recognize the significant contributions these individuals have made to the long-term performance and growth of the Company and its subsidiary, on December 12, 2002, the Board of Directors adopted and approved, subject to shareholder approval, the Manatron, Inc. Stock Option and Restricted Stock Plan of 2003 (the "Incentive Plan"). The Incentive Plan is intended to supplement and continue the compensation policies and practices of the Company's other stock incentive plans, which the Company has used for several years. Because there are a limited number of shares available for issuance under previously authorized stock incentive plans, the Board of Directors believes that approval of the Incentive Plan is now advisable to make additional shares available for stock options and other awards.

The Company intends to use the Incentive Plan to grant equity-based incentives to eligible participants. Most of the options granted under the previously authorized stock incentive plans have been incentive stock options within the meaning of the Code, with an exercise price equal to the market price of the stock on the date of the grant. The Incentive Plan would continue to authorize the grant of these incentive stock options. However, the proposed Incentive Plan also would permit the grant of other forms of long-term incentive compensation, if determined to be desirable to advance the purposes of the Incentive Plan. These other forms of long-term incentive compensation include non-qualified stock options, restricted stock and stock awards (together with incentive stock options, collectively referred to as "Incentive Awards"). By combining in a single plan many types of incentives commonly used in long-term incentive compensation programs, the Incentive Plan is intended to provide the Company with flexibility in designing specific long-term incentives to best promote the objectives of the Incentive Plan and in turn promote the interests of our shareholders.

The following is a summary of the principal features of the Incentive Plan. The summary is qualified in its entirety by reference to the terms of the Incentive Plan, a copy of which is attached as **Appendix B** to this Proxy Statement.

Eligible Participants

The Company anticipates that the primary persons who will receive Incentive Awards under the Incentive Plan will be directors of the Company (eight persons immediately after the Annual Meeting) and officers (currently seven persons, two of whom are directors) and other key employees (who could include any and all employees of the Company) of the Company and its subsidiary. Additional individuals may become directors, officers or key employees in the future and could participate in the Incentive Plan. Directors, nominees for director, officers and key employees of the Company and its subsidiary may be considered to have an interest in the Incentive Plan either because they have already received or may in the future receive Incentive Awards under it.

The following table sets forth the benefits received with respect to option and restricted stock grants under the Incentive Plan through the date of this Proxy Statement by the listed individuals and groups. It does not set forth any grants made under the Company's previously authorized stock incentive plans. Furthermore, it does not set forth options or other Incentive Awards that may be granted in the future under the Incentive Plan, because they are not determinable at this time.

New Plan Benefits

Stock Option and Restricted Stock Plan of 2003

Name and Position	Dollar Value (\$)(1)	Number of Shares

Randall L. Peat Chairman of the Board	--	--
G. William McKinzie Chief Operating Officer	--	--

Non-Executive Director Group	\$ 24,420	6,000
Non-Executive Officer Employee Group(2)	\$ 36,250	5,000

- (1) The Dollar Value is derived by multiplying the closing stock price on the respective grant dates by the total number of shares granted. Specifically, the Dollar Value reported for the Non-Executive Director Group is based on the closing stock price on October 10, 2002, or \$4.07, and the Dollar Value reported for the Non-Executive Officer Employee Group is based on the closing stock price on August 1, 2003, or \$7.25.
- (2) The Non-Executive Officer Employee Group consists of all employees as a group, including current officers who are not executive officers.

The Incentive Plan would not be qualified under Section 401(a) of the Code and would not be subject to the ERISA.

Authorized Shares

Subject to certain anti-dilution and other adjustments, 200,000 shares of Common Stock would be available for issuance under the Incentive Plan. Not more than 50% of the total number of shares available for awards under the Incentive Plan could be granted as restricted stock and stock awards, combined. On August 15, 2003, the closing price of Common Stock on the NASDAQ SmallCap Market was \$7.15 per share. No participant would be entitled to receive, during any calendar year, Incentive Awards issued under the Incentive Plan with respect to more than 75,000 shares of Common Stock. The Company has registered shares of Common Stock authorized by the Incentive Plan under the Securities Act of 1933.

Administration of the Incentive Plan

The Incentive Plan would be administered by the Stock Option Committee. The Stock Option Committee would determine, subject to the terms of the Incentive Plan, the persons to receive Incentive Awards, the nature and amount of Incentive Awards to be granted to each person (subject to the limits specified in the Incentive Plan), the time of each grant, the terms relating to and the duration of each grant and all other determinations necessary or advisable for administration of the Incentive Plan. The Stock Option Committee could amend the terms of Incentive Awards granted under the Incentive Plan from time to time in any manner, subject to the limitations specified in the Incentive Plan.

Stock Options

The Incentive Plan would permit the Company to grant to participants options to purchase shares of Common Stock at stated prices for specific periods of time. Some stock options may qualify as incentive stock options as defined in Section 422 of the Code. Other stock options would not be incentive stock options within the meaning of the Code. Incentive stock options would be available only for officers and employees and would not be available for non-employee directors. Stock options could be granted at any time before December 11, 2012, unless the Board terminates the Incentive Plan before that time. The Stock Option Committee could award options for any amount of consideration, or no consideration, as the Stock Option Committee determines.

The Stock Option Committee would establish the terms of individual stock option grants in stock option agreements or certificates of award, or both. These documents would contain terms, conditions and restrictions that the Stock Option Committee determines to be appropriate. These restrictions could include vesting requirements to encourage long-term ownership of shares. The terms could also provide for automatic regrants of options for the number of previously owned shares held by that individual for at least six months that are surrendered to the Company

in connection with the exercise of an outstanding

stock option, or the payment of taxes in connection with the vesting of restricted stock or the exercise of a stock option.

The exercise price of a stock option would be determined by the Stock Option Committee, but must be at least 100% of the market value of Common Stock on the date of grant. No Incentive Award could be repriced, replaced, regranted through cancellation or modified without shareholder approval if the effect of such repricing, replacement, regrant or modification would be to reduce the exercise price of then-outstanding Incentive Awards to the same participants.

When exercising all or a portion of a stock option, a participant could pay the exercise price with cash or, if permitted by the Stock Option Committee, shares of Common Stock that the participant has held for at least six months or other consideration substantially equal to cash. The Stock Option Committee could also authorize payment of all or a portion of the exercise price in the form of a promissory note or installment payments, except as limited by the Sarbanes-Oxley Act or other laws, rules or regulations. Any promissory notes or installment payments must be with full recourse and at the market rate of interest. The Board of Directors could restrict or suspend the power of the Stock Option Committee to permit such loans, however, and could require that adequate security be provided.

Although the term of each stock option would be determined by the Stock Option Committee, no stock option would be exercisable under the Incentive Plan after 10 years from the date it was granted. Stock options generally would be exercisable for limited periods of time if an option holder dies, becomes disabled, is terminated without cause or voluntarily leaves his or her employment or directorship before retirement (as defined in the Incentive Plan). If an option holder is terminated for cause (as determined by the Stock Option Committee or officers designated by the Stock Option Committee), the option holder would forfeit all rights to exercise any outstanding stock options. Subject to the other terms of the Incentive Plan, if an option holder retires (as specified in the Incentive Plan), he or she could exercise options for the remainder of their terms, unless the terms of the option agreement or award provide otherwise.

Without Stock Option Committee approval, stock options granted under the Incentive Plan generally could not be transferred, except by will or by the laws of descent and distribution, unless transfer is permitted by the terms of the grant or the applicable stock option agreement. The Stock Option Committee could impose other restrictions on shares of Common Stock acquired through a stock option exercise.

Federal Tax Consequences of Stock Options

Incentive Stock Options. Under current federal income tax laws, an option holder would not recognize income and the Company would not receive a deduction at the time an incentive stock option is granted. An option holder exercising an incentive stock option would not recognize income at the time of the exercise. The difference between the market value and the exercise price would, however, be a tax preference item for purposes of calculating alternative minimum tax. Upon the sale or other disposition of the underlying stock, as long as (i) the option holder held the stock for at least one year after the exercise of the stock option and at least two years after the grant of the stock option, and (ii) the stock option is exercised not later than three months after termination of employment (one year in the event of disability), the option holder's basis would equal the exercise price, and the option holder would

pay tax on the difference between the sale proceeds and the exercise price as capital gain. The Company would receive no deduction for federal income tax purposes. Special rules apply when a participant owns a stock option when the participant dies.

If an option holder fails to meet any of the conditions described above relating to holding periods and exercises following termination of employment, he or she generally would recognize compensation taxed as ordinary income equal to the difference between (i) the lesser of (a) the fair market value of the stock at the time of exercise or (b) the amount realized on the sale or disposition and (ii) the exercise price paid for the stock. The Company would then receive a corresponding deduction for federal income tax purposes. Additional gains, if any, recognized by the option holder would result in the recognition of capital gain.

Nonqualified Stock Options. Federal income tax laws provide different rules for nonqualified stock options that do not meet the Code's definition of an incentive stock option. An option holder would not recognize any income and the Company would not receive a deduction when a nonqualified stock option is granted. If a nonqualified stock option is exercised, the option holder would recognize compensation income equal to the difference between the fair market value of the stock on the date of exercise and the exercise price paid. The Company would receive a corresponding deduction for federal income tax purposes, except to the extent that the deduction limits of Section 162(m) of the Code apply. The option holder's tax basis in the shares acquired would be the exercise price paid plus the amount of compensation income recognized. Sale of the stock after exercise would result in recognition of short-term or long-term capital gain (or loss).

Restricted Stock

The Incentive Plan also permits the Stock Option Committee to award restricted stock, subject to the terms and conditions set by the Stock Option Committee that are consistent with the Incentive Plan. The Stock Option Committee could award restricted stock for any amount of consideration, or no consideration, as the Stock Option Committee determines.

As with stock option grants, the Stock Option Committee would establish the terms of individual awards of restricted stock in restricted stock agreements or certificates of award. Restricted stock granted to a participant would "vest" (i.e., the restrictions on it would lapse) in the manner and at the times that the Stock Option Committee determines.

Unless the Stock Option Committee otherwise consents or permits or unless the terms of a restricted stock agreement or award provide otherwise, if a participant's employment, officer status or directorship is terminated during the restricted period (i.e., the period of time during which restricted stock is subject to restrictions) for any reason other than death, disability or retirement, the shares of the participant's restricted stock that are still subject to restrictions at that time would be forfeited and returned to the Company. If the participant's employment or directorship is terminated during the restricted period because of death, disability or retirement, the restrictions on the participant's shares of restricted stock would terminate automatically with respect to that number of shares (rounded to the nearest whole number) equal to the total number of shares of restricted stock awarded to the participant, multiplied by the number of full months that have elapsed since the date of grant, divided by the total number of full months in the restricted period. All of the remaining shares would be forfeited and returned to the Company, unless the Stock Option Committee provides otherwise.

Without Stock Option Committee authorization, until the restricted stock vests a recipient of restricted stock would not be allowed to sell, exchange, transfer, pledge, assign or otherwise dispose of restricted stock other than to the Company or by will or the laws of descent and distribution. All rights with respect to restricted stock would only be exercisable during a participant's lifetime by the participant or his or her guardian or legal representative. The Stock Option Committee could impose additional restrictions on shares of restricted stock. Holders of restricted stock would enjoy other rights of a shareholder with respect to restricted stock, including the right to vote restricted shares at shareholders'

meetings and the right to receive dividends. Unless the Stock Option Committee otherwise determines, any noncash dividends or distributions paid with respect to unvested restricted stock would be subject to the same terms, conditions and restrictions that are applicable to the restricted stock for which the shares are received.

Federal Tax Consequences of Restricted Stock

Generally, under current federal income tax laws a participant would not recognize income upon the award of restricted stock. However, a participant would be required to recognize compensation income at the time the restricted stock vests equal to the difference between the fair market value of the stock at vesting and the amount paid for the stock (if any). At the time the participant recognizes compensation income, the Company would be entitled to a corresponding deduction for federal income tax purposes, except to the extent that the deduction limits of Section 162(m) of the Code apply. If restricted stock is forfeited by a participant, the participant would not recognize income and the Company would not receive a deduction. Before the time the restricted stock vests, dividends paid on restricted stock would be reported as compensation income to the participant and the Company would receive a corresponding deduction.

A participant could, within 30 days after the date of an award of restricted stock, elect to report compensation income for the tax year in which the restricted stock is awarded. If the participant makes this election, the amount of compensation income would be equal to the difference between the fair market value of the restricted stock at the time of the award and the amount paid for the stock (if any). Any later appreciation in the value of the restricted stock would be treated as capital gain and recognized only when the participant sells the restricted stock. Dividends received after such an election would be taxable as dividends and not treated as additional compensation income. If, however, restricted stock is forfeited after the participant makes such an election, the participant would not be allowed any deduction for the amount that he or she earlier reported as income. Upon the sale of restricted stock, a participant would recognize capital gain (or loss) in the amount of the difference between the sale price and the participant's basis in the stock.

Stock Awards

The Incentive Plan also permits the Stock Option Committee to make stock awards. The Stock Option Committee could make stock awards for any amount of consideration, or no consideration, as the Stock Option Committee determines. A stock award of Common Stock would be subject to terms and conditions set by the Stock Option Committee at the time of the award. Stock award recipients would generally have all voting, dividend, liquidation and other rights with respect to awarded shares of Common Stock. However, the Stock Option Committee could impose restrictions on the assignment or transfer of Common Stock awarded under the Incentive Plan.

Federal Tax Consequences of Stock Awards

The recipient of a stock award generally would recognize compensation income equal to the difference between the fair market value of the stock when it is awarded and the amount paid for the stock (if any). The recipient's tax basis in the stock would equal the amount of compensation income recognized on the award plus the amount paid by the recipient for the stock (if any). The Company would be entitled to a corresponding deduction equal to the amount of compensation income recognized by the recipient, except to the extent that the deduction limits of Section 162(m) of the Code apply. Upon a subsequent sale of the stock, the recipient would recognize capital gain or loss equal to the difference between the amount realized on the sale and his or her basis in the stock. Different rules may apply where the stock is transferred subject to a "substantial risk of forfeiture."

Effects of a Change in Control of the Company

Upon the occurrence of a Change in Control of the Company (as defined in the Incentive Plan), all outstanding stock options would become immediately exercisable in full and would remain exercisable in accordance with their terms. All other outstanding Incentive Awards under the Incentive Plan would immediately become fully vested, exercisable and nonforfeitable. In addition, the Stock Option Committee, without the consent of any affected participant, could determine that some or all participants holding outstanding stock options would receive, in lieu of some or all of their stock options, cash in an amount equal to the greater of the excess of (i) the highest sale price of the shares on the NASDAQ SmallCap Market (or whatever quotation system or stock exchange on which Common Stock is listed at the time) on the day before the effective date of the Change in Control or (ii) the highest price per share actually paid in connection with the Change in Control, over the exercise price of the stock options.

Tax Withholding

If Incentive Awards are made under the Incentive Plan, the Company could withhold from any cash otherwise payable to a participant or require a participant to remit to the Company enough cash to satisfy federal, state, local and foreign withholding and employment-related taxes attributable to an Incentive Award. Unless the Stock Option Committee determines otherwise, minimum required tax withholding obligations could also be satisfied by withholding Common Stock to be received upon exercise of or vesting of an Incentive Award or by delivering to the Company previously-owned shares of Common Stock.

Termination and Amendment of the Incentive Plan

The Board of Directors could terminate the Incentive Plan at any time and could from time to time amend the Incentive Plan as it considers proper and in the Company's best interests, provided that no amendment could impair any outstanding Incentive Award without the consent of the participant, except according to the terms of the Incentive Plan or the Incentive Award. No termination, amendment or modification could become effective with respect to any Incentive Award outstanding under the Incentive Plan without the prior written consent of the participant holding the award, unless the amendment or modification operated solely to the participant's benefit. The Company could also suspend a participant's rights under the Incentive Plan for a period of up to 30 days while that participant's termination for cause is considered.

Effective Date of the Incentive Plan

Subject to shareholder approval, the Incentive Plan would take effect on December 12, 2002, and, unless terminated earlier by the Board of Directors, no awards could be made under the Incentive Plan after December 11, 2012.

If the Incentive Plan is not approved by the shareholders, no Incentive Awards will be made under the Incentive Plan to any Company director, officer or employee, including the Chief Executive Officer or any of the four most highly compensated executive officers.

Section 162(m) of the Code

Section 162(m) of the Code limits to \$1,000,000 the annual income tax deduction that a publicly held corporation may claim for compensation paid to its chief executive officer and to its four most highly compensated officers other than the chief executive officer. Qualified "performance-based" compensation is exempt from the \$1,000,000 limit and may be deducted even if other compensation

13

exceeds \$1,000,000. The proposed Incentive Plan is intended to provide performance-based compensation under Section 162(m) to permit compensation associated with stock options awarded under the Incentive Plan to be tax deductible to the Company while allowing, as nearly as practicable, the continuation of the Company's preexisting practices with respect to the award of stock options. No participant in the Incentive Plan may be granted, with respect to any calendar year, awards representing more than 75,000 shares of Common Stock available for awards under the Incentive Plan.

Vote Required

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy and voting on this proposal is required to approve the Incentive Plan. For purposes of counting votes on this proposal, abstentions, broker non-votes and other shares not voted will not be counted as shares voted on the proposal, and the number of shares for which a majority is required will be reduced by the number of shares not voted.

Sylvester and Stephens held 48,000 and 32,000 shares, respectively, of unvested restricted stock and the aggregate value of these shares was \$333,600 and \$222,400, respectively, based on the market value of the Company's Common Stock on April 30, 2003, which was \$6.95 per share. - (2) Consists of the Manatron, Inc. Restricted Stock Plan of 2000. This plan provides for the grant of restricted stock to certain employees, including software development and other technical-related employees. Directors and officers are not eligible to participate. The Stock Option Committee has the power to select the participants to participate in the plan and sets the terms and conditions of the plan, based upon the recommendations of the Company's Chief Executive Officer. The terms and conditions of awards may vary among participants. No payment is required from a participant for an award of restricted stock. If a participant is no longer an employee of the Company or a subsidiary for any reason other than death, total disability or any other reason determined by the Stock Option Committee, any shares of restricted stock not vested and still subject to restrictions on the date of termination are forfeited and must be returned to the Company. Unless the Stock Option Committee otherwise consents or unless the terms of the restricted stock agreement provide otherwise, shares of restricted stock may not be sold, transferred or otherwise disposed of by a participant while they are still restricted ("Restricted Period") other than to the Company or by will or the laws of descent and distribution. The participants may not resell or redistribute the restricted stock after the Restricted Period except upon such conditions as the Company reasonably may specify to ensure compliance with federal and state securities laws.

Supplemental Executive Retirement Plan

On July 17, 2002, the Company adopted a Supplemental Executive Retirement Plan, which became effective January 1, 2002 (the "SERP"). The SERP is a nonqualified deferred compensation plan available to selected executives, who are chosen by the Board of Directors. The initial participants in the SERP are Mary N. Gephart, Krista L. Inosencio, G. William McKinzie, Randall L. Peat, Early L. Stephens, and Paul R. Sylvester. Each participant has entered into a participation agreement with the Company, providing that the Company will contribute 5% of a participant's salary for 10 years as an employer-funded credit. In addition to employer funded credits, each participant may decide to contribute a percentage of his/her salary or a fixed dollar amount ("elective deferral credits").

A participant is 100% vested with respect to all of the participant's elective deferral credits. Pursuant to a March 26, 2003 amendment, until a participant reaches the age of 55, an employer-funded credit will vest as follows: 1/3 will become vested immediately when granted, with the remaining 2/3 to vest in 1/3 increments over the next two years,

beginning on the one year anniversary of the grant date. By way of illustration an employer-funded credit for the year ending December 31, 2002, will vest as follows: 33-1/3% will vest on December 31, 2002; 66-2/3% will vest on December 31, 2003; and 100% will vest on December 31, 2004. Upon the reaching the age of 55, a participant will be 100% vested with respect to all amounts.

All of a participant's employer-funded credits and elective deferral credits will be held in a trust. Participants may designate investments for their own accounts under the SERP, and each year earnings (or losses) will be credited (or debited) to the participant's account in accordance with the designated investments. However, the trust is under no obligation to invest a participant's credit as directed, and for tax purposes, the designated investments are actually "hypothetical investments."

Payments under the plan will generally begin on January 1 following the later of a participant's: (i) 55th birthday; or (ii) termination of employment; provided that payments will begin sooner in the event of a participant's death or disability. Payments are made in 10 annual installments, although the Company may decide to pay the amounts more rapidly or in a lump sum. If a participant's employment is terminated involuntarily for any reason other than competition or a detrimental act, the Company will pay the entire account within 30 days following termination.

The Company may terminate the SERP or stop further accrual of SERP benefits for a participant at any time, but termination will not affect previously accrued benefits.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee develops compensation policies for the Company and evaluates annual salaries and incentive compensation plans for the Chief Executive Officer and other executive officers. The Compensation Committee also reviews awards under certain stock-based compensation plans as approved by the Stock Option Committee. The Compensation Committee submits its recommendations on these matters to the full Board of Directors for ratification. The Compensation Committee consists of three directors, none of whom is a current or former employee of the Company.

Compensation Philosophy

The Compensation Committee's executive compensation philosophy is to provide competitive levels of compensation as well as incentives to achieve superior financial performance. The Compensation Committee's policies are designed to achieve four primary objectives: (i) align management's compensation with the Company's achievement of annual and long-term performance goals; (ii) reward superior performance by the Company; (iii) recognize individual initiative and achievement; and (iv) assist the Company in attracting and retaining quality executive officers. The Compensation Committee believes that a significant portion of the annual compensation of each officer must relate to, and be contingent upon, the performance of the Company.

The Company's basic compensation policies are designed to enhance shareholder value by rewarding executive officers for profitable growth of the Company and increases in the value of its common stock. The Company's executive compensation policies also seek to align the interests of executive officers and other key employees with the interests of shareholders through stock ownership. The Compensation Committee believes that it is in the Company's best interest to generate rewards for senior executives and key employees, which may result in above-average performance measured in terms of profit growth and total shareholder return.

Executive officer compensation is comprised of three primary components: base salary and benefits, annual performance bonus and participation in stock option and restricted stock plans. Each component of compensation is designed to accomplish one or more of the compensation objectives. Benefits offered to executive officers include participation in the Salary Deferral and Employee Stock Ownership Plan, which covers substantially all employees, the Employee Stock Purchase Plan and the Company's various health, life and disability insurance benefit plans.

As previously noted, the Board of Directors recently approved the Manatron, Inc. Supplemental Executive Retirement Plan effective as of January 1, 2002, for certain executive officers of the Company. Under this non-qualified plan, the Company will contribute approximately 5% of a participant's annual compensation to a trust on behalf of the participants. These contributions will vest evenly over a three year period. Participants may also elect to make pre-tax contributions to the trust. The Company contributed approximately \$35,000 to this plan for calendar 2002.

Congress has amended the Internal Revenue Code to add Section 162(m) which provides that publicly held corporations may not deduct compensation paid to certain executive officers in excess of \$1,000,000 annually, with certain exemptions. The Company has examined its executive compensation

policies in light of Section 162(m) and the regulations adopted by the Internal Revenue Service to implement this section. The Company believes its compensation policies reflect due consideration of Section 162(m).

Base Salary

The Company seeks to attract and retain well-qualified executives by providing base salaries and benefit packages at levels that are considered to be competitive. In setting the base salaries of the Company's executive officers, the Compensation Committee considers the skill and experience required by an individual's position, job performance, accountability and tenure. Although the Compensation Committee refers to base salaries at other comparable companies to help establish guidelines, the Company's current operating performance is considered most important in determining the base salaries of management.

The Compensation Committee believes current base salaries for executive officers of the Company have not kept pace with and are below average for executives in similar positions. It is the Compensation Committee's intention to continue to increase base salaries of the Chief Executive Officer and certain other executive officers to more competitive levels as profits improve. Nonetheless, incentive compensation based upon criteria designed to reward executives for performance which enhances shareholder value will continue to represent a significant percentage of potential executive compensation.

In general, the Compensation Committee adjusts the salaries of the Chief Executive Officer and certain other

executive officers on an annual basis. The annual adjustments are determined by considering the Company's performance, each officer's performance, any increased responsibilities of the officer and current economic conditions.

Annual Bonus Plan

Annual bonuses under the Company's incentive compensation plan are intended to reward the Chief Executive Officer, other executive officers and all other employees of the Company for achieving targeted levels of revenues and operating income. Under the fiscal 2003 annual incentive plan, bonuses were based on the Company's operating income in excess of \$1.6 million and resulted in awards of approximately 16.5% of the Chief Executive Officer's and the other executive officers' base salaries. Although these bonuses were paid in July 2003, they are reflected in the Summary Compensation Table as they were related to performance for fiscal 2003.

Stock Options and Restricted Stock

The Stock Option Committee of the Board of Directors periodically grants stock options and restricted stock to executive officers, as well as other key employees, of the Company. Stock options provide the recipient the right to acquire shares of the Company's Common Stock at fair market value on the date of grant. The options generally become exercisable over a three-year period immediately after the date of grant and expire 10 years following the date of grant. The number of shares covered by each grant is designed to provide the executive officers, as well as other key employees, a substantial incentive to operate the Company from the perspective of an owner, thereby closely aligning their interests to those of the Company's shareholders.

Although the Compensation Committee believes that stock ownership by executive officers and other key employees is beneficial, the Company currently has no target ownership level for Common Stock holdings by executive officers. The Stock Option Committee generally does not take into account

in its decisions the amount and value of options and restricted stock currently held by an executive officer.

Chief Executive Officer Compensation

Mr. Sylvester's compensation is based upon the policies and objectives discussed above. The Compensation Committee considers current operating performance to be a key determinant in establishing the base salary of Mr. Sylvester and also considers his performance, skill and experience, accountability, length of service and current economic conditions. The Compensation Committee believes that incentive compensation, designed to reward performance, should represent a significant percentage of Mr. Sylvester's potential compensation. As previously reported, Mr. Sylvester and other executive officers were granted restricted stock and stock options in fiscal 2001. The Compensation Committee may consider recommending grants of restricted stock and stock options to executive officers in the future.

On October 10, 1996, the Company signed an employment agreement with Mr. Sylvester which provides for his continued service to the Company as President and Chief Executive Officer until termination of the employment agreement. The employment agreement is described in this Proxy Statement under the heading "Employment Agreements, Termination of Employment and Change in Control Arrangements." Mr. Sylvester received a salary of \$166,000 and an annual bonus of \$28,500 for fiscal year 2003. The Company also paid Mr. Sylvester an additional

\$25,000 in fiscal 2003 to compensate him for the risk associated with signing a personal guarantee with Kemper Insurance Company, which was required to allow the Company to obtain bonding.

All recommendations of the Compensation Committee attributable to compensation in the 2003 fiscal year were unanimous and were approved and adopted by the Board of Directors without modification.

The Compensation Committee welcomes written comment from the Company's shareholders concerning its compensation programs. Comments should be marked "personal and confidential" and addressed to the Compensation Committee of the Board of Directors, Manatron, Inc., 510 East Milham Avenue, Portage, Michigan 49002.

STOCK PERFORMANCE GRAPH(1)(2)

The following graph compares the cumulative total shareholder return on the Company's Common Stock to the Standard & Poor's 500 Stock Index and the Company's peer index, an industry index comprised of the common stock of 10 companies in the computer software industry (the "New Peer Group"), and the Company's old peer index, an industry index comprised of the common stock of ten companies in the computer software industry (the "Old Peer Group"), assuming an investment of \$100 over a five-year period ended April 30, 2003, using 1998 as a base period. The Standard & Poor's 500 Stock Index is a broad equity market index published by Standard & Poor's. The Old and New Peer Groups were selected by the Company and include the companies listed in the footnotes to the graph below. The Company anticipates using the index identified as "New Peer Index" in future proxy statements. The Company believes the change in peer groups is appropriate to include new companies in Manatron's industry. Cumulative total return is measured by dividing (i) the sum of (a) the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and (b) the difference between the share price at the end and the beginning of the measurement period; by (ii) the share price at the beginning of the measurement period.

The dollar values for total shareholder return plotted in the graph below are shown in the following table:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and officers to file reports of ownership and changes in ownership of shares of Common Stock with the Securities and Exchange Commission. Directors and officers are required by Securities and Exchange Commission regulations to furnish the Company with copies of all Section 16(a) reports they file. Based solely on a review of the copies of the Section 16(a) reports received by it during the last fiscal year, or written representations from certain reporting persons that no reports on Form 5 were required to be filed by them, the Company believes that its directors and officers complied with all applicable reporting and filing requirements during the Company's last fiscal year, except that: (i)

two transactions of Randall L. Peat on Form 4 were reported late; (ii) one transaction of G. William McKinzie on Form 5 was reported late; and (iii) two transactions of Early L. Stephens on Form 4 were reported late. In addition, the wife of Randall L. Peat has been employed by the Company for more than 20 years, and during the course of her employment has purchased Company stock through the Manatron, Inc. Employee Stock Ownership and Salary Deferral Plan. It recently came to the Company's attention that Randall L. Peat has not included these holdings in his Section 16(a) reports. Upon becoming aware of this error, Mr. Peat included the 1,277 shares held by his wife in his holdings reported on Form 5 filed with the Securities and Exchange Commission on June 13, 2003.

SELECTION OF AUDITORS

The Company has selected Ernst & Young LLP ("Ernst & Young"), independent auditors, as its principal auditors for fiscal year 2004. Representatives of Ernst & Young are expected to be present at the 2003 Annual Meeting of Shareholders, will be provided with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Audit Fees. The Company paid to Ernst & Young \$71,600 related to the fiscal 2003 annual audit and quarterly reviews.

Financial Information Systems Design and Implementation Fees. No related services were performed by Ernst & Young during fiscal 2003.

All Other Fees. The Company paid to Ernst & Young \$8,900 primarily related to the audit of the Company's ESOP Plan.

In its determination of Ernst & Young's independence, the Audit Committee has considered whether the provision of these services is compatible with maintaining the independence of the auditor.

SHAREHOLDER PROPOSALS

Proposals that shareholders intend to present at the Annual Meeting of Shareholders in 2004 and that a shareholder would like to have included in the proxy statement and form of proxy relating to that meeting must be received by the Company no later than May 1, 2004, to be considered for inclusion in the proxy statement and form of proxy relating to that meeting. Such proposals of shareholders should be made in accordance with Securities and Exchange Commission Rule 14a-8 and should be addressed to the Secretary of Manatron, Inc., 510 East Milham Avenue, Portage, Michigan 49002. All other proposals of

shareholders that are intended to be presented at the Annual Meeting of Shareholders in 2004 must be received by the Company not later than July 15, 2004, or they will be considered untimely.

SOLICITATION OF PROXIES

The Company will bear all costs of the preparation and solicitation of proxies, including the charges and expenses of brokerage firms, banks, trustees or other nominees for forwarding proxy materials to beneficial owners.

Solicitation of proxies will be made initially by mail. In addition, directors, officers and employees of the Company and its subsidiary may solicit proxies personally or by telephone or facsimile without additional compensation. Proxies may be solicited by nominees and other fiduciaries who may mail materials or otherwise communicate with beneficial owners of shares held by them. The Company has retained Georgeson Shareholder Communications, Inc. at an estimated cost of \$6,000, plus expenses and disbursements, to assist in the solicitation of proxies.

4.2 Available Shares. Shares of Common Stock available under the Plan may be shares now or hereafter authorized but unissued, or shares that were once issued and subsequently reacquired by the Company. If any right to purchase reserved shares shall not be exercised by any Eligible Employee for any reason or if such right to purchase shall terminate as provided in this Plan, such shares which have not been so purchased under the Plan shall become available under the Plan unless the Plan shall have been terminated, but such unpurchased shares shall not be deemed to increase the aggregate number of shares specified above to be reserved for the Plan (subject to adjustment as provided in Section 4.3).

4.3 Adjustments. In the event of a stock dividend, stock split, recapitalization, merger, reorganization, consolidation, combination or exchange of shares of Common Stock during the term of the Plan, the number of shares reserved and authorized to be issued under the Plan shall be adjusted proportionately, and such other adjustment shall be made as may be considered necessary or equitable by the Committee or the Board. In the event of any other change affecting the Common Stock, such adjustments shall be made as may be considered equitable by the Committee or the Board to give proper effect to such change.

SECTION 5 ELIGIBILITY

Participation in the Plan shall be open only to Eligible Employees. No option rights may be granted under the Plan to any person who is not an Eligible Employee. No Eligible Employee shall be granted option rights under the Plan if such Employee, immediately after receiving the grant of such option rights under the Plan, would own (as determined pursuant to Sections 423(b)(3) and 424(d) of the Code) stock possessing 5% or more of the total combined voting power or value of all classes of stock of the Company or any Subsidiary.

SECTION 6
PARTICIPATION AND WITHDRAWAL

6.1 Election Form; Changes to Election Form.

(a) Participation by any Eligible Employee in the Plan shall be entirely voluntary. Any Eligible Employee may become a Participant by completing and delivering an Election Form to the Company. Such Eligible Employee shall become a Participant as of the first day of the next Investment Date following the delivery of his or her Election Form, provided that the Election Form has been delivered at least fifteen working days prior to the beginning of the first day of that Investment Date. If the Election Form has not been delivered at least fifteen working days prior to the beginning of the first day of that Investment Date, then such Eligible Employee shall become a Participant as of the first day of the second succeeding Investment Date. The Election Form will authorize specified regular payroll deductions (within the limits specified in Section 7.2 below) from the Participant's periodic compensation during the time he or she is a Participant.

(b) Payroll deductions shall be made for each Participant in accordance with the Election Form and shall continue until the Participant's participation terminates, the Election Form is modified or the Plan is terminated. A Participant may at any time, but not more than twice during any period of 12 months, increase or decrease his or her payroll deduction (within the limits specified in Section 7.2 below) by delivering a new Election Form to the Company. The Company or the applicable Subsidiary shall deduct the modified amount from the Participant's payroll beginning with the first pay date to occur on or after fifteen working days after the new Election Form is properly delivered.

6.2 Withdrawal. A Participant may elect at any time to terminate his or her participation in the Plan by written notice delivered to the Company no later than fifteen working days before a pay date, or by such other time as the Committee may from time to time determine. Upon any termination by a Participant: (a) the Participant shall cease to be a Participant; (b) his or her Election Form shall be revoked insofar as subsequent payroll deductions are concerned that occur on or after fifteen days after his or her withdrawal notice is delivered to the Company; (c) the amount in the Participant's Payroll Deduction Account, as well as any unauthorized payroll deductions made after such revocation, shall be promptly refunded to the Participant. Upon the former Participant's written request, the Company shall return to the Participant a certificate for the whole shares of Common Stock credited to the former Participant's Investment Sharebuilder Account at any time after the withdrawal notice becomes effective. An Eligible Employee who has terminated participation in the Plan shall not be eligible for reinstatement as a Participant for a period of six months after such termination.

Except as provided in Section 9 below, if a Participant ceases to be an Eligible Employee, (a) no further payroll deductions shall be made on his or her behalf (b) the accumulated balance in his or her Payroll Deduction Account shall promptly be returned to the Participant (c) a certificate for the full shares of Common Stock credited to the Participant's Investment Sharebuilder Account shall promptly be forwarded to the Participant, the dollar amount of any remaining fractional shares of Common Stock credited to the former Participant's Investment Sharebuilder Account, determined based on the Fair Market Value of such fractional shares on the later of the date the former Participant's request is delivered to the Company or the date on which the withdrawal notice becomes effective.

SECTION 7 PAYROLL DEDUCTIONS

7.1 Payroll Deduction Account. The Company and/or any Subsidiary will maintain a Payroll Deduction Account for each Participant. Authorized payroll deductions shall begin with the first pay date to occur on or after the first day of the first Investment Date with respect to which a Participant has elected (in accordance with Section 6.1) to participate in the Plan. Payments made by Participants through payroll deductions shall be credited to each Participant's Payroll Deduction Account. No amounts other than payroll deductions authorized under the Plan may be credited to a Participant's Payroll Deduction Account, unless the Committee otherwise consents in writing. No Participant shall be entitled to any interest on amounts held in his or her Payroll Deduction Account.

7.2 Limits on Payroll Deductions. The amount of the payroll deduction specified by a Participant in his or her Election Form shall not be less than \$5 or more than 10% of the Participant's base compensation for each pay period or such other amount as the Committee may determine in its sole discretion from time to time. Any such limit established by the Committee shall comply with the requirements of Section 423 of the Code. A Participant may only take payroll deductions from his or her base salary and not from a Participant's bonuses, incentive pay or commissions. The Company may, in lieu of payroll deductions, approve equivalent direct payments by a Participating Employee for deposit in his or her Payroll Deduction Account. All funds in Payroll Deduction Accounts may be used by the Company for any corporate purpose.

SECTION 8 PURCHASE AND SALE OF COMMON STOCK

8.1 Purchase Price. The Purchase Price for each share of Common Stock purchased on a Stock Purchase Date shall be 85% of the Fair Market Value of the Common Stock as of that Stock Purchase Date, or such other price that the Committee may determine in its sole discretion from time to time that is at least 85% of such Fair Market Value.

8.2 Method of Purchase.

(a) Except as otherwise provided herein, each Participant having funds in his or her Payroll Deduction Account on a Stock Purchase Date shall be deemed, without any further action, to have been granted and to have exercised his or her option to purchase the number of whole shares of Common Stock which the funds in his or her Payroll Deduction Account could purchase on the Stock Purchase Date. Options that are not exercised automatically shall expire immediately. No fractional shares shall be issued or purchased under the Plan. Funds not used to purchase whole shares shall remain in the Participant's Payroll Deduction Account for future purchases. If the number of available shares on a Stock Purchase Date is not sufficient to exhaust all Payroll Deduction Accounts, the available shares shall be allocated in proportion to the funds available in each Payroll Deduction Account and the Plan shall thereafter terminate.

(b) All whole shares purchased shall be maintained in separate Investment Sharebuilder Accounts for Participants. Unless the Participant otherwise directs, any cash dividends paid with respect to the whole shares in a Participant's Investment Sharebuilder Account shall be, in the

discretion of the Committee, either distributed to the Participant or applied to the Participant's Payroll Deduction Account for the purchase of whole shares, and shares so purchased shall be added to the shares held for a Participant

A-5

in his or her Investment Sharebuilder Account. Any non-cash dividends paid with respect to the whole shares in a Participant's Investment Sharebuilder Account shall be added to the shares held for a Participant in his or her Investment Sharebuilder Account. Participants will be notified not less than annually as to the amount and status of their Payroll Deduction Accounts and Investment Sharebuilder Accounts.

8.3 Limitation on Value of Common Stock to be Purchased. A Participant shall not have and may not exercise any option that would permit the Participant's rights to purchase Common Stock under the Plan to accrue at a rate that exceeds \$25,000 of the fair market value of the Common Stock (determined at the time of the grant of the option) in any one calendar year, and in no event may such option rights accrue at a rate which exceeds that permitted by Section 423(b)(8) of the Code.

8.4 Title of Accounts. Each Investment Sharebuilder Account may be in the name of the Participant or, if so indicated on the Election Form, in his or her name jointly or as tenants in common with a member of the Participant's family, with right of survivorship. With the Committee's consent, a Participant may be permitted to (a) designate a beneficiary to receive the Common Stock held in the Participant's Investment Sharebuilder Account upon death or (b) transfer the Common Stock held in the Investment Sharebuilder Account to a revocable trust for the benefit of the Participant.

8.5 Rights as a Shareholder. After a Participant's Payroll Deduction Account has been charged with the amount of the Purchase Price, the Participant shall have all of the rights and privileges of a shareholder of the Company with respect to whole shares purchased under the Plan and held in the Investment Sharebuilder Account, whether or not certificates representing the shares shall have been issued. In addition to the provisions specified in the Plan relating to termination of a Participant's participation in the Plan, a Participant may withdraw the shares in his or her Investment Sharebuilder Account at regular intervals established by the Committee, which shall be at least once per year. A Participant may withdraw shares held in his or her Investment Sharebuilder Account by providing written notice to the Company's Chief Financial Officer or his or her designee. A Participant's written notice must provide the number of shares a Participant intends to withdraw. Upon receiving a Participant's written notice, the Company will deliver the share certificates, titled as indicated in the Election Form, to the Participant within fifteen days.

8.6 Sale of Shares. The Company will not sell shares held in an Investment Sharebuilder Account on behalf of a Participant. A Participant wishing to sell his or her shares must first withdraw the shares as provided in Section 8.5 above.

SECTION 9 RIGHTS ON DEATH, RETIREMENT OR PERMANENT DISABILITY

9.1 Death. If a Participant dies during an Investment Date, no further contributions on behalf of the deceased

Participant shall be made. The executor or administrator of the deceased Participant's estate may elect to withdraw the balance in the Participant's Payroll Deduction Account by notifying the Company in writing at least fifteen working days before the Stock Purchase Date in respect of such Investment Date. If no election to withdraw has been made, the balance accumulated in the deceased Participant's Payroll Deduction Account shall be used to purchase shares of Common Stock on the next Stock Purchase Date in accordance with Section 8 of the Plan. The Company shall deliver a written statement of the number of whole shares that such deceased Participant purchased under the Plan to his or her executor or administrator upon request. The Company shall deliver any amounts remaining in the deceased Participant's Payroll Deduction Account after the last applicable Stock Purchase Date to his or her executor or administrator or such other person designated on the Election Form.

9.2 Retirement or Permanent Disability. If, during an Investment Date, a Participant (a) Retires or (b) incurs a Permanent Disability, no further contributions on behalf of the Retired or Disabled

A-6

Participant shall be made. A Retired or Disabled Participant may elect to withdraw the balance in his or her Payroll Deduction Account by notifying the Company in writing at least fifteen working days before the Stock Purchase Date in respect of such Investment Date. If no election to withdraw has been made, the balance accumulated in the Retired or Disabled Participant's Payroll Deduction Account shall be used to purchase shares of Common Stock on the next Stock Purchase Date in accordance with Section 8 of the Plan. The Company shall deliver a written statement of the number of whole shares that such Retired or Disabled Participant purchased under the Plan to such Retired or Disabled Participant's upon request. The Company shall deliver any amounts remaining in the Retired or Disabled Participant's Payroll Deduction Account after the last applicable Stock Purchase Date to such Retired or Disabled Participant.

If a Retired or Disabled Participant dies during the Investment Date of such Participant's Retirement or Permanent Disability and such Participant did not notify the Company of his or her desire to withdraw the balance in his or her Payroll Deduction Account, the executor or administrator of such Participant's estate or other legal title holder shall have all the rights provided pursuant to Section 9.1.

SECTION 10 GENERAL PROVISIONS

10.1 Rights Not Transferable. Rights under the Plan are not transferable by a Participant other than by will or the laws of descent and distribution, and are exercisable during his or her lifetime only by the Participant. Any attempted assignment, transfer or alienation not in compliance with the terms of the Plan shall be null and void for all purposes and respects.

10.2 Amendment or Suspension of the Plan. The Committee or the Board may at any time, and from time to time, amend the Plan in any respect or suspend the operation of the Plan, provided, however, the Plan may not, without appropriate approval of the Company's shareholders, be amended in any way that will cause the Plan to fail to meet the requirements of Section 423 of the Code. Any amendments to the Plan required under the Code to be approved by the Company's shareholders shall not become effective unless and until such shareholder approval is obtained in accordance with the requirements of the Code.

10.3 Termination of the Plan. The Plan and all rights of Employees hereunder shall terminate at the earliest of: (a) when all shares of Common Stock reserved under the Plan have been purchased; (b) at any time, at the discretion of the Committee or the Board or (c) on March 31, 2008. Notice of termination shall be given to all Participants, but any failure to give notice shall not impair the termination. Upon termination of the Plan, all amounts in Payroll Deduction Accounts of Participants and all Common Stock held in Investment Sharebuilder Accounts of Participants shall promptly be returned to such Participants.

10.4 Governing Law; Compliance with Law. The Plan shall be construed in accordance the laws of the state of Michigan. The Company's obligation to sell and deliver shares of Common Stock hereunder shall be subject to all applicable federal and state laws, rules and regulations and to such approvals by any regulatory or governmental agency as may, in the opinion of counsel for the Company, be required. The Company may make such provisions as it may deem appropriate for the withholding of any taxes or payment of any taxes which it determines it may be required to withhold or pay in connection with a Participant's participation in the Plan.

10.5 Not an Employment Contract. The Plan shall not be deemed to constitute a contract of employment between the Company or any Subsidiary and any Eligible Employee or Participant or to be consideration or inducement for the employment of any Eligible Employee or Participant. The Plan shall not be deemed to give any Participant or Eligible Employee the right to be retained as an Employee or in

A-7

any other service of the Company or any Subsidiary, or to interfere with the right of the Company or any Subsidiary to discharge any Participant or Eligible Employee at any time regardless of the effect that such discharge shall have upon such person as a participant in the Plan.

10.6 Investment Intent. The Committee may require a Participant to confirm that he or she is purchasing with investment intent and not with a view to resale or other distribution.

10.7 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining provisions of the Plan and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

3.4 Indemnification of Committee Members. Neither any member or former member of the Committee nor any individual to whom authority is or has been delegated shall be personally responsible or liable for any act or omission in connection with the performance of powers or duties or the exercise of discretion or judgment in the administration and implementation of the Plan. SECTION 4 Shares Subject to the Plan

4.1 Number of Shares. Subject to adjustment as provided in Section 4.3 of the Plan, the total number of shares of Common Stock available for Incentive Awards under the Plan shall be 200,000 shares of Common Stock; plus shares subject to Incentive Awards that are canceled, surrendered, modified, exchanged for substitute Incentive Awards or expire or terminate prior to the exercise or vesting of the Incentive Award in full and shares that are surrendered to the Company in connection with the exercise or vesting of an Incentive Award, whether previously owned or otherwise subject to such Incentive Award; *provided*, that not more than 50% of the shares authorized for issuance under the Plan pursuant to this Section 4.1 may be issued as Restricted Stock or Stock Awards, combined. Such shares shall be authorized and may be either unissued shares, shares issued and reacquired by the Company or shares bought on the open market.

4.2 Limitation Upon Incentive Awards. No Participant shall be granted, during any calendar year, Incentive Awards with respect to more than 75,000 shares of Common Stock, subject to adjustment as provided in Section 4.3 of the Plan. The purpose of this Section 4.2 is to ensure that the Plan may provide performance-based compensation under Section 162(m) of the Code and this Section 4.2 shall be interpreted, administered and amended if necessary to achieve that purpose.

B-4

4.3 Adjustments.

(a) **Stock Dividends and Distributions.** If the number of shares of Common Stock outstanding changes by reason of a stock dividend, stock split, recapitalization or other general distribution of Common Stock or other securities to holders of Common Stock, the number and kind of securities subject to Incentive Awards and reserved for issuance under the Plan, together with applicable exercise prices, as well as the number of shares available for issuance under the Plan and the limitation provided in Section 4.2, shall be adjusted appropriately. No fractional shares shall be issued pursuant to the Plan and any fractional shares resulting from such adjustments shall be eliminated from the respective Incentive Awards.

(b) **Other Actions Affecting Common Stock.** If there occurs, other than as described in the preceding subsection, any merger, business combination, recapitalization, reclassification, subdivision or combination approved by the Board that would result in the Persons who were shareholders of the Company immediately prior to the effective time of any such transaction owning or holding, in lieu of or in addition to shares of Common Stock, other securities, money and/or property (or the right to

receive other securities, money and/or property) immediately after the effective time of such transaction, then the outstanding Incentive Awards (including exercise prices) and reserves for Incentive Awards under this Plan shall be adjusted in such manner and at such time as shall be equitable under the circumstances. It is intended that in the event of any such transaction, Incentive Awards under this Plan shall entitle the holder of each Incentive Award to receive (upon exercise in the case of Stock Options), in lieu of or in addition to shares of Common Stock, any other securities, money and/or property receivable upon consummation of any such transaction by holders of Common Stock with respect to each share of Common Stock outstanding immediately prior to the effective time of such transaction; upon any such adjustment, holders of Incentive Awards under this Plan shall have only the right to receive in lieu of or in addition to shares of Common Stock such other securities, money and/or other property as provided by the adjustment. If the agreement, resolution or other document approved by the Board to effect any such transaction provides for the adjustment of Incentive Awards under the Plan in connection with such transaction, then the adjustment provisions contained in such agreement, resolution or other document shall be final and conclusive.

SECTION 5 **Stock Options**

5.1 Grant. A Participant may be granted one or more Stock Options under the Plan. The Committee, in its discretion, may provide in the initial grant of a Stock Option or other Incentive Award for the subsequent automatic grant of additional Stock Options for the number of Mature Shares, if any, that are surrendered to the Company in connection with the exercise or vesting of the initial or any subsequently granted Stock Option or other Incentive Award. Stock Options shall be subject to such terms and conditions, consistent with the other provisions of the Plan, as may be determined by the Committee in its sole discretion. In addition, the Committee may vary, among Participants and among Stock Options granted to the same Participant, any and all of the terms and conditions of the Stock Options granted under the Plan. Subject to the limitation imposed by Section 4.2 of the Plan, the Committee shall have complete discretion in determining the number of Stock Options granted to each Participant. The Committee may designate whether or not a Stock Option is to be considered an incentive stock option as defined in Section 422(b) of the Code; *provided*, that the number of shares of Common Stock that may be designated as subject to incentive stock options for any given Participant shall be limited to that number of shares that become exercisable for the first time by the Participant during any calendar year (under all plans of the Company and its Subsidiaries) and have an aggregate Market Value less than or equal to \$100,000 (or such other amount as may be set forth in the Code) and all shares subject to an Incentive Award that have a Market Value in excess of such aggregate amount shall

B-5

automatically be subject to Stock Options that are not incentive stock options. Stock Options granted to directors who are not employees of the Company or its Subsidiaries shall not be treated as incentive stock options under Section 422(b) of the Code.

5.2 Stock Option Agreements. Stock Options shall be evidenced by stock option agreements and/or certificates of award containing the terms and conditions applicable to such Stock Options. To the extent not covered by the stock option agreement, the terms and conditions of this Section 5 shall govern.

5.3 Stock Option Price. The per share Stock Option price shall be determined by the Committee, but shall be a price that is equal to or greater than 100% of the Market Value of the Company's Common Stock on the date of grant.

5.4 Medium and Time of Payment. The exercise price for each share purchased pursuant to a Stock Option granted under the Plan shall be payable in cash or, if the Committee consents or provides in the applicable stock option agreement or grant, in Mature Shares or other consideration substantially equivalent to cash. The time and terms of payment may be amended with the consent of a Participant before or after exercise of a Stock Option. Except as limited by the Sarbanes-Oxley Act or other laws, rules or regulations, the Committee may from time to time authorize payment of all or a portion of the Stock Option price in the form of a promissory note or other deferred payment installments according to such terms as the Committee may approve; *provided, however*, that such promissory note or other deferred payment installments shall be with full recourse and shall bear a market rate of interest. The Board may restrict or suspend the power of the Committee to permit such loans and may require that adequate security be provided. The Committee may implement a program for the broker-assisted cashless exercise of Stock Options.

5.5 Stock Options Granted to 10% Shareholders. No Stock Option granted to any Participant who at the time of such grant owns, together with stock attributed to such Participant under Section 424(d) of the Code, more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries may be designated as an incentive stock option, unless such Stock Option provides an exercise price equal to at least 110% of the Market Value of the Common Stock on the date of grant and the exercise of the Stock Option after the expiration of 5 years from the date of grant of the Stock Option is prohibited by its terms.

5.6 Limits on Exercisability. Except as set forth in Section 5.5, Stock Options shall be exercisable for such periods, not to exceed 10 years from the date of grant, as may be fixed by the Committee. At the time of exercise of a Stock Option, the holder of the Stock Option, if requested by the Committee, must represent to the Company that the shares are being acquired for investment and not with a view to the distribution thereof. The Committee may in its discretion require a Participant to continue the Participant's service with the Company and its Subsidiaries for a certain length of time prior to a Stock Option becoming exercisable and may eliminate such delayed vesting provisions.

5.7 Restrictions on Transferability.

(a) **General.** Unless the Committee otherwise consents or permits (before or after the option grant) or unless the stock option agreement or grant provides otherwise, Stock Options granted under the Plan may not be sold, exchanged, transferred, pledged, assigned or otherwise alienated or hypothecated except by will or the laws of descent and distribution, and, as a condition to any transfer permitted by the Committee or the terms of the stock option agreement or grant, the transferee must execute a written agreement permitting the Company to withhold from the shares subject to the Stock Option a number of shares having a Market Value at least

equal to the amount of any federal, state or local withholding or other taxes associated with or resulting from the exercise of a Stock Option. All provisions of a Stock Option that are determined with reference to the Participant, including without limitation those that refer to the Participant's employment with the Company or its Subsidiaries, shall continue to be determined with reference to the Participant after any transfer of a Stock Option.

(b) **Other Restrictions.** The Committee may impose other restrictions on any shares of Common Stock acquired pursuant to the exercise of a Stock Option under the Plan as the Committee deems advisable, including, without limitation, restrictions under applicable federal or state securities laws.

5.8 Termination of Employment, Directorship or Officer Status. Unless the Committee otherwise consents or permits (before or after the option grant) or unless the stock option agreement or grant provides otherwise:

(a) **General.** If a Participant ceases to be a director of the Company or ceases to be employed by or an officer of the Company or one of its Subsidiaries for any reason other than the Participant's death, disability, Retirement or termination for cause, the Participant may exercise his or her Stock Options in accordance with their terms for a period of 3 months after such termination of employment, directorship or officer status, but only to the extent the Participant was entitled to exercise the Stock Options on the date of termination. For purposes of the Plan, the following shall not be considered a termination of employment, or, where applicable, directorship or officer status: (i) a transfer of an employee from the Company to any Subsidiary; (ii) a leave of absence, duly authorized in writing by the Company, for military service or for any other purpose approved by the Company if the period of such leave does not exceed 90 days; (iii) a leave of absence in excess of 90 days, duly authorized in writing by the Company, provided that the employee's right to re-employment is guaranteed by statute, contract or written policy of the Company; (iv) a termination of employment with continued service as an officer or director; or (v) a termination of a directorship with continued service as an employee or officer. For purposes of the Plan, termination of employment shall be considered to occur on the date on which the employee is no longer obligated to perform services for the Company or any of its Subsidiaries and the employee's right to re-employment is not guaranteed by statute, contract or written policy of the Company, regardless of whether the employee continues to receive compensation from the Company or any of its Subsidiaries after such date.

(b) **Death.** If a Participant dies either while a director of the Company or an employee or officer of the Company or one of its Subsidiaries or after the termination of employment or directorship other than for cause but during the time when the Participant could have exercised a Stock Option, the Stock Options issued to such Participant shall be exercisable in accordance with their terms by the personal representative of such Participant or other successor to the interest of the Participant for one year after the Participant's death, but only to the extent that the Participant was entitled to exercise the Stock Options on the date of death or termination of employment or directorship, whichever first occurred, and not beyond the original terms of the Stock Options.

(c) **Disability.** If a Participant ceases to be a director of the Company or ceases to be an employee or officer of the Company or one of its Subsidiaries due to the Participant's disability, the Participant may exercise his or her Stock Options in accordance with their terms for one year following such termination of employment or directorship, but only to the extent that the Participant was entitled to exercise the Stock Options on the date of such event and not beyond the original terms of the Stock Options.

(d) **Participant Retirement.** If a Participant Retires as a director of the Company or an employee or officer of the Company or one of its Subsidiaries, Stock Options granted under the Plan may be exercised in accordance with their terms during the remaining terms of the Stock Options.

(e) **Termination for Cause.** If a Participant is terminated for cause, the Participant shall have no further right to exercise any Stock Options previously granted. For purposes of the Plan, the Committee or officers designated by the Committee shall have absolute discretion to determine whether a termination is for cause.

SECTION 6

Restricted Stock

6.1 Grant. Subject to the limitations set forth in Sections 4.1 and 4.2 of the Plan, a Participant may be granted Restricted Stock under the Plan. Restricted Stock shall be subject to such terms and conditions, consistent with the other provisions of the Plan, as shall be determined by the Committee in its sole discretion. The Committee may impose such restrictions or conditions, consistent with the provisions of the Plan, to the vesting of Restricted Stock as it considers appropriate. The Committee may also require that certificates representing shares of Restricted Stock be retained and held in escrow by a designated employee or agent of the Company or any Subsidiary until any restrictions applicable to shares of Restricted Stock so retained have been satisfied or lapsed.

6.2 Restricted Stock Agreements. Awards of Restricted Stock shall be evidenced by restricted stock agreements or certificates of award containing such terms and conditions, consistent with the provisions of the Plan, as the Committee shall from time to time determine. Unless a restricted stock agreement or certificate provides otherwise, Restricted Stock awards shall be subject to the terms and conditions set forth in this Section 6.

6.3 Termination of Employment, Directorship or Officer Status. Unless the Committee otherwise consents or permits (before or after the grant of Restricted Stock) or unless the restricted stock agreement or grant provides otherwise:

(a) **General.** In the event of termination of employment, directorship or officer status during the Restricted Period for any reason other than death, disability, Retirement or termination for cause, any shares of Restricted Stock still subject to restrictions at the date of such termination shall automatically be forfeited and returned to the Company. For purposes of the Plan, the following shall not be considered a termination of employment, or, where applicable, directorship or officer status: (i) a transfer of an employee from the Company to any Subsidiary; (ii) a leave of absence, duly authorized in writing by the Company, for military service or for any other purpose approved by the Company if the period of such leave does not exceed 90 days; (iii) a leave of absence in excess of 90 days duly authorized in writing by the Company, provided that the employee's right to re-employment is guaranteed by statute, contract or written policy of the Company; (iv) a termination of employment with continued service as an officer or director; or (v) a termination of a directorship with continued service as an employee or officer. For purposes of the Plan, termination of employment shall be considered to occur on the date on which the employee is no longer obligated to perform services for the Company or any of its Subsidiaries and the employee's right to re-employment is not guaranteed by statute, contract or written policy of the Company, regardless of whether the employee continues to receive compensation from the Company or any of its Subsidiaries after such date.

(b) Death, Retirement or Disability. In the event a Participant terminates his or her employment or directorship with the Company because of death, disability or Retirement during

the Restricted Period, the restrictions applicable to the shares of Restricted Stock shall terminate automatically with respect to that number of shares (rounded to the nearest whole number) equal to the total number of shares of Restricted Stock granted to such Participant multiplied by the number of full months that have elapsed since the date of grant divided by the total number of full months in the Restricted Period. All remaining shares shall be forfeited and returned to the Company; *provided*, that the Committee may, in its sole discretion, waive the restrictions remaining on any or all such remaining shares of Restricted Stock either before or after the death, disability or Retirement of the Participant.

(c) Termination for Cause. If a Participant's employment or directorship is terminated for cause, the Participant shall have no further right to exercise or receive any Restricted Stock and all Restricted Stock still subject to restrictions at the date of such termination shall automatically be forfeited and returned to the Company. For purposes of the Plan, the Committee or officers designated by the Committee shall have absolute discretion to determine whether a termination is for cause.

6.4 Restrictions on Transferability.

(a) General. Unless the Committee otherwise consents or permits or unless the terms of the restricted stock agreement or grant provide otherwise: (i) shares of Restricted Stock shall not be sold, exchanged, transferred, pledged, assigned or otherwise alienated or hypothecated during the Restricted Period except by will or the laws of descent and distribution; and (ii) all rights with respect to Restricted Stock granted to a Participant under the Plan shall be exercisable during the Participant's lifetime only by such Participant, his or her guardian or legal representative.

(b) Other Restrictions. The Committee may impose other restrictions on any shares of Common Stock acquired pursuant to an award of Restricted Stock under the Plan as the Committee considers advisable, including, without limitation, restrictions under applicable federal or state securities laws.

6.5 Legending of Restricted Stock. Any certificates evidencing shares of Restricted Stock awarded pursuant to the Plan shall bear the following legend:

The shares represented by this certificate were issued subject to certain restrictions under the Manatron, Inc. Stock Option
