FOR IMMEDIATE RELEASE

DUANE READE INC. PROVIDES UPDATED EXPECTATIONS FOR FOURTH QUARTER AND FULL YEAR

New York, New York, January 23, 2004 -- Duane Reade Inc. (NYSE: DRD) today provided updated expectations for sales and earnings for the fourth quarter and full year 2003.

Net sales for the fourth quarter ended December 27, 2003 were \$356.4 million, approximately \$5.6 million below the Company's previously announced expectations. This sales shortfall reflects the impact of two snowstorms that disrupted seasonal business in December and contributed to the delayed openings of new stores.

Same-store sales for the fourth quarter increased 3.0%. Front-end same-store sales increased 0.1%, favorably impacted by approximately 0.5% due to an increase in the number of 24-hour stores and expanded holiday hours. Pharmacy same-store sales increased 7.0%, negatively impacted by the conversion of Claritin and Prilosec from prescription to over-the-counter status. The proportion of generic prescriptions dispensed was consistent with the previous year.

Additionally, during the quarter the Company had higher than planned litigation-related expenses applicable to the World Trade Center business interruption insurance claim and other matters as well as additional costs associated with promotion and service-related initiatives such as the expansion of store operating hours and one-hour photo initiatives. As a result of increased expenses coupled with lower than anticipated sales, the Company anticipates fourth quarter net income will range between \$0.12 and \$0.13 per diluted share, compared with the previously provided range of \$0.17 and \$0.22.

The Company opened three new stores and closed one store during the fourth quarter, ending the year with 241 stores in operation.

For the full year, total sales were \$1.384 billion compared to \$1.274 billion in fiscal 2002. Same-store sales increased 2.7% over the prior year, with a pharmacy same-store sales increase of 7.5% and a front-end same-store decline of 0.8%. Annual diluted earnings per share are expected to range between \$0.49 and \$0.50.
