About Attunity Ltd.

Attunity is a leading provider of enterprise data integration software. Using Attunity's products, companies can seamlessly connect to data sources, stream data changes across the enterprise, and federate heterogeneous information to achieve a single view of their business. Employing a unique distributed architecture, Attunity software runs natively on enterprise data servers, turning locked data silos into an efficient Information Grid. The result is significantly enhanced performance and reduced cost of ownership.

More than 1000 customers are using Attunity software world-wide for data integration initiatives such as service-oriented integration to the mainframe as part of EAI projects, legacy data access for business intelligence and reporting, real-time and efficient ETL based on change data capture, and single customer views from disparate information sources. Also, Attunity is a trusted partner for industry leaders like Oracle and HP who embed Attunity software into their products and solution offerings.
