Smile.Media Acquires Remaining 50% of Nirshamim, Fast-Growing Academic Portal

Monday May 15, 1:03 am ET

PETACH TIKVA, Israel, May 15 /PRNewswire-FirstCall/ -- Internet Gold, (Nasdaq: IGLD - News) today announced that its subsidiary smile.media ltd. (formerly GoldMind) has acquired the remaining 50% of Nirshamim Lelimudim Ltd. ("Nirshamim"). Having acquired an initial 50% ownership interest in March 2005, smile.media is now the sole owner of the fast-growing Nirshamim academic portal. Beginning in the second quarter of 2006, Nirshamim's financial results will be fully consolidated with those of Internet Gold. Its CEO, Mr. Kobi Sadeh, will retain his current position, and will also assume responsibility for other smile.media portals operating in the lead-generation model, including TheMoney.co.il (50.1% owned by smile.media) and other portals that smile.media ltd plans to develop.

During the past twelve months, Nirshamim's revenues have increased by approximately 60% reflecting the success of smile.media's intensive marketing and cross-selling efforts together with the growth of the Internet advertising budgets of Israel's academic institutions. Internet Gold forecasts that Nirshamim's 2006 revenues will continue to grow strongly, reaching approximately NIS 5 million for the year, with an operating margin above 20%.

Nirshamim is an academic portal that serves Israel's 170,000 university students. A one-stop information site regarding the programs, entrance requirements, etc. of Israeli academic institutions, Nirshamim's revenue model combines lead-generation fees (paid on a per-potential-student basis by the educational institutions) and advertising. During the next few months, Nirshamim will expand its operations through the launch of a new site developed in cooperation with the U.S. Commercial service in Israel that offers information about U.S. educational institutions to the 10,000 Israeli students per year that study in the U.S.

"Nirshamim's 60% growth over the past year has surpassed our expectations, and we are confident that it will continue to grow strongly and profitably in the years ahead," said Doron Turgeman, Deputy CEO of Internet Gold and COO of Smile.Media. "Given the significant amount of time that students spend online, academic institutions are shifting a growing portion of their advertising budgets to the Internet and view the lead-generation model as particularly cost-effective. As such, we see strong growth ahead for Nirshamim and believe that it will become an important driver of smile.media's ongoing success."

About Internet Gold

Internet Gold is Israel's leading IP Group with a major presence across all Internet-related sectors. Its smile.communications segment offers a variety of Internet access and related value-added services, international telephony and enterprise/IT integration services. Its smile.media segment manages a growing portfolio of Internet portals and e-Commerce sites.
