Item 1.01 Entry into a Material Definitive Agreement.

On May 14, 2018, Casella Waste Systems, Inc. (the “Company”) entered into a Credit Agreement by and among Bank of America, N.A., as administrative agent (“Administrative Agent”), Bank of America, N.A., as lender, and the other lenders party thereto (collectively, the “Lenders”), the Company and the Company’s subsidiaries identified therein (the “Credit Facility”).

General

The Credit Facility, under which the Company and its subsidiaries (subject to certain exceptions) are co-borrowers, provides for a new term loan A facility in the amount of \$350 million (the “Term Loan Facility”) and a revolving credit facility in the principal amount of up to \$200 million, with a \$60 million sublimit for letters of credit (the “Revolving Credit Facility”). Additional loans of up to the greater of \$125.0 million (plus the amount of certain voluntary prepayments) and an additional amount (subject to the satisfaction of the applicable consolidated secured net leverage ratio test) may be made available under the Credit Facility upon request of the Company, provided that the Company is not in default at the time of increase and other conditions as are reflected in the governing documents have been met, and subject to the receipt of commitments from Lenders for such additional amount.

Interest Rates

Amounts outstanding under the Credit Facility accrue interest, at the Company’s option, at a rate per annum equal to either: (1) the base rate, as defined in the Credit Facility, or (2) an adjusted LIBOR rate, as defined in the Credit Facility, in each case plus an applicable interest margin. The applicable interest margin will be determined based on the Company’s consolidated net leverage ratio, as defined in the Credit Facility, with the interest margin initially set at 2.00% for adjusted LIBOR borrowings and 1.00% for base rate borrowings. The interest rate otherwise payable under the Credit Facility will be subject to increase by 2.00% per annum during the continuance of a payment default and may be subject to increase by 2.00% per annum during the continuance of any other event of default.

Fees and Expenses

Certain customary fees and expenses are payable to the Lenders and the Administrative Agent under the Credit Facility, including a commitment fee on the unused portion of the Revolving Credit Facility that will be based on the Company’s consolidated net leverage ratio and will range from 0.300% to 0.500%. The initial commitment fee will be set at the rate of 0.400%. The Company will pay the revolving lenders a fee for letters of credit equal to the applicable interest margin for LIBOR loans under the Revolving Credit Facility, subject to increase by 2.00% per annum during the continuance of an event of default. The Company will also pay each issuing bank of any letter of credit a fronting fee equal to 0.250% per annum on the face amount of each letter of credit, plus customary issuance, administrative and other fees and costs.

Amortization Payments on Term Loan

The Company is required to make scheduled quarterly payments on the term loan on the last business day of each March, June, September and December, commencing on the last business day of the fiscal quarter ending March 31, 2021, equal to (i) 0.25% of the initial aggregate principal amount of the term loans on the closing date, in the case of installments occurring on or before the last business day of the fiscal quarter ending December 31, 2021, and (ii) 0.625% of the initial aggregate principal amount of the term loans on the closing date, in the case of any installments occurring thereafter, with the balance due on the maturity date.

Maturity

The Credit Facility matures May 14, 2023, subject to any extensions in accordance with the Credit Facility, at which time the applicable loans will become due and payable in full and the revolving commitments will terminate.

Security and Guarantees

All obligations under the Credit Facility are secured by a first priority security interest in substantially all of the Company’s and the co-borrowers’ existing and future assets (except as described below), including a pledge of the stock or other equity interests of the Company’s domestic subsidiaries (subject to certain exclusions) and of any first tier foreign subsidiaries, provided that not more than 65% of the voting stock of any such foreign subsidiaries shall be required to be pledged. As of the closing date, the Credit Facility is not and is not required to be secured by any real property or any motor vehicles. However, the Administrative Agent has the right at any time to require the Credit Facility to be secured by real property and/or motor vehicles.
