Report of Independent Accountants

To the Board of Directors and Shareholders of Associated Estates Realty Corporation:

We have audited the accompanying combined statement of revenue and certain operating expenses of the properties known as The Belvedere and River Forest (properties under common ownership and management) (the "Properties") for the year ended December 31, 2007. The combined statement of revenue and certain operating expenses is the responsibility of the Properties' management. Our responsibility is to express an opinion on the combined statement of revenue and certain operating expenses based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined statement of revenue and certain operating expenses is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined statement of revenue and certain operating expenses. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the combined statement of revenue and certain operating expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying combined statement of revenue and certain operating expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in the Form 8-K/A of Associated Estates Realty Corporation) as described in Note 1 to the combined statement of revenue and certain operating expenses and is not intended to be a complete presentation of the Properties' revenues and expenses.

In our opinion, the combined statement of revenue and certain operating expenses of the Properties presents fairly, in all material respects, the combined revenue and certain operating expenses described in Note 1 to the combined statement of revenue and certain operating expenses of the Properties for the year ended December 31, 2007, in conformity with accounting principles generally accepted in the United States.

**THE BELVEDERE AND RIVER FOREST
NOTES TO COMBINED STATEMENTS OF REVENUE AND CERTAIN OPERATING EXPENSES**

1. BASIS OF PRESENTATION

On April 21, 2008, Associated Estates Realty Corporation (the "Company") acquired through two of its wholly owned subsidiaries, The Belvedere (296 units) and River Forest (240 units), two Class A apartment communities located in the Richmond, Virginia metro area. The properties were purchased from entities controlled by The Bogese Companies, an unrelated third party. The statements of revenue and certain operating expenses for both properties are presented on a combined basis.

The combined statements of revenue and certain operating expenses were prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for the acquisition of real estate properties, including Rule 3-14 of Regulation S-X. Accordingly, certain expenses such as depreciation and amortization, interest, management fees, and other corporate expenses are not included in the combined statements of revenue and certain operating expenses. Therefore, the amounts reported in the accompanying statements may not be comparable to the results of operations reported for the future operations of the properties. Except as noted above, the Company is not aware of any material factors during the year ended December 31, 2007, or the three months ended March 31, 2008, that would cause the reported financial information not to be indicative of future operating results.

The accompanying interim combined statement of revenues and certain expenses for the three months ended March 31, 2008, is unaudited. In the opinion of management, all adjustments, consisting only of normal and recurring adjustments considered necessary for a fair statement, have been included. The reported results are not necessarily indicative of the results that may be expected for the full year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition: Apartment units are generally leased with terms of one year or less. Rent payments are due at the beginning of each month and rental revenue is recognized at that time.

Capitalization: Significant improvements and replacements are capitalized and depreciated using the straight-line method over their estimated useful lives. Repairs and maintenance costs are charged to expense as incurred.

Advertising: Advertising costs are expensed as incurred.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of revenue and certain expenses during the reporting period. Actual results could differ from these estimates.
