INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Farmers and Merchants Trust Company  
Profit-Sharing Plan  
Chambersburg, Pennsylvania

We have audited the accompanying statements of net assets available for benefits of the Farmers and Merchants Trust Company Profit-Sharing Plan (the "Plan") as of December 31, 2000 and 1999, and related statement of changes in net assets available for benefits for the years then ended. These financial statements and schedule referred to below are the responsibility of the Plan's administrator. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form 11-K

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's administrator, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

-3-

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FARMERS AND MERCHANTS TRUST COMPANY PROFIT-SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS

1

-----  
DESCRIPTION OF PLAN

The following description of the Farmers and Merchants Trust Company Profit-Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete information.

General:

The Plan is a defined contribution plan established by Farmers and Merchants Trust Company (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("Code"), which includes a qualified deferred arrangement as described in Section 401(k) of the Code for the benefit of eligible employees of the Company. All employees who have completed one year of service, as defined, are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions:

Eligible employees can contribute an amount up to 19% of compensation as defined by the Plan, limited by requirements of the IRC. The Company, at its discretion, may match a percentage of each Plan participant's deferrals up to a maximum of 5% of compensation. The percentage of such discretionary matching contributions is determined annually by the Company. In 2000 and 1999, the Company matched 100% of Plan participants' first 3% deferral and 50% of the next 2% deferral.

In addition, the Company may elect to contribute an additional percentage of Plan participants' compensation. In 2000, the Company declined to make an additional discretionary contribution. In 1999, the Company made a 2% discretionary contribution.

The Plan may refund any excess deferrals in order to bring the plan in compliance with code limitations.

Vesting:

A participant is immediately vested in his or her entire account balance, including Company contributions.

Payment of benefits:

Upon retirement, death, disability or termination, a participant may elect to receive distributions in the form of an annuity or lump-sum amount, as defined.

Benefits due to terminated participants, which are included in net assets for plan benefits in the accompanying statements, totaled \$ -0- at December 31, 2000 and 1999, respectively.

DESCRIPTION OF PLAN (CONTINUED)

Participant loans:

Under the terms of the Plan, participants may request loans not to exceed the lesser of \$ 50,000 or 50% of their vested account balance for payment of post-secondary education for the participant, spouse, children or dependents, or the purchase of a principal residence for the participant. Additionally, no loan may be less than \$ 1,000 and no more than one loan may be issued to a participant during the year. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Income recognition:

Interest income is recorded as earned on the accrual basis. Dividend income is recorded when declared.

Investment valuation:

Investments of the Plan are stated at fair value by reference to quoted market prices. Because of the volatility of the financial markets in which investments are traded, there is the risk that any future determination of fair value could be significantly less than that recorded in the accompanying financial statements. Purchases and sales of securities are reflected on a trade-date basis. Realized gains and losses are based on securities sold.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative expenses:

All expenses are paid out of the Plan's assets.

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form 11-K

New accounting standard:

In September 1999, the AICPA issued Statement of Position No. 99-3, "Accounting for and Reporting of Certain Defined Contribution Plan Investments and Other Disclosure Matters". This statement established standards for simplified disclosures for certain investments. The Plan adopted provisions of this statement for the Plan year ended December 31, 2000. As a result, disclosures made in the prior year for the separate fund information have been eliminated in these financial statements to be consistent with the current year presentation.

3

-----  
INVESTMENTS

The Trust Department of the Company, trustee of the Plan, maintains all of the Plan's investments and executes transactions therein.

4

-----  
 INCOME TAX STATUS

Although the Plan has received a favorable determination letter dated January 20, 1993, from the Internal Revenue Service, it has not been updated for the latest plan amendments. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt through the year ended December 31, 2000.

5

-----  
 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
