**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS OF
SONIC CORP.**

To Be Held Thursday, January 17, 2002

SOLICITATION OF PROXIES

Solicitation

Sonic Corp. (the "Company") is furnishing this proxy statement to the stockholders of the Company to solicit their proxies for use at the annual meeting of stockholders to take place on Thursday, January 17, 2002, and at any adjournment of the meeting. The Company also may use the services of the Company's directors, officers, and employees to solicit proxies personally or by telephone. The Company regularly retains the services of Corporate Communications, Inc., 523 Third Avenue South, Nashville, Tennessee, to assist with the Company's investor relations and other stockholder communications issues. Corporate Communications, Inc. may assist in the solicitation of the proxies and will not receive any additional compensation for those services. The Company will bear all of the costs of preparing, printing, assembling, and mailing this proxy statement and the proxy card and all of the costs of the solicitation of the proxies.

Reimbursement of Nominees

The Company will reimburse any bank, broker-dealer, or other custodian, nominee, or fiduciary for its reasonable expenses incurred in completing the mailing of proxy materials to the beneficial owners of the Company's voting common stock.

Revocation of Proxy

Any proxy given pursuant to this solicitation may be revoked by the stockholder at any time prior to the voting of the proxy by giving written notice to Ronald L. Matlock, Secretary of the Company. The persons named on the proxy card will vote the proxies at the annual meeting, if received in time and not revoked.

Mailing of Proxy Statement and Proxy Card

The Company has had this proxy statement and the proxy card mailed to its stockholders on or about December 17, 2001.

Stockholder Proposals

In order for the Company to include a stockholder proposal in the proxy materials for the next annual meeting of stockholders, a stockholder must deliver the proposal to the Secretary of the Company no later than August 19, 2002.

VOTING RIGHTS AND PROCEDURE

Only the record holders of shares of the voting common stock of the Company as of the close of business on November 30, 2001, will have the right to vote at the annual meeting. As of the close of business on that date, the Company had 26,605,392 shares of common stock issued and outstanding (excluding 5,349,172 shares of common stock held as treasury stock). Each stockholder of record will have one vote for each share of common stock of the Company that the stockholder owned as of the record date. All shares of common stock may vote on all matters coming before the annual meeting, and a majority of all of the outstanding shares of common stock of the Company entitled to vote at the meeting, represented in person or by proxy, will constitute a quorum for the meeting. The Company will treat all abstentions and nominee non-votes as present or represented at the meeting for the purposes of determining whether a quorum exists for the meeting.

With respect to the election of directors, the three nominees receiving the greatest number of votes will be elected. Abstentions and broker non-votes (discussed below) will not affect the outcome of the election because only a plurality of the votes actually cast is needed to elect

Edgar Filing: SONIC CORP - Form DEF 14A

directors. With respect to the approval of the amendment to the certificate of incorporation, the approval of the auditors, or any other matter properly brought before the meeting, a majority of the shares represented at the meeting and entitled to vote is required for approval of these matters. Therefore, abstentions will have the effect of a vote against approval. Broker non-votes will not affect the outcome of the vote.

Proxies submitted by brokers that do not indicate a vote because they do not have discretionary authority and have not received instructions as to how to vote on a proposal (so-called "broker non-votes") will be considered as present for quorum purposes but not as shares counted for determining the outcome of the vote.

ELECTION OF DIRECTORS

General

The Company's certificate of incorporation provides for a classified board of directors, with three classes of directors each nearly as equal in number as possible. Each class serves for a three-year term and one class is elected each year. The Board of Directors is authorized by the Company's bylaws to fix from time to time the number of directors that shall constitute the whole Board of Directors. The Board size has been set at ten members. Kenneth L. Keymer, H.E. "Gene" Rainbolt, and E. Dean Werries are the members of the class to be elected at the annual meeting and have been nominated to serve as directors for a three-year term expiring at the annual meeting to be held in 2005. The remaining seven directors will continue to serve in accordance with their previous elections.

All nominees will hold office until the stockholders elect his qualified successor. If any nominee becomes unable or unwilling to accept the election or to serve as a director (an event which the Board of Directors does not anticipate), the person or persons named in the proxy will vote for the election of the person or persons recommended by the Board of Directors.

Unless the context indicates otherwise, the term "Company," when used in this proxy statement, refers to Sonic Corp. and its subsidiaries.

The following table sets forth the name, principal occupation, age, year in which the individual first became a director, and year in which the director's term will expire (if elected) for each nominee for election as a director at the annual meeting of stockholders.

Compensation of Directors. During the last fiscal year, the Company compensated the non-management directors for their services in the amount of \$10,000 per year, plus \$2,000 for every meeting of the Board of Directors attended. Additionally, Audit Committee members received \$1,000 for each telephonic Audit Committee meeting they attended. Other than the Audit Committee members' compensation, the Company did not pay any additional fees to directors for serving on its standing committees. The Company does not compensate directors who also serve as an officer or employee of the Company or its subsidiaries for their services as a director. The 2001 Sonic Corp. Directors' Stock Option Plan, as adopted in January 2001, provides for the grant of 10-year, non-qualified stock options to purchase 22,500 shares of common stock of the Company to each non-management director of the Company upon the individual's initial election as a director, and provides for the annual grant of 10-year, non-qualified stock options to purchase 3,000 shares of common stock of the Company to each non-management director of the Company beginning with the first year of the director's second three-year term and continuing annually for so long as the individual serves on the Board. The exercise price of the stock options equals the market value of the common stock at the date of the grant, and the stock options become exercisable with regard to one-third of the shares of common stock underlying the option on each of the first three anniversary dates of the grant of the stock option. In January 2001, the Company granted options to purchase 22,500 shares of common stock of the Company at \$24.063 per share to Mr. Peña and to Dr. Blair and granted options to purchase 3,000 shares of common stock at \$24.063 per share to Messrs. Lieberman, Rainbolt, Richardson, Rosenberg and Werries.

Termination and Change in Control Arrangements. The Company has employment contracts with J. Clifford Hudson, its Chairman of the Board and Chief Executive Officer, and the other senior executive officers. Mr. Hudson's contract, which expires in August 2002 (and which automatically extends each year for one additional year to maintain successive terms of two years unless specifically terminated or not renewed by the Company), provides that, if the Company terminates Mr. Hudson's employment other than for cause or fails to renew his contract, he will receive his base compensation for a 24-month period after termination (at an annualized base of \$450,000 as of August 31, 2001). Mr. Hudson's contract defines "cause" as (1) the willful and intentional failure substantially to perform his duties (other than because of physical or mental incapacity), (2) the commission of an illegal act in connection with his employment, or (3) the commission of any act which falls outside the ordinary course of his responsibilities and which exposes the Company to a significant level of undue liability. A determination of "cause" requires the affirmative vote of at least two-thirds of all members of the Board of Directors. The contracts for Messrs. Keymer and Matlock and for Ms. Moore expire in August 2002. The contract for W. Scott McLain expires in January 2002. The contracts for all senior executive officers (except J. Clifford Hudson) automatically renew for successive one-year terms unless specifically terminated or not renewed by the Company. Those contracts provide for 12 months' salary upon termination of employment other than for cause. The contracts for all of the foregoing officers contain the same definition of "cause" as Mr. Hudson's contract.

7

The contracts for all of the foregoing officers also provide that, upon a change in control of the Company, if the Company terminates the officer's employment other than for cause or violates any term of the contract, the Company must pay the officer a lump sum equal to a specified multiple of the officer's then current salary, not to exceed the maximum payable without a loss of the deduction under Section 280(g) of the

Internal Revenue Code. The specified multiple equals two times the amount of their annual salary for all of the officers of the Company, except for Mr. Hudson (who would receive three times his annual salary). The same lump sum provision applies if the officer should resign for "good reason," which includes (without limitation) the occurrence without the officer's consent after a change in control of the Company of (1) the assignment to the officer of duties inconsistent with the officer's office with the Company, (2) a change in the officer's title or office with the Company, or (3) a reduction in the officer's salary. The officers' contracts generally define a "change in control" to include any consolidation or merger of the Company in which the Company does not continue or survive or pursuant to which the shares of capital stock of the Company convert into cash, securities, or other property; any sale, lease, exchange, or transfer of all or substantially all of the assets of the Company; the acquisition of 50% or more of the outstanding capital stock of the Company by any person; or, a change in the make-up of the Board of Directors of the Company during any period of two consecutive years, pursuant to which individuals who at the beginning of the period made up the entire Board of Directors of the Company cease for any reason to constitute a majority of the Board of Directors, unless at least two-thirds of the directors then and still in office approved the nomination of the new directors.

Other than the foregoing agreements, the Company has no compensatory plan or arrangement with respect to its executive officers which would result from the resignation, retirement, or termination of any executive officer's employment with the Company, from a change in control of the Company, or from a change in an executive officer's responsibilities following a change in control of the Company.

REPORT ON EXECUTIVE COMPENSATION

The following joint report of the Compensation Committee and Stock Plan Committee of the Board of Directors describes the committees' compensation policies with regard to the Company's executive officers for the last fiscal year, including the specific relationship of corporate performance to executive compensation. The report also discusses the committees' bases for the chief executive officer's compensation for the last fiscal year, including the factors and criteria upon which the committees based that compensation. As described above under "Committees and Meetings of the Board of Directors," the Compensation Committee's functions include reviewing and making recommendations to the Board of Directors concerning the base salary, annual incentive bonus awards, and other compensation awards to the Company's chief executive officer and other executive officers of the Company. The Stock Plan Committee's functions include the administration of the Company's employee stock option plan and the granting of stock options under that plan and the administration of the Company's employee stock incentive plan and the granting of stock under that plan.

The following report shall not constitute a document deemed incorporated by reference by any general statement incorporating this proxy statement by reference into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates the information by reference, and the report shall not constitute information otherwise deemed filed under either of those acts.

Independent Compensation Consultant Report

The Company for several years has retained an independent compensation consultant to advise the Company on the structure and competitiveness of the Company's executive compensation program and to recommend programs appropriate for the Company in the areas of salary, annual incentive programs, long-term incentives, and benefits and employment contract provisions. In conducting its initial review, the consultant interviewed the executive officers of the Company, as well as the members of the Compensation Committee; identified a peer group of 11 comparable multi-outlet restaurant companies; and analyzed the cash compensation, stock option and long-term incentive programs, and employment contract provisions available in that peer group according to available proxy statement information, as well as compensation data from other published surveys. Since the initial review, the Company has obtained annual updates of the review and report to the Company. The results of the amended reviews continue to show that the total compensation of the Company's executive officers falls below the average level of total compensation of the peer group

executive officers. The Company and the Compensation Committee intend to continue to work with the consultant to develop appropriate changes to the Company's executive compensation program.

Compensation Policy and Overall Objectives

In order to attract, retain, and motivate superior executive talent, the Compensation Committee seeks to maintain compensation programs competitive with those provided by leading companies in the multi-unit restaurant business with similar size and business focus as the Company. The committee has adopted a compensation strategy to provide: (1) base salaries which are competitive but not above industry averages, (2) average or above-average total annual cash opportunities, through incentives based on operating results, (3) above-average long-term incentives based on stock appreciation, and (4) other benefits for executives which are competitive but not above industry norms.

Edgar Filing: SONIC CORP - Form DEF 14A

The primary components of the Company's executive compensation package consist of base salary, annual incentive bonus awards, and stock option awards. In connection with making decisions with respect to executive compensation, the Compensation Committee will take into account as one of the factors which it considers, the provisions of Section 162(m) of the Internal Revenue Code which limits the deductibility by the Company of certain categories of compensation in excess of \$1,000,000 paid to certain executive officers. It may, however, determine to authorize compensation arrangements that exceed the \$1,000,000 deductibility cap imposed by Section 162(m). No executive officer's total compensation for the fiscal year ending August 31, 2001 exceeded the \$1,000,000 deductibility cap.

Discussion of Compensation Components

Base Salary. In reviewing each executive officer's base salary, the Compensation Committee takes into consideration the executive officer's responsibilities and performance, salaries for comparable positions at other companies, and fairness issues relating to pay for other Company executives. In making salary recommendations or decisions, the committee exercises its discretion and judgment based on those factors. The committee does not apply any specific formula to determine the weight of each factor.

Incentive Bonus Awards. The Company has adopted an incentive bonus plan, which covers all of the Company's executive officers, as well as other mid-level management personnel. Under the plan, the Compensation Committee measures the performance of the Company against an annual business plan prepared by management and reviewed and approved by the Board of Directors. Achievement of the earnings per share target set forth in the annual business plan may result in the payment of incentive payments equal to a percentage of the base salary of the covered officer (50% for Messrs. Hudson and Keymer and Ms. Moore, and 35% for Messrs. Matlock and McLain). Under the plan, the committee may award up to 50% of the incentive payments if the Company achieves 85% of the annual business plan and may award up to 100% of the incentive payments as the percentage of earnings per share achieved increases from 85% to 100%. The plan also allows the committee to increase the incentive payments ratably to the extent the Company exceeds the earnings per share target. The committee has the discretion whether and in what amounts to award any incentive bonuses.

Stock Option Grants. The 2001 Sonic Corp. Stock Option Plan is a stock-based incentive compensation plan under which employees selected by the Stock Plan Committee may receive awards in the form of stock options. Under that plan, employees may receive an annual grant of stock options to purchase a number of shares of common stock computed by (1) dividing the employee's annual salary and bonus by the current market price of the common stock and (2) multiplying that amount by a factor ranging up to two. The Stock Plan Committee grants special stock option awards to new members of management and to existing members of management who may have received a promotion.

Stock Incentive Plan. In November 1995, the Stock Plan Committee adopted and the Board of Directors approved the Stock Incentive Plan. Under that plan, the Company may issue up to 270,000 shares of common stock of the Company to key employees selected for participation in the plan by the Stock Plan Committee, which administers the plan. Participants in the Stock Incentive Plan receive awards of shares of restricted common stock (the "Restricted Stock"), subject to not vesting if the Company fails to achieve certain annual performance criteria. As the Company achieves the performance criteria, the portion of the award tied to the criteria will vest. Until the Restricted Stock vests, an escrow agent will hold the Restricted Stock. However, the participant will have the right to vote the Restricted Stock and receive any dividends on the stock. If the Company does not achieve the performance criteria, the portion of the

9

award tied to that criteria will not vest and the right to receive dividends and to vote that portion of the Restricted Stock will terminate. Upon vesting, all restrictions on the vested portion will terminate and the participant will have the right to receive certificates representing the shares of vested Restricted Stock. There are no Restricted Stock grants currently outstanding.

Compensation of Chief Executive Officer

Mr. Hudson has served as the Company's Chairman of the Board since January 2000 and as its Chief Executive Officer since April 1995. On November 14, 2000, the Compensation Committee set Mr. Hudson's annual compensation at \$450,000. The committee considered the results of the most recent update of the Company's independent compensation consultant regarding the range of compensation for the chief executive officers of the Company's competitive peer group and set Mr. Hudson's level of compensation below the average of that group. On April 16, 2001, the Stock Plan Committee granted Mr. Hudson options to purchase 28,102 shares of common stock, consistent with the standard formula described above. Effective October 17, 2001, the Compensation Committee approved the award of 93.8% of Mr. Hudson's potential incentive bonus for the fiscal year ended August 31, 2001, pursuant to the terms of the Company's incentive bonus plan, which percentage is consistent with the percentages approved for the other executive officers of the Company, after taking into account the performance of the Company for that year.

Respectfully submitted,
The Compensation Committee

REPORT OF AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements included in the Annual Report of the Company for the fiscal year ended August 31, 2001 with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board, a board jointly developed by the American Institute of Certified Public Accountants and the Securities and Exchange Commission to establish and improve auditor independence standards.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held eight meetings during fiscal year 2001.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended August 31, 2001 for filing with the Securities and Exchange Commission. The Audit

10

Committee and the Board have also recommended, subject to stockholder approval, the selection of the Company's independent auditors.

During the last fiscal year, the Company paid Plains a total of \$115,734 in rent pursuant to those two leases. The Company believes that the terms and conditions of the leases are no less favorable than those it could have obtained from third parties in arm's length transactions.

Section 16 Compliance

Based upon a review of the original and amended Forms 3 and 4 furnished to the Company during its last fiscal year, the Company does not know of any person who failed to file on a timely basis any reports required by Section 16(a) of the Securities Exchange Act of 1934, as amended.

AMENDMENT OF CERTIFICATE OF INCORPORATION

General

The Board of Directors recommends that the stockholders approve an amendment to the Company's Certificate of Incorporation to increase the number of authorized shares of common stock from 40 million shares to 100 million shares.

Of the 40 million shares currently authorized, as of November 30, 2001, the Company had 26,605,392 shares issued and outstanding (excluding 5,349,172 shares of common stock held as treasury stock). In addition, the Company has reserved a total of 4,509,045 shares of common stock for issuance pursuant to the Company's employee stock option and directors' stock option plans. The Company, therefore, has approximately 91% of its authorized shares of common stock issued or reserved for issuance.

In 1996, the Company increased its authorized common stock from 20,000,000 shares to 40,000,000 shares and since that time has utilized that increase in authorized shares primarily to effect two three-for-two stock splits, one each in 1998 and in 2000. The number of authorized shares currently available for issuance would not be sufficient to implement another three-for-two stock split. The purpose of the proposed increase in authorized shares is to ensure that an adequate supply of authorized unissued shares of common stock is available for general corporate needs, such as future stock splits or stock dividends, raising additional capital, financing acquisitions, or the issuance of stock options and other stock-based incentives under the Company's employee benefit plans.

The proposed amendment, if adopted, would make an additional 60 million shares of common stock available from time to time without further stockholder approval, unless otherwise required by law, rule or regulation. The Company has no present plans, agreements, commitments, or understandings with regard to the issuance of the proposed additional shares of common stock. Stockholders of the Company do not have and will not have any preemptive rights to purchase any of the additional shares of common stock.

Amendment

If approved, the amendment would change the initial portion of Article Fourth of the Company's Certificate of Incorporation as follows:

From: "FOURTH: The total number of shares which the Corporation shall have the authority to issue shall be forty one million (41,000,000) shares, of which forty million (40,000,000) shall be shares of common stock, par value \$.01 per share, and one million (1,000,000) shall be shares of preferred stock, par value \$.01 per share..."

To: **"FOURTH: The total number of shares which the Corporation shall have the authority to issue shall be one hundred one million (101,000,000) shares, of which one hundred million (100,000,000) shall be shares of common stock, par value \$.01 per share, and one million (1,000,000) shall be shares of preferred stock, par value \$.01 per share..."**

Vote Required

Edgar Filing: SONIC CORP - Form DEF 14A

The amendment of the Certificate of Incorporation requires approval by the affirmative vote of the holders of a majority of the Company's outstanding shares of common stock present in person or by proxy and voting at the meeting. If the stockholders do not vote a sufficient number of shares of common stock in favor of the amendment,

15

the amendment will not take effect. The Board of Directors has not decided what action, if any, it may take if that happens.

The Board of Directors recommends a vote "For" the amendment of the Company's Certificate of Incorporation.

SELECTION OF INDEPENDENT AUDITORS

Effective December 14, 2001, the Company approved the engagement of Arthur Andersen LLP as the Company's independent accountants for the fiscal year ending August 31, 2002, subject to the approval and ratification of the stockholders. Ernst & Young LLP served as the Company's accountants for the fiscal year ended August 31, 2001 and for all fiscal years since 1984. The Company decided to change accountants because, as a result of the Company's growth over the last several years, the Company believes it will be better served by an accounting firm having a larger number of accountants in its Oklahoma City office. The decision to change the Company's independent accountants was recommended by the Company's Audit Committee and approved by its Board of Directors.

The audit reports of Ernst & Young LLP on the Company's financial statements for the years ended August 31, 2000 and 2001, respectively, did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope, or accounting principles. During the Company's two fiscal years ended August 31, 2001, and the subsequent interim period preceding the decision to change independent accountants, there were no disagreements with Ernst & Young on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which if not resolved to the satisfaction of Ernst & Young, would have caused it to make reference to the subject matter of the disagreement in connection with its reports covering such periods. Further, Ernst & Young LLP did not advise the Company of any reportable events during the aforementioned time period.

Representatives of Arthur Andersen LLP will be present at the annual meeting and will have an opportunity to make a statement if they desire to so do. They will also be available to respond to appropriate questions presented at the annual meeting.

In the event the appointment of Arthur Andersen LLP is not ratified by the affirmative vote of a majority of the shares of common stock represented at the annual meeting, the selection of independent accountants will be reconsidered by the Board of Directors.

The Board of Directors recommends a vote "For" the approval and ratification of the appointment of Arthur Andersen LLP.

OTHER MATTERS

The Board of Directors knows of no other matters which may come before the annual meeting. If any other business properly comes before the meeting, the persons named in the proxy will vote with respect to that matter in accordance with their best judgment.
