**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
MAY 8, 2002**

INFORMATION REGARDING PROXIES

This proxy statement and the accompanying form of proxy are furnished in connection with the solicitation of proxies by the Board of Directors of Expeditors International of Washington, Inc. (the "Company") for use at the annual meeting of shareholders (the "Annual Meeting") to be held at the Company's offices at 1015 Third Avenue, Seattle, Washington on Wednesday, May 8, 2002, at 2:00 p.m. local time, and at any adjournment or adjournments thereof. Only shareholders of record on the books of the Company at the close of business on March 11, 2002 (the "Record Date") will be entitled to notice of and to vote at the meeting. It is anticipated that these proxy solicitation materials and a copy of the Company's 2001 Annual Report to Shareholders will be mailed to shareholders on or about April 1, 2002.

If the accompanying form of proxy is properly executed and returned, the shares represented thereby will be voted in accordance with the instructions specified thereon. In the absence of instructions to the contrary, such shares will be voted for all of the nominees for the Company's Board of Directors listed in this proxy statement and in the form of proxy. Any shareholder executing a proxy has the power to revoke it at any time prior to the voting thereof on any matter (without, however, affecting any vote taken prior to such revocation) by delivering written notice to the Secretary of the Company, by executing and delivering to the Company another proxy dated as of a later date or by voting in person at the meeting.

VOTING SECURITIES

The only outstanding voting securities of the Company are shares of common stock, \$.01 par value (the "Common Stock"). As of the Record Date, there were 51,737,174 shares of Common Stock issued and outstanding, and each such share is entitled to one vote at the Annual Meeting. The presence in person or by proxy of holders of record of a majority of the outstanding shares of Common Stock is required to constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock underlying abstentions and broker non-votes will be considered present at the Annual Meeting for the purpose of determining whether a quorum is present.

Under Washington law and the Company's charter documents, if a quorum is present, the seven nominees for election to the Board of Directors who receive the greatest number of votes cast by persons present in person at the Annual Meeting or represented by proxy shall be elected Directors. Abstentions and broker non-votes will have no effect on the election of directors. With respect to the proposal to adopt the 2002 Employee Stock Purchase Plan, such proposal will be approved by a majority of the votes cast, including abstentions, by persons present in person at the Annual Meeting or represented by proxy and entitled to vote on the proposal. An abstention from voting on the proposal will have the effect of a vote "Against." Broker non-votes on the proposal will, however, have no effect because such non-votes are not considered "shares entitled to vote" on the proposal.

Edgar Filing: EXPEDITORS INTERNATIONAL OF WASHINGTON INC - Form DEF 14A

Proxies and ballots will be received and tabulated by EquiServe Trust Company, N.A., an independent business entity not affiliated with the Company.

The Common Stock is listed for trading on the NASDAQ National Market under the symbol EXPD. The last sale price for the Common Stock, as reported by NASDAQ on March 11, 2002, was \$60.04 per share.

EXECUTIVE COMPENSATION

Compensation Committee Report on Executive Compensation

The Company operates in the highly-competitive global logistics services industry. The Company believes that the quality of its service depends upon the quality of its officers and employees. In order to succeed, the Company believes that it must be able to attract and retain qualified executives.

The Compensation Committee of the Board of Directors was established to develop and implement compensation policies, plans and programs which seek to:

attract and retain key executives critical to the long-term success of the Company;

enhance the profitability of the Company, and thus shareholder value, by aligning closely the financial interests of the Company's senior managers with those of its shareholders; and

support the short- and long-term strategic goals and objectives of the Company.

Compensation for each of the Named Executive Officers, as well as other senior executives, consists of a base salary, annual incentive bonus compensation, and long-term incentives in the form of stock options. The Compensation Committee considers the competitiveness of the entire compensation package of an executive officer relative to that paid by similar companies when determining base salaries, percentage allocation of the bonus program, and grant of stock options. The Company's objective is to offer a total compensation package which gives the executive the opportunity to be paid at a level which is superior to that offered by the Company's competitors in the global logistics services industry.

Base Salary. Throughout its history, the Company has followed the policy of offering its officers and other key managers a compensation package which is weighted toward incentive-based compensation. Accordingly, the Company believes that annual base salaries of its executive officers are generally set well below competitive levels paid to senior executives with comparable qualifications, experience and responsibilities at other comparably-sized companies engaged in similar businesses as the Company. This belief is based on the general knowledge of the Compensation Committee and management of compensation practices in the industry and, in part, on a review of compensation disclosures in the proxy statements of such comparably-sized companies, including certain companies in the industry group index shown in the stock performance graph elsewhere in this proxy statement.

Base salaries for executives are reviewed by the Compensation Committee on an annual basis as part of an overall examination of compensation. The base salary may be changed based on the Committee's decision that an individual's contribution, duties, and responsibilities to the Company have changed.

The Compensation Committee believes that the total compensation of the Chairman and Chief Executive Officer should be closely linked to operating income, and as a result, the fixed portion (represented by base salary) of the compensation package for this position has remained at the current level since June 1, 1987.

Incentive Compensation. The Company has maintained an incentive bonus program for executive officers since the inception of the Company. In January 1985, the Compensation Committee fixed the aggregate amount of bonuses available under the program at ten percent of pre-bonus operating

income. Factors considered in determining the percentage to be made available for distribution included the number of executives participating in the bonus program, as well as the level of Company operations. The Compensation Committee also considered the aggregate amount of discretionary bonuses paid to executive officers in each of the years from 1982 to 1984, which approximated ten percent of operating income during those years.

The Compensation Committee believes that setting the aggregate executive bonus at a fixed percentage of operating income, with fluctuations in bonuses paid tied to actual changes in operating income, provides both a better incentive to the executives than discretionary bonuses or alternative targeted performance goals, and a more direct relationship between the executives' incentive compensation and shareholders' return. By placing emphasis on growth in operating income, any change in compensation is directly proportional to the profit responsibility of the executive team.

On May 7, 1997 the shareholders approved and ratified the 1997 Executive Incentive Compensation Plan (the "1997 Compensation Plan") which brought the long-established executive incentive compensation plan into technical compliance with Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") a section which applied to the Company for the first time in 1997. The Compensation Committee is responsible for administration of the 1997 Compensation Plan.

Except for Mr. Wang, all bonuses accrued for Named Executive Officers and selected other senior officers after the July 1, 1997 effective date were computed and paid from a pool consisting of ten percent of pre-bonus operating income established and maintained according to the terms of the 1997 Compensation Plan. From the inception of the Company to March 31, 1999, Mr. Wang's bonus was paid from a share in the Company standard bonus program for operating units in the Far East under Mr. Wang's supervision. Effective April 1, 1999, Mr. Wang's bonus was computed and paid under the 1997 Compensation Plan.

All officers of the Company who receive an annual base salary equal to or less than \$120,000 are eligible for inclusion in the 1997 Compensation Plan at the discretion of the Compensation Committee. Individual eligibility and allocation is determined quarterly. Any portion of bonus established in the 1997 Compensation Plan which is not allocated by action of the Compensation Committee may be allocated to key officers determined to be eligible in the discretion of the Chief Executive Officer. However, allocations made by the Chief Executive Officer cannot increase the compensation of any Named Executive Officer nor can such an allocation cause any individual to become a Named Executive Officer.

The percentage of the bonus pool allocated to the Chairman and Chief Executive Officer has changed periodically to allow increased allocations to other executives and as a result of changes in the total number of participating executives. During 2001, the portion of the executive bonus pool allocated by the Compensation Committee to the Chairman and Chief Executive Officer decreased by one percent as a result of changes to participant allocations.

The 1997 Compensation Plan as adopted by the shareholders and administered by the Compensation Committee mirrors the compensation program that has been in place in each operating office since the inception of the Company. The Company has maintained a consistent compensation philosophy: offer a confident and capable individual a modest base salary and the opportunity to share in a fixed and determinable percentage of the operating profit generated by the business unit under his or her control. Growth in individual compensation will only occur in conjunction with an increase in

the contribution to Company profits. Along with the branch manager, key department managers and supervisors share in the distribution of this branch bonus pool.

Key elements of this compensation philosophy include encouraging each manager to think and act as an entrepreneur, establishing compensation levels that are not perceived as being arbitrary, developing financial rewards that are team-oriented, and closely aligning the interests of the individual employee with the goals of the Company and returns to the shareholders.

Long-Term Incentives. The Compensation Committee believes that stock option grants afford a desirable, long-term compensation method because they closely ally the interests of management with shareholder value. During 2001, the Compensation Committee granted stock options for 1,140,400 shares to 1,119 employees including each of the Named Executive Officers. Except in the case of the Chairman and Chief

Edgar Filing: EXPEDITORS INTERNATIONAL OF WASHINGTON INC - Form DEF 14A

Executive Officer, the Compensation Committee granted stock options based upon recommendations made by senior management. Prior to approving any stock option grants, the Compensation Committee reviews and considers factors such as the employee's current position, length of service, and any prior stock option grants.

During the 2001 stock option review process, stock option grants for the Named Executive Officers were granted from shares authorized under the 1985 and 1997 Stock Option Plans. Like all other options issued to employees in 2001, these shares were granted with an exercise price equal to 100% of market value with 50% vesting three years from the date of grant, 75% vesting after four years, and 100% vesting after five years. All options granted in 2001 had an expiration date ten years from the date of grant.

Each executive officer of the Company currently holds unvested stock options. The Compensation Committee believes that unvested options promote stability in the management team and provide a continuing incentive for focus on sustained long-term growth in shareholder value.

Post Employment Personal Services Agreement. The employment contract of the Chairman and Chief Executive Officer contains a provision calling for post employment personal services for a minimum of sixty days per year including up to twenty days of business travel annually. Subject to earlier termination as described below, the personal services agreement will run for a period of ten years or until age seventy, whichever comes first. In exchange, the Chairman and Chief Executive Officer will receive an annual payment initially equal to the base salary received for the most recent twelve months of service. Payments after the first year will be indexed for changes to the CPI or similar index. In the event that retirement occurs prior to age sixty, the initial annual compensation shall be reduced by four percent for each year, or fraction thereof, below age sixty. If the Chairman and Chief Executive Officer were to retire in 2002 the initial annual payment would be \$105,600 and the agreement would run for ten years unless terminated as provided below. The contract also extends coverage under the Company standard benefits package as amended from time to time. The Chairman and Chief Executive Officer is prohibited from competing with the Company during the term of the personal services agreement. The obligation of the Company for such compensation is subject to termination in the event of death, disability or willful failure to perform and would also terminate in the event that employment was terminated with cause.

The Compensation Committee recognizes the key role that continuity in personal relationships play in the global logistics services business. This agreement calling for personal services assures the

10

Company of the post retirement involvement and loyalty of the Chairman and Chief Executive Officer. In addition, this agreement anticipates and facilitates the eventual orderly transition from one Chief Executive Officer to another while at the same time providing a modest incentive for the incumbent to delay retirement until at least age sixty.

Policy on Deductibility of Compensation. Under Section 162(m) of the Code, the Federal income tax deduction for certain types of compensation paid to the Company's Chief Executive Officer and to the four highest compensated officers whose compensation must be reported to shareholders under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is limited to \$1,000,000 per officer per taxable year unless such compensation meets certain requirements. The Compensation Committee believes that this limitation will not apply to compensation accrued in 2001. In making future compensation decisions, the Compensation Committee intends to take into account and mitigate to the extent feasible the effect of Section 162(m) as it discharges its responsibilities, although in certain cases the Compensation Committee may award compensation to covered officers which is not fully deductible as a result of this limitation.

- (1) These amounts were paid pursuant to bonus programs in place since the inception of the Company. Since 1985, the Compensation Committee of the Board of Directors has set the aggregate amount of executive bonuses at ten percent of pre-bonus operating income. Except for Mr. Wang and Mr. Villanueva, all bonuses were computed and paid according to the terms of the 1997 Compensation Plan. Mr. Wang became a participant in the 1997 Compensation Plan effective April 1, 1999 and Mr. Villanueva became a participant effective January 1, 2000. Prior to these dates, Mr. Wang and Mr. Villanueva received their bonuses from a share in the Company standard bonus program for operating units under their respective supervision.
- (2) These amounts include the Company's matching contributions of \$.50 for each \$1.00 of employee savings, up to a maximum annual Company contribution of \$1,500 per qualified employee, under an employee savings plan intended to qualify under Section 401(k) of the Code.

- (1) The above grants were made on May 9, 2001 pursuant to the Company's 1985 and 1997 Stock Option Plans ("Option Plans"). All options granted in fiscal 2001 are subject to a vesting schedule. Subject to earlier vesting under the conditions set forth in the Option Plans, fifty percent of the options will be exercisable commencing three years from the date of the grant and twenty-five percent will be exercisable four and five years after the date of the grant, respectively. See "Change in Control Arrangements."
- (2) The options expire ten years after the date of the grant.
- (3) Realizable values are reported net of the option exercise price and ignoring tax consequences. The dollar amounts under these columns are the result of calculations using the standard 5% and 10% rates set by the Securities and Exchange Commission (the "SEC"). Actual gains, if any, on stock option exercises are dependent on future appreciation in value of all outstanding Common Stock. The potential realizable value calculation assumes that the option holder remains employed through the vesting period and then waits until the end of the option term to exercise the option.

Employment Contracts

The Company has entered into employment agreements with the following Named Executive Officers which provide for the base salaries and expiration dates indicated below:

Name and Current Position

	Current Base Annual Salary	Expiration Date
Peter J. Rose Chairman and Chief Executive Officer	\$ 110,000	May 2002
James L.K. Wang President Asia	\$ 100,000	May 2002
Glenn M. Alger President and Chief Operating Officer	\$ 100,000	May 2002
Robert L. Villanueva Executive Vice President The Americas	\$ 100,000	May 2002
Rommel C. Saber Executive Vice President Europe, Africa & Near/ Middle East	\$ 100,000	May 2002

Each of the above employment agreements is automatically renewable upon expiration for additional one-year periods unless either party elects otherwise. Each agreement includes a covenant of the employee not to compete with the Company during its term and for a period of six months following termination, at the option of the Company, provided that no change in control shall have occurred. See "Change in Control Arrangements" below. The Company has the right to terminate any of these agreements at any time. If the Company terminates an agreement without cause during the term thereof, the employee is entitled to receive an amount equal to his last six-months compensation. In other circumstances, such persons will receive a lump sum payment equal to six months base salary in the event the Company elects the post-employment covenant not to compete.

Change in Control Arrangements

The employment agreement for each executive officer allows the Company to extend the restriction on competition with the Company for at least six months following termination of the employment relationship. The extension is at the sole election of the Company unless the employee terminates the employment relationship by resigning during a specified period surrounding a "change in control," as defined below, in which case the employee may decline any offered lump sum payment and thereby avoid the accompanying restriction on competition.

Historically, most options granted under the Company's 1985 Plan and the 1997 Plan vest at the rate of 50% three years after the date of grant, and an additional 25% four years after the date of grant, and the balance five years after the date of grant. Certain options granted under the Company's 1997 Plan vest 100% after three years. However, both the 1985 Plan and the 1997 Plan provide that outstanding options will become immediately vested and fully exercisable in connection with the occurrence of a "change in control" of the Company.

"Change in Control" means either one of the following: (i) when any person (with certain exceptions) becomes the beneficial owner, directly or indirectly, of 50% or more of the combined

voting power of the Company's then outstanding securities or (ii) shareholder approval of a transaction involving the sale of all or substantially all of the assets of the Company or the merger of the Company with or into another corporation.

BENEFIT PLANS

The following summarizes the Company's benefit plans subject to shareholder action at the 2002 Annual Meeting.

SUMMARY OF THE 2002 EMPLOYEE STOCK PURCHASE PLAN

The following is a description merely of the material features of the 2002 Employee Stock Purchase Plan ("2002 Plan"). The full 2002 Plan is set forth as Appendix A to this Proxy Statement, and the following is qualified in its entirety by reference to Appendix A.

The maximum number of shares that may be purchased under the Plan is 1,000,000 shares plus whatever shares remain unissued at the conclusion of the 2001-02 plan year for the 1988 Employee Stock Purchase Plan ("1988 Plan") currently estimated to be no more than 131,724 additional shares. The maximum number of shares is subject to appropriate adjustment in the case of any stock split, stock dividend, reclassification, or similar extraordinary corporate event affecting Company stock. If the 2002 Plan is approved by the shareholders, the last plan

Edgar Filing: EXPEDITORS INTERNATIONAL OF WASHINGTON INC - Form DEF 14A

year for the 1988 Plan will be the 2001-02 plan year which will end on July 31, 2002 and the first plan year for the 2002 Plan will begin on August 1, 2002.

The 2002 Plan will be administered by the Compensation Committee of the Board of Directors. The Compensation Committee will have authority to interpret the 2002 Plan, construe its terms, adopt rules and regulations, prescribe forms, and make all determinations under the 2002 Plan.

Effectively, any full-time employee of the Company, its subsidiaries or any consolidated affiliate (such as the employees of the Taiwan offices) who have been with the Company for sixty (60) days prior to the beginning of the plan year will be eligible to participate in the 2002 Plan. Full-time employees are employees whose customary employment with the Company or any designated subsidiary is more than 20 hours per week and more than five months per year. Approximately 7,590 employees currently would be eligible to participate.

An eligible employee may enroll for an offering period by filing an enrollment form with the Company prior to the first day of the plan year. In contrast with the 1988 Plan which required annual re-enrollment, after initial enrollment in the 2002 Plan, the employee will be automatically re-enrolled in the 2002 Plan for subsequent offering periods unless he or she files a notice of withdrawal before a new offering period begins, terminates employment, or otherwise becomes ineligible to participate.

17

Upon enrollment in the 2002 Plan, the employee must elect the rate at which he or she will make payroll contributions for the purchase of Company stock. Elections can be expressed as a percentage of base salary not to exceed 10%, although an employee's contributions will be adjusted downward to the extent necessary to ensure that he or she will not purchase Company stock having a fair market value, as of the beginning of the offering period, in excess of \$25,000 in any single calendar year. The maximum number of shares that can be purchased each year is 3,000. All employee contributions will be made by means of direct payroll deduction. The contribution rate elected by a participant will continue in effect unless the individual elects to withdraw from participation for the plan year. An individual who withdraws will receive a refund of contributions made to date and must re-enroll in order to participate in any subsequent plan year.

An employee's contributions will be credited to an account maintained on behalf of such employee. The 2002 Plan provides that the initial "offering period" means the approximately one-year period commencing on the first trading day after August 1st and terminating on the last trading day in the following July. The initial offering period under the 2002 Plan will commence August 1, 2002. The Compensation Committee may change the beginning date, ending date, and duration of offering periods on a prospective basis, provided that offering periods will, in all cases, comply with applicable limitations under Section 423 of the Code.

As described above, the Company will issue shares directly to the custodian for employees' accounts at a price equal to the lesser of 85 percent of the fair market value of Company stock at the beginning of the offering period or 85 percent of the fair market value of Company stock at the end of the offering period. Shares purchased under the 2002 Plan will be credited to the accounts maintained by the custodian for each participant. No interest will be credited on payroll contributions pending investment in Company stock. Dividends paid on Company stock actually credited to participants' accounts will be automatically reinvested in additional shares by the custodian through purchases in the market (no discounts will apply to such dividend reinvestment purchases).

Participants will have the exclusive right to vote or direct the voting of shares credited to their accounts, and will be permitted to withdraw, transfer, or sell their shares without restriction. Participants' rights under the 2002 Plan are nontransferable except pursuant to the laws of descent and distribution. A participant may terminate enrollment in the 2002 Plan at any time, effective for payroll periods or offering periods beginning after the filing of a notice of termination of enrollment. Enrollment will also terminate upon termination of a participant's employment by the Company, its subsidiaries or consolidated affiliates. The custodian will continue to hold common stock for the account of such a participant until the participant sells or withdraws the common stock, but in no event more than one year after the participant ceases to be employed. No refunds from a participant's cash account are permitted except upon termination of enrollment.

In the event of a change in control of the Company, the Committee administering the 2002 Plan must set a new date to exercise the option. The new exercise date must be at least 10 days prior to the date that will constitute the change in control as defined in the 2002 Plan.

The Company will pay costs and expenses incurred in the administration of the 2002 Plan and maintenance of accounts, and will pay brokerage fees and commissions for purchases. The Company will not pay brokerage fees and expenses relating to sales of stock acquired under the 2002 Plan by participants, and participants may be charged reasonable fees by the custodian for withdrawals of share

18

certificates and other specified services. The custodian will be responsible for furnishing account statements to participants.

The Board of Directors may amend, alter, suspend, discontinue, or terminate the 2002 Plan without further shareholder approval, except that shareholder approval must be obtained within one year after the effectiveness of such action if required by law or regulation or under the rules of any automated quotation system or securities exchange on which the Company's common stock is then quoted or listed, or if such shareholder approval is necessary in order for the 2002 Plan to continue to meet the requirements of Section 423 of the Code. Shareholder approval will not necessarily be required for amendments that might increase the cost of the 2002 Plan or broaden eligibility. The 2002 Plan will continue until terminated by action of the Board, although as noted above the number of shares authorized under the 2002 Plan is limited. Shareholder approval is specifically required for any change in the purchase price of shares to be issued under the 2002 Plan.

FEDERAL INCOME TAX CONSEQUENCES RELATING TO THE 2002 EMPLOYEE STOCK PURCHASE PLAN

Rights to purchase shares under the 2002 Plan are intended to constitute "options" issued pursuant to an "employee stock purchase plan" within the meaning of Section 423 of the Code. While proposals are pending to change the Federal income tax consequences, the Company believes that under present law the following Federal income tax consequences would generally result under the 2002 Plan:

(1) No taxable income results to the participant upon the grant of a right to purchase or upon the purchase of shares for his or her account under the 2002 Plan. Purchases are made on an "after tax" basis as the amount of a participant's payroll contributions under the 2002 Plan will be taxable as ordinary income as if they had been received by the participant.

(2) If the participant disposes of shares within two years after the first day of an offering period with respect to which he or she purchased the shares or within one year after the purchase date, then at that time the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date of purchase over the amount of the participant's payroll deductions used to purchase the shares. The participant will be considered to have disposed of a share if the participant sells, exchanges, makes a gift or transfers (except by death) legal title to the share.

(3) If the participant (i) disposes of shares more than two years after the first day of an offering period with respect to which he or she purchased the shares and more than one year after the purchase date, or (ii) dies at any time while holding shares acquired under the 2002 Plan, then at the time the participant disposes of the shares he or she will recognize ordinary income in an amount equal to the lesser of (x) the fair market value of the shares on the first day of the offering period over the amount of the participant's payroll deductions used to purchase the shares or (y) the excess of the fair market value of the shares on the date of disposition or death over the amount of the participant's payroll deductions used to purchase the shares.

(4) In addition, the participant will recognize a long-term or short-term capital gain or loss, as the case may be, in an amount equal to the difference between the amount realized upon any sale of Company common stock and the participant's basis in the common stock (i.e., the purchase price plus the amount, if any, taxed to the participant as ordinary income, as described in (2) and (3) above).

19

(5) If the holding periods described in (2) and (3) above are satisfied, the Company will not receive any deduction for Federal income tax purposes with respect to any discount in the sale price of shares purchased under the 2002 Plan. If either of the holding periods is not satisfied, the Company generally should be entitled to a tax deduction in an amount equal to the amount taxed to the participating U.S. taxpayers as ordinary income.

(6) Dividends, if any, on shares purchased pursuant to the 2002 Plan will be taxable as ordinary income in the year paid.

The foregoing provides only a general description of the application of Federal income tax laws to the 2002 Plan and does not purport to be complete. The summary does not address the effects of other Federal taxes or taxes imposed under state, local, or foreign tax laws. Because of the complexities of the tax laws, participants are urged to consult a tax advisor as to their individual circumstances.

PROPOSAL 2 ADOPTION OF THE 2002 EMPLOYEE STOCK PURCHASE PLAN

At the 2002 Annual Meeting, the shareholders of the Company will be asked to adopt the 2002 Employee Stock Purchase Plan. Since 1988, the Company has maintained an employee stock purchase plan for the benefit of all employees worldwide. The 1988 Plan provides a means for employees to authorize payroll deductions on a voluntary basis to be used for the periodic purchase of Company stock. Recent employee participation in the 1988 Plan has been as follows:

Plan Year	Participants Enrolled as of Plan Year		Shares Issued	Plan Purchase Price
	Start	End		
1998-99	1,628	1,294	251,391	16.47
1999-00	2,075	1,649	204,018	26.46
2000-01	2,706	2,215	170,914	42.08
2001-02	3,133	2,838*	124,109*	47.69*

*

If plan year ended as of March 11, 2002. The 2001-02 plan year actually ends on July 31, 2002 and these numbers may therefore change.

The 1988 Plan is scheduled to terminate as of July 31, 2003. However, it is possible that an insufficient number of shares would remain available under the 1988 Plan to fully satisfy all employees who are likely to enroll for the 2002-03 plan year which will begin August 1, 2002.

At March 11, 2002, options to purchase a total of 1,461,265 shares of Common Stock were outstanding under the Company's Amended 1985 Stock Option Plan, options to purchase a total of 176,000 shares of Common Stock were outstanding under the Amended 1993 Directors' Stock Option Plan, and 3,511,014 shares of Common Stock were outstanding under the Company's Amended 1997 Stock Option Plan. If Proposal 2 is approved, 51,728 shares of Common Stock will be available for grant pursuant to the Amended 1985 Stock Option Plan, 255,833 shares of Common Stock will be available for grant pursuant to the 1988 Plan, 192,000 shares of Common Stock will be available for grant pursuant to the Amended 1993 Directors' Stock Option Plan, 2,601,100 shares of Common Stock will be available for grant pursuant to the Amended 1997 Stock Option Plan, and 1,000,000 shares of Common Stock will be available for grant under the 2002 Plan.

Because the 1988 Plan will expire in 2003 and in order to provide greater flexibility for employees of subsidiaries and consolidated agents outside the United States, the Board of Directors has adopted the 2002 Plan subject to approval by the shareholders. All employees participating in the 2002 Plan will have equal rights and privileges. Under the 2002 Plan, eligible participants will be able to purchase shares at a price equal to 85 percent of the fair market value of Company stock at either the beginning of an offering period or at the end of the offering period, whichever is less. The 2002 Plan is intended to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code of 1986, as amended (the "Code").

The Board of Directors believes that the 2002 Plan will encourage broader stock ownership by employees and thereby provide an incentive for employees to contribute to the continued profitability and success of the Company. In particular, the Board intends that the 2002 Plan offers a convenient

means for employees who might not otherwise purchase and hold Company common stock to do so and that the discounted sale feature of the 2002 Plan provides a meaningful inducement to participate. While the 1988 Plan required issuance of certificates causing an increase in the number of small shareholders of record, odd lot brokerage transactions for employees and small U.S. Dollar dividend checks, the 2002 Plan provides for shares to be held by a custodian. These features will greatly increase the benefits available to employees residing outside the United

States. The Board believes that employees' continuing economic interest, as shareholders, in the performance and success of the Company will further enhance the entrepreneurial spirit that has historically made significant contributions to profitability.

FOR PROPOSAL 2 ADOPTION OF THE COMPANY'S 2002
EMPLOYEE STOCK PURCHASE PLAN.**

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act of 1934, as amended, requires that the Company's directors, certain of its officers, and persons who own more than ten percent of a registered class of the Company's equity securities, file reports of ownership on Form 3 and changes of ownership on Form 4 or 5 with the SEC and the National Association of Securities Dealers. Officers, directors and greater

23

than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all such forms they file.

Based solely on its review of the copies of such forms received by the Company, and on written representations by the Company's officers and directors regarding their compliance with the filing requirements, the Company believes that all reports required from its officers, directors and greater than ten percent beneficial owners were filed on a timely basis during 2001.

SHAREHOLDER PROPOSALS FOR THE 2003 ANNUAL MEETING OF SHAREHOLDERS

Shareholder proposals to be presented at the 2003 Annual Meeting of Shareholders must be received by the Secretary at the Company's executive offices by December 2, 2002, in order to be included in the Company's Proxy Statement and form of proxy relating to that meeting.

Shareholders who intend to present a proposal at the 2003 Annual Meeting of Shareholders without having the proposal included in the Company's proxy materials are required to provide appropriate notice to the Secretary at the Company's executive offices no later than February 15, 2003. Proposals which do not meet this notice requirement will be subject to discretionary voting authority granted by proxy.

SOLICITATION OF PROXIES

The proxy accompanying this Proxy Statement is solicited by the Board of Directors of the Company. Proxies may be solicited by officers, directors and regular supervisory and executive employees of the Company, none of whom will receive any additional compensation for their services. In addition, the Company has agreed to pay the firm of Allen Nelson & Co. a fee of \$7,500 plus reasonable expenses for proxy solicitation services. Solicitations of proxies may be made personally, or by mail, telephone, telegraph, facsimile or messenger.

The Company, if requested, will pay persons holding shares of Common Stock in their names or in the names of nominees, but not owning such shares beneficially, such as brokerage houses, banks and other fiduciaries, for the expense of forwarding soliciting materials to their principals. All such costs of solicitation of proxies will be paid by the Company.

3.

Eligibility.

(a) All Employees (as determined in accordance with Section 2 hereof) of the Company, Subsidiary or Consolidated Affiliate on a given Enrollment Date shall be eligible to participate in the 2002 Plan, subject to Section 5(a).

(b) Any provisions of the 2002 Plan to the contrary notwithstanding, no Employee shall be granted an option under the 2002 Plan (i) to the extent that, immediately after the grant, such Employee (or any other person whose Stock would be attributed to such Employee pursuant to Section 424(d) of the Code) would own capital stock and/or hold outstanding options to purchase such stock possessing five percent or more of the total combined voting power or value of all classes of the capital stock of the Company or of any Subsidiary, (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans of the Company and its Subsidiaries accrue at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding at any time, or (iii) in excess of 3,000 shares of stock for each calendar year in which such option is outstanding at any time.

(c) All participants in the 2002 Plan shall have equal rights and privileges (subject to the terms of the 2002 Plan) with respect to options outstanding during any given Offering Period.

4.

Offering Periods.

The 2002 Plan shall have consecutive Offering Periods with an initial Offering Period commencing on the first Trading Day in August, 2002 and terminating in the last Trading Day of July, 2003. The Committee shall have the power to change the beginning date, ending date and duration of Offering Periods with respect to future offerings without shareholder approval if such change is announced at least five days prior to the scheduled beginning of the first Offering Period to be affected thereafter, provided that Offering Periods will in all cases comply with applicable limitations under Section 423(b)(7) of the Code.

5.

Participation.

(a) Any person who will be an eligible Employee on a given Enrollment Date may become a participant in the 2002 Plan by completing a subscription agreement authorizing payroll deductions and filing it with the Administrator before such Enrollment Date.

Edgar Filing: EXPEDITORS INTERNATIONAL OF WASHINGTON INC - Form DEF 14A

(b) Payroll deductions for a participant shall commence on the first payroll following the Enrollment Date and shall end on the last payroll in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof.

6.

Payroll Deductions.

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in a regular amount, expressed as a percentage, not to exceed 10% of Base Pay.

(b) All payroll deductions made for a participant shall be credited to his or her Account under the 2002 Plan. A participant may not make any additional payments into such Account.

(c) A participant may discontinue his or her participation in the 2002 Plan as provided in Section 10 hereof. Unless otherwise authorized by the Committee, a participant may not change his or her

A-3

payroll deduction rate during any Offering Period. Absent Committee authorization, any change in the rate shall be effective as of the next Offering Period. A participant's subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

(d) The foregoing notwithstanding, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b) hereof, a participant's payroll deductions may be terminated at such time during any Offering Period which is scheduled to end during the current calendar year (the "Current Offering Period") that the aggregate of all payroll deductions accumulated with respect to the Current Offering Period equals \$21,250 (or such other limit as may apply under Code Section 423(b)(8)). Payroll deductions shall recommence at the rate provided in such participant's subscription agreement (as previously on file or as changed in accordance with Section 6(c)) at the beginning of the next Offering Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10 hereof.

(e) The Company, Subsidiary or Consolidated Affiliate is authorized to withhold from any payment to be made to a participant, including any payroll and other payments not related to the 2002 Plan, amounts of withholding and other taxes due in connection with any transaction under the 2002 Plan, including any disposition of shares acquired under the 2002 Plan, and a participant's enrollment in the 2002 Plan will be deemed to constitute his or her consent to such withholding. At the time of a participant's exercise of an option or disposition of shares acquired under the 2002 Plan, the Company may require the participant to make other arrangements to meet tax withholding obligations as a condition to the exercise of rights or distribution of shares or cash from the participant's Account. In addition, a Participant may be required to advise the Company of sales and other dispositions of Stock acquired under the 2002 Plan in order to permit the Company to comply with tax laws and to claim any tax deductions to which the Company may be entitled with respect to the 2002 Plan.

7.

Grant of Option.

On the Enrollment Date of each Offering Period, each eligible Employee participating in such Offering Period shall be granted an option to purchase on the Exercise Date of such Offering Period, at the applicable Purchase Price, up to a number of shares of Stock determined by dividing such Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's Account as of the Exercise Date by the applicable Purchase Price; provided that such purchase shall be subject to the limitations set forth in Sections 3(b) and 12 hereof. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof.

8.

Exercise of Option.

Participant's option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her Account. Shares purchased shall include fractional shares calculated to at least three decimal places, unless otherwise determined by the Committee. If fractional shares are not to be purchased for a participant's Account, any payroll deductions accumulated in a participant's Account not sufficient to purchase a full share shall be retained in the participant's Account for the subsequent Offering Period, subject to earlier withdrawal by the participant as provided in Section 10 hereof. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

9.

Delivery of Shares; Participant Accounts.

(a) At or as promptly as practicable after the Exercise Date for an Offering Period, the Company will deliver the shares of Stock purchased to the Custodian for deposit into the participant's Account.

(b) Cash dividends on any Stock credited to a participant's Account will be automatically reinvested in additional shares of Stock; such amounts will not be available in the form of cash to participants. All cash dividends paid on Stock credited to participants' Accounts will be paid over by the Company to the Custodian at the dividend payment date. The Custodian will aggregate all purchases of Stock in connection with the 2002 Plan for a given dividend payment date. Purchases of Stock for purposes of dividend reinvestment will be made as promptly as practicable (but not more than 30 days) after a dividend payment date. The Custodian will make such purchases, as directed by the Committee, in transactions on any securities exchange upon which Stock is traded, otherwise in the over-the-counter market, or in negotiated transactions. Any shares of Stock distributed as a dividend or distribution in respect of shares of Stock or in connection with a split of the Stock credited to a participant's Account will be credited to such Account. In the event of any other non-cash dividend or distribution in respect of Stock credited to a participant's Account, the Custodian will, if reasonably practicable and at the direction of the Committee, sell any property received in such dividend or distribution as promptly as practicable and use the proceeds to purchase additional shares of Common Stock in the same manner as cash paid over to the Custodian for purposes of dividend reinvestment.

(c) Each participant will be entitled to vote the number of shares of Stock credited to his or her Account (including any fractional shares credited to such Account) on any matter as to which the approval of the Company's shareholders is sought. If a participant does not vote or grant a valid proxy with respect to shares credited to his or her Account, such shares will be voted by the Custodian in accordance with any stock exchange or other rules governing the Custodian in the voting of shares held for customer accounts. Similar procedures will apply in the case of any consent solicitation of Company shareholders.

10.

Withdrawal of Payroll Deductions or Shares; Termination of Employment.

(a) If a participant terminates his or her payroll deduction rate during an Offering Period, the cash balance contributed for the year shall be refunded as soon as practicable. Payroll deductions shall not automatically resume at the beginning of the succeeding Offering Period unless such individual delivers to the Administrator a new subscription agreement.

(b) Upon a participant's ceasing to be an Employee for any reason (including upon the participant's death), he or she shall be deemed to have elected to withdraw from the 2002 Plan and the payroll deductions credited to such participant's Account during the Offering Period but not yet used to exercise the option shall be returned to such participant as soon as practicable or, in the case of his or her death, to the person or persons entitled thereto under Section 14 hereof, and such participant's option shall be automatically terminated.

(c) If a participant elects to withdraw shares from his or her Account, one or more certificates for whole shares shall be issued in the name of, and delivered to, the participant, with such participant receiving cash in lieu of fractional shares based on the Fair Market Value of a share of Stock on the date of withdrawal. If shares of Stock are transferred from a participant's Account to a broker-dealer or financial institution that maintains an account for the participant, only whole shares shall be

transferred and cash in lieu of any fractional share shall be paid to such participant based on the Fair Market Value of a share of Stock on the date of transfer. A participant seeking to withdraw or transfer shares of Stock must give instructions to the Custodian in such manner and form as may be prescribed by the Committee and the Custodian, which instructions will be acted upon as promptly as practicable. Withdrawals and transfers will be subject to any fees imposed in accordance with Section 10(e) hereof.

(d) Upon a participant's ceasing to be an Employee for any reason, the Custodian will continue to maintain the participant's Account until the earlier of such time as the participant withdraws or transfers all Stock in the Account or one year after the participant ceases to be employed by the Company, its Subsidiaries or Consolidated Affiliates. At the expiration of such one-year period, the assets in participant's Account shall be withdrawn or transferred as elected by the participant or, in the absence of such election, as determined by the Committee.

Edgar Filing: EXPEDITORS INTERNATIONAL OF WASHINGTON INC - Form DEF 14A

(e) Costs and expenses incurred in the administration of the 2002 Plan and maintenance of Accounts will be paid by the Company, including annual fees of the Custodian and any brokerage fees and commissions for the purchase of Stock upon reinvestment of dividends and distributions. The foregoing notwithstanding, the Custodian may impose or pass through a reasonable fee for the withdrawal of Stock in the form of stock certificates (as permitted under Section 10(c)), and reasonable fees for other services unrelated to the purchase of Stock under the 2002 Plan, to the extent approved in writing by the Company and communicated to participants. In no circumstance shall the Company pay any brokerage fees and commissions for the sale of Stock acquired under the 2002 Plan by a participant.

11. Interest.

No interest shall accrue on the payroll deductions of a participant in the 2002 Plan.

12. Stock.

(a) The maximum number of shares of Stock which shall be made available for sale under the 2002 Plan shall be one million (1,000,000) shares plus any shares transferred to Reserves from the 1988 Employee Stock Purchase Plan ("1988 Plan") pursuant to Section 24, subject to further adjustment as provided in Section 18 hereof. If, on a given Exercise Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the 2002 Plan, the Company shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

(b) The participant shall have no interest or voting right in shares purchasable upon exercise of his or her option until such option has been exercised.

(c) Shares acquired through dividend reinvestment shall be purchased on the open market unless otherwise determined by the Committee.

13. Administration.

(a) The 2002 Plan shall be administered by the Committee. The Committee shall have full and final authority to construe, interpret and apply the terms of the 2002 Plan, to determine eligibility and to adjudicate all disputed claims filed under the 2002 Plan. The Committee may, in its discretion, delegate authority to the Administrator. Every finding, decision and determination made by the Committee or Administrator shall, to the full extent permitted by law, be final and binding upon all

A-6

parties (except for any reserved right of the Committee to review a finding, decision or determination of the Administrator). The Committee, Administrator, and each member thereof shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any executive officer, other officer or employee of the Company, Subsidiary, Consolidated Affiliate, the Company's independent auditors, consultants or any other agents assisting in the administration of the 2002 Plan. Members of the Committee or Administrator and any officer or employee of the Company, Subsidiary or Consolidated Affiliate acting at the direction or on behalf of the Committee shall not be personally liable for any action or determination taken or made in good faith with respect to the 2002 Plan, and shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action or determination.

(b) The Custodian will act as custodian under the 2002 Plan, and will perform such duties as are set forth in the 2002 Plan and in any agreement between the Company and the Custodian. The Custodian will establish and maintain, as agent for each participant, an Account and any sub-accounts as may be necessary or desirable for the administration of the 2002 Plan.

14. Designation of Beneficiary.

(a) A participant may file a written designation of a beneficiary who is to receive shares and cash, if any, from the participant's Account under the 2002 Plan in the event of (i) such participant's death subsequent to an Exercise Date on which the option is exercised, but prior to a distribution to such participant of shares or cash then held in the participant's Account or (ii) such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

Edgar Filing: EXPEDITORS INTERNATIONAL OF WASHINGTON INC - Form DEF 14A

(b) Subject to spousal consent, if applicable, such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the 2002 Plan who is living at the time of such participant's death, any shares or cash otherwise deliverable under Section 14(a) shall be delivered to the participant's estate.

15. Transferability.

Neither payroll deductions credited to a participant's Account nor any rights with regard to the exercise of an option or to receive shares under the 2002 Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 14 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect.

16. Use of Funds.

All payroll deductions received or held by the Company under the 2002 Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

17. Reports.

An individual Account shall be maintained by the Custodian for each participant in the 2002 Plan. Statements of Account shall be given to each participant at least annually, which statements shall set

A-7

forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased, any remaining cash balance, and other information deemed relevant by the Committee.

18. Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, or Change in Control.

(a) Changes in Capitalization. The Committee shall proportionately adjust the Reserves and the price per share and the number of shares of Stock covered by each option under the 2002 Plan which has not yet been exercised for any increase or decrease in the number of issued shares of Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Stock, or other extraordinary corporate event which affects the Stock in order to prevent dilution or enlargement of the rights of participants. The determination of the Committee with respect to any such adjustment shall be final, binding and conclusive.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Period shall terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Committee.

(c) Change in Control. In the event of a Change in Control, the Committee shall shorten the Offering Period then in progress by setting a new Exercise Date (the "New Exercise Date"). The New Exercise Date shall be before the date that will constitute the Change in Control. The Committee shall notify each participant in writing, at least ten business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

19. Amendment or Termination.

(a) The Board may at any time and for any reason terminate or amend the 2002 Plan. Except as provided in Section 18 hereof, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board of Directors by shortening the Offering Period and accelerating the Exercise Date to a date not prior to the date of such Board action if the Board determines that termination of the 2002 Plan is in the best interests of the Company and its shareholders. Except as provided in Section 18 and this Section 19, no amendment may make any change in any option theretofore granted which materially adversely affects the rights of any participant, and any amendment will be subject to the approval of the Company's shareholders not later than one year after Board approval of such amendment if

such shareholder approval is required by any Federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Stock may then be listed or quoted, or if such shareholder approval is necessary in order for the 2002 Plan to continue to meet the requirements of Section 423 of the Code, and the Board may otherwise, in its discretion, determine to submit any amendment to shareholders for approval. For the avoidance of doubt, any action to change the purchase price of shares to be made available for sale under the 2002 Plan shall always be subject to shareholder approval.

(b) Without shareholder consent and without regard to whether any participant rights may be considered to have been "adversely affected," the Committee shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. Dollars, permit payroll withholding in excess of the amount designated by a participant in order to

A-8

adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Stock for each participant properly correspond with amounts withheld from the participant's compensation, and establish such other limitations or procedures as the Committee determines in its sole discretion are advisable and consistent with the 2002 Plan. Without limiting the generality of the foregoing, the Committee may, but shall not be required to, modify or eliminate grants to persons who are otherwise eligible to receive options under this 2002 Plan who are foreign nationals or employed outside the United States to recognize differences in local law, tax policy or custom.

20.

Notices.

All notices or other communications by a participant to the Company under or in connection with the 2002 Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21.

Conditions Upon Issuance of Shares.

The Company shall not be obligated to issue shares with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Exchange Act, the Securities Act of 1933, as amended, all regulations promulgated thereunder, and the requirements of any stock exchange or automated quotation system upon which the shares may then be listed or quoted, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

22.

No Right to Options or to Employment.

This contract is between the Company and the individual participant and does not in any way alter or amend the existing employment relationship with the Company, its Subsidiary or Consolidated Affiliate. Participation in the 2002 Plan shall in no way constitute any form of agreement or understanding binding on the Company, Subsidiary or Consolidated Affiliate, express or implied, of continued employment for any length of time, nor shall participation in the 2002 Plan interfere in any way with the lawful rights of the actual employer to terminate the employment relationship, which rights are hereby reserved for that particular legal entity.

23.

Limitations on Sales of Stock Purchased Under the 2002 Plan.

The 2002 Plan is intended to provide common stock for investment and not for resale. The Company does not, however, intend to restrict or influence any participant in the conduct of his or her own affairs. A participant, therefore, may sell stock purchased under the 2002 Plan at any time, subject to compliance with any applicable Federal or state securities laws; provided, however, that because of certain Federal tax requirements, each participant will agree by entering the 2002 Plan, promptly to give the company notice of any such stock disposed of within two years after the date of the grant of the applicable option, showing the number of such shares disposed of. **THE INDIVIDUAL EMPLOYEE ASSUMES THE RISK OF ANY MARKET FLUCTUATIONS IN THE PRICE OF THE STOCK.**

A-9

24.

2002 Plan Effective Date and Shareholder Approval.

The 2002 Plan shall become effective upon approval by the Company's shareholders by a vote sufficient to meet the requirements of Section 423(b)(2) of the Code at the next annual meeting of the shareholders to be held May 8, 2002, which is prior to the first Exercise Date. In the event that the 2002 Plan is approved by the Company's shareholders, the final plan year for the existing 1988 Plan shall close on July 31, 2002 and the 1988 Plan shall be terminated upon distribution of shares purchased in such final plan year with any remaining shares registered for issuance under the 1988 Plan being transferred to Reserves under this 2002 Plan.
