SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

The statements contained in this report which are not historical fact are "forward-looking statements" that involve various important assumptions, risks, uncertainties and other factors which could cause the Company's actual results for 2002 and beyond to differ materially from those expressed in such forward-looking statements. These important factors include, without limitation, competitive factors and pricing pressures, changes in legal and regulatory requirements, technological change or difficulties, product development risks, commercialization and trade difficulties and general economic conditions, as well as other risks previously disclosed in the Company's securities filings and press releases.

GENERAL

We are a wood products company which has been in business since 1980. Our business has increased over the years. We are almost wholly dependent on sales to Home Depot.

QUARTER ENDED JULY 31, 2002 COMPARED TO THE QUARTER ENDED JULY 31, 2001.

Net sales for the quarter ended July 31, 2002 were approximately \$247,000, an increase of 87% as compared to net sales of approximately \$132,000 for the quarter ended July 31, 2001. Net sales increased due to more sales to Home Depot.

Cost of sales were approximately \$148,000 for the quarter ended July 31, 2002, an increase of approximately \$81,000 or 121% over the comparable 2001 period cost of sales of approximately \$67,000. Cost of sales as a percentage of net sales was approximately 60% for the quarter ended July 31, 2002 compared to approximately 51% for the quarter ended July 31, 2001. This increase is primarily attributable to an increase in product costs during the current quarter that was not passed on to Home Depot.

Selling, general and administrative expenses were approximately \$107,000 for the quarter ended July 31, 2002, a decrease of approximately \$50,000 or 32% over selling, general and administrative expenses of approximately \$157,000 for the quarter ended July 31, 2001. This decrease was due primarily to a decrease in salaries and related costs and other general expenses.

Interest income for the quarter ended July 31, 2002 was approximately \$500 compared to \$3,000 for the quarter ended July 31, 2001.

Arbor's net loss decreased from approximately \$89,000 for the quarter ended July 31, 2001 to approximately \$8,000 for the quarter ended July 31, 2002. This was a decrease of approximately \$81,000, or 91%.

LIQUIDITY AND CAPITAL RESOURCES

Edgar Filing: ARBOR ENTECH CORP - Form 10QSB

In the periods discussed above, Arbor's working capital requirements have been met primarily from sales of its wood products. At July 31, 2002 we had working capital of approximately \$695,000.

As at July 31, 2002, we had cash and cash equivalents of approximately \$287,000, which represented 36% of total assets. Arbor believes it has adequate working capital and will generate net revenues adequate to fund its operations for at least the next 12 months.

Net cash provided by operating activities was approximately \$22,000 for the quarter ended July 31, 2002, as compared to net cash used in operating activities of approximately \$340,000 for the quarter ended July 31, 2001. This increase of approximately \$362,000 is primarily attributable to a reduction of net loss of approximately \$81,000 and a net change in operating assets and liabilities of approximately \$281,000.

Net cash provided by financing activities increased by approximately \$14,000, primarily attributable to net capital contributed in connection with related party loans.
