**UKBETTING, UK'S LARGEST INDEPENDENT ONLINE SPORTS CONTENT PROVIDER,
LAUNCHES NEW POKER SITES USING CRYPTOLOGIC SOFTWARE**

CryptoLogic's multi-player poker technology is made available to millions of Europeans

June 4, 2003 (Toronto, ON) CryptoLogic Inc., a leading software developer to the Internet gaming and e-commerce industries, announced today that another leading European customer has launched new online poker offerings that add to the increasingly large global player community enjoying live poker action powered by CryptoLogic-developed software.

Edgar Filing: CRYPTOLOGIC INC - Form 6-K

Through an exclusive license agreement with CryptoLogic's wholly-owned subsidiary, WagerLogic Inc., ukbetting plc has now introduced WagerLogic's Internet poker at its well-known betting sites, www.ukbetting.com and www.totalbet.com. A licensed and regulated online sports book and the UK's largest independent Internet sports content provider through its sites, www.sportinglife.com and www.teamtalk.com, ukbetting targets its interactive wagering and sports content services to a monthly user base of 3.5 million European sports fans.

The ukbetting group adds to the growing number of international brand name customers leveraging the success of our poker solution to expand into this big growth market on the Internet, said Lewis Rose, CryptoLogic's President and CEO. Since the launch of our poker product last fall, hundreds of players worldwide play at our customers' sites every day, and have taken home tens of millions of dollars in winnings. We have quickly proven ourselves as a market-leading provider of online poker entertainment.

ukbetting's new online poker sites bring the land-based poker room experience, live to the Internet. ukbetting's fast-growing international customer base can now enjoy the most popular poker games—Texas Hold'em, 7-Card Stud, Omaha High and Omaha High/Low—with players from around the world, anytime of the day. The scalability and liquidity of WagerLogic's centralized poker software ensure that players can always find a game at their desired stake level. Players also have the convenience and choice of currency—U.S. dollars, British pound sterling or Euros—all at the same table. Single table tournament capability is the most recent enhancement, providing a popular marketing feature that increases player appeal and traffic.

CryptoLogic has enabled us to quickly and easily introduce multi-player poker games to our interactive wagering services, said Eric Semel, Chief Executive Officer, ukbetting plc. The success of their centralized poker technology in multi-currencies means that our players can instantly enjoy live poker play—there is always a game. For ukbetting, we can leverage our extensive customer base and brand name to gain early entry into the large, fast-growing poker segment on the Internet with immediate market penetration and results.
