PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS

To be held on Wednesday, June 2, 2010

This proxy statement is being furnished to holders of common stock, \$.01 par value per share (the “Common Stock”) of Presstek, Inc., a Delaware corporation, in connection with the solicitation of proxies by the Board of Directors of the Company (the “Board”) for use at the Annual Meeting of the Company’s stockholders to be held on Wednesday, June 2, 2010, commencing at 1:30 P.M. local time, and at any adjournment or postponement thereof (the “Annual Meeting”). The Annual Meeting is to be held at the offices of McDermott Will & Emery LLP, 340 Madison Avenue, New York, New York. The Company’s Annual Report on Form 10-K, containing audited consolidated financial statements for the fiscal year ended January 2, 2010 (“fiscal 2009”), is being mailed contemporaneously with this proxy statement to all stockholders entitled to notice of, and to vote at, the Annual Meeting. This proxy statement and the accompanying form of proxy were first furnished to stockholders on or about April 23, 2010.

Presstek’s address is 10 Glenville Street, Greenwich, Connecticut 06831.

Q: What is the purpose of the Annual Meeting?

A: At the Annual Meeting, the Company’s stockholders will be asked to vote on the matters listed in the accompanying notice of Annual Meeting, namely:

1. the election of eight directors;
2. the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ended January 1, 2011; and
3. such other business as may properly come before the Annual Meeting and any adjournment or postponement thereof.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on the record date, April 6, 2010, are entitled to vote their shares of our Common Stock. Each outstanding share of Common Stock is entitled to one vote. At the close of business on the record date, there were 36,854,802 shares of our Common Stock outstanding. The Company has no other voting securities issued and outstanding. Proxies in the accompanying form, properly executed and returned to the management of the Company by mail, telephone or the Internet, and not revoked, will be voted at the Annual Meeting. Any proxy given pursuant to such solicitation may be revoked by the stockholder at any time prior to the voting of the proxy by a subsequently dated proxy, by written notice of revocation of the proxy delivered to the Secretary of the Company, or by personally withdrawing the proxy at the Annual Meeting and voting in person.

Q: How many shares must be present to hold the meeting?

A: A quorum must be present at the meeting for business to be conducted. The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock as of the Record Date, is necessary to establish a quorum for the transaction of business at the Annual Meeting.

Q: What if a quorum is not present at the meeting?

A: If a quorum is not present at the time of the meeting, the stockholders who are represented may adjourn the meeting until such time as a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given.

Q: How do I vote?

A: You may vote in any of three ways:

- * You may vote by mail if you complete, sign and date the accompanying proxy card and return it in the prepaid envelope. Your shares will be voted confidentially and in accordance with your instructions;
- * You may vote by telephone or via the Internet in accordance with the instructions found on your proxy card; and
- * You may vote in person if you are a registered stockholder and attend the meeting and deliver your completed proxy card in person. At the meeting, the Company will also distribute written ballots to registered stockholders who wish to vote in person at the meeting. Beneficial owners of shares held in "street name" who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Internet and Electronic Availability of Proxy Materials

As permitted by the Securities and Exchange Commission (the "SEC"), the Company is sending a Notice of Internet Availability of Proxy Materials (the "Notice") to certain stockholders of record. All stockholders will have the ability to access the Proxy Statement, the proxy and the Company's Annual Report on Form 10-K for the fiscal year ended January 2, 2010 as filed with the SEC on March 24, 2010 on a website referred to in the Notice or to request a printed set of these materials at no charge. Instructions on how to access these materials over the Internet or to request a printed copy may be found in the Notice.

In addition, any stockholder may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to stockholders and will reduce the impact of annual meetings on the environment. A stockholder's election to receive proxy materials by email will remain in effect until the stockholder terminates it.

Q: How many votes does it take to approve the items to be voted upon?

A: Directors are elected by a plurality of votes. This means that, assuming a quorum is present at the meeting, director nominees will be elected if the nominees receive the greatest number of affirmative votes cast for the election of directors. All other matters at the meeting will be decided by a majority of the votes cast by the stockholders present in person or represented by proxy and entitled to vote at the Annual Meeting.

Q: Can I revoke my proxy before it is exercised?

A: Yes, you may revoke your proxy and change your vote at any time before the polls close at the meeting by using any of the following methods:

- * by signing another proxy with a later date;
- * by voting by telephone or via the Internet after the date and time of your last telephone or Internet vote; or
- * if you are a registered stockholder, by giving written notice of such revocation to the Secretary of the Company prior to or at the meeting or by voting in person at the meeting.

Attendance at the meeting will not automatically revoke a previously granted proxy.

Q: Who will count the votes?

A: The Company will designate the Inspector(s) of Elections for the Annual Meeting.

Q: How will different types of votes be counted?

A: Votes will be counted and certified by the Inspector(s) of Election. Abstentions and “broker non-votes” (i.e. proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining the presence of a quorum. Because broker non-votes and abstentions are not considered to be votes cast, they will have no effect on the votes for the matters presented at the Annual Meeting. The proxies received by the management of the Company will be voted in accordance with the instructions contained therein. Unless otherwise stated, all shares represented by such proxy will be voted as instructed. Proxies which are executed but which do not contain specific instructions will be voted FOR the matter in question.

Q: Who is soliciting my proxy?

A: This solicitation is being made by the Board of Directors of the Company. The Company will bear all costs of soliciting proxies. The Company may request its officers and regular employees to solicit stockholders in person, by mail, e-mail, telephone, telegraph and through the use of other forms of electronic communication. In addition, the Company may request banks, brokers and other custodians, nominees and fiduciaries to solicit their customers who have Common Stock registered in the names of a nominee and, if so, will reimburse such banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs. Solicitation by the Company’s officers and regular employees may also be made of some stockholders in person or by mail, e-mail, telephone, telegraph or through the use of other forms of electronic communication following the original solicitation. The Company may retain a proxy solicitation firm to assist in the solicitation of proxies. The Company will bear all reasonable solicitation fees and expenses if such proxy solicitation firm is retained.

Q: When are the stockholder proposals for the 2011 Annual Stockholders meeting due?

A: If a stockholder would like a proposal to be included in the Company’s Proxy Statement for the 2011 Annual Meeting of Stockholders, the stockholder must (i) submit the proposal in writing and addressed to the Company’s Secretary no later than December 24, 2010, and (ii) satisfy the conditions established by the Securities and Exchange Commission and the Company’s Certificate of Incorporation and Bylaws for stockholder proposals in order for the proposition to be considered for inclusion in the Company’s proxy statement and form of proxy relating to such Annual Meeting. Any such proposals, as well as any questions related thereto,

should be directed to the Secretary of the Company.

After the December 24, 2010 deadline, a stockholder may submit a nomination for director or present a proposal suitable for stockholder action at the Company's 2011 Annual Meeting if it is submitted to the Company's Secretary at the address set forth below, although the Company is not obligated to present the matter or nominee in its proxy statement. Our proxy for the 2011 Annual Meeting will give discretionary authority to the proxy holders to vote on all proposals we receive after March 9, 2011.

Any such stockholder proposal or director nomination should be submitted in accordance with the Company's Certificate of Incorporation and Bylaws to Presstek, Inc., 10 Glenville Street, Greenwich, Connecticut 06831, Attention: Secretary of the Company.

The Company's Board of Directors has determined that Mr. Rappaport, who qualifies as an independent director under Nasdaq listing standards, is also "an audit committee financial expert" as such term is defined by a regulation of the Securities and Exchange Commission ("SEC"). This assessment includes issues of diversity in numerous factors such as age, understanding of and achievements in manufacturing, technology, finance and marketing, international experience and culture. These factors, and any other qualifications considered useful by the Committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nominating and Governance Committee and of the Board may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective Board members. The Committee establishes procedures for the nomination process and recommends candidates for election to the Board. The Nominating and Governance Committee chairperson reports on Committee actions and recommendations at Board meetings.

Consideration of new Board nominee candidates typically involves a series of internal discussions, review of information concerning candidates and interviews with selected candidates. The Board is committed to a diversified membership, in terms of both the individuals involved and their various experiences and areas of expertise. The Company's Corporate Governance Guidelines provide that Directors should possess the highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of the Company's stockholders. The Guidelines further provide that character, judgment, business acumen, as well as printing and publishing, financial and other significant business experience are among the relevant criteria for Board membership. The Board does not, however, have a formal policy with respect to diversity in identifying or selecting nominees for the Board, but in evaluating nominees, the Board assesses the background of each candidate in a number of different ways including how the individual's qualifications complement, strengthen and enhance those of existing Board members as well as the future needs of the Board. In general, candidates for nomination to the Board are suggested by Board members or by management. Stanley E. Freimuth was appointed by the Board on November 4, 2009. Mr. Freimuth was recommended to the Nominating and Governance Committee for service on our Board by the Chief Executive Officer. In fiscal year 2009, Presstek did not employ a search firm or pay fees to other third parties in

connection with seeking or evaluating Board nominee candidates. The Nominating and Governance Committee will consider candidates who are proposed by stockholders and has from time to time received unsolicited candidate proposals from stockholders. The Committee evaluates candidates proposed by stockholders using the same criteria as used for other candidates. A stockholder seeking to recommend a prospective nominee for the Nominating and Governance Committee's consideration should submit the candidate's name and qualifications to Presstek, Inc., 10 Glenville Street, Greenwich, Connecticut 06831, Attention: Corporate Secretary.

THE COMPENSATION COMMITTEE

The Company has a Compensation Committee of the Board (the “Compensation Committee”), which is currently comprised of Mr. Waite as Chair and Messrs. Barr and Freimuth. The Board has adopted a written charter for the Compensation Committee, which is available on the Company’s Web site at www.presstek.com. The Compensation Committee held two meetings during fiscal 2009. The Compensation Committee sets the compensation of the executive officers of the Company and makes recommendations to the Board regarding the compensation of the members of the Board. Generally, management is not involved in the setting of compensation for the executive officers, except that the Chief Executive Officer participates in discussions related to compensation for all other executive officers. The Compensation Committee is comprised entirely of non-employee directors. The Compensation Committee chairperson reports on Committee actions and recommendations at Board meetings. The Compensation Committee has the authority to engage the services of outside advisors, experts and others to assist the Compensation Committee. In fiscal 2007, the Compensation Committee retained Pearl Meyer & Partners as a compensation consultant to provide the Committee with independent analysis and competitive market data in connection with the Committee’s negotiation of a compensation arrangement with Mr. Jacobson, who joined the Company in May 2007 as President and Chief Executive Officer. In fiscal 2008, the Committee used compensation survey data acquired from Radford Consulting in connection with the benchmarking of executive positions.

BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

As noted in the Company's Corporate Governance Guidelines, the Board does not have a policy with regard to whether the role of the Chairman and Chief Executive Officer should be separate or combined, or whether the Chairman should be selected from the independent Directors or be an employee. The Board believes that it is desirable to have the flexibility to decide whether the roles of Chairman of the Board and Chief Executive Officer should be combined or separate in light of the Company's circumstances from time to time. The Board currently combines the role of Chairman of the Board with the role of Chief Executive Officer. The Board believes this currently provides an efficient and effective leadership model for the company. The Company's independent directors, currently led by Lead Director Barr, bring experience, oversight and expertise from outside the company and both inside and outside the industry, while the Chief Executive Officer brings company-specific experience and expertise. The Board believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance.

The Audit Committee takes the lead in overseeing risk management at the Board level. The Audit Committee periodically reviews the Company's risk assessment and management, including the areas of internal auditing and financial controls, and the Committee assesses the risk of litigation and legal compliance matters as they relate to the Company’s financial statements. The Committee also receives reports from management and other advisors, including periodic risk assessment surveys by internal audit covering a broad range of business risks. Although the Board's primary risk oversight is performed by the Audit Committee, the full Board also periodically receives information about the Company's risk management and the most significant risks that the Company faces. In addition to ongoing compliance efforts, the Board encourages management to promote a corporate culture that understands risk management and incorporates it into the overall corporate strategy and day-to-day business operations.

EXECUTIVE COMPENSATION

Discussion of Executive Compensation

Compensation Philosophy and Objectives

The Company's compensation philosophy is to provide a total compensation package that motivates management to profitably achieve our strategic growth and annual operating objectives and enables us to attract and retain talented executives.

We seek to align management's interests with those of our stockholders by using equity-based long-term incentive awards. These awards generally consist of stock options that vest over time, and serve not only as a retention tool, but also as a means to encourage enhanced performance of our Common Stock since executives obtain the opportunity for financial rewards only when the stock price increases. The Company's philosophy is to base a significant portion of targeted annual cash incentive awards upon our annual performance against pre-established financial targets, so that executives receive greater incentive payments when the Company achieves its financial goals.

We seek to motivate management to achieve growth and operating objectives by designing compensation programs that reward the achievement of pre-determined performance objectives in areas that the Committee believes are critical to the Company's success.

We seek to attract and retain talented executives by ensuring that the compensation opportunities provided to them are competitive in relation to similar positions at comparable organizations and by ensuring retention through time-vested equity-based incentive awards. We do this by using compensation survey data for the relevant position, including levels within different elements of compensation (base salary, annual bonus, long-term incentives and fringe benefits), to make sure that the compensation package that we provide to an executive has a total value that is at least near the mid-point for total compensation within the applicable survey data, and that the various elements of compensation for the position present an appropriate mix for the position.

Components of the Compensation Program

The Company's executive compensation program is comprised of the following components, in support of our executive compensation philosophy.

Base Salary. Base salary is based upon competitive market data derived from compensation surveys, such as those used in 2008 and described below, as well as compensation information derived from search firms in connection with the Company's recruitment of new executives. Our objective is to pay competitive base salaries in order to attract and retain talented executives. Increases in base salary are used to reward performance and/or to address changes in the market with respect to the competitive salary for a particular position.

Annual Incentive Program. Annual cash bonus opportunities for executives are based upon the achievement of targeted performance levels in specific categories. Bonus targets, expressed as a percentage of base salary, are established for each executive by the Compensation Committee, with reference to benchmarking data for comparable positions. Bonus targets for Mr. Jacobson were established in connection with the negotiation of his employment agreement; see "Discussion Concerning Summary Compensation and Grants of Plan-Based Awards Tables." These incentives are designed to reward performance and to provide market competitive compensation opportunities to executives. The Committee retains the discretion to reward achievement in the absence of meeting specific

performance objectives if it deems such discretionary payments are warranted under the circumstances.

Long-Term Incentive Program. Time-vested equity compensation in the form of stock options and other equity based awards provided to executives are intended to reward performance, to serve as a retention tool, to align the interests of management with those of stockholders and to provide market competitive compensation opportunities to executives. The level of awards granted by the Compensation Committee are determined with reference to benchmarking data for each executive position, with input from the Chairman, President and Chief Executive

11

Officer with respect to executives other than himself. The Board of Directors has adopted an Equity Award Policy and Procedures relating to the awarding of equity awards. If at the time proposed for an award the Company possesses material non-public information, the policy provides that awards will not be granted if the Compensation Committee reasonably anticipates that promptly following the grant the Company will release material information that it believes would result in an increase in the Company's stock price. While the policy provides for the granting of equity awards by unanimous written consent of the Compensation Committee, the policy also expresses the desire of the Board that awards shall be made at meetings of the Committee, either in person or by telephone; all awards made by the Compensation Committee since the adoption of the policy in December 2007 have been made at meetings of the Committee.

Benefits/Perquisites. We provide executives with generally the same benefits as those provided to all other salaried employees, such as health and dental insurance, life insurance, short- and long-term disability, 401(k) plan with company match, and an employee stock purchase plan. In addition, we also provide certain executives, including the named executive officers, with a car allowance and reimbursement of gas expenses.

In addition, as described below in this proxy statement under the headings "Discussion Concerning Summary Compensation Table" and "Potential Payments Upon Termination Or Change In Control" we provide executive officers benefits in the event of a change in control and employment termination other than for cause under employment and severance agreements, stock grant agreements accompanying individual grants, and/or benefit plans available to employees generally. The amount the Company will pay under these arrangements is determined under the terms of the individual arrangements and in some cases varies depending on the executive's length of service. These agreements help us to attract talented executives, reduce the potential for employment litigation and avoid the loss of our executives to our competitors and other companies.

Compensation Committee

The current members of the Committee are Donald C. Waite, III (Chairman), Edward E. Barr, and Stanley E. Freimuth. The Committee's charter charges it with various duties and responsibilities, including responsibility for establishing annual and long-term performance goals for the Company's officers, including the compensation and evaluation of the performance of executive officers. The Committee's charter is reviewed annually and can be found on our website at www.presstek.com. The three primary elements of compensation for the named executive officers (annual base salary, long-term incentives and annual bonus) are considered by the Committee at least once each year.

Management's Role in Compensation

The Chairman, President and Chief Executive Officer, the Executive Vice President and Chief Financial Officer and the Vice President, General Counsel and Secretary often attend Committee meetings to present matters for consideration by the Committee and to answer questions regarding those matters.

The Chairman, President and Chief Executive Officer recommends to the Committee increases or changes in compensation for executive officers other than himself, based on his assessment of each individual's performance, contribution to the Company's results, potential for future contributions to our success and market information. The Committee meets in executive session without any members of management present to review the performance and compensation of the Chairman, President and Chief Executive Officer, to evaluate compensation proposals made by management and to make decisions with respect to these proposals. The Committee has ultimate responsibility for approving and setting compensation levels for the Company's executive officers, other than the Chief Executive Officer, with respect to whom the Committee makes recommendations to the full Board.

Compensation Consultants

The Committee uses the services of compensation consultants from time to time. In 2008, the Committee used compensation survey data acquired from Radford Consulting for the purpose of benchmarking compensation levels for the Company's executive positions against the market for comparable positions. The Committee did not use such data in 2009 as salary increases were not provided to executives.

Discussion Concerning Summary Compensation Table

Employment Agreements

Employment Agreement with Mr. Jacobson. We have entered into an employment agreement with Mr. Jacobson. The terms of this agreement that relate to his compensation are described below. The terms that relate to termination and change in control are set forth in the section below entitled "Potential Payments Upon Termination Or Change In Control."

The Company entered into this employment agreement on May 10, 2007 (referred to as the "effective date"). The agreement provides for a four-year term of employment for Mr. Jacobson, which will automatically be extended for one-year periods on each anniversary of the effective date, starting on the fourth anniversary, unless either the Company or Mr. Jacobson gives 180 days written notice of non-renewal.

The agreement provides for the following compensation and benefits for Mr. Jacobson:

- The agreement sets forth an initial base salary of \$600,000 for the first year of the term of the agreement. The base salary will be increased to no less than \$633,000 in the second year of the term, no less than \$667,000 in the third year of the term and no less than \$700,000 in the fourth year of the term. Once increased, the base salary cannot be decreased without Mr. Jacobson's consent. Upon the request of Mr. Jacobson, on May 13, 2009 the Company entered into an amendment to the Employment Agreement to provide that Mr. Jacobson's guaranteed salary increase would be waived for six months. This waiver was extended by an additional six month period by further amendment to the Employment Agreement on November 23, 2009. These amendments provide that in the event of Mr. Jacobson's termination of employment, payments and benefits to which Mr. Jacobson would be entitled shall be calculated as if he had not waived this salary increase.

The agreement provides that Mr. Jacobson will be entitled to a guaranteed cash bonus of \$400,000 for 2007, which would be pro-rated if his employment commenced after May 15, 2007. Beginning with calendar year 2008, Mr. Jacobson is eligible to receive an annual discretionary bonus targeted at 66.67% of his annual base salary (which target bonus percentage will be increased to 75% and 100% in 2009 and 2010, respectively). The target bonus will be paid based on Mr. Jacobson's achievement of certain goals and objectives to be determined by the Board in consultation with Mr. Jacobson.

- Pursuant to the agreement, on the effective date, Mr. Jacobson was granted as a signing bonus 300,000 shares of Common Stock and, on this same date, an option to purchase 1,000,000 shares of Common Stock. The shares of Common Stock subject to this option vest as follows: 20% of the shares subject to this option vested on the date of grant, and an additional 20% will vest on each of January 1, 2008, 2009, 2010 and 2011, subject to Mr. Jacobson remaining employed on each such date, except as provided as follows. The option will vest in full upon a termination of Mr. Jacobson's employment without cause, a termination of his employment by Mr. Jacobson with good reason or due to his disability or death, a change in control of the Company or the giving of a notice of non-renewal of the employment term by either party. Each portion of the option that vests will remain exercisable for five years after the applicable vesting date.
- Mr. Jacobson is also entitled to participate in the Company's benefit plans, including pension, retirement, life insurance and medical insurance plans (if so adopted by the Company). He is also entitled to a car allowance in the amount of \$1,000 per month and, by subsequent agreement, reimbursement for gasoline.

Employment Agreement with Mr. Cook. We have entered into an employment agreement with Mr. Cook. The terms of this agreement that relate to his compensation are described below. The terms that relate to termination and change in control are set forth under "Potential Payments Upon Termination Or Change In Control."

The Company entered into this employment agreement on February 27, 2007. The agreement provides for a three-year term of employment for Mr. Cook, which will automatically be extended for one-year periods on each anniversary of the date he commenced employment, starting on the third anniversary, unless either the Company or Mr. Cook gives 180 days written notice of non-renewal.

The agreement provides for the following compensation and benefits for Mr. Cook:

- The agreement sets forth an initial base salary of \$275,000, which will be reviewed at least annually. The base salary cannot be decreased without Mr. Cook's consent.
- The agreement provides that Mr. Cook will be entitled to a guaranteed cash bonus of \$165,000 for 2007, which is pro-rated based on the number of full months he was employed during 2007. Beginning with calendar year 2008, Mr. Cook is eligible to receive an annual discretionary target bonus of up to 60% of his annual base salary. The actual amount of the bonus will be based on Mr. Cook's achievement of certain goals and objectives to be determined by the Board.
- Pursuant to the agreement, Mr. Cook was granted an option to purchase 250,000 shares of Common Stock. The shares of Common Stock subject to this option vest as follows: 41,666 were vested on the date of grant and the remaining 208,334 shares subject to the option will vest in equal annual installments on the first five anniversaries of the date of grant, subject to Mr. Cook remaining employed on each such date, except that the option will vest in full upon a change in control of the Company or upon his death or disability, or the giving of a notice of non-renewal of the initial employment term by the Company.
- Mr. Cook is also entitled to participate in the Company's benefit plans, including pension, retirement, life insurance and medical insurance plans (if so adopted by the Company). He is also entitled to a car allowance in the amount of \$1,000 per month and reimbursement for gasoline.

Employment Agreement with Mr. Sasson. We have entered into an Employment Contract with Mr. Sasson. The terms of this agreement that relate to his compensation are described below. The terms that relate to termination are set forth under "Potential Payments Upon Termination Or Change In Control."

- Mr. Sasson is entitled to a monthly car allowance in the amount of €800 per month and reimbursement for travel expenses in accordance with Company policy.

Potential Payments Upon Termination or Change In Control

The Company has entered into employment agreements that will require the Company to provide compensation to the current named executive officers, Messrs. Jacobson and Cook, in the event of a termination of employment or a change in control of the Company. The material provisions of these agreements are described below. In addition, the Company has agreed to make certain payments to Messrs. Levin, Sasson and Van Horn in the event of the termination of their employment other than for cause, and has agreed that all outstanding stock options will accelerate and become exercisable upon a change in control of the Company.

Termination Provisions of Employment and Severance Arrangements with Messrs. Jacobson and Cook

Termination Provisions of Mr. Jacobson's Employment Agreement. Under the terms of Mr. Jacobson's employment agreement, if his employment is terminated by the Company without cause, by him with good reason, due to his death or disability or if either the Company or Mr. Jacobson provides the other party with notice of non-renewal of the employment term, Mr. Jacobson shall be entitled to the following payments and benefits upon his termination of employment:

- full vesting of all unvested stock options, restricted stock and other equity awards;
- 1.5 times (or one times in the case of a termination due to non-renewal of the employment term by Mr. Jacobson) the sum of Mr. Jacobson's then annual base salary, target annual bonus for the year of termination (assuming that 100% of the performance goals are achieved) and discretionary bonus (if any) paid during the year immediately preceding the year in which such termination occurs, payable in equal monthly installments over the 18-month period following employment termination; and
- continued coverage under the Company's medical plans, car allowance and reimbursement of fuel expenses during the period that he is receiving severance, with the Company continuing to pay its portion of the applicable premiums during this period.

If Mr. Jacobson terminates his employment for good reason in connection with a change in control of the Company or in the event that Mr. Jacobson dies or becomes disabled within six months of a change in control, in lieu of the severance payments described above, he will be entitled to receive a lump sum cash payment equal to 2.99 times his annual base salary, target annual bonus for the year of termination (assuming that 100% of the performance goals are achieved) and discretionary bonus (if any) paid during the year immediately preceding the year in which such termination occurs (or at his option, treated as if a discretionary bonus had been paid without pro-ration for the year in which the change in control occurs), minus the amount of any severance payments he has already received. The amount will be paid to him in a lump sum following the later of the change in control or termination of employment, to the extent permitted by Section 409A of the Code. In addition, upon the occurrence of a change in control, all equity awards held by Mr. Jacobson will vest in full.

To the extent that any benefits or payments provided to Mr. Jacobson are subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, he can elect to have the Company reduce such payments so that no payment will be subject to this excise tax. If he does not elect to reduce the payments, he will be responsible for the amount of this tax.

For purposes of Mr. Jacobson's employment agreement, "cause" means his:

- conviction of a felony or theft from the Company;
- breach of fiduciary duty involving personal profit; or
- sustained and continuous conduct which adversely affects the Company's reputation or his failure to comply with the lawful directions of the board of directors, in each case that is not remedied within 30 days after notice is given to him by the Company of such act.

“Good reason” is defined as any one of the following, which is not cured within 30 days by the Company after notice is given by Mr. Jacobson:

- any material diminution in his duties, title, authority or reporting line, or failure to reelect or reappoint him to the board of directors;
 - a reduction in or failure to pay compensation when due;
 - a change in control;
- a relocation without consent to a principal work place that is more than 50 miles from the Company’s headquarters in New Hampshire or the Westchester County Airport; or
 - a reduction of his benefits under the Company’s benefit plans to less than the benefits of 90% of the Company’s other employees, except if initiated by Mr. Jacobson or approved in his capacity as a board member.

“Disability” means Mr. Jacobson is unable, because of injury or sickness, to perform the material duties of his regular occupation for six consecutive months in any 12 month period.

“Change in control” means:

- individuals who constitute the board of directors of the Company cease to constitute a majority of the board as a result of any cash tender or exchange offer, merger or other similar transaction;
- the consummation of a merger if more than 50% of the combined voting power after such transaction is not owned by the Company’s stockholders as of immediately prior to such transaction; or
 - the sale or disposition of all or substantially all the Company’s assets.

Mr. Jacobson’s right to receive severance payments and benefits is conditioned upon his execution of a release and compliance with the confidentiality and non-competition and non-solicitation covenants contained in his employment agreement. Mr. Jacobson is required to refrain from competing with the Company for 18 months after a termination of his employment by the Company for cause or by him without good reason or if he elects not to renew the employment term. The period will be 12 months if the termination is by him with good reason as a result of a change in control, and if the termination is by the Company without cause or otherwise by him with good reason, the period will be six months following employment termination. Mr. Jacobson will not be subject to non-competition and non-solicitation covenants if his employment is terminated due to the Company electing not to renew the employment term. Mr. Jacobson has agreed to remain employed for up to six months following a change in control if so requested and any period in which he is so employed will count against the periods described in this paragraph.

Termination Provisions of Mr. Cook’s Employment Agreement. Under the terms of Mr. Cook’s employment agreement, if his employment is terminated by the Company without cause or if either the Company or Mr. Cook provides the other party with notice of non-renewal of the employment term, Mr. Cook shall be entitled to the following payments and benefits upon his termination of employment:

- One year of base salary, payable in 12 equal monthly installments (or, in the case of a termination that occurs before Mr. Cook has completed 12 months of service, one month of base salary for each completed full month of service, with a minimum payment equal to six months of base salary); and
- Full vesting of unvested stock options (upon a non-renewal of the initial employment term by the Company).

If his employment is terminated by the Company without cause or by him with good reason in connection with or within the one and a half year period following a change in control, he shall be entitled to the following payments and benefits upon his termination of employment:

- Two times Mr. Cook's average annual base salary over the five most recent years immediately prior to the change in control, payable in a lump sum; and
 - Full vesting of unvested stock options upon a change of control.

In addition, upon his death or disability, all stock options held by Mr. Cook will vest in full.

For purposes of Mr. Cook's employment agreement, "cause" is generally defined in the same manner as Mr. Jacobson's agreement, except that in lieu of the last prong described under Mr. Jacobson's agreement, cause for Mr. Cook exists if there is sustained and continuous conduct by Mr. Cook that adversely affects the reputation of the Company.

"Good Reason" is defined as any one of the following, without Mr. Cook's consent:

- the assignment of duties and responsibilities that are not at least substantially equivalent to his duties and responsibilities before the change in control or a failure to continue him in a position and title that is substantially equivalent (other than as a result of a termination without cause or due to his disability);
- a reduction in or failure to pay total annual cash compensation in an amount equal to or greater than the sum of his salary at the highest annual rate in effect during the 12-month period immediately before the change in control and the bonus paid to similarly situated employees under the acquiring Company's bonus plan for the year ending immediately prior to the change in control (with the bonus not to be less than 60% of the bonus provided in the employment agreement);
- a reduction in benefits to less than benefits of similarly situated employees under any benefit plan of the acquiring employer immediately prior to the change in control;
 - a relocation to a location that is more than 35 miles from the Company's current headquarters; or
 - a material breach of the employment agreement by the Company.

"Change in control" means individuals who constitute the board of directors cease to constitute a majority of the board as a result of any cash tender or exchange offer, merger or other similar transaction.

Mr. Cook's right to receive severance payments and benefits is conditioned upon his execution of a release and compliance with the confidentiality and non-competition and non-solicitation covenants contained in his employment agreement. Mr. Cook is required to refrain from competing with the Company for two years after a termination of his employment for any reason and soliciting the Company's employees for two years and customers for one year after a termination of his employment for any reason.

Termination Provisions of Severance Arrangements with Mr. Levin, Mr. Sasson and Mr. Van Horn

Severance Arrangements with Mark J. Levin. Under the arrangement with Mr. Levin, in the event of his termination of employment, without cause, he will be entitled to receive an amount equal to one year's base salary. In addition, under the terms of Mr. Levin's Non-Qualified Stock Option Agreements, in the event of a change in control of the Company, all outstanding unvested options shall become immediately vested and exercisable.

Severance Arrangements with Mr. Sasson. Under the Employment Contract between the Company and Mr. Sasson, he is entitled to a three month notice of termination of employment except in case of gross negligence or willful misconduct. In the absence of gross negligence or willful misconduct by Mr. Sasson, if his employment is

terminated by the Company, he will be entitled to receive a lump sum payment in an amount equal to nine months of his base salary in effect during the last month of his full employment before his employment is terminated. In addition, under the terms of Mr. Sasson's Non-Qualified Stock Option Agreements, in the event of a change in control of the Company, all outstanding unvested options shall become immediately vested and exercisable.

Severance Arrangements with James R. Van Horn. Under the arrangement with Mr. Van Horn, in the event of his termination of employment, without cause, he will be entitled to receive an amount equal to one year's base salary. In addition, under the terms of Mr. Van Horn's Non-Qualified Stock Option Agreements, in the event of a change in control of the Company, all outstanding unvested options shall become immediately vested and exercisable.

If Mr. Van Horn's employment is terminated by the Company without cause or by him with good reason in connection with or within the one and a half year period following a change in control, he shall be entitled to the following payments and benefits upon his termination of employment:

- Two times Mr. Van Horn's average annual base salary over the five most recent years immediately prior to the change in control, payable in a lump sum; and
 - Full vesting of unvested stock options upon a change of control.

For purposes of Mr. Van Horn's severance arrangement, "cause" is defined in the same manner as in Mr. Cook's employment agreement.

- "Good Reason" is defined in the same manner as Mr. Cook's employment agreement.

"Change in control" means individuals who constitute the board of directors cease to constitute a majority of the board as a result of any cash tender or exchange offer, merger or other similar transaction.

The Board of Directors of the Company has adopted a policy for the review, approval or ratification of related party transactions involving the Company (including its subsidiaries and affiliates). The Audit Committee has responsibility for overseeing the policy and may review and amend the policy from time to time. The policy provides that all Related Party Transactions (as defined) shall be approved or ratified in accordance with this policy by the Audit Committee.

For purposes of the policy, Related Party Transactions are defined as any transaction, or a series of similar transactions, which is currently proposed or has been in effect at any time since the beginning of the last fiscal year, in

Any member of the Audit Committee who has an interest in the transaction under discussion will abstain from voting on the approval of the Related Party Transaction, but may, if so requested by the Chair of the Audit Committee, participate in some or all of the Committee's discussions of the Related Party Transaction.

(4) Consists of 10,925 shares issuable under awards made under the 1997 Plan and the grant of a non-plan stock option exercisable for 1,000,000 shares of Common Stock to Mr. Jacobson pursuant to Nasdaq Rule 4350(i)(1)(A)(iv) as an inducement material to Mr. Jacobson entering into employment with the Company. As required by SEC rules, since the 1997 Plan and the non-plan stock option were not approved by stockholders, information on such plan and option is set forth below.

1997 Interim Stock Option Plan

The 1997 Plan was adopted for the purpose of granting non-statutory options to any person that the Board believed had contributed, or who would contribute, to the success of the Company or its subsidiaries, including directors, officers, employees, independent agents, consultants and attorneys. A total of 250,000 shares of Common Stock were initially reserved for issuance under the 1997 Plan. The Company's ability to make additional option grants under the 1997 Plan terminated on September 22, 2002; however, the Plan continues to govern the options still outstanding under the 1997 Plan, all of which are fully vested. Pursuant to the terms of the plan, the price per share relating to each option granted under the 1997 Plan was established at the time of grant by the Board (or a committee thereof appointed to administer the plan); provided that the exercise price was not to be less than 100% of the fair market value per share of Common Stock on the date of grant. The 1997 Plan provides for adjustment of any outstanding options to prevent dilution or enlargement of rights, including adjustments in the event of changes in the outstanding

Common Stock by reason of stock dividends, split-ups, recapitalizations, mergers, consolidations, combinations or exchanges of shares, separations, reorganizations, liquidations and the like.

Except as otherwise provided by the Board, options granted under the 1997 Plan may only be transferred by will or by the laws of descent and distribution. If an employee ceases to be employed by the Company (other than for cause or by death or disability), no further installments of the options granted to such employee under the 1997 Plan shall become exercisable, and such options shall, to the extent exercisable on the date of termination, remain exercisable for a period of 30 days following the date of termination. If an employee is terminated for cause or voluntarily leaves the employ of the Company without the Company's consent, options granted to such employee under the 1997 Plan shall automatically terminate and will no longer be exercisable. Upon termination of employment by reason of death, options granted to such employee under the 1997 Plan may be exercised, to the extent exercisable on the date of death, by the employee's beneficiary, at any time within one year after the date of the employee's death. In the event employment is terminated by reason of disability, options granted to such employee under the 1997 Plan shall, to the extent exercisable on the date of termination, remain exercisable for a period of 30 days following the date of termination. Notwithstanding any of the foregoing, no option granted under the 1997 Plan shall remain exercisable beyond the specified termination date of such option.

2007 Option Grant to Mr. Jacobson

The shares of Common Stock subject to the non-plan option grant made to Mr. Jacobson vest as follows: 20% of the shares subject to this option vested on the date of grant, with an additional 20% vesting on each of January 1, 2008, 2009, 2010 and 2011, subject to Mr. Jacobson remaining employed on each such date, except as provided as follows. The option will vest in full upon a termination of Mr. Jacobson's employment without cause, a termination of his employment by Mr. Jacobson with good reason or due to his disability or death, a change in control of the Company or the giving of a notice of non-renewal of the employment term by either party. Each portion of the option that vests will remain exercisable for five years after the applicable vesting date.

RATIFICATION OF AUDITORS

Stockholder ratification of the selection of KPMG LLP as the Company's independent auditors is not required by the Company's By-Laws or otherwise. However, we are submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee

The Board recommends a vote FOR the ratification of the selection of KPMG LLP, and proxies received by the Company will be so voted unless stockholders specify a contrary choice in their proxies.
