Items 1.01, 1.02, and 2.03 - Entry into a Material Definitive Agreement, Termination of a Material Definitive Agreement, and Creation of a Direct Financial Obligation

On October 31, 2013, Eastman Chemical Company (the "Company") entered into a \$1.0 billion revolving credit agreement (the "Amended and Restated Credit Facility") expiring October 31, 2018. The Amended and Restated Credit Facility amends, and has terms substantially similar to, the \$750 million revolving credit agreement (the "Prior Credit Facility") which, by its terms, was scheduled to expire in December 2016. (The Prior Credit Facility is filed as Exhibit 10.01 to the Company's Current Report on Form 8-K dated December 7, 2011 and is described in "Management's Discussion and Analysis of Financial Condition and Results of Operations -- Liquidity, Capital Resources, and Other Financial Information - Liquidity and Capital Resources" in the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2013.) At October 31, 2013 the Company had no outstanding borrowings under the Prior Credit Facility, and at November 4, 2013 the Company had no outstanding borrowings under the Amended and Restated Credit Facility.

Borrowings under the Amended and Restated Credit Facility are subject to interest at varying spreads above quoted market rates, and a commitment fee is paid on the total unused commitment and letter of credit fees are paid on the amount of any issued letters of credit based upon the Company's long-term senior unsecured non-credit-enhanced debt rating. The Amended and Restated Credit Facility contains a number of customary covenants and events of default, including the maintenance of a ratio of Debt to Consolidated EBITDA (as defined in the Amended and Restated Credit Facility) for any four consecutive quarters of not greater than 3.5 to 1. Borrowings under the Amended and Restated Credit Facility may be made in multiple currencies of up to \$1.0 billion for general corporate purposes, for liquidity support for commercial paper borrowings, and for funding draws upon letters of credit issued under the Amended and Restated Credit Facility. The Amended and Restated Credit Facility provides for issuance of letters of credit in the amount of up to \$200 million. Borrowings under the Amended and Restated Credit Facility are repayable no later than October 31, 2018, and may be prepaid at any time.

Certain of the lenders, agents, and other parties to the Amended and Restated Credit Facility and their affiliates have in the past provided lending, commercial banking, underwriting, investment banking, or other advisory services to the Company for which they have received customary compensation.

This description of the Amended and Restated Credit Facility is not complete and is qualified in its entirety by reference to the entire Amended and Restated Credit Facility, a copy of which is filed as Exhibit 10.1 hereto and incorporated herein by this reference.
