ABOUT THIS PROSPECTUS SUPPLEMENT

This prospectus supplement and the accompanying prospectus are part of a registration statement that we filed with the U.S. Securities and Exchange Commission, or the Commission, utilizing a "shelf" registration process. This document is in two parts. The first part is this prospectus supplement, which describes the specific terms of this offering and the common stock offered hereby and also adds to and updates information contained in the accompanying prospectus and the documents incorporated by reference into this prospectus supplement and the accompanying prospectus. The second part, the accompanying base prospectus, gives more general information and disclosure about our securities that we may offer from time to time, some of which does not apply to this offering of common stock offered hereby. When we refer to the prospectus, we are referring to both parts combined, and when we refer to the accompanying prospectus, we are referring to the base prospectus.

If the description of this offering varies between this prospectus supplement and the accompanying prospectus, you should rely on the information in this prospectus supplement. This prospectus supplement, the accompanying prospectus and the documents incorporated into each by reference include important information about us and our common stock being offered and other information you should know before investing. You should read this prospectus supplement and the accompanying prospectus together with the additional information described under the heading, "Where You Can Find Additional Information" in this prospectus supplement and the accompanying prospectus before investing in our common stock.

Any statement made in this prospectus or in a document incorporated or deemed to be incorporated by reference into this prospectus will be deemed to be modified or superseded for purposes of this prospectus to the extent that a statement contained in this prospectus supplement or in any other subsequently filed document that is also incorporated by reference into this prospectus modifies or supersedes that statement. Any statement so modified or superseded will not be deemed, except as so modified or superseded, to constitute a part of this prospectus.

You should rely only on the information contained in or incorporated by reference in this prospectus supplement, the accompanying prospectus and any free writing prospectus relating to this offering. We have not authorized anyone to provide you with information that is different. If anyone provides you with different or inconsistent information, you should not rely on it. We are offering to sell the common stock offered hereby only in jurisdictions where offers and sales are permitted. The information contained in or incorporated by reference in the prospectus is accurate only as of the date such information was issued, regardless of the time of delivery of the prospectus or any sale of the common stock offered hereby.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

We desire to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and are including this cautionary statement in connection with this safe harbor legislation. This document and any other written or oral statements made by us or on our behalf may include forward-looking statements, which reflect our current views with respect to future events and financial performance. The words "anticipate," "believe," "expect," "intend," "estimate," "forecast," "project," "plan," "potential," "may," "should," and similar expressions identify forward-looking statements. We caution that assumptions, expectations, projections, intentions and beliefs about future events may and often do vary from actual results and the differences can be material.

The forward-looking statements in this prospectus are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends,

data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies that are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish the expectations, beliefs or projections described in the forward-looking statements contained in this report. All statements in this prospectus that are not statements of historical fact are forward-looking statements.

S-1

Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the following:

- our ability to maintain or develop new and existing customer relationships with major refined product importers and exporters, major crude oil companies and major commodity traders, including our ability to enter into long-term charters for our vessels;
- our future operating and financial results;
- oil and chemical tanker industry trends, including charter rates and vessel values and factors affecting vessel supply and demand;
- our ability to take delivery of, integrate into our fleet, and employ newbuildings we may order in the future and the ability of shipyards to deliver vessels on a timely basis;
- the aging of our vessels and resultant increases in operation and drydocking costs;
- the ability of our vessels to pass classification inspections and vetting inspections by oil majors and big chemical corporations;
- significant changes in vessel performance, including increased vessel breakdowns;
- the creditworthiness of our charterers and the ability of our contract counterparties to fulfill their obligations to us;
- our ability to repay outstanding indebtedness, to obtain additional financing and to obtain replacement charters for our vessels, in each case, at commercially acceptable rates or at all;
- changes to governmental rules and regulations or actions taken by regulatory authorities and the expected costs thereof;
- potential liability from litigation and our vessel operations, including discharge of pollutants;
- changes in general economic and business conditions;
- general domestic and international political conditions, potential disruption of shipping routes due to accidents, political events or acts by terrorists;
- changes in production of or demand for oil and petroleum products and chemicals, either globally or in particular regions;
- the strength of world economies and currencies, including fluctuations in charterhire rates and vessel values; and
- other important factors described from time to time in the reports filed by us with the Commission.

We refer you to the section entitled "Risk Factors," beginning on page S-9 of this prospectus supplement, on page 4 of the accompanying prospectus and on page 7 of our most recent Annual Report on Form 20-F, which is incorporated by reference herein, for a more complete discussion of these risks and uncertainties and for other risks and uncertainties. These factors and the other risk factors described in this prospectus supplement are not necessarily all of the important factors that could cause actual results or developments to differ materially from those expressed in any

of our forward-looking statements. Other unknown or unpredictable factors also could harm our results. Consequently, there can be no assurance that actual results or developments anticipated by us will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, us. Given these uncertainties, prospective investors are cautioned not to place undue reliance on such forward-looking statements.

Forward-looking statements reflect only as of the date on which they are made. We will not update any forward-looking statements to reflect future events, developments, or other information. If we do update one or more forward-looking statements, no inference should be drawn that additional updates will be made regarding that statement or any other forward-looking statements.

S-2

ENFORCEABILITY OF CIVIL LIABILITIES

We are incorporated under the laws of the Republic of the Marshall Islands and our principal executive office is located outside of the United States in Greece. Some of our directors, officers and the experts named in this prospectus supplement reside outside the United States. In addition, a substantial portion of our assets and the assets of certain of our directors, officers and experts are located outside of the United States. As a result, it may be difficult or impossible for U.S. investors to serve process within the United States upon us or any of these persons. You may also have difficulty enforcing, both in and outside the United States, judgments you may obtain in United States courts against us or these persons in any action, including actions based upon the civil liability provisions of United States federal or state securities laws.

Furthermore, there is substantial doubt that courts in the countries in which we or our subsidiaries are incorporated or where our assets or the assets of our subsidiaries, directors or officers and such experts are located (i) would enforce judgments of U.S. courts obtained in actions against us or our subsidiaries, directors or officers and such experts based upon the civil liability provisions of applicable U.S. federal and state securities laws or (ii) would enforce, in original actions, liabilities against us or our subsidiaries, directors or officers and such experts based on those laws.

Second Amendment to the Purchase Agreement

As of March 27, 2017, which we refer to as the Effective Date, we entered into the Second Amendment with the Investor which amended the initial purchase agreement dated February 2, 2017, as amended. The Purchase Agreement provides that, upon the terms and subject to the conditions set forth therein, the Investor is committed to purchase up to \$12.5 million of common shares, which we refer to as the Total Commitment, worth of our common stock over the 24-month term of the Purchase Agreement, of which \$6.9 million of common shares have already been sold.

We are filing this prospectus supplement to cover the issuance and sale of the remaining shares available to be sold under the Purchase Agreement i.e.: (i) up to \$5.6 million of shares of our common stock that may be sold from time to time to the Investor over the next 22 months pursuant to the Purchase Agreement and (ii) \$84,000 of shares of our common stock that are being issued to the Investor as a commitment fee in consideration for entering into the Second Amendment.

From time to time over the term of the Purchase Agreement, we may, in our sole discretion, provide the Investor with draw down notices, each referred to as a Fixed Request Notice, to purchase a specified amount of shares of our common stock, which we refer to as the Fixed Amount Requested, over an eight consecutive trading day period commencing on the trading day specified in the applicable Fixed Request Notice, which we refer to as the Pricing Period, with each fixed request subject to the limitations discussed below. The maximum amount requested to be purchased pursuant to any single Fixed Request Notice cannot exceed (i) \$50,000, if the volume weighted average price, or VWAP, of the common stock is greater than \$0.75 per share on the trading day immediately preceding the applicable date on which we deliver the Fixed Request Notice, or the Fixed Request Exercise Date, and (ii) \$10,000, if the VWAP of our common stock is equal to or below \$0.75 per share on the trading day immediately preceding the applicable Fixed Request Exercise Date, which we refer to as the Maximum Fixed Amount Requested, unless we and the Investor mutually agree.

Once presented with a Fixed Request Notice, the Investor is required to purchase a pro rata portion of the Fixed Request Amount during the applicable Pricing Period for those trading days on which the VWAP equals or exceeds an applicable floor price, or the Floor Price, which is equal to the lowest price at which the Company may sell Shares during the applicable Pricing Period as set forth in a Fixed Request Notice (not taking into account the discount factor of 93.0% discussed below); provided, however, that at no time shall the Floor Price be lower than \$0.50 per share unless the Company and the Investor mutually agree otherwise. The per share purchase price for the shares of our common stock subject to a Fixed Request Notice will be equal to the product of a discount factor of 93.0% multiplied by the lowest daily VWAP that equals or exceeds the applicable Floor Price during the applicable Pricing Period. If the VWAP falls below the applicable Floor Price on any trading day during the applicable Pricing Period, the Purchase Agreement provides that the Investor will not be required to purchase the pro rata portion of the applicable Fixed Price Request Amount allocated to that trading day unless the Investor elects to purchase those shares at the Floor Price multiplied by the discount factor of 93.0%. Each purchase pursuant to a Fixed Request will reduce, on a dollar-for-dollar basis, the Total Commitment under the Purchase Agreement. The payment for, against subsequent delivery of, Shares in respect of each Fixed Request shall be settled on the second trading day next following the last trading day of each Pricing Period, or on such earlier date as the parties may mutually agree, or the Settlement Date.

We are prohibited from issuing a Fixed Request Notice if (i) the amount requested in such Fixed Request Notice exceeds the Maximum Fixed Amount Requested, (ii) the sale of shares of our common stock pursuant to such Fixed Request Notice would cause us to issue or sell or the Investor to acquire or purchase an aggregate dollar value of shares of our common stock that would exceed \$12.5 million, or (iii) the sale of shares of our common stock pursuant to the Fixed Request Notice would cause the Investor to purchase an aggregate number of shares of our common stock which would result in beneficial ownership by the Investor of more than 4.99% of our common stock (as calculated

pursuant to Section 13(d) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the rules and regulations thereunder). We cannot make more than one Fixed Request in any Pricing Period and must allow five trading days to elapse between the completion of a Pricing Period and the commencement of a Pricing Period for any other fixed request, unless mutually agreed by both parties.

S-7

With respect to any Pricing Period, the Company may in its sole discretion grant to the Investor the right, in the Investor's sole discretion, to purchase, from time to time during the Pricing Period, all or any portion of an additional amount of common stock, or the Optional Amount. The Optional Amount and the applicable floor price with respect to such Optional Amount, or the Optional Amount Floor Price, which may be the same or different to the Floor Price with respect to the applicable Fixed Request Notice, shall be set forth in the applicable Fixed Request Notice. The purchase price for any portion of the Optional Amount that the Investor chooses to purchase will be equal to the product of a discount factor of 93.0% multiplied by the Optional Amount Floor Price applicable to such Optional Amount. Each daily Optional Amount exercise shall be aggregated during the Pricing Period and settled on the Settlement Date for the applicable Fixed Request. The Optional Amount Floor Price designated by the Company in its Fixed Request Notice shall apply to each exercise of all or any portion of the Optional Amount during the applicable Pricing Period.

The Purchase Agreement contains customary representations, warranties, covenants and conditions by, among and for the benefit of the parties. The Purchase Agreement may be terminated at any time by the mutual written consent of the parties. Unless earlier terminated, the Purchase Agreement will terminate automatically on the earliest of (i) the first day of the month next following the 24-month anniversary of the Effective Date, (ii) the date that the entire dollar amount of common stock registered under the registration statement to which this prospectus supplement is a part has been issued and sold and (iii) the date the Investor shall have purchased or acquired shares of our common stock pursuant to the Purchase Agreement equal to the Total Commitment. Under certain circumstances set forth in the Purchase Agreement, we and the Investor each may terminate the Purchase Agreement on one trading day's prior written notice to the other without fee, penalty or cost.

We will pay to the Investor a commitment fee for entering into the Purchase Agreement equal to \$188,991 shares of our common stock, or \$84,000 in connection with the Second Amendment, valued at a per share price equal to \$1.0292, representing the product of 0.93 and the lowest VWAP of the Company's common stock for the eight trading days immediately preceding the Effective Date of which \$104,991 of common shares have already been issued. We also agreed to pay up to \$65,000 of reasonable attorneys' fees and expenses (exclusive of disbursements and out-of-pocket expenses) incurred by the Investor in connection with the preparation, negotiation, execution and delivery of the Purchase Agreement and related transaction documentation, of which \$10,000 was incurred and paid in connection with the Second Amendment. Further, if we issue a Fixed Request Notice and fail to deliver the shares of our common stock to the Investor on the applicable settlement date, and such failure continues for 10 trading days, we agreed to pay the Investor, in addition to all other remedies available to the Investor under the Purchase Agreement, an amount in cash equal to 2.0% of the purchase price of such shares for the first 30-day period the shares of our common stock are not delivered and an additional 2.0% for each additional 30-day period thereafter until such shares are delivered. Additionally, on each Settlement Date the Investor is entitled to withhold a draw down fee equal to 1.0% of the total payment to the Company.

We have agreed to indemnify the Investor and certain other persons, and the Investor has agreed to indemnify us and certain other persons, in each case against certain liabilities in connection with the offering of shares of common stock offered hereby, including liabilities arising under the Securities Act or, if such indemnity is unavailable, to contribute amounts required to be paid in respect of such liabilities. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons, we have been advised that in the opinion of the Commission this indemnification is against public policy as expressed in the Securities Act and is therefore, unenforceable.

For the definitions herein please refer to the initial purchase agreement filed as an exhibit to our Report on Form 6-K filed with the SEC on February 2, 2017.

S-8

RISK FACTORS

We have identified a number of risk factors which you should consider before investing in our common stock. You should consider carefully the risks set forth below, those risk factors set forth under the heading "Risk Factors" in our Annual Report on Form 20-F incorporated by reference in this prospectus supplement and in any other documents we have incorporated by reference in this prospectus supplement, as well as those under the heading "Risk Factors" in the accompanying prospectus dated February 1, 2017 before investing in the common stock offered hereby. The occurrence of one or more of these risk factors could adversely affect our results of operations or financial condition.

Our management team will have broad discretion over the use of the net proceeds from this offering.

Our management will use its discretion to direct the net proceeds from this offering. We will use the net proceeds from the sale of the common stock offered by this prospectus supplement for general corporate purposes. Our management's judgments may not result in positive returns on your investment and you will not have an opportunity to evaluate the economic, financial or other information upon which our management bases its decisions.

Investors may experience significant dilution as a result of this offering and future offerings, and the proceeds from this offering could be significantly lower than \$5.6 million.

We may sell large quantities of our common stock at any time pursuant to this prospectus supplement or one or more separate offerings. If we elect to draw down amounts under the Purchase Agreement, which will result in the sale of additional shares of our common stock to the Investor, any such drawdowns will have a dilutive impact on our existing stockholders. The Investor may resell some or all of the shares of our common stock we issue to it pursuant to draw downs under the Purchase Agreement and such sales could cause the market price, and the VWAP, of our common stock to decline. To the extent of any such decline, any subsequent drawdowns would require us to issue a greater number of shares of common stock to the Investor in exchange for each dollar of proceeds received from the draw down. This is because the number of shares of common stock we sell pursuant to this prospectus supplement will increase as the VWAP of our common stock decreases, and therefore the number of shares of common stock we sell pursuant to this prospectus supplement could be significant if the VWAP for our common stock decreases significantly. Under these circumstances, our existing stockholders would experience greater dilution and the total amount of the financing that we will be able to raise pursuant to the Purchase Agreement could be significantly lower than \$5.6 million.

Purchasers of the shares of our common stock we sell, as well as our existing shareholders, will experience significant dilution if we sell shares at prices significantly below the price at which they invested. In addition, we may offer additional common stock in the future, which may result in additional significant dilution.

Future sales of our common stock could cause the market price of our common stock to decline.

The market price of our common stock could decline due to sales, or the announcements of proposed sales, of a large number of common stock in the market, including sales of common stock by our large shareholders, or the perception that these sales could occur. These sales or the perception that these sales could occur could also depress the market price of our common stock and impair our ability to raise capital through the sale of additional equity securities or make it more difficult or impossible for us to sell equity securities in the future at a time and price that we deem appropriate. We cannot predict the effect that future sales of common stock or other equity-related securities would have on the market price of our common stock. Additionally, although the Investor is precluded from short sales of shares of our common stock acquired pursuant to draw downs under the Purchase Agreement, the sale of our common stock under the Purchase Agreement, or the perception that such sales could occur, may encourage short sales by third parties, which could contribute to further decline of our stock price.

Our Third Amended and Restated Articles of Incorporation, as amended, authorize our Board of Directors to, among other things, issue additional shares of common or preferred stock or securities convertible or exchangeable into equity securities, without shareholder approval. We may issue such additional equity or convertible securities to raise additional capital. The issuance of any additional shares of common or preferred stock or convertible securities could be substantially dilutive to our shareholders. Moreover, to the extent that we issue restricted stock units, stock appreciation rights, options or warrants to purchase our common stock in the future and those stock appreciation rights, options or warrants are exercised or as the restricted stock units vest, our shareholders may experience further dilution. Holders of shares of our common stock have no preemptive rights that entitle such holders to purchase their pro rata share of any offering of shares of any class or series and, therefore, such sales or offerings could result in increased dilution to our shareholders.

S-9

There is no guarantee of a continuing public market for you to resell our common stock.

Our common stock currently trade on the Nasdaq Capital Market. We cannot assure you that an active and liquid public market for our common stock will continue. The price of our common stock may be volatile and may fluctuate due to factors such as:

- actual or anticipated fluctuations in our quarterly and annual results and those of other public companies in our industry;
- mergers and strategic alliances in the shipping industry;
- market conditions in the shipping industry and the general state of the securities markets;
- changes in government regulation;
- shortfalls in our operating results from levels forecast by securities analysts; and
- announcements concerning us or our competitors.

Further, in order for our stock to continue to trade on Nasdaq, we must maintain compliance with Nasdaq's listing standards. On November 4, 2015, we received a notification of deficiency from Nasdaq stating that because the closing bid price of our common stock for the last 30 consecutive business days was below \$1.00 per share, we no longer met the minimum bid price requirement for the Nasdaq Global Select Market, with a grace period of 180 calendar days to regain compliance. On January 26, 2016, we received a notification from Nasdaq stating that because the market value of our publicly held shares for the previous 30 consecutive business days was below the minimum \$5.0 million requirement for continued listing on the Nasdaq Global Select Market, we were not in compliance with Nasdaq Listing Rule 5450(b)(1)(C). The applicable grace period to regain compliance was 180 calendar days from the date of the notice.

We regained compliance with the minimum bid price requirement for the Nasdaq Global Select Market on March 7, 2016 by affecting a one-for-ten reverse stock split of our common shares. On July 27, 2016, we transferred our Nasdaq listing from the Nasdaq Global Select Market to the Nasdaq Capital Market, which cured our deficiency under Nasdaq Listing Rule 5450(b)(1)(C).

Our common stock currently trades above the minimum \$1.00 bid price, but there is no guarantee that our shares will stay above the minimum \$1.00 bid price. If we fail to regain compliance with Nasdaq's listing standards, our common stock may be delisted.

Delisting from the Nasdaq could have an adverse effect on our business and on the trading of our common stock. If a delisting of our common stock were to occur, such shares may trade in the over-the-counter market such as on the OTC Bulletin Board or on the "pink sheets." The over-the-counter market is generally considered to be a less efficient market, and this could diminish investors' interest in our common stock as well as significantly impact the price and liquidity of our common stock. Any such delisting may also severely complicate trading of our common stock by our shareholders, or prevent them from re-selling their common stock at/or above the price they paid.

Anti-takeover provisions in our organizational documents as well as our stockholders rights agreement could make it difficult for our stockholders to replace or remove our current Board of Directors or have the effect of discouraging, delaying or preventing a merger or acquisition, which could adversely affect the market price of our common stock.

Several provisions of our Third Amended and Restated Articles of Incorporation, as amended, and Amended and Restated By-Laws, as amended, could make it difficult for our stockholders to change the composition of our board of directors in any one year, preventing them from changing the composition of management. In addition, the same provisions may discourage, delay or prevent a merger or acquisition that stockholders may consider favorable.

S-10

These provisions include:

- authorizing our Board of Directors to issue "blank check" preferred stock without stockholder approval;
- providing for a classified Board of Directors with staggered, three-year terms;
- prohibiting cumulative voting in the election of directors;
- authorizing the removal of directors only for cause and only upon the affirmative vote of the holders of at least 80% of the outstanding shares of our capital stock entitled to vote for the directors;
- prohibiting shareholder action by written consent unless the written consent is signed by all shareholders entitled to vote on the action;
- limiting the persons who may call special meetings of shareholders;
- establishing advance notice requirements for nominations for election to our Board of Directors or for proposing matters that can be acted on by shareholders at shareholder meetings; and
- restricting business combinations with interested shareholders.

In addition, we have entered into a stockholders rights agreement that will make it more difficult for a third party to acquire significant stake in us without the support of our Board of Directors.

The above anti-takeover provisions and the provisions of our stockholders rights agreement could substantially impede the ability of public stockholders to benefit from a change in control and, as a result, may adversely affect the market price of our common stock and your ability to realize any potential change of control premium.

We are incorporated in the Republic of the Marshall Islands, which does not have a well-developed body of corporate law, and as a result, shareholders may have fewer rights and protections under Marshall Islands law than under a typical jurisdiction in the United States.

Our corporate affairs are governed by our Third Amended and Restated Articles of Incorporation, as amended, Amended and Restated By-Laws, as amended, and by the Marshall Islands Business Corporations Act, or the BCA. The provisions of the BCA resemble provisions of the corporation laws of a number of states in the United States. However, there have been few judicial cases in the Republic of the Marshall Islands interpreting the BCA. The rights and fiduciary responsibilities of directors under the law of the Republic of the Marshall Islands are not as clearly established as the rights and fiduciary responsibilities of directors under statutes or judicial precedent in existence in certain United States jurisdictions. Shareholder rights may differ as well. While the BCA does specifically incorporate the non-statutory law, or judicial case law, of the State of Delaware and other states with substantially similar legislative provisions, our public shareholders may have more difficulty in protecting their interests in the face of actions by management, directors or controlling shareholders than would shareholders of a corporation incorporated in a United States jurisdiction.

We are a "foreign private issuer," which could make our common stock less attractive to some investors or otherwise harm our stock price.

We are a "foreign private issuer," as such term is defined in Rule 405 under the Securities Act. As a "foreign private issuer" the rules governing the information that we disclose differ from those governing U.S. corporations pursuant to

the Exchange Act. We are not required to file quarterly reports on Form 10-Q or provide current reports on Form 8-K disclosing significant events within four days of their occurrence. In addition, our officers and directors are exempt from the reporting and "short-swing" profit recovery provisions of Section 16 of the Exchange Act and related rules with respect to their purchase and sales of our securities. Our exemption from the rules of Section 16 of the Exchange Act regarding sales of common stock by insiders means that you will have less data in this regard than shareholders of U.S. companies that are subject to the Exchange Act. Moreover, we are exempt from the proxy rules, and proxy statements that we distribute will not be subject to review by the Commission. Accordingly there may be less publicly available information concerning us than there is for other U.S. public companies. These factors could make our common stock less attractive to some investors or otherwise harm our stock price.

S-11

USE OF PROCEEDS

We will use the net proceeds from the sale of the common stock offered by this prospectus supplement for general corporate purposes. We expect that the maximum net proceeds of this offering will be approximately \$12.1 million, after deducting estimated issuance costs and commissions of approximately \$0.4 million.

Our Third Amended and Restated Articles of Incorporation and Amended and Restated By-Laws, as amended, do not impose any limitations on the ownership rights of our shareholders.

Authorized Capitalization

As of March 27, 2017, our authorized capital stock consists of 1,000,000,000 common shares, par value \$0.01 per share, of which 15,321,711 shares were issued and outstanding as of March 27, 2017 and 20,000,000 preferred shares with par value of \$0.01, of which 466 Series B Convertible Preferred Shares and 7,500 Series C Convertible Preferred Shares are issued and outstanding. On September 14, 2016, we declared a dividend of one preferred share purchase right for each outstanding common share and adopted a shareholder rights plan, as set forth in a Stockholders Rights Agreement dated as of September 22, 2016, by and between us and Computershare Trust Company, N.A., as rights agent. For more information, please see "—Stockholders Rights Agreement" herein. Pursuant to the terms of the Warrants, holders have the right, but not the obligation, to, in any exercise of Warrants, to use the Conversion Ratio and purchase such proportionate number of common shares based on the variable price in effect on the date of exercise. If using the Conversion Ratio, as of March 27, 2017, each Warrant has an exercise price of \$0.83 and entitles its holder to purchase 3.00 common shares, as may be further adjusted. The Conversion Ratio is subject to certain adjustments pursuant to the Series C Statement of Designation, which is incorporated by reference to this registration statement of which this prospectus is a part. The terms of the Series C Convertible Preferred Stock and the Conversion Ratio are qualified in its entirety by reference to the Series C Statement of Designation.

Share History

Share Issuances

The common stock information has been restated to give effect to a 1-for-7 reverse stock split and 1-for-10 reverse stock split effected on April 21, 2014 and February 22, 2016, respectively.

Our predecessor, Ocean Holdings Inc., was formed as a corporation in January 2000 under the laws of the Republic of the Marshall Islands and renamed Top Tankers Inc. in May 2004. In December 2007, Top Tankers Inc. was renamed Top Ships Inc. Our common shares are currently listed on the Nasdaq Capital Market under the symbol "TOPS."

On March 19, 2014, we acquired five newbuilding vessels under construction, the M/T Stenaweco Evolution, the M/T Eco Fleet, the M/T Eco Revolution, M/T Stenaweco Excellence, and M/T Nord Valiant through share purchase agreements with their respective shipowning company which were affiliated with our President, Chief Executive Officer and Director, Evangelos J. Pistiolis and unrelated third parties for an aggregate purchase price of \$43.3 million, paid as follows: \$2.5 million in cash and \$40.8 million in 583,321 newly-issued common shares, issued at \$70.00 per share.

On June 11, 2014, we completed a public offering of 1,000,000 of our common shares and 5,000,000 warrants to purchase our common shares at \$20.00 per common share and \$0.00001 per warrant (one Warrant was originally given the right to purchase one common share). The Warrants had an exercise price of \$25.00 per share, were exercisable immediately, and expire five years from the date of issuance. In addition, the underwriters partially

exercised their overallotment option to purchase an additional 66,000 common shares and 330,000 Warrants to purchase our common shares. The underwriters also received as compensation representative warrants, or the Representative Warrants, to purchase 30,000 of our common shares at \$25 per share. As of March 27, 2017, an aggregate of 2,870,609 Warrants have been exercised for a total issuance of 2,491,729 common shares. No Representative Warrants have been exercised to date.

On December 23, 2015, we entered into an agreement with Family Trading Inc., or Family Trading, a company affiliated with certain family members of Evangelos J. Pistiolis, our President, Chief Executive Officer and Director, pursuant to which Family Trading lent us up to \$15 million under an unsecured revolving credit facility, or the Family Trading Facility, in order to fund our newbuilding program and working capital relating to our operating vessels. Family Trading also assumed the outstanding \$3.8 million balance payable on the early termination of the bareboat charter for the M/T Delos. As consideration for the assumption of this liability, on January 12, 2016, we issued 1,355,816 of our common shares to Family Trading. The Family Trading Facility was amended on February 21, 2017, or the Amended Family Trading Credit Facility, in order to, among other things, allow us to remove any limitation in the use of funds drawn down under the facility, reduce the mandatory cash payment due under the facility when we raise capital through the issuance of certain securities, remove the revolving feature of the facility, and extend the facility for up to three years.

On February 25, 2016, we issued 68,674 restricted common shares to Sovereign Holdings Inc., a company that may be deemed to be owned by the Lax Trust, an irrevocable trust established for the benefit of certain family members of Evangelos J. Pistiolis, our President, Chief Executive Officer and Director for his performance and continuous effort, input and contribution to the Company.

On November 22, 2016, we completed a private placement of up to 3,160 Series B Convertible Preferred Shares for an aggregate principal amount of up to \$3.0 million. Yorkville purchased 1,579 Series B Convertible Preferred Shares at the initial closing of the Series B Transaction and 527 Series B Convertible Preferred Shares on November 28, 2016 for a total consideration of \$2.0 million and has waived the right to purchase any additional Series B Convertible Preferred Shares. As of March 27, 2017, we have issued 999,756 common shares in connection with the conversions of 1,640 Series B Convertible Preferred Shares.

On February 2, 2017, we launched a registered equity line for the sale of up to \$3,099,367 of our common shares from time to time to the Investor over the next 22 months pursuant to a common stock purchase agreement between us and the Investor dated February 2, 2017. In connection with the registered equity line, we issued 22,835 common shares registered under our Form F-3 registration statement as a commitment fee to the Investor representing the quotient of \$46,491 (1.5% of \$3,099,367) divided by 2.0360. On March 17, 2017, we expanded the registered equity line to allow for the sale of up to \$6,940,867 of our common shares from time to time to the Investor over the next 22 months pursuant to an amendment to the common stock purchase agreement dated February 2, 2017. As of March 27, 2017, we have issued an aggregate of 7,398,304 common shares under the registered equity line for total gross proceeds of \$6.9 million and 79,631 common shares as commitment fees to the Investor.

On February 17, 2017, we closed a private placement with a non-U.S. institutional investor affiliated with the Investor for the sale of 7,500 newly issued Series C Convertible Preferred Shares, which are convertible into the Company's common shares, for \$7.5 million pursuant to a securities purchase agreement, or the Series C Transaction. As part of the Series C Transaction we issued 72,910 common shares as a commitment fee to the Investor representing the quotient of \$112,500 (1.5% of the purchase price of \$7.5 million) divided by \$1.54298. As of March 27, 2017, we have not issued any common shares in connection with the conversions of Series C Convertible Preferred Shares.

On February 21 and 22, 2017, we issued an aggregate 777,000 common shares to Family Trading as payment for \$1.2 million for accrued commitment fees, extension fees and interest outstanding under the Amended Family Trading Credit Facility.

Equity Incentive Plan

On April 15, 2015, our Board of Directors adopted the 2015 Stock Incentive Plan, or the 2015 Plan, under which our directors, officers, key employees as well as consultants and service providers may be granted non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, dividend equivalents, unrestricted stock and other-equity based-related awards. A total of 190,000 common shares were reserved for issuance under the 2015 Plan, which is administered by the Compensation Committee of the Board of Directors.

On April 15, 2015, we granted 183,000 restricted shares under the 2015 Plan to Central Mare Inc., a related party affiliated with the family of Evangelos J. Pistiolis, our President, Chief Executive Officer and Director. The shares vest equally over a period of eight years from the date of grant. The fair value of each share on the grant date was \$10.90.

Shareholder Meetings

Under our Amended and Restated By-Laws, annual shareholder meetings will be held at a time and place selected by our Board of Directors. The meetings may be held in or outside of the Marshall Islands. Special meetings of the shareholders, unless otherwise prescribed by law, may be called for any purpose or purposes at any time exclusively by the Board of Directors. Notice of every annual and special meeting of shareholders shall be given at least 15 but not more than 60 days before such meeting to each shareholder of record entitled to vote thereat.

S-19

Directors

Our directors are elected by a plurality of the votes cast at a meeting of the shareholders by the holders of shares entitled to vote in the election. Our Third Amended and Restated Articles of Incorporation and Amended and Restated By-Laws prohibit cumulative voting in the election of directors.

The Board of Directors must consist of at least one member and not more than twelve, as fixed from time to time by the vote of not less than $66 \frac{2}{3}\%$ of the entire board. Each director shall be elected to serve until the third succeeding annual meeting of shareholders and until his successor shall have been duly elected and qualified, except in the event of his death, resignation, removal, or the earlier termination of his term of office. The Board of Directors has the authority to fix the amounts which shall be payable to the members of our Board of Directors, and to members of any committee, for attendance at any meeting or for services rendered to us.

Classified Board

Our Amended and Restated Articles of Incorporation provide for the division of our Board of Directors into three classes of directors, with each class as nearly equal in number as possible, serving staggered, three-year terms. Approximately one-third of our Board of Directors will be elected each year. This classified board provision could discourage a third party from making a tender offer for our shares or attempting to obtain control of our company. It could also delay shareholders who do not agree with the policies of the Board of Directors from removing a majority of the Board of Directors for two years.

Election and Removal

Our Third Amended and Restated Articles of Incorporation and Amended and Restated By-Laws require parties other than the Board of Directors to give advance written notice of nominations for the election of directors. Our Third Amended and Restated Articles of Incorporation provide that our directors may be removed only for cause and only upon the affirmative vote of the holders of at least 80% of the outstanding shares of our capital stock entitled to vote for those directors. These provisions may discourage, delay or prevent the removal of incumbent officers and directors.

Dissenters' Rights of Appraisal and Payment

Under the BCA, our shareholders have the right to dissent from various corporate actions, including certain mergers or consolidations or sales of all or substantially all of our assets not made in the usual course of our business, and receive payment of the fair value of their shares, subject to exceptions. For example, the right of a dissenting shareholder to receive payment of the fair value of his shares is not available if for the shares of any class or series of shares, which shares at the record date fixed to determine the shareholders entitled to receive notice of and vote at the meeting of shareholders to act upon the agreement of merger or consolidation, were either (1) listed on a securities exchange or admitted for trading on an interdealer quotation system or (2) held of record by more than 2,000 holders. In the event of any further amendment of the articles, a shareholder also has the right to dissent and receive payment for his or her shares if the amendment alters certain rights in respect of those shares. The dissenting shareholder must follow the procedures set forth in the BCA to receive payment. In the event that we and any dissenting shareholder fail to agree on a price for the shares, the BCA procedures involve, among other things, the institution of proceedings in the High Court of the Republic of the Marshall Islands or in any appropriate court in any jurisdiction in which our shares are primarily traded on a local or national securities exchange. The value of the shares of the dissenting shareholder is fixed by the court after reference, if the court so elects, to the recommendations of a court-appointed appraiser.

Shareholders' Derivative Actions

Under the BCA, any of our shareholders may bring an action in our name to procure a judgment in our favor, also known as a derivative action, provided that the shareholder bringing the action is a holder of common stock both at the time the derivative action is commenced and at the time of the transaction to which the action relates. On November 20, 2014, we amended our Amended and Restated By-Laws to provide that unless we consent in writing to the selection of alternative forum, the sole and exclusive forum for (i) any shareholders' derivative action or proceeding brought on behalf of the Company, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the Company or the Company's shareholders, (iii) any action asserting a claim arising pursuant to any provision of the BCA, or (iv) any action asserting a claim governed by the internal affairs doctrine shall be the High Court of the Republic of the Marshall Islands, in all cases subject to the court's having personal jurisdiction over the indispensable parties named as defendants.

S-20

Anti-takeover Provisions of our Charter Documents

Several provisions of our Third Amended and Restated Articles of Incorporation and Amended and Restated By-Laws may have anti-takeover effects. These provisions are intended to avoid costly takeover battles, lessen our vulnerability to a hostile change of control and enhance the ability of our Board of Directors to maximize shareholder value in connection with any unsolicited offer to acquire us. However, these anti-takeover provisions, which are summarized below, could also discourage, delay or prevent (1) the merger or acquisition of our company by means of a tender offer, a proxy contest or otherwise, that a shareholder may consider in its best interest and (2) the removal of incumbent officers and directors.

Business Combinations

Our Third Amended and Restated Articles of Incorporation include provisions which prohibit the Company from engaging in a business combination with an interested shareholder for a period of three years after the date of the transaction in which the person became an interested shareholder, unless:

prior to the date of the transaction that resulted in the shareholder becoming an interested shareholder, the Board approved either the business combination or the transaction that resulted in the shareholder becoming an interested shareholder;

upon consummation of the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced;

at or subsequent to the date of the transaction that resulted in the shareholder becoming an interested shareholder, the business combination is approved by the Board and authorized at an annual or special meeting of shareholders by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested shareholder; and

the shareholder became an interested shareholder prior to the consummation of the initial public offering.

Limited Actions by Shareholders

Our Third Amended and Restated Articles of Incorporation and our Amended and Restated By-Laws provide that any action required or permitted to be taken by our shareholders must be effected at an annual or special meeting of shareholders or by the unanimous written consent of our shareholders.

Our Third Amended and Restated Articles of Incorporation and our Amended and Restated By-Laws provide that only our Board of Directors may call special meetings of our shareholders and the business transacted at the special meeting is limited to the purposes stated in the notice. Accordingly, a shareholder may be prevented from calling a special meeting for shareholder consideration of a proposal over the opposition of our Board of Directors and shareholder consideration of a proposal may be delayed until the next annual meeting.

Blank Check Preferred Stock

Under the terms of our Third Amended and Restated Articles of Incorporation, our Board of Directors has authority, without any further vote or action by our shareholders, to issue up to 20,000,000 shares of blank check preferred stock. Our Board of Directors may issue shares of preferred stock on terms calculated to discourage, delay or prevent a change of control of our company or the removal of our management.

S-21

Super-majority Required for Certain Amendments to Our By-Laws

On February 28, 2007, we amended our by-laws to require that amendments to certain provisions of our by-laws may be made when approved by a vote of not less than 66 2/3% of the entire Board of Directors. These provisions that require not less than 66 2/3% vote of the Board of Directors to be amended are provisions governing: the nature of business to be transacted at our annual meetings of shareholders, the calling of special meetings by our Board of Directors, any amendment to change the number of directors constituting our Board of Directors, the method by which our Board of Directors is elected, the nomination procedures of our Board of Directors, removal of our Board of Directors and the filling of vacancies on our Board of Directors.

Stockholders Rights Agreement

On September 14, 2016, our Board of Directors declared a dividend of one preferred share purchase right, or a Right, for each outstanding common share and adopted a shareholder rights plan, as set forth in the Stockholders Rights Agreement dated as of September 22, 2016, or the Rights Agreement, by and between the Company and Computershare Trust Company, N.A., as rights agent.

The Board adopted the Rights Agreement to protect shareholders from coercive or otherwise unfair takeover tactics. In general terms, it works by imposing a significant penalty upon any person or group that acquires 15% or more of our outstanding common shares without the approval of our Board of Directors. If a shareholder's beneficial ownership of our common shares as of the time of the public announcement of the rights plan and associated dividend declaration is at or above the applicable threshold, that shareholder's then-existing ownership percentage would be grandfathered, but the rights would become exercisable if at any time after such announcement, the shareholder increases its ownership percentage by 1% or more.

The Rights may have anti-takeover effects. The Rights will cause substantial dilution to any person or group that attempts to acquire us without the approval of our Board of Directors. As a result, the overall effect of the Rights may be to render more difficult or discourage any attempt to acquire us. Because our Board of Directors can approve a redemption of the Rights for a permitted offer, the Rights should not interfere with a merger or other business combination approved by our Board.

For those interested in the specific terms of the Rights Agreement, we provide the following summary description. Please note, however, that this description is only a summary, and is not complete, and should be read together with the entire Rights Agreement, which is an exhibit to the Form 8-A filed by us on September 22, 2016 and incorporated herein by reference. The foregoing description of the Rights Agreement is qualified in its entirety by reference to such exhibit.

The Rights. The Rights trade with, and are inseparable from, our common shares. The Rights are evidenced only by certificates that represent our common shares. New Rights will accompany any new common shares of the Company issued after October 5, 2016 until the Distribution Date described below.

Exercise Price. Each Right allows its holder to purchase from the Company one one-thousandth of a share of Series A Participating Preferred Stock, or a Series A Preferred Share, for \$50.00, or the Exercise Price, once the Rights become exercisable. This portion of a Series A Preferred Share will give the shareholder approximately the same dividend, voting and liquidation rights as would one common share. Prior to exercise, the Right does not give its holder any dividend, voting, or liquidation rights.

Exercisability. The Rights are not exercisable until ten days after the public announcement that a person or group has become an "Acquiring Person" by obtaining beneficial ownership of 15% or more of our outstanding common shares.

Certain synthetic interests in securities created by derivative positions — whether or not such interests are considered to be ownership of the underlying common shares or are reportable for purposes of Regulation 13D of the Securities Exchange Act of 1934, as amended— are treated as beneficial ownership of the number of our common shares equivalent to the economic exposure created by the derivative position, to the extent our actual common shares are directly or indirectly held by counterparties to the derivatives contracts. Swaps dealers unassociated with any control intent or intent to evade the purposes of the Rights Agreement are excepted from such imputed beneficial ownership.

S-22

For persons who, prior to the time of public announcement of the Rights Agreement, beneficially own 15% or more of our outstanding common shares, the Rights Agreement "grandfathers" their current level of ownership, so long as they do not purchase additional shares in excess of certain limitations.

The date when the Rights become exercisable is the "Distribution Date." Until that date, our common share certificates (or, in the case of uncertificated shares, by notations in the book-entry account system) will also evidence the Rights, and any transfer of our common shares will constitute a transfer of Rights. After that date, the Rights will separate from our common shares and will be evidenced by book-entry credits or by Rights certificates that the Company will mail to all eligible holders of our common shares. Any Rights held by an Acquiring Person are null and void and may not be exercised.

Series A Preferred Share Provisions

Each one one-thousandth of a Series A Preferred Share, if issued, will, among other things:

· not be redeemable;

entitle holders to quarterly dividend payments in an amount per share equal to the aggregate per share amount of all cash dividends, and the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions other than a dividend payable in our common shares or a subdivision of the our outstanding common shares (by reclassification or otherwise), declared on our common shares since the immediately preceding quarterly dividend payment date; and

· entitle holders to one vote on all matters submitted to a vote of the shareholders of the Company.

The value of one one-thousandth interest in a Series A Preferred Share should approximate the value of one common share.

Consequences of a Person or Group Becoming an Acquiring Person.

Flip In. If an Acquiring Person obtains beneficial ownership of 15% or more of our common shares, then each Right will entitle the holder thereof to purchase, for the Exercise Price, a number of our common shares (or, in certain circumstances, cash, property or other securities of the Company) having a then-current market value of twice the Exercise Price. However, the Rights are not exercisable following the occurrence of the foregoing event until such time as the Rights are no longer redeemable by the Company, as further described below.

Following the occurrence of an event set forth in preceding paragraph, all Rights that are or, under certain circumstances specified in the Rights Agreement, were beneficially owned by an Acquiring Person or certain of its transferees will be null and void.

Flip Over. If, after an Acquiring Person obtains 15% or more of our common shares, (i) the Company merges into another entity; (ii) an acquiring entity merges into the Company; or (iii) the Company sells or transfers 50% or more of its assets, cash flow or earning power, then each Right (except for Rights that have previously been voided as set forth above) will entitle the holder thereof to purchase, for the Exercise Price, a number of our common shares of the person engaging in the transaction having a then-current market value of twice the Exercise Price.

Notional Shares. Shares held by affiliates and associates of an Acquiring Person, including certain entities in which the Acquiring Person beneficially owns a majority of the equity securities, and Notional Common Shares (as defined

in the Rights Agreement) held by counterparties to a Derivatives Contract (as defined in the Rights Agreement) with an Acquiring Person, will be deemed to be beneficially owned by the Acquiring Person.

Redemption. The Board of Directors may redeem the Rights for \$0.01 per Right at any time before any person or group becomes an Acquiring Person. If the Board redeems any Rights, it must redeem all of the Rights. Once the Rights are redeemed, the only right of the holders of the Rights will be to receive the redemption price of \$0.01 per Right. The redemption price will be adjusted if the Company has a stock dividend or a stock split.

Exchange. After a person or group becomes an Acquiring Person, but before an Acquiring Person owns 50% or more of our outstanding common shares, the Board may extinguish the Rights by exchanging one common share or an equivalent security for each Right, other than Rights held by the Acquiring Person. In certain circumstances, the Company may elect to exchange the Rights for cash or other securities of the Company having a value approximately equal to one common share.

S-23

Expiration. The Rights expire on the earliest of (i) September 22, 2026; or (ii) the redemption or exchange of the Rights as described above.

Anti-Dilution Provisions. The Board may adjust the purchase price of the Series A Preferred Shares, the number of Series A Preferred Shares issuable and the number of outstanding Rights to prevent dilution that may occur from a stock dividend, a stock split, or a reclassification of the Series A Preferred Shares or our common shares. No adjustments to the Exercise Price of less than 1% will be made.

Amendments. The terms of the Rights and the Rights Agreement may be amended in any respect without the consent of the holders of the Rights on or prior to the Distribution Date. Thereafter, the terms of the Rights and the Rights Agreement may be amended without the consent of the holders of Rights, with certain exceptions, in order to (i) cure any ambiguities; (ii) correct or supplement any provision contained in the Rights Agreement that may be defective or inconsistent with any other provision therein; (iii) shorten or lengthen any time period pursuant to the Rights Agreement; or (iv) make changes that do not adversely affect the interests of holders of the Rights (other than an Acquiring Person or an affiliate or associate of an Acquiring Person).

Taxes. The distribution of Rights should not be taxable for federal income tax purposes. However, following an event that renders the Rights exercisable or upon redemption of the Rights, shareholders may recognize taxable income.

TAX CONSIDERATIONS

You should carefully read the discussion of the principal U.S. federal income tax and Marshall Islands and other tax considerations associated with our operations and the acquisition, ownership and disposition of our common stock set forth in the section entitled "Taxation" of our annual report on Form 20-F for the year ended December 31, 2016 filed on March 14, 2017.

PLAN OF DISTRIBUTION

On March 27, 2017, we entered into the Second Amendment with the Investor. The Purchase Agreement provides that, upon the terms and subject to the conditions set forth therein, the Investor is committed to purchase up to \$12.5 million worth of shares of our common stock over the 24-month term of the Purchase Agreement of which \$6.9 million common shares have already been sold.

This prospectus supplement and accompanying prospectus relate to the issuance and sale of the remaining shares available to be sold under the Purchase Agreement i.e.(i) up to \$5.6 million of shares of our common stock that may be sold from time to time to the Investor over the next 22 months pursuant to the Purchase Agreement and (ii) \$84,000 of shares of our common stock that are being issued to the Investor as a commitment fee in consideration for entering into the Second Amendment.

This prospectus supplement and accompanying prospectus also cover the resale of these shares by the Investor to the public.

From time to time over the term of the Purchase Agreement, we may, in our sole discretion, provide the Investor with a Fixed Request Notice to purchase a specified Fixed Amount Requested of shares of our common stock over a Pricing Period commencing on the trading day specified in the applicable Fixed Request Notice, with each fixed request subject to the limitations discussed below. The Maximum Fixed Amount Requested to be purchased pursuant to any single Fixed Request Notice cannot exceed (i) \$50,000, if the daily VWAP of the common stock is greater than \$0.75 per share on the trading day immediately preceding the applicable date on the Fixed Request Exercise Date and (ii) \$10,000, if the VWAP of our common stock is equal to or below \$0.75 per share on the trading day immediately preceding the applicable Fixed Request Exercise Date, unless we and the Investor mutually agree.

Once presented with a Fixed Request Notice, the Investor is required to purchase a pro rata portion of the Fixed Request Amount during the applicable Pricing Period for those trading days on which the VWAP equals or exceeds the applicable Floor Price (not taking into account the discount factor of 93.0% discussed below); provided, however, that at no time shall the Floor Price be lower than \$0.50 per share, unless the Company and the Investor mutually agree. The per share purchase price for the shares of our common stock subject to a Fixed Request Notice will be equal to the product of a discount factor of 93.0% multiplied by the lowest daily VWAP that equals or exceeds the applicable Floor Price during the applicable Pricing Period. If the VWAP falls below the applicable Floor Price on any trading day during the applicable Pricing Period, the Purchase Agreement provides that the Investor will not be required to purchase the pro rata portion of the applicable Fixed Price Request Amount allocated to that trading day, unless the Investor elects to purchase those shares at the Floor Price multiplied by the discount factor of 93.0%. Each purchase pursuant to a Fixed Request will reduce, on a dollar-for-dollar basis, the Total Commitment under the Purchase Agreement. The payment for, against subsequent delivery of, Shares in respect of each Fixed Request shall be settled on the Settlement Date therefor, which will be the second trading day next following the last trading day of each Pricing Period, or on such earlier date as the parties may mutually agree.

We are prohibited from issuing a Fixed Request Notice if (i) the amount requested in such Fixed Request Notice exceeds the Maximum Fixed Amount Requested, (ii) the sale of shares of our common stock pursuant to such Fixed

Request Notice would cause us to issue or sell or the Investor to acquire or purchase an aggregate dollar value of shares of our common stock that would exceed \$12.5 million, or (iii) the sale of shares of our common stock pursuant to the Fixed Request Notice would cause us to sell or the Investor to purchase an aggregate number of shares of our common stock which would result in beneficial ownership by the Investor of more than 4.99% of our common stock (as calculated pursuant to Section 13(d) of the Exchange Act and the rules and regulations thereunder). We cannot make more than one Fixed Request in any Pricing Period and must allow five trading days to elapse between the completion of a Pricing Period and the commencement of a Pricing Period for any other fixed request, unless mutually agreed by both parties.

S-25

With respect to any Pricing Period, the Company may in its sole discretion grant to the Investor the right, in the Investor's sole discretion, to purchase, from time to time during the Pricing Period, all or any portion of an Optional Amount of common stock. The Optional Amount and the applicable Optional Amount Floor Price with respect to such Optional Amount, which may be the same or different to the Floor Price with respect to the applicable Fixed Request Notice, shall be set forth in the applicable Fixed Request Notice. The purchase price for any portion of the Optional Amount that the Investor chooses to purchase will be equal to the product of a discount factor of 93.0% multiplied by the Optional Amount Floor Price applicable to such Optional Amount. Each daily Optional Amount exercise shall be aggregated during the Pricing Period and settled on the Settlement Date for the applicable Fixed Request. The Optional Amount Floor Price designated by the Company in its Fixed Request Notice shall apply to each exercise of all or any portion of the Optional Amount during the applicable Pricing Period.

The Purchase Agreement contains customary representations, warranties, covenants and conditions by, among and for the benefit of the parties. The Purchase Agreement may be terminated at any time by the mutual written consent of the parties. Unless earlier terminated, the Purchase Agreement will terminate automatically on the earliest to occur of (i) the first day of the month next following the 24-month anniversary of the date on which the registration statement of which this prospectus is a part was declared effective by the Commission, (ii) the date on which the Investor purchases the Total Commitment worth of common stock under the Purchase Agreement and (iii) the date on which the entire dollar amount of common stock registered under the registration statement of which this prospectus supplement and accompanying prospectus are a part have been issued and sold. Under certain circumstances set forth in the Purchase Agreement, we and the Investor each may terminate the Purchase Agreement on one trading day's prior written notice to the other, without fee, penalty or cost. The Purchase Agreement provides that no termination of the Purchase Agreement will limit, alter, modify, change or otherwise affect any of the parties' rights or obligations with respect to any pending Fixed Request Notice, and that the parties must fully perform their respective obligations with respect to any such pending Fixed Request Notice under the Purchase Agreement, provided all of the conditions to the settlement thereof are timely satisfied.

On the first Trading Day following the execution of the Second Amendment, we have agreed to issue to the Investor a commitment fee for entering into the Second Amendment equal to \$84,000 of shares of our common stock, valued at a per share price equal to \$1.0292, representing the product of 0.93 and the lowest VWAP of the Company's common stock for the eight trading days immediately preceding the Effective Date. We also agreed to pay up to \$65,000 of reasonable attorneys' fees and expenses (exclusive of disbursements and out-of-pocket expenses) incurred by the Investor in connection with the preparation, negotiation, execution and delivery of the Purchase Agreement and related transaction documentation, of which \$10,000 was incurred and paid in connection with the Second Amendment. Further, if we issue a Fixed Request Notice and fail to deliver the shares of our common stock to the Investor on the applicable settlement date, and such failure continues for 10 trading days, we agreed to pay the Investor, in addition to all other remedies available to the Investor under the Purchase Agreement, an amount in cash equal to 2.0% of the purchase price of such shares for the first 30-day period the shares of our common stock are not delivered and an additional 2.0% for each additional 30-day period thereafter until such shares are delivered. Additionally, on each Settlement Date the Investor is entitled to withhold a draw down fee equal to 1.0% of the total payment to the Company.

We have agreed to indemnify the Investor and certain other persons, and the Investor has agreed to indemnify us and certain other persons, in each case against certain liabilities in connection with the offering of shares of common stock offered hereby, including liabilities arising under the Securities Act or, if such indemnity is unavailable, to contribute amounts required to be paid in respect of such liabilities. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons, we have been advised that in the opinion of the Commission this indemnification is against public policy as expressed in the Securities Act and is therefore, unenforceable.

We may suspend the sale of shares of our common stock to the Investor pursuant to this prospectus supplement for certain periods of time for certain reasons, including if this prospectus supplement is required to be supplemented or amended to include additional material information.

The Investor is an "underwriter" within the meaning of Section 2(a)(11) of the Securities Act. The Investor has informed us that it will use an unaffiliated broker-dealer to effectuate all sales, if any, of the common stock that it may purchase from us pursuant to the Purchase Agreement. Such sales will be made on Nasdaq at prices and at terms then prevailing or at prices related to the then current market price. Each such unaffiliated broker-dealer will be an underwriter within the meaning of Section 2(a)(11) of the Securities Act. The Investor has informed us that each such broker-dealer will receive commissions from the Investor that will not exceed customary brokerage commissions.

S-26

The shares of our common stock may be sold in one or more of the following manners:

· Ordinary brokerage transactions and transactions in which the broker solicits purchasers; or

· A block trade in which the broker dealer so engaged will attempt to sell the shares of our common stock as agent, but may position and resell a portion of the block as principal to facilitate the transaction.

We know of no existing arrangements between the Investor and any other stockholder, broker, dealer, underwriter, or agent relating to the sale or distribution of the shares of our common stock offered by this prospectus supplement. At the time a particular offer of the shares of our common stock is made, a prospectus supplement, if required, will be distributed that will set forth the names of any agents, underwriters, or dealers and any compensation from the selling stockholder, and any other required information.

The Investor has agreed that during the term of the Purchase Agreement, neither the Investor nor any of its affiliates will, directly or indirectly, engage in any short sales involving our securities or grant any option to purchase, or acquire any right to dispose of or otherwise dispose for value of, any shares of our common stock or any securities convertible into or exercisable or exchangeable for any shares of our common stock, or enter into any swap, hedge or other similar agreement that transfers, in whole or in part, the economic risk of ownership of any shares of our common stock.

We have advised the Investor that it is required to comply with Regulation M promulgated under the Exchange Act to the extent applicable to this offering. With certain exceptions, Regulation M precludes the Investor, any affiliated purchasers, and any broker-dealer or other person who participates in the distribution from bidding for or purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of the distribution until the entire distribution is complete. Regulation M also prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of the foregoing may affect the marketability of the shares of our common stock offered by this prospectus supplement.

We have entered into an agreement with Financial West Group, member FINRA/SIPC, or FWG, a registered broker-dealer and FINRA member, pursuant to which FWG agreed to act as the placement agent in connection with the Purchase Agreement with the Investor. FWG shall not be entitled to any additional compensation upon the closing of any subsequent stock sales effected pursuant to the purchase agreement, and FWG shall not be deemed a "distribution participant" in connection with any subsequent sales of stock pursuant to this prospectus supplement. We have also agreed to indemnify FWG and certain other persons against certain liabilities in connection with the offering of shares of our common stock offered hereby.

We will pay all of the expenses incident to the registration, offering, and sale of the shares of our common stock to the Investor. We expect to pay to the Investor up to \$10,000 as reimbursement of its expenses in connection with entering into the Second Amendment, including its legal fees and due diligence expenses.

SUMMARY

This section summarizes some of the information that is contained in this prospectus. As an investor or prospective investor, you should review carefully the more detailed information that appears later in this prospectus and the information incorporated by reference in this prospectus. Unless otherwise indicated, the information presented in this prospectus gives effect to a one-for-ten reverse stock split of our issued and outstanding common shares effective on February 22, 2016.

Unless the context otherwise requires, as used in this prospectus, the terms "Company," "we," "us," and "our" refer to TOP SHIPS INC. and all of its subsidiaries, and "TOP SHIPS INC." refers only to TOP SHIPS INC. and not to its subsidiaries. We use the term deadweight ton, or dwt, in describing the size of vessels. Dwt, expressed in metric tons each of which is equivalent to 1,000 kilograms, refers to the maximum weight of cargo and supplies that a vessel can carry. Our reporting currency is in the U.S. dollar and all references in this prospectus to "\$" or "dollars" are to U.S. dollars.

Our Company

We are an international owner and operator of modern, fuel efficient eco medium range, or MR, tanker vessels focusing on the transportation of crude oil, petroleum products (clean and dirty) and bulk liquid chemicals. We intend to continue to review the market in order to identify potential acquisition targets on accretive terms.

We believe we have established a reputation in the international ocean transport industry for operating and maintaining vessels with high standards of performance, reliability and safety. We have assembled a management team comprised of executives who have extensive experience operating large and diversified fleets of tankers and who have strong ties to a number of national, regional and international oil companies, charterers and traders.

Recent Developments

On August 1, 2016, we amended our ABN Senior Credit Facility, or the ABN Facility, to increase the borrowing limit to \$64.4 million and added another tranche to the loan, "Tranche C," which is secured by M/T Nord Valiant. This additional \$20 million of Tranche C was to be used to partly finance the remaining shipyard installments of the M/T Nord Valiant. Commencing in November 2016, Tranche C is repayable in 12 consecutive quarterly installments of \$0.55 million each and then 12 consecutive quarterly installments of \$0.36 million each, plus a balloon installment of \$9.05 million payable together with the last installment in August 2022. Apart from the inclusion of M/T Nord Valiant as a collateralized vessel, no other material changes were made to the ABN Facility.

On August 5, 2016, we drew down \$20.0 million under the ABN Facility and on August 10, 2016, we took delivery of the M/T Nord Valiant, a 49,737 dwt product/chemical tanker. On August 15, 2016, the M/T Nord Valiant commenced its time charter with DS Norden A/S.

On August 4, September 30 and December 29, 2016, we drew down \$3.3 million, \$0.7 million and \$1.0 million, respectively under our revolving credit facility with Family Trading Inc., or Family Trading. On July 1 and September 7, 2016, we repaid \$1.1 million and \$2.4 million respectively under our revolving credit facility with Family Trading. During November 2016 we repaid a total of \$4.4 million under our revolving credit facility with Family Trading. On January 3, 2017, we repaid \$1.0 million under our revolving credit facility with Family Trading.

On September 14, 2016, we declared a dividend of one preferred share purchase right for each outstanding common share and adopted a shareholder rights plan, as set forth in a stockholders rights agreement dated as of September 22, 2016, by and between us and Computershare Trust Company, N.A., as rights agent.

On November 22, 2016, we entered into a securities purchase agreement with the Selling Securityholder, or the Securities Purchase Agreement, pursuant to which we sold up to 3,160 Series B Convertible Preferred Shares, which are convertible into our common shares pursuant to the terms of the Certificate of Designation of the Series B Convertible Preferred Shares, to the Selling Securityholder for up to \$3.0 million, or the Transaction. The Selling Securityholder purchased 1,579 Series B Convertible Preferred Shares at the initial closing of the Transaction and 527 Series B Convertible Preferred Shares on November 28, 2016 and has waived the right to purchase any additional Series B Preferred Shares. This prospectus covers resales from time to time by the Selling Securityholder of up to 1,000,000 of our common shares underlying the Series B Convertible Preferred Shares issued in the Transaction. For more information about the Series B Convertible Preferred Shares, please see the section below entitled "Description of Series B Convertible Preferred Shares".

In connection with the Transaction, the Company also entered into a registration rights agreement with the Selling Securityholder, or the Registration Rights Agreement, which has been filed as an exhibit to this registration statement, to provide them with certain registration rights.

On December 28, 2016 we extended the maturity of the Family Trading loan to January 31, 2017.

Nasdaq Listing

On January 26, 2016, we received a notification from Nasdaq stating that because the market value of our publicly held shares for the previous 30 consecutive business days was below the minimum \$5 million requirement for continued listing on the Nasdaq Global Select Market, we were not in compliance with Nasdaq Listing Rule 5450(b)(1)(C). The applicable grace period to regain compliance was 180 calendar days from the date of the notice.

On July 27, 2016, we transferred our Nasdaq listing from the Nasdaq Global Select Market to the Nasdaq Capital Market. Our common shares continue to trade on Nasdaq under the symbol "TOPS". The Nasdaq Capital Market is a continuous trading market that operates in substantially the same manner as the Nasdaq Global Select Market. The Company currently fulfills the listing requirements of the Nasdaq Capital Market and the approval of the transfer cured our deficiency under Nasdaq Listing Rule 5450(b)(1)(C).

Corporate Information

Our predecessor, Ocean Holdings Inc., was formed as a corporation in January 2000 under the laws of the Republic of the Marshall Islands and renamed Top Tankers Inc. in May 2004. In December 2007, Top Tankers Inc. was renamed Top Ships Inc.

The Securities We or the Selling Securityholder May Offer

We may use this prospectus to offer up to \$200,000,000 of our:

1. common shares, including related preferred stock purchase rights;
2. preferred shares;
3. debt securities;
4. warrants;
5. purchase contracts;
6. rights; and
7. units.

We may also offer securities of the types listed above that are convertible or exchangeable into one or more of the securities listed above. In addition, the Selling Securityholder may sell in one or more offerings pursuant to this prospectus up to an aggregate of 1,000,000 of our common shares issuable to the Selling Securityholder upon conversion of some or all of the Series B Convertible Preferred Shares issued in the Transaction.

A prospectus supplement will describe the specific types, amounts, prices, and detailed terms of any of these offered securities and may describe certain risks in addition to those set forth below associated with an investment in the securities. Terms used in the prospectus supplement will have the meanings described in this prospectus, unless otherwise specified.

RISK FACTORS

An investment in our securities involves a high degree of risk. Before making an investment in our securities, you should carefully consider all of the information included or incorporated by reference into this prospectus and any prospectus supplement, including the risks described under the heading "Item 3. Key Information—D. Risk Factors" in our Annual Report on Form 20-F for the year ended December 31, 2015, filed with the Commission on April 26, 2016, as updated by annual and other reports and documents we file with the Commission after the date of this prospectus and that are incorporated by reference herein. Please see the section of this prospectus entitled "Where You Can Find Additional Information." In addition, you should also consider carefully the risks set forth under the heading "Risk Factors" in any prospectus supplement before investing in the securities offered by this prospectus. The occurrence of one or more of those risk factors could adversely impact our business, financial condition or results of operations. When we offer and sell any securities pursuant to a prospectus supplement, we may include additional risk factors relevant to such securities in the prospectus supplement.

Risk Related to the Offering

Sales by the Selling Securityholder of the common shares covered by this prospectus could adversely affect the trading price of our common shares.

In accordance with the Registration Rights Agreement, we are registering for resale on this registration statement up to an aggregate of 1,000,000 common shares issuable to the Selling Securityholder upon conversion of some or all of the Series B Convertible Preferred Shares issued in the Transaction. These common shares represent approximately 17.6% of our currently outstanding common shares. Subject to certain exceptions, we are obligated to keep this prospectus current so that, once issued, the common shares can be sold in the public market at any time. Further, the Registration Rights Agreement requires, among other things, for us to ultimately register for resale all of our common shares issued or issuable upon the conversion of all Series B Convertible Preferred Shares issued in the Transaction until the common shares may be sold without restrictions pursuant to Rule 144 promulgated under the Securities Act. Consequently, the resale of all or a substantial portion of the common shares in the public market, or the perception that these sales might occur, could cause the market price of our common shares to decrease and may make it difficult for us to sell our equity securities in the future at a time and upon terms we deem appropriate.

The provisions of the Series B Convertible Preferred Shares may require us to issue a large number of common shares upon conversion, which may significantly depress the trading price of our common shares and significantly dilute existing shareholders.

The conversion price that is used to determine the number of common shares issued to holders of Series B Convertible Preferred Shares upon conversion is subject to anti-dilution adjustments and adjustments based upon the trading price of our common shares. Specifically, each Series B Convertible Preferred Share is convertible into the number of our common shares equal to the quotient of \$1,000 plus any accrued and unpaid dividends divided by the lesser of the following two prices: (i) \$2.80 and (ii) 85% of the lowest daily VWAP of the Company's common shares over the 10 consecutive trading days expiring on the trading day immediately prior to the date of delivery of a conversion notice, but in no event will the conversion price be less than \$1.00. Under certain circumstances, the aforementioned adjustments may result in us issuing a large number of common shares upon conversion of the Series B Convertible Preferred Shares, which in turn could significantly depress the trading price of our common shares and significantly dilute existing shareholders. For example, assuming there are no accrued and unpaid dividends, the hypothetical conversion of all 2,160 Series B Convertible Preferred Shares by the Selling Securityholder at the \$1.00 floor price will result in the issuance of 2,160,000 of our common shares, which represents approximately 38% of our currently outstanding common shares.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Matters discussed in this prospectus may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

We desire to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and are including this cautionary statement in connection with this safe harbor legislation. This prospectus and any other written or oral statements made by us or on our behalf may include forward-looking statements, which reflect our current views with respect to future events and financial performance. When used in this prospectus, the words "anticipate," "believe," "expect," "intend," "estimate," "forecast," "project," "plan," "potential," "may," "should," and similar expressions identify forward-looking statements.

All forward-looking statements involve risks and uncertainties. The occurrence of the events described, and the achievement of the expected results, depend on many events, some or all of which are not predictable or within our control. Actual results may differ materially from expected results.

The forward-looking statements in this prospectus are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies, which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs or projections.

In addition to these assumptions and matters discussed elsewhere herein, important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including fluctuations in charterhire rates and vessel values, changes in demand in the shipping market, including the effect of changes in the Organization of the Petroleum Exporting Countries' petroleum production levels and worldwide oil consumption and storage, changes in regulatory requirements affecting vessel operations, changes in Top Ships Inc.'s operating expenses, including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations or actions taken by regulatory authorities, changes in the price of our capital investments, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents, political events, piracy or acts by terrorists, and other important factors described from time to time in the reports filed by us with the Commission.

See the section entitled "Risk Factors," beginning on page 4, for a more complete discussion of these risks and uncertainties and for other risks and uncertainties. Other unknown or unpredictable factors also could harm our results. Consequently, there can be no assurance that actual results or developments anticipated by us will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, us. Given these uncertainties, prospective investors are cautioned not to place undue reliance on such forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by law.

For purposes of computing the consolidated ratio of earnings to fixed charges, "earnings" consist of pre-tax income from continuing operations prepared under GAAP plus fixed charges (exclusive of interest capitalized) and "fixed charges" represent interest incurred, amortization of deferred financing costs and the interest portion of bareboat (2) charter hire expenses. The consolidated ratio of earnings to fixed charges is a ratio that we are required to present in this prospectus supplement and has been calculated in accordance with SEC rules and regulations. This ratio has no application to our credit facilities, and we believe is not a ratio generally used by investors to evaluate our overall operating performance.

USE OF PROCEEDS

We intend to use net proceeds from the sale of the securities by us as set forth in the applicable prospectus supplement.

We will not receive any proceeds from sales of our common shares by the Selling Securityholder. We also cannot predict when or if the Series B Convertible Preferred Shares will be converted, and it is possible that the Series B Convertible Preferred Shares may never be converted.

CAPITALIZATION

Each prospectus supplement will include information on our consolidated capitalization.

PLAN OF DISTRIBUTION

We or the Selling Securityholder may sell or distribute the securities included in this prospectus through underwriters, through agents, to dealers, in private transactions, at market prices prevailing at the time of sale, at prices related to the prevailing market prices, or at negotiated prices.

In addition, we or the Selling Securityholder may sell some or all of our securities included in this prospectus, through:

a block trade in which a broker-dealer may resell a portion of the block, as principal, in order to facilitate the transaction;

· purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account; or

· ordinary brokerage transactions and transactions in which a broker solicits purchasers.

7

In addition, we or the Selling Securityholder may enter into options or other types of transactions that require us or them to deliver our securities to a broker-dealer, who will then resell or transfer the securities under this prospectus. We or the Selling Securityholder may enter into hedging transactions with respect to our securities. For example, we or the Selling Securityholder may:

- enter into transactions involving short sales of our common shares by broker-dealers;

- enter into option or other types of transactions that require us to deliver common shares to a broker-dealer, who will then resell or transfer the common shares under this prospectus; or

- loan or pledge the common shares to a broker-dealer, who may sell the loaned shares or, in the event of default, sell the pledged shares.

The Selling Securityholder may also sell securities under Rule 144 or any other exemption from registration under the Securities Act of 1933, as amended, or the Securities Act, if available, rather than under this prospectus.

We or the Selling Securityholder may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement. If so, the third party may use securities pledged by us or the Selling Securityholder or borrowed from us or the Selling Securityholder to settle those sales or to close out any related open borrowings of stock, and may use securities received from us or the Selling Securityholder in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions may be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, we or the Selling Securityholder may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

The Selling Securityholder and any broker-dealers or other persons acting on our behalf or the behalf of the Selling Securityholder that participate with us or the Selling Securityholder in the distribution of the securities, may be deemed to be underwriters, and any commissions received or profit realized by them on the resale of the securities, may be deemed to be underwriting discounts and commissions under the Securities Act of 1933, as amended, or the Securities Act. As a result, we have informed, or will inform, the Selling Securityholder that Regulation M, promulgated under the Securities Exchange Act of 1934, or the Exchange Act, may apply to sales by the Selling Securityholder in the market. The Selling Securityholder may agree to indemnify any broker, dealer or agent that participates in transactions involving the sale of our common shares against certain liabilities, including liabilities arising under the Securities Act.

As of the date of this prospectus, we are not a party to any agreement, arrangement or understanding between any broker or dealer and us with respect to the offer or sale of the securities pursuant to this prospectus.

At the time that any particular offering of securities is made, to the extent required by the Securities Act, a prospectus supplement will be distributed, setting forth the terms of the offering, including the aggregate number of securities being offered, the purchase price of the securities, the initial offering price of the securities, the names of any underwriters, dealers or agents, any discounts, commissions and other items constituting compensation from us, and any discounts, commissions or concessions allowed or re-allowed or paid to dealers. Furthermore, we, our executive officers, our directors and major shareholders or the Selling Securityholder may agree, subject to certain exemptions, that for a certain period from the date of the prospectus supplement under which the securities are offered, we and

they will not, without the prior written consent of an underwriter, offer, sell, contract to sell, pledge or otherwise dispose of any of our common shares or any securities convertible into or exchangeable for common shares. However, an underwriter, in its sole discretion, may release any of the securities subject to these lock-up agreements at any time without notice.

Underwriters or agents could make sales in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an at-the-market offering as defined in Rule 415 promulgated under the Securities Act, which includes sales made directly on or through the Nasdaq Capital Market, the existing trading market for our common shares, or sales made to or through a market maker other than on an exchange.

We will bear costs relating to all of the securities offered and sold by us under this registration statement.

If more than five percent (5%) of the net proceeds of any offering of common shares made under this prospectus will be received by a Financial Industry Regulatory Authority, or FINRA, member participating in the offering or affiliates or associated persons of such a FINRA member, the offering will be conducted in accordance with FINRA Rule 5121.

DESCRIPTION OF CAPITAL STOCK

Purpose

Our purpose is to engage in any lawful act or activity for which corporations may now or hereafter be organized under the Marshall Islands Business Corporations Act, or BCA. Our Third Amended and Restated Articles of Incorporation and Amended and Restated By-Laws, as amended, do not impose any limitations on the ownership rights of our shareholders.

Authorized Capitalization

Our authorized capital stock consists of 1,000,000,000 common shares, par value \$0.01 per share, of which 5,694,141 shares were issued and outstanding as of January 9, 2017 and 20,000,000 preferred shares with par value of \$0.01, of which 2,106 Series B Convertible Preferred Shares are issued and outstanding as of the date of this prospectus.

On September 14, 2016, we declared a dividend of one preferred share purchase right for each outstanding common share and adopted a shareholder rights plan, as set forth in a Stockholders Rights Agreement dated as of September 22, 2016, by and between us and Computershare Trust Company, N.A., as rights agent described under the section entitled "—Stockholder Rights Agreement". In connection with the Stockholder Rights Agreement, we designated 1,000,000 shares as Series A Participating Preferred Stock, none of which are outstanding as of the date of this prospectus.

As of January 13, 2017, there were also (i) 2,669,545 warrants outstanding, with each warrant currently having an exercise price of the lesser of \$2.80 or 85% of the lowest daily VWAP of the Company's common shares over the 10 consecutive trading days expiring on the trading day immediately prior to the date of delivery of an exercise notice (but in no event will the exercise price be less than \$1.00), and entitling its holder to purchase 0.89 common shares, as may be further adjusted and (ii) 300,000 representative warrants outstanding entitling their holders to purchase 30,000 shares at an exercise price of \$25 per share, as may be further adjusted.

Description of Common Shares

Each outstanding common share entitles the holder to one vote on all matters submitted to a vote of shareholders. Subject to preferences that may be applicable to any outstanding preferred shares, holders of common shares are entitled to receive ratably all dividends, if any, declared by our Board of Directors out of funds legally available for dividends. Upon our dissolution or liquidation or the sale of all or substantially all of our assets, after payment in full of all amounts required to be paid to creditors and to the holders of our preferred shares having liquidation preferences, if any, the holders of our common shares will be entitled to receive pro rata our remaining assets available for distribution. Holders of our common shares do not have conversion, redemption or preemptive rights to subscribe to any of our securities. The rights, preferences and privileges of holders of our common shares are subject to the rights of the holders of any preferred shares that we may issue in the future.

Description of Preferred Shares

Our Third Amended and Restated Articles of Incorporation authorize our Board of Directors to establish one or more series of preferred shares and to determine, with respect to any series of preferred shares, the terms and rights of that series, including the designation of the series, the number of shares of the series, the preferences and relative, participating, option or other special rights, if any, and any qualifications, limitations or restrictions of such series, and

the voting rights, if any, of the holders of the series.

10

Under the terms of our Third Amended and Restated Articles of Incorporation, our board of directors has the authority, without any further vote or action by our shareholders, to issue up to 20,000,000 preferred shares. The material terms of any series of preferred shares that we offer through a prospectus supplement will be described in that prospectus supplement. Our board of directors is authorized to provide for the issuance of preferred shares in one or more series with designations as may be stated in the resolution or resolutions providing for the issue of such preferred shares. At the time that any series of our preferred shares are authorized, our board of directors will fix the dividend rights, any conversion rights, any voting rights, redemption provisions, liquidation preferences and any other rights, preferences, privileges and restrictions of that series, as well as the number of shares constituting that series and their designation. Our board of directors could, without shareholder approval, cause us to issue preferred shares which have voting, conversion and other rights that could adversely affect the holders of common shares or make it more difficult to effect a change in control. Our preferred shares could be used to dilute the share ownership of persons seeking to obtain control of us and thereby hinder a possible takeover attempt which, if our shareholders were offered a premium over the market value of their shares, might be viewed as being beneficial to our shareholders. In addition, our preferred shares could be issued with voting, conversion and other rights and preferences which would adversely affect the voting power and other rights of holders of common shares. Our board of directors may issue preferred shares on terms calculated to discourage, delay or prevent a change of control in us or the removal of our management.

Description of Series B Convertible Preferred Shares

On November 22, 2016, we completed a private placement of up to 3,160 Series B Convertible Preferred Shares for an aggregate principal amount of up to \$3.0 million. The Selling Securityholder purchased 1,579 Series B Convertible Preferred Shares at the initial closing of the Transaction and 527 Series B Convertible Preferred Shares on November 28, 2016 for a total of \$2.0 million. The Selling Securityholder waived the right to purchase any additional Series B Preferred Shares. The following description of the Series B Convertible Preferred Shares is subject to and qualified in its entirety by reference to the Securities Purchase Agreement, Certificate of Designation of the Series B Convertible Preferred Shares and Registration Rights Agreement entered into in connection with the private placement. Copies of the Securities Purchase Agreement, Certificate of Designation of the Series B Convertible Preferred Shares and Registration Rights Agreement has been filed as exhibits to our Report on Form 6-K filed with the Commission on November 23, 2016. The waiver agreement was filed as an exhibit to our Report on Form 6-K filed with the Commission on January 10, 2017. We suggest that you read the complete text of our Securities Purchase Agreement, Certificate of Designation of the Series B Convertible Preferred Shares, and Registration Rights Agreement and the waiver agreement, which we have incorporated by reference to this registration statement.

Conversion. Each holder of Series B Convertible Preferred Shares, at any time and from time to time, has the right, subject to certain conditions, to convert all or any portion of the Series B Convertible Preferred Shares then held by such holder into our common shares at the conversion rate then in effect. Each Series B Convertible Preferred Share is convertible into the number of our common shares equal to the quotient of \$1,000 plus any accrued and unpaid dividends divided by the lesser of the following two prices: (i) \$2.80 and (ii) 85% of the lowest daily VWAP of the Company's common shares over the 10 consecutive trading days expiring on the trading day immediately prior to the date of delivery of a conversion notice, but in no event will the conversion price be less than \$1.00.

Limitation on Beneficial Ownership. The Series B Convertible Preferred Shares may not be converted if, after giving effect to the conversion, a holder together with certain related parties would beneficially own in excess of 4.99% of our outstanding common shares. At each holder's option, the cap may be waived upon 61-days' prior notice to us.

Voting. The holders of Series B Convertible Preferred Shares are entitled to such number of votes as is equal to the number of our common shares then issuable upon a conversion of each Series B Convertible Preferred Share (subject to the ownership limitation of 4.99%) on all matters submitted to a vote of the stockholders of the Company. The

holders of Series B Convertible Preferred Shares and the holders of our common shares shall vote together as one class on all matters submitted to a vote of shareholders of the Company. The holders of Series B Convertible Preferred Shares have no special voting rights and their consent shall not be required for taking any corporate action.

Distributions. Upon any liquidation, dissolution or winding up of the Company, the holders of Series B Convertible Preferred Shares shall be entitled to receive an aggregate amount equal to one thousand dollars (\$1,000) per each Series B Convertible Preferred Share plus an amount equal to any accrued and unpaid dividends on each such Series B Convertible Preferred Share.

Redemption. The Company at its option shall have the right to redeem a portion or all of the outstanding Series B Convertible Preferred Shares. The Company shall pay an amount equal to one thousand dollars (\$1,000) per each Series B Convertible Preferred Share, or the Liquidation Amount, plus a redemption premium equal to twenty percent (20%) of the Liquidation Amount being redeemed, plus an amount equal to any accrued and unpaid dividends on such Preferred Shares (collectively referred to as the "Redemption Amount"). In order to make a redemption, the Company shall first provide 10 business days advanced written notice to the holders of its intention to make a redemption, or the Redemption Notice, setting forth the amount it desires to redeem. After receipt of the Redemption Notice, the holders shall have the right to elect to convert all or any portion of its Series B Convertible Preferred Shares. Upon the expiration of the 10 business day period, the Company shall deliver to each holder the Redemption Amount with respect to the amount redeemed after giving effect to conversions effected during the notice period.

The Series B Convertible Preferred Shares shall be subject to redemption in cash at the option of the holders thereof at any time after the occurrence and continuance of a Triggering Event, as defined in the Certificate of Designation of the Series B Convertible Preferred Shares incorporated herein by reference, in an amount equal to the Redemption Amount with respect to such Series B Convertible Preferred Shares. Such Preferred Shares shall be redeemed and the Redemption Amount shall be paid on a date that shall not be more than 10 business days following the date that written notice to the Company is given by a holder indicating the holder's intention to redeem such shares and the number of shares to be redeemed.

Dividends. The holders of outstanding Series B Convertible Preferred Shares shall be entitled to receive when, as and if declared by our board of directors out of funds legally available for the purpose, quarterly dividends payable in cash on the last day of January, April, July and October in each year (each such date being referred to herein as a "Quarterly Dividend Payment Date"), commencing on the first Quarterly Dividend Payment Date after a Triggering Event (as defined in the Certificate of Designation of the Series B Convertible Preferred Shares incorporated herein by reference) in an amount per share (rounded to the nearest cent) equal to eight percent (8%) per year of the liquidation amount of the then outstanding Series B Convertible Preferred Shares computed on the basis of a 365-day year and the actual days elapsed. A Triggering Event includes, among other things, certain bankruptcy proceedings commenced by us or our subsidiaries, the delisting of our common shares from Nasdaq, our failure to timely deliver common shares to the Selling Securityholder upon conversion of Series B Convertible Preferred Shares, our failure to pay cash upon redemption as provided in the Certificate of Designations of the Series B Convertible Preferred Shares, or our failure to observe or perform certain covenants of the Certificate of Designations of the Series B Convertible Preferred Shares or any Transaction document. The liquidation amount is \$1,000 per each Series B Convertible Preferred Share. The Company shall declare a dividend or distribution on the Series B Convertible Preferred Shares as provided above immediately after each Quarterly Dividend Payment Date after a Triggering Event.

Accrued but unpaid dividends shall not bear interest. Dividends paid on the Series B Convertible Preferred Shares in an amount less than the total amount of such dividends at the time accrued and payable on such shares shall be allocated pro rata on a share-by-share basis among all such shares at the time outstanding. Our board of directors may fix a record date for the determination of holders of Series B Convertible Preferred Shares entitled to receive payment of a dividend or distribution declared thereon, which record date shall be no more than 30 days prior to the date fixed for the payment thereof.

The warrants had an exercise price of \$2.50 per share, which is adjustable, were exercisable immediately, and expire five years from the date of issuance. In addition, the underwriters partially exercised their overallotment option to purchase an additional 660,000 common shares and 330,000 warrants to purchase common shares. The underwriters also received as compensation 300,000 representative warrants, or the Representative Warrants, to purchase our common shares with an adjustable exercise price of \$25 per share. The amounts discussed in the above paragraph do not reflect the 1-for-10 reverse stock split effected on February 22, 2016.

On December 23, 2015, we entered into an agreement with Family Trading for the latter to assume the outstanding \$3.8 million balance payable on the early termination of the bareboat charter for the M/T Delos. This prospectus covers resales from time to time by the Selling Securityholder of up to 1,000,000 of our common shares underlying the Series B Convertible Preferred Shares.

Equity Incentive Plan

In April 2005, our Board of Directors adopted our 2005 Stock Incentive Plan, which was amended and restated in December 2009, or the Amended and Restated 2005 Plan, under which our officers, key employees and directors were eligible to receive grants of stock appreciation rights, dividend equivalent rights, restricted stock, unrestricted stock, restricted stock units, and performance shares at the discretion of our Board of Directors.

On February 12, 2013, we granted 714 shares to our President, Chief Executive Officer and Director, Evangelos J. Pistiolis, which were issued to Sovereign. The shares vested six months from the date of grant, however, as the shares granted to Mr. Pistiolis did not contain any future service vesting conditions, all such shares were considered vested

shares on the grant date. The fair value of each share on the grant date was \$73.5.

13

On September 26, 2013, we granted 1,285 shares to two of our officers. The shares vested six months from the date of grant, however, as these shares did not contain any future service vesting conditions, all such shares were considered vested shares on the grant date. The fair value of each share on the grant date was \$131.6.

On December 18, 2013, we granted 714 shares to our President, Chief Executive Officer and Director, Evangelos J. Pistiolis which were issued to Sovereign on January 17, 2014. The shares vested six months from the date of grant, however, as the shares granted to Mr. Pistiolis did not contain any future service vesting conditions, all such shares were considered vested shares on the grant date. The fair value of each share on the grant date was \$112.00.

The Amended and Restated 2005 Plan expired in April 2015.

On April 15, 2015, our Board of Directors adopted the 2015 Stock Incentive Plan, or the 2015 Plan, under which our directors, officers, key employees as well as consultants and service providers may be granted non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, dividend equivalents, unrestricted stock and other-equity based-related awards. On June 30, 2016, 22,875 shares of the 2015 Plan vested. The fair value of each share on the vesting date was \$1.69.

Shareholder Meetings

Under our Amended and Restated By-Laws, annual shareholder meetings will be held at a time and place selected by our Board of Directors. The meetings may be held in or outside of the Marshall Islands. Special meetings of the shareholders, unless otherwise prescribed by law, may be called for any purpose or purposes at any time exclusively by the Board of Directors. Notice of every annual and special meeting of shareholders shall be given at least 15 but not more than 60 days before such meeting to each shareholder of record entitled to vote thereat.

Directors

Our directors are elected by a plurality of the votes cast at a meeting of the shareholders by the holders of shares entitled to vote in the election. Our Third Amended and Restated Articles of Incorporation and Amended and Restated By-Laws prohibit cumulative voting in the election of directors.

The Board of Directors must consist of at least one member and not more than twelve, as fixed from time to time by the vote of not less than 66 2/3% of the entire board. Each director shall be elected to serve until the third succeeding annual meeting of shareholders and until his successor shall have been duly elected and qualified, except in the event of his death, resignation, removal, or the earlier termination of his term of office. The Board of Directors has the authority to fix the amounts which shall be payable to the members of our Board of Directors, and to members of any committee, for attendance at any meeting or for services rendered to us.

Classified Board

Our Amended and Restated Articles of Incorporation provide for the division of our Board of Directors into three classes of directors, with each class as nearly equal in number as possible, serving staggered, three-year terms. Approximately one-third of our Board of Directors will be elected each year. This classified board provision could discourage a third party from making a tender offer for our shares or attempting to obtain control of our company. It could also delay shareholders who do not agree with the policies of the Board of Directors from removing a majority of the Board of Directors for two years.

Election and Removal

Our Third Amended and Restated Articles of Incorporation and Amended and Restated By-Laws require parties other than the Board of Directors to give advance written notice of nominations for the election of directors. Our Third Amended and Restated Articles of Incorporation provide that our directors may be removed only for cause and only upon the affirmative vote of the holders of at least 80% of the outstanding shares of our capital stock entitled to vote for those directors. These provisions may discourage, delay or prevent the removal of incumbent officers and directors.

Dissenters' Rights of Appraisal and Payment

Under the BCA, our shareholders have the right to dissent from various corporate actions, including certain mergers or consolidations or sales of all or substantially all of our assets not made in the usual course of our business, and receive payment of the fair value of their shares, subject to exceptions. For example, the right of a dissenting shareholder to receive payment of the fair value of his shares is not available if for the shares of any class or series of shares, which shares at the record date fixed to determine the shareholders entitled to receive notice of and vote at the meeting of shareholders to act upon the agreement of merger or consolidation, were either (1) listed on a securities exchange or admitted for trading on an interdealer quotation system or (2) held of record by more than 2,000 holders. In the event of any further amendment of the articles, a shareholder also has the right to dissent and receive payment for his or her shares if the amendment alters certain rights in respect of those shares. The dissenting shareholder must follow the procedures set forth in the BCA to receive payment. In the event that we and any dissenting shareholder fail to agree on a price for the shares, the BCA procedures involve, among other things, the institution of proceedings in the High Court of the Republic of the Marshall Islands or in any appropriate court in any jurisdiction in which our shares are primarily traded on a local or national securities exchange. The value of the shares of the dissenting shareholder is fixed by the court after reference, if the court so elects, to the recommendations of a court-appointed appraiser.

Shareholders' Derivative Actions

Under the BCA, any of our shareholders may bring an action in our name to procure a judgment in our favor, also known as a derivative action, provided that the shareholder bringing the action is a holder of our common shares both at the time the derivative action is commenced and at the time of the transaction to which the action relates. On November 20, 2014, we amended our Amended and Restated By-Laws to provide that unless we consent in writing to the selection of alternative forum, the sole and exclusive forum for (i) any shareholders' derivative action or proceeding brought on behalf of the Company, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the Company or the Company's shareholders, (iii) any action asserting a claim arising pursuant to any provision of the BCA, or (iv) any action asserting a claim governed by the internal affairs doctrine shall be the High Court of the Republic of the Marshall Islands, in all cases subject to the court's having personal jurisdiction over the indispensable parties named as defendants.

Anti-takeover Provisions of our Charter Documents

Several provisions of our Third Amended and Restated Articles of Incorporation and Amended and Restated By-Laws may have anti-takeover effects. These provisions are intended to avoid costly takeover battles, lessen our vulnerability to a hostile change of control and enhance the ability of our Board of Directors to maximize shareholder value in connection with any unsolicited offer to acquire us.
