ALVARION Reports record results FOR THE
second Quarter of 2004

Revenues Up 9% Sequentially and Net Income Increased 74% from First Quarter

Tel - Aviv, Israel, August 4, 2004 - Alvarion Ltd. (NASDAQ: ALVR), the global leader in wireless broadband solutions, today announced financial results for the second quarter ended June 30, 2004.

Revenues for the second quarter of 2004 rose to a record \$48.8 million, an increase of 9% compared to \$44.7 million in the first quarter of 2004, and up 57% from \$31.0 million in the second quarter of 2003. Gross margin increased for the 11th consecutive quarter, reaching 43.2% compared to 42.6% in the first quarter of 2004 and 40.1% in the second quarter of 2003.

According to US GAAP, net income increased to \$2.5 million or \$0.04 per share on a fully diluted basis for the second quarter of 2004. GAAP net income for the first quarter of 2004 was \$1.4 million, or \$0.02 per share on a fully diluted basis, and GAAP net loss for the second quarter of 2003 was \$(5.9) million, or \$(0.11) per share.

Results for all periods include expenses attributable to the amortization of intangible assets and amortization of deferred stock compensation, which totaled \$680,000 in the first and second quarters of 2004, and \$790,000 in the second quarter of 2003. The second quarter of 2003 also included \$2.2 million of acquisition-related expenses in connection with the purchase of certain assets and liabilities of InnoWave ECI Wireless Systems Ltd. Excluding all aforementioned amortizations and acquisition related expenses, the Company's non-GAAP net income for the second quarter of 2004 was \$3.2 million, or \$0.05 per diluted share. For the first quarter of 2004 non-GAAP net income was \$2.1 million, or \$0.03 per diluted share, and for the second quarter of 2003 non-GAAP net loss was \$(2.9) million, or \$(0.06) per share.

Comments of Management

"During the quarter we met or exceeded all our internal strategic and operating targets while continuing to lead the BWA market and the WiMAX revolution," said Zvi Slonimsky, CEO of Alvarion. "Our commitment to leadership in broadband wireless access has never been more evident. Our performance reinforces our belief that the combination of our proven technology, breadth of products and global support enables our continuing growth in this dynamic and competitive business. We continue to implement our strategies for both internal and external growth while focusing on excellence and profitability. This quarter was another quarter of broad-based revenue growth as a result of continued growth in worldwide demand for wireless broadband solutions and excellent execution in every respect by the Alvarion team.

"During the quarter, we made progress in all areas of focus," continued Mr. Slonimsky. "In addition to benefiting from growth in demand, we continued to expand our customer base and introduce new products. British Telecom completed its trials of wireless broadband access in four cities around the United Kingdom and placed an initial order for commercial deployment. We are proud to be selected by British Telecom, a carrier that recognizes the important contribution that wireless technology can make in addressing

the need for broadband services. Their initial order was for our BreezeAccess VL(TM) solution. Last quarter, we introduced the BreezeAccess VL in 5.4 Ghz band, and, recently we introduced BreezeAccess VL for the 5.2GHz frequency to address the growing demand for broadband we see in Russia as well as in a number of countries in Asia Pacific. The BreezeAccess VL is based on OFDM technology which provides non-line of sight capabilities, a key WiMAX technology.

"A major new product milestone in Q2 was the introduction of our BreezeMAX(TM) platform, a WiMAX-ready platform that enables customers to move forward confidently in anticipation of the availability of WiMAX CPEs. The first product based on our WiMAX platform was the BreezeMAX 3500, for the 3.5GHz frequency band. We announced recently that Siemens, our long-term partner, has selected Alvarion to supply the BreezeMAX 3500 as part of the expansion of our OEM agreement. We are excited and gratified to see increased interest in WiMAX solutions from all types of operators, including Tier 1 carriers all over the world.

Edgar Filing: ALVARION LTD - Form 6-K

"Last week we announced the agreement for the acquisition of interWAVE Communications International Ltd., a leading supplier of compact cellular network infrastructure based on GSM and CDMA2000 technology that is particularly well-suited for rural areas in developing regions. We believe that the acquisition will complement our existing wireless solutions with a cost effective fixed and mobile solution to serve the need for voice and data in regions of the world that need telecommunication infrastructure. We also believe that this acquisition will broaden our customer base with additional top-tier operators, and leverage both our strong channel relationships and our global sales and customer support. We intend to apply our experience in integrating acquisitions to quickly realize the benefits of operating synergies. In addition, it is our belief that the interWAVE acquisition provides extremely valuable core mobile technology and expertise in designing and deploying mobile networks, which will help us accelerate our portable and mobile WiMAX offering," concluded Mr. Slonimsky.

Q3 2004 Guidance

The Company expects Q3 2004 revenues to range between \$51 million and \$53 million. At this revenue range, net earnings per share are expected to range between 5 and 6 cents while non-GAAP net earnings per share, which excludes amortization of intangible assets and deferred stock-based compensation, is expected to range between 6 and 7 cents. The third quarter guidance excludes any impact on operations and any transaction-related charges from the acquisition of interWAVE Communications International Ltd., which we expect to be closed at or around the end of the third quarter.

marketing, and technology providers and other risks detailed from time to time in filings with the Securities and Exchange Commission. In addition, our limited history in completing acquisitions may adversely impact our ability to successfully integrate the business of Alvarion and interWAVE; we may face liabilities and expenses in excess of those currently anticipated with respect to the acquisition of interWAVE; we may be unable to retain key personnel of interWAVE, if interWAVE does not receive required shareholder approvals or either company fails to satisfy other conditions to closing, the transaction will not be consummated. Factors affecting interWAVE's business generally include those set forth in interWAVE's filings with the SEC, including its Annual Report on Form 10-K for its most recent fiscal year and its most recent Quarterly Report on Form 10-Q and its Current Reports on Form 8-K.

Certain information set forth in this press release pertaining to third parties has not been independently verified by Alvarion and is based solely on publicly available information or on information provided to Alvarion by such third parties for inclusion in this press release.
