It is expected that the Registrant's sales be approximately \$43.9 million for the three months ended September 30, 2007 compared to \$30.1 million for the three months ended September 30, 2007 compared to \$76.4 million for the nine months ended September 30, 2006. The increase in sales for the three months ended September 30, 2007 compared to \$76.4 million for the nine months ended September 30, 2006. The increase in sales for the three months ended September 30, 2007 compared to those ended September 30, 2006 was attributable principally to increased sales and marketing efforts as well as an increase in demand for personal computers. While the Registrant_s increase in net sales is expected to result in an increase in net profit for the quarter ended September 30, 2006, the Registrant_s gross profit margin for such period decreased from 3.99% of net sales in the quarter ended September 30, 2007, primarily as a result of decreased sales commissions paid by Samsung HK, the Registrant_s principal supplier.
