Item 7.01 Regulation FD Disclosure.

The following information, which has not previously been disclosed, is furnished pursuant to Item 7.01 “Regulation FD Disclosure.” Ark Restaurants Corp. (the “Company”) is furnishing the following information which was discussed during the question and answer period of an earnings release conference call with investors on August 6, 2015.

Michael Weinstein, the Company’s Chief Executive Officer, reported that the Company “was very close to another acquisition of a restaurant in Florida, which should happen in the next couple of weeks.” He described the restaurant as being similar to the Rustic Inn in Fort Lauderdale, as the Company will own the property. Mr. Weinstein said that the contribution to EBITDA from this restaurant would be greater than the \$1 million which will be lost from the closing of the V-Bar at the Venetian Casino Resort in Las Vegas. He believes that with efficiencies, the Company can increase profitability. In response to a second question, Mr. Weinstein said the purchase price was roughly \$5.6 million.

In response to another question, Mr. Weinstein said that the Rustic Inn in Jupiter should be profitable in the fourth fiscal quarter; would produce about \$7 million in revenues next year and be profitable on a 12-month basis, with about 10 to 15% profit.

Except for historical information, this report contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements involve unknown risks, and uncertainties that may cause the Company’s actual results or outcomes to be materially different from those anticipated and discussed herein. Important factors that might cause such differences are discussed in the Company’s filings with the Securities and Exchange Commission. The Company disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Actual results could differ materially from those anticipated in these forward-looking statements, if new information becomes available in the future.
