Item 5. Other Events and Required FD Disclosure

Agreement in Principle with Sprout Group to Modify Preferred Stock

InterCept, Inc. has agreed in principle with Sprout Group to modify the terms of the \$10 million preferred stock purchased by Sprout in September 2003. This transaction, which will take the form of an exchange of a new Series B preferred stock of InterCept for all of the outstanding Series A preferred stock of InterCept, is expected to close on or about June 30, 2004.

The modifications to the preferred stock include the elimination of the preferred dividend (including all currently accrued dividends) and the elimination of the right of holders of the preferred stock to block a number of proposed corporate actions approved by a majority of the Board, including certain mergers, acquisitions and amendments to the articles and bylaws. The conversion price of the preferred will be reduced to \$10.50 per share from \$13.97 per share. A copy of the Memorandum of Terms for the exchange is attached hereto as Exhibit 99.1. The modification transaction is contingent upon the parties entering into a definitive agreement to reflect the terms of the exchange.

Edgar Filing: INTERCEPT INC - Form 8-K

The proposed exchange transaction is expected to result in a non-cash charge to net income (loss) attributable to common shareholders. The charge will be equal to the product of (a) the number of common shares into which the Series B preferred stock may be converted (952,381), times (b) the amount by which the market price per share of InterCept common stock on the date of the exchange exceeds the \$10.50 Series B conversion price per share. The aggregate amount of the non-cash charge will be reduced by the \$300,000 of Series A preferred dividends accrued through the date of the exchange. The charge will be amortized on a pro-rata basis over the 18 fiscal quarters following the effective date of the exchange, which is the remaining term during which the Series B preferred stock is convertible into common stock. The charge will replace and be in lieu of the charge for preferred dividends currently being accrued on the Series A preferred stock.

This Item 5 contains forward-looking statements within the meaning of the securities laws that are based on current expectations and assumptions. These forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties, some of which are outside of InterCept's control, that may cause actual results to differ materially from those expressed or implied by the forward-looking statements. These risks and uncertainties include whether InterCept and Sprout will be able to reach agreement on final documentation for the transaction described above and in the attached Memorandum of Terms; whether the accounting results will ultimately be as described above; and whether the transaction will actually close on or about June 30, 2004 as anticipated or at all.

Receipt of \$3 Million Prepayment from Solidus Networks, Inc.

As InterCept has previously reported, Solidus Networks, Inc. d/b/a Pay By Touch purchased a portion of InterCept's merchant services division on March 22, 2004. The \$30.5 million sale price for that transaction included a \$15.5 million note due on September 20, 2004 that is guaranteed by three Pay By Touch stockholders. The \$15.5 million note is payable in two installments. Because Pay By Touch paid the first installment on May 21, 2004 as scheduled, the amount of principal remaining outstanding after that payment was reduced by \$3 million to

\$9.5 million in accordance with the terms of the note. InterCept had previously recorded the note at its net realizable value of \$12,500,000.
