ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS

On July 17, 2003, Merge Technologies Incorporated (the "Company") acquired 100% of the outstanding shares of RIS Logic, Incorporated ("RIS Logic") in exchange for 772,000 shares of Merge common stock, cash of \$2,724,000, the payment of \$1,700,000 of liabilities as a closing condition of the sale and the issuance of 128,000 options to replace existing fully vested options previously issued to RIS Logic employees from the Merge Technologies Incorporated 2003 Stock Option Plan. The consideration was negotiated at arms-length between the Company and RIS Logic and includes a premium over the net book value of assets based upon the Company's own assessment of the market value of RIS Logic's assets and the benefits of combining RIS Logic with the Company.

Shares owned by Merge, Acquisition Sub or any other direct or indirect Subsidiary of Merge (collectively, the "Merge Companies") or Shares that are owned by the Company or any direct or indirect subsidiary of the Company, and in each case not held on behalf of third parties, or Shares ("Dissenting Shares") that are owned by shareholders ("Dissenting Shareholders") who do not vote to approve the Merger and comply with all the provisions of the Ohio Statute concerning the right of holders of Shares to dissent from the Merger and require payment of fair value (as that term is used in the Ohio Statute) for their Shares shall be an "Excluded Share" and collectively, "Excluded Shares" for purposes of this Agreement. At the Effective Time, all Shares shall no longer be outstanding and shall be canceled and retired and shall cease to exist, and each certificate (a "Certificate") formerly representing any of such Shares (other than Excluded Shares) shall thereafter represent only the right to receive the Merger Consideration.

(a) Merger Consideration.

For purposes of this Agreement, the Merger Consideration shall be allocated to all classes of Company stock, warrants and options based upon an agreed value of \$16.54 [DQ1]per equivalent RIS Share ("Agreed Value") which is to be allocated pursuant to this section. The Merger Consideration shall consist of the following, which, in the case of items (i), (ii) and (iii) below, may be adjusted in the event that a holder of Rollover Options elects to exercise such options no later than three (3) days prior to the Closing Date:

(i) Common Stock of RIS

The Merger Consideration allocated to the Company's common stock holders shall be the aggregate amount of Two Million Five Hundred Sixteen Thousand Nine Hundred Sixty-Seven Dollars (\$2,516,967) (the "BASE CASH") and Seven Hundred Thirteen Thousand One Hundred Forty One (713,141) shares of Merge common stock, \$.01 par value per share (the "BASE MERGE STOCK"). The Base Merge Stock may be adjusted as follows:

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

(A) Adjusted Base Merge Stock - The Base Merge Stock shall be Seven Hundred Thirteen Thousand One Hundred Forty One (713,141) shares. However, if the Merge Average Stock Price is less than \$8.75, Twenty Thousand Four Hundred Fifty (20,450) shares of Merge Stock will be added to the Base Merge Stock and if the Merge Average Stock Price is less than \$8.25, a total of Forty Thousand Nine Hundred (40,900) shares of Merge Stock will be added to the Base Merge Stock. The number of shares determined by this calculation shall become the "ADJUSTED BASE MERGE STOCK".

(ii) Warrants - Strike Price \$3.70

Holder of Company warrants with a \$3.70 strike price, shall be entitled to the aggregate amount of One Hundred Eighty Three Thousand Four Hundred Sixty-Eight Dollars (\$183,468), and Fifty One Thousand Nine Hundred Eighty-Three (51,983) shares of Merge common stock to be allocated on a prorata basis to each share underlying a warrant.

(iii) Warrants - Strike Price \$14.89

Holder of Company warrants with a \$14.89 strike price shall be entitled to the aggregate amount of Twenty Three Thousand Five Hundred Seventy-Seven Dollars (\$23,577) and Six Thousand Six Hundred Eighty (6,680) shares of Merge common stock to be allocated on a prorata basis to each share underlying a warrant.

(iv) Options with strike prices other than \$3.70

All options that have strike prices in excess of \$16.54, have been cancelled and signed releases have been delivered to Merge on or before the Closing Date.

(v) Escrowed Shares.

Merge Stock equal to One Hundred Seventy Three Thousand Ninety Three (173,093) [DQ3] shares will be segregated from the Adjusted Base Merge Stock and deposited into Escrow at Closing as described in Section 2.8.

(vi) Proportionate Share.

The portion of the Merger Consideration (less the Escrowed Shares holdback) due to each Shareholder or warrant holder on the Closing Date (other than Dissenting Shareholders) shall be his or her proportionate ownership of the outstanding Shares or warrants as set forth in the Company's Secretary's Certificate of Share Ownership to be delivered at least three business days before Closing. Such Certificate will be prepared after exercise of all options and warrants which are to be exercised at least three business days prior to Closing by any holder of an option or warrant who is not rolling over into Rollover Options.

(b) For the purposes of calculating the Closing Date Balance Sheet Net Asset Value to reduce the Escrowed Shares as provided in Section 2.8 below, no adjustment to the Closing Date Balance Sheet Net Asset Value shall be made for good faith differences concerning the application of GAAP accounting rules to "deferred revenue" and software development under FAS 86. Fifteen days after the Closing Date, the Company will prepare a Preliminary Balance Sheet in

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

accordance with GAAP which has properly accrued for all amounts owed to vendors and employees, current and previous management and properly reserved for bad debt and all pending, threatened and contingent liabilities required to be reserved for under GAAP up to and including the Closing Date (the "Preliminary Balance Sheet"). The final balance sheet as of the Closing Date (the "Closing Date Balance Sheet") will be prepared ninety (90) days after Closing. If Merge notifies the Principal Shareholders within thirty (30) days following receipt of the Closing Date Balance Sheet that Merge disagrees with the Closing Date Balance Sheet, the parties shall attempt in good faith to resolve such dispute as soon as possible. If the parties are unable to resolve such dispute within thirty (30) days after the Principal Shareholders' receipt of notice from Merge, such dispute shall be submitted to a neutral office of nationally recognized independent accountants jointly chosen by, and mutually acceptable to, the Company and Merge (the "Auditor") for the purpose of resolving the dispute set forth in such notice. If the parties are not able to agree on the Auditor within thirty (30) days, the Auditor shall be the Chicago office of Ernst & Young. The Auditor shall review and decide the issue or issues that are subject of such dispute within 30 days. The decision of the Auditor shall be binding on the parties. The fees and costs of shall be borne equally by the Principal Shareholders and the Principal Shareholders' Related Persons, as a group (50%), and Merge (50%). Any adjustments to the Net Asset Value, as determined in the Closing Date Balance Sheet, shall be paid out of the Escrow referred to in Section 2.8 in Merge Shares based upon the Merge Average Stock Price.

(c) Dissenting Shares. Notwithstanding anything in this Agreement to the contrary, any Shares held by a Person (a "Dissenting Shareholder") who does not vote to approve the Merger and complies with all the provisions of the Ohio Statute concerning the right of holders of Shares to dissent from the Merger and require payment of fair value (as that term is used in the Ohio Statute) for their Shares ("Dissenting Shares") shall not be converted as described in Section 2.6(a), but shall be converted into the right to receive such consideration as may be determined to be due to such Dissenting Shareholder pursuant to the Ohio Statute. If, after the Effective Time, such Dissenting Shareholder withdraws his demand or fails to perfect or otherwise loses his rights as a Dissenting Shareholder to payment of fair value, in any case pursuant to the Ohio Statute, his Shares shall be deemed to be converted as of the Effective Time into the right to receive his proportionate share of the Merger Consideration. The Company shall give Merge (i) prompt notice of any demands for fair value for Shares received by the Company and (ii) the opportunity to participate in and direct all negotiations and proceedings with respect to any such demands. The Company shall not, without the prior written consent of Merge, make any payment with respect to, or settle, offer to settle or otherwise negotiate, any such demands. Any amounts paid to the holders of Dissenting Shares and the costs of all proceedings, including attorneys' and expert witness fees, in resolving the claim of any Dissenting Shareholder shall be an amount to be indemnified under Section 8.

(d) Cancellation of Shares. Each Share issued and outstanding immediately prior to the Effective Time and owned by any of the Merge Companies or owned by the Company or any direct or indirect subsidiary of the Company (in each case other than Shares that are owned on behalf of third parties), shall, by virtue of the Merger and without any action on the part of the holder thereof, cease to be outstanding, shall be canceled and retired without payment of any consideration therefor and shall cease to exist.

(e) Acquisition Sub. At the Effective Time, each share of Common

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

Stock, par value \$.01 per share, of Acquisition Sub issued and outstanding immediately prior to the Effective Time shall remain one share of common stock of the Surviving Corporation.

(f) Rollover of Company Options. All outstanding options of the Company not exercised or cashed out prior to the Closing (the "Rollover Options"), shall be rolled over into options of Merge (the "Merge Options") at a ratio of 1.26 Merge Options for each Rollover Option with an adjusted exercise price of \$2.94 per Merge Share, but the holders thereof shall not be entitled to any portion of the Merger Consideration at Closing. The Merge Options shall have substantially the same terms and conditions as the original options granted by the Company (except for adjustment to price and amount as referred to above), provided that the vesting of the Rollover Options may be accelerated immediately prior to Closing by the Board of Directors of the Company pursuant to their original terms, in which case the Merge Options will likewise be fully vested upon issuance. Merge shall have the choice, in its sole discretion, of either granting options in conversion under either its existing 1996 Stock Option Plan for Employees of Merge Technologies Incorporated or under a new stock option acquisition plan (the "2003 Option Plan"). The 2003 Option Plan will not be submitted for approval to Merge's shareholders. A copy of such plan is attached hereto as EXHIBIT B, along with the Board resolutions adopting such plan. Merge shall use its best efforts to register the shares under the 2003 Option Plan on an S-8 to the extent permitted under the federal securities laws within thirty (30) days of the Closing. Merge shall have no obligation to register such shares under any other type of registration statement. Notwithstanding the foregoing, to the extent that options of the Company have an exercise price greater than the Agreed Value, such options shall not be eligible for this rollover and the Company shall obtain a release from the holder thereof acknowledging that the holder is not entitled to any payment, except as provided in such release.[DQ4] If such releases are not obtained, any damages suffered by the Merge Companies resulting from claims by such persons shall result in a reduction to the Escrow and Indemnified Buyer Damages after the expiration of the Escrow.

2.7 EXCHANGE OF SHARES FOR MERGER CONSIDERATION.

(a) Payment Procedures. At the Closing and promptly after the Effective Time for Shareholders who have not delivered their Shares at or prior to Closing, Merge shall deliver or mail to each holder of record of Shares (other than holders of Excluded Shares) such Shareholder's proportionate share of the Merger Consideration due at Closing in exchange for Shares being surrendered. Upon surrender of a Certificate (or affidavit of loss in lieu thereof) for cancellation to the Company or its agent, the holder of such Certificate shall be entitled to receive in exchange therefor (after giving effect to any tax withholding required by Law) (i) a check in the amount of

the holder's proportionate share of the Base Cash and (ii) the holder's proportionate share of the Adjusted Base Merge Stock, in each case based upon the number of Shares represented by such Certificate (or affidavit of loss in lieu thereof), and the Certificate so surrendered shall forthwith be canceled. No interest will be paid or accrued on any amount payable upon due surrender of the Certificates. In the event of a transfer of ownership of Shares that is not registered in the transfer records of the Company, a check for any cash to be paid upon due surrender of the Certificate may be paid to such a transferee if the Certificate formerly representing such Shares is presented to Merge, accompanied by all documents required to evidence and effect such transfer and to evidence that any applicable stock transfer taxes have been

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

paid or are not applicable. Merge may set off any accounts receivable from, or loans or advances to, a Shareholder against the cash portion of the Merger Consideration due to such Shareholder and may also retain that portion of the Merger Consideration payable to a Shareholder or holder of Rollover Options until such person has executed all documents required to be executed by such person in connection with the Closing.

(b) Transfers. After the Effective Time, there shall be no transfers on the stock transfer books of the Company of the Shares that were outstanding immediately prior to the Effective Time.

(c) Lost, Stolen or Destroyed Certificates. In the event any Certificates shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Certificates to be lost, stolen or destroyed and execution of an indemnity agreement in form satisfactory to Merge and further, if required by Merge, the posting by such Person of a bond in customary amount as indemnity against any claim that may be made against it with respect to such Certificates, Merge will issue in exchange for such lost, stolen or destroyed Certificates a check in the amount (after giving effect to any required tax withholdings) and Merge shares of the number of Shares represented by such lost, stolen or destroyed Certificate multiplied by the Merger Consideration upon due surrender of, and deliverable in respect of, the Shares represented by such Certificates pursuant to this Agreement.

2.8 ESCROW.

At Closing, One Hundred Seventy-Three Thousand Ninety-Three (173,093) shares of Merge stock, representing 15 % of the Purchase Price (the "Escrowed Shares"), and by reference to the Merge Average Stock Price to determine the equivalent number of Merge shares for the cash portion of the Purchase Price, will be deposited into escrow (the "Escrow") with Marshall & Ilsley Trust Company N.A. (the "Escrow Agent"). The Escrow is intended to be the sole source of payment for all indemnification claims by Indemnified Buyers hereunder during the term of the Escrow, except for indemnification relating to a breach of the representations set forth in Section 3.9 (Tax Matters) and Section 3.14(a) (relating to intellectual property ownership) and shall be the first source of payment for indemnification relating to those claims. Claims relating to Section 3.9 and 3.14(a) shall not be limited to the amount in the Escrow but shall be limited as set forth in Section 8.5. The fees and costs of the Escrow shall be borne equally by the Principal Shareholders on behalf of the Shareholders as a group (50%) and Merge (50%). The Escrow will end 18

months after Closing unless there is a dispute involving a claim against the Escrow. In the event of a dispute, the Escrowed Shares not in dispute will be released at the termination of the Escrow. The termination of the Escrow will not effect the two year survival period described in Section 8.1 for other claims and the four year survival period for claims relating to Section 3.9 and 3.14(a). Shares in Escrow will be issued at Closing in the name of the Escrow Agent. Certificates will be delivered to the Shareholders for the shares held in escrow upon release of such shares from Escrow in accordance with the Escrow Agreement. Further terms of the Escrow are contained in the Escrow Agreement, substantially in the form attached hereto as EXHIBIT C. The Escrowed Shares shall be further reduced by the amount by which the Closing Date Balance Sheet Net Asset Value is less than negative One Million Dollars (\$-1,000,000) as calculated pursuant to Section 2.6(b), on a dollar for dollar basis (determined with reference to the Merge Average Stock Price) for the amount of such deficiency. The Escrowed Shares or the Merger

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

Consideration shall not be increased if the Closing Date Balance Sheet Net Asset Value is greater than negative One Million Dollars, but such difference shall serve as an offset against claims by Merge, if any, against the Escrow to the extent of such difference.

2.9 LOCKUP AND HOLDBACK PROVISION.

Merge common stock issued to the Shareholders will have a two (2) year lockup provision. The lockup period will lapse over two years from the Closing Date, 50% on the first anniversary of the Closing Date and 50% on the second anniversary of the Closing Date. The lockup period will lapse in the event of a change of control as defined in the Investment Representation and Lockup Agreement referenced below. The transfer agent will be instructed about the lockup and will not transfer shares subject to the lockup. A restrictive legend will be on all such Merge stock certificates. Shares released from the lockup shall be subject to the trading provisions of Rule 144 of the Securities Act of 1933 and any other applicable securities Law restriction. The Merge Options will not be subject to the lockup. Further terms and conditions concerning the lockup are set forth in the Investment Representation and Lockup Agreement attached as EXHIBIT D.

If, in the absence of a protective order or receipt of a waiver hereunder, any of the Principal Shareholders or any of their Affiliates is, on the advice of outside counsel, compelled to disclose any confidential information to any Governmental Entity or else stand liable for contempt, then such Shareholder or Affiliate may disclose such confidential information to such Governmental Entity, provided that such Principal Shareholder or Affiliate will use its reasonable best efforts to obtain at the request of Merge an order or other assurance that confidential treatment will be accorded to such confidential information.

SECTION 8. REMEDIES FOR BREACHES OF THIS AGREEMENT

8.1 SURVIVAL.

All of the representations and warranties of the Company and the Principal Shareholders contained in Section 3 of this Agreement or in any certificate delivered by the Company or the Principal Shareholders pursuant to this Agreement will survive the Closing and continue in full force and effect: (a) in the case of the representations and warranties contained in Section 3.9, "Tax Matters," subsection (a) of Section 3.14, "Intellectual Property," or contained in any certificate relating thereto, until the expiration of four years following the Closing Date, and (b) in the case of all other representations, warranties and covenants of Company or the Principal Shareholders contained in this Agreement or contained in any certificate delivered by the Company or the Principal Shareholders relating thereto, until

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

the second anniversary of the Closing Date. All of the representations and warranties of Merge and Acquisition Sub contained in Section 4 of this Agreement or in any certificate delivered pursuant to this Agreement will survive the Closing and continue in full force and effect until the second anniversary of the Closing Date.

8.2 INDEMNIFICATION PROVISIONS FOR BENEFIT OF MERGE.

The Principal Shareholders, severally and not jointly and severally with each other, and the Principal Shareholder and the Principal Shareholders' Related Persons jointly and severally within their group, will indemnify and hold harmless Merge, its representatives, shareholders, and controlling persons and, after the Closing, the Acquisition Sub and its representatives, shareholders, and controlling persons (collectively, the "INDEMNIFIED BUYERS") for, and will pay to the Indemnified Buyers the amount of, any loss,

liability, claim, damage, expense (including costs of investigation and defense and reasonable attorneys' fees) or diminution of value, whether or not involving a third-party claim (collectively, "DAMAGES"), arising, directly or indirectly, from or in connection with: (i) any breach of any representation or warranty or covenant made by the Company or Principal Shareholders in this Agreement, the Schedules, or any other certificate or document delivered by the Company or the Principal Shareholders pursuant to this Agreement; (ii) any amounts paid to the holders of Dissenting Shares and the costs of all proceedings, including attorneys' and expert witness fees, in resolving the claim of any Dissenting Shareholder, or (iii) any claim by any Person for brokerage or finder's fees or commissions or similar payments based upon any agreement or understanding alleged to have been made by any such Person with any of the Principal Shareholders or the Company (or any Person acting on their behalf) in connection with the transactions set forth herein. Except for fraud or a willful misrepresentation and except for the availability of injunctive relief in the case of a breach of the agreements referred to in Section 2.9 (Lockup and Holdback Provision), 5.7 (Exclusivity), 5.4 (Confidential Information), 6.5 (Covenant Not to Compete; Solicitation), and 10.1 (Press Releases and Announcements), the remedies set forth in Section 8.2 are the exclusive remedy available to Merge and the other Indemnified Persons for a breach of this Agreement or a claim under Section 8.2.

8.3 INDEMNIFICATION PROVISIONS FOR BENEFIT OF THE SHAREHOLDERS.

Merge will indemnify and hold harmless the Shareholders and their respective successors, assigns, heirs, executors, as the case may be (the "INDEMNIFIED SHAREHOLDERS") and will pay to the Indemnified Shareholders the amount of any Damages arising, directly or indirectly, from or in connection with any breach of any representation or warranty or covenant made by Merge or Acquisition Sub in this Agreement or in any certificate or document delivered by Merge or Acquisition Sub pursuant to this Agreement.

8.4 INDEMNIFICATION PROCEDURES.

(a) Promptly after discovery or receipt of notice by an Indemnified Buyer or Indemnified Seller (in each case an "INDEMNIFIED PERSON") under this Section 8 of a claim for which indemnity may be sought, such indemnified party will, if a claim is to be made against an indemnifying party, give notice to the indemnifying party of the commencement of such claim, but the failure to notify the indemnifying party will not relieve the indemnifying party of any liability that it may have to any Indemnified Person, except to the extent that the indemnifying party demonstrates that the defense of such action is

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

prejudiced by the Indemnified Person's failure to give such notice.

(b) If any proceeding referred to in Section 8 is brought against an Indemnified Person and it gives notice to the indemnifying party of the commencement of such proceeding, the indemnifying party will pay the costs of defending such proceeding including costs of counsel selected by the Indemnified Person, which counsel shall be reasonably satisfactory to the indemnifying party. The Indemnified Person shall control the defense and settlement of the proceeding provided that the Indemnified Person shall consult with the indemnifying party. The indemnifying party will, unless the claim involves Taxes, be entitled to participate in such proceeding unless the

indemnifying party is also or could become a party to such proceeding and the Indemnified Person determines in good faith that such participation would be inappropriate.

8.5 SOURCE OF INDEMNIFICATION; LIMITATION ON LIABILITY

During the period of the Escrow, the Escrowed Shares shall be the sole source for indemnification claims by the Indemnified Buyers except for indemnification relating to a breach of the representations and warranties set forth in Section 3.9 (relating to Tax Matters) and 3.14(a) (relating to intellectual property ownership), and shall be the first source of payment for indemnification relating to those sections. Thereafter, the source of indemnification for the remainder of the two-year survival period (for all claims other than Section 3.9 and 3.14(a) claims and the four-year survival period for Section 3.9 and 3.14(a) claims) shall be the Principal Shareholders severally from each other, and the Principal Shareholders and the Principal Shareholders' Related Persons jointly and severally within their group, out of funds not held in Escrow but subject to the limitations set forth in the remainder of this Section 8.5. Merge will use its best efforts to make a claim against all Principal Shareholders prior to making a set-off as described in Section 8.7. The Merge Average Stock Price will be used to determine the number of Merge shares to be forfeited in the event any amount is paid out of the Escrow. Following expiration of the Escrow, the Principal Shareholders will have the option of surrendering Merge shares at the Merge Average Stock Price, or cash, to satisfy claims. No Principal Shareholder will be liable for more than his proportionate share of the Purchase Price, including the value of his Rollover Options, and no group including the Principal Shareholder, his Principal Shareholders' Related Persons shall be liable for more than their share of the Purchase Price, including the value of the Rollover Options.

Indemnification relating to everything but taxes (Section 3.9), intellectual property ownership (Section 3.14(a)) and those provisions listed above in the last sentence of 8.2 (breach of exclusive dealing, non-competition/non-solicitation, etc.) are limited to the value of the original amount in the Escrow determined at the Merge Average Stock Price, whether or not such Escrow has terminated.

Each of the Shareholders will appoint the Principal Shareholders to receive service of process on behalf of all members of such group and to settle all claims for indemnification against any member of such group, all in form satisfactory to Merge. A form of such Appointment is set forth as EXHIBIT H.

8.6 BASKET AND DEDUCTIBLE; INSURANCE.

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

No indemnified party will be entitled to indemnification pursuant to Sections 8.2 or 8.3 unless and until the aggregate amount of Damages with respect to which such indemnified party would otherwise be entitled to assert thereunder exceeds \$10,000 (the "BASKET AMOUNT"). When the aggregate amount of Damages exceeds the Basket Amount, the indemnified party will be entitled to indemnification for all Damages, including those within the Basket Amount. Recovery from the indemnifying party by the indemnified party under this Section shall be net of any insurance proceeds received by the indemnified party in relation to claims for Damages brought under this Section.

8.7 RIGHT OF SET-OFF.

After the expiration of the Escrow or the filing of a claim against the entire Escrowed Shares, whichever is earlier, upon written notice to a Principal Shareholder specifying in reasonable detail the basis for such set-off and the expiration of a five (5) day opportunity for Shareholders to cure after receipt of such notice, Merge may set off any amount to which it reasonably believes in good faith to be entitled under this Section against amounts otherwise payable under this Agreement or the Ancillary Agreements.

SECTION 9. TERMINATION

9.1 TERMINATION OF AGREEMENT.

The parties may terminate this Agreement as provided below:

(a) by Merge, the Company and the Principal Shareholders upon their mutual written consent at any time prior to the Closing;

(b) by Merge upon written notice to the Company at any time after July 31 2003, if the Closing has not occurred on or before such date by reason of the failure of any closing condition under Section 7.1 and Merge has not waived such condition on or before the Closing; or

(c) by the Company and Principal Shareholders upon written notice to the Merge at any time after July 31, 2003, if the Closing has not occurred on or before such date by reason of the failure of any closing condition under Section 7.2 and the Company and the Principal Shareholders have not waived such condition on or before the Closing.

9.2 EFFECT OF TERMINATION.

If any party terminates this Agreement pursuant to Section 9.1, all further obligations of the parties hereunder and under the Ancillary Agreements will terminate without liability of any party to the other party (except for any liability of any party then in breach), except that the obligations in Section 10.2 will survive termination and remain in full force and effect thereafter; PROVIDED HOWEVER, that if this Agreement is terminated by a party because of a breach of the Agreement by the other party, or because one or more of the conditions to the terminating party's obligation under this Agreement is not satisfied as a result of the other party's failure to comply with its obligations under this Agreement, the terminating party's right to pursue all legal remedies will survive such termination unimpaired. In addition, in the event that the Closing does not occur due to the Company's or the Principal Shareholders' breach of this Agreement or failure to satisfy all conditions set forth in this Agreement, and the Company or a majority in interest of the Principal Shareholders and Principal Shareholders' Related

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

Persons enter into any agreement or understanding with a third party to enter into any Business Combination (as defined in Section 5.7) within one (1) year after the expiration or termination of this Agreement and subsequently close such Business Combination (regardless of whether such closing occurs within such one (1) year period), then the Company shall pay Merge, in cash an amount equal to three (3%) of the Merger Consideration that would have been payable pursuant to this Agreement had Merge acquired Company's Shares. Should

Company fail to pay the aforesaid sum to Merge on demand, then thereafter Company shall be liable to Merge for interest on said sum computed at eight percent (8%) per annum as well as all of Merge's legal fees and other costs and expenses incurred in collecting the obligation.

SECTION 10. MISCELLANEOUS

10.1 PRESS RELEASES AND ANNOUNCEMENTS.

No party will issue any press release or announcement relating to the subject matter of this Agreement prior to the Closing Date without the prior approval of the other party (which approval will not be unreasonably withheld); PROVIDED, HOWEVER, that any party may make any public disclosure it believes in good faith is required by Law (in which case the disclosing party will advise the other parties prior to making such disclosure). From the date hereof through the Closing Date, the Company agrees to direct all its officers, directors, option and warrant holders, and the Principal Shareholders agree, to not directly or indirectly buy, sell or sell short any of Merge's securities.

10.2 EXPENSES; TRANSFER TAXES.

The parties hereto will each bear all their own legal, accounting, investment banking and other expenses incurred by them or on their behalf in connection with the transactions contemplated by this Agreement, whether or not such transactions are consummated. The Principal Shareholders will pay and hold Merge harmless from payment of all sales, use, transfer, documentary or stamp taxes and recording and filing fees applicable to the assignment of the their Shares to Merge or to any other transaction contemplated by this Agreement or any of the Ancillary Agreements. No expenses incurred by or on behalf of the Principal Shareholders or any of their Affiliates (including the Company) in connection with the transactions contemplated by this Agreement will be paid by or charged to the Company, unless such expense is accrued on the Closing Date Balance Sheet with the permission of Merge.

10.3 WAIVER.

The rights and remedies of the parties to this Agreement are cumulative and not alternative. Neither the failure nor any delay by any party in exercising any right, power or privilege under this Agreement or the documents referred to in this Agreement will operate as a waiver of such right, power or privilege, and no single or partial exercise of any such right, power or privilege will preclude any other or further exercise of such right, power or privilege or the exercise of any other right, power or privilege. To the maximum extent permitted by applicable Law, (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement or the Ancillary Agreements can be discharged by one party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other party; (b) no waiver that may be given by a party will be applicable except in the specific instance for which it is given; and (c) no notice to

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

or demand on one party will be deemed to be a waiver of any obligation of such party or of the right of the party giving such notice or demand to take further action without notice or demand as provided in this Agreement, the Ancillary Agreements or the documents referred to herein or therein.

10.4 FURTHER ASSURANCES.

The parties agree (a) to furnish upon request to each other such further information, (b) to execute and deliver to each other such other documents, and (c) to do such other acts and things, all as the other party may reasonably request for the purpose of carrying out the purposes and intent of this Agreement, the Ancillary Agreements and the documents referred to herein and therein.

10.5 NO THIRD-PARTY BENEFICIARIES.

This Agreement will not confer any rights or remedies upon any Person other than the Company, the Shareholders and Merge, and their respective successors and permitted assigns.

10.6 SUCCESSORS AND ASSIGNS.

No party hereto may assign or delegate any of such party's rights or obligations under or in connection with this Agreement or any Ancillary Agreement without the written consent of the other party hereto; PROVIDED, HOWEVER, that Merge may without consent assign its rights under this Agreement after the Closing to any Person acquiring all or substantially all of the stock or assets of Acquisition Sub from Merge. Except as otherwise expressly provided herein, all covenants and agreements contained in this Agreement or in any Ancillary Agreement by or on behalf of any of the parties hereto or thereto will be binding upon and enforceable against the respective successors and assigns of such party and will be enforceable by and will inure to the benefit of the respective successors and permitted assigns of such party.

10.7 SEVERABILITY.

Whenever possible, each provision of this Agreement and any of the Ancillary Agreements, respectively, will be interpreted in such manner as to be effective and valid under applicable Law, but if any provision hereof or thereof is held to be prohibited by or invalid under applicable Law, such provision will be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of this Agreement or the particular Ancillary Agreement, respectively.

10.8 COUNTERPARTS; FACSIMILE SIGNATURES.

This Agreement may be executed simultaneously in two or more counterparts, any one of which need not contain the signatures of more than one party, but all such counterparts taken together will constitute one and the same Agreement. Facsimile signatures shall be deemed to be original signatures for all purposes under this Agreement.

10.9 DESCRIPTIVE HEADINGS; CONSTRUCTION.

The parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties and no presumption or burden of proof shall arise favoring or

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

disfavoring any party by virtue of the authorship of any provisions of this Agreement. The descriptive headings of this Agreement are inserted for convenience only and do not constitute a part of this Agreement. The language used in this Agreement will be deemed to be the language chosen by the parties to express their mutual intent and no rule of strict construction will be

applied against any party. The use of the word "including" in this Agreement means "including without limitation" and is intended by the parties to be by way of example rather than limitation.

WHO SHOULD INVEST

An investment in the Shares offered hereby involves a high degree of financial risk and is therefore suitable only for persons who have substantial income or net worth and are capable of evaluating the merits and risks of investing in the Shares. Moreover, the Shares are subject to restrictions on transferability and resale and may not be transferred or resold unless registered under the Securities Act and applicable state securities laws, or pursuant to exemption therefrom. Accordingly, only prospective investors who are also able to bear indefinitely the economic risk of their investment and who otherwise satisfy the suitability standards described herein will be permitted to purchase any of the Shares offered hereby.

The Offering of these Shares has not been registered or qualified with, nor has the adequacy or accuracy of this Memorandum been reviewed or passed upon by, the Securities and Exchange Commission (the "Commission") or by any state securities administrator. This Offering is being made in reliance on certain exemptions from such registration and qualification requirements. The availability of these exemptions is dependent upon, among other things, the investment intent and qualifications of each prospective investor. In no event will the Shares be sold to purchasers who are not "accredited investors," as such term is defined in Rule 501(a) of Regulation D under the Securities Act. An "accredited investor" includes any person or entity who we reasonably believe comes within any one of the following categories:

- (i) An individual having a net worth with spouse (including automobiles, principal residence and furnishings) at the time of purchase, individually or jointly, in excess of \$1,000,000; or
- (ii) An individual whose individual income was in excess of \$200,000 in each of the two most recent years, or whose joint income with spouse was in excess of \$300,000 in each of those years, and who reasonably expects his individual or joint income with such investor's spouse to reach such level(s) in the current year; or
- (iii) An organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code"), a corporation, partnership, or Massachusetts or similar business trust, not formed for the specific purpose of acquiring the Shares, having total assets in excess of \$5,000,000 and having the power and authority to execute and comply with the terms of the Subscription Agreement; or
- (iv) A bank, savings and loan association or other similar institution (as defined in Sections 3(a)(2) and 3(a)(5)(A) of the Securities Act); or
- (v) An insurance company (as defined in Section 2(13) of the Securities Act); or
- (vi) An investment company registered under the Investment Company Act of 1940; or
- (vii) A business development company (as defined in Section 2(a)(48) of the Investment Company Act of 1940) or a private business

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

development company (as defined in Section 202(a)(22) of the Investment Advisers Act of 1940); or

- (viii) A Small Business Investment Company licensed by the U.S. Small Business Administration under Sections 301(c) or (d) of the Small Business Investment Act of 1958; or
- (ix) A broker or dealer registered pursuant to Section 15 of the Securities Exchange Act of 1934, as amended; or
- (x) A trust with total assets in excess of \$5,000,000 not formed for the specific purpose of acquiring Shares, whose purchase is directed by a sophisticated person (i.e., a person who has such knowledge and experience in financial and business matters that he is capable of evaluating the merits and risks of an investment in the Shares); or
- (xi) An entity in which all of the equity owners are accredited investors.

Investors will be required to represent in writing that they meet the requirements outlined above by completing and returning to us the Subscription Documents attached as an Exhibit hereto. We reserve the right to modify or extend the suitability requirements for potential investors for the Offering to comply with the requirements of all applicable state acts.

Due to the risks inherent in an investment in the Shares offered hereby, and to comply with the provisions of the exemption from the registration and qualification requirements of the Securities Act and applicable state securities laws, we have determined that Shares will be offered and sold only to prospective investors who, prior to purchase: (a) represent that they are acquiring the Shares for their own account, for investment purposes only and not with a view to or in connection with a further resale or distribution of the Shares; (b) represent that they are aware that the Shares have not been registered or qualified under the Securities Act and applicable state securities laws and, therefore, the Shares cannot be resold unless they are registered and qualified under the Securities Act and applicable state securities laws or an exemption therefrom is available; (c) represent that they are accredited investors; (d) represent that they have such knowledge and experience in business and financial matters that they are capable of evaluating the merits and risks of, and protecting their interests in connection with, this investment; and (e) represent that they are able to bear the economic risk of a complete loss of their investment.

The suitability standards referred to above represent minimum suitability requirements for prospective investors. Accordingly, the satisfaction of such standards by a prospective investor does not necessarily mean that the Shares are a suitable investment for him or her or that his or her subscription for the Shares will be accepted.

We may reject the subscription of any prospective purchaser who does not represent that he or she meets such standards. In addition, we, at our sole discretion, or to the extent required by the laws of any applicable state, may require that transferees comply with these standards as a condition to substitution as a shareholder in us. In the event any Shares

are purchased by a person or entity in a fiduciary capacity for any other person (or for an entity in which each such person is deemed to be a

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

"purchaser" of the Shares), the suitability standards set forth above will be applicable to such other person.

If any information furnished or representations made by a prospective investor or others acting on their behalf mislead us as to the financial or other circumstances of such investor or, if, because of any error or misunderstanding as to such circumstances, a copy of this Memorandum is delivered to a prospective investor who does not meet the suitability standards set forth above, the delivery of this Memorandum to the prospective investor will not be deemed to be an offer, and this Memorandum must be returned to us immediately.

POTENTIAL INVESTORS ARE URGED TO CONSULT WITH THEIR OWN LEGAL AND FINANCIAL ADVISORS REGARDING THEIR INDIVIDUAL CIRCUMSTANCES AND THE SUITABILITY OF AN INVESTMENT IN US.

Some of the statements included in this Memorandum may be considered to be "forward looking statements" since such statements relate to matters which have not yet occurred. For example, phrases such as we "anticipate," "believe" or "expect" indicate that it is possible that the event anticipated, believed or expected may not occur. Should such event not occur, then the result which we expected also may not occur or occur in a different manner, which may be more or less favorable to us. We do not undertake any obligation to publicly release the result of any revisions to these forward looking statements that may be made to reflect any future events or circumstances.

Investors should carefully review the items included under the subsection Risk Factors, as they relate to forward looking statements, as actual results could differ materially from those projected in the forward looking statement.

RISK FACTORS

This offering involves a high degree of risk. Prospective investors should consider carefully, among other things, the following risk factors with

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

respect to us and this offering.

WE HAVE NOT BEEN CONSISTENTLY PROFITABLE AND THROUGH 2000 INCURRED OPERATING LOSSES

We incurred net losses of \$1,919,970 in fiscal 1998, \$2,898,821 in fiscal 1999 and \$5,707,394 in fiscal 2000, respectively. We earned net income of \$1,270,758 and \$3,628,895 for the years ended December 31, 2001 and 2002, respectively. There can be no assurance that we will continue profitability in the future.

OUR OPERATING RESULTS MAY FLUCTUATE BECAUSE OF A VARIETY OF FACTORS

Our operating results are subject to quarterly and other fluctuations due to a variety of factors. A significant portion of our business is derived from orders placed by original equipment manufacturers ("OEMs") and direct sales to healthcare customers. The timing of such orders could cause material fluctuations in our business and operating results. Additionally, healthcare capital spending and budgetary cycles could cause material fluctuations in our direct sales from quarter to quarter. Other factors that may cause our operating results to fluctuate include changes in sales volumes through our distribution channels, changes in the mix of products sold, the timing of new product announcements and introductions by us and our competitors, market acceptance of new or enhanced versions of our products, availability and cost of products from our suppliers, competitive pricing pressures, the gain or loss of significant customers, increased research and development expense associated with new product introductions and economic conditions generally or in various geographic areas. All of the above factors are difficult for us to forecast, and these or other factors can materially affect our operating results for one quarter or series of quarters. In addition, our gross margins may decrease in the future as a result of increasing sales of lower margin products or services and volume discounts. We expect to continue to increase our operating expenses for personnel, marketing and new product development. If we do not achieve increased levels of sales commensurate with these increased levels of operating expenses, our business and operating results will be materially adversely affected. There can be no assurance that we will be profitable on a quarterly or annual basis. Fluctuations in operating results may also result in fluctuations in the price of our Shares.

WE MAY EXPERIENCE INCREASED CREDIT AND PAYMENT RISKS IF WE INCREASE DIRECT SALES TO END USERS AND DECREASE SALES THROUGH VALUE ADDED RESELLERS

We currently market and sell a significant portion of our products to OEMs and value added resellers ("VARs"). We have not, in the past, experienced significant nonpayment or delays in payment on receivables from these customers. Increased direct sales to end-users, such as hospitals, may create delays in payment of receivables to us and may also increase the risk of nonpayment of receivables. We may bear increased interest expense if we experience delays in receipt of payment on receivables as a result of increased sales directly to end-users as a percentage of total sales.

WE MAY NOT BE ABLE TO RESPOND TO TECHNOLOGICAL CHANGE

The markets for our products are characterized by rapid technological advances and changes in customer requirements and evolving regulatory requirements and industry standards. Our future prospects will depend, in part, on our ability to enhance our medical image networking and information management products in a timely manner and to identify, develop and achieve

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

market acceptance of new products that address new technologies and standards and meet customer needs in the medical imaging network and information management markets. There can be no assurance that we will be able to respond to technological advances, changes in customer requirements or changes in regulatory requirements or industry standards or that we will be able to develop and market new products successfully. We are subject to risks from a number of sources that could materially affect our ability to respond to technological change.

WE MAY NOT BE ABLE TO RESPOND TO CHANGES IN OUR INDUSTRY OR TO THE REQUIREMENTS OF OUR CUSTOMERS

Because the industry in which we operate is subject to rapid technological change, we must constantly monitor industry conditions, customer preferences and other matters. Any failure by us to anticipate or to respond adequately to technological developments in our industry, changes in customer requirements, changes in regulatory requirements or industry standards, or any significant delays in the development, introduction or shipment of products, could have a material adverse effect on our business and operating results. In anticipation of new product introductions by us or our competitors, customers could refrain from purchasing our existing products. New products could render certain of our existing products obsolete. Any of these events could materially adversely affect our business and operating results. In addition, third-party payers, such as governmental programs and private insurance plans, can indirectly affect the pricing or relative attractiveness of our products by regulating the maximum amount of reimbursement that they will provide for taking, storing and interpreting medical images. A decrease in the reimbursement amounts for radiological procedures may decrease the amount which physicians, clinics and hospitals are able to charge patients for such services. As a result, adoption of new technologies may slow as capital investment budgets are reduced, thereby significantly reducing the demand for our products.

WE SELL OUR PRODUCTS TO A RELATIVELY LIMITED NUMBER OF CUSTOMERS, THE LOSS OF ONE OR MORE OF WHICH COULD MATERIALLY AND ADVERSELY AFFECT US

We currently sell a material portion of our products to a relatively limited number of OEMs, VARs and dealers. Aggregate sales to our ten largest customers represented approximately 70%, 71%, 65%, 60% and 52% of our net sales in 1998, 1999, 2000, 2001 and 2002, respectively. During 1998, Marconi and Konica accounted for approximately 18% each of our net sales. During 1999, Marconi accounted for 17% of our net sales and Konica, Philips and Fuji accounted for approximately 11% each of our net sales. During 2000, Fuji accounted for 14% of our net sales and Philips and Marconi each accounted for

approximately 12% of our net sales. During 2001, Philips accounted for 16%, GE accounted for 13%, and Fuji accounted for 10% of our net sales. During 2002, Philips accounted for 18% of our net sales. There can be no assurance that our current customers will continue to place orders with us or that we will be able to obtain orders from new customers. The loss of any one or more of our major customers could materially adversely affect our business and operating results. None of our customers are subject to any minimum purchase requirements, and many of our VAR and OEM customers offer competitive systems manufactured by third parties. Each of our VAR and OEM customers and dealers can cease marketing products at their respective option, and the loss of one or more significant customers could materially adversely affect our business and operating results.

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

WE MAY NOT BE ABLE TO EXPAND SUFFICIENTLY OUR SALES FORCE IN ORDER TO INCREASE OUR SALES TO CUSTOMERS OUTSIDE OF THE UNITED STATES OF AMERICA

An important component of our business plan includes increasing our sales to customers outside the United States of America, which represented 36% of our net sales in fiscal 2001 and 38% of our net sales for fiscal 2002. In order to increase overseas sales, it may be necessary or desirable for us to expand our sales force or establish additional offices outside of the United States of America. The increased costs of hiring new personnel or establishing offices could have a material adverse effect on our results of operations and financial condition.

IF WE ARE UNABLE TO RETAIN OUR KEY PERSONNEL, OUR BUSINESS MAY BE HARMED

Our continued success will depend to a significant degree upon the efforts and abilities of our senior management, in particular, Richard A. Linden, our President and Chief Executive Officer, William C. Mortimore, our founder and Chief Strategist, Gregory G. Couch, Vice President and Chief Technology Officer, Beth Frost-Johnson, Vice President, Marketing, Joseph R. Gentile, Vice President Sales - Systems Solutions, Catherine M. McCallum, Vice President - Healthcare Professional Services, Marketing, David M. Noshay, Vice President, Business Development, William L. Stafford, Vice President, Sales - OEM/VAR Solutions, Anton van Kimmenade, Vice President Service, Director European Branch, Don Quigg, President and Chief Executive Officer of RIS Logic, Inc. and Scott T. Veech, Chief Financial Officer, Secretary and Treasurer. Of these key personnel, Mr. Linden, Mr. Mortimore, Mr. Couch, Ms. McCallum, Mr. van Kimmenade and Mr. Veech have employment agreements with us.

We carry key man life insurance in the amount of \$2,000,000 on Richard A. Linden and \$2,000,000 on William C. Mortimore. We do not carry key man life insurance on any other of our officers or directors. The loss of the services of any of these persons could have a material adverse effect on us.

BECAUSE COMPETITION FOR QUALIFIED PERSONNEL IS INTENSE, WE MAY NOT BE ABLE TO RECRUIT OR RETAIN PERSONNEL, WHICH COULD IMPACT THE DEVELOPMENT AND ACCEPTANCE OF OUR PRODUCTS AND SERVICES

Our ability to carry out our business plan depends, in part, upon our ability to hire and retain skilled sales and marketing professionals and engineering specialists. Although we believe we will be able to hire

qualified personnel for such purposes, our inability to do so could materially adversely affect our ability to market, sell and enhance our product lines. The market for qualified experienced sales and marketing professionals and engineering specialists has historically been, and we expect that we will continue to be, intensely competitive. The inability to recruit and retain qualified employees could materially adversely affect our results of operations and financial condition.

WE HAVE BEEN ADVISED THAT A THIRD PARTY HAS THREATENED TO MAKE A CLAIM ON CERTAIN OF OUR INTELLECTUAL PROPERTY

The Company has recently consummated the acquisition of RIS Logic Incorporated ("RIS") by merger of RIS into a solely owned subsidiary of the Company. RIS and three of its principal shareholders have made detailed representations and warranties in the merger agreement (the "Merger Agreement"), including but not limited to the warranty that none of RIS' intellectual property infringes upon the intellectual property rights of others. A copy of

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

the Merger Agreement is attached as an Exhibit to this Memorandum.

An escrow of 173,093 shares of common stock was established at closing to be the sole source of payment of indemnification claims other than with respect to breaches of representations and warranties associated with tax claims and the right to use all necessary intellectual property (whether pursuant to ownership, license, sublicense, contract or permission), in which event the escrowed shares would be applied as the first source of payment with respect to such breaches.

RIS has received a demand letter from counsel for Schedule Quest, Inc., alleging that RIS has infringed on Schedule Quest's Patent No. 6389454 titled "Multi-Family Scheduling System," which is a patent addressing computerized handling of patient scheduling. The Company has retained patent counsel to address this issue. A preliminary review of this patent suggests that the RIS Logic patent does not infringe the ScheduleQuest patent, although we cannot provide any assurances in this regard, given the short time period since our receipt of this notice. Counsel for ScheduleQuest has proposed to RIS Logic's counsel that a possible business arrangement may be achieved. We will analyze our options as to whether we will choose to contest the patent or seek a license or other accommodation. We believe that, in all events, that the Merger Agreement holdback is adequate to cover any potential exposure related to such patent; however, we are unable to guarantee that this will be the case.

IF THE PROTECTION OF OUR INTELLECTUAL PROPERTY IS INADEQUATE, OUR COMPETITORS MAY GAIN ACCESS TO OUR TECHNOLOGY AND WE COULD LOSE CUSTOMERS.

In addition to the patents which are acquired in the RIS Logic merger, we have received U. S. Patent No. 5,740,428 dated April 14, 1998, U. S. Patent No. 5,950,207 dated September 7, 1999, New Zealand Patent No. 306009 dated February 7, 1996, and Australia Patent No. 704804 dated August 12, 1999, for one aspect of our Workflow technology. A United States of America patent has been applied for Distributed Architecture for Health Care Environment, Patent Application No. 09/151902 underlying our MergeWeb Workflow technology. We have also applied for additional foreign patents; however, we generally do not rely solely on patent protection with respect to our products. Instead, we rely on

a combination of copyright and trade secret laws, employee and third party confidentiality agreements and other measures to protect intellectual property rights pertaining to our systems and technology. There can be no assurance, however, that applicable copyright or trade secret laws or these agreements will provide meaningful protection of our copyrights, trade secrets, know-how or other proprietary information in the event of any unauthorized use, misappropriation or disclosure of such copyrights, trade secrets, know-how or other proprietary information. In addition, the laws of certain foreign countries do not protect our intellectual property rights to the same extent as do the laws of the United States of America. There can be no assurance that third parties will not assert patent, copyright or other intellectual property infringement claims against us with respect to our products or technology or other matters. Any such claims against us, with or without merit, as well as claims initiated by us against third parties, can be time-consuming and expensive to defend or prosecute and resolve. To date, we have not initiated any intellectual property infringement claims and no such claims have been asserted against us.

IF WE FAIL TO COMPLY WITH UNITED STATES OF AMERICA AND FOREIGN REGULATORY REQUIREMENTS RELATING TO OUR PRODUCTS, WE COULD BE MATERIALLY AND ADVERSELY

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

AFFECTED

The manufacturing and marketing of our products are subject to government regulation as medical devices in the United States of America by the United States Food and Drug Administration (the "FDA") and in other countries by corresponding foreign regulatory authorities. The process of obtaining and maintaining required regulatory clearances and approvals is lengthy, expensive and uncertain. We believe that our success depends upon commercial sales of improved versions of our products, certain of which cannot be marketed in the United States of America and other regulated markets unless and until we obtain clearance or approval from the FDA and its foreign counterparts. Failure to comply with applicable regulatory requirements could result, among other things, in warning letters, seizures of our products, total or partial suspension of our production operations, refusal of the government to grant market clearance or pre-market approval, withdrawal of approvals or criminal prosecution.

We are also subject to other federal, state and local laws and regulations relating to safe working conditions and manufacturing practices. In addition, sales of our products outside the United States of America are subject to various foreign regulatory requirements. The extent of government regulation that might result from any future legislation or administrative action cannot be predicted. Failure to comply with domestic regulatory requirements or to obtain any necessary foreign certifications or regulatory approvals, or any other failure to comply with regulatory requirements outside the United States of America could have a material adverse effect on our business, financial condition and results of operations.

IF WE BECOME LIABLE TO ANYONE USING ANY OF OUR PRODUCTS, WE COULD SUFFER FINANCIALLY AND OUR REPUTATION AND CREDIBILITY IN OUR INDUSTRY COULD BE SERIOUSLY AFFECTED

We have licensing agreements with certain of our customers which typically contain provisions designed to limit our exposure to potential product liability claims. However, it is possible that the limitation of liability

provisions contained in our license agreements may not be effective under the laws of certain jurisdictions. Furthermore, although we try to include provisions limiting our exposure to product liability in our sales agreements, we are not always successful in doing so. Moreover, some of our products are sold without agreements addressing product liability claims at all. Although we have not experienced any product liability claims to date, the sale and support of products by us may entail the risk of such claims, and there can be no assurance that we will not be subject to such claims in the future. Although we have procured product liability insurance, there can be no assurance that we will continue to obtain such insurance on favorable terms or that such insurance will be sufficient to fully protect us against a successful product liability claim. A successful product liability claim brought against us could have a material adverse effect on our business, results of operations, and financial condition. Software products such as those offered by us occasionally contain errors or failures, especially when first introduced or when new versions are released. Although we conduct extensive product testing, we could in the future lose or delay recognition of revenues as a result of software errors or defects, the failure of our products to meet customer specifications or otherwise. Although, to date, our business has not been materially adversely affected by any such errors, defects or failure to meet specifications, there can be no assurance that defects will not be found in new products or releases after commencement of commercial shipments or that

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

such products will meet customer specifications, resulting in loss or deferral of revenues, diversion of resources, damage to our reputation, or increased service and warranty and other costs, any of which could have a material adverse effect upon our business, operating results and financial condition.

WE EXPERIENCE SUBSTANTIAL COMPETITION IN OUR INDUSTRY AND OUR COMPETITORS HAVE SOME ADVANTAGES OVER US

The markets for our products are highly competitive.

IMAGING ACQUISITION AND CONNECTIVITY PRODUCTS. We have several competitors in the imaging acquisition and connectivity products business. These products are sold primarily to our OEM and VAR customers who could decide to build these capabilities internally or source these products from one of our competitors.

- * In the Digital Imaging Communications in Medicine ("DICOM") software development tool business, we primarily compete directly and indirectly with a number of other entities, including private companies like LeadTools and the Radiological Society of North America ("RSNA"), which offers a version of DICOM (originally developed by Mallinckrodt Institute of Radiology) as "freeware" available to be downloaded without charge from the Internet, but which offers more limited features and no user support.
- * We also face competition from picture archiving and communication systems ("PACS") manufacturers that have developed some of these tools internally and make them available to their customers with the purchase of a complete PACS solution.
- * We face competition from two sources concerning our connectivity products. First, as legacy x-ray devices and specialty modalities like CTs and MRs are replaced with newer models, the

need for our connectivity products decreases because connectivity features are built into the new modalities. Secondly, several small specialty companies provide similar connectivity products to the OEMs and VARs. We anticipate competing successfully against these companies based on our quality, feature set, and service reputation, but there is no assurance that we will be successful in maintaining our current run rate for this business line.

COMPLETED PACS OR RIS SOLUTION SALES. Our growing end-user PACS RIS solution sales may put us more directly in competition with some of existing VAR customers who resell to end-users our component products as part of their own complete PACS solution.

Many of our current and potential PACS RIS competitors have greater resources than we have in areas including finance, research and development, intellectual property and marketing. Many of these competitors also have broader product lines and longer standing relationships with customers in the medical imaging field than those we have.

We believe that our ability to compete successfully depends on a number of factors both within and outside of our control, including:

- * product innovation;

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

- * product quality and performance;
- * price;
- * experienced sales, marketing and service organizations;
- * rapid development of new products and features;
- * continued active involvement in the development of DICOM and other medical communication standards; and
- * product and policy decisions announced by our competitors.

There can be no assurance that we will be able to compete successfully with existing or new competitors.

WE MAY NEED ADDITIONAL CAPITAL IN THE FUTURE

We believe that existing cash, together with the availability under our working capital line of credit and future cash flows from operations, will be sufficient to execute our business plan during the next twelve months. However, any projections of future cash inflows and outflows are subject to substantial uncertainty. It may be necessary to raise additional capital to meet long-term liquidity needs. If it is determined that additional capital is needed, it will be raised by selling additional equity or raising debt from third party sources. The sale of additional equity or convertible debt securities could result in dilution to current stockholders. In addition, debt financing, if available, could involve restrictive covenants, which could adversely affect operations. There can be no assurance that any of these financing alternatives, including raising additional capital, will be available in amounts or on terms acceptable to us. If we are unable to raise any needed additional capital, we could be required to significantly alter our operating plan, which could have a material adverse effect on our business, financial condition and results of operations.

IF WE ISSUE ADDITIONAL SHARES OF OUR COMMON STOCK IN CONNECTION WITH ANY FUTURE ACQUISITIONS OF BUSINESSES, THE OWNERSHIP IN US, AND THE VALUE OF THE SHARES OWNED BY INVESTORS COULD BE DILUTED

We may make additional acquisitions of businesses which we believe are complementary to our business. We may make payment for such acquisitions by issuing shares of our Common or Preferred Stock or by payment in cash. If we choose to make payment in the form of shares of our Common or Preferred Stock, our existing shareholders may experience a dilution in their ownership interest in us. If we elect to make payment in the form of cash, we would have to determine whether we will use available cash or obtain additional cash from traditional bank financing, sources other than banks or the proceeds of the sale of our Common or Preferred Stock. While using debt to finance acquisitions may provide greater financial returns, it also brings with it greater risk. Should there be a downturn in the business of the target (due to numerous factors which could include normal downturns in the business cycle, the departure of key employees or key accounts, inability to integrate the target's operations into our operations, etc.), we may risk loss of our investment. Lenders and/or equity partners also may impose restrictions upon the manner in which we conduct our business.

WE MIGHT NOT BE ABLE TO INTEGRATE ANY BUSINESSES WHICH WE ACQUIRE WITH OUR

Edgar Filing: MERGE TECHNOLOGIES INC - Form 8-K

BUSINESSES

If we should acquire additional businesses, we face the risk that we may not be able to integrate such acquisitions, including the acquisitions of eFilm, Aurora and RIS Logic, successfully with our business. Should we be unable to integrate successfully any new business, we would be required either to dispose of such acquisition or attempt to change the operations of such acquisition so that it will integrate with our business. In either event, our business operations could be materially adversely affected.

WE DO NOT HAVE ANY INTENTION TO DECLARE OR PAY ANY DIVIDENDS

We do not currently intend to declare or pay any cash dividend on our Shares in the foreseeable future and we anticipate that earnings, if any, will be used to finance the development and expansion of our business. Any payment of future dividends and the amounts thereof will be dependent upon our earnings, financial requirements and other factors deemed relevant by our Board of Directors, including our contractual obligations.

ANY ADDITIONAL PREFERRED STOCK WHICH WE ISSUE COULD HAVE RIGHTS AND PREFERENCES THAT COULD ADVERSELY AFFECT HOLDERS OF OUR COMMON STOCK

Our Articles of Incorporation (the "Articles") authorize the issuance of "blank check" Preferred Stock with such designations, rights and preferences as may be determined from time to time by the Board of Directors. Accordingly, our Board of Directors will have the authority to issue up to 5,000,000 shares of Preferred Stock and to determine the price, rights, preferences and privileges of those shares without any further vote or action by the shareholders. We issued certain shares of our Preferred Stock in connection with our purchases of Interpra Medical Imaging Network Ltd., a corporation incorporated under the laws of the Province of Ontario, now known as Merge

Technologies Canada Ltd. (hereinafter referred to as "Interpra"), and eFilm. As of the date of this Memorandum, we have issued one share of Special Voting Preferred Stock in connection with a voting trust with a financial institution (the "Interpra Trustee") established for the benefit of holders of Interpra Exchangeable Shares, 131,594 of which are outstanding as of the date of this Memorandum. We also have issued one share of Series 2 Special Voting Preferred Stock in connection with another voting trust with a financial institution (the "eFilm Trustee") established for the benefit of holders of eFilm Exchangeable Shares, 940,000 of which are outstanding as of the date of this Memorandum. There are no other shares of Preferred Stock of any other series presently outstanding. The Special Voting Preferred Stock and Series 2 Special Voting Preferred Stock both allow the Interpra Trustee and the eFilm Trustee to vote at meetings of Common Stockholders. As of the date of this Memorandum, the Interpra Trustee has 25,635 votes with regard to the Special Voting Preferred Stock and the eFilm Trustee has 649,760 votes with regard to the Series 2 Special Voting Stock. The rights of the holders of Shares presently may be materially adversely affected by the rights of the holders of any additional Preferred Stock that may be issued in the future. The issuance of Preferred Stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire a majority of the outstanding voting stock. In addition, if we issue more Preferred Stock with voting rights, the voting rights of Common Stockholders would be diluted. In any event, the Common Stockholders' percentage of equity ownership in us will be reduced if we issue more Preferred Stock.

ANTITAKEOVER MEASURES

Our Articles and Bylaws, along with Wisconsin statutory law, contain provisions that could discourage potential acquisition proposals and might delay or prevent a change in control of us. Such provisions could result in us being less attractive to a potential acquirer and could result in shareholders receiving less for their Shares than otherwise might be available in the event of a takeover attempt.

USE OF PROCEEDS

We will use all of the proceeds received from the sale of the Shares for general working capital purposes.

DESCRIPTION OF COMMON AND PREFERRED STOCK

Our authorized capital stock consists of 30,000,000 shares of Common Stock, par value \$.01 per share, and 5,000,000 shares of Preferred Stock, par value \$.01 per share, of which we have designated 1,000,000 shares as Series A Preferred Stock, one share as Special Voting Preferred Stock and one share as Series 2 Special voting Preferred Stock. As of the date of this Memorandum, there were outstanding 11,130,462 shares of Common Stock (inclusive of the Common Stock held in escrow per the RIS merger agreement), no shares of Series A Preferred Stock, one share of Special Voting Preferred Stock and one share of Series 2 Special Voting Preferred Stock. For further information concerning

the merger with RIS Logic and Shares allocated to RIS Logic's common stockholders, warrant holders and option holders, see the Merger Agreement with RIS Logic attached hereto as Exhibit B.

The following description of our capital stock is a summary and is qualified in its entirety by the provisions of our Articles of Incorporation (the "Articles") and By-Laws, copies of which are available for review upon request.

COMMON STOCK

Holders of Common Stock are entitled to one vote per share on each matter submitted to a vote at a meeting of stockholders. The Common Stock does not have cumulative voting rights, which means that the holders of a majority of voting shares voting for the election of directors can elect all of the members of the Board of Directors. The Common Stock has no preemptive rights and no redemption or conversion privileges. Subject to any preferences of any outstanding Preferred Stock, the holders of the outstanding shares of Common Stock are entitled to receive dividends out of assets legally available at such times and in such amounts as the Board of Directors may, from time to time, determine, and upon liquidation and dissolution are entitled to receive all assets available for distribution to the stockholders. A majority vote of shares represented at a meeting at which a quorum is present is sufficient for all actions that require the vote of stockholders. All of the outstanding shares of the Common Stock are fully-paid and nonassessable.

PREFERRED STOCK

Our Board of Directors may, without further action by our stockholders, from time to time, issue shares of the Preferred Stock in series and may, at the time of issuance, determine the rights, preferences, and limitations of each series. Any dividend preference of any Preferred Stock which may be issued would reduce the amount of funds available for the payment dividends on Common Stock. Also, holders of the Preferred Stock would normally be entitled to receive a preference payment in the event of any liquidation, dissolution, or winding-up us before any payment is made to the holders of Common Stock. Under certain circumstances, the issuance of such Preferred Stock may render more difficult or tend to discourage a merger, tender offer, proxy contest, the assumption of control by a holder of a large block of our securities, or the removal of incumbent management. Although we presently have no plans to issue any additional shares of the Preferred Stock, the Board of Directors, without stockholder approval, may issue the Preferred Stock with voting and conversion rights which could adversely affect the holders of Common Stock.

Series A Preferred Stock. All previously issued Series A Preferred Stock has been converted into Shares and, as a result, there are no outstanding shares of Series A Preferred Stock. Holders of Series A Preferred Stock are entitled to receive dividends at the rate of 8% per annum, payable in quarterly installments, provided that we have funds legally available to pay such dividends. If we are liquidated, holders of Series A Preferred Stock are entitled to receive a liquidation preference in an amount equal to the stated value of the Series A Preferred Stock less any distributions of assets and funds distributed to holders of Series A Preferred Stock, including dividends and/or redemption proceeds from redemptions of Series A Preferred Stock, and including all accrued and unpaid dividends.

The Series A Preferred Stock ranks senior to the Common Stock and all other Preferred Stock which is junior to the Series A Preferred Stock.

The Series A Preferred Stock is convertible, at any time and from time to time at the sole discretion of the holder of Series A Preferred Stock, into Common Stock at the rate of one share of Series A Preferred Stock for one share of Common Stock, subject to adjustment as set forth in our Certificate of Designations for the Series A Preferred Stock. Upon the occurrence of both of (i) the closing bid price of our Common Stock at \$4.00 or more for 30 consecutive trading days on the Nasdaq SmallCap Market or any other exchange or trading market on which our Common Stock is traded and (ii) registration of the Common Stock underlying the Series A Preferred Stock with the Securities and Exchange Commission, then the Series A Preferred Stock automatically converts into Common Stock.

The Series A Preferred Stock will be adjusted in the event of a capital reorganization or reclassification, consolidation, merger or other business combination.

Each Share of Series A Preferred Stock is entitled to cast a number of votes equal to the number of shares of Common Stock into which each share of Series A Preferred Stock is convertible. Holders of Series A Preferred Stock and Common Stockholders are entitled to vote as one class on all matters as to which shareholders are entitled to vote, unless otherwise provided by applicable law.

OPTIONS AND EXCHANGEABLE SHARES

Reference is made to our Proxy Statement for the 2003 Annual Meeting for information concerning outstanding options. In addition, certain former stockholders of e-Film and Interpra were issued shares exchangeable into shares of our Common Stock. As of the date of this Memorandum, holders of e-Film exchangeable shares have the right to receive up to 649,760 Shares and holders of Interpra exchangeable shares have the right to receive up to 25,635 Shares.

LIMITATION OF DIRECTOR LIABILITY

Our Bylaws require us to indemnify, to the full extent permitted by the Wisconsin Business Corporation Law (the "WBCL"), any person who was or is a party or threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was a director or officer of us or is or was serving at our request as a director or officer of any other corporation or enterprise.

The WBCL requires indemnification against expenses actually and reasonably incurred by any director (or person serving in certain capacities at another entity at the corporation's request) in connection with a proceeding against such person for acting in such capacity to the extent that the person has been successful on the merits or otherwise. In cases where the director was not successful on the merits or otherwise, the WBCL requires a corporation to indemnify the party against liability incurred in a proceeding against such person for acting as a director, unless the director breached or failed to perform a duty owed to the corporation and the breach or failure to perform constituted any of the following: (a) a willful failure to deal fairly with the corporation or its shareholders in connection with a matter in which the

director or officer has a material conflict of interest; (b) a violation of the criminal law, unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful; (c) a transaction from which the director derived an improper personal profit; or (d) willful misconduct

The WBCL permits, but does not require, advancement of expenses of a director (i.e., payment prior to a determination of the merits), but requires that any director seeking such payment must confirm in writing their good faith belief that they have not breached or failed to perform their duties to the corporation and must undertake to repay such expenses if it is ultimately determined that he is not entitled to indemnification. The WBCL also provides that the statute's indemnification provisions apply to any claims alleging violation of securities laws.

METHOD OF DISTRIBUTION

The Shares are being offered for sale on our behalf solely to "accredited investors" by the Placement Agent, in reliance upon an exemption from registration under the Securities Act and Regulation D promulgated thereunder, to the extent applicable for sales of securities not involving any public offering, as well as similar exemptions contained in the securities laws of the various states. We reserve the right to pay expenses and fees
