**GOLDCORP INC.
MANAGEMENT INFORMATION CIRCULAR**

Solicitation of Proxies

This management information circular is furnished in connection with the solicitation of proxies by the management of Goldcorp Inc. (the Company) for use at the annual and special meeting of shareholders (the Meeting) of the Company to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting. References in this management information circular to the Meeting include any adjournment or adjournments thereof. It is expected that the solicitation will be primarily by mail, however, proxies may also be solicited personally by regular employees of the Company and the Company may use the services of an outside proxy solicitation agency to solicit proxies. The cost of solicitation will be borne by the Company.

The board of directors of the Company (the Board) has fixed the close of business on March 26, 2007 as the record date, being the date for the determination of the registered holders of common shares of the Company entitled to receive notice of the Meeting. Duly completed and executed proxies must be received by the Company's transfer agent at the address indicated on the enclosed envelope no later than 2:00 p.m. (Pacific time) on April 30, 2007, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned Meeting.

Unless otherwise stated, the information contained in this management information circular is as of March 26, 2007. All dollar amounts referenced herein, unless otherwise indicated, are expressed in United States dollars and Canadian dollars are referred to as C\$. Any United States dollar amounts which have been converted from Canadian dollars have been converted at an exchange rate of \$0.8581.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers or directors of the Company. **A shareholder desiring to appoint some other person, who need not be a shareholder, to represent him at the Meeting, may do so by inserting such person's name in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy and, in either case, depositing the completed and executed proxy at the office of the Company's transfer agent indicated on the enclosed envelope no later than 2:00 p.m. (Pacific time) on April 30, 2007, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned Meeting.**

A shareholder forwarding the enclosed proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A proxy given pursuant to this solicitation may be revoked by an instrument in writing executed by a shareholder or by a shareholder's attorney authorized in writing (or, if the shareholder is a corporation, by a duly authorized officer or attorney) and deposited either at the registered office of the Company (40 King Street West, Suite 2100, Toronto, ON M5H 3C2, Attention: Corporate Secretary) at any time up to and including the last business day preceding the day of the Meeting or with the Chairman of the Meeting on the day of the Meeting or in any other manner permitted by law.

Exercise of Discretion by Proxies

The persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction, such shares will be voted in favour of the passing of all the resolutions described below. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting**

and with respect to other matters which may properly come before the Meeting. At the time of printing of this management information circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Voting by Non-Registered Shareholders

Only registered shareholders of the Company or the persons they appoint as their proxies are permitted to vote at the Meeting. Most shareholders of the Company are non-registered shareholders (Non-Registered Shareholders) because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (an Intermediary) that the Non-Registered Shareholder deals with in respect of the shares of the Company (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited or The Depository Trust & Clearing Corporation) of which the Intermediary is a participant. In accordance with applicable securities law requirements, the Company will have distributed copies of the Notice of Meeting, this management information circular, the form of proxy and the request form (collectively, the Meeting Materials) to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (i) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a voting instruction form) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or
- (ii) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and **deposit it with the Company, c/o CIBC Mellon Trust Company, P.O. Box 721, Agincourt, Ontario, M5A 4K9.**

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the shares of the Company they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the form of proxy and insert the Non-Registered Shareholder or such other person's name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or voting instruction form is to be delivered.**

- 3 -

A Non-Registered Shareholder may revoke a voting instruction form or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive Meeting Materials and to vote which is not received by the Intermediary at least seven days prior to the Meeting.

Voting Securities and Principal Holders Thereof

As of March 26, 2007, 703,827,707 common shares (the Common Shares) in the capital of the Company were issued and outstanding. Each Common Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting. The record date for the determination of shareholders entitled to receive notice of the Meeting has been fixed at March 26, 2007. In accordance with the provisions of the *Business Corporations Act* (Ontario), the Company will prepare a list of holders of Common Shares as of such record date. Each holder of Common Shares named in the list will be entitled to vote the shares shown opposite his or her name on the list at the Meeting, except to the extent that (a) the shareholder has transferred any of his or her shares after the record date, and (b) the transferee of those shares produces properly endorsed share certificates or otherwise establishes that he or she owns such shares and demands not later than ten days prior to the Meeting that his or her name be included in the list before the Meeting, in which case the transferee is entitled to vote his or her shares at the Meeting. All such holders of record of Common Shares are entitled either to attend and vote thereat in person the Common Shares held by them or, provided a completed and executed proxy shall have been delivered to the Company's transfer agent within the time specified in the attached Notice of Meeting, to attend and vote thereat by proxy the Common Shares held by them.

To the knowledge of the directors and executive officers of the Company, as of the date hereof, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, voting securities of the Company carrying more than 10% of the voting rights attached to any class of voting securities of the Company.

Report on Executive Compensation

Overall Compensation Philosophy

The following principles guide the Company's overall compensation philosophy:

- (a) compensation is determined on an individual basis by the need to attract and retain talented, high-achievers;
-

- 14 -

- (b) calculating total compensation is set with reference to the market for similar jobs in similar locations;
- (c) an appropriate portion of total compensation is variable and linked to achievements, both individual and corporate;
- (d) internal equity is maintained such that individuals in similar jobs and locations are treated fairly; and
- (e) the Company supports reasonable expenses in order that employees continuously maintain and enhance their skills.

Compensation Committee Mandate

The Compensation Committee is established by the Board to assist the Board in fulfilling its responsibilities relating to human resources and compensation issues and to establish a plan of continuity for executive officers and other members of senior management (collectively, Executive Management). The Compensation Committee ensures that the Company has an executive compensation plan that is both motivational and competitive so that it will attract, hold and inspire performance of Executive Management of a quality and nature that will enhance the sustainable profitability and growth of the Company.

The Compensation Committee reviews and recommends the compensation philosophy and guidelines for the Company which include reviewing the compensation philosophy and guidelines (a) for Executive Management, for recommendation to the Board for its consideration and approval, and (b) relating to all employees, including annual salary and incentive policies and programs, and material new benefit programs, or material changes to existing benefit programs.

The Compensation Committee reviews on an annual basis the cash compensation, performance and overall compensation package for each executive officer. It then submits to the Board recommendations with respect to the basic salary, bonus and participation in share compensation arrangements for each executive officer. In November and December 2006, the Compensation Committee received a presentation from Mercer Human Resource Consulting (Mercer) regarding the current executive compensation environment, practices in today's market and investor expectations. Following consideration of the matters presented, discussions with management of the Company and receiving recommendations from management for 2006 bonuses and 2007 salaries for Executive Management and employees of the Company, the Compensation Committee made its recommendations to the Board for approval. In conducting its review of management's recommendations, the Compensation Committee was satisfied that all recommendations complied with the Compensation Committee's philosophy and guidelines set forth above.

The Compensation Committee's mandate with Mercer was established in 2005. During 2006, Mercer attended portions of some Compensation Committee meetings, as requested by the Chairman of the Compensation Committee. The Compensation Committee will agree annually, and on an as-needed basis, with input from management and Mercer, on the specific work to be undertaken by the consultant for the Compensation Committee and the fees associated with such work. All services provided by Mercer to the Company, beyond Mercer's role as advisor to the Compensation Committee, will require written pre-approval by the Chairman of the Compensation Committee outlining the scope of work and related fees. The Compensation Committee will not approve any such work that, in its view, could compromise Mercer's independence as advisor to the Compensation Committee. In this regard, some work currently done by Mercer for management will in future be included as part of the Compensation Committee's mandate. The Compensation Committee will disclose annually in its management information circular the work done by and the fees paid to Mercer for all work done for the Compensation Committee and any other work the Compensation Committee has approved.

During the financial year ended December 31, 2006, Mercer's fees as the Compensation Committee's advisor totaled approximately C\$91,000. The Company also paid Mercer approximately C\$36,000 during 2006 for services rendered in connection with the Company's employee benefit programs, including reviewing the Company's existing benefit programs for its Vancouver head office and Red Lake Mine

- 15 -

employees, facilitating development of the Company's benefits philosophy and assisting with consolidating the Company's benefits programs.

Base Salary

In determining the base salary of an executive officer, the Compensation Committee places equal weight on the following factors:

- (a) the particular responsibilities related to the position;
- (b) salaries paid by comparable businesses;
- (c) the experience level of the executive officer; and
- (d) his or her overall performance.

Bonus Payments

Executive officers are eligible for annual cash bonuses, after taking into account and giving equal weight to, financial performance, attainment of certain corporate objectives and individual performance.

In taking into account the financial performance aspect, it is recognized that executive officers cannot control certain factors, such as interest rates and the international market for gold, silver, copper and industrial minerals produced by the Company. When applying the financial performance criteria, the Compensation Committee considers factors over which the executive officers can exercise control, such as meeting budget targets established by the Board at the beginning of each year, controlling costs, taking successful advantage of business opportunities and enhancing the competitive and business prospects of the Company. In determining payout amounts, significant weight is given to market comparable information and the advice of the Company's external compensation advisor.

During the financial year ended December 31, 2006, bonuses were awarded to the following executive officers of the Company: C. Kevin McArthur, President and Chief Executive Officer, in the amount of \$700,000, Ian W. Telfer, former President and Chief Executive Officer, in the amount of C\$1,350,000; Lindsay A. Hall, Chief Financial Officer and Executive Vice President, in the amount of C\$250,000; Eduardo Luna, Executive Vice President, in the amount of \$150,000; Steve Reid, Chief Operating Officer, in the amount of C\$200,000; and Julio Carvalho, Executive Vice President, Central and South America, in the amount of \$150,000.

Long-Term Incentives

It is the compensation philosophy of the Company to provide a market based blend of base salaries, bonuses and an equity incentive component in the form of options. Base salaries and bonuses have been at the relatively low end of the scale compared to industry peers with a greater emphasis placed on options. The Company believes that the option component serves to further align the interests of management with the interests of the Company's shareholders.

During the financial year ended December 31, 2006, the Board, on the recommendation of the Compensation Committee, granted stock options to executive officers of the Company as follows:

Name of Officer	Title of Officer	Number of Options
Ian W. Telfer	Former President and Chief Executive Officer	300,000
Lindsay A. Hall	Executive Vice President and Chief Financial Officer	200,000
Steve Reid	Chief Operating Officer	250,000
Julio Carvalho	Executive Vice President, Central and South America	200,000
		950,000

In addition, Mr. Hall was granted 30,000 Restricted Share Rights pursuant to the Restricted Share Plan, the restricted periods of such rights expiring as to 7,500 on March 13, 2007, as to 7,500 on March 13, 2008 and as to 15,000 on March 13, 2009.

Chief Executive Officer Compensation

The Compensation Committee:

- (a) periodically reviews the terms of reference for the Company's Chief Executive Officer and recommends any changes to the Board for approval;
- (b) reviews corporate goals and objectives relevant to the compensation of the Chief Executive Officer and recommends them to the Board for approval;
- (c) leads the annual Chief Executive Officer review/evaluation process and reports the results of the process to the Board;
- (d) based on the results of the Chief Executive Officer's evaluation, recommends Chief Executive Officer compensation to the Board for approval; and
- (e) reviews, and if appropriate recommends to the Board for approval, any agreements between the Company and the Chief Executive Officer, including those addressing retirement, termination of employment or other special circumstances, as appropriate.

The components of the Chief Executive Officer's compensation are the same as those which apply to the other senior executive officers of the Company, namely base salary, bonus and long-term incentives in the form of stock options. The Chairman of the Compensation Committee presents recommendations of the Compensation Committee to the Board with respect to the Chief Executive Officer's compensation. In setting the Chief Executive Officer's salary, the Compensation Committee received recommendations from an independent compensation consulting firm and reviewed salaries paid to other senior officers in the Company, salaries paid to other chief executive officers in the industry and the Chief Executive Officer's impact on the achievement of the Company's objectives for the previous financial year. The Compensation Committee was satisfied that all such recommendations comply with the Compensation Committee's policy which is both motivational and competitive to put the Company in a position to attract, retain and inspire performance of executive officers of a quality and nature that will enhance the sustainable profitability and growth of the Company.

During the financial year ended December 31, 2006, Mr. Telfer's base salary was C\$1,000,000 and he was granted a cash bonus of C\$1,350,000 in recognition of his contribution to the development of the Company. During the financial year ended December 31, 2006, Mr. Telfer was also granted options to purchase 300,000 Common Shares under the Stock Option Plan (see "Option Grants During the Financial Year Ended December 31, 2006" table above for further details).

On November 15, 2006, Mr. McArthur was appointed President and Chief Executive Officer at a base salary of C\$1,000,000. Mr. McArthur was granted a cash bonus of \$700,000 for the financial year ended December 31, 2006 and has not yet been granted any options under the Stock Option Plan, however, he will be eligible for such grants in the future.

Stock Option Plan

The Stock Option Plan was approved by the Company's shareholders at the Company's annual and special meeting of shareholders held on May 16, 2005. A copy of the Stock Option Plan is available under the Company's profile on SEDAR at www.sedar.com.

The Stock Option Plan is designed to advance the interests of the Company by encouraging employees, officers and consultants to have equity participation in the Company through the acquisition of Common Shares. The aggregate maximum number of Common Shares that may be reserved for issuance under the Stock Option Plan is 12,500,000, representing approximately 1.7% of the issued and outstanding Common Shares (on a fully-diluted basis). As of February 28, 2007, options to purchase an aggregate of 7,881,685 Common Shares (net of cancelled options), representing approximately 1.1% of the issued and outstanding Common Shares (on a fully-diluted basis), are outstanding under the Stock Option Plan and 693,398 Common Shares were issued upon exercise of options granted under the Stock Option Plan. As of February 28, 2007, this leaves options to purchase an aggregate of 3,924,917 Common Shares, representing approximately 0.5% of the issued and outstanding Common Shares (on a fully-diluted basis), available for issuance under the Stock Option Plan. Any options granted under the Stock Option Plan and which have been cancelled or terminated in accordance with the terms of the Stock Option Plan without having been exercised will again be available for re-granting under the Stock Option Plan. However, any options granted under the Stock Option Plan and exercised will not be available for re-granting under the Stock Option Plan.

Under the Stock Option Plan, stock options may be granted to employees, officers and consultants of the Company and designated affiliates. In determining the terms of each grant of stock options, consideration is given to the participant's present and potential contribution to the success of the Company. The exercise price per share is not to be less than the volume weighted average trading price of the Common Shares on the TSX, or another stock exchange where the majority of the trading volume and value of the Common Shares occurs, for the five trading days immediately preceding the day the option is granted. The exercise period for each stock option is not to be more than ten years. Options may be granted subject to vesting requirements. The maximum number of Common Shares issuable to insiders, at any time, pursuant to the Stock Option Plan and any other security based compensation arrangements of the Company, is 10% of the total number of Common Shares then outstanding. The maximum number of Common Shares issuable to insiders, within any one year period, pursuant to the Stock Option Plan and any other security based compensation arrangements of the Company, is 10% of

- 19 -

the total number of Common Shares then outstanding. The Stock Option Plan is administered by the Board in consultation with the Compensation Committee.

Options are not assignable, except with the permission of the Company, and terminate: (i) within 30 days following the termination of an optionee's employment, with or without cause, or the retirement of an optionee from the Company; and (ii) within a period of time up to 12 months following the death of an optionee, as determined by the Board, subject to any extension or acceleration of the right to exercise at the sole discretion of the Board. In the event of a change of control which results in the termination of an optionee's eligibility to participate in the Stock Option Plan, the Board has the authority to permit participants to exercise their options within the original term.

Under the Stock Option Plan, the Board may from time to time amend or revise the terms of the Stock Option Plan or may discontinue the Stock Option Plan at any time. Subject to receipt of requisite shareholder and regulatory approval, the Board may make amendments to the Stock Option Plan to (a) change the maximum number of Common Shares issuable under the Stock Option Plan, (b) change the definition of eligible participants which would have the potential of broadening insider participation, (c) add any form of financial assistance or amend any financial assistance provision which is more favourable to participants, (d) add a cashless exercise feature which does not provide for a full deduction of the number of underlying securities from the Stock Option Plan reserve, (e) add a deferred or restricted share unit or any other provision which results in participants receiving securities while no cash consideration is received by the Company, and (f) discontinue the Stock Option Plan. Subject to receipt of requisite regulatory approval, the Board may make all other amendments to the Stock Option Plan without obtaining shareholder approval, including (a) amendments of a housekeeping nature, (b) amendments to the vesting provisions of a security or the Stock Option Plan, (c) amendments to the termination provisions of a security or the Stock Option Plan which does not entail an extension beyond the original expiry date, and (d) adding a cashless exercise feature which provides for a full deduction of the number of underlying securities from the Stock Option Plan reserve.

At the Meeting, shareholders will be asked to consider approving an amendment to the Stock Option Plan to allow the expiry date of options granted thereunder to be the tenth day following the end of a self imposed blackout period on trading securities of the Company in the event that they would otherwise expire during or soon after such a blackout. See Amendment to the 2005 Stock Option Plan Option Terms During Blackouts for further details.

Restricted Share Plan

The Restricted Share Plan was approved by the Company's shareholders at the Company's annual and special meeting of shareholders held on May 16, 2005. A copy of the Restricted Share Plan is available under the Company's profile on SEDAR at www.sedar.com.

The Restricted Share Plan provides that Restricted Share Rights may be granted by a committee (the Committee) which administers the Restricted Share Plan to employees, officers, directors and consultants of the Company as a discretionary payment in consideration of past services to the Company. The current intention of the Company is to use the Restricted Share Plan for grants of Restricted Share Rights to the non-executive directors of the Company as part of their annual retainer at the rate of 3,500 Restricted Share Rights per director each year. An aggregate of 500,000 Common Shares have been reserved for issuance under the Restricted Share Plan, representing less than one percent of the issued and outstanding Common Shares. Restricted Share Rights entitling holders to an aggregate of 37,663 Common Shares, representing less than one percent of the issued and outstanding Common Shares, are currently outstanding under the Restricted Share Plan and 53,004 Common Shares have been issued upon expiry of restricted periods attached to outstanding Restricted Share Rights granted under the Restricted Share Plan. This leaves 409,333 Common Shares, representing less than one percent of the issued and outstanding Common Shares, available for issuance under the Restricted Share Plan. The maximum number of Common Shares issuable to insiders, at any time, pursuant to the Restricted Share Plan and any other security based compensation arrangements of the Company, is 10% of the total number of Common Shares then outstanding. The maximum number of Common Shares issuable to insiders, within any one year period, pursuant to the Restricted Share Plan and any other security based compensation arrangements of the Company, is 10% of the total number of Common Shares then outstanding.

- 20 -

A Restricted Share Right is exercisable into one Common Share at the end of a restricted period of time wherein a Restricted Share Right cannot be exercised as determined by the Committee (Restricted Period).

Under the Restricted Share Plan, the Board may from time to time amend or revise the terms of the Restricted Share Plan or may discontinue the Restricted Share Plan at any time. Subject to receipt of requisite shareholder and regulatory approval, the Board may make amendments to the Restricted Share Plan to change the maximum number of Common Shares issuable under the Restricted Share Plan and to change the provisions relating to insider restrictions. All other amendments to the Restricted Share Plan may be made by the Board without obtaining shareholder approval, such amendments including an amendment to the restricted period of a Restricted Share Right or an amendment to the termination provisions of a Restricted Share Right.

In the event of a participant's retirement or termination during a Restricted Period, any Restricted Share Rights automatically terminate, unless otherwise determined by the Committee. In the event of the retirement or termination after the Restricted Period, any Restricted Share Rights will be immediately exercised without any further action by the participant and the Company will issue Restricted Shares and any dividends declared but unpaid to the participant. In the event of death or disability, such Restricted Share Rights will be immediately exercised.

If a participant holds Restricted Share Rights that are subject to a Restricted Period, the Committee will have the discretion to pay a participant cash equal to any cash dividends declared on the Common Shares at the time such dividends are ordinarily paid to holders of the Common Shares. The Company will pay such cash dividends, if any, to those participants that hold Restricted Share Rights that are no longer subject to a Restricted Period.

In the event of a change of control, all Restricted Share Rights will be immediately exercised notwithstanding the Restricted Period.

Corporate Governance Practices

In June 2005, National Policy 58-201 *Corporate Governance Guidelines* (the Governance Guidelines) and National Instrument 58-101 *Disclosure of Corporate Governance Practices* (the Governance Disclosure Rule) were adopted by the securities regulatory authorities in Canada. The Governance Guidelines deal with matters such as the constitution and independence of corporate boards, their functions, the effectiveness and education of board members and other items dealing with sound corporate governance practices. The Governance Disclosure Rule requires that, if management of an issuer solicits proxies from its security holders for the purpose of electing directors, specified disclosure of its corporate governance practices must be included in its management information circular.

The Company and the Board recognize the importance of corporate governance to the effective management of the Company and to the protection of its employees and shareholders. The Company's approach to significant issues of corporate governance is designed with a view to ensuring that the business and affairs of the Company are effectively managed so as to enhance shareholder value. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or as required. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Company's affairs and in light of opportunities or risks which the Company faces. The directors are kept informed of the Company's operations at these meetings as well as through reports and discussions with management on matters within their particular areas of expertise.

The Company's corporate governance practices have been and continue to be in compliance with applicable Canadian and United States requirements. The Company continues to monitor developments in Canada and the United States with a view to further revising its governance policies and practices, as appropriate.

The New York Stock Exchange (the NYSE) rules require the Company to disclose any significant ways in which its corporate governance practices differ from those followed by United States domestic issuers under the NYSE listing standards. The Company believes that there are no significant differences

- 21 -

between its corporate governance practices and those required to be followed by United States domestic issuers under the NYSE listing standards.

The following is a description of the Company's corporate governance practices which has been prepared by the Governance and Nominating Committee of the Board and has been approved by the Board.

Board of Directors

Independence of the Board

Eight out of the ten members of the Board are independent within the meaning of the Governance Guidelines and hold regularly scheduled meetings. Each of John P. Bell, Lawrence I. Bell, Beverley Briscoe, Peter Dey, Douglas M. Holtby, P. Randy Reifel, A. Dan Rovig and Kenneth F. Williamson are independent. C. Kevin McArthur and Ian W. Telfer are not independent as they are officers of the Company.

To facilitate the functioning of the Board independently of management, the following structures and processes are in place:

a non-executive Vice Chairman and Lead Director has been elected;

there are no members of management on the Board, other than the President and Chief Executive Officer of the Company and the Chairman of the Board;

when appropriate, members of management, including the President and Chief Executive Officer, are not present for the discussion and determination of certain matters at meetings of the Board;

under the by-laws of the Company, any two directors may call a meeting of the Board;

the President and Chief Executive Officer's compensation is considered, in his absence, by the Compensation Committee at least once a year; and

in addition to the standing committees of the Board, independent committees are appointed from time to time, when appropriate.

Chairman

The Chairman of the Board (Mr. Telfer) is not an independent director. The Chairman of the Board's primary roles are to chair all meetings of the Board and shareholder meetings, and to manage the affairs of the Board, including ensuring the Board is organized properly, functions effectively and meets its obligations and responsibilities. The Chairman of the Board's responsibilities include, without limitation, ensuring that the Board works together as a cohesive team with open communication; and working together with the Governance and Nominating Committee to ensure that a process is in place by which the effectiveness of the Board, its committees and its individual directors can be evaluated on a regular basis. The Chairman of the Board also acts as the primary spokesperson for the Board, ensuring that management is aware of concerns of the Board, shareholders, other stakeholders and the public and, in addition, ensures that management strategies, plans and performance are appropriately represented to the Board. The Chairman of the Board also maintains communications with the Company's Assistant Corporate Secretary.

Independent Vice Chairman and Lead Director

The Vice Chairman of the Board and Lead Director (Mr. Holtby) is an independent director appointed by the full Board. The Vice Chairman of the Board and Lead Director's primary focus is to provide leadership for the independent directors and to ensure that the Board's agenda enables it to successfully carry out its duties. The Vice Chairman of the Board and Lead Director ensures that the responsibilities of the Board are well understood and respected by both the Board and management. While undertaking

- 22 -

his responsibilities, the Vice Chairman of the Board and Lead Director works closely with, and in an advisory capacity to, the Chairman of the Board and the Chief Executive Officer of the Company.

The Vice Chairman of the Board and Lead Director's responsibilities include, without limitation, ensuring that the Board is aware of its obligations to the Company and its shareholders; acting as a liaison between management and the Board to ensure the relationships between the Board and management are conducted in a professional and constructive manner; providing support to the Governance and Nominating Committee in developing director criteria and potential candidates to be recommended for appointment to the Board and ensuring an adequate orientation and training program for new Board members; reviewing director conflict of interest issues as they arise; ensuring that the Board has a process for assessing the performance of the Chief Executive Officer of the Company and ensuring that appropriate succession, development and compensation plans are in place for senior management; ensuring that meetings of the independent directors are scheduled regularly, chair such meetings and report the results of such meetings to the Chief Executive Officer of the Company; and receiving and determining appropriate action on any communications from shareholders or other stakeholders that are addressed to the independent directors of the Board.

Meetings of the Board and Committees of the Board

The Board meets a minimum of four times per year, usually every quarter and following the annual meeting of the Company's shareholders. Each committee of the Board meets at least once each year or more frequently as deemed necessary by the applicable committee. The frequency of the meetings and the nature of the meeting agendas are dependent upon the nature of the business and affairs which the Company faces from time to time. During the financial year ended December 31, 2006, the Board met 17 times, the Audit Committee met 7 times, the Compensation Committee met 5 times, the Governance and Nominating Committee met 3 times and the Sustainability, Environment, Health and Safety Committee met 6 times. This requirement is to be attained within three years of the implementation of such policy or becoming a director of the Company, whichever is later, and must be maintained throughout their tenure as a director. In discharging its mandate, the Board is responsible for the oversight and review of the development of, among other things, the following matters:

the strategic planning process of the Company;

identifying the principal risks of the Company's business and ensuring the implementation of appropriate systems to manage these risks;

succession planning, including appointing, training and monitoring senior management;

Directors are also expected to prepare thoroughly in advance of each meeting in order to actively participate in the deliberations and decisions.

The Board recognizes the importance of ongoing director education and the need for each director to take personal responsibility for this process. To facilitate ongoing education of the Company's directors, the Governance and Nominating Committee will: (a) periodically canvas the directors to determine their training and education needs and interests; (b) arrange ongoing visitation by directors to the Company's facilities and operations; (c) arrange the funding for the attendance of directors at seminars or conferences of interest and relevance to their position as a director of the Company; and (d) encourage and facilitate presentations by outside experts to the Board or committees on matters of particular importance or emerging significance.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics (the Code) for its directors, officers and employees. The Governance and Nominating Committee has responsibility for monitoring compliance with the Code by ensuring all directors, officers and employees receive and become thoroughly familiar with the Code and acknowledge their support and understanding of the Code. Any non-compliance with the Code is to be reported to the Company's Chief Financial Officer (for the purpose of the Code, the Company's Chief Financial Officer acts as the Director, Risk) or other appropriate person. In addition, the Board conducts regular audits to test compliance with the Code. A copy of the Code may be accessed under the Company's profile at www.sedar.com or on the Company's website at www.goldcorp.com.

The Board takes steps to ensure that directors, officers and employees exercise independent judgment in considering transactions and agreements in respect of which a director, officer or employee of the Company has a material interest, which include ensuring that directors, officers and employees are thoroughly familiar with the Code and, in particular, the rules concerning reporting conflicts of interest and obtaining direction from the Company's Director, Risk regarding any potential conflicts of interest.

The Board encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations; providing guidance to directors, officers and employees to help them recognize and deal with ethical issues; promoting a culture of open communication, honesty and accountability; and ensuring awareness of disciplinary action for violations of ethical business conduct.

Whistleblower Policy

The Company has adopted a Whistleblower Policy which allows its directors, officers and employees who feel that a violation of the Code has occurred, or who have concerns regarding financial statement disclosure issues, accounting, internal accounting controls or auditing matters, to report such violation or concerns on a confidential and anonymous basis. Such reporting can be made by e-mail or telephone through The Network Inc., an independent reporting agency used by the Company for this purpose. Once received, complaints are forwarded to the Chair of the Audit Committee who then investigates each matter so reported and takes corrective and disciplinary action, if appropriate.

Nomination of Directors

The Governance and Nominating Committee, which is composed entirely of independent directors, is responsible for identifying and recruiting new candidates for nomination to the Board. The process by which the Board anticipates that it will identify new candidates is through recommendations of the Governance and Nominating Committee whose responsibility it is to develop, and annually update and recommend to the Board for approval, a long-term plan for Board composition that takes into consideration the following: (a) the independence of each director; (b) the competencies and skills the Board, as a whole, should possess such as financial literacy, integrity and accountability,

the ability to

engage in informed judgment, governance, strategic business development, excellent communications skills and the ability to work effectively as a team; (c) the current strengths, skills and experience represented by each director, as well as each director's personality and other qualities as they affect Board dynamics; and (d) the strategic direction of the Company.

The Governance and Nominating Committee's responsibilities include periodically reviewing the charters of the Board and the committees of the Board; assisting the Chairman of the Board in carrying out his responsibilities; considering and, if thought fit, approving requests from directors for the engagement of independent counsel in appropriate circumstances; preparing and recommending to the Board a set of corporate governance guidelines, a Code of Business Conduct and Ethics and annually a Statement of Corporate Governance Practices to be included in the Company's management information circular; annually reviewing the Board's relationship with management to ensure the Board is able to, and in fact does, function independently of management; assisting the Board by identifying individuals qualified to become Board members and members of Board committees; leading the Board in its annual review of the Board's performance; and assisting the Board in monitoring compliance by the Company with legal and regulatory requirements.

Sustainability, Environment, Health and Safety Committee

The purposes of the Sustainability, Environment, Health and Safety Committee are to assist the Board in its oversight of sustainability, environment, health and safety matters, including monitoring the implementation and management of the Company's policies, procedures and practices relating to sustainability, environment, health and safety matters. In particular, the Sustainability, Environment, Health and Safety Committee has the authority and responsibility for:

oversee that the sustainability, environment, health and safety policies, procedures and practices are in place, operational and supported by sufficient resources;

Board Assessments

The Board is committed to regular assessments of the effectiveness of the Board, the Chairman of the Board, the committees of the Board and the individual directors. The Governance and Nominating Committee annually reviews and makes recommendations to the Board regarding evaluations of the Board, the Chairman of the Board, the committees of the Board and the individual directors. During 2006, the Governance and Nominating Committee designed a written questionnaire that was sent to each director. The questionnaire asked directors to rate the Board practices under the following three headings:

1. Board (and committee) skills, culture and operations as they perceive them today;

2. The Board effectiveness today in:

helping to set the Company's strategic direction,

ensuring custody of financial reporting and disclosure, and

evaluating and compensating senior executives; and

3. The Board's accomplishments during the current year and its goals for the coming year.

Under each section the directors were encouraged to add their comments.

The questionnaires were compiled by an independent advisor, circulated to all members of the Governance and Nominating Committee and discussed in detail amongst the members of the Governance and Nominating Committee. Concurrently with the written survey, the Chairman of the Board held formal discussions with each director about the operations of the Board and the performance of each director.

- 31 -

The overall conclusion from these questionnaires and formal discussions was that the Board was working effectively. A number of improvements have been implemented as a result of these Board assessments, including an expansion of the Board's skill sets in financial expertise and a continuous review of the quality of Board briefings.

In addition, no indebtedness of these individuals to another entity has been the subject of a guarantee, support agreement, letter of credit or similar arrangement or understanding of the Company or any of its subsidiaries.

(GPJ), a TSX Venture Exchange-listed company, which will change its name to Peak Gold Ltd. (Peak Gold) in connection with the transaction. Under the terms of the agreement, the Company will receive from Peak Gold \$200 million in cash and \$100 million payable through the issuance of Peak Gold common shares. Upon completion of the sale, the Company will own approximately 22% of Peak Gold. In connection with the transaction, Julio Carvalho, the Company's Executive Vice President, Central and South America, will become President and Chief Executive Officer of Peak Gold, Jim Simpson, General Manager of the Peak Mine, will become the Chief Operating Officer of Peak Gold and the initial Peak Gold board of directors will be comprised of Julio Carvalho, Frank Giustra, Gordon Keep and Ian Telfer, the Company's Chairman of the Board. Number of Directors

The *Business Corporations Act* (Ontario) provides that, where a minimum and maximum number of directors of a company is provided for in its articles, the directors of a company may, if empowered by special resolution of the shareholders of the company, by resolution determine the number of directors within the minimum and maximum and the number of directors to be elected at the annual meeting of the shareholders of the company. Management is of the view that this flexibility is in the best interests of the Company.

At the Meeting, shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, a special resolution in the form set out below (the Number of Directors Resolution), subject to such amendments, variations or additions as may be approved at the Meeting, empowering the directors of the Company to determine by resolution the number of directors of the Company within the minimum and maximum number set forth in the articles and the number of directors to be elected at the annual meeting of shareholders of the Company.

The Board and management recommend the adoption of the Number of Directors Resolution. To be effective, the Number of Directors Resolution must be approved by not less than two-thirds of the votes cast by the holders of Common Shares present in person, or represented by proxy, at the Meeting. **Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the Common Shares represented by such form of proxy, properly executed, for the Number of Directors Resolution.**

The text of the Number of Directors Resolution to be submitted to shareholders at the Meeting is set forth below:

BE IT RESOLVED THAT:

1. The directors of the Company be and they hereby are authorized and empowered to determine the number of directors of the Company within the minimum and maximum number set forth in the articles and the number of directors of the Company to be elected at the annual meeting of shareholders of the Company.
2. Any director or officer of the Company is hereby authorized and directed, acting for, in the name of and on behalf of the Company, to execute or cause to be executed, under the seal of the Company or otherwise, and to deliver or cause to be delivered, such other documents and instruments, and to do or cause to be done all such other acts and things, as may in the opinion of such director or officer of the Company be necessary or desirable to carry out the intent of the foregoing resolution.

Election of Directors

The Company's Articles of Arrangement provide that the Board consist of a minimum of three and a maximum of ten directors. The Board currently consists of ten directors. At the Meeting, the ten persons named hereunder will be proposed for election as directors of the Company (the Nominees). **Unless authority to do so is withheld, the persons named in the accompanying proxy intend to vote for the election of the Nominees.** Management does not contemplate that any of the Nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, it is intended that discretionary authority will be exercised by the persons named in the accompanying proxy to vote the proxy for the election of any other person or persons in place of any Nominee or Nominees unable to serve. Each director elected will hold office until the close of the first annual meeting of shareholders of the Company following his or her election or until his or her successor is duly elected or appointed unless his or her office is earlier vacated in accordance with the by-laws of the Company. Five of the Nominees, John Bell, Lawrence Bell, Beverley Briscoe, Douglas Holtby and Ian Telfer, were elected at the last annual and special meeting of the Company's shareholders held on April 19, 2006.

Majority Voting for Directors. The Board has adopted a policy stipulating that if the votes in favour of the election of a director nominee at a shareholders' meeting represent less than a majority of the shares voted and withheld, the nominee will submit his or her resignation promptly after the meeting, for the Governance and Nominating Committee's consideration. The Governance and Nominating Committee will make a recommendation to the Board after reviewing the matter, and the Board's decision to accept or reject the resignation offer will be disclosed to the public. The nominee will not participate in any Governance and Nominating Committee or Board deliberations on the resignation offer. The policy does not apply in circumstances involving contested director elections.

The following table sets forth the name, province/state and country of residence, principal occupation, date they first became a director of the Company and number of shares beneficially owned by each Nominee. The statement as to the Common Shares beneficially owned, directly or indirectly, or over which control or direction is exercised by the Nominees is in each instance based upon information furnished by the Nominee concerned and is as at March 26, 2007.

Amendment to the 2005 Stock Option Plan Option Terms During Blackouts

In June 2006, the TSX published a Staff Notice in relation to security based compensation arrangements such as the Stock Option Plan and the extension of option expiry dates which fall within or soon after a self imposed blackout period. The nature of the Company's business gives rise to a number of periods each year during which directors, officers and employees are prohibited from trading in securities of the Company, referred to as blackout periods. If an option expiry date falls within a blackout period, an optionee would be required to exercise that option to avoid its expiry, but under applicable securities laws would be prohibited from trading in those securities until the blackout period ends. The TSX Staff Notice introduced the ability for the Stock Option Plan to provide that should an option expiry date fall within or

soon after a blackout period, the expiry date will become a date a reasonable amount of time following the end of a blackout period.

At the Meeting, shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, a resolution in the form set out below (the Stock Option Plan Amendment Resolution), subject to such amendments, variations or additions as may be approved at the Meeting, approving an amendment to subsection 2.2(a) of the Stock Option Plan designed to reflect the new regulatory developments to allow the extension of expiry dates of options granted thereunder in the event that they occur during or soon after a self imposed blackout period on trading securities of the Company. Such amendment is reflected in the following blackline of subsection 2.2(a) of the Stock Option Plan:

- 1 (a) Options granted must be exercised no later than 10 years after the date of grant or such lesser period as the applicable grant or Regulations may require. In the event that any Option expires during, or within 48 hours after, a self imposed blackout period on trading securities of the Corporation, such expiry date will become the tenth day following the end of the blackout period.

All other provisions of the Stock Option Plan will remain in full force and effect. The Board has approved the amendment to the Stock Option Plan, subject to shareholder and stock exchange approvals.

The Board and management recommend the adoption of the Stock Option Amendment Resolution. To be effective, the Stock Option Amendment Resolution must be approved by not less than a majority of the votes cast by the holders of Common Shares present in person, or represented by proxy, at the Meeting. **Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the Common Shares represented by such form of proxy, properly executed, for the Stock Option Amendment Resolution.**

The text of the Stock Option Amendment Resolution to be submitted to shareholders at the Meeting is set forth below:

BE IT RESOLVED THAT:

1. The Company's 2005 stock option plan be and same is hereby amended to allow the extension of option expiry dates in the event that they occur during a self imposed blackout period on trading securities of the Company, subsection 2.2(a) being amended as follows:
 - 1 (a) Options granted must be exercised no later than 10 years after the date of grant or such lesser period as the applicable grant or Regulations may require. In the event that any Option expires during, or within 48 hours after, a self imposed blackout period on trading securities of the Corporation, such expiry date will become the tenth day following the end of the blackout period.
2. Any director or officer of the Company is hereby authorized and directed, acting for, in the name of and on behalf of the Company, to execute or cause to be executed, under the seal of the Company or otherwise, and to deliver or cause to be delivered, such other documents and instruments, and to do or cause to be done all such other acts and things, as may in the opinion of such director or officer of the Company be necessary or desirable to carry out the intent of the foregoing resolution.
