390 million, the two companies are entering into a cooperation for the joint development of DSL chip-sets that will also be made available to the open market. The agreement will also make STMicroelectronics a preferred supplier of Alcatel, thus expanding their long-standing strategic alliance.

Alcatel Microelectronics, headquartered in Belgium, is a leading player in the design, manufacture and marketing of semiconductor components with a focus on telecommunications, automotive and peripheral markets. In particular, it has achieved a global top position in the growing market of DSL chip-sets used in infrastructure and end-user equipment, providing high-speed Internet access. In 2001, Alcatel Microelectronics registered revenues in the range of Euro 350 million.
