Report of Independent Registered Public Accounting Firm

The Participants and Administrative Committee Aon Savings Plan

We have audited the accompanying statements of assets available for benefits of the Aon Savings Plan as of December 31, 2003 and 2002, and the related statements of changes in assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### AON SAVINGS PLAN

#### NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2003 and 2002

#### 1. DESCRIPTION OF PLAN

#### GENERAL

The Aon Savings Plan (the Plan) was authorized by the Board of Directors of Aon Corporation (the Company or Plan Sponsor). It is a defined contribution plan with a salary deferral feature and an employee stock ownership (ESOP) feature. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2003, the ASI Solutions, Inc. 401(k) Retirement Plan and the McLagan Partners Inc. 401(k) Profit Sharing Plan were merged into the Plan and as a result, assets approximating \$6.1 million were transferred to the Plan. Effective January 1, 2002, the FESC Employees Savings Plan merged into the Plan and as a result, assets approximating \$1.6 million were transferred into the Plan.

Prior to 2003, certain Plan assets were held by the Aon Funds, an affiliated, open-end management investment company. Assets in the Aon Funds were liquidated in 2002. The assets of the ESOP portion of the Plan are invested primarily in common stock of the Company. Additionally, certain assets are invested by the Trustees as deemed advisable in order for the Plan to meet its cash flow needs.

Prior to 2003, the Plan presented a separate ESOP Allocated Account in its financial statements because the assets of the ESOP portion of the

Plan (which were comprised of the ESOP Allocated Fund investment in Aon common stock and receivables from the Company) were considered a non-participant directed investment. Effective January 1, 2003, the Aon Common Stock Fund and the ESOP Allocated Fund were merged into a single fund called the Aon Common Stock ESOP Fund. Participants have the option to reinvest dividends in additional shares of Aon common stock in the Plan or receive dividends in cash. Additionally, effective January 1, 2003, participants are allowed to immediately diversify any Company matching contributions allocated to the Aon Common Stock ESOP Fund. As a result, the ESOP Allocated Account is no longer considered a non-participant directed investment and has not been reported separately in the 2003 financial statements.

#### 1. DESCRIPTION OF PLAN (CONTINUED)

The following description of the Plan provides only general information. Participants of the Plan should refer to the Summary Plan Description for a more complete description of the Plan.

#### ELIGIBILITY AND PARTICIPATION

Employees other than field sales agents or employees scheduled to work less than 20 hours per week are immediately eligible to participate. Field sales agents and employees scheduled to work less than 20 hours per week are eligible to participate after completing one year of service. Participants must complete one year of service to be eligible for Company matching contributions.

#### CONTRIBUTIONS

PARTICIPANT - Participant contributions are made by means of regular payroll deductions. Non-highly compensated participants, as defined by the Internal Revenue Code (IRC), may elect to make contributions between 1% and 16% of their compensation, as defined by the Plan. Highly compensated participants, as defined by the IRC, may elect to make contributions between 1% and 8% of their compensation, as defined by the Plan. Participant contributions are limited to amounts allowed by the Internal Revenue Service (IRS). Accordingly, the maximum participant contribution was \$12,000 in 2003 and \$11,000 in 2002. In addition to regular participant contributions, catch-up contributions of up to \$2,000 for 2003 and \$1,000 for 2002 were allowed for any participants who were age 50 or older during the Plan year.

COMPANY - The Company contributes an amount equal to 100% of the first 3% of a participant's compensation that a participant contributes to the Plan (75% of a participant's compensation up to 4% for employees of Aon Human Capital Services, LLC). The Company makes a further contribution to the ESOP portion of the Plan equal to 75% (50% for field sales agents) of the next 3% of a participant's compensation that is contributed to the Plan. In 2003, the ESOP contribution was made in cash. In 2002, the ESOP contribution was made in shares of common stock of the Company. Employees of Aon Human Capital Services, LLC are not eligible for the ESOP contribution. The Plan requires that a participant be employed for at least one year and be actively employed as of the last day of the Plan year in order to receive a Company contribution.

#### INVESTMENT OPTIONS

Contributions to the Plan may be invested in any of the various investment alternatives offered by the Plan in any whole percentages. Additionally, a Self-Managed Account is offered whereby participants can invest their self-directed contributions in various stock, mutual funds and other investments.

- 7 -

#### 1. DESCRIPTION OF PLAN (CONTINUED)

#### PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of a) the Company's contributions, b) Plan earnings (losses), and c) forfeitures of terminated participants' non-vested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

#### VESTING

For the ESOP portion of the Plan, a participant vests in 20% increments per year and becomes 100% vested after completion of five years of plan service. Forfeitures of non-vested accounts are allocated to the remaining participants. Forfeitures are only allocated to those participants who received a Company contribution.

For the non-ESOP portion of the Plan, participants are fully vested in their contributions plus actual earnings thereon. Participants become 100% vested in the remainder of their account balance after five years of plan service, according to a graded schedule. Forfeitures of non-vested accounts are allocated to the remaining participants.

The total amount of forfeitures allocated to participants was \$1,074,000 and \$1,049,000 for 2003 and 2002, respectively.

#### BENEFIT PAYMENTS

For the ESOP portion of the Plan, a participant's entire account shall be paid to the participant or designated beneficiary in a lump sum upon normal retirement, permanent disability or death. The participant may elect payment in the form of Company common stock or cash.

For the non-ESOP portion, on termination of service, a participant shall be paid a lump sum amount equal to the value of his or her account. The participant will receive payment in the form of cash only.

#### PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

#### 1. DESCRIPTION OF PLAN (CONTINUED)

#### PARTICIPANT LOANS

Under the loan provision of the Plan, each participant is permitted one loan in a twelve month period and the outstanding balance of all loans made to a participant may not exceed the lesser of \$50,000 or 50% of the vested portion of the participant's account, excluding the ESOP portion of the account. The interest rate for each loan is equal to 1% plus the prime rate as quoted in The Wall Street Journal for the last

day of the month preceding the loan request. Loans are made for a period of up to five years, except for residential loans that have a fixed repayment period of up to fifteen years.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

#### BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on an accrual basis in accordance with U.S. generally accepted accounting principles.

#### INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are carried at fair value, which for marketable securities is based on quotations obtained from national securities exchanges and various other sources. Participant loans are valued at their outstanding balances, which approximate fair value.

Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Realized gains or losses on investments are the difference between the proceeds received and the cost of investments sold as determined on a first-in, first-out basis. The change in the difference between fair value and the cost of investments is reported as unrealized appreciation or depreciation of investments.

#### ADMINISTRATIVE EXPENSES

Administrative expenses of the Plan, including expenses of the Trustees, are paid from the Plan assets, except to the extent that the Company, at its discretion, may decide to pay such expenses. The Company did not pay any Plan expenses in 2003 or 2002.

#### USE OF ESTIMATES

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

- 9 -

#### 3. INVESTMENTS

Institutional Trust Company (ITC) is custodian of the Plan assets and Trustee for all Plan assets except the Aon Common Stock ESOP shares and the self-managed brokerage accounts. For the Aon Common Stock ESOP shares and self-managed brokerage accounts, State Street Bank and Trust

Company is the Trustee. The Trustees are named fiduciaries under ERISA. As used herein, Trustee refers to ITC and State Street Bank and Trust Company individually and collectively.

During 2003 and 2002 the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows (in thousands):

#### 4. INCOME TAX STATUS

The Plan has received a determination letter from the IRS dated October 1, 2003, stating that the Plan is qualified under section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrative Committee believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

## 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

This contribution will be made concurrent with participant contributions. The Company may make an additional contribution at its discretion but may not exceed 6%

Effective January 1, 2004, the Aon Retirement Account was established as a separate account under the Aon Savings Plan. The Aon Retirement Account is intended for employees hired after January 1, 2004 who are not eligible for participation in the Aon Pension Plan.
