Report of Independent Accountants

To the Lucent Technologies Inc.
Employee Benefits Committee:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Lucent Technologies Inc. Long Term Savings and Security Plan (the "Plan") at December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in

Edgar Filing: LUCENT TECHNOLOGIES INC - Form 11-K

the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Lucent Technologies Inc.
Long Term Savings and Security Plan

Notes to Financial Statements

1. Plan Description

General

The Lucent Technologies Inc. Long Term Savings and Security Plan (the "Plan") is a defined contribution plan established as of October 1, 1996 by Lucent Technologies Inc. ("Lucent" or the "Company") to provide a convenient way for most non-management employees (e.g., employees whose pay is not defined at a monthly or annual rate and whose wages are subject to automatic wage progression) to save on a regular and long-term basis. In connection with the separation of the Company from AT&T Corp., the assets and liabilities of the AT&T Long Term Savings and Security Plan (the "AT&T LTSSP") which related to the Company's employees and retirees were transferred to the Plan, effective October 1, 1996. The Plan's assets and liabilities were subsequently transferred to a group trust (the "Group Trust") managed by Fidelity Management Trust Company (the "Trustee"), effective January 1, 1997. The Group Trust consists of the assets of the Lucent Savings Plan ("LSP") and the Plan.

Edgar Filing: LUCENT TECHNOLOGIES INC - Form 11-K

On April 2, 2001, the Company consummated an initial public offering as part of its plan to divest its microelectronics business, Agere Systems Inc. ("Agere"). The Company completed a subsequent spin-off of its remaining ownership interest in Agere by distributing a dividend of Agere common stock to its shareholders on June 1, 2002. The assets of the Plan which related to Agere employees totaling \$130,980,000 were transferred to the Agere Systems Inc. Management 401(k) Plan during 2002. Participant balances and participant loans receivable of \$130,229,000 and \$3,919,000, respectively, were transferred to the Agere plan on January 1, 2002. Additional true-up related net transfers from the Agere plan totaling \$3,168,000 were also processed during 2002. Participants holding shares of Lucent common stock on May 31, 2002 received a spin-off dividend of Agere Common Stock Class A and Agere Common Stock Class B. Agere shares received attributable to Lucent shares held in the Lucent Employer Stock Fund, were unitized and placed in the two new Agere Stock Funds, established on June 1, 2002. No contributions or transfers in will be permitted with regard to these new funds.

Agere shares received, attributable to Lucent shares held in the Employee Stock Ownership Program ("ESOP"), were sold and the proceeds were used to purchase additional Lucent stock. The former ESOP was designed to invest primarily in Lucent stock for the purpose of making Company contributions on behalf of its participants.

On November 16, 2001, Lucent's optical fiber business was sold to The Furukawa Electric Co., Ltd. The assets of the Plan which related to these optical fiber business employees were transferred to the new OFS Long Term Savings Plan.

The Plan is summarized in the Summary Plan Description ("SPD") which has been distributed to all participants. For a complete description of the Plan, participants should refer to the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

An eligible employee (generally an active employee with at least six months of service or an employee who meets the requirements for immediate eligibility) enters the Plan by authorizing a payroll contribution and directing a contribution among the different funds of the Plan.

-7-

Lucent Technologies Inc.
Long Term Savings and Security Plan

Notes to Financial Statements

Contributions

Employee contributions may be authorized from pay on the basis of weekly pay in \$5 increments as defined in the plan document. A

Edgar Filing: LUCENT TECHNOLOGIES INC - Form 11-K

supplementary contribution may be authorized, if desired, consisting of a total of one or more \$5 increments which, when added to the employees' matched contribution, results in a total contribution of up to approximately 16% of the employee's weekly rate of pay. An employee may designate contributions as pre-tax contributions, after-tax contributions or a combination of pre-tax and after-tax contributions in \$5 increments. The Internal Revenue Code ("IRC") limited the maximum amount of an employee's contribution on a pre-tax basis to \$11,000 and \$10,500 in 2002 and 2001, respectively.

Previously, after completion of one year of service, the Company contributed Lucent stock on behalf of each of its participating employees in an amount equal to 66-2/3% of the lesser of the amount actually contributed or up to the first 6% of the participant's eligible compensation, as defined. Effective May 15, 2002, Company contributions were no longer restricted to Lucent stock. Contributions can be made in cash and invested in accordance with respective participant elections. In addition, participants may elect to transfer all or a portion of past Company contributions from the non-participant directed funds to participant directed funds. All participant contributions and earnings are immediately vested and are not subject to forfeiture. Company matching contributions are vested upon the completion of five years of service or upon the occurrence of certain prescribed events (i.e. death or disability), regardless of years of service. Company contributions will not be made with respect to supplementary contributions. Company contributions and related earnings in which a terminated participant is not vested are forfeited to the Company. These forfeitures can be used to reduce future Company contributions. At December 31, 2002 and 2001, forfeited amounts totaled approximately \$67,000 and \$116,000, respectively.

Participant Loans

Loans are available to all active participants in an amount not less than \$1,000, up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Upon default as defined in the plan document, participants are considered to have received a distribution and are subject to income taxes on the distributed amount. Loan terms are between 12 and 56 months. The loans are collateralized by the balance in the participant's account and generally bear interest at the prime rate at the time the loan was originated. Interest rates on outstanding loans ranged from 4.25% to 9.5% at December 31, 2002. Principal and interest are paid through payroll deductions, coupon remittances and electronic fund transfers.

Distributions

When a participant retires with a service pension from the Lucent Technologies Pension Plan or terminates employment because of disability, the entire vested amount in the participant's account can be distributed, at the participant's election, in a single payment or in retiree withdrawals as directed by the participant. If no distribution election is made by the participant, the balance in the account will remain in the Plan until a later date but not beyond age 70-1/2. When a participant dies, the entire amount in the participant's account is transferred to the participant's beneficiaries.

In the case of other termination of employment (where the participant is not entitled to retire on an immediate pension or does not terminate because of disability), a single distribution can be

Lucent Technologies Inc.
Long Term Savings and Security Plan

Notes to Financial Statements

made of all vested amounts in the participant's account. However, if the participant does not request the distribution, the participant's account shall remain in the Plan and shall be distributed only at (1) the participant's request, (2) when the participant attains age 70-1/2 through the payment of Minimum Required Distributions, as defined in the SPD, or (3) upon the participant's death, whichever is earliest.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments

The net asset value of the Plan's proportionate share of the Group Trust is calculated by the Trustee. The Trustee determines fair value of the Group Trust's underlying assets in the investment manager portfolios, taking into account values supplied by a reputable pricing or quotation service or quotations furnished by one or more reputable sources, such as securities brokers, dealers or investment bankers, mutual fund administrators or other relevant information. Investments in registered investment companies are stated at fair value as determined by quoted market prices. Investments in Lucent common shares and other securities listed on a national stock exchange are carried at fair value determined on the basis of the New York Stock Exchange closing price on December 31. Securities traded in over-the-counter markets and government obligations are carried at fair value based on the last bid prices or closing prices on December 31, as listed in published sources where available and, if not available, from other sources considered reliable. Contracts with insurance companies and financial institutions, which are fully benefit responsive, are carried at contract value (representing contributions made under the contracts plus accumulated interest at the contract rates), which approximates fair value. All other investments are carried at their fair value at the close of business on December 31 as determined by the Trustee. Participant loans receivable are valued at cost which approximates fair value.

Purchases and Sales of Investments

Purchases and sales of investments are recorded on a trade-date basis.

Plan's Share of Group Trust Investment Loss

The Plan's reported investment loss from Group Trust presented in the statement of changes in net assets available for benefits represents its interest in the Group Trust's investment loss, which consists of

Edgar Filing: LUCENT TECHNOLOGIES INC - Form 11-K

the Group Trust's interest, dividends and net depreciation in fair value of investments. The Group Trust records dividend income on investments held as of the ex-dividend dates and records interest income on the accrual basis. The Group Trust's net depreciation in fair value of investments consists of the net realized gains (losses) and the unrealized appreciation (depreciation).

Transfers to Other Plans, Net

The Plan presents in the Statement of Change in Net Assets Available for Benefits the net amount of transfers to other plans.

-9-

Lucent Technologies Inc.
Long Term Savings and Security Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

Investments held by the Group Trust and the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Derivatives

From time to time investment fund managers may use derivative financial instruments including forward exchange contracts and future contracts. Derivative instruments are used primarily to mitigate exposure to foreign exchange rate and interest rate fluctuations as well as to manage the investment mix in the portfolio.

Reclassifications

Certain prior year balances have been reclassified to conform to the current year presentation.

3. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 14, 1998, that the Plan and related Group Trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has

Edgar Filing: LUCENT TECHNOLOGIES INC - Form 11-K

been made.

4. Termination Priorities

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan provides that the net assets are to be distributed to participating employees in amounts equal to their respective interests in such assets.

5. Plan Expenses

Plan participants pay investment manager and trustee fees and share certain other administrative costs of the Plan with the Company. Investment manager and trustee fees are generally reflected in the calculation of each fund's net asset value per unit.

-10-

Lucent Technologies Inc.
Long Term Savings and Security Plan

Notes to Financial Statements

6. Group Trust Investments

The LSP and the Plan each have an interest in the assets of the Group Trust. Investment income and the Plan's interest in the net assets of the Group Trust are allocated based upon the respective participant balances within each fund for each plan. The Plan's interest in the Group Trust was approximately 14% and approximately 16% as of December 31, 2002 and 2001, respectively.

The following tables present the fair value of investments held by the Group Trust as of December 31, 2002 and 2001 (in thousands):

		December 31,
		2002
Investments, at fair value		
Avaya Stock Fund	\$ 15,882	\$ 94
Lucent International Equity Fund	167,949	239
Lucent Asset Allocation Income Fund	40,659	52
Lucent Asset Allocation Fund 2000	122,328	169
Lucent Asset Allocation Fund 2010	299,091	421
Lucent Asset Allocation Fund 2020	271,919	414
Lucent Asset Allocation Fund 2030	91,490	145
Lucent Asset Allocation Fund 2040	6,712	6
Lucent Employer Stock Fund - Common Shares	200,685	909
Fidelity Equity Index Fund	801,736	1,306
Fidelity Magellan Fund	682,036	1,160

Edgar Filing: LUCENT TECHNOLOGIES INC - Form 11-K

Investment loss in the Group Trust includes \$.7 billion net loss related to stock, \$.4 billion net loss related to equity funds, \$.1 billion net gain related to guaranteed insurance contracts, and \$.3 billion net loss related to mutual funds.

7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by affiliates of the Trustee and, therefore, these transactions qualify as party-in-interest transactions.

The Group Trust and the Plan invest in shares of Lucent common stock.

8. Subsequent Events

Effective March 1, 2003, the Company amended the Plan to provide for 100% vesting of Company contributions upon completion of three years of service.
