Post-Effective Amendment No. 3 (Amendment No. 6) filed in this proceeding on September 18, 2003 is hereby withdrawn. On November 25, 2003, Alliant Energy Corporation ("Alliant Energy"), a registered holding company under the Public Utility Holding Company Act of 1935, as amended (the "Act"), and Alliant Energy Resources, Inc. ("AER"), its wholly-owned non-utility subsidiary, announced that AER had completed the initial public offering ("IPO") of substantially all of the common stock of Whiting Petroleum Corporation ("WPC"), the direct parent of Whiting Oil and Gas Corporation. As a result of the IPO and concurrent issuance of common stock by WPC to certain management employees pursuant to its Phantom Equity Plan, AER now holds only 5.76% of the issued and outstanding shares of common stock of WPC. AER currently intends to divest its remaining interest in WPC, subject to market conditions.

Since WPC is no longer a "subsidiary company" of Alliant Energy within the meaning of Section 2(a)(8) of the Act, the relief requested in Post-Effective Amendment No. 3 is no longer required. Alliant Energy will continue to count its proportionate share of WPC's aggregate investment in "energy-related assets" as of the closing date of the IPO, based on AER's percentage ownership of WPC's common stock, against the authorized limit on such investments under the October 3, 2001 order issued in this proceeding.
