Item 7. Financial Statements, Pro Forma Financial Information and Exhibits.

<b><u>Exhibit No.</u></b>	<b><u>Description</u></b>
99.1	Information about non-GAAP financial measures.
99.2	Slides to be presented at the Lehman Brothers 2003 Semiconductor and Computer Systems Conference on November 18, 2003.

Item 12. Results of Operations and Financial Condition.

On November 18, 2003, Agere Systems will present the slides attached hereto as Exhibit 99.2 at the Lehman Brothers 2003 Semiconductor and Computer Systems Conference. Attached as Exhibit 99.1 is information about non-GAAP financial measures contained in those slides.

The presentation contains information about our financial performance, excluding gain or loss from the sale of, and income or loss from, discontinued operations; net restructuring and other charges; amortization of goodwill and other acquired intangibles; net gain or loss from the sale of operating assets and cumulative effect of an accounting change. While not a substitute for information prepared in accordance with generally accepted accounting principles in the U.S., we believe that this information will help investors to more easily understand our operating financial performance, especially in light of the significant restructuring activities we have undertaken recently. In addition, in past public disclosures, we have presented financial information excluding amortization of goodwill and other acquired intangibles and net gain or loss from the sale of operating assets when these amounts were unusually large and continued to do so to facilitate the comparison of financial information for different fiscal periods. These amounts are excluded from the information shown in the presentation to maintain consistency with prior public disclosures.
