PROXY STATEMENT

May 1, 2006

QUESTIONS & ANSWERS

The accompanying Proxy is solicited by the board of directors of W. P. Carey & Co. LLC, a Delaware corporation, for use at its annual meeting of shareholders (the Annual Meeting) to be held at The New York Hilton Hotel, 1335 Avenue of the Americas, New York, New York on Wednesday, June 7, 2006 at 2:00 p.m., or any adjournment thereof. As used herein, W. P. Carey & Co. , the Company , we and us refer to W. P. Carey & Co. LLC.

Who is soliciting my proxy?

The directors of W. P. Carey & Co. LLC are sending you this Proxy Statement and enclosed proxy.

Who is entitled to vote?

W. P. Carey & Co. LLC 's shareholders as of the close of business April 13, 2006 (the Record Date) are entitled to vote at the Annual Meeting.

How do I vote?

You may vote your shares either by attending the Annual Meeting, by telephone, through the Internet, or by completing the enclosed proxy card. To vote by telephone, call the specially designated telephone number set forth on the enclosed proxy card. To vote through the Internet, use the Internet voting site listed on the enclosed proxy card. To vote by proxy, sign and date the enclosed proxy card and return it in the enclosed envelope. If you return your proxy but fail to mark your voting preference, your shares will be voted FOR each of the nominees and for the proposal. We suggest that you return a proxy even if you plan to attend the meeting.

May I revoke my proxy?

Yes, you may revoke your proxy at any time before the meeting by notifying W. P. Carey & Co. LLC 's Secretary or submitting a new proxy, or by voting in person at the meeting. The mailing address is 50 Rockefeller Plaza, New York, New York 10020. You should mail your notice of revocation of proxy to that address.

How many shares may vote?

At the close of business on the Record Date, April 13, 2006, W. P. Carey & Co. LLC had 37,892,559 listed shares outstanding and entitled to vote. Every shareholder is entitled to one vote for each share held.

What is a quorum?

A quorum is the presence, either in person or represented by proxy, of a majority of the shares entitled to vote at the meeting. There must be a quorum for the meeting to be held.

How many votes are required at the meeting for shareholder approval?

Assuming a quorum is present, with respect to the election of directors, each share may be voted for as many individuals as there are directors to be elected. A plurality of all the votes cast shall be sufficient to elect a director. The affirmative vote of a majority of the issued and outstanding shares entitled to vote at the meeting is required for the approval of the amendment to the Amended and Restated Limited Liability Agreement. The affirmative vote of a majority of the shares actually cast on the matter at the meeting is required for the

Table of Contents

election of directors and with the approval of any other routine matter that may be presented at the meeting. In each case, abstentions and broker non-votes, which arise when a broker cannot vote on a particular matter because the matter is not routine and the beneficial owner of the shares has not given applicable instructions to the broker, are counted for quorum purposes, but are not counted as votes for or against any matter. For these reasons, for any matter before the shareholders at the meeting, abstentions and broker non-votes have no effect on whether the votes cast at the meeting are enough for approval of the matter.

How will voting on shareholder proposals be conducted?

We do not know of other matters that are likely to be brought before the meeting. However, if any other matters properly come before the Annual Meeting, your signed proxy gives authority to the persons named in the enclosed proxy to vote your shares on such matters in accordance with their best judgment.

Who will pay the cost for this proxy solicitation and how much will it cost?

W. P. Carey & Co. LLC will pay the cost of preparing, assembling and mailing this Proxy Statement, the Notice of Meeting and the enclosed proxy. In addition to the solicitation of proxies by mail, we may utilize some of the officers and employees of our wholly-owned subsidiaries, Carey Asset Management Corp. (Carey Asset Management) and Carey Management Services, Inc. (Carey Management Services) (who will receive no compensation in addition to their regular salaries), to solicit proxies personally and by telephone. Currently, we do not intend to retain a solicitation firm to assist in the solicitation of proxies, but if sufficient proxies are not returned to us, we may retain an outside firm to assist in proxy solicitation for a fee estimated not to exceed \$30,000, plus out-of-pocket expenses. We may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy statement to their principals and to request authority for the execution of proxies, and will reimburse such persons for their expenses in so doing. We expect the total cost of this proxy solicitation, assuming an outside solicitation firm is not needed, to be approximately \$65,000.

When are shareholder proposals for the 2007 Annual Meeting due?

We must receive any proposal that a shareholder intends to present at W. P. Carey & Co. LLC's 2007 Annual Meeting of shareholders no later than December 15, 2006 in order to be included in the Proxy Statement and form of proxy relating to that meeting.

References in this Proxy Statement to W. P. Carey & Co. LLC or the Company include W. P. Carey & Co. LLC's affiliates and subsidiaries, except where the context otherwise indicates.

W. P. Carey & Co. LLC will provide shareholders, without charge, a copy of W. P. Carey & Co. LLC's Annual Report on Form 10-K filed with the Securities and Exchange Commission for the year ended December 31, 2005, including the financial statements and management's report of internal controls over financial reporting and schedules attached thereto, upon written request to Ms. Susan C. PROPOSAL ONE

ELECTION OF DIRECTORS

At the Annual Meeting, you and the other shareholders will elect eleven directors, each to hold office until the next Annual Meeting of shareholders except in the event of death, resignation or removal. If a nominee is unavailable for election, proxies will be voted for another person nominated by the Board of Directors. Currently, the Board is unaware of any circumstances which would result in a nominee being unavailable. Ten of the nominees are now members of the Board of Directors.

NOMINATING PROCEDURES

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. A shareholder

Table of Contents

who wishes to recommend a prospective nominee for the Board should notify our Corporate Secretary or any member of the Nominating and Corporate Governance Committee in writing with the information required by our Bylaws, which is set forth in more detail in Shareholder Proposals and Other Communications, below.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board and other Board members as appropriate, that additional consideration is warranted, it may request a search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Committee. The Committee then evaluates the prospective nominee's qualifications. As set forth in our Corporate Governance Guidelines, there are no firm prerequisites to qualify as a candidate for the Board, although the Board seeks candidates who possess the background, skills, expertise, characteristics and time to make a significant contribution to the Board, W. P. Carey & Co. LLC and its shareholders. At least annually, the Nominating and Corporate Governance Committee reviews the qualifications and backgrounds of the directors, as well as the overall composition of the Board.

The Committee also considers such other relevant factors as it deems appropriate, including the balance of management and independent directors, the need for Audit Committee or other expertise and the qualifications of other potential nominees. In connection with its evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

NOMINEES FOR THE BOARD OF DIRECTORS

Unless otherwise specified, proxies will be voted for the election of the named nominees. If a nominee is unavailable for election, the Board may reduce its size or designate a substitute. If a substitute is designated, proxies voting on the original nominee will be cast for the substituted nominee. No circumstances are presently known that would render the nominees unavailable. Other than Mr. Parente, each of the nominees is now a member of the Board of Directors. Ralph. F. Verni, a director since 2003, is not standing for re-election.

COMMITTEES OF THE BOARD OF DIRECTORS

Members of the Board of Directors have been appointed to serve on various committees of the Board of Directors. The Board of Directors has currently established a Compensation Committee, an Audit Committee and a Nominating and Corporate Governance Committee, the functions of which are summarized below. The Board of Directors has also established an Executive Committee, which has the authority, subject to certain limitations, to exercise the powers of the Board of Directors during intervals between meetings of the full Board of Directors, and an Economic Policy Committee, which is available to render advice on economic policy matters affecting the Company.

Compensation Committee. The Compensation Committee's responsibilities include setting compensation principles that apply generally to Company employees; reviewing and making recommendations to the Board of Directors with respect to compensation for Directors; reviewing the compensation structure for all current key executives, including incentive compensation plans and equity-based plans; reviewing goals and objectives relevant to executive officers' compensation, evaluating the executive officers' performance, and approving their compensation levels and annual and long-term awards; and reviewing and approving the number of shares, price per share and period of duration for stock grants under any approved share incentive plan. There were six Compensation Committee meetings held during 2005.

Audit Committee. The Audit Committee has been established to assist the Board of Directors in monitoring the integrity of the financial statements and management's report of internal controls over financial reporting of the Company, the compliance by the Company with legal and regulatory requirements and the independence, qualifications and performance of the Company's internal audit function and independent accountants. Among the responsibilities of the Audit Committee are to engage an Independent Registered Public Accounting Firm, review with the Independent Registered Public Accounting Firm the plans and results of the audit engagement, approve professional services provided by the Independent Registered Public Accounting Firm, review the independence of the Independent Registered Public Accounting Firm and consider the range of audit and non-audit fees. The Committee ratifies the engagement of the internal auditors and reviews the scope of their internal audit plan. The Committee also reviews and discusses with management, the internal auditors and the Independent Registered Public Accounting Firm, the Company's internal controls and reviews the results of the internal audit program. There were twelve Audit Committee meetings held during 2005.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for developing and implementing policies and practices relating to corporate governance, including monitoring implementation of W. P. Carey & Co. LLC's corporate governance policies. In addition, the Committee develops and reviews background information for candidates for the Board of Directors, including those recommended by shareholders, and makes recommendations to the Board regarding such candidates. The Nominating and Corporate Governance Committee met four times during 2005.

The Board has adopted written charters for each of the Compensation, Audit and Nominating and Corporate Governance Committees, each of which can be viewed on our website, www.wpcarey.com, under the heading "WPC Investor Relations." Written copies of each may also be obtained upon a request submitted to our Investor Relations department.

Certain members of the Board are also members of the Investment Committee of Carey Asset Management. The Investment Committee, which provides services both to the Company and to its affiliated CPA[®] REITs, reviews certain proposed property acquisitions to ensure they satisfy applicable investment criteria. The Investment Committee is not directly involved in originating or negotiating potential investments, but instead functions as a separate and final step in the investment process. Directors of W. P. Carey & Co. LLC who serve on the Investment Committee include Mr. Stoddard, Mr. Coolidge, Mr. Klein, and Mr. von Köller.

Board Meetings and Directors Attendance

There were four regular quarterly Board meetings and three additional meetings held in 2005. Under our Corporate Governance Guidelines, each director is required to make every effort to attend each Board meeting and applicable Committee meetings, except in unavoidable circumstances. All of our directors attended our 2005 Annual Meeting.

The independent directors, at the Board of Directors meeting in December 2005, re-elected Charles C. The Lead Director will serve in this position for a one-year term.

Compensation Committee Report on Executive Compensation

The Compensation Committee's responsibilities include setting the Company's executive compensation philosophy and objectives, recommending compensation for non-management Directors, setting the compensation of executive officers, and monitoring the Company's general compensation programs. Each member of the Compensation Committee is an independent director (as defined in the New York Stock Exchange listing standards).

Table of Contents

Principles and Objectives. The Compensation Committee's overall objective is to maintain a compensation system that fosters the long-term goals of the Company and its shareholders. Central to achieving these goals is the motivation of our senior leadership group to achieve both the Company's financial and qualitative objectives. Nurturing a management team that works co-operatively to meet the challenges of a constantly-changing world is an important part of the value system of our company, as is our insistence on observance of the highest ethical standards. Our compensation system incorporates quantitative as well as qualitative judgments, in order to encourage not only achievement of tangible goals, but maintenance of consistent standards of teamwork, creativity, good judgment and integrity. We do not rely on rigid formulae but rather seek to exercise our best judgment in taking into account all of the many aspects of performance that make up an individual's contribution to our Company's success.

Practices. Our decisions regarding executive officer compensation are based on quantitative measurements, including growth in funds from operations (FFO), net income, earnings per share, investment volume, assets under management and volume of funds raised, as well as on any non-quantitative goals set at the beginning of each year, and our assessment of each individual's current and past contributions, and ability to contribute in the future, to enhancing long-term shareholder value. We use base salary, annual bonuses, and stock-based awards, as well as a range of benefits, as tools to help achieve our compensation objectives. Our approach to the mix of compensation among these elements tends to favor variable annual bonus awards over fixed base salary, while also including stock awards and deferred compensation to help promote a long-term perspective and align management's interest with that of shareholders. In making discretionary awards—primarily of cash bonuses, but also from time to time of stock-based compensation—we first review the Company's performance both as compared with prior years specifically noting the factors listed above and also against financial goals that are set at the beginning of each year, to help assure that our executives remain keenly focused on achieving those objectives. We also review such additional factors as progress toward achieving non-financial goals and long-term objectives, unforeseen changes in the Company's operating environment during the current year and the Company's performance over a multi-year period. We then review individual factors, which include the nature, scope and level of the individual's responsibilities, and any individual goals established for an executive or special responsibilities undertaken during the year, and make judgments about the individual's contributions to the Company's overall performance. As part of this process, we evaluate the executive's leadership, teamwork, and commitment to the values of the organization. This review includes both self-evaluations as well as assessments, where applicable, by direct supervisors.

Our process begins each year with a review, assisted by our independent compensation consultant, of market data concerning compensation of executives in comparable positions, including both overall compensation levels and individual components of that compensation. These data are used in setting base salaries for the coming year. In reviewing market compensation data for this and other purposes, our intention is to assure that our total compensation remains both competitive and appropriate in light of market practices.

As part of our process for setting individual bonuses, we also begin early in the year by reviewing the Company's financial and non-financial goals for the coming year. Individual bonuses are then determined after the close of each year. We do not in each case set individual target bonus ranges, but do review—again with the assistance of our independent compensation consultant—updated comparative market data on compensation. We then review the Company-wide and individual performance factors described above, to arrive at a judgment concerning individual bonus awards.

We also evaluate whether to make any stock-based awards. These awards, when made, consist primarily of grants of restricted stock and options. We monitor market compensation data regarding the levels of stock-based compensation awards to executives in comparable positions, but do not make annual grants as a matter of course. We may make individual grants in lieu of or in addition to cash compensation, as incentives for achievement of long-term strategic goals, or in other special circumstances such as the hiring or promotion of an executive.

Also, although not an aspect of cash or incentive compensation, the Company seeks to attract and retain executives by providing a variety of benefit plans and programs, including a profit-sharing plan and a 401(k) plan (both of which are open to all eligible employees), an employee stock purchase plan under which all

Table of Contents

eligible employees may purchase certain amounts of Company stock at a discount, and a deferred compensation plan, as well as by providing perquisites. These benefits are generally designed to be competitive with those provided by other companies with which we compete for talent.

Compensation for 2005

Base Salary. In January 2005, and as noted above, we reviewed, with the assistance of our independent compensation consultant, market data concerning base salaries and total cash compensation levels for similarly situated executives, at a peer group of publicly-traded REITs, based on available information for the year 2003 (the latest year for which such data was then available). Following this review, and consistent with our view of placing relatively greater emphasis on incentive compensation, we did not increase base salaries for the named executive officers. At the request of Mr. Wm. Polk Carey, his base salary has for many years been set well below competitive levels.

Bonuses. Bonus payments for 2005 reflected our evaluation of both the Company's and the individual executive's performance as well as the individual's responsibilities, as discussed above. We first reviewed financial results for 2005 as compared with 2004, both on an absolute basis and as adjusted for the effect of the merger of CIP[®] and CPA[®]:15 during 2004, as such events are not expected to occur every year. Taking into account this adjustment, overall operating results for 2005 increased slightly over 2004. However, we also reviewed the Company's asset growth, investment volume, level of fundraising for the CPA[®] REITs, and funds from operations (FFO) growth during 2005, where overall performance fell short of the Company's targets. Based on these evaluations, we generally awarded year-end bonuses at lower levels than for 2004. In the case of Mr. Carey, his bonus was decreased from \$1,000,000 in the prior year to \$650,000, and Mr. DuGan's bonus was decreased from \$1,000,000 to \$600,000 (in each case, excluding amounts relating to his leadership of the Company's Investment Department through June 2005). We also determined that there would be a 30% deferral of bonuses for Mr. Carey, Mr. DuGan, Mr. Zacharias, Mr. DeCesaris and Mr. Miller. These annual bonuses are being deferred, together with bonus payments to officers in the Investment Department generally, and will become payable if and when CPA[®]:16 Global achieves a non-compounded cumulative 6% distribution return to its shareholders, which in turn will trigger payment of deferred advisory fees to the Company.

Stock-based awards. During 2005, Mr. Barzelay received an award of restricted stock and options in connection with his hiring. Other than regular awards of options that are made in connection with amounts of compensation deferred under the Company's PEP Plan, there were no additional stock-based awards to executive officers for 2005.

The Company has been advised by counsel that it is not subject to Section 162(m) of the Internal Revenue Code.

Employment Agreements

Gordon F. DuGan, Chief Executive Officer, serves pursuant to an employment agreement entered into with W. P. Carey & Co., Inc. on April 7, 1997, which has been assumed by the Company, and which agreement contemplates services to be rendered for the Company and its subsidiaries. Mr. DuGan's employment term under this agreement was initially through December 31, 2001, but automatically renews each year for an additional one-year period unless affirmatively terminated with 90-days advance notice by either him or by the Company. The agreement provides for him to receive base salary (at least at the rate in effect in 1997, but which may be increased) and incentive compensation to be set by the Company. The agreement provides for participation in benefit programs, for reimbursement of reasonable business expenses, and for indemnification from claims arising out of his performance of services for the Company and its subsidiaries.

Mr. DuGan's agreement provides that upon termination of employment on account of death, disability (as defined in the agreement), or for cause, payment is to be made of unpaid salary and other compensation (including disposition fees) already earned, along with payment of vested employee benefits. In the event of involuntary termination without cause (other than a termination due to disability or death), termination by Mr. DuGan with good reason, and voluntary termination of employment by Mr. DuGan within one year after a change of control, the agreement also provides for severance benefits to be paid on a monthly basis until the earlier of the first anniversary of the Mr. DuGan's termination of employment or the violation of any of the agreement's non-compete, confidentiality, or nonsolicitation requirements. Each monthly severance payment will equal the sum of Mr. DuGan's monthly base salary as in effect immediately before his termination of employment, and an amount equal to 1/12 of any commission, disposition fees, and other incentive payments (including bonuses) paid to him during the 12 month period ending at the end of the month preceding the termination of employment. The amount of any severance payments, however, will be reduced by 75% of any amounts paid to him for services, whether as an employee, consultant or otherwise, during the period that severance benefits are payable. The agreement also currently states that, rather than paying severance monthly, the employer can pay a lump sum equal to a discounted present value of the severance payments to be paid.

For purposes the agreement, prior to a change in control, Mr. DuGan may only be treated as having terminated employment for good reason if the Company has materially breached its obligations under the agreement. After a change in control, Mr. DuGan will generally be treated as having terminated employment for good reason if he terminates employment within 90 days following any of the following (if they occur without his consent and are not timely cured): a material adverse change in his duties and responsibilities, a reduction in his base salary (other than a proportionate adjustment applicable generally to similarly situated executives), or the relocation of his principal place of business to a location more than 35 miles outside of Manhattan, New York. Under the agreements, a change in control will generally occur if a majority of the members of the Board of the Company is not made up of individuals nominated by the Board or by members of the family of Wm. Polk Carey or by the board of certain related entities. After a change in control, the list of activities that can result in an involuntary termination being treated as being a termination for cause is limited. The agreement includes provisions barring certain competitive activities for up to 18 months following termination of employment, and barring solicitation of certain Company employees for two years following termination of employment.

Mr. DuGan's employment agreement has previously been disclosed as an exhibit to the Company's Annual Report on Form 10-K for the year ended December 31, 2004.

The audit functions of the Committee focus on the adequacy of W. P. Carey & Co. LLC's internal controls and financial reporting procedures, the performance of W. P. Carey & Co. LLC's internal audit function and the independence and performance of W. P. Carey & Co. LLC's independent accountants, PricewaterhouseCoopers LLP. The Committee meets periodically with management to consider the adequacy of internal controls and the objectivity of W. P. Carey & Co. LLC's financial reporting. The Committee discusses these matters with appropriate internal financial personnel as well as independent accountants. The Committee held four regularly scheduled quarterly meetings during 2005, and also met eight additional times.

Management has primary responsibility for W. P. Carey & Co. LLC's financial statements and management's report of internal controls over financial reporting and the overall reporting process, including W. P. Carey & Co. LLC's system of internal controls. The independent accountants audit the annual financial statements and management's report of internal controls over financial reporting prepared by management, express an opinion on the conformity of the audited financial statements and management's report of internal controls over financial reporting with accounting principles generally accepted in the United States of America and discuss with the Committee any issues they believe should be raised with us. The Committee monitors these processes, relying without independent verification on the information provided to us and on the representations made by management and the independent accountants.

The Committee has reviewed and discussed the audited financial statements and management's report of internal controls over financial reporting with the management of W. P. Carey & Co. LLC. The directors who serve on the Audit Committee are all independent as defined in the New York Stock Exchange listing standards and applicable rules of the Securities and Exchange Commission. The Committee has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61. The Committee has received written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 and has discussed with the accountants the accountants' independence from W. P. Carey & Co. LLC. Based on review and discussions of the audited financial statements and management's report of internal controls over financial reporting of W. P. Carey & Co. LLC with management and discussions with the independent accountants, the Audit Committee recommended to the Board of Directors that the audited financial statements and management's report of internal controls over financial reporting for the fiscal year ended December 31, 2005 be included in the Annual Report on Form 10-K for filing with the Securities and Exchange Commission. DIRECTOR INDEPENDENCE

In March 2004, the Board of Directors adopted W. P. Carey & Co. LLC's Corporate Governance Guidelines. The Guidelines adopted by the Board meet or exceed the listing standards adopted during that year by the New York Stock Exchange. The Guidelines can be found in the WPC Investor Relations section of W. P. Carey & Co. LLC's website (www.wpcarey.com). A copy may also be obtained upon request from our Secretary, Susan C. Hyde.

Pursuant to the Guidelines, the Board undertook its annual review of director independence in March 2006. During this review, the Board considered transactions and relationships between each director or any member of his or her immediate family and W. P. Carey & Co. LLC and its subsidiaries and affiliates, including those reported under Certain Relationships and Related Transactions below. The Board also examined transactions and relationships between directors or their affiliates and members of our senior management or their affiliates. As provided in the Guidelines, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

The New York Stock Exchange also requires that the Board of Directors determine whether a director is independent for purposes of the Exchange's listing standards. The Nominating and Corporate Governance Committee has asked each director to specify in writing the nature of any material relationships the director may have with the Company, including, but not limited to, any relationships that would specifically preclude a finding of independence under the Listing Standards. Upon review of these disclosures, the Board has affirmatively determined that none of the directors noted as independent in this proxy statement has a material relationship with W. P. Carey & Co. LLC that would preclude such director's independence.

As a result of this review, the Board has affirmatively determined that Messrs. Coolidge, Faber, Klein, Townsend, von Köller and Winssinger are, and Mr. Parente if elected will be, independent of the Company and its management under the standards set forth in the Corporate Governance Guidelines. Messrs. Wm. Polk

The Board of Directors has also adopted a Code of Ethics for Chief Executive Officers, which contains additional standards for senior officers. Both of these codes are available on the Company's website (www.wpcarey.com) in the WPC Investor Relations section. We also intend to post amendments to or waivers from the Code of Ethics (to the extent applicable to our chief executive officer, principal financial officer and principal accounting officer) or to the Code of Ethics for Chief Executive Officers at this location on the website. Francis J. Carey has been appointed the Company's Chief Ethics Officer.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Payments to W. P. Carey & Co. LLC from Related Parties

The Company and its subsidiary, Carey Asset Management, receive compensation as the advisor to the four affiliated CPA® REITs. During 2005, the CPA® REITs retained the Company or Carey Asset Management to provide advisory services in connection with identifying and analyzing prospective property investments as well as providing day-to-day management services. For services provided to each of CPA®:12; CPA®:14 and CPA®:15, the advisor earns asset management compensation and performance compensation, each equal to a percentage of average invested assets. The payment of the performance compensation, however, is subordinated to specified returns to shareholders. During 2005, the asset management and performance compensation earned by the advisor totaled \$41.374 million, of which approximately half, representing the performance compensation, was paid in restricted shares of the applicable CPA® REIT. For services provided to CPA®:16 Global, the advisor earns asset management compensation equal to a percentage of the average invested assets of CPA®:16 Global, of which one-half is deferred until a threshold return to investors has been achieved. During 2005, the asset management compensation paid to the advisor was \$3.698 million, and an additional \$3.698 million will become payable only if the threshold is met. In addition, during 2005, in return for performing services related to the CPA® REITs' real estate purchases, the advisor earned structuring, development, acquisition and mortgage placement compensation of \$35.365 million, payment of \$15.478 million of which was subordinated and deferred. During 2005, the CPA® REITs paid \$8.311 million to the advisor in respect of previously subordinated and deferred compensation plus interest thereon. During 2005, CPA®:16 Global paid an acquisition expense allowance of \$2.903 million to the advisor in connection with the completion of acquisitions. Also during 2005, Carey Financial, LLC, an affiliate of W. P. Carey & Co. LLC, became entitled to receive sales commissions and selected dealer fees of \$4.706 million and \$16,700, respectively, which were, in turn, reallocated to unaffiliated broker/ dealers, in connection with CPA®:16 Global's best efforts offering of common stock. CPA®:16 Global also reimbursed the advisor for certain of its expenses related to such offering during 2005, in the aggregate amount of \$3.834 million. Because the CPA® REITs do not have their own employees, the advisor employs, directly and through its affiliate, Carey Management Services, officers and other personnel to provide services to the CPA® REITs. During 2005, \$7.105 million was paid to the advisor by the CPA® REITs to cover such personnel expenses, which amount includes both cash compensation and employee benefits. Under a similar arrangement, W. P. Carey & Co., Inc. paid \$763,000 in 2005 to Carey Asset Management for the expenses of personnel who performed services for W. P. Carey & Co., Inc. In addition, pursuant to a cost-sharing arrangement among the advisor, the CPA® REITs, W. P. Carey & Co., Inc. and other affiliates of the advisor, each pays its proportionate share, based on adjusted revenues, of office rental expenses at 50 Rockefeller Plaza and of certain other overhead expenses.

Livho, Inc. Transaction

In connection with the consolidation of the nine CPA[®] partnerships in 1998, W. P. Carey & Co. LLC obtained a hotel in Livonia, Michigan which was not subject to a lease. W. P. Carey & Co. LLC would be taxed as a corporation if it received more than a small percentage of its income from the operation of a hotel. In order to avoid taxation as a corporation, W. P. Carey & Co. LLC in 1998 leased the hotel to Livho Inc., a corporation wholly-owned by Francis J. Carey, its chairman, pursuant to a two-year lease which was subsequently modified and extended. Livho Inc. s rent for 2005 was \$1.2 million. Livho, Inc. s net loss for 2005 was approximately \$400,000. Francis J. Carey, as sole shareholder, did not receive a dividend payment from Livho, as excess cash flow was applied to rental arrearages due to W. P. Carey & Co. LLC. In March 2005, the Company approved a plan to sell this property. In the fourth quarter of 2005 the Company terminated its plan to sell the property and entered into an agreement with the proposed buyer to upgrade and manage the facility on a fee basis.

Reginald Winssinger Investments

W. P. Carey & Co. LLC director Reginald Winssinger and members of his family are co-investors with W. P. Carey & Co. LLC in several of the Company s properties that are located in France. Specifically, Mr. Winssinger and/or his family members purchased, at the time of and on the same terms as the purchase of the properties by W. P. Carey & Co. LLC: (i) a 7.2% ownership interest in the properties leased to multiple tenants in Pantin, France for an original investment of \$139,000, (ii) a 7.2% ownership interest in the property leased to Tellit Assurances for an original investment of \$76,289, (iii) a 7.2% ownership interest in the property leased to Direction Regionale Des Affaires Sanitaires et Sociales for an original investment of \$39,552, (iv) a 5.8% ownership interest in the property leased to Societe de Traitements DSM Food Specialties for an original investment of \$45,826 and (v) a 15% ownership interest in the properties leased to Bouyges Telecom SA for an original investment of \$525,383. These properties were purchased between May 1998 and December 2001.

PROPOSAL TWO

**AMENDMENT OF THE W. P. CAREY & CO. LLC AMENDED
AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT**

W. P. Carey & Co. LLC s Amended and Restated Limited Liability Company Agreement, which we refer to as the Agreement, currently requires the approval of shareholders representing more than 50% in interest of the total outstanding shares in the event of a sale or disposition of all or substantially all of the assets of the Company at any one time.

In April 2005, the Board of Directors unanimously approved and adopted, subject to shareholder approval, amendments to the Agreement to conform, in pertinent part, the Agreement s sale of assets provisions to corresponding provisions of the Delaware General Corporation Law.

Proposed amendment

The proposed amendment conforms with slight modification the language of that provision to similar language found in the Delaware General Corporation Law. Section 6.2(b) of the Agreement currently provides that any one of the following events requires the approval of the Board of Directors and the vote of the shareholders of more than 50% in interest of the Company s total outstanding shares:

any sale or disposition of all or substantially all of the assets of the Company at any one time;

any merger or consolidation of the Company; or

any vote to dissolve the Company.

The proposed amendment would tailor the sale of assets provision to the language of a corresponding provision in section 271 of the Delaware General Corporation Law, so as to read: any sale, lease, exchange or

Table of Contents

other disposition of all or substantially all of the property and assets of the Company, including its goodwill and its corporate franchises. The remaining provisions in section 6.2(b) relating to a merger or consolidation and to a vote to dissolve the Company will not be affected.

In addition, Section 271 of the Delaware General Corporation Law provides that the sale of all or substantially all assets is exempt from the requirement of a shareholder vote if the sale is made to a wholly-owned subsidiary and provides that, for purposes of section 271, the property and assets of any subsidiary of the corporation are deemed the property and assets of the corporation. *See* DGCL § 271(c). The existing Agreement does not contain this provision. The proposed amendment will incorporate this provision with one slight modification: no shareholder vote will be required if the sale is made to wholly-owned as well as substantially wholly-owned subsidiaries. This variance from Section 271 is intended to permit transfers to subsidiaries that, for tax or other reasons, have immaterial minority shareholders.

The foregoing is only a summary of the proposed amendment to the sale of assets provision of the Agreement. A detailed comparison of the existing and proposed provision is attached as Appendix A. The proposed amendment to the Amended and Restated Limited Liability Company Agreement must be approved by the holders of a majority of the outstanding shares entitled to vote at the annual meeting.

The Board of Directors believes that it would be beneficial to the Company and its shareholders to implement the proposed amendment, which would facilitate beneficial internal movements of assets by making it clear that the Company is not required to submit each substantial intra-group movement to a vote of shareholders. For example, under the existing sale of assets provision, a movement of substantially all of the Company's assets to a lower tier holding company might raise the question of whether it requires a shareholder vote, with its attendant potential costs and delays, notwithstanding the insignificance of the transaction from a shareholder's perspective. Although the Company is currently considering an internal movement of assets, it has not determined whether to proceed with it.

In addition, by adopting in large part the sale of assets provision of the Delaware General Corporation Law, the Company will clearly confirm its intention to opt into the extensive Delaware law jurisprudence relating to that provision. That jurisprudence is helpful because it interprets and clarifies the meaning of the provision and applies it to specific factual scenarios that may arise in the future. Reference to that jurisprudence will help to further delineate the rights and obligations of the Company and the shareholders.

For example, both the existing sale of assets provision and the proposed amendment require shareholder approval in the event of a sale of all or substantially all of the Company's assets. What constitutes all or substantially all of the Company's assets is not made explicit in the Agreement. By contrast, case law under the Delaware General Corporation Law has developed an elaborate two-pronged qualitative and quantitative test for determining whether all or substantially all assets of a corporation's assets are sold. This test has been applied in numerous factual situations and would provide helpful guidance to the Company in determining whether a vote of the shareholders must be taken before a proposed sale of assets may be conducted in the ordinary course of business.

Adoption of the proposed amendment will, to the extent the current language could be interpreted as requiring shareholder approval for internal reorganizations, result in a reduction in direct shareholder control.

The Board of Directors unanimously recommends a vote FOR approval of the proposed amendment to the Amended and Restated Limited Liability Agreement.
