## **Section 2 Financial Information**

### **Item 2.02. Results of Operations and Financial Condition.**

On February 24, 2010, Greif, Inc. (the Company ) issued a press release (the Earnings Release ) announcing the financial results for its first quarter ended January 31, 2010. The full text of the Earnings Release is attached as Exhibit 99.1 to this Current Report on Form 8-K.

The Earnings Release included the following non-GAAP financial measures (the non-GAAP Measures ):

- (i) net income before restructuring charges, restructuring-related inventory charges and acquisition-related costs on a consolidated basis, which is equal to GAAP net income plus restructuring charges, restructuring-related inventory charges and acquisition-related costs, each item net of tax, on a consolidated basis;
- (ii) diluted earnings per Class A share and per Class B share before restructuring charges, restructuring-related inventory charges and acquisition-related costs on a consolidated basis, which is equal to GAAP diluted earnings per Class A share and per Class B share plus restructuring charges, restructuring-related inventory charges and acquisition-related costs, each item net of tax, on a consolidated basis;
- (iii) operating profit before restructuring charges, restructuring-related inventory charges and acquisition-related costs on a consolidated basis, which is equal to GAAP operating profit plus restructuring charges, restructuring-related inventory charges and acquisition-related costs on a consolidated basis;
- (iv) operating profit before restructuring charges with respect to the Company's Paper Packaging segment and Land Management segment, which is equal to that segment's GAAP operating profit plus that segment's restructuring charges; and
- (v) operating profit before restructuring charges, restructuring-related inventory charges and acquisition-related costs with respect to the Company's Industrial Packaging segment, which is equal to that segment's GAAP operating profit plus that segment's restructuring charges, restructuring-related inventory charges and acquisition-related costs.

The Company discloses the non-GAAP Measures described in Items (i) through (v), above, because management believes that these non-GAAP Measures are a better indication of the Company's operational performance than GAAP net income, diluted earnings per Class A share and per Class B share and operating profit since they exclude restructuring charges, restructuring-related inventory charges, and acquisition-related costs, which are not representative of ongoing operations. These non-GAAP Measures provide a more stable platform on which to compare the historical performance of the Company.

The full text of the Earnings Release is attached as Exhibit 99.1 to this Current Report on Form 8-K.
