PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS
To Be Held June 16, 2010

Solicitation and Revocability of Proxies

The accompanying proxy is solicited by the Board of Directors on our behalf to be voted at the annual meeting of our stockholders to be held on June 16, 2010 (the Annual Meeting), at the time and place and for the purposes set forth in the accompanying notice and at any adjournment(s) or postponement(s) thereof. When proxies in the accompanying form are properly executed and received, the shares represented thereby will be voted at the Annual Meeting in accordance with the directions noted thereon, unless the proxy is subsequently revoked.

Any stockholder giving a proxy has the unconditional right to revoke his or her proxy at any time prior to the voting thereof either in person at the Annual Meeting by delivering a duly executed proxy bearing a later date or by giving written notice of revocation to us addressed to David R. Brickman, Vice President, General Counsel and Secretary, 14160 Dallas Parkway, Suite 300, Dallas, Texas 75254. However, no such revocation shall be effective unless such notice of revocation has been received by us at or prior to the Annual Meeting.

Our principal executive offices are located at, and our mailing address is, 14160 Dallas Parkway, Suite 300, Dallas, Texas 75254.

Our management does not intend to present any business at the Annual Meeting for a vote other than the matters set forth in the accompanying notice and has no knowledge that others will do so. If other matters requiring a vote of our stockholders properly come before the Annual Meeting, then it is the intention of the persons named in the accompanying form of proxy to vote the shares represented by the proxies held by them in accordance with their judgment on such matters.

This proxy statement and accompanying form of proxy are being mailed on or about April [], 2010. The annual report to our stockholders covering our fiscal year ended December 31, 2009, mailed to our stockholders on or about April [], 2010, does not form any part of the materials for solicitation of proxies.

In addition to the solicitation of proxies by use of the mail, our officers, directors and employees may solicit the return of proxies, either by mail, telephone, telecopy, or through personal contact. Such officers, directors and employees will not be additionally compensated by us but will be reimbursed for out-of-pocket expenses. We have retained Georgeson Shareholder Communications Inc. to assist in the solicitation of proxies for a fee of \$7,500. This amount includes fees payable to Georgeson, but excludes salaries and expenses of our officers, directors and employees. Brokerage houses and other custodians, nominees, and fiduciaries will, in connection with shares of our common stock registered in their names, be requested to forward solicitation material to the beneficial owners of such shares of our common stock.

The cost of preparing, printing, assembling, and mailing the annual report, the accompanying notice, this proxy statement, and the enclosed form of proxy, as well as the reasonable cost of forwarding solicitation materials to the beneficial owners of shares of our common stock, and other costs of solicitation, are to be exclusively borne by us.

Some banks, brokers and other record holders have begun the practice of householding proxy statements and annual reports. Householding is the term used to describe the practice of delivering a single set of the proxy statement and annual report to any household at which two or more stockholders share an address. This procedure would reduce the volume of duplicative information and our printing and mailing costs. We will deliver promptly, upon written or oral request, a separate copy of this proxy statement and the annual report to a stockholder at a shared address to which a single copy of the documents was delivered. A stockholder who wishes to receive a separate copy of the proxy statement and annual report, now or in the future, should submit this request to David R. Brickman, Vice President, General Counsel and Secretary, at our principal executive offices, 14160 Dallas Parkway, Suite 300, Dallas, Texas 75254 or by calling (972) 770-5600. Beneficial owners sharing an address who receive multiple copies of proxy materials and annual reports and who wish to receive a single copy of such materials in the future will need to contact their broker, bank or other nominee to request that only a single copy of each document be mailed to all stockholders at the shared address in the future.

Table of Contents

Date for Receipt of Stockholder Proposals

Stockholder proposals to be included in the proxy statement for the 2011 annual meeting of our stockholders must be received by us at our principal executive offices on or before [], 2010 for inclusion in the proxy statement relating to that meeting.

Our Amended and Restated Certificate of Incorporation establishes an advance notice procedure with regard to certain matters, including stockholder proposals and nominations of individuals for election to the Board of Directors to be made at an annual meeting of our stockholders. In general, notice of a stockholder proposal or a director nomination to be brought at an annual meeting of our stockholders must be received by us not less than 60 but not more than 90 days before the date of the meeting and must contain specified information and conform to certain requirements set forth in our Amended and Restated Certificate of Incorporation. The chairman of the meeting may disregard the introduction of any such proposal or nomination if it is not made in compliance with the foregoing procedures or the applicable provisions of our Amended and Restated Certificate of Incorporation.

Quorum and Voting

The record date for the determination of our stockholders entitled to notice of and to vote at the Annual Meeting was the close of business on April 19, 2010. At such time, there were [] shares of our common stock issued and outstanding.

Each holder of our common stock is entitled to one vote per share on all matters to be acted upon at the Annual Meeting, and neither our Amended and Restated Certificate of Incorporation nor our Amended and Restated Bylaws allow for cumulative voting rights. The presence, in person or by proxy, of the holders of a majority of the issued and outstanding shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum to transact business. If a quorum is not present or represented at the Annual Meeting, the stockholders entitled to vote at the Annual Meeting, present in person or by proxy, may adjourn the Annual Meeting, from time to time, without notice or other announcement until a quorum is present or represented. Assuming the presence of a quorum, the affirmative vote of the holders of at least a majority of the outstanding shares of our common stock represented in person or by proxy at the Annual Meeting and entitled to vote is required to (1) approve election of directors, (2) ratify the appointment of the independent auditors, and (3) approve our rights agreement.

If you hold shares in your name, and you sign and return a proxy card without giving specific voting instructions on how to vote, the persons named as proxy holders will vote your proxy in favor of the election of each director nominee named in this proxy statement, in favor of the ratification of the appointment of Ernst & Young LLP as our independent auditors, in favor of the approval of our rights agreement, and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the Annual Meeting. If you are a street name holder and do not submit specific voting instructions to your broker, the organization that holds your shares may generally vote your shares with respect to discretionary items, but not with respect to non-discretionary items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange (NYSE) on which your broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not submit specific voting instructions to your broker, the shares will be treated as broker non-votes. Broker non-votes will be counted for purposes of determining whether a quorum is present, but will not be considered shares entitled to vote on the proposal and will not be treated as affirmative or opposing votes. The proposal to ratify the appointment of Ernst & Young LLP, independent accountants, as our independent auditors is considered routine and therefore may be voted upon by your broker if you do not give instructions to your broker. However, pursuant to recent amendments to the NYSE rules, beginning this year brokers will not have discretion to vote your shares on the election of directors. Brokers will also not have discretion to vote your shares on the proposal to approve our rights agreement. Accordingly, if your shares are held in street name and you do not submit voting instructions to your broker, your shares will not be counted in determining the outcome of the election of the director nominees or the approval of our rights agreement at the Annual Meeting.

Each proposal is tabulated separately. Pursuant to the NYSE s rules, abstentions are counted in tabulations of votes cast on proposals presented to stockholders, whereas broker non-votes are not counted as voting for purposes of determining whether a proposal has received the necessary number of votes for approval of the proposal. With regard to the election of directors, votes may be cast in favor of or withheld from each nominee and votes that are withheld

will be excluded entirely from the vote and will have no effect.

Requests for Written Copies of Annual Report

We will provide, without charge, a copy of our annual report as filed with the Securities and Exchange Commission (the SEC) upon the written request of any registered or beneficial owner of our common stock entitled to vote at the Annual Meeting. Requests should be made by mailing David R. Brickman, Vice President, General Counsel and Secretary, at our principal executive offices, 14160 Dallas Parkway, Suite 300, Dallas, Texas 75254 or calling (972) 770-5600. The SEC also maintains a website at www.sec.gov that contains reports, proxy statements and other information regarding registrants, including us.

- (1) Pursuant to SEC rules, a person has beneficial ownership of any securities as to which such person, directly or indirectly, through any contract, arrangement, undertaking, relationship or otherwise has or shares voting power and/or investment power and as to which such person has the right to acquire such voting and/or investment power within 60 days. Percentage of beneficial ownership as to any person as of a particular date is calculated by dividing the number of shares beneficially owned by such person by the sum of the number of shares outstanding as of such date and the number of shares as to which such person has the right to acquire voting and/or investment power within

60 days.

- (2) Except for the percentages of certain parties that are based on presently exercisable options which are indicated in the following footnotes to the table, the percentages indicated are based on 27,031,271 shares of our common stock issued and outstanding on March 15, 2010. In the case of parties holding presently exercisable options, the percentage ownership is calculated on the assumption that the shares presently held or purchasable within the next 60 days underlying such options are outstanding.

BOARD OF DIRECTORS AND COMMITTEES

General

Our Board of Directors currently consists of nine directors. The Board of Directors has determined that Harvey I. Hanerfeld, Craig F. Hartberg, Peter L. Martin, James A. Moore, Dr. Victor W. Nee, Jill M. Krueger, and Michael W. Reid, each an existing director, and Ronald A. Malone and Philip A. Brooks, nominees for director at the Annual Meeting, are each independent within the meaning of the corporate governance rules of the New York Stock Exchange and no such individual has any relationship with us, except as a director and stockholder or as a nominee for director, as applicable. In addition, we have adopted a Director Independence Policy, as described in greater detail below under the heading Director Independence Policy, which establishes guidelines for the Board of Directors to follow in making the determination as to which of our directors is independent. Our Director Independence Policy is available on our website at <http://www.capitalsenior.com> in the Investor Relations section and is available in print to any stockholder who requests it. The Board of Directors has determined that Messrs. Hanerfeld, Hartberg, Martin, Moore, Dr. Nee, Ms. Krueger and Mr. Reid, each an existing director, and Mr. Malone and Mr. Brooks, nominees for director at the Annual Meeting, are each independent in accordance with our Director Independence Policy. During 2009, the Board of Directors met 7 times, including regularly scheduled and special meetings, and did not act by unanimous written consent during 2009. During 2009, no director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served. Under our Corporate Governance Guidelines, each of our directors is expected to attend all meetings of the Board of Directors, the annual stockholders meeting and meetings of the committees of the Board of Directors on which they serve. All directors then serving on the Board of Directors attended our 2009 annual meeting of stockholders. At the start of each regularly scheduled executive session of the non-management directors, a presiding director is selected by a majority vote of the non-management directors.

Director Independence Policy

The Board of Directors undertakes an annual review of the independence of all non-management directors. In advance of the meeting at which this review occurs, each non-management director is asked to provide the Board of Directors with full information regarding the director's business and other relationships with us to enable the Board of Directors to evaluate the director's independence. Directors have an affirmative obligation to inform the Board of Directors of any material changes in their circumstances or relationships that may impact their designation by the Board of Directors as independent. This obligation includes all business relationships between, on the one hand, directors or members of their immediate family, and, on the other hand, us, whether or not such business relationships are described above.

No director qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with us. The following guidelines are considered in making this determination:

- a director who is, or has been within the last three years, employed by us, or whose immediate family member is, or has been within the last three years, one of our executive officers, is not independent ;
- a director who received, or whose immediate family member received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent ;

Committees

Committees of the Board of Directors include the Audit Committee, the Nominating Committee, and the Compensation Committee.

Audit Committee

The Audit Committee consists of Messrs. Hartberg and Moore and Ms. Krueger, each of whom is independent as defined by the listing standards of the New York Stock Exchange in effect as of the date of this proxy statement. The Board of Directors has determined that Ms. Krueger qualifies as an audit committee financial expert within the meaning of SEC regulations. The Board of Directors has adopted an amended and restated Audit Committee Charter which is available on our website at <http://www.capitalsenior.com> in the Investor Relations section, which is also available in print to any stockholder who requests it. Pursuant to its charter, the Audit Committee serves as an independent party to oversee our financial reporting process and internal control system, to appoint, replace, provide for compensation of and to oversee our independent accountants and provide an open avenue of communication among the independent accountants and our senior management and the Board of Directors. The Audit Committee held 4 meetings during 2009, including regularly scheduled and special meetings, and did not act by unanimous written consent during 2009.

Nominating Committee

The Nominating Committee consists of Messrs. Pursuant to its charter, the Nominating Committee:

- identifies individuals qualified to become directors;

Table of Contents

develops and recommends for Board of Directors approval our Corporate Governance Guidelines; oversees the evaluation of the Board of Directors and management; and conducts an annual review of the adequacy of its charter and recommends proposed changes to the Board of Directors for its approval.

The Nominating Committee held 5 regularly scheduled meetings during 2009. During 2009, the Nominating Committee did not hold any special meetings, nor did it act by unanimous written consent.

Compensation Committee

The Compensation Committee consists of Messrs. Hartberg, Martin and Moore, each of whom is independent as defined by the listing standards of the New York Stock Exchange in effect as of the date of this proxy statement. The Compensation Committee held 12 meetings during 2009, including regularly scheduled and special meetings, and did not act by unanimous written consent during 2009. The Board of Directors has adopted an amended and restated Compensation Committee Charter which is available on our website at <http://www.capitalsenior.com> in the Investor Relations section and which is available in print to any stockholder who requests it. Pursuant to its charter, the Compensation Committee's responsibilities include, among other things, the responsibility to:

- review and approve, on an annual basis, the corporate goals and objectives relevant to the compensation of our Chief Executive Officer and our other executive officers, evaluate each such individual's performance in light of such objectives and, either as a committee or together with other independent directors (as directed by the Board of Directors), determine and approve the compensation for each such individual based on such evaluation (including base salary, bonus, incentive and equity compensation);

- perform any other activities consistent with our Amended and Restated Certificate of Incorporation, Bylaws and governing law as the Compensation Committee or the Board of Directors deems appropriate.

The Compensation Committee's processes for fulfilling its responsibilities and duties with respect to executive compensation and the role of our executive officers and management in the compensation process are each described under Compensation Discussion and Analysis Compensation Process beginning on page 17 of this proxy statement. In fulfilling its responsibilities and duties with respect to the compensation of our directors, the Compensation Committee periodically reviews the compensation paid to the non-employee directors of the companies in our peer group, and may recommend to the Board of Directors adjustments to our director compensation levels and practices so as to remain competitive with the companies in our peer group.

Pursuant to its charter, the Compensation Committee may retain such compensation consultants, outside counsel and other advisors as it may deem appropriate in its sole discretion and it has the sole authority to approve related fees and other retention terms. From time to time, the Compensation Committee has engaged third parties to compile statistical information with respect to the executive compensation practices of other comparable public companies. In July 2006, the Compensation Committee engaged Hewitt Associates LLC, an executive compensation consulting firm, to conduct a formal review of our compensation arrangements for our named executive officers and to provide advice regarding compensation trends and best practices, plan design, and the reasonableness of individual compensation awards. The Compensation Committee did not engage the services of compensation consultants, outside counsel or other advisors during 2009.

Board of Director s Leadership Structure

Since the resignation of James A. Stroud as Chairman of the Board of Directors, effective September 30, 2009, Lawrence A. Cohen has served as interim Chairman of the Board of Directors in addition to his role as the Company s Chief Executive Officer. The Company does not presently have a lead independent director and believes this leadership structure is appropriate for the Company until the changes to composition of the Board of Directors as set forth in this proxy statement have taken place. Once the changes to the composition of the Board of Directors as set forth in this proxy statement have taken place, the Board of Directors currently anticipates appointing a lead independent director, as it believes the separation of the roles of lead director and Chief Executive Officer will allow Mr. Cohen to continue to focus his efforts on the successful management of the Company while allowing the lead independent director to focus his efforts on the continued development of a high-performing Board of Directors, including (i) ensuring the Board of Directors remains focused on the Company s long-term strategic plans, (ii) working with Company management to ensure the Board of Directors continues to receive timely and adequate information, (iii) coordinating activities of the committees of the Board of Directors, and (iv) ensuring effective stakeholder communications.

Board of Director s Role in Risk Oversight

Our Company, like others, faces a variety of enterprise risks, including credit risk, liquidity risk, and operational risk. In fulfilling its risk oversight role, the Board focuses on the adequacy of the Company s risk management process and overall risk management system. The Board believes an effective risk management system will (1) adequately identify the material risks that the Company faces in a timely manner, (2) implement appropriate risk management strategies that are responsive to the Company s risk profile and specific material risk exposures, (3) integrate consideration of risk and risk management into business decision-making throughout the Company, and (4) include policies and procedures that adequately transmit necessary information with respect to material risks to senior executives and, as appropriate, to the Board or relevant committee.

The Audit Committee has been designated to take the lead in overseeing risk management at the Board level. Accordingly, the Audit Committee schedules time for periodic review of risk management, in addition to its other duties. In this role, the Audit Committee receives information from management and other advisors, and strives to generate serious and thoughtful attention to the Company s risk management process and system, the nature of the material risks the Company faces, and the adequacy of the Company s policies and procedures designed to respond to and mitigate these risks.

Although the Board s primary risk oversight has been assigned to the Audit Committee, the full Board also periodically receives information about the Company s risk management system and the most significant risks that the Company faces. This is principally accomplished through the Audit Committee s discussions with the full Board and summary versions of the briefings provided by management and advisors to the Committee.

In addition to the formal compliance program, the Board and the Audit Committee encourage management to promote a corporate culture that understands risk management and incorporates it into the overall corporate strategy and day-to-day business operations. The Company s risk management structure also includes an ongoing effort to assess and analyze the most likely areas of future risk for the Company. As a result, the Board and Audit Committee periodically ask the Company s executives to discuss the most likely sources of material future risks and how the Company is addressing any significant potential vulnerability.

Director Nominations

The Nominating Committee is responsible under its charter for identifying and recommending qualified candidates for election to the Board of Directors. In addition, stockholders who wish to recommend a candidate for election to the Board of Directors may submit the recommendation to the chairman of the Nominating Committee, in care of our General Counsel. Any recommendation must include name, contact information, background, experience and other pertinent information on the proposed candidate and must be received in writing by November 15, 2010 for consideration by the Nominating Committee for the 2011 annual meeting of our stockholders.

Although the Nominating Committee is willing to consider candidates recommended by our stockholders, it has not adopted a formal policy with regard to the consideration of any director candidates recommended by our stockholders. The Nominating Committee believes that a formal policy is not necessary or appropriate because of the small size of

the Board of Directors and because the current Board of Directors already has a diversity of business background, shareholder representation and industry experience.

Table of Contents

The Nominating Committee does not have specific minimum qualifications that must be met by a candidate for election to the Board of Directors in order to be considered for nomination by the Nominating Committee. In identifying and evaluating nominees for director, the Nominating Committee considers each candidate's qualities, experience, background and skills, as well as any other factors which the candidate may be able to bring to the Board of Directors that the Board of Directors currently does not possess. The process is the same whether the candidate is recommended by a stockholder, another director, management or otherwise. Although the Nominating Committee does not have a formal diversity policy in place for the director nomination process, an important factor in the Nominating Committee's consideration and assessment of a candidate is the diversity of the candidate's viewpoints, professional experience, education and skill set. The Nominating Committee does not pay a fee to any third party for the identification of candidates, but it has paid a fee in the past to a third party for a background check for a candidate. With respect to this year's nominees for director, Mr. Moore is a current director standing for re-election, and Mr. Malone and Mr. Brooks do not currently serve as a director of the Company.

The Board of Directors has adopted a Code of Business Conduct and Ethics governing all of our employees, including our Chief Executive Officer, Chief Financial Officer, our principal accounting officer and corporate controller. A copy of this Code of Business Conduct and Ethics is published in the Corporate Governance Documents section of the Investor Relations section of our website at www.capitalsenior.com. We intend to make all required disclosures concerning any amendments to, or waivers from, this Code of Business Conduct and Ethics on our website.

Brickman, at our principal executive offices, 14160 Dallas Parkway, Suite 300, Dallas, Texas 75254.

Throughout this proxy statement, the individuals who served as our Chief Executive Officer and our Executive Vice President and Chief Financial Officer during 2009, as well as the other individuals included in the Summary Compensation Table beginning on page 27 of this proxy statement, are referred to as our named executive officers.

The Compensation Committee is responsible for the oversight of our executive compensation program. Accordingly, the Compensation Committee is ultimately responsible for reviewing and approving the base salary increases and bonus levels of our executive officers, including our named executive officers, evaluating the performance of such individuals and reviewing any related matters. Equity and other forms of compensation for our executive officers, including our named executive officers, are also considered by the Compensation Committee.

Our executive compensation program for our named executive officers has historically consisted of annual cash compensation (base salary and a cash performance bonus), as well as periodic grants of long-term incentive equity awards, primarily in the form of both options to purchase shares of our common stock and restricted shares. In addition, we have entered into employment agreements with each of our named executive officers which each provide for, among other things, severance benefits to be paid to such individuals in certain events. Our executive compensation program has historically included a limited amount of personal benefits, including perquisites.

Compensation Objectives

The Compensation Committee has identified two primary objectives for our executive compensation program which govern the Compensation Committee's decisions with respect to the amounts and types of compensation payable to our named executive officers. The objectives of our executive compensation program are to:

- employ, retain and reward executives who are capable of leading us to the achievement of our business objectives, which include maximizing the value of our operations, generating cash flow, preserving a strong financial posture, increasing our geographic concentration and maximizing our competitive strengths in each of our markets, capitalizing on long-term growth opportunities, enhancing stockholder value and ensuring our competitiveness, each of which are measured against conditions prevalent in the senior living industry; and

- and reward our named executive officers with equity compensation in addition to cash compensation in the form of base salary and a cash performance bonus, so as to further reinforce stockholder considerations and values in their actions.

Compensation Process

As discussed in greater detail below, the Compensation Committee typically meets quarterly to consider, among other things, (i) increases to the base salaries of our named executive officers whose employment agreements have anniversary dates arising in the upcoming quarter, and (ii) whether cash performance bonuses are to be paid under our incentive compensation program, pursuant to which our named executive officers, other than Mr. Brickman and Mr. Goodpaster, are entitled to receive cash performance bonuses, and which we refer to as our Incentive Compensation Plan, to any of our named executive officers based upon our achievement, or any named executive officer's achievement, as applicable, of any element of the Incentive Compensation Plan. In addition, the Compensation Committee typically meets in the first quarter of each year to approve the Incentive Compensation Plan for such year.

Table of Contents

In applying the above-described objectives for our executive compensation program, the Compensation Committee primarily relies upon:

- input received from supervisors and an executive committee of our senior management, which has historically consisted of Messrs. Beattie, Cohen and Johannessen, and whom we refer to as our executive committee;
- publicly available information with respect to the executive compensation practices of certain companies in the senior living industry;
- industry surveys; and
- its own judgment.

Input Received from Supervisors and our Executive Committee. As discussed in greater detail below, the Compensation Committee has historically relied in part upon the input and recommendations of both the supervisors of our named executive officers and our executive committee when considering:

- annual increases to base salaries for our named executive officers;
- the annual establishment of our Incentive Compensation Plan; and
- whether to grant long-term incentive awards to our named executive officers and if so, in what forms and amounts.

The Compensation Committee believes that the supervisors of our named executive officers, by virtue of their role in overseeing the day-to-day performance of such individuals, and the members of our executive committee, by virtue of their positions with us and their vast experience in the senior living industry, are appropriately suited to make informed recommendations to the Compensation Committee with respect to the foregoing elements of our executive compensation program.

Peer Group Data. Since our initial public offering in 1997, the Compensation Committee has consistently sought to structure our executive compensation program so that the amounts and forms of compensation which are paid to our named executive officers are commensurate with those paid to executive officers with comparable duties and responsibilities at those companies in the senior living industry which the Compensation Committee, in consultation with our executive committee, periodically determines to be the most directly comparable to us. In order to determine which companies in the senior living industry are the most directly comparable to us, the Compensation Committee and our executive committee conduct an annual review to determine which such companies have:

- a similar business focus to ours; and
- a similar revenue and/or asset base to ours.

We refer to such public companies collectively as our peer group. For 2009, the companies which comprised our peer group were Assisted Living Concepts, Inc., Brookdale Senior Living Inc., Emeritus Corporation, Five Star Quality Care, Inc. and Sunrise Assisted Living, Inc.

The Compensation Committee reviews publicly available information regarding the compensation arrangements offered by the companies in our peer group on an annual basis, and generally targets the total compensation for our named executive officers to be comparable to the total compensation paid to executive officers with comparable duties and responsibilities at the companies in our peer group. Variations to this objective may occur as dictated by the experience level of an individual and market factors. Based upon the results of such review, the Compensation Committee may determine to modify the amounts and/or the forms of compensation, which are available to our named executive officers, in light of the objectives which we have identified for our executive compensation program.

Industry Surveys. The Compensation Committee typically reviews information compiled by third parties including, but not limited to, Hewitt Associates, Watson Wyatt and Mercer Human Resource Consulting, with respect to the executive compensation practices of other companies in order to assist it in determining the percentage range within which the base salary for our named executive officers for the upcoming year may increase from that paid to such individuals in the preceding year. For a more detailed description of the process by which the Compensation Committee determines the increases in base salaries for our named executive officers, please read *Forms of Compensation Base Salary* below.

Table of Contents

Other Factors. Key factors which also affect the Compensation Committees' judgment with respect to our executive compensation program include our financial performance, to the extent that it may be fairly attributed or related to the performance of a particular named executive officer, as well as the contribution of each named executive officer relative to his individual responsibilities and capabilities. While the Compensation Committee does consider our stock price performance, the Compensation Committee has not utilized it as the only measure of our financial performance, or the performance of our named executive officers, given the fact that it may not take into account a variety of factors including, but not limited to, the business conditions within the senior living industry as well as our long-term strategic direction and goals. Also, in applying these objectives, the Compensation Committee endeavors to achieve consistency with respect to the difference between the compensation of our named executive officers and the compensation of our other officers and employees and such differences found in the companies in our peer group.

Forms of Compensation

The following forms of compensation are currently utilized by the Compensation Committee in compensating our named executive officers:

- base salary, which is paid in cash;
- performance bonuses, which are paid in cash;
- long-term incentive awards;
- severance arrangements; and
- limited personal benefits, including perquisites.

Base Salary. The base salary for our named executive officers is established pursuant to the terms of each such individual's employment agreement, and is subject to an annual increase. Such base salaries are paid in cash and are intended to reward our named executive officers for their performance during the fiscal year relative to their authority and responsibilities in their respective positions with us.

In the fourth quarter of each year, the Compensation Committee typically establishes a percentage range within which the base salary for our named executive officers for the upcoming year may increase from the preceding year. In determining this percentage range, the Compensation Committee typically reviews information compiled by third parties including, but not limited to, Hewitt Associates, Watson Wyatt and Mercer Human Resource Consulting, and generally targets the base salary of our named executive officers to be comparable to the base salaries paid to the members of management and executive officers with comparable duties and responsibilities at other companies. For 2009, the Compensation Committee set such percentage range at 2% - 3%.

At each quarterly meeting, the Compensation Committee typically reviews a list of those senior executives, including our named executive officers, whose employment agreements have anniversary dates arising in the upcoming quarter and authorizes the executive committee to approve base salary increases for each such individual in its discretion within such percentage range based in part upon the results of an annual performance and compensation review conducted by the supervisor of each such individual or, in the case of our Chief Executive Officer, by the executive committee. Each annual performance and compensation review takes place at the same quarterly meeting of the Compensation Committee at which it was authorized. In exercising its discretion, the executive committee typically considers each such individual's historical performance in his or her position with us, as reflected by the results of the annual performance and compensation review, as well as our financial performance within each such individual's sphere of influence.

In the event that the executive committee, following such evaluation, determines that the amount of any increase to the base salary of any such individual should be either greater than or less than the increase permitted by the percentage range, then the executive committee informs the Compensation Committee of its recommendation. Then, the Compensation Committee ultimately determines the amount of the increase based upon both the recommendations of the executive committee as well as its review of publicly-available information with respect to the base salaries paid to executives with comparable duties and responsibilities at the companies in our peer group. Any increase to the base salary of any such individual is typically effective as of the beginning of the pay period immediately following the anniversary date of such individual's employment agreement.

The Compensation Committee believes that the supervisors are the most appropriate individuals to conduct the annual performance and compensation reviews by virtue of their role in overseeing the day-to-day performance of our senior

executives, other than our Chief Executive Officer. The Compensation Committee believes that the members of the executive committee are the most appropriate individuals to ultimately determine the amount of the annual base salary increases within the percentage range since each member occupies a position with us which provides the requisite knowledge and experience to properly evaluate the performance of our senior executives, including our named executive officers, in their respective positions with us and in the context of our overall performance. Whenever the executive committee considers an increase to the base salary of an individual member of the executive committee, such individual is not permitted to participate in the deliberations of the executive committee relating to an increase in such individual's base salary.

For a description of the base salaries paid to our named executive officers for 2009, please refer to the Summary Compensation Table beginning on page 27 of this proxy statement.

Cash Performance Bonus. Bonuses are typically awarded to our named executive officers, other than Mr. Brickman and Mr. Goodpaster, annually pursuant to the Incentive Compensation Plan. The purpose of the Incentive Compensation Plan is to assist us in employing and retaining our named executive officers by providing them with a competitive compensation opportunity based upon the achievement of specified performance objectives which the Compensation Committee has identified as bearing a direct relation to the accomplishment of our business plan for the applicable year.

Under the Incentive Compensation Plan, cash performance bonuses are typically targeted at a pre-determined percentage of each eligible named executive officer's base salary for such year. These percentages are typically established by the Compensation Committee based upon its review of publicly-available information with respect to similar programs offered by the companies in our peer group. For 2009, such percentages were established at 100% for our Chief Executive Officer and 75% for our other eligible named executive officers. The Compensation Committee determined that the target cash performance bonus opportunity for our Chief Executive Officer should represent a higher percentage of his base salary than that of the other eligible named executive officers based upon (i) a review of publicly available information regarding similar programs offered by the companies in our peer group, and (ii) its belief that our Chief Executive Officer, by virtue of his position with us, is in a position to exert a more significant influence as compared to the other eligible named executive officers over a number of the factors upon which cash performance bonuses under the Incentive Compensation Plan are contingent.

Typically, of the maximum cash performance bonus amount that an eligible named executive officer may earn pursuant to the Incentive Compensation Plan, pre-determined percentages of such amount are contingent upon:

- our achievement of a target amount of quarterly earnings per share of our common stock;
- our achievement of certain corporate goals for the applicable year; and
- the achievement by the eligible named executive officer of certain individual goals for the corresponding year within such named executive officer's sphere of influence.

During the first quarter of each year, our executive committee typically makes recommendations to the Compensation Committee regarding the percentage allocations to be made among the above-described categories for the year based upon its determinations as to the relative importance which the goals in each such category bear to the goals in the other categories with respect to the achievement of our business plan for the applicable year. In addition, for each category which contains multiple goals, our executive committee also typically makes recommendations to the Compensation Committee regarding the percentage allocations among the goals within each such category based upon its determinations as to the relative importance which the goals in each such category bear to the other goal(s) in such category with respect to the achievement of our business plan for the applicable year. The Compensation Committee typically relies upon such recommendations from our executive committee due to the fact that the members of our executive committee are primarily responsible for the establishment of our business plan each year.

By approving the Incentive Compensation Plan in the first quarter of each year, the Compensation Committee and our executive committee may examine the performance of each of our eligible named executive officers during the previous year, establish performance goals for our eligible named executive officers relative to such performance, as well as determine the financial performance targets for the new fiscal year based in part upon the previous year's performance.

The Compensation Committee typically meets quarterly to determine, among other things, whether cash performance bonuses are to be paid under the Incentive Compensation Plan to any of our named executive officers based upon our achievement, or any named executive officer's achievement, as applicable, of any element of the Incentive Compensation Plan during the previous quarter. The payment of cash performance bonuses, if any, to the named executive officers is normally made, subject to payroll taxes and tax withholdings, in the pay period immediately following the date of such determination by the Compensation Committee.

Table of Contents

The Incentive Compensation Plan represents the Compensation Committee's determination that, although a substantial portion of the cash performance bonus opportunity for our named executive officers should be dependent on measures which are traditionally reflective of our overall financial performance, the Incentive Compensation Plan should also reward the individual contributions of each eligible named executive officer to the achievement of elements of our business plan which are within such individual's sphere of influence. When the Incentive Compensation Plan was implemented in 1999, the Compensation Committee selected the categories of goals listed above, each of which is discussed in greater detail below, based on publicly-available information with respect to similar programs utilized by the companies in our peer group, as well as upon its belief that each such category contains measures which typically bear a direct relation to the achievement of our business plan each year. When the Compensation Committee meets in the first quarter of each year to approve the Incentive Compensation Plan for that year, it typically reviews publicly-available information with respect to similar programs utilized by the companies in our peer group to determine whether adjustments should be made to the structure of the Incentive Compensation Plan, in light of the objectives which the Compensation Committee has established for our executive compensation program.

Earnings Per Share. Of the maximum cash performance bonus amount that an individual named executive officer may earn pursuant to the Incentive Compensation Plan, a pre-determined percentage of that amount is typically contingent on our achievement of a target amount of earnings per share of our common stock for each quarter of the applicable year. At the beginning of each year, our senior management and the Board of Directors collaborate to establish earnings per share estimates for our common stock for each quarter of such year. In setting the target amounts of earnings per share of our common stock, our senior management and the Board of Directors typically review our budgets and financial projections for each quarter. Under the Incentive Compensation Plan, the Compensation Committee has the ability to review quarterly target amounts during the year and make adjustments to them in its discretion as it determines to be appropriate to respond to changes which affect general market conditions, or our business in particular, such as changes in interest rates, the acquisition or disposition of assets by us, changes in our business philosophy and overall trends in the economy.

Under the Incentive Compensation Plan for 2009, our eligible named executive officers were entitled to receive a cash performance bonus equal to 33% (44% for our Chief Executive Officer) of their base salary paid during the applicable quarter if the actual earnings per share for our common stock was equal to or greater than the internal target, which we established for purposes of the Incentive Compensation Plan for 2009. The internal target earnings per share for our common stock, excluding non-cash, stock-based compensation, which we established for the Incentive Compensation Plan for 2009, were \$0.02 for the first quarter, \$0.02 for the second quarter, \$0.02 for the third quarter, and \$0.03 for the fourth quarter.

Corporate Goals. Of the maximum cash performance bonus amount that an eligible named executive officer may earn pursuant to the Incentive Compensation Plan, a pre-determined percentage of that amount is typically contingent on our achievement of certain objectively verifiable measures for our performance for the applicable year. These corporate goals are typically approved by the Compensation Committee in the first quarter of each fiscal year based upon the recommendations of our executive committee regarding certain initiatives and the corresponding measures therefor which our executive committee believes are directly related to the achievement of our business plan for that year. Typically, two or three distinct corporate goals are established and of the percentage of the maximum cash performance bonus amount that is contingent on the achievement of such corporate goals, varying percentages of such amount are allocated by the Compensation Committee to each corporate goal.

Under the Incentive Compensation Plan for 2009, our eligible named executive officers were entitled to receive a cash performance bonus equal to a maximum of 27% (36% for our Chief Executive Officer) of their base salary for the year based upon our achievement of two distinct corporate goals. First, of the maximum cash bonus percentage attributable to the achievement of corporate goals, 16% (22% for our Chief Executive Officer) was based on the Company's achievement of Cash From Facility Operations, of CFFO, per share targets during 2009. Management viewed the performance targets to be challenging (particularly given the existing market and economic conditions). For purposes of the Incentive Compensation Plan for 2009, CFFO was defined as net cash provided by (used in) operating activities adjusted for changes in operating assets and liabilities and recurring capital expenditures. Recurring capital expenditures included expenditures capitalized in accordance with GAAP that were funded from

reserves pursuant to the Company's mortgage loans and leases.

The targeted level of performance under the CFFO portion of the Incentive Compensation Plan for 2009 was CFFO per share of \$0.55, which was based on the Company's internal business plan. Achievement of the minimum threshold level of CFFO performance under the Incentive Compensation Plan for 2009 would result in our eligible named executive officers receiving a bonus equal to 16% (22% for our Chief Executive Officer) of their base salary paid for the year. To the extent the CFFO per share target was exceeded, an additional award would be prorated between 100% and 110% of the target based on the actual CFFO per share for 2009.

Table of Contents

The actual percentage of the CFFO incentive opportunity set forth above that each eligible named executive officer would receive was determined as follows:

CFFO per Share	Percentage of CFFO Target Bonus Opportunity Award
\$0.55	100%
\$0.61	110%

Incentive opportunity was to be prorated between \$0.55 and \$0.61 as set forth above.

Second, of the maximum cash bonus percentage attributable to the achievement of corporate goals, 11% (14% for our Chief Executive Officer) was based on the Company's achievement of Adjusted EBITDAR targets during 2009. Management viewed the performance targets to be challenging (particularly given the existing market and economic conditions). For purposes of the Incentive Compensation Plan for 2009, Adjusted EBITDAR was defined as income from operations before provision for income taxes, interest, depreciation and amortization (including non-cash charges), facility lease expense, non-cash compensation expense, and provision for bad debt.

The targeted level of performance under the Adjusted EBITDAR portion of the Incentive Compensation Plan for 2009 was \$57,049,000, which was based on the Company's internal business plan. Achievement of 90% of the Adjusted EBITDAR performance under the Incentive Compensation Plan for 2009 would result in 90% of the portion of the award subject to the Adjusted EBITDAR target being earned by our eligible named executive officers. Achievement of the minimum threshold level of Adjusted EBITDAR performance under the Incentive Compensation Plan for 2009 would result in between 90% and 100% of the portion of the award subject to the Adjusted EBITDAR target being earned, subject to proration based on the actual Adjusted EBITDAR results reported for 2009. To the extent the Adjusted EBITDAR target was exceeded, an additional award would be prorated between 100% and 110% of the target based on the actual Adjusted EBITDAR results 2009.

The actual percentage of the Adjusted EBITDAR incentive opportunity set forth above that each eligible named executive officer would receive was determined as follows:

Adjusted EBITDAR Target	Percentage of Adjusted EBITDAR Target Bonus Opportunity Award
\$51,344,100	90%
\$57,049,000	100%
\$62,753,900	110%

Incentive opportunity was to be prorated between the levels as set forth above.

Individual Goals. Of the maximum cash performance bonus amount that an eligible named executive officer may earn pursuant to the Incentive Compensation Plan, a pre-determined percentage of that amount is typically contingent on the achievement by the eligible named executive officer of certain objectively verifiable individual goals for the corresponding year within such named executive officer's sphere of influence. These individual goals are typically approved by the Compensation Committee in the first quarter of each fiscal year based upon the recommendations of our executive committee regarding certain initiatives and the corresponding measures therefor which our executive committee believes are directly related to the achievement of our business plan for that year. Typically, two or three distinct individual goals are established for each eligible named executive officer and of the percentage of the maximum cash performance bonus amount that is contingent on the achievement of such individual goals, varying percentages of such amount are allocated by the Compensation Committee based upon the recommendations of our executive committee to each individual goal.

Under the Incentive Compensation Plan for 2009, our eligible named executive officers were entitled to receive a cash performance bonus equal to a maximum of 15% (20% for our Chief Executive Officer) of their base salary for the year based upon the achievement of such individual goals.

Table of Contents**Lawrence A. Cohen**

With respect to our Chief Executive Officer, first, of the maximum cash bonus percentage attributable to the achievement of individual goals, 13% was based on the Company's achievement of CFFO per share targets during 2009, upon the same terms and conditions as described above regarding the corporate goals portion of the Incentive Compensation Plan for 2009. Accordingly, achievement of the minimum threshold level of CFFO performance under the Incentive Compensation Plan for 2009, or CFFO per share of \$0.55, would result in our Chief Executive Officer receiving a bonus equal to 13% of his base salary paid for the year. To the extent the CFFO per share target was exceeded, an additional award would be prorated between 100% and 110% of the target based on the actual CFFO per share for 2009.

Second, of the maximum cash bonus percentage attributable to the achievement of individual goals, 7% was based on the Company's ability to form and obtain commitments for at least \$30 million of equity in an investment fund that would purchase senior living communities that would be managed by the Company. Obtaining equity commitments of at least \$30 million would result in 25% of the portion of the award subject to the equity commitment goal being earned by our Chief Executive Officer. Upon the first closing of funding by an investor in the opportunity fund, the remaining 75% of the portion of the award subject to the equity commitment goal being earned by our Chief Executive Officer.

Keith N. Johannessen

With respect to our President and Chief Operating Officer, of the maximum cash bonus percentage attributable to the achievement of individual goals, 7.5% was based on facility net operating income, or Facility NOI. Facility NOI was defined as facility resident revenue less facility operating expenses, not including management fees, taxes and insurance, in the Company's 2009 business plan. The targeted level of performance under the Facility NOI portion of award for 2009 was \$76,506,000, which was based on the Company's internal business plan. Achievement of the minimum threshold level of Facility NOI performance under the Incentive Compensation Plan for 2009 would result in our President and Chief Operating Officer receiving a bonus equal to 7.5% of his base salary paid for the year. To the extent the Facility NOI target was exceeded, an additional award would be prorated between 100% and 110% of the target based on the actual Facility NOI for 2009.

Second, of the maximum cash bonus percentage attributable to the achievement of individual goals, 7.5% was based on resident satisfaction. Resident satisfaction is surveyed each year in our communities. The receipt of a 93% or higher favorable rating on all properties would result in 100% of the portion of the award subject to resident satisfaction being earned by our President and Chief Operating Officer.

Ralph A. Beattie

With respect to our Chief Financial Officer, of the maximum cash bonus percentage attributable to the achievement of individual goals, 5% was based on the budget for controllable general and administrative expense categories accounting, finance, payroll/benefits, information systems, investor relations and administration, or Controllable G&A Categories. The targeted budget under the Controllable G&A Categories portion of the award for 2009 was \$7,395,000, which was based on the Company's internal business plan. Achievement of a Controllable G&A Categories budget under the Incentive Compensation Plan for 2009, as reported in the Company's Annual Report on Form 10-K, would result in our Chief Financial Officer receiving a bonus equal to 5% of his base salary for the year. To the extent the actual expenses for Controllable G&A were less than the targeted budget, an additional award would be prorated between 100% and 110% of the targeted budget based on the actual expenses for Controllable G&A for 2009.

Second, of the maximum cash bonus percentage attributable to the achievement of individual goals, 2.5% was based on corporate insurance. Limiting aggregate growth in policy premiums to no more than a 5% increase over the previous policy period on comparable policies for all insurance except workers compensation, health and dental insurance would result in 50% of the portion of the award subject to corporate insurance being earned by our Chief Financial Officer. Reducing aggregate policy premiums by 10% over the previous policy period on the same policies would result in the remaining 50% of the portion of the award subject to corporate insurance being earned by our Chief Financial Officer.

Third, of the maximum cash bonus percentage attributable to the achievement of individual goals, 2.5% was based on property tax reductions on our owned and leased communities. Property Tax Reductions was defined as a reduction in property tax based on the taxing authority's tax rate applied to the difference between the appraised value by the taxing authorities and the value of property reached by agreement or appeal or by litigation. If the appeal process or litigation extended beyond March 31, 2010, the property consultant's written opinion of the tax reduction would be used. A Property Tax Reduction of \$200,000 for 2009 would result in 100% of the portion of the award subject to property tax reductions being earned by our Chief Financial Officer.

Table of Contents

Fourth, of the maximum cash bonus percentage attributable to the achievement of individual goals, 2.5% was based on the Company's ability to form and obtain commitments for at least \$30 million of equity in an investment fund that would purchase senior living communities that would be managed by the Company. Obtaining equity commitments of at least \$30 million would result in 25% of the portion of the award subject to the equity commitment goal being earned by our Chief Financial Officer. Upon the first closing of funding by an investor in the opportunity fund the remaining 75% of the portion of the award subject to the equity commitment goal being earned by our Chief Financial Officer.

Fifth, of the maximum cash bonus percentage attributable to the achievement of individual goals, 2.5% was based on securing mortgage financing for acquisitions of senior housing communities. Upon the closing of an acquisition of at least one senior housing community in 2009 with mortgage financing secured by our Chief Financial Officer, 100% of the portion of the award subject to acquisition financing would be earned by our Chief Financial Officer.

Mr. Brickman and Mr. Goodpaster do not participate in the Incentive Compensation Plan, but the Compensation Committee has retained the ability to award annual cash performance bonuses to such named executive officers in its discretion pursuant to the terms of their employment agreements. The determination as to whether Mr. Brickman and Mr. Goodpaster will receive a cash performance bonus with respect to a particular year is typically made by the Compensation Committee in the first quarter of the following year. In determining whether Mr. Brickman and Mr. Goodpaster is entitled to receive a cash performance bonus, and if so, in what amount, the Compensation Committee typically reviews our financial performance for the relevant fiscal year, the past performance of each, total cash compensation necessary to retain top executive talent, and the budget for their respective internal departments. The Compensation Committee does not believe that the Incentive Compensation Plan is an appropriate method by which to determine the cash performance bonus which Mr. Brickman and Mr. Goodpaster are entitled to receive each year, since the Incentive Compensation Plan has historically been heavily dependent upon measures which are related to the achievement of our business plan. The Compensation Committee does not believe that, in their capacities as our Vice President - General Counsel and Vice President - National Marketing, respectively, Mr. Brickman and Mr. Goodpaster are in positions to influence the achievement of our business plan each year in the same manner as our other named executive officers.

For a description of the cash performance bonuses paid to our named executive officers for 2009, please refer to the Summary Compensation Table beginning on page 27 of this proxy statement.

Long-Term Incentives. On May 8, 2007, the date of the 2007 Annual Stockholders Meeting, the stockholders approved the 2007 Stock Incentive Plan, which we refer to as the 2007 Stock Incentive Plan. Upon approval of the 2007 Stock Incentive Plan, the 1997 Stock Incentive Plan terminated and no additional awards will be granted under that plan. Awards granted thereunder may be made at such times and upon such vesting and other conditions as determined by the Compensation Committee, and may be made in the form of stock options, restricted share awards, stock appreciation rights, or SARs, cash awards and performance-based equity and cash awards. Pursuant to the terms of the 2007 Stock Incentive Plan, the Chief Executive Officer and each of the four highest paid employees as of December 31, 2009 are not eligible to receive awards under the 2007 Stock Option Plan in any fiscal year exceeding 100,000 shares.

The Compensation Committee has historically granted long-term incentive awards to our named executive officers on a case-by-case basis in connection with certain events which it determined have positively impacted our performance and/or increased stockholder value, and which it determined were substantially attributable to the performance of an individual named executive officer in his or her position with us. The Compensation Committee has also historically granted long-term incentive awards to our named executive officers in connection with events which have increased the number of outstanding shares of our common stock, so that our named executive officers maintained a relatively proportionate ownership interest in our equity after giving effect to such event as existed before such event. During 2009, we granted 97,500, 97,500, 37,500, 22,500 and 9,000 shares of restricted stock to Messrs. Cohen, Johannessen, Beattie, Brickman and Goodpaster, respectively, on January 5, 2010 under the 2007 Stock Incentive Plan. The shares of restricted stock vest in three installments of 33%, 33% and 34% on January 5, 2010, January 5, 2011 and January 5, 2012, respectively.

Table of Contents

In determining the amount and types of long-term incentive awards to be granted to our named executive officers, the Compensation Committee primarily relies upon:

- objective data with respect to the size and/or the financial impact of the transaction(s), if any, giving rise to such long-term incentive award;
- its own judgment with respect to the contributions of our named executive officers to such transaction(s) giving rise to the long-term incentive award, if any, which may involve input from members of our executive committee;
- publicly-available information with respect to long-term incentive awards paid to named executive officers at companies in our peer group;
- the amount of equity held by each named executive officer; and
- the amount of cash compensation, in the form of base salary and cash performance bonus, that each named executive officer is eligible to earn for the relevant fiscal year.

For a description of the long-term incentives awarded to our named executive officers for 2009, please refer to the Grants of Plan-Based Awards Table beginning on page 30 of this proxy statement.

Severance Arrangements. We have entered into employment agreements with each of our named executive officers which, among other things, provide for severance benefits to be paid upon the happening of certain events. Our employment agreements with Messrs. Brickman, Cohen, Johannessen and Goodpaster were each entered into in connection with our initial public offering in 1997. Leading up to our initial public offering, our Board of Directors, based upon input received from our legal counsel and legal counsel for our underwriters, determined that it was in our best interests to implement a company-wide severance plan structure, whereby severance benefits would be paid in certain events to members of our executive and senior management, including such named executive officers. Accordingly, our Board of Directors relied in large part upon both input received from such legal counsel as well as publicly-available information with respect to the severance practices of similarly-situated companies in order to determine which measures to use to calculate the amounts payable upon the happening of certain events as well as the selection of the types of events which would trigger a payment obligation under our severance plan structure.

Upon the commencement of his employment with us in 1999, we entered into an employment agreement with Mr. Beattie. In the course of negotiating Mr. Beattie's employment agreement, we relied upon publicly-available information with respect to the severance practices of the companies in our peer group in order to determine which measures to use to calculate the amounts payable upon the happening of certain events as well as the selection of the types of events which would trigger a payment obligation in the event that Mr. Beattie's employment with us is severed. In addition, the Compensation Committee also sought to achieve a degree of consistency with respect to the severance benefits available to our other named executive officers.

The Compensation Committee believes that such severance benefits advance the objectives which the Compensation Committee has identified for our executive compensation program by facilitating our ability to employ, retain and reward executives who are capable of leading us to the achievement of our business objectives.

In addition, the Compensation Committee believes that the formalization of our severance practices benefits us by providing certainty in terms of our obligations to our named executive officers in the event that our relationship with such individuals is severed.

Any time that the Compensation Committee considers the amount and mix of total compensation to be paid to our named executive officers it considers, among other things, the severance payments to which each named executive officer would be entitled to receive on the occurrence of the specified events. The Compensation Committee considers such information a relevant factor in analyzing proposed compensation arrangements, including raises in salary, bonus opportunities and grants of long-term incentive awards.

For a more detailed description of the severance arrangements which apply to our named executive officers, you should read the narrative discussion beginning on page 33 of this proxy statement.

Perquisites and Other Personal Benefits. Our named executive officers are eligible to participate in certain benefit plans generally available to all of our employees. The benefits available are the same for all of our employees, including our named executive officers, and include medical and dental coverage, long-term disability insurance and supplemental life insurance.

In addition, all of our employees, including our named executive officers, are eligible to participate in our 401(k) plan, which represents the only retirement benefit which we provide to our named executive officers. We may make discretionary matching cash contributions to the 401(k) plan in the amount of 100% of the named executive officer's contributions, up to an amount not to exceed 2% of the named executive officer's base salary. In establishing the amount of cash contributions made by our named executive officers to the 401(k) plan which we will match, we rely on publicly-available information with respect to the practices employed by the companies in our peer group.

Table of Contents

Historically, our executive compensation program has contained limited perquisites. During 2009, Mr. Cohen received an automobile allowance of approximately \$500 per month.

The Compensation Committee has determined to offer the above-described perquisites and other personal benefits in order to attract and retain our named executive officers by offering compensation opportunities that are competitive with those offered by similarly-situated companies in the senior living industry. In determining the total compensation payable to our named executive officers for a given fiscal year, the Compensation Committee will examine such perquisites and other personal benefits in the context of the total compensation which our named executive officers are eligible to receive. However, given the fact that such perquisites and other personal benefits which are available to our named executive officers represent a relatively insignificant portion of their total compensation, the availability of such items does not materially influence the decisions made by the Compensation Committee with respect to other elements of the total compensation to which our named executive officers are entitled or awarded. For a description of the perquisites and other personal benefits received by our named executive officers during 2009, please refer to the Summary Compensation Table on beginning on page 27 of this proxy statement.

The foregoing discussion describes the compensation objectives and policies which were utilized with respect to our named executive officers during 2009. In the future, as the Compensation Committee continues to review each element of the executive compensation program with respect to our named executive officers, the objectives of our executive compensation program, as well as the methods which the Compensation Committee utilizes to determine both the types and amounts of compensation to award to our named executive officers, may change.
