Item 11. *Executive Compensation*

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (CD&A) should be read in conjunction with the Summary Compensation Table and related discussion provided below. The term Named Executive Officers (NEOs) refers to the executive officers listed in the Summary Compensation Table. Our CD&A addresses the following items:

- overview of executive compensation;
- how we determine executive compensation;
- our philosophy regarding executive compensation;
- objectives of executive compensation elements;
- executive compensation decisions for fiscal year 2009;
- severance and change in control considerations; and
- tax and accounting considerations.

Overview of Executive Compensation

The Compensation Committee of our Board of Directors (the Committee) is responsible for establishing, implementing and monitoring the administration of our executive compensation programs in accordance with the Company's compensation philosophy and strategy, and for approving executive compensation (other than for the CEO, for whom the Committee makes recommendations to the full Board). The Committee also works in conjunction with the independent directors to determine equity plan awards. The Committee seeks to reward the Company's executive officers in a fair, reasonable and competitive manner. The compensation program consists of base salary, annual short-term incentives (both performance-based and discretionary), and long-term equity-based incentive compensation.

During fiscal year 2009, the members of the Committee were Bernard W. Reznicek (Chair from January 1, 2008 until June 1, 2009 and member from January 1, 2008 until present), Robin S. Chandra (from January 25, 2008 until February 6, 2009), Clifton T. Weatherford (from September 12, 2008 until January 30, 2009), Roger Siboni (from January 30, 2009 to present), Thomas L. Thomas (Chair from June 1, 2009 to present and member from April 27, 2009 to present), George Krauss (from April 27, 2009 to present) and Lee D. Roberts (from December 1, 2009 to present).

How We Determine Executive Compensation

The Role of the Committee. Executive compensation is determined by the Committee, which meets at least quarterly to consider issues relating to executive compensation. It draws on internal and external resources to provide necessary information and recommendations, as appropriate. In 2009, the Committee met seven times.

Table of Contents

Each year, the Committee (1) reviews its Charter to ensure that it remains consistent with stockholder interests and good corporate governance principles and (2) performs an evaluation of its performance. In 2009, the Committee engaged in activities related to executive compensation to ensure it carried out its responsibilities as outlined in the Charter, including the following:

reviewed compensation of the NEOs and made a recommendation to the Board with regard to the Chief Executive Officer (CEO);

reviewed corporate goals and objectives relevant to the compensation of the NEOs;

reviewed and approved the CD&A as required by the SEC and certified the CD&A and its contents through the issuance of the Compensation Committee Report; and

retained legal, accounting and other relevant advisors as it deemed necessary to carry out its fiduciary responsibilities at the Company s expense.

In addition, each member of the Committee is a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act), an outside director within the meaning of Section 162(m) of the Internal Revenue Code, and an independent director under the applicable rules of the NASDAQ Global Select Market.

For the benefit of our stockholders, the Compensation Committee Charter is posted on the Company s website at www.infogroup.com under the caption Corporate Governance.

The Committee, in carrying out the responsibilities as outlined in its Charter, is wholly responsible for determining the compensation paid to the executive officers, other than the CEO, and recommending the compensation of the CEO to the Board. The Board determines the compensation of the CEO. The CEO is not present during Board or Committee deliberations or voting on the compensation of the CEO.

The Role of Executive Officers. In early 2009, Bill L. Fairfield, our CEO, made recommendations for financial and strategic business goals and objectives for the 2009 Cash Incentive Plan. Although the Committee considered these recommendations, it retained full discretion to set all compensation for the NEOs. The Committee has the discretion to invite the CEO to be present during the Committee s deliberations on the compensation of the NEOs.

The Role of the Compensation Consultant.

Under the Committee s Charter, the Committee has the authority to retain consultants to aid in its duties from time to time. Pursuant to this authority, in 2007, the Committee retained Pearl Meyer & Partners (PM&P), an outside executive compensation consulting firm. PM&P assisted the Committee with the collection and interpretation of competitive market data and prevalence information with regard to executive compensation levels and executive compensation plan design. PM&P was engaged by, and reported directly to, the Committee. PM&P reviewed our executive compensation programs in late 2008 and worked with the Committee, in conjunction with management, to design the Company s compensation programs to support our business strategy.

In December 2009, the Compensation Committee conducted a review of the outside advisor, and after a detailed request for proposal process, the Committee retained Radford, an AON Consulting Company as a successor to PM&P as the Committee s outside executive consulting firm. Radford reports directly to the Committee and is accountable to the Committee for services.

Employment Agreements. The Committee has previously negotiated and approved employment agreements with executive officers of the Company, which include compensation terms commensurate with those of similarly-situated companies.

Compensation Benchmarking. It is crucial to our long-term performance that we are able to attract and retain a strong leadership team. To facilitate retention of executive officers, it is critical that we are able to offer compensation opportunities competitive with those available to them in equivalent positions in our industry or at other publicly-traded or similarly-situated companies. The Committee considers publicly-available information concerning executive compensation levels paid by other companies in our industry and in relevant labor markets as one factor in determining appropriate compensation levels.

Table of Contents

In February, October and December 2008, PM&P provided the Committee with counsel on compensation plan design and compensation levels for the CEO and the other senior executives. PM&P assisted the Committee by providing market compensation data on base pay, as well as annual and long-term incentives, as further discussed below.

Peer Group. The Company primarily competes for talent in the information collection and distribution industry and benchmarks executive compensation levels against other publicly-traded companies in this industry. The Committee referred to the following peer group, developed by PM&P, of publicly-traded companies in the information collection and distribution industry for benchmarking executive compensation.

Axiom Corporation	Fair Isaac Corporation	MSC Industrial Direct
Dun & Bradstreet Corporation	Gartner Incorporated	Salesforce.com
Equifax Incorporated	Harte-Hanks Incorporated	Valassis Communications, Incorporated
FactSet Research Systems, Inc.	Lamar Advertising Company	

This peer group was developed to reflect the size and growth profile of the Company. Data is generally size-adjusted as appropriate to account for the size of the companies in the peer group relative to the Company.

Other Market Comparisons. PM&P has at times provided the Committee with competitive data from compensation surveys conducted by other compensation consulting firms. These surveys collect compensation information from hundreds of companies for different positions in a variety of industries. These compensation surveys were queried to analyze the types and levels of compensation paid to executive officers (with responsibilities similar to those of our executive officers) of companies comparable in size and growth profile to the Company.

In addition, PM&P periodically provided the Committee and management with market data on a variety of compensation-related topics.

The Committee considers the competitive data from the peer group and from the compensation surveys but does not rely on it exclusively in making decisions with regard to executive compensation levels. Because the Company does not rely on compensation surveys exclusively, the specific compensation survey participants were not material to our decisions regarding executive compensation. Finally, the Committee was not aware of any individuals or participants in these surveys.

Our Philosophy Regarding Executive Compensation

We believe that it is in the best interest of the Company and its stockholders to employ talented, committed, high-performing leaders who can sustain and improve the Company's performance. We believe that executive compensation must serve to:

- align the interests of executives and stockholders;
- attract and retain top executives;
- reward executives for meeting and exceeding financial and strategic business goals;
- motivate executives to perform at their highest potential;
- reinforce a sense of teamwork through common objectives and shared rewards for performance;

provide a competitive pay opportunity; and

maintain internally fair and equitable compensation levels and practices.

The Committee does not necessarily target a specific position within the external market (i.e., the 50th percentile) but rather evaluates total compensation within the context of a number of factors described in greater detail below.

Table of Contents

Objectives of Executive Compensation Elements

Each NEO's annual total compensation is composed of a mix of fixed and variable compensation elements, consisting of:

- base salary;
- annual cash incentive plan;
- long-term equity incentives; and
- other benefits.

We expect that this mix can and should change from time to time as our business needs and objectives evolve, and as external business and market circumstances change. The Committee reviews the combined value of all of the elements of compensation awarded in previous years, both targeted and actual, when considering proposed compensation for the current year. The Committee believes the mix established annually is reasonable in light of past performance and does not promote improvident risk taking. Annual cash incentive plans provide for sliding scale incentives, rather than an all or nothing approach. Long-term incentives, consisting of restricted stock units, have a vesting period to align decisions and results over time, to be more aligned with our shareholders and their long-term expectations for sustainable performance.

We believe that it is appropriate to take a holistic view of each executive officer's total compensation opportunity and review it annually on a prospective basis. The Company believes the value of an executive's performance cannot be measured solely by reference to objective performance indicators or based on a simple formulaic approach; compensation should be awarded based on consideration of both objective and subjective factors. Therefore, we retain discretion to adjust different compensation elements based on particular facts and circumstances and consider other subjective factors.

Base Salary. The objectives of the Company's base salary element are to allow the Company to attract and retain qualified executives and to recognize and reward individual performance. The following items are considered when determining actual base salaries and making adjustments to base salaries:

- our past performance and expectations of future performance;
- individual scope of responsibility, performance and experience;
- competitive compensation data from the peer group and other market comparisons;
- historical salary levels; and
- the recommendations of the CEO (only with respect to other NEOs).

Cash Incentive Plan. The objectives of our Cash Incentive Plan, which consists of annual performance-based cash incentives and discretionary bonuses, are to:

- reward executives for meeting financial and strategic business goals and objectives;
- motivate executives to perform at their highest potential;

reinforce a sense of teamwork through common objectives and shared rewards for performance; and
align the interests of executives and stockholders.

For performance-based cash incentives, target award opportunities are established at the beginning of each year. Actual awards of performance-based cash incentives are predicated on:

the Company's and individual's performance against goals and objectives established at the beginning of the year, which rewards executives for meeting financial and strategic business goals and objectives; and

the Committee's assessment of individual performance, which motivates executives to perform at their highest potential.

Table of Contents

Each year the Committee selects performance measures and goals for the performance-based cash incentive portion of the Cash Incentive Plan. The Company believes the performance measures and goals support stockholder value creation and align the interests of executives and stockholders.

For business unit heads, performance goals are often based on business unit-specific performance goals to reward executives when their business unit meets financial and strategic business goals and objectives.

The Committee has also used discretionary bonus awards in the past. The Committee considers a number of factors in determining who will receive a discretionary bonus award and the size of the award. Historically, discretionary cash bonuses have been made to recognize extraordinary efforts in the context of:

- actual performance not warranting a formulaic incentive award because of changing business conditions; or
- the completion of special projects (such as a business acquisition) or strategic initiatives.

The Committee believes it is important that it retain the authority to consider the strategic importance of items with respect to the payment of discretionary bonuses, as these items are not necessarily part of any business or strategic plan developed at the beginning of the year.

Long-term Equity Incentives. While the Committee focused on cash compensation for our executive officers in recent years and through most of 2008, the Committee, in conjunction with the disinterested independent directors on the Board, implemented long-term equity incentives for executives near the end of 2008. The equity-based component is intended to provide significant incentives directly linked to the long-term performance of the Company. All equity grants are approved by a majority vote of the disinterested independent directors of the Board.

Benefits and Perquisites. We offer a variety of health, welfare and qualified retirement programs to all employees, including our NEOs. The health, welfare and retirement programs available to our NEOs are the same as those offered to all employees. The Company believes that offering a competitive benefits program is necessary to attract high-caliber executive talent. The Company does not offer any supplemental benefit programs, such as a supplemental executive retirement plan (SERP), to any NEO.

Executive Compensation Decisions for Fiscal Year 2009

For the fiscal year ended December 31, 2009, the principal components of compensation for the NEOs were: base salary and annual incentive plan consisting of performance-based cash incentive awards.

Base Salary. Salary increases are typically based on the Company's overall performance and the executive's attainment of individual objectives during the preceding year in the context of competitive market data. The Committee does not assign relative weights or rankings to the different factors previously discussed to determine base salary, but instead makes a determination based upon the consideration of all factors.

Minimum base salaries for Messrs. Fairfield, Oberdorf and McCusker are set by their respective employment agreements entered into in December 2008. During 2009, the Committee made no changes to the base salaries of the NEOs. The salaries at fiscal year-end December 31, 2009 for the NEOs are as follows:

**Fiscal Year-End
December 31, 2009**

NEO		Base Salary
Bill L. Fairfield	CEO	\$ 750,000
Thomas Oberdorf	CFO	\$ 425,000
Edward C. Mallin	President, Services Group	\$ 804,700
Gerard Miodus	President, Opinion Research	\$ 450,000
Thomas J. McCusker	Executive Vice President for Business Conduct and General Counsel	\$ 400,000

Mr. Fairfield was appointed CEO on August 20, 2008, and the Committee deferred a decision concerning his base salary at that time. In October 2008, the Committee recommended, and the Board approved, a base salary of \$750,000 per year for Mr. Fairfield. In December 2008, the Committee also negotiated and approved an employment agreement incorporating the guidelines for Mr. Fairfield's compensation established by the Board

Table of Contents

in October 2008. Mr. Fairfield's agreement provides for (1) a base salary of \$750,000 per year, (2) the opportunity for annual cash incentives based upon achievement of individual and objective Company performance criteria, (3) other long-term incentives which may be awarded from time to time, and (4) a right to receive severance payments under certain conditions. This agreement was ratified by the Board in January 2009. As part of the agreement, Mr. Fairfield agreed to post-employment non-competition and non-solicitation obligations. In December 2009, Mr. Fairfield's agreement was amended to provide that it automatically renewed on a quarterly basis (instead of annually) unless either party provides written notice.

The Committee negotiated and approved an employment agreement with Mr. Oberdorf in connection with his appointment as CFO on December 5, 2008, providing for (1) a base salary of \$425,000 per year, (2) a one-time sign-on bonus of \$100,000, (3) the opportunity for annual cash incentives based upon achievement of individual and objective Company performance criteria, (4) other long-term incentives which may be awarded from time to time, (5) Company paid relocation expenses, and (6) a right to receive severance payments under certain conditions. As part of the agreement, Mr. Oberdorf agreed to post-employment non-competition and non-solicitation obligations.

The Committee negotiated and approved an employment agreement with Thomas McCusker in connection with his appointment as Executive Vice President for Business Conduct and General Counsel on December 23, 2008, providing for (1) a base salary of \$400,000 per year, (2) a one-time sign-on bonus of \$100,000, (3) the opportunity for annual cash incentives based upon achievement of individual and objective Company performance criteria, (4) other long-term incentives which may be awarded from time to time, and (5) a right to receive severance payments under certain conditions. As part of the agreement, Mr. McCusker agreed to post-employment non-competition and non-solicitation obligations.

Cash Incentive Plan.

The 2009 Annual Cash Incentive Plan was designed to motivate and reward the NEOs for achievement of targeted performance and to motivate executives to perform at their highest potential. The Committee selected the participants and received input from management on the performance goals for the 2009 Cash Incentive Plan. As a general rule, we believe that performance goals should be set at levels that reflect excellent performance. Achieving performance goals requires significant effort on the part of the NEOs and the Company. At the same time, performance goals should be realistically achievable to provide the appropriate degree of motivation. To achieve this objective, in making the annual determination of the minimum, target and maximum performance goals, the Committee considers:

the specific circumstances facing us in the current year;

financial objectives of our strategic plan; and

stockholder expectations regarding our performance.

Qualitative performance goals were set for Messrs. Fairfield and McCusker. A combination of qualitative and operating income performance goals were set for Messrs. Oberdorf, Mallin, and Miodus. Mr. Fairfield's total potential cash bonus for achievement of his performance goals was 100% of his base salary paid during the 17 month period beginning with his employment as CEO in August 2008 through 2009. The total potential cash bonus for each of the other NEOs for achievement of their performance goals for 2009 was 100% of their 2009 base salaries. The percentage of the potential total award allocated between the qualitative and operating income performance goals for each executive is set forth below:

Percentage Allocated to Potential Total Award

NEO	Qualitative Performance Goals	Operating Income Performance Goals
Mr. Fairfield	100%	
Mr. Oberdorf	25%	55%
Mr. Mallin	30%	70%
Mr. Miodus	20%	80%
Mr. McCusker	100%	

A performance goal for reduction in corporate debt was also set for Mr. Oberdorf, representing 20% of his potential total award.

Table of Contents

The NEOs received the following payouts under the 2009 Cash Incentive Plan:

NEO	Award Payout	Percentage of Potential Total Award
Mr. Fairfield	\$ 500,708	50.0%
Mr. Oberdorf	\$ 226,356	53.0%
Mr. Mallin	\$ 141,512	17.6%
Mr. Miodus	\$ 71,794	15.9%
Mr. McCusker	\$ 233,946	58.5%

The payouts were based on the executives' achievement of qualitative performance goals and operating income performance goals described below.

Financial Performance Goals

The Committee used operating income as the financial performance measure in the 2009 Cash Incentive Plan for Messrs. Oberdorf, Mallin and Miodus. Cash awards were paid out based on achievement of operating income targets by the Company, and in the case of Mr. Mallin and Mr. Miodus, the operating income of their Company divisions, on a quarter and year basis.

Cash awards were payable to the executives for achieving operating income at Adjusted Target and Submitted Target levels. The award payout was a percentage of the executive's base salary depending on the level of achievement of the operating income target. Adjusted Targets are operating income targets derived from the 2009 Company operating plan as approved by the Board of Directors. The Adjusted Target for a quarter or year period is the minimum (threshold) level for award payout for the period. The Adjusted Target goal reflects the Committee's minimum level of acceptable performance. If the Adjusted Target was not achieved for a period, no award was payable with respect to that period. Submitted Targets are the operating income targets derived from information submitted by management for the 2009 Company operating plan. The percentage of the award payable for a period increased with achievement of the targets as follows:

Operating Income Performance Goals Potential Payout

Achievement	Percentage of Award Opportunity Payable
Below Adjusted Target	0%
Adjusted Target	25%
Submitted Target	50%
110% of Submitted Target	80%
115% of Submitted Target	100%

The maximum performance goal reflects a level of performance that would significantly exceed the Committee's expectations of performance.

The amount of operating income used to determine whether performance goals were met was adjusted as contemplated in the Cash Incentive Plan for nonperformance related costs associated with restructuring, litigation and

impairments. The following table sets out for each of the three NEOs, the quarter and year financial performance targets, the maximum award opportunity for achievement of financial performance targets for a period, as a percentage of the executive's base salary, the adjusted operating income achieved, along with the amount of the award earned, if any.

The Committee used straight line interpolation in determining the year end bonus if actual performance occurred between operating income performance goals. The performance measure and targets disclosed above are done so solely in the context of the 2009 Cash Incentive Plan and are not statements of management's expectations or estimates

of future results or other guidance. Investors are cautioned not to apply these statements to other contexts.

Table of Contents

Operating income targets were achieved in the third quarter of 2009 and for the full year of 2009. The award payouts for the NEOs for achievement of operating income targets were as follows:

Operating Income Performance Goals Award Payout

NEO	Award Payout	Percentage of Potential Award
Mr. Oberdorf	\$ 41,345	35.4%
Mr. Mallin	\$ 27,073	33.6%
Mr. Miodus	\$ 12,069	35.8%

The committee also set corporate debt reduction goals for Mr. Oberdorf. Under the 2009 Cash Incentive Plan, Mr. Oberdorf was eligible for an award payout of up to 20% of his base salary for reduction of corporate debt in each of the quarters of 2009 and for 2009. Corporate debt was reduced in each of the quarters in 2009 and for 2009, and Mr. Oberdorf earned an award payout of \$85,000, 100% of the potential award payout.

Qualitative Performance Goals

The Committee set qualitative strategic and individual performance goals for all NEOs. Mr. Fairfield's strategic and individual performance goals were generally a continuation of such goals established in 2008. His performance goals were (a) evaluating status and strategic direction of the Company, executive capabilities, Company organization structure and effectiveness, and budgeting/planning practices procedures and effectiveness, (b) reviewing past, current and short-term financial performance, (c) developing appropriate Company culture and vision, a framework for improving shareholder value, an effective communication program for the Board, and an effective investor relations program, and (d) identifying and implementing acquisition and divestiture opportunities.

Mr. Oberdorf's strategic and individual performance goals were (a) assisting in establishing a respected corporate image, a responsible capital expenditure and allocation process, a framework for productivity measurement and cost controls, (b) supporting the Company's Diagonal Assets and Capabilities program, and (c) identifying and developing managerial/leadership talent.

Mr. Mallin's strategic and individual performance goals were (a) achieving 20% of revenues from new products, services or markets, (b) supporting the Company's Diagonal Assets and Capabilities program, (c) identifying and developing managerial/leadership talent, and (d) contributing to success of Company strategic goals.

Mr. Miodus's strategic and individual performance goals were (a) improving his division's productivity, (b) supporting the Company's Diagonal Assets and Capabilities program, and (c) introducing other Company business units to key accounts.

Mr. McCusker's strategic and individual performance goals were (a) materially decreasing legal costs, (b) establishing an effective balance between in-house and outside counsel, (c) planning and executing audits of Company legal arrangements and standard documents, (d) counseling on public company matters, (e) assisting the Chairman on Board matters, (d) monitoring governance policies and compliance, and (e) supporting the Company's Diagonal Assets and Capabilities program.

Determination of the achievement of strategic and individual performance goals requires a qualitative evaluation. The Committee assessed Mr. Fairfield's performance from August 2008 through 2009 as a whole against his strategic and

individual goals in recommending his award to the board, which was paid in 2010. After review with the CEO of the other NEOs performance against their strategic and individual performance goals, the

Table of Contents

Committee approved the award payouts for these NEOs. The award payouts in 2010 for the NEOs for achievement of their strategic and individual performance goals for 2009 were as follows:

Strategic and Individual Performance Goals Award Payout

NEO	Award Payout	Percentage of Potential Award
Mr. Fairfield	\$ 500,708	49.9%
Mr. Oberdorf	\$ 100,011	94.1%
Mr. Mallin	\$ 114,439	47.4%
Mr. Miodus	\$ 59,725	66.4%
Mr. McCusker	\$ 233,946	58.5%

Long-term Equity Incentives. After the management changes in August 2008, the Committee reviewed its prior focus on cash compensation, developing the view that the Company needed to add an equity-based component. The equity-based component is intended to provide significant incentives directly linked to the long-term performance of the Company and the performance of our stock price. The Committee considered the balance between short-term and long-term incentives for executive officers and approved, in conjunction with the disinterested Independent Directors on the Company's Board, significant equity awards of restricted stock units to the NEOs, other than the CEO, in December 2008. The CEO's award was recommended by the Committee and approved by the disinterested Independent Directors on the Company's Board in December 2008. The award amounts (other than those for the CEO) were recommended by the CEO, based in part on the income level and relative importance of the executive officer. In consideration for Mr. McCusker's performance in connection with a significant Company divestiture in early 2009, the CEO, acting under specific authority granted to him by the disinterested Independent Directors on the Company's Board, approved an award to Mr. McCusker of an additional 10,000 restricted stock units in April 2009. No other long-term equity awards were made to the NEOs in 2009.

Other Personal Benefits and Perquisites. Our NEOs are entitled to participate in the same health, welfare and retirement programs offered to all employees. These programs include tax-qualified 401(k), medical, dental and vision coverage and wellness programs, use of our employee assistance program, short and long-term disability, and paid time off in accordance with company policies. For programs to which employees contribute premiums, executives are subject to the same premium structure as other exempt employees.

Severance and Change in Control Considerations

The Company has entered into agreements with Messrs. Oberdorf, Mallin and McCusker that provide for certain payments upon termination of employment and termination in conjunction with a change in control. The Company has entered into an agreement with Mr. Miodus that provides for certain payments upon termination of his employment. The Company has entered into an agreement with Mr. Fairfield that provides for certain payments upon termination of his employment, termination of his employment in conjunction with a change of control, or upon a change in control.

When the Company entered into these severance arrangements, it was determined that such arrangements were appropriate based on their prevalence within the information collection and distribution industry, as well as for public companies in general, and the dynamic nature of mergers and acquisitions activity within the industry. Given the nature of the responsibilities of the NEOs, we also recognize that they could be involved in critical decisions relating to potential change in control transactions and responsible for the successful implementation of such transactions, while being at risk of losing their jobs if a change in control occurs. The severance arrangements are intended to

provide sufficient protection for the NEOs to permit them to consider potential transactions that are in the best interest of our stockholders without being unduly influenced by the possible effects of the transaction on their personal employment situation and individual compensation.

Tax and Accounting Considerations

The Committee considers the tax impact and accounting considerations of our compensation programs on the Company as well as on the NEOs from a personal perspective. For example, the Committee has considered the

Table of Contents

impact of tax provisions such as Section 162(m) of the Internal Revenue Code in structuring our executive compensation program and, to the extent reasonably possible, in consideration of compensation goals and objectives, the compensation paid to the NEOs has been structured so as to qualify as performance-based and deductible for federal income tax purposes under Section 162(m). However, in consideration of the competitive nature of the market for executive talent, the Committee believes it is more important to deliver situation-appropriate and competitive compensation to drive shareholder value than to use a particular compensation practice or structure solely to ensure tax deductibility. Tax and accounting considerations are one of the many key elements of the Committee's decision-making process.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Annual Report.

OTHER POTENTIAL POST-EMPLOYMENT PAYMENTS**Mr. Fairfield**

In December 2008, the Company entered into an employment agreement with Bill L. Fairfield. Please refer to the Form 8-K filed by the Company on December 31, 2008 for a complete copy of the employment agreement and the Form 8-K filed by the Company on December 30, 2009 for an amendment to the employment agreement. The agreement with Mr. Fairfield provides for severance under certain circumstances. If the executive's employment is terminated either (i) by the Company without Cause (as defined in the agreement), or (ii) by the executive for Good Reason (as defined in the agreement), and such termination is not in anticipation of or on or after a Change of Control (as defined in the agreement), the Company will make payments to the executive at a rate equal to one half the executive's then Annual Salary plus one half the targeted Annual Cash Incentive for the year of termination. If such termination is in anticipation of or on or after a Change of Control, the Company shall pay to the executive a lump sum equal to two times executive's then Annual Salary plus two times the targeted Annual Cash Incentive for the year of termination, less any Change of Control incentive payment received by the executive. Regardless of whether such termination was related to a Change of Control, the executive, his spouse and dependent children shall be entitled to continuation of health insurance coverage under the Company's plans at the Company's expense for one year. Also, all equity awards held by executive at termination which vest based on time shall become fully vested as of termination. To receive any severance benefits, the executive must execute a general release of all claims against the Company. Executive has also agreed to refrain from competing with the Company and from soliciting the Company's employees for a period of one year after the date of termination. If it is determined that any payment or distribution will be subject to the excise tax imposed under Internal Revenue Code Section 280G, then the executive will be entitled to receive an additional payment or gross up to ensure that severance payments are not diminished.

Mr. Oberdorf and Mr. McCusker

In December 2008, the Company entered into employment agreements with Thomas Oberdorf and Thomas J. McCusker. Please refer to the Form 8-K and Form 8-K/A filed by the Company on December 31, 2008 for complete copies of each of the employment agreements. The agreements with Mr. Oberdorf and Mr. McCusker provide for severance under certain circumstances. If the executive's employment is terminated either (i) by the Company without Cause (as defined in the agreement), or (ii) by the executive for Good Reason (as defined in the agreement), and such termination is not in anticipation of, or on or after a Change of Control (as defined in the agreement), the Company will make payments to the executive at a rate equal to one times the executive's then Annual Salary plus one times the average of the two highest Annual Cash Incentive payments received by the executive in the preceding three years (but not less than one times the targeted Annual Cash Incentive for the year of termination) (the total being defined as the Base Severance Amount). If such termination is in anticipation of or on or within 2 years after a Change of Control, the Company shall pay to the executive a lump sum equal to the Base Severance Amount within 30 days of termination, and will also pay, one year after termination, another lump sum equal to the Base Severance Amount less executive's then total compensation from any gainful employment. Regardless of whether such termination was related to a Change of Control, the executive, his spouse and dependent children shall be entitled to continuation of health insurance coverage under the Company's plans at the Company's expense for one year. Also, all equity awards held by executive at termination which vest based on time shall become fully vested as of termination. Finally, any performance objectives upon which the earning of performance-based long-term incentives are conditioned shall be earned based on actual performance at the date of termination on a pro rata basis.

If the executive's employment terminates as a result of the executive's death or Disability (as defined in the severance agreement), the Company shall pay the executive's accrued compensation through the termination date, and a pro rata portion of the executive's target bonus for the year in which termination occurs. The executive (if disabled), his spouse and dependent children shall be entitled to continuation of health insurance coverage under the Company's plans at the Company's expense for one year. Also, all equity awards held by executive at termination which vest based on time shall become fully vested as of termination. Finally, any performance objectives upon which the earning of performance-based long-term incentives are conditioned shall be deemed to have been met at the target level on the date of termination.

To receive any severance benefits, the executive must execute a general release of all claims against the Company. Executive has also agreed to refrain from competing with the Company and from soliciting the Company's employees for a period of one year after the date of termination. If it is determined that any payment or distribution will be subject to the excise tax imposed under Internal Revenue Code Section 280G, then the executive will be entitled to receive an additional payment or gross up to ensure that severance payments are not diminished.

Mr. Mallin

In February 2006, the Company entered into a severance agreement with Edward C. Mallin. Please refer to the Form 8-K filed by the Company on February 16, 2006 for a complete copy of the agreement. The severance agreement provides that if the executive's employment is terminated either (i) by the Company for any reason other than Cause (as defined in the agreement), or (ii) by the executive for Good Reason (as defined in the agreement), and a Change of Control (as defined in the agreement) has not occurred the Company will make payments to the executive

at a rate equal to the executive's Total Compensation (as defined below) for a period from 6 months to 24 months, depending on the length of service completed by the executive. In addition, if the executive elects to continue health and/or dental insurance coverage under COBRA, the Company will pay the employer portion of the monthly premium until the executive obtains substantially equivalent insurance coverage, but, in any event, for not more than 12 months.

Total Compensation means the executive's base salary as in effect at the time of

termination, plus the average of the executive's annual bonus amount for the lesser of three calendar years preceding the year in which the executive's employment terminates or all full calendar years of his employment.

If the Company becomes subject to a Change in Control and within twelve (12) months after such Change in Control, the executive's employment is terminated either (i) by the Company for any reason other than Cause, or (ii) by the executive for Good Reason, the Company shall pay to the executive a lump sum based on the executive's Total Compensation. The amount of the lump sum will be from one time up to three times the executive's Total Compensation, depending on the length of service completed by the executive, together with additional payments sufficient to compensate for certain federal excise taxes. In addition, if the executive elects to continue health and/or dental insurance coverage under COBRA, the Company will pay the employer portion of the monthly premium until the executive obtains substantially equivalent insurance coverage, but, in any event, for not more than 12 months. Also, all shares of capital stock, stock options, performance units, stock appreciation rights or other derivative securities of the Company held by the executive at the time of termination will become fully vested and exercisable.

If the executive's employment terminates as a result of the executive's death or Disability (as defined in the agreement), the Company shall pay the executive's accrued compensation through the termination date, and a pro rata portion of the executive's target bonus for the year in which termination occurs. To receive any severance benefits, the executive must execute a general release of all claims against the Company and must refrain from competing with the Company and from soliciting the Company's employees for a period of up to 12 months after the date of termination. If it is determined that any payment or distribution will be subject to the excise tax imposed under Internal Revenue Code Section 280G, then the executive will be entitled to receive an additional payment or "gross up" to ensure that severance payments are not diminished.

Mr. Miodus

The Company's agreement with Mr. Miodus, dated January 23, 2002, provides that termination of his employment without cause requires 30 days notice. He is entitled to continue to receive his base salary and incentive compensation and medical and life insurance benefits, if permitted by the applicable insurance plans, for eleven months after termination by the Company without cause, by the executive with cause or due to disability. Please refer to Form 10-K for the year ended December 31, 2009 filed by the Company for a complete copy of the agreement.
