Press Release

MagnaChip Reports Strong Second Quarter 2010

Financial Results

SEOUL, South Korea and CUPERTINO, Calif., July 28, 2010 MagnaChip Semiconductor LLC (MagnaChip Semiconductor) today announced solid financial results for the second quarter ended June 30, 2010.

Revenue for the second quarter of 2010 was \$194.7 million, an 8.5% increase compared to \$179.5 million for the first quarter of 2010, and a 39.4% increase compared to \$139.7 million for the second quarter ended June 30, 2009. Revenue exceeded the top end of the Company's expectations due to continued strong demand for its diverse mixed-signal analog products from its Semiconductor Manufacturing Services division and accelerated sales growth in the company's Power Solutions division.

Gross profit was \$64.5 million or 33.1%, as a percent of revenue, for the second quarter of 2010. This compares to gross profit of \$49.4 million or 27.5% for the first quarter of 2010 and \$48.3 million or 34.6% for the year-ago quarter. During the second quarter, gross profit was positively impacted by improved factory utilization at the Company's wafer fabrication facilities as well as a favorable mix shift to higher margin products in our Display and Power Solution business segments.

We are very encouraged by the strength of the order patterns across all our product lines, said Sang Park, MagnaChip's Chairman and Chief Executive Officer. We delivered solid financial results this quarter, exceeded the upper end of our revenue expectations and are well positioned to continue to capitalize on the improving global semiconductor market. The Company continues to prudently manage operating expenses. Combined SG&A and R&D expenses were \$36.5 million or 18.8% of revenue for the second quarter of 2010 compared to \$38.4 million or 21.4% for the first quarter of 2010 and \$34.6 million or 24.8% for the year-ago quarter.

Operating income was \$27.8 million for the second quarter of 2010 or 14.3% of revenue. This compares to operating income of \$10.6 million or 5.9% of revenue for the first quarter of 2010 and \$13.4 million or 9.6% of revenue for the second quarter of 2009.

Net loss, on a GAAP basis, for the second quarter of 2010 totaled \$30.7 million or \$0.10 per diluted common unit. This compares to net income of \$31.1 million or \$0.10 per diluted common unit for the first quarter of 2010 and net income of \$27.6 million or \$0.46 per diluted common unit for the year-ago quarter. Net loss, for the second quarter of 2010, was negatively impacted by a foreign currency loss of \$48.3 million compared to a foreign currency gain

of \$21.6 million and \$30.8 million for the first quarter of 2010 and second quarter of 2009, respectively. A substantial portion of the net foreign currency exposure is related to non-cash translations gains or losses recorded for intercompany borrowings at our Korea subsidiary that are denominated in U.S. dollars.

Adjusted net income, a non-GAAP measurement, for the second quarter of 2010 totaled \$25.7 million compared to \$19.9 million for the first quarter of 2010, and an Adjusted net income of \$5.0 million for the year-ago quarter.

Adjusted EBITDA, a non-GAAP measurement, for the second quarter of 2010 totaled \$43.8 million compared to \$28.7 million for the first quarter of 2010, and \$29.2 million for the second quarter of 2009.

Management believes that non-GAAP financial measures, when viewed in conjunction with GAAP results, can provide a more meaningful understanding of the factors and trends affecting MagnaChip's business and operations. However, such non-GAAP financial measures have limitations and should not be considered as a substitute for net income or as a better indicator of our operating performance than measures that are presented in accordance with GAAP.

Combined cash balances (cash and cash equivalents plus short-term investments) totaled \$141.3 million at the end of the second quarter of 2010, an increase of \$58.6 million from the end of the prior quarter. Cash provided from operations totaled approximately \$36.0 million for the second quarter of 2010. This compares to \$14.9 million for the first quarter of 2010 and \$25.2 million for the second quarter of 2009.

Revenue by Segment

In thousands of US dollars	Three Months Ended		
	Successor 2Q 10	Successor 1Q 10	Predecessor 2Q 09
Semiconductor Manufacturing Services	\$101,564	\$ 93,201	\$ 62,963

Power Solutions	12,040	9,034	1,685
Other	512	520	858
Total Revenue	\$194,700	\$179,485	\$139,693

Recent Operational Highlights

Announced an Enhanced Process Design Kit (PDK) for 0.18um and 0.35um BCD Technology

Introduced a Cost Competitive 0.18um Embedded EEPROM Technology for Specialized Applications

Business Outlook

The Company anticipates third quarter 2010 revenue will increase 7% to 9% on a sequential basis.

Non-GAAP Metrics

Adjusted EBITDA excludes charges related to depreciation and amortization associated with continuing operations, interest expense, income tax expense (benefit), restructuring and impairment activities, other

restructuring charges, reorganization items, inventory step-up, equity-based compensation, foreign currency loss (gain) and derivative valuation loss (gain). A reconciliation of GAAP results to non-GAAP results is included following the financial statements below. Adjusted net income (loss) excludes charges related to restructuring and impairment, other restructuring charges, reorganization items, inventory step-up equity-based compensation, amortization of intangible assets associated with continuing operations, foreign currency loss (gain) and derivative valuation loss (gain).

Conference Call

MagnaChip will hold a teleconference at 6 p.m. EDT today to discuss the second quarter 2010 financial results. The conference call will be webcast live and can also be monitored by dialing 1-866-776-2061 in the U.S. or 1-706-679-0298 for all other locations. The conference ID number is 87834798 and participants are encouraged to initiate their calls at least 10 minutes in advance of the 6 p.m. EDT start time to ensure a timely connection. The webcast can be accessed at www.magnachip.com and will be archived for one year.

A replay of the July 28, 2010 conference call will be available the same day and will run for 72 hours. The replay access numbers are 1-800-642-1687 and 1-706-645-9291. The access code is 87834798.

About MagnaChip Semiconductor

Headquartered in South Korea, MagnaChip Semiconductor is an Asia-based designer and manufacturer of analog and mixed-signal semiconductor products for high volume consumer applications. The Company has a broad range of analog and mixed-signal semiconductor technology and intellectual property, supported by its 30-year operating history, large portfolio of registered and pending patents and extensive engineering and manufacturing process expertise. For more information, please visit www.magnachip.com. Information on or accessible through, MagnaChip Semiconductor's website is not a part of, and is not incorporated into, this release.

Safe Harbor for Forward-Looking Statements

MagnaChip Semiconductor has filed a registration statement (including a preliminary prospectus) with the Securities and Exchange Commission (SEC) for the offering to which this communication relates. Before you invest, you should read the prospectus in that registration statement and other documents MagnaChip Semiconductor has filed with the SEC for more complete information about the company and the offering. You may get these documents for free by visiting EDGAR on the SEC web site at www.sec.gov or by visiting MagnaChip Semiconductor's investor relations SEC web site link at www.magnachip.com. Alternatively, MagnaChip Semiconductor will arrange to send you the preliminary prospectus if you request it by calling 1-408-625-1262.

Information in this release regarding MagnaChip Semiconductor's forecasts, business outlook, expectations and beliefs are forward-looking statements that involve risks and uncertainties. These statements include statements about our ability to capitalize on improving market dynamics and future operating and financial performance including third quarter 2010 revenues. All forward-looking statements included in this release are based upon information available to MagnaChip Semiconductor as of the date of this release, which may change, and we assume no obligation to update any such forward-looking statements. These statements are not guarantees of

future performance and actual results could differ materially from our current expectations. Factors that could cause or contribute to such differences include general economic conditions, the impact of competitive products and pricing, timely design acceptance by our customers, timely introduction of new products and technologies, ability to ramp new products into volume production, industry wide shifts in supply and demand for semiconductor products, industry and/or company overcapacity, effective and cost efficient utilization of manufacturing capacity, financial stability in foreign markets and the impact of foreign exchange rates, unanticipated costs and expenses or the inability to identify expenses which can be eliminated, compliance with U.S. and international trade and export laws and regulations by us and our distributors, and other risks detailed from time to time in MagnaChip Semiconductor's filings with the SEC, including our Form S-1/A registration statement filed on June 16, 2010, and subsequent registration statements, amendments or other reports that we may file from time to time with the SEC and/or make available on our website. MagnaChip Semiconductor assumes no obligation and does not intend to update the forward-looking statements provided, whether as a result of new information, future events or otherwise.

Inventory step-up		867	
Equity based compensation expense	1,279	1,473	56
Amortization of intangibles associated with continuing operations	5,718	7,697	2,725
Foreign currency loss (gain), net	48,273	(21,616)	(30,791)
Derivative valuation loss, net	950	57	
Adjusted Net Income (Loss)	\$ 25,740	\$ 19,915	\$ 5,012

Adjusted Net Income (Loss) per Common Unit:

Basic	\$ 0.09	\$ 0.07	\$ 0.09
Diluted	\$ 0.08	\$ 0.06	\$ 0.09

We define Adjusted EBITDA as net income (loss) less income (loss) from discontinued operations, net of taxes, adjusted to exclude (i) depreciation and amortization associated with continuing operations, (ii) interest expense, net, (iii) income tax expense, (iv) restructuring and impairment charges, (v) other restructuring charges, (vi) abandoned IPO expenses, (vii) subcontractor claim settlement, (viii) the increase in cost of sales resulting from the fresh-start accounting inventory step-up, (ix) equity-based compensation expense, (x) reorganization items, net, (xi) foreign currency gain (loss), net, and (xii) derivative valuation loss(gain), net.

We present Adjusted Net Income as a further supplemental measure of our performance. We prepare Adjusted Net Income by adjusting net income (loss) to eliminate the impact of a number of non-cash expenses and other items that may be either one time or recurring that we do not consider to be indicative of our core ongoing operating performance. We believe that Adjusted Net Income is particularly useful because it reflects the impact of our asset base and capital structure on our operating performance.
