AGC - Assured Guaranty Corp.

AGM - Assured Guaranty Municipal Corp.

AMBAC - AMBAC Financial Group, Inc.

BHAC - Berkshire Hathaway Assurance Corp.

CIFG - CIFG Assurance North America, Inc.

FGIC - Financial Guaranty Insurance Company

NPFG - National Public Finance Guaranty Corp.

XLCA - XL Capital Assurance, Inc.

The Fund invests primarily in debt securities issued by Pennsylvania municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at June 30, 2010, 81.5% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 2.5% to 26.1% of total investments.

- (1) Security represents the underlying municipal bond of an inverse floater.
- Security (or a portion thereof) has been pledged as collateral for open swap contracts. The aggregate value of such collateral is \$428,600.

3

A summary of financial instruments outstanding at June 30, 2010 is as follows:

Interest Rate Swaps

	Annual			Effective Date/			
	Notional	Fixed Rate Paid By	Floating Rate	Termination	Net Unrealized		
Counterparty	Amount	Fund	Paid To Fund	Date	De	preciation	
			3-month USD-	July 20, 2010 /			
Barclays Bank PLC	\$ 3,000,000	4.544%	LIBOR-BBA	July 20, 2040	\$	(462,956)	
JPMorgan Chase			3-month USD-	September 17, 2010 /			
Co.	725,000	4.046	LIBOR-BBA	September 17, 2040		(41,041)	
					\$	(503,997)	

The effective date represents the date on which the Fund and the counterparty to the interest rate swap contract begin interest payment accruals.

At June 30, 2010, the Fund had sufficient cash and/or securities to cover commitments under these contracts.

The Fund is subject to interest rate risk in the normal course of pursuing its investment objectives. Because the Fund holds fixed rate bonds, the value of these bonds may decrease if interest rates rise. To hedge against this risk, the Fund may enter into interest rate swap contracts.

At June 30, 2010, the aggregate fair value of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) in a liability position and whose primary underlying risk exposure is interest rate risk was \$503,997.

The cost and unrealized appreciation (depreciation) of investments of the Fund at June 30, 2010, as determined on a federal income tax basis, were as follows:

Aggregate cost	\$ 60,689,024
Gross unrealized appreciation Gross unrealized depreciation	\$ 1,131,467 (2,513,084)
Net unrealized depreciation	\$ (1,381,617)

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund s own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

4

At June 30, 2010, the inputs used in valuing the Fund s investments, which are carried at value, were as follows:

	Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs	
Asset Description	(Level 1)	(Level 2)	(Level 3)	Total
Tax-Exempt Investments Short-Term Investments	\$	\$ 61,156,657 1,000,750	\$	\$ 61,156,657 1,000,750
Total Investments	\$	\$ 62,157,407	\$	\$ 62,157,407
Liability Description				
Interest Rate Swaps	\$	\$ (503,997)	\$	\$ (503,997)
Total	\$	\$ (503,997)	\$	\$ (503,997)

The Fund held no investments or other financial instruments as of September 30, 2009 whose fair value was determined using Level 3 inputs.

For information on the Fund s policy regarding the valuation of investments and other significant accounting policies, please refer to the Fund s most recent financial statements included in its semiannual or annual report to shareholders.

Item 2. Controls and Procedures

(a) It is the conclusion of the registrant s principal executive officer and principal financial officer that the effectiveness of the registrant s current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant on this Form N-Q has been recorded, processed, summarized and reported within the time period specified in the Commission s rules and forms and that the information required to be disclosed by the registrant on this Form N-Q has been accumulated and communicated to the registrant s principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant s internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant s internal control over financial reporting.

Signatures
