Approximate date of commencement of proposed sale to the public: As soon as practicable after this Registration Statement is declared effective and all other conditions to the merger as described in the enclosed information statement/prospectus are satisfied or waived.

If the securities being registered on this Form are being offered in connection with the formation of a holding company and there is compliance with General Instruction G, check the following box:

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act of 1933, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering:

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act of 1933, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering:

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company
 (Do not check if a smaller reporting company)

If applicable, place an X in the box to designate the appropriate rule provision relied upon in conducting this transaction:

Exchange Act Rule 13e-4(i) (Cross-Border Issuer Tender Offer)

Exchange Act Rule 14d-1(d) (Cross-Border Third-Party Tender Offer)

CALCULATION OF REGISTRATION FEE

Title of each Class of Securities to be Registered	Amount to be Registered(1)	Proposed Maximum Offering Price per Share(1)	Proposed Maximum Aggregate Offering Price	Amount of Registration Fee
Partnership Common Units of AIMCO Properties, L.P.			\$ 5,246,078.88	\$ 608.61(3)

Common Stock of Apartment Investment and
Management Company(2)

- (1) Omitted in reliance on Rule 457(o) under the Securities Act of 1933.
- (2) Represents shares of Common Stock issuable upon redemption of Partnership Common Units issued hereunder.
- (3) A registration fee of \$573.53 was paid prior to October 1, 2011, based on a proposed maximum offering price of \$4,939,972.80 at the then-applicable fee rate. The aggregate amount of the registration fee represents this previously paid fee plus an additional fee of \$35.08, based on the increase in the proposed maximum offering price of \$306,106.08 at the current fee rate.

The Registrants hereby amend this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrants will file a further amendment which specifically states that this Registration Statement will thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until the Registration Statement will become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

Table of Contents

The information in this information statement/prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This information statement/prospectus is not an offer to sell these securities and we are not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.

SUBJECT TO COMPLETION, DATED NOVEMBER 15, 2011

INFORMATION STATEMENT/PROSPECTUS

ANGELES INCOME PROPERTIES, LTD. 6

Angeles Income Properties, Ltd. 6, or AIP, has entered into an amended and restated agreement and plan of merger, or merger agreement, with AIMCO Properties, L.P., or Aimco OP, and two wholly-owned subsidiaries of Aimco OP. Under the merger agreement:

(i) First, AIP will be merged with and into Angeles Income Properties 6, LP, a Delaware limited partnership, or New AIP, with New AIP as the surviving entity. New AIP was formed for the purpose of effecting this merger and does not have any assets or operations. In the first merger, each unit of limited partnership interest in AIP, or AIP Unit, will be converted into an identical unit of limited partnership interest in New AIP, also referred to herein as an AIP Unit, and the general partnership interest in AIP now held by AIP's general partner will be converted into a general partnership interest in New AIP. All interests in New AIP outstanding immediately prior to the merger will be cancelled in the first merger; and

(ii) Second, Aimco OP's subsidiary, AIMCO AIP 6 Merger Sub LLC, a Delaware limited liability company, or the Aimco Subsidiary, will be merged with and into New AIP, with New AIP as the surviving entity. Aimco Subsidiary was formed for the purpose of effecting this merger and does not have any assets or operations. In the second merger, each AIP Unit will be converted into the right to receive, at the election of the holder of such unit, either:

\$268.04 in cash, or

\$268.04 in partnership common units of Aimco OP, or OP Units.

The merger consideration of \$268.04 per AIP Unit was based on an independent third party appraisal of AIP's property by KTR Real Estate Advisors LLC, or KTR, an independent valuation firm.

The number of OP Units offered for each AIP Unit in the second merger will be calculated by dividing \$268.04 by the average closing price of common stock of Apartment Investment and Management Company, or Aimco, as reported on the New York Stock Exchange, or the NYSE, over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the second merger. For example, as of November 10, 2011, the average closing price of Aimco common stock over the preceding ten consecutive trading days was \$23.79, which would have resulted in 11.27 OP Units offered for each AIP Unit. However, if Aimco OP determines that the law of the state or other jurisdiction in which a limited partner resides would prohibit the issuance of OP Units in that state or other jurisdiction (or that registration or qualification in that state or jurisdiction would be prohibitively costly), then such limited partner will not be entitled to elect OP Units, and will receive cash.

The OP Units are not listed on any securities exchange nor do they trade in an active secondary market. However, after a one-year holding period, OP Units are redeemable for shares of Aimco common stock (on a one-for-one basis) or cash equal to the value of such shares, as Aimco elects. As a result, the trading price of Aimco common stock is

considered a reasonable estimate of the fair market value of an OP Unit. Aimco's common stock is listed and traded on the NYSE under the symbol AIV.

In the second merger, Aimco OP's interest in the Aimco Subsidiary will be converted into limited partnership interests in New AIP. As a result, after the second merger, Aimco OP will be the sole limited partner of New AIP.

Within ten days after the effective time of the second merger, Aimco OP will prepare and mail to former holders of AIP Units an election form pursuant to which former holders of AIP Units can elect to receive cash or OP Units. Former holders of AIP Units may elect the form of consideration they wish to receive by completing and returning the election form in accordance with its instructions. If the information agent does not receive a properly completed election form from a former holder of AIP Units before 5:00 p.m., New York time, on the 30th day after the mailing of the election form, such former holder will be deemed to have elected to receive cash. Former holders of AIP Units may also use the election form to elect to receive, in lieu of the merger consideration, the appraised value of their AIP Units, determined through an arbitration proceeding.

AIP's general partner, Angeles Realty Corporation II, or the General Partner, has determined that the merger transactions are advisable, fair to, and in the best interests of AIP and its limited partners and has approved the merger transactions. As of November 10, 2011, there were 47,311 issued and outstanding AIP Units, and Aimco OP and its affiliates owned 27,739 of those units, or approximately 58.63% of the number of units outstanding. The General Partner's affiliates have indicated that they will vote all of their AIP Units in favor of the merger transactions, enabling them to approve the merger transactions without the consent or approval of any unaffiliated limited partners.

Aimco OP and its affiliates have indicated that they intend to take action by written consent, as permitted under the partnership agreement, to approve the merger transactions on or about _____, 2011. **As a result, approval of the merger transactions is assured, and your consent to the merger transactions is not required.**

**WE ARE NOT ASKING YOU FOR A PROXY AND
YOU ARE REQUESTED NOT TO SEND US A PROXY**

This information statement/prospectus contains information about the merger agreement and the transactions contemplated thereby and the securities offered hereby, and the reasons that the General Partner has decided that the merger transactions are in the best interests of AIP and its limited partners. The General Partner has conflicts of interest with respect to the transactions that are described in greater detail herein. Please read this information statement/prospectus carefully, including the section entitled "Risk Factors" beginning on page 19. It provides you with detailed information about the merger agreement and the transactions contemplated thereby and the securities offered hereby. The merger agreement is attached to this information statement/prospectus as Annex A.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities to be issued in connection with the transactions described herein, determined if this information statement/prospectus is truthful or complete, approved or disapproved of the transactions, passed upon the merits or fairness of the transactions or passed upon the adequacy or accuracy of the disclosure in this information statement/prospectus. Any representation to the contrary is a criminal offense.

This information statement/prospectus is dated, _____, 2011, and is first being mailed to limited partners on or about _____, 2011.

Table of Contents

WE ARE CURRENTLY SEEKING QUALIFICATION TO ALLOW ALL HOLDERS OF AIP UNITS THE ABILITY TO ELECT TO RECEIVE OP UNITS IN CONNECTION WITH THE MERGER TRANSACTIONS DESCRIBED HEREIN. HOWEVER, AT THE PRESENT TIME, IF YOU ARE A RESIDENT OF ONE OF THE FOLLOWING STATES, YOU ARE NOT PERMITTED TO ELECT TO RECEIVE OP UNITS IN CONNECTION WITH THE MERGER TRANSACTIONS DESCRIBED HEREIN:

**CALIFORNIA
MASSACHUSETTS
NEW YORK**

THE ATTORNEY GENERAL OF THE STATE OF NEW YORK HAS NOT PASSED ON OR ENDORSED THE MERITS OF THIS OFFERING. ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL.

ADDITIONAL INFORMATION

This information statement/prospectus incorporates important business and financial information about Aimco from documents that it has filed with the Securities and Exchange Commission, or the SEC, but that have not been included in or delivered with this information statement/prospectus. For a listing of documents incorporated by reference into this information statement/prospectus, please see *Where You Can Find Additional Information* beginning on page 94 of this information statement/prospectus.

Aimco will provide you with copies of such documents relating to Aimco (excluding all exhibits unless Aimco has specifically incorporated by reference an exhibit in this information statement/prospectus), without charge, upon written or oral request to:

ISTC Corporation
P.O. Box 2347
Greenville, South Carolina 29602
(864) 239-1029

If you wish to obtain any of these documents from Aimco, you should make your request no later than _____, 2011 to ensure timely delivery. You will not be charged for any of the documents you request.

If you have any questions or require any assistance, please contact our information agent, Eagle Rock Proxy Advisors, LLC, by mail at 12 Commerce Drive, Cranford, New Jersey 07016; by fax at (908) 497-2349; or by telephone at (800) 217-9608.

ABOUT THIS INFORMATION STATEMENT/PROSPECTUS

This information statement/prospectus, which forms a part of a registration statement on Form S-4 filed with the SEC by Aimco and Aimco OP, constitutes a prospectus of Aimco OP under Section 5 of the Securities Act of 1933, as amended, or the Securities Act, with respect to the OP Units that may be issued to holders of AIP Units in connection with the transactions described herein, and a prospectus of Aimco under Section 5 of the Securities Act with respect to shares of Aimco common stock that may be issued in exchange for such OP Units tendered for redemption. This document also constitutes an information statement under Section 14(c) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, with respect to the action to be taken by written consent to approve the merger agreement and the transactions contemplated thereby.

SUMMARY TERM SHEET

This summary term sheet highlights the material information with respect to the merger agreement, the mergers and the other matters described herein. It may not contain all of the information that is important to you. You are urged to carefully read the entire information statement/prospectus and the other documents referred to in this information statement/prospectus, including the merger agreement. Aimco, Aimco OP, the General Partner and Aimco's subsidiaries that may be deemed to directly or indirectly beneficially own AIP Units are referred to herein, collectively, as the Aimco Entities.

The Merger Transactions: AIP entered into a merger agreement with Aimco OP, New AIP and Aimco Subsidiary. The merger agreement contemplates two merger transactions. First, AIP will be merged with and into New AIP with New AIP as the surviving entity. In this merger, each AIP Unit will be converted into an identical unit of limited partnership in New AIP and the general partnership interest in AIP now held by the general partner will be converted into a general partnership interest in New AIP. All interests in New AIP outstanding immediately prior to the merger will be cancelled in the first merger. AIP's partnership agreement in effect immediately prior to the first merger will be adopted as the partnership agreement of New AIP, with the following changes: (i) references therein to the California Uniform Limited Partnership Act, as amended, or the California Act, will be amended to refer to the Delaware Revised Uniform Limited Partnership Act, as amended, or the Delaware Act; (ii) a description of the merger will be added; and (iii) the name of the partnership will be Angeles Income Properties 6, LP. Second, the Aimco Subsidiary will be merged with and into New AIP, with New AIP as the surviving entity. The Aimco Subsidiary was formed for the purpose of effecting this merger and does not have any assets or operations. In this second merger, each AIP Unit will be converted into the right to receive the merger consideration described below. A copy of the merger agreement is attached as Annex A to this information statement/prospectus. You are encouraged to read the merger agreement carefully in its entirety because it is the legal agreement that governs the mergers.

Merger Consideration: In the second merger, each AIP Unit will be converted into the right to receive, at the election of the holder of such AIP Unit, either \$268.04 in cash or equivalent value in OP Units, except in those jurisdictions where the law prohibits the offer of OP Units (or registration or qualification would be prohibitively costly). The number of OP Units issuable with respect to each AIP Unit will be calculated by dividing the \$268.04 per unit cash merger consideration by the average closing price of Aimco common stock, as reported on the NYSE, over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the second merger. For a full description of the determination of the merger consideration, see The Transactions Determination of Merger Consideration beginning on page 39.

Fairness of Merger Consideration: Although the Aimco Entities have interests that may conflict with those of AIP's unaffiliated limited partners, each of the Aimco Entities believes that the mergers are fair to the unaffiliated limited partners of AIP. See Special Factors Fairness of the Merger Transactions beginning on page 7. The merger consideration of \$268.04 per AIP Unit was based on an independent third party appraisal of AIP's underlying property by KTR, an independent appraisal firm.

Opinion of Financial Advisor: In connection with the transactions, Duff & Phelps, LLC, or Duff & Phelps has delivered its written opinion to the boards of directors of Aimco and the general partners of Aimco OP and AIP to the effect that, as of November 15, 2011, the cash consideration offered in the second merger is fair, from a financial point of view, to the unaffiliated limited partners of AIP. The full text of Duff & Phelps written opinion, which sets forth the assumptions made, procedures followed, factors considered and qualifications and limitations on the review undertaken by Duff & Phelps in connection with its opinion, is attached to this

information statement/prospectus as Annex B. You are encouraged to read Duff & Phelps' opinion, and the section entitled "Special Factors - Opinion of Financial Advisor" beginning on page 13, carefully and in their entirety. Duff & Phelps' opinion was directed to the boards of directors of Aimco and the general partners of Aimco OP and AIP, and addresses only the fairness to the unaffiliated limited partners of AIP, from a financial point of view, of the cash consideration offered to them in the second merger as of the date of the opinion. Duff & Phelps' opinion did not address any other aspect of the transactions and was not

Table of Contents

intended to and does not constitute a recommendation as to how any party should vote or act with respect to the transactions or any matter relating thereto.

Effects of the Transactions: After the merger transactions, Aimco OP will be the sole limited partner in New AIP, and will own all of the outstanding limited partnership interests of New AIP. As a result, after the merger transactions, you will cease to have any rights in New AIP as a limited partner. See *Special Factors* *Effects of the Transactions*, beginning on page 6.

Appraisal Rights: Pursuant to the terms of the merger agreement, Aimco OP will provide each limited partner with contractual dissenters' appraisal rights that are similar to the dissenters' appraisal rights available to a stockholder of a constituent corporation in a merger under Delaware law, and which will enable a limited partner to obtain an appraisal of the value of the limited partner's AIP Units in connection with the transactions. See *The Transactions* *Appraisal Rights*, beginning on page 41. A description of the appraisal rights being provided, and the procedures that a limited partner must follow to seek such rights, is attached to this information statement/prospectus as Annex C.

List of Investors: Under AIP's partnership agreement and applicable law, upon written request and at the cost of the limited partner, a limited partner who holds AIP Units has the right to receive by mail a list of the names and addresses of the partners of AIP and the number of units of partnership interest held by each of them. This list may be obtained by making written request to the Angeles Realty Corporation II, c/o Eagle Rock Proxy Advisors, LLC, 12 Commerce Drive, Cranford, New Jersey 07016, or by fax at (908) 497-2349.

Parties Involved:

Angeles Income Properties, Ltd. 6, or AIP, is a California limited partnership organized on June 29, 1984 for the purpose of acquiring, managing, and ultimately selling income-producing real property. AIP presently owns and operates, through a limited partnership of which it owns 99% of the limited partnership interests, one investment property, Lazy Hollow Apartments, a 178 unit apartment project located in Columbia, Maryland. See *Information About Angeles Income Properties, Ltd. 6*, beginning on page 32. AIP's principal address is 55 Beattie Place, P.O. Box 1089, Greenville, South Carolina 29602, and its telephone number is (864) 239-1000.

Apartment Investment and Management Company, or Aimco, is a Maryland corporation that is a self-administered and self-managed real estate investment trust, or REIT. Aimco's principal financial objective is to provide predictable and attractive returns to its stockholders. Aimco's common stock is listed and traded on the NYSE under the symbol AIV. See *Information about the Aimco Entities*, beginning on page 32. Aimco's principal address is 4582 South Ulster Street, Suite 1100, Denver, Colorado 80237, and its telephone number is (303) 757-8101.

AIMCO Properties, L.P., or Aimco OP, is a Delaware limited partnership which, through its operating divisions and subsidiaries, holds substantially all of Aimco's assets and manages the daily operations of Aimco's business and assets. See *Information about the Aimco Entities*, beginning on page 30. Aimco OP's principal address is 4582 South Ulster Street, Suite 1100, Denver, Colorado 80237, and its telephone number is (303) 757-8101.

Angeles Income Properties 6, LP, or New AIP, is a Delaware limited partnership formed on July 26, 2011, for the purpose of consummating the first merger with AIP. New AIP's general partner is Angeles Realty Corporation II, and its sole limited partner is Aimco OP. See *Information about the Aimco Entities*, beginning on page 30.

AIMCO AIP 6 Merger Sub LLC, or the Aimco Subsidiary, is a Delaware limited liability company formed on July 26, 2011, for the purpose of consummating the second merger with New AIP. The Aimco Subsidiary is a direct wholly-owned subsidiary of Aimco OP. See Information about the Aimco Entities, beginning on page 30.

Reasons for the Transactions: Aimco and Aimco OP are in the business of acquiring, owning and managing apartment properties such as the one owned by AIP, and have decided to proceed with the transactions as a means of acquiring the property currently owned by AIP in a manner that they believe

Table of Contents

(i) provides fair value to limited partners, (ii) offers limited partners an opportunity to receive immediate liquidity, or defer recognition of taxable gain (except where the law of the state or other jurisdiction in which a limited partner resides would prohibit the issuance of OP Units in that state or other jurisdiction, or where registration or qualification would be prohibitively costly), and (iii) relieves AIP of the expenses associated with a sale of the property, including marketing and other transaction costs. The Aimco Entities decided to proceed with the transactions at this time for the following reasons:

In the absence of a transaction, AIP limited partners have only limited options to liquidate their investment in AIP. The AIP Units are not traded on an exchange or other reporting system, and transactions in the securities are limited and sporadic.

The value of the single property owned by AIP is not sufficient to justify its continued operation as a public company. As a public company with a significant number of unaffiliated limited partners, AIP incurs costs associated with preparing audited annual financial statements, unaudited quarterly financial statements, tax returns and partner Schedule K-1s, periodic SEC reports and other expenses. The Aimco Entities estimate these costs to be approximately \$89,000 per year.

See Special Factors Purposes, Alternatives and Reasons for the Transactions, beginning on page 5.

Conflicts of Interest: The General Partner is indirectly wholly-owned by Aimco. Therefore, the General Partner has a conflict of interest with respect to the transactions. The General Partner has fiduciary duties to AIMCO/IPT, Inc., the General Partner's sole stockholder and an affiliate of Aimco, on the one hand, and to AIP and its limited partners, on the other hand. The duties of the General Partner to AIP and its limited partners conflict with the duties of the General Partner to AIMCO/IPT, Inc., which could result in the General Partner approving a transaction that is more favorable to Aimco than might be the case absent such conflict of interest. See The Transactions Conflicts of Interest, beginning on page 40.

Risk Factors: In evaluating the merger agreement and the transactions contemplated thereby, AIP limited partners should carefully read this information statement/prospectus and especially consider the factors discussed in the section entitled Risk Factors, beginning on page 19. Some of the risk factors associated with the transactions are summarized below:

Aimco owns the General Partner. As a result, the General Partner has a conflict of interest in the merger transactions. A transaction with a third party in the absence of this conflict could result in better terms or greater consideration to AIP limited partners.

AIP limited partners who receive cash may recognize taxable gain in the merger transactions and that gain could exceed the merger consideration.

There are a number of significant differences between AIP Units and OP Units relating to, among other things, the nature of the investment, voting rights, distributions and liquidity and transferability/redemption. For more information regarding those differences, see Comparison of AIP Units and Aimco OP Units, beginning on page 62.

AIP limited partners may elect to receive OP Units as merger consideration in the second merger, and there are risks related to an investment in OP Units, including the fact that there are restrictions on transferability of OP Units; there is no public market for OP Units; and there is no assurance as to the value that might be realized upon a future redemption of OP Units. See Comparison of AIP Units and Aimco OP Units, beginning on page 62.

Material United States Federal Income Tax Consequences of the Transactions: The merger between AIP and New AIP will generally be treated as a partnership merger for U.S. Federal income tax purposes. In general, AIP will not recognize gain as a result of contribution of its assets to New AIP, and the merger between AIP and New AIP will not result in any tax consequences to the limited partners of AIP. The merger between AIP and the Aimco Subsidiary will generally be treated as a partnership merger for U.S. Federal income tax purposes. In general, any payment of cash for AIP Units will be treated as a sale of such AIP Units by the holder thereof. Any exchange of AIP Units for OP Units under the terms of the merger agreement will be treated as a tax-free transaction, except to the extent described in Material United States

Table of Contents

Federal Income Tax Considerations United States Federal Income Tax Consequences Relating to the Transactions, beginning on page 68.

The foregoing is a general discussion of the material U.S. Federal income tax consequences of the transactions. This summary does not discuss all aspects of U.S. Federal income taxation that may be relevant to you in light of your specific circumstances or if you are subject to special treatment under the U.S. Federal income tax laws. The particular tax consequences of the transactions to you will depend on a number of factors related to your tax situation. You should review Material United States Federal Income Tax Considerations, herein and consult your tax advisors for a full understanding of the tax consequences to you of the transactions.

Table of Contents

SPECIAL FACTORS

Purposes, Alternatives and Reasons for the Transactions

Aimco and Aimco OP are in the business of acquiring, owning and managing apartment properties such as the one owned by AIP, and have decided to proceed with the transactions as a means of acquiring the property currently owned by AIP in a manner they believe (i) provides fair value to limited partners, (ii) offers limited partners an opportunity to receive immediate liquidity, or defer recognition of taxable gain (except where the law of the state or other jurisdiction in which a limited partner resides would prohibit the issuance of OP Units in that state or other jurisdiction, or where registration or qualification would be prohibitively costly), and (iii) relieves AIP of the expenses associated with a sale of the property, including marketing and other transaction costs.

The Aimco Entities determined to proceed with the transactions at this time for the following reasons:

In the absence of a transaction, AIP limited partners have only limited options to liquidate their investment in AIP. The AIP Units are not traded on an exchange or other reporting system, and transactions in the securities are limited and sporadic.

The value of the single property owned by AIP is not sufficient to justify its continued operation as a public company. As a public company with a significant number of unaffiliated limited partners, AIP incurs costs associated with preparing audited annual financial statements, unaudited quarterly financial statements, tax returns and partner Schedule K-1s, periodic SEC reports and other expenses. The Aimco Entities estimate these costs to be approximately \$89,000 per year.

Before deciding to proceed with the transactions, the General Partner and the other Aimco Entities considered the alternatives described below:

Continuation of AIP as a Public Company Operating the Property. The General Partner and the other Aimco Entities did not consider the continuation of AIP as a public company operating the property to be a viable alternative primarily because of the costs associated with preparing financial statements, tax returns, periodic SEC reports and other expenses. If AIP is unable to generate sufficient funds to cover operating expenses, advances from Aimco OP may not be available in the future as Aimco OP is not obligated to provide such advances.

Liquidation of AIP. The General Partner and the other Aimco Entities considered a liquidation of AIP in which AIP's property would be marketed and sold to a third party for cash, with any net proceeds remaining, after payment of all liabilities, distributed to AIP's limited partners. The primary advantage of such a transaction would be that the sale price would reflect arm's-length negotiations and might therefore be higher than the appraised value which has been used to determine the merger consideration. The General Partner and the other Aimco Entities rejected this alternative because of: (i) the risk that a third party purchaser might not be found that would offer a satisfactory price; (ii) the costs that AIP would incur in connection with marketing and selling the property; (iii) the fact that limited partners would recognize taxable gain on the sale without the option of deferring that gain; and (iv) the prepayment penalties that AIP would incur in repaying its mortgage debt upon a sale of the property.

Contribution of the Property to Aimco OP. The Aimco Entities considered a transaction in which AIP's property would be contributed to Aimco OP in exchange for OP Units. The primary advantage of such a transaction would be that AIP limited partners would not recognize taxable gain. The Aimco Entities rejected this alternative because it would not offer an opportunity for immediate liquidity to the limited partners that desire such an alternative.

Table of Contents

Effects of the Transactions

The Aimco Entities believe that the transactions will have the following benefits and detriments to unaffiliated limited partners, AIP and the Aimco Entities:

Benefits to Unaffiliated Limited Partners. The transactions are expected to have the following principal benefits to unaffiliated limited partners:

Liquidity. Limited partners are given a choice of merger consideration and may elect to receive either cash or OP Units in the second merger, except in those jurisdictions where the law prohibits the offer of OP Units (or registration or qualification would be prohibitively costly). Limited partners who receive cash consideration will receive immediate liquidity with respect to their investment.

Option to Defer Taxable Gain. Limited partners who receive OP Units in the merger may defer recognition of taxable gain (except where the law of the state or other jurisdiction in which a limited partner resides would prohibit the issuance of OP Units in that state or other jurisdiction, or where registration or qualification would be prohibitively costly).

Diversification. Limited partners who receive OP Units in the second merger will have the opportunity to participate in Aimco OP, which has a more diversified property portfolio than AIP.

Benefits to AIP. The transactions are expected to have the following principal benefits to AIP:

Elimination of Costs Associated with SEC Reporting Requirements and Multiple Limited Partners. After the transactions, the Aimco Entities will own all of the interests in AIP, and AIP will terminate its registration and cease filing periodic reports with the SEC. As a result, AIP will no longer incur costs associated with preparing audited annual financial statements, unaudited quarterly financial statements, tax returns and partner Schedule K-1s, periodic SEC reports and other expenses. The Aimco Entities estimate these expenses to be approximately \$89,000 per year.

Benefits to the Aimco Entities. The transactions are expected to have the following principal benefits to the Aimco Entities:

Increased Interest in AIP. Upon completion of the merger transactions, Aimco OP will be the sole limited partner of New AIP. As a result, the Aimco Entities will receive all of the benefit from any future appreciation in value of the property after the merger transactions and any future income from such property.

Detriments to Unaffiliated Limited Partners. The transactions are expected to have the following principal detriments to unaffiliated limited partners:

Taxable Gain. Limited partners who receive cash consideration may recognize taxable gain in the second merger and that gain could exceed the merger consideration. In addition, limited partners who receive OP Units in the second merger could recognize taxable gain if Aimco subsequently sells AIP's property.

Risks Related to OP Units. Limited partners who receive OP Units in the second merger will be subject to the risks related to an investment in OP Units, as described in greater detail under the heading "Risk Factors - Risks Related to an Investment in OP Units."

Conflicts of Interest: No Separate Representation of Unaffiliated Limited Partners. The General Partner is indirectly wholly-owned by Aimco. Therefore, the General Partner has a conflict of interest with respect to the merger transactions. The General Partner has fiduciary duties to AIMCO/IPT, Inc., the General Partner's sole stockholder and an affiliate of Aimco, on the one hand, and to AIP and its limited partners, on the other hand. The duties of the General Partner to AIP and its limited partners conflict with the duties of the General Partner to AIMCO/IPT, Inc., which could result in the General Partner approving a transaction that is more favorable to Aimco than might be the case absent such conflict of interest. The General Partner's desire to seek the best possible terms for AIP's limited partners conflicts with Aimco's interest in obtaining the best possible terms for Aimco OP. In negotiating the merger agreement, no one separately represented the interests of the unaffiliated limited partners. If an independent advisor had been engaged, it is possible that such advisor could have negotiated better terms for AIP's unaffiliated limited partners.

Table of Contents

Detriments to AIP. The transactions are not expected to have any detriments to AIP.

Detriments to the Aimco Entities. The transactions are expected to have the following principal detriments to the Aimco Entities:

Increased Interest in AIP. Upon completion of the merger transactions, the Aimco Entities' interest in the net book value of AIP will increase from 59.44% to 100%, or from a deficit of \$5,871,000 to a deficit of \$9,877,000 as of December 31, 2010. Upon completion of the merger transactions, Aimco OP will be the sole limited partner of New AIP. As a result, Aimco OP will bear the burden of all future operating or other losses of AIP, as well as any decline in the value of AIP's property.

Burden of Capital Expenditures. Upon completion of the transactions, the Aimco Entities will have sole responsibility for providing any funds necessary to pay for capital expenditures at the property.

Material United States Federal Income Tax Consequences of the Transactions

For a discussion of the material U.S. Federal income tax consequences of the transactions, see *Material United States Federal Income Tax Considerations - United States Federal Income Tax Consequences Relating to the Transactions*, beginning on page 68.

Fairness of the Merger Transactions

Factors in Favor of Fairness Determination. The Aimco Entities (including the General Partner) believe that the transactions are advisable, fair to and in the best interests of AIP and its unaffiliated limited partners. In support of such determination, the Aimco Entities considered the following factors:

The merger consideration of \$268.04 per AIP Unit was based on an independent third party appraisal of AIP's property by KTR, an independent valuation firm.

Duff & Phelps has delivered its written opinion to the boards of directors of Aimco and the general partners of Aimco OP and AIP to the effect that, as of November 15, 2011, and based on and subject to the various assumptions made, procedures followed, factors considered, and qualifications and limitations on the review undertaken by Duff & Phelps in connection with its opinion, the cash consideration of \$268.04 per AIP Unit offered in the second merger is fair, from a financial point of view, to the unaffiliated limited partners of AIP.

The merger consideration is greater than the Aimco Entities' estimate of liquidation value because there was no deduction for certain amounts that would be payable upon an immediate sale of the property, such as prepayment penalties on the mortgage debt, currently estimated to be approximately \$4,210,400.

The merger consideration is equal to the Aimco Entities' estimate of going concern value, calculated as the appraised value of AIP's property, plus the amount of its other assets, less the amount of AIP's liabilities, including the market value of mortgage debt (but without deducting any prepayment penalties thereon).

The mark-to market adjustment to the mortgage debt encumbering AIP's property is less than the prepayment penalties that would be payable upon an immediate sale of the property.

The merger consideration exceeds the net book value per unit (a deficit of \$197.40 per AIP Unit at September 30, 2011).

Limited partners may defer recognition of taxable gain by electing to receive OP Units in the second merger, except in those jurisdictions where the law prohibits the offer of OP Units (or registration or qualification would be prohibitively costly).

The number of OP Units issuable to limited partners in the second merger will be determined based on the average closing price of Aimco common stock, as reported on the NYSE, over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the second merger.

Limited partners who receive cash consideration will achieve immediate liquidity with respect to their investment.

Table of Contents

Limited partners who receive OP Units in the merger will have the opportunity to participate in Aimco OP, which has a more diversified property portfolio than AIP.

Although limited partners are not entitled to dissenters' appraisal rights under applicable law, the merger agreement provides them with contractual dissenters' appraisal rights that are similar to the dissenters' appraisal rights that are available to stockholders in a corporate merger under Delaware law.

Although the merger agreement may be terminated by either side at any time, Aimco OP and the Aimco Subsidiary are very likely to complete the merger transactions on a timely basis.

Unlike a typical property sale agreement, the merger agreement contains no indemnification provisions, so there is no risk of subsequent reduction of the proceeds.

In contrast to a sale of the property to a third party, which would involve marketing and other transaction costs, Aimco OP has agreed to pay all expenses associated with the merger transactions.

The merger consideration is greater than the prices at which AIP Units have recently sold in the secondary market (\$10.00 to \$160.00 per AIP Unit for transactions reported between January 1, 2010 and November 4, 2011).

The merger consideration is greater than the prices at which AIP Units have historically sold in the secondary market (\$150.00 to \$225.00 per AIP Unit for transactions reported between January 1, 2009 and December 31, 2009).

Factors Not in Favor of Fairness Determination. In addition to the foregoing factors, the Aimco Entities also considered the following countervailing factors:

The General Partner has substantial conflicts of interest with respect to the transactions as a result of (i) the fiduciary duties it owes to unaffiliated limited partners, who have an interest in receiving the highest possible consideration, and (ii) the fiduciary duties it owes to its sole stockholder, a subsidiary of Aimco, which has an interest in obtaining the AIP property for the lowest possible consideration.

The terms of the merger agreement were not approved by any independent directors.

An unaffiliated representative was not retained to act solely on behalf of the unaffiliated limited partners for purposes of negotiating the merger agreement on an independent, arm's-length basis, which might have resulted in better terms for the unaffiliated limited partners.

The transactions do not require the approval of any unaffiliated limited partners.

In calculating the merger consideration, the market value of the mortgage debt encumbering AIP's property was deducted, which resulted in less merger consideration than would have been the case if the aggregate amount outstanding was deducted.

Limited partners who receive cash consideration in the second merger may recognize taxable gain and that gain could exceed the merger consideration.

Limited partners who receive OP Units in the second merger could recognize taxable gain if Aimco subsequently sells AIP's property.

Limited partners who receive OP Units in the second merger will be subject to the risks related to an investment in OP Units, as described in greater detail under the heading Risk Factors Risks Related to an Investment in OP Units.

KTR, the valuation firm that appraised the AIP property, has performed work for Aimco OP and its affiliates in the past and this pre-existing relationship could negatively impact KTR's independence.

The Aimco Entities did not assign relative weights to the above factors in reaching their decision that the transactions are fair to AIP and its unaffiliated limited partners. However, in determining that the benefits of the proposed transactions outweigh the costs and risks, they relied primarily on the following factors: (i) the merger consideration of \$268.04 per AIP Unit is based on an independent third party appraisal of AIP's property, (ii) the

Table of Contents

Duff & Phelps opinion that, as of November 15, 2011, based on and subject to the various assumptions made, procedures followed, factors considered, and qualifications and limitations on the review undertaken by Duff & Phelps in connection with its opinion, the cash consideration of \$268.04 per AIP Unit offered in the second merger is fair, from a financial point of view, to the unaffiliated limited partners of AIP, (iii) limited partners may defer recognition of taxable gain by electing to receive OP Units in the second merger (except in certain jurisdictions) and (iv) limited partners are entitled to contractual dissenters' appraisal rights. The Aimco Entities were aware of, but did not place much emphasis on, information regarding prices at which AIP Units may have sold in the secondary market because they do not view that information as a reliable measure of value. The AIP Units are not traded on an exchange or other reporting system, and transactions in the secondary market are very limited and sporadic. In addition, some of the historical prices are not comparable to current value because of intervening events, including a property sale, increased borrowings through a second mortgage on AIP's property and the distribution of proceeds from such events.

Procedural Fairness. The Aimco Entities determined that the transactions are fair from a procedural standpoint despite the absence of any customary procedural safeguards, such as the engagement of an unaffiliated representative, the approval of independent directors or approval by a majority of unaffiliated limited partners. In making this determination, the Aimco Entities relied primarily on the dissenters' appraisal rights provided to unaffiliated limited partners under the merger agreement that are similar to the dissenters' appraisal rights available to stockholders in a corporate merger under Delaware law.

The Appraisal

Selection and Qualifications of Independent Appraiser. The General Partner retained the services of KTR to appraise the market value of AIP's sole property, the Lazy Hollow Apartments. KTR is an experienced independent valuation consulting firm that has performed appraisal services for Aimco OP and its affiliates in the past. Aimco OP believes that its relationship with KTR had no negative impact on its independence in conducting the appraisal related to the merger.

Factors Considered. KTR performed a complete appraisal of the Lazy Hollow Apartments. KTR has represented that its report was prepared in conformity with the Uniform Standards of Professional Appraisal Practice, as promulgated by the Appraisal Standards Board of the Appraisal Foundation and the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute. AIP furnished KTR with all of the necessary information requested by KTR in connection with the appraisal. The appraisal was not prepared in conjunction with a request for a specific value or a value within a given range. In preparing its valuation of the property, KTR, among other things:

Inspected the property and its environs;

Reviewed demographic and other socioeconomic trends pertaining to the city and region where the property is located;

Examined regional apartment market conditions, with special emphasis on the property's apartment submarket;

Investigated lease and sale transactions involving comparable properties in the influencing market;

Reviewed the existing rent roll and discussed the leasing status with the building manager and leasing agent. In addition, KTR reviewed the property's recent operating history and those of competing properties;

Utilized appropriate appraisal methodology to derive estimates of value; and

Reconciled the estimates of value into a single value conclusion.

Summary of Approaches and Methodologies Employed. The following summary describes the approaches and analyses employed by KTR in preparing the appraisal. KTR principally relied on two approaches to valuation: (i) the income capitalization approach and (ii) the sales comparison approach.

The income capitalization approach is based on the premise that value is derived by converting anticipated benefits into property value. Anticipated benefits include the present value of the net income and the present value of the net proceeds resulting from the re-sale of the property. This can be accomplished through either a direct capitalization of a single year's income by an overall capitalization rate or using a discounted cash flow in which the

Table of Contents

annual cash flows and reversionary value are discounted to a present value for the remainder of the property's productive life or over a reasonable ownership period. KTR reported that the property has an adequate operations history to determine its income-producing capabilities over the near future. In addition, performance levels of competitive properties served as an adequate check as to the reasonableness of the property's actual performance. As such, the income capitalization approach was utilized in the appraisal of the property.

As part of the income capitalization approach, KTR used the direct capitalization method to estimate a value for the Lazy Hollow Apartments. According to KTR's report, the basic steps in the direct capitalization analysis to valuing the property are as follows: (i) calculate potential gross income from all sources that a competent owner could legally generate; (ii) estimate and deduct an appropriate vacancy, collection, administrative use, concession and below-market rental rate loss factor to arrive at effective gross income; (iii) estimate and deduct operating expenses that would be expected during a stabilized year to arrive at a probable net operating income; (iv) develop an appropriate overall capitalization rate to apply to the net operating income; and (v) estimate value by dividing the net operating income by the overall capitalization rate. In addition, any adjustments to account for differences between the current conditions and stabilized conditions are also considered. The assumptions utilized by KTR with respect to the property are set forth below. The property-specific assumptions were determined by KTR to be reasonable based on its review of historical operating and financial data for the property and comparison of said data to the operating statistics of similar properties in the influencing market areas. The capitalization rate for the property was determined to be reasonable by KTR based on its review of applicable data ascertained within the market in which the property is located.

The sales comparison approach is an estimate of value based upon a process of comparing recent sales of similar properties in the surrounding or competing areas to the subject property. Inherent in and central to this approach is the principle of substitution. This comparative process involves judgment as to the similarity of the subject property and the comparable sales with respect to many value factors such as location, contract rent levels, quality of construction, reputation and prestige, age and condition, and the interest transferred, among others. The value estimated through this approach represents the probable price at which the subject property would be sold by a willing seller to a willing and knowledgeable buyer as of the date of value. The reliability of this technique is dependent upon the availability of comparable sales data, the verification of the sales data, the degree of comparability and extent of adjustment necessary for differences, and the absence of atypical conditions affecting the individual sales prices. KTR reported that, although the volume of sales activity is down as a result of market conditions, its research revealed adequate sales activity to form a reasonable estimation of the subject property's market value pursuant to the sales comparison approach.

For the appraisal, KTR conducted research in the market in an attempt to locate sales of properties similar to the appraised property. In the appraisal, numerous sales were uncovered and the specific sales included in the appraisal report were deemed representative of the most comparable data available at the time the appraisal was prepared. Important criteria utilized in selecting the most comparable data included: conditions under which the sale occurred (*i.e.*, seller and buyer were typically motivated); date of sale – every attempt was made to utilize recent sales transactions; sales were selected based on their physical similarity to the appraised property; transactions were selected based on the similarity of location between the comparable and appraised property; and, similarity of economic characteristics between the comparable and appraised property. Sales data that may have been uncovered during the course of research that was not included in the appraisal did not meet the described criteria and/or could not be adequately confirmed.

According to KTR's report, the basic steps in processing the sales comparison approach are outlined as follows: (i) research the market for recent sales transactions, listings, and offers to purchase or sell of properties similar to the subject property; (ii) select a relevant unit of comparison and develop a comparative analysis; (iii) compare comparable sale properties with the subject property using the elements of comparison and adjust the price of each comparable to the subject property; and (iv) reconcile the various value indications produced by the analysis of the

comparables.

The final step in the appraisal process is the reconciliation of the value indicators into a single value estimate. KTR reviewed each approach in order to determine its appropriateness relative to the property. The accuracy of the data available and the quantity of evidence were weighted in each approach. For the appraisal of the Lazy Hollow

Table of Contents

Apartments, KTR relied equally on the income capitalization and sales comparison approaches to valuation. Within the income capitalization approach, KTR relied on the direct capitalization method. KTR reported that the value conclusion derived pursuant to the sales comparison approach was directly supportive of the conclusion derived pursuant to the income capitalization approach.

Summary of Independent Appraisal of the Lazy Hollow Apartments. KTR performed a complete appraisal of the Lazy Hollow Apartments. The appraisal report of Lazy Hollow Apartments is dated October 20, 2011. The appraisal report provides an estimate of the property's market value as of October 1, 2011. The summary set forth below describes the material conclusions reached by KTR based on the value determined under the valuation approaches and subject to the assumptions and limitations described below. According to KTR's appraisal report, the estimated market value of the Lazy Hollow Apartments was \$27,000,000 as of October 1, 2011. Two previous appraisal reports by KTR of the Lazy Hollow Apartments, dated March 11, 2011 and June 3, 2011, respectively, indicated that the estimated market value of the Lazy Hollow Apartments was \$26,000,000 as of March 4, 2011 and June 1, 2011, respectively. An increase of \$1,000,000 was noted by KTR in the estimated market value of the Lazy Hollow Apartments as of October 1, 2011. The following is a summary of the appraisal report dated October 20, 2011. There is no present intention to further update the appraisal report dated October 20, 2011. The Aimco Entities are not aware of any events that have occurred or conditions that have changed since the October 1, 2011 appraisal that may have caused a material change in the value of the Lazy Hollow Apartments since such date.

Extraordinary Assumption. In connection with the preparation of its March 11, 2011 appraisal report of the Lazy Hollow Apartments, KTR inspected the property on March 4, 2011. KTR noted that the scope of work of the June 3, 2011 and October 20, 2011 appraisal reports of the Lazy Hollow Apartments did not include a physical inspection of the Lazy Hollow Apartments, and that the values derived in the report are based on the extraordinary assumption that the physical condition of the Lazy Hollow Apartments has not materially changed since March 4, 2011.

Valuation Under Income Capitalization Approach. Using the income capitalization approach, KTR performed a direct capitalization analysis to derive a value for the Lazy Hollow Apartments. The direct capitalization analysis resulted in a valuation conclusion for the Lazy Hollow Apartments of approximately \$27,200,000.

The assumptions employed by KTR to determine the value of the Lazy Hollow Apartments under the income capitalization approach using the direct capitalization method included:

- potential gross income from apartment unit rentals of \$239,915 per month or \$2,878,980 for the appraised year;
- a loss to lease allowance of 3.0% of the gross rent potential;
- rent concessions of 1.1% of the gross rent potential;
- a combined vacancy and credit loss allowance of 5.0%;
- an administrative unit deduction of \$16,200 for the appraised year;
- estimated other income of \$1,350 per unit for the appraised year;
- projected total expenses (including reserves) of \$1,206,880 for the appraised year; and
- capitalization rate of 6.0%.

Using the direct capitalization method, KTR calculated the value of the Lazy Hollow Apartments by dividing the stabilized net operating income (including an allowance for reserves) of \$1,634,213 by the concluded capitalization rate of 6.0%. KTR calculated the value conclusion of the Lazy Hollow Apartments under the income capitalization approach of approximately \$27,200,000 as of October 1, 2011.

Valuation Under Sales Comparison Approach. KTR estimated the property value of the Lazy Hollow Apartments under the sales comparison approach by analyzing sales from the influencing market that were most similar to the Lazy Hollow Apartments in terms of age, size, tenant profile and location. KTR reported that adequate sales existed to formulate a defensible value for the Lazy Hollow Apartments under the sales comparison approach.

The sales comparison approach resulted in a valuation conclusion for the Lazy Hollow Apartments of approximately \$26,900,000 as of October 1, 2011.

Table of Contents

In reaching a valuation conclusion for the Lazy Hollow Apartments, KTR examined and analyzed comparable sales of three properties in the influencing market. The sales reflected unadjusted sales prices ranging from \$120,047 to \$151,479 per unit. After adjustment, the comparable sales illustrated a value range of \$146,250 to \$154,071 per unit. KTR reported that one of the comparable sales required the least adjustment and was accorded most significance in the analysis, and that the adjusted indicators exhibited by this sale was \$151,101 per unit. Further, KTR reported that this comparable sale was the only property also located in Columbia and was accorded the greatest weight in the analysis. KTR estimated a value of \$151,000 per unit for the Lazy Hollow Apartments. Applied to the Lazy Hollow Apartments 178 units, this resulted in KTR's total value estimate for the Lazy Hollow Apartments of approximately \$26,900,000.

Reconciliation of Values and Conclusion of Appraisal. For the appraisal of the Lazy Hollow Apartments, KTR relied equally on the income capitalization and the sales comparison approaches to valuation. Within the income capitalization approach, KTR relied on the direct capitalization method. KTR reported that the value conclusion derived pursuant to the sales comparison approach is directly supportive of the conclusion derived pursuant to the income capitalization approach. The income capitalization approach using a direct capitalization method resulted in a value of \$27,200,000, and the sales comparison approach resulted in a value of \$26,900,000. KTR concluded that the market value of the Lazy Hollow Apartments as of October 1, 2011 was \$27,000,000.

Assumptions, Limitations and Qualifications of KTR's Valuations. In preparing the appraisal, KTR relied, without independent verification, on the information furnished by others. KTR's appraisal report was subject to the following assumptions and limiting conditions: no responsibility was assumed for the legal description or for matters including legal or title considerations, and title to the property was assumed to be good and marketable unless otherwise stated; the property was appraised free and clear of any or all liens or encumbrances unless otherwise stated; responsible ownership and competent property management were assumed; the information furnished by others was believed to be reliable, and no warranty was given by KTR for the accuracy of such information; all engineering was assumed to be correct, and any plot plans or illustrative material in the appraisal report are provided only to assist the reader in visualizing the property; there were no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable, and no responsibility was assumed for such conditions or for arranging for engineering studies that may be required to discover them; there was full compliance with all applicable federal, state, and local environmental regulations and laws unless noncompliance was stated, defined, and considered in the appraisal report; all applicable zoning and use regulations and restrictions have been complied with, unless nonconformity had been stated, defined, and considered in the appraisal report; all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in the appraisal report was based; the utilization of the land and improvements is within the boundaries or property lines of the property described and there is no encroachment or trespass unless noted in the appraisal report; the distribution, if any, of the total valuation in the appraisal report between land and improvements applies only under the stated program of utilization; unless otherwise stated in the appraisal report, the existence of hazardous substances, including without limitation, asbestos, polychlorinated biphenyls, petroleum leakage, or agricultural chemicals, which may or may not be present on the property, or other environmental conditions, were not called to the attention of nor did the appraiser become aware of such during the appraiser's inspection, and the appraiser had no knowledge of the existence of such materials on or in the property unless otherwise stated; the appraiser has not made a specific compliance survey and analysis of the property to determine whether or not it is in conformity with the various detailed requirements of the Americans with Disabilities Act; and former personal property items such as kitchen and bathroom appliances were, at the time of the appraisal report, either permanently affixed to the real estate or were implicitly part of the real estate in that tenants expected the use of such items in exchange for rent and never gained any of the rights of ownership, and the intention of the owners was not to remove the articles which are required under the implied or express warranty of habitability.

Compensation of Appraiser. KTR's fee for the appraisal was approximately \$15,900. Aimco OP paid for the costs of the appraisal. KTR's fee for the appraisal was not contingent on the approval or completion of the merger transactions. Aimco OP also has agreed to indemnify KTR for certain liabilities that may arise out of the rendering of the appraisals. In addition to the appraisal performed in connection with the transactions, during the prior two

Table of Contents

years, KTR has been paid approximately \$288,700 for appraisal services by Aimco OP and its affiliates which includes, but is not limited to, approximately \$160,200 in fees paid to KTR for appraisal services rendered in connection with certain other merger transactions that are being effected concurrently with this transaction. Except as set forth above, during the prior two years, no material relationship has existed between KTR and AIP or Aimco OP or any of their affiliates. Aimco OP believes that its relationship with KTR had no negative impact on its independence in conducting the appraisal.

Availability of the Appraisal Report. You may obtain a full copy of KTR's appraisal upon request, without charge, by contacting Eagle Rock Proxy Advisors, LLC, by mail at 12 Commerce Drive, Cranford, New Jersey 07016; by fax at (908) 497-2349; or by telephone at (800) 217-9608. In addition, the appraisal report has been filed with the SEC. For more information about how to obtain a copy of the appraisal report see [Where You Can Find Additional Information](#).

For additional information about the appraisal, see the table, [Summary of Appraisal](#) attached as [Annex J](#).

Opinion of Financial Advisor

Aimco OP retained Duff & Phelps to act as financial advisor to the boards of directors of Aimco, the general partner of Aimco OP, and the general partner of AIP in connection with their evaluation of the proposed terms of the second merger.

On November 15, 2011, Duff & Phelps rendered its written opinion to the boards of directors of Aimco, the general partner of Aimco OP, and the general partner of AIP, to the effect that, as of November 15, 2011, based upon and subject to the assumptions made, procedures followed, factors considered, and qualifications and limitations on the review undertaken, the cash consideration of \$268.04 per AIP Unit offered in the second merger is fair from a financial point of view to the unaffiliated limited partners of AIP.

The full text of the written opinion of Duff & Phelps, dated November 15, 2011, which sets forth the assumptions made, procedures followed, factors considered, and qualifications and limitations on the review undertaken by Duff & Phelps in connection with the opinion, is attached as [Annex B](#) to this information statement/prospectus. You are encouraged to read the opinion carefully and in its entirety. The summary of Duff & Phelps' opinion in this information statement/prospectus is qualified in its entirety by reference to the full text of the opinion.

Duff & Phelps' opinion was directed to the boards of directors of Aimco, the general partner of Aimco OP, and the general partner of AIP, and addressed only the fairness from a financial point of view of the cash consideration offered in the second merger, as of the date of the opinion. Duff & Phelps provided its opinion for the information and assistance of the boards of directors of Aimco, the general partner of Aimco OP, and the general partner of AIP in connection with their evaluation of the second merger. Neither Duff & Phelps' opinion nor the summary of the opinion and the related analyses set forth in this information statement/prospectus are intended to be, and do not constitute, advice or a recommendation as to how any person should act with respect to any matters relating to the second merger, or whether to proceed with the second merger or any related transaction.

In connection with its opinion, Duff & Phelps made such reviews, analyses and inquiries as it deemed necessary and appropriate under the circumstances. Duff & Phelps also took into account its assessment of general economic, market and financial conditions, as well as its experience in securities and business valuation, in general, and with respect to similar transactions, in particular. Duff & Phelps' procedures, investigations, and financial analysis with respect to the preparation of its opinion included, but were not limited to, the items summarized below:

1. Reviewed the following documents:

- a. Reviewed AIP's property level internal unaudited financial statements for the nine months ended September 30, 2011 and AIP's property level unaudited annual financial statements for each of the three fiscal years ended December 31, 2010;

Table of Contents

- b. Reviewed other internal documents relating to the history, current operations, and probable future outlook of AIP, including financial projections, provided to Duff & Phelps by the management of Aimco OP; and
 - c. Reviewed documents related to the merger transactions, including certain portions of a draft of this information statement/prospectus, including a draft of the amended and restated agreement and plan of merger agreement dated as of November 15, 2011, and certain other documents related to the merger transactions;
2. Reviewed the following information and/or documents related to the real estate holdings of AIP:
- a. Reviewed previously completed appraisal reports associated with the property owned by AIP prepared by KTR as of October 1, 2011 and provided to Duff & Phelps by management of Aimco OP (and as described under the heading Special Factors The Appraisal and Annex J Summary of Appraisal Table);
 - b. Reviewed facts and circumstances related to AIP's property to understand factors relevant to the appraisal; and
 - c. Reviewed market data for the subject market and assessed current supply and demand trends;
3. Reviewed the following information and/or documents related to AIP's property:
- a. Reviewed operating statements and balance sheets for the twelve month periods ending December 31, 2008, 2009, and 2010;
 - b. Reviewed the year-to-date operating statement and balance sheet for the nine month period ending September 30, 2011;
 - c. Reviewed budgeted financial statements for the twelve month period ending December 31, 2011;
 - d. Reviewed rent rolls prepared as of September 2011; and
 - e. Discussed the information referred to above and the background and other elements of the merger transactions with the management of Aimco OP; and
4. Conducted such other analyses and considered such other factors as Duff & Phelps deemed appropriate.

In performing its analyses and rendering its opinion with respect to the second merger, Duff & Phelps made certain assumptions, qualifications and limiting conditions, which included, but were not limited to, the items summarized below:

- a. Relied upon the accuracy, completeness, reliability, and fair presentation of all information, data, advice, opinions and representations obtained from public sources or provided to it from private sources regarding or otherwise relating to the property owned by AIP, AIP, the merger transactions and/or otherwise received by it in connection with the opinion, including information obtained from Aimco OP management, and did not independently verify such information;
- b. Assumed that any estimates, evaluations, forecasts or projections furnished to Duff & Phelps by management of Aimco OP were reasonably prepared and based upon the best currently available information and good faith judgment of the person furnishing the same;

- c. Assumed that the final versions of all documents reviewed by Duff & Phelps in draft form conform in all material respects to the drafts reviewed;

- d. Assumed that there has been no material change in the assets, financial condition, business, or prospects of AIP or its owned property since the date of the appraisal report, the most recent financial statements and the other information made available to Duff & Phelps;

- e. Assumed that title to the property owned by AIP is good and marketable, that all material licenses and related regulatory approvals that are required or advisable to be obtained with respect to the property owned by AIP have been obtained and are current, and that, except as expressly disclosed in the appraisal report, the property owned by AIP is in compliance with applicable material zoning, use, occupancy, environmental, and similar laws and regulations;

Table of Contents

f. Assumed responsible ownership and competent property management of the property owned by AIP, that, except as expressly disclosed in the appraisal report, there are no unapparent conditions with respect to the property owned by AIP that could affect the value of such property, and that, except as expressly disclosed in the appraisal report, there are no hazardous substances on or near the property owned by AIP that could affect the value of such property;

g. Assumed that all of the conditions required to implement the merger transactions will be satisfied and that the merger transactions will be completed in accordance with the merger agreement without any amendments thereto or any waivers of any terms or conditions thereof; and

h. Assumed that each of the unaffiliated limited partners elects to receive the cash consideration offered, and therefore, Duff & Phelps made no determination as to the fair value of, or fairness with respect to the OP Unit consideration.

Duff & Phelps did not evaluate AIP's solvency or conduct an independent appraisal or physical inspection of any specific liabilities (contingent or otherwise). Duff & Phelps did not evaluate the tax consequences the merger transactions may have on any person, including any unaffiliated limited partner, and did not take any such consequences into account in rendering the opinion. Duff & Phelps was not requested to, and did not, (i) initiate any discussions with, or solicit any indications of interest from, third parties with respect to the merger transactions, the assets, businesses or operations of AIP, or any alternatives to the merger transactions, (ii) negotiate the terms of the merger transactions, or (iii) advise Aimco OP or any other party with respect to alternatives to the merger transactions.

Duff & Phelps did not express any opinion as to the market price or value of AIP's or Aimco OP's equity (or anything else) after the announcement or the consummation of the merger transactions. Without limiting the generality of the foregoing, Duff & Phelps did not express any opinion as to the liquidity of, rights and/or risks associated with owning, or any other feature or characteristic of, the OP Units. The opinion should not be construed as a valuation opinion, credit rating, solvency opinion, an analysis of AIP's or Aimco OP's credit worthiness, as tax advice, or as accounting advice. Duff & Phelps did not make, and assumed no responsibility to make, any representation, or render any opinion, as to any legal matter (including with respect to title to or any encumbrances relating to the property owned by AIP).

Duff & Phelps did not investigate any of the physical conditions of the property owned by AIP and has not made, and assumed no responsibility to make, any representation, or render any opinion, as to the physical condition of the property owned by AIP. No independent survey of the property owned by AIP was conducted by Duff & Phelps. Duff & Phelps did not arrange for any engineering studies that may be required to discover any unapparent condition in the property. Duff & Phelps did not arrange for or conduct any soil analysis or geological studies or any investigation of any water, oil, gas, coal, or other subsurface mineral and use rights or conditions or arrange for or conduct any other environmental analysis, including with respect to any hazardous materials, which may or may not be present on, in or near the property owned by AIP.

In rendering its opinion, Duff & Phelps did not express any opinion with respect to the amount or nature of any compensation to any of Aimco OP's and/or Aimco's respective officers, directors, or employees, or any class of such persons, relative to the consideration offered to the unaffiliated limited partners in the second merger, or with respect to the fairness of any such compensation.

The opinion (i) does not address the merits of the underlying business decision to enter into the merger transactions versus any alternative strategy or transaction, (ii) does not address any transaction related to the merger transactions, (iii) is not a recommendation as to how any party should vote or act with respect to any matters relating to the second merger or any related transaction, or whether to proceed with the second merger or any related transaction, and (iv) does not indicate that the consideration offered is the best possibly attainable under any circumstances; instead, the opinion merely states whether the cash consideration offered in the second merger is within a range suggested by

certain financial analyses. The decision as to whether to proceed with the second merger or any related transaction may depend on an assessment of factors unrelated to the financial analysis on which the opinion was based.

Table of Contents

Duff & Phelps prepared its opinion effective as of November 15, 2011. The opinion was necessarily based upon market, economic, financial and other conditions as they existed and could be evaluated as of such date, and Duff & Phelps disclaims any undertaking or obligation to advise any person of any change in any fact or matter affecting the opinion which may come or be brought to the attention of Duff & Phelps after such date.

The following is a summary of the material financial analyses performed by Duff & Phelps in connection with providing its opinion. The summary of Duff & Phelps' valuation analyses is not a complete description of the analyses underlying Duff & Phelps' opinion. The preparation of an opinion regarding fairness is a complex process involving various quantitative and qualitative judgments and determinations with respect to the financial, comparative and other analytic methods employed and the adaptation and application of these methods to the unique facts and circumstances presented. As a consequence, neither an opinion regarding fairness nor its underlying analyses is readily susceptible to partial analysis or summary description. Duff & Phelps arrived at its opinion based on the results of all analyses undertaken by it and assessed as a whole and did not draw, in isolation, conclusions from or with regard to any individual analysis, analytic method or factor. Accordingly, Duff & Phelps believes that its analyses must be considered as a whole and that selecting portions of its analyses, analytic methods and factors, without considering all analyses and factors or the narrative description of the analyses could create a misleading or incomplete view of the processes underlying its analyses and opinion.

Valuation Analysis

Duff & Phelps estimated the value attributable to the interests of the unaffiliated limited partners as follows:

Duff & Phelps reviewed the valuation conclusions for the property owned by AIP reached in the third party appraisal that was provided by the management of Aimco OP and as described in greater detail under the heading *Special Factors – The Appraisal and Annex J Summary of Appraisal Table*;

Duff & Phelps' review of the third party appraisal included a review of the key assumptions used in and the conclusions reached by the appraisal and a comparison of such assumptions and conclusions to appropriate sources of real estate market data including, but not limited to: market surveys, selected comparable real estate transaction data, and discussions with opinions of professionals in the market place. Duff & Phelps also reviewed the valuation methodology employed by the third party appraiser and determined it to be appropriate;

Duff & Phelps estimated the range of value attributable to the interests of the unaffiliated limited partners by adding to the range of the appraised value of the property owned by AIP the amount of AIP's other non-real estate assets that were not included in the appraisal, and subtracting the amount of AIP's liabilities, including the market value of mortgage debt (but without deducting any prepayment penalties thereon) and the amount of liabilities estimated by management of Aimco OP for expenses attributable to the property that would be incurred prior to the transactions but payable after the transactions; and

Duff & Phelps reviewed Aimco OP management's estimate of the fair value of the mortgage debt associated with the property owned by AIP, as described in greater detail under the heading *The Transactions Determination of Merger Consideration*, by reviewing the valuation methodology and the determination of the appropriate current market yield on mortgage debt of similar type, leverage and duration.

Estimated Value of Limited Partnership Units

The table below provides a summary of (i) the estimated range of value for the property owned by AIP by applying a capitalization rate range that was 25 basis points above and below the capitalization rate used by the third party

appraiser to the appropriate measure of income from the property owned by AIP used by the third party appraiser,
(ii) a summary of the estimated fair market value of mortgage debt associated with the property owned by

Table of Contents

AIP, and (iii) the proposed merger consideration (which was determined by the Aimco Entities) and Duff & Phelps range of value for the AIP Units.

	Low Value	Proposed Value	High Value	% of Total
<u>Property Value</u>				
Lazy Hollow Apartments	\$ 26,100,000	\$ 27,000,000	\$ 28,400,000	
Total				
<u>Debt Summary</u>				
Book Value of Debt(1)	\$ 13,833,072	\$ 13,833,072	\$ 13,833,072	
Fair Value of Debt(1)	\$ 15,104,298	\$ 15,104,298	\$ 15,104,298	
Fair Value as a % of Book	109%	109%	109%	
<u>LP Interest Summary</u>				
Proceeds Distributable to LPs	\$ 11,791,247	\$ 12,681,356	\$ 14,065,970	
Affiliated LP Units	27,739	27,739	27,739	59%
Unaffiliated LP Units	19,572	19,572	19,572	41%
Total LP Units	47,311	47,311	47,311	
Value Per LP Unit	\$ 249.23	\$ 268.04	\$ 297.31	

(1) Includes accrued interest.

Based on an range of value for the property owned by AIP of \$26.1 million to \$28.4 million, Duff & Phelps estimated the range of value per AIP Unit to be approximately \$249.23 to \$297.31, compared to the merger consideration of \$268.04 per AIP Unit.

Other Matters

By letter agreement dated June 10, 2011 between Duff & Phelps and Aimco OP, Duff & Phelps was engaged to opine, as to the fairness, from a financial point of view, to the unaffiliated limited partners of each of certain limited partnerships (including AIP) of the cash consideration offered in the proposed merger relating to that limited partnership. Duff & Phelps was engaged based on its experience as a leading global independent provider of financial advisory and investment banking services. Duff & Phelps delivers advice principally in the areas of valuation, transactions, financial restructuring, dispute and taxation. Since 2005, Duff & Phelps has completed hundreds of valuations in the real estate investment trust and real estate operating company industry and rendered over 308 fairness opinions in transactions aggregating over \$103 billion. Duff & Phelps has also rendered over 222 solvency opinions in transactions aggregating over \$1.02 trillion.

Duff & Phelps has received a fee in the aggregate amount of \$450,000 for its services with respect to all of the partnerships pursuant to this engagement (which includes a retainer in the amount of \$200,000 allocated among eleven partnerships, including AIP and a partnership that ultimately did not pursue a merger transaction, and \$50,000 for a bring-down of the initial fairness opinions dated July 28, 2011) as well as reimbursement for its expenses in the amount of approximately \$50,000. No portion of Duff & Phelps' fee is contingent upon either the conclusion expressed in this (or any other) opinion or whether or not this (or any other) merger is successfully consummated. Aimco OP also has agreed to indemnify Duff & Phelps for certain liabilities that may arise out of the rendering of this opinion and any related to Duff & Phelps' engagement. Other than this engagement, during the two years preceding the date of

this opinion, Duff & Phelps has been paid approximately \$199,400 for property tax consulting services by Aimco OP and its affiliates for which Duff & Phelps received customary fees and indemnification. Except as set forth above, during the two years preceding the date of this opinion, Duff & Phelps had not had any material relationship with any party to the merger for which compensation has been received or is intended to be received, nor is any such material relationship or related compensation mutually understood to be contemplated.

Estimated Operating Budget for the Property

At the end of each calendar year, Aimco OP's management prepares an estimated operating budget for the next calendar year for the property owned by AIP. Aimco OP's management provided the 2011 estimated operating

Table of Contents

budget for the property to Duff & Phelps for use in connection with the preparation of its fairness opinion, and to KTR in connection with the preparation of the appraisal.

In preparing the 2011 estimated operating budget, Aimco OP's management made a number of assumptions and estimates, including the following:

income was projected to grow in accordance with estimated rent growth projections provided by Reis, Inc. for the market;

expense reductions were assumed to be 6.0% for budget year 2011;

occupancy rates were budgeted to remain at or above 96%; and

turnover was budgeted in accordance with historic experience.

Aimco OP's management believed these assumptions and estimates were reasonable at the time the budgets were prepared, but these assumptions and estimates may not be realized and are inherently subject to significant uncertainties and contingencies, including, among others, the risks and uncertainties described under Management's Discussion and Analysis of Financial Condition and Results of Operations in AIP's Quarterly Report on Form 10-Q for the quarter ended September 30, 2011, which is included as Annex F to this information statement/prospectus. All of these uncertainties and contingencies are difficult to predict and many are beyond the control of Aimco, Aimco OP and AIP.

The 2011 estimated operating budget has been prepared by, and is the responsibility of, Aimco OP's management. The 2011 estimated operating budget was prepared solely for internal use and not with a view toward public disclosure and, accordingly, does not comply with generally accepted accounting principles, the published guidelines of the SEC regarding projections, or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. Neither Aimco's independent registered public accounting firm, nor any other independent accountants, have compiled, examined or performed any procedures with respect to the 2011 estimated operating budget, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and they assume no responsibility for, and disclaim any association with, the 2011 estimated operating budget. Furthermore, the 2011 estimated operating budget does not take into account any circumstances or events occurring after the date they were prepared.

The inclusion of the 2011 estimated operating budget in this information statement/prospectus should not be regarded as an indication that any of Aimco, Aimco OP or their respective affiliates advisors or representatives consider the 2011 estimated operating budget to be predictive of actual future results, and it should not be relied upon as such. There can be no assurance that the underlying assumptions will prove to be accurate or that the estimated results will be realized, and actual results likely will differ, and may differ materially, from those reflected in the 2011 estimated operating budget. None of Aimco, Aimco OP or their respective affiliates, advisors, officers, directors or representatives undertakes any obligation to update or otherwise revise the 2011 estimated operating budget to reflect circumstances existing after the date they were prepared, or to reflect the occurrence of future events, even if any or all of the assumptions underlying the 2011 estimated operating budget are no longer appropriate, except as required by law.

In light of the foregoing factors and the uncertainties inherent in the 2011 estimated operating budget, holders of AIP Units are cautioned not to place undue, if any, reliance on them.

The following table summarizes the 2011 estimated operating budget for the property owned by AIP:

	Lazy Hollow Apartments
Effective Gross Income	\$ 2,780,245
Total Operating Expenses	1,194,970
Net Operating Income	\$ 1,585,275

AIP's limited partners are urged to review AIP's Quarterly Report on Form 10-Q for the quarter ended September 30, 2011, which is included as [Annex F](#) to this information statement/prospectus, for information regarding AIP's results of operations during the nine months ended September 30, 2011, including Management's Discussion and Analysis of Financial Condition and Results of operations.

Table of Contents

RISK FACTORS

Risks Related to the Transactions

Conflicts of Interest. The General Partner is indirectly wholly-owned by Aimco. Therefore, the General Partner has a conflict of interest with respect to the transactions. The General Partner has fiduciary duties to its sole stockholder, which is wholly-owned by Aimco, on the one hand, and to AIP and its limited partners, on the other hand. The duties of the General Partner to AIP and its limited partners conflict with its duties to its sole stockholder, which could result in the General Partner approving a transaction that is more favorable to Aimco than might be the case absent such conflict of interest. The General Partner, in its capacity as general partner of AIP, seeks the best possible terms for AIP's limited partners. This conflicts with Aimco's interest in obtaining the best possible terms for Aimco OP.

No independent representative was engaged to represent the unaffiliated limited partners in negotiating the terms of the transactions. If an independent advisor had been engaged, it is possible that such advisor could have negotiated better terms for AIP's unaffiliated limited partners.

The terms of the transactions have not been determined in arm's-length negotiations. The terms of the transactions, including the merger consideration, were determined through discussions between officers and directors of the General Partner, on the one hand, and officers of Aimco, on the other. All of the officers and directors of the General Partner are also officers of Aimco. There are no independent directors of the General Partner. If the terms of the transactions had been determined through arm's-length negotiations, the terms might be more favorable to AIP and its limited partners.

The merger agreement does not require approval by a majority of the unaffiliated limited partners. Under the provisions of the AIP partnership agreement and applicable law, the merger agreement and the transactions contemplated thereby must be approved by a majority in interest of the AIP Units. As of November 10, 2011, there were 47,311 issued and outstanding AIP Units, and Aimco OP and its affiliates owned 27,739 of those units, or approximately 58.63% of the number of units outstanding. The General Partner's affiliates have indicated that they will vote all of their AIP Units in favor of the merger transactions, enabling them to approve the merger transactions without the consent or approval of any unaffiliated limited partners.

In connection with previous partnership merger transactions, lawsuits have been filed alleging that Aimco and certain of its affiliates breached their fiduciary duties to the unaffiliated limited partners. In February 2011, Aimco and Aimco OP completed six partnership mergers. In each merger, the limited partners who were not affiliated with Aimco received cash or OP Units with a value calculated based on the estimated proceeds that would be available for distribution to limited partners if the partnership's properties were sold at prices equal to their appraised values. In March 2011, counsel representing a putative class consisting of former limited partners in each of those partnerships contacted Aimco alleging that the merger transactions were unfair to the unaffiliated limited partners because the appraisals used were not of a recent date and no fairness opinions were obtained, among other reasons. Aimco denied the purported class allegations, but agreed to mediate plaintiffs' claims in June 2011, and agreed to settle this dispute by paying the unaffiliated limited partners additional consideration of \$7.5 million. The merger contemplated hereby may also be subject to claims that the merger consideration is unfair and a result of self-dealing.

The merger consideration was determined based on the appraised value of the property as of the date of the appraisal, and there can be no assurance that the value of the property will not increase as of the date of the consummation of the merger transactions. KTR appraised AIP's property as of October 1, 2011, and the General Partner calculated the amount of the merger consideration based on the appraised value of the property as of such date.

The General Partner has not made any other attempt to assess or account for any changes in the value of the property since the date of KTR's appraisal in its determination of the merger consideration.

Alternative valuations of AIP's property might exceed the appraised value relied on to determine the merger consideration. Aimco determined the merger consideration in reliance on the appraised value of AIP's property. See, Special Factors The Appraisal, beginning on page 9, for more information about the appraisal. Although an independent appraiser was engaged to perform a complete appraisal of the property, valuation is not an exact

Table of Contents

science. There are a number of other methods available to value real estate, each of which may result in different valuations of the property. Also, others using the same valuation methodology could make different assumptions and judgments, and obtain different results. For example, in connection with the refinancing of the mortgages encumbering the property during 2010, the lender appraised the value of the property at \$21,500,000, an amount that is less than the property's current appraised value.

The actual sales price of AIP's property could exceed the appraised value that Aimco relied on to determine the merger consideration. Except as described below, no recent attempt has been made to market the Lazy Hollow Apartments to unaffiliated third parties. There can be no assurance that the Lazy Hollow Apartments could not be sold for a value higher than the appraised value used to determine the merger consideration if it was marketed to third-party buyers interested in a property of this type. In September 2009, the limited partnership in which AIP owns a 99% limited partnership interest, together with certain other affiliates of Aimco, entered into a purchase and sale contract with a third party to sell the Lazy Hollow Apartments and certain other apartment complexes. This purchase and sale contract was terminated by the parties in the fourth quarter of 2009. The amount of the overall purchase price to be allocated to the Lazy Hollow Apartments under the terminated purchase and sale contract was \$17,510,000, which is less than the property's current appraised value.

The merger consideration may not represent the price limited partners could obtain for their AIP Units in an open market. There is no established or regular trading market for AIP Units, nor is there another reliable standard for determining the fair market value of the AIP Units. The merger consideration does not necessarily reflect the price that AIP limited partners would receive in an open market for their AIP Units. Such prices could be higher than the aggregate value of the merger consideration.

Limited partners may recognize taxable gain in the transactions, and that gain could exceed the merger consideration. Limited partners who elect to receive cash in the merger transactions will recognize gain or loss equal to the difference between their amount realized and their adjusted tax basis in the AIP Units sold. The resulting tax liability could exceed the value of the cash received in the merger transactions.

Limited partners in certain jurisdictions will not be able to elect OP Units. In those states or jurisdictions where the offering of the OP Units hereby is not permitted (or the registration or qualification of OP Units in that state or jurisdiction would be prohibitively costly), residents of those states will receive only the cash consideration in the merger transactions.

Risks Related to an Investment in Aimco or Aimco OP

For a description of risks related to an investment in Aimco and Aimco OP, please see the information set forth under Part I Item 1A. Risk Factors in the Annual Reports on Form 10-K for the year ended December 31, 2010 of each of Aimco and Aimco OP. Aimco's Annual Report is incorporated herein by reference and is available electronically through the SEC's website, www.sec.gov, or by request to Aimco. Aimco OP's Annual Report on Form 10-K for the year ended December 31, 2010 (excluding the report of the independent registered public accounting firm, the financial statements and notes thereto) is included as [Annex G](#) to this information statement/prospectus.

Risks Related to an Investment in OP Units

There are restrictions on the ability to transfer OP Units, and there is no public market for OP Units. The Aimco OP partnership agreement restricts the transferability of OP Units. Until the expiration of a one-year holding period, subject to certain exceptions, investors may not transfer OP Units without the consent of Aimco OP's general partner. Thereafter, investors may transfer such OP Units subject to the satisfaction of certain conditions, including the general partner's right of first refusal. There is no public market for the OP Units. Aimco OP has no plans to list any OP Units

on a securities exchange. It is unlikely that any person will make a market in the OP Units, or that an active market for the OP Units will develop. If a market for the OP Units develops and the OP Units are considered readily tradable on a secondary market (or the substantial equivalent thereof), Aimco OP would be classified as a publicly traded partnership for U.S. Federal income tax purposes, which could have a material adverse effect on Aimco OP.

Cash distributions by Aimco OP are not guaranteed and may fluctuate with partnership performance. Aimco OP makes quarterly distributions to holders of OP Units (on a per unit basis) that generally are equal to dividends paid

Table of Contents

on the Aimco common stock (on a per share basis). However, such distributions will not necessarily continue to be equal to such dividends. Although Aimco OP makes quarterly distributions on its OP Units, there can be no assurance regarding the amounts of available cash that Aimco OP will generate or the portion that its general partner will choose to distribute. The actual amounts of available cash will depend upon numerous factors, including profitability of operations, required principal and interest payments on our debt, the cost of acquisitions (including related debt service payments), its issuance of debt and equity securities, fluctuations in working capital, capital expenditures, adjustments in reserves, prevailing economic conditions and financial, business and other factors, some of which may be beyond Aimco OP's control. Cash distributions depend primarily on cash flow, including from reserves, and not on profitability, which is affected by non-cash items. Therefore, cash distributions may be made during periods when Aimco OP records losses and may not be made during periods when it records profits. The Aimco OP partnership agreement gives the general partner discretion in establishing reserves for the proper conduct of the partnership's business that will affect the amount of available cash. Aimco is required to make reserves for the future payment of principal and interest under its credit facilities and other indebtedness. In addition, Aimco OP's credit facility limits its ability to distribute cash to holders of OP Units. As a result of these and other factors, there can be no assurance regarding actual levels of cash distributions on OP Units, and Aimco OP's ability to distribute cash may be limited during the existence of any events of default under any of its debt instruments.

Holders of OP Units are limited in their ability to effect a change of control. The limited partners of Aimco OP are unable to remove the general partner of Aimco OP or to vote in the election of Aimco's directors unless they own shares of Aimco. In order to comply with specific REIT tax requirements, Aimco's charter has restrictions on the ownership of its equity securities. As a result, Aimco OP limited partners and Aimco stockholders are limited in their ability to effect a change of control of Aimco OP and Aimco, respectively.

Holders of OP Units have limited voting rights. Aimco OP is managed and operated by its general partner. Unlike the holders of common stock in a corporation, holders of OP Units have only limited voting rights on matters affecting Aimco OP's business. Such matters relate to certain amendments of the partnership agreement and certain transactions such as the institution of bankruptcy proceedings, an assignment for the benefit of creditors and certain transfers by the general partner of its interest in Aimco OP or the admission of a successor general partner. Holders of OP Units have no right to elect the general partner on an annual or other continuing basis, or to remove the general partner. As a result, holders of OP Units have limited influence on matters affecting the operation of Aimco OP, and third parties may find it difficult to attempt to gain control over, or influence the activities of, Aimco OP.

Holders of OP Units are subject to dilution. Aimco OP may issue an unlimited number of additional OP Units or other securities for such consideration and on such terms as it may establish, without the approval of the holders of OP Units. Such securities could have priority over the OP Units as to cash flow, distributions and liquidation proceeds. The effect of any such issuance may be to dilute the interests of holders of OP Units.

Holders of OP Units may not have limited liability in specific circumstances. The limitations on the liability of limited partners for the obligations of a limited partnership have not been clearly established in some states. If it were determined that Aimco OP had been conducting business in any state without compliance with the applicable limited partnership statute, or that the right or the exercise of the right by the OP Unitholders as a group to make specific amendments to the agreement of limited partnership or to take other action under the agreement of limited partnership constituted participation in the control of Aimco OP's business, then a holder of OP Units could be held liable under specific circumstances for Aimco OP's obligations to the same extent as the general partner.

Aimco may have conflicts of interest with holders of OP Units. Conflicts of interest have arisen and could arise in the future as a result of the relationships between the general partner of Aimco OP and its affiliates (including Aimco), on the one hand, and Aimco OP or any partner thereof, on the other. The directors and officers of the general partner have fiduciary duties to manage the general partner in a manner beneficial to Aimco, as the sole stockholder of the general

partner. At the same time, as the general partner of Aimco OP, it has fiduciary duties to manage Aimco OP in a manner beneficial to Aimco OP and its limited partners. The duties of the general partner of Aimco OP to Aimco

Table of Contents

OP and its partners may therefore come into conflict with the duties of the directors and officers of the general partner to its sole stockholder, Aimco. Such conflicts of interest might arise in the following situations, among others:

Decisions of the general partner with respect to the amount and timing of cash expenditures, borrowings, issuances of additional interests and reserves in any quarter will affect whether or the extent to which there is available cash to make distributions in a given quarter.

Under the terms of the Aimco OP partnership agreement, Aimco OP will reimburse the general partner and its affiliates for costs incurred in managing and operating Aimco OP, including compensation of officers and employees.

Whenever possible, the general partner seeks to limit Aimco OP's liability under contractual arrangements to all or particular assets of Aimco OP, with the other party thereto having no recourse against the general partner or its assets.

Any agreements between Aimco OP and the general partner and its affiliates will not grant to the OP Unitholders, separate and apart from Aimco OP, the right to enforce the obligations of the general partner and such affiliates in favor of Aimco OP. Therefore, the general partner, in its capacity as the general partner of Aimco OP, will be primarily responsible for enforcing such obligations.

Under the terms of the Aimco OP partnership agreement, the general partner is not restricted from causing Aimco OP to pay the general partner or its affiliates for any services rendered on terms that are fair and reasonable to Aimco OP or entering into additional contractual arrangements with any of such entities on behalf of Aimco OP. Neither the Aimco OP partnership agreement nor any of the other agreements, contracts and arrangements between Aimco OP, on the one hand, and the general partner of Aimco OP and its affiliates, on the other, are or will be the result of arm's-length negotiations.

Provisions in the Aimco OP partnership agreement may limit the ability of a holder of OP Units to challenge actions taken by the general partner. Delaware law provides that, except as provided in a partnership agreement, a general partner owes the fiduciary duties of loyalty and care to the partnership and its limited partners. The Aimco OP partnership agreement expressly authorizes the general partner to enter into, on behalf of Aimco OP, a right of first opportunity arrangement and other conflict avoidance agreements with various affiliates of Aimco OP and the general partner, on such terms as the general partner, in its sole and absolute discretion, believes are advisable. The latitude given in the Aimco OP partnership agreement to the general partner in resolving conflicts of interest may significantly limit the ability of a holder of OP Units to challenge what might otherwise be a breach of fiduciary duty. The general partner believes, however, that such latitude is necessary and appropriate to enable it to serve as the general partner of Aimco OP without undue risk of liability.

The Aimco OP partnership agreement limits the liability of the general partner for actions taken in good faith. Aimco OP's partnership agreement expressly limits the liability of the general partner by providing that the general partner, and its officers and directors, will not be liable or accountable in damages to Aimco OP, the limited partners or assignees for errors in judgment or mistakes of fact or law or of any act or omission if the general partner or such director or officer acted in good faith. In addition, Aimco OP is required to indemnify the general partner, its affiliates and their respective officers, directors, employees and agents to the fullest extent permitted by applicable law, against any and all losses, claims, damages, liabilities, joint or several, expenses, judgments, fines and other actions incurred by the general partner or such other persons, provided that Aimco OP will not indemnify for (i) willful misconduct or a knowing violation of the law or (ii) for any transaction for which such person received an improper personal benefit in violation or breach of any provision of the partnership agreement. The provisions of Delaware law that allow the common law fiduciary duties of a general partner to be modified by a partnership agreement have not been resolved in

a court of law, and the general partner has not obtained an opinion of counsel covering the provisions set forth in the Aimco OP partnership agreement that purport to waive or restrict the fiduciary duties of the general partner that would be in effect under common law were it not for the partnership agreement.

Certain United States Tax Risks Associated with an Investment in the OP Units

The following are among the U.S. Federal income tax considerations to be taken into account in connection with an investment in OP Units. For a general discussion of material U.S. Federal income tax consequences

Table of Contents

resulting from acquiring, holding, exchanging, and otherwise disposing of OP Units, see Material United States Federal Income Tax Considerations Taxation of Aimco OP and OP Unitholders.

Aimco OP may be treated as a publicly traded partnership taxable as a corporation. If Aimco OP were treated as a publicly traded partnership taxed as a corporation for U.S. Federal income tax purposes, material adverse consequences to the partners would result. Moreover in such case, a holder of AIP Units receiving OP Units in the merger would be required to recognize gain or loss on the transaction. In addition, Aimco would not qualify as a REIT for U.S. Federal income tax purposes, which would have a material adverse impact on Aimco and its shareholders. Aimco believes and intends to take the position that Aimco OP should not be treated as a publicly traded partnership taxable as a corporation. No assurances can be given that the Internal Revenue Service, or the IRS, would not assert, or that a court would not sustain a contrary position. Accordingly, each prospective investor is urged to consult his tax advisor regarding the classification and treatment of Aimco OP as a partnership for U.S. Federal income tax purposes.

The limited partners may recognize gain on the transaction. If an AIP limited partner receives or is deemed to receive cash or consideration other than OP Units in connection with the merger transactions, the receipt of such cash or other consideration may be taxable to the limited partner. Subject to certain exceptions, including exceptions applicable to periodic distributions of operating cash flow, any transfer or deemed transfer of cash by Aimco OP to the limited partner (or its owners) (including AIP's distribution of funds from the June 30, 2010 second mortgage AIP obtained on the Lazy Hollow Apartments) within two years before or after the merger, including cash paid at closing, will generally be treated as part of a disguised sale. The application of the disguised sale rules is complex and depends, in part, upon the facts and circumstances applicable to the limited partner, which Aimco has not undertaken to review. Accordingly, limited partners are particularly urged to consult with their tax advisors concerning the extent to which the disguised sale rules would apply.

A contribution of appreciated or depreciated property may result in special allocations to the contributing partner. If property is contributed to Aimco OP, and the adjusted tax basis of the property differs from its fair market value, then Aimco OP tax items must be specially allocated for U.S. Federal income tax purposes, in a manner chosen by Aimco OP, such that the contributing partner is charged with and recognizes the unrealized gain, or benefits from the unrealized loss, associated with the property at the time of the contribution. As a result of such special allocations, the amount of net taxable income allocated to a contributing partner may exceed the amount of cash distributions, if any, to which such contributing partner is entitled.

The Aimco OP general partner could take actions that would impose tax liability on a contributing partner. There are a variety of transactions that Aimco OP may in its sole discretion undertake following a property contribution that could cause the transferor (or its partners) to incur a tax liability without a corresponding receipt of cash. Such transactions include, but are not limited to, the sale or distribution of a particular property and a reduction in nonrecourse debt, or the making of certain tax elections by Aimco OP. In addition, future economic, market, legal, tax or other considerations may cause Aimco OP to dispose of the contributed property or to reduce its debt. As permitted by the Aimco OP partnership agreement, the general partner intends to make decisions in its capacity as general partner of Aimco OP so as to maximize the profitability of Aimco OP as a whole, independent of the tax effects on individual holders of OP Units.

An investor's tax liability from OP Units could exceed the cash distributions received on such OP Units. A holder of OP Units will be required to pay U.S. Federal income tax on such holder's allocable share of Aimco OP's income, even if such holder receives no cash distributions from Aimco OP. No assurance can be given that a holder of OP Units will receive cash distributions equal to such holder's allocable share of taxable income from Aimco OP or equal to the tax liability to such holder resulting from that income. Further, upon the sale, exchange or redemption of any OP Units, a reduction in nonrecourse debt, or upon the special allocation at the liquidation of Aimco OP, an investor may incur a tax liability in excess of the amount of cash received.

OP Unitholders may be subject to state, local or foreign taxation. OP Unitholders may be subject to state, local or foreign taxation in various jurisdictions, including those in which Aimco OP transacts business and owns property. It should be noted that Aimco OP owns properties located in a number of states and local jurisdictions, and an OP Unitholder may be required to file income tax returns in some or all of those jurisdictions. The state, local or foreign tax treatment of OP Unitholders may not conform to the U.S. federal income tax consequences of an investment in OP Units, as described in *Material United States Federal Income Tax Considerations* beginning on page 67.

Table of Contents**SELECTED SUMMARY HISTORICAL FINANCIAL DATA OF
APARTMENT INVESTMENT AND MANAGEMENT COMPANY**

The following table sets forth Aimco's selected summary historical financial data as of the dates and for the periods indicated. Aimco's historical consolidated statements of operations data set forth below for each of the five fiscal years in the period ended December 31, 2010 and the historical consolidated balance sheet data for each of the five fiscal year-ends in the period ended December 31, 2010, are derived from information included in Aimco's Current Report on Form 8-K filed with the SEC on November 15, 2011. Aimco's unaudited historical consolidated statements of operations data set forth below for each of the nine months ended September 30, 2011 and 2010, and the unaudited historical consolidated balance sheet data as of September 30, 2011, are derived from information included in Aimco's Quarterly Report on Form 10-Q for the quarter ended September 30, 2011, filed with the SEC on October 28, 2011.

You should read this information together with Management's Discussion and Analysis of Financial Condition and Results of Operations and with the consolidated financial statements and notes to the consolidated financial statements included in Aimco's Current Report on Form 8-K filed with the SEC on November 15, 2011, and Aimco's Quarterly Report on Form 10-Q for the quarter ended September 30, 2011, filed with the SEC on October 28, 2011, which are incorporated by reference in this information statement/prospectus. See Where You Can Find Additional Information in this information statement/prospectus.

Table of Contents**COMPARATIVE PER SHARE DATA**

Aimco common stock trades on the NYSE under the symbol AIV. The OP Units are not listed on any securities exchange and do not trade in an active secondary market. However, as described below, the trading price of Aimco common stock is considered a reasonable estimate of the fair market value of an OP Unit. After a one-year holding period, OP Units are redeemable for shares of Aimco common stock (on a one-for-one basis) or cash equal to the value of such shares, as Aimco elects. As a result, the trading price of Aimco common stock is considered a reasonable estimate of the fair market value of an OP Unit. The number of OP Units offered in the merger with respect to each AIP Unit was calculated by dividing the per unit cash merger consideration by the average closing price of Aimco common stock, as reported on the NYSE over the ten consecutive trading days ending on the second trading day immediately prior to the consummation of the second merger. The closing price of Aimco common stock as reported on the NYSE on November 10, 2011, was \$22.82.

The AIP Units are not listed on any securities exchange nor do they trade in an active secondary market. The per unit cash merger consideration payable to each holder of AIP Units is greater than the General Partner's estimate of the proceeds that would be available for distribution to limited partners (following the repayment of debt and other liabilities of AIP) if its property was sold at a price equal to its appraised value, given that the General Partner did not deduct certain amounts that would be payable upon an immediate sale of the partnership's property, such as prepayment penalties on the mortgage debt of such property.

The following tables summarize the historical per share/unit information for Aimco, Aimco OP and AIP for the periods indicated:

	Nine Months Ended September 30, 2011	Fiscal Year Ended December 31, 2010 2009 2008		
Cash dividends declared per share/unit				
Aimco Common Stock	\$ 0.36	\$ 0.30	\$ 0.40	\$ 2.40
Aimco OP Units	0.36	0.30	0.40	2.40
AIP Units		181.90	14.01	6.59
(Loss) income per common share/unit from continuing operations				
Aimco Common Stock	\$ (0.92)	\$ (1.45)	\$ (1.77)	\$ (2.09)
Aimco OP Units	(0.91)	(1.44)	(1.76)	(1.94)
AIP Units	5.75	8.46	12.66	13.57

	September 30, 2011	December 31, 2010
Book value per share/unit		
Aimco Common Stock(1)	\$ 7.87	\$ 8.89
Aimco OP Units(2)	7.26	8.18
AIP Units(3)	(197.40)	(204.67)

- (1) Based on 120.9 million and 117.6 million shares of Aimco common stock outstanding at September 30, 2011 and December 31, 2010, respectively.
- (2) Based on 129.2 million and 126.1 million Aimco OP Units and equivalents outstanding at September 30, 2011 and December 31, 2010, respectively.
- (3) Based on 47,311 limited partner units outstanding at September 30, 2011 and December 31, 2010.

INFORMATION ABOUT THE AIMCO ENTITIES

Aimco is a Maryland corporation incorporated on January 10, 1994. Aimco is a self-administered and self-managed real estate investment trust, or REIT. Aimco's principal financial objective is to provide predictable and attractive returns to its stockholders. Aimco's business plan to achieve this objective is to:

own and operate a broadly diversified portfolio of primarily class B/B+ assets (defined below) with properties concentrated in the 20 largest markets in the United States (as measured by total apartment value, which is the estimated total market value of apartment properties in a particular market);

improve its portfolio by selling assets with lower projected returns and reinvesting those proceeds through the purchase of new assets or additional investment in existing assets in its portfolio, including increased ownership or redevelopment; and

provide financial leverage primarily by the use of non-recourse, long-dated, fixed-rate property debt and perpetual preferred equity.

As of September 30, 2011, Aimco:

owned an equity interest in 205 conventional real estate properties with 64,781 units;

owned an equity interest in 201 affordable real estate properties with 24,040 units; and

provided services for or managed 11,233 units in 159 properties, primarily pursuant to long-term asset management agreements. In certain cases, Aimco may indirectly own generally less than one percent of the operations of such properties through a syndication or other fund.

Of these properties, Aimco consolidated 199 conventional properties with 63,335 units and 160 affordable properties with 19,969 units.

For conventional assets, Aimco focuses on the ownership of primarily B/B+ assets. Aimco measures conventional property asset quality based on average rents of its units compared to local market average rents as reported by a third-party provider of commercial real estate performance and analysis, with A-quality assets earning rents greater than 125% of local market average, B-quality assets earning rents 90% to 125% of local market average and C-quality assets earning rents less than 90% of local market average. Aimco classifies as B/B+ those assets earning rents ranging from 100% to 125% of local market average. Although some companies and analysts within the multifamily real estate industry use asset class ratings of A, B and C, some of which are tied to local market rent averages, the metrics used to classify asset quality as well as the timing for which local markets rents are calculated may vary from company to company. Accordingly, Aimco's rating system for measuring asset quality is neither broadly nor consistently used in the multifamily real estate industry.

Through its wholly-owned subsidiaries, AIMCO-GP, Inc., the general partner of Aimco OP, and AIMCO-LP Trust, Aimco owns a majority of the ownership interests in Aimco OP. As of September 30, 2011, Aimco held approximately 94% of the OP Units and equivalents. Aimco conducts substantially all of its business and owns substantially all of its assets through Aimco OP. Interests in Aimco OP that are held by limited partners other than Aimco include OP Units, high performance partnership units, or HPUs, and partnership preferred units. The holders of the OP Units receive distributions, prorated from the date of issuance, in an amount equivalent to the dividends paid to

holders of Aimco common stock. Holders of OP Units may redeem such units for cash or, at Aimco OP's option, Aimco common stock. Partnership preferred units entitle the holders thereof to a preference with respect to distributions or upon liquidation. At September 30, 2011, after elimination of shares held by consolidated subsidiaries, 120,916,144 shares of Aimco common stock were outstanding and Aimco OP had 8,289,841 OP Units and equivalents outstanding for a combined total of 129,205,985 shares of Aimco common stock, OP Units and equivalents outstanding.

Through its wholly-owned subsidiary, AIMCO/IPT, Inc., a Delaware corporation, Aimco owns all of the outstanding common stock of the General Partner.

Table of Contents

AIMCO/IPT, Inc. holds a 70% interest in AIMCO IPLP, L.P. as its general partner. AIMCO/IPT, Inc. and AIMCO IPLP, L.P. share voting and dispositive power over 5,462 AIP Units, or approximately 11.54% of the outstanding AIP Units. Aimco OP holds a 30% interest in AIMCO IPLP, L.P. as its limited partner.

Angeles Income Properties 6, LP, or New AIP, is a Delaware limited partnership formed on July 26, 2011, for the purpose of consummating the merger with AIP. New AIP has not carried on any activities to date, except for activities incidental to its formation and activities undertaken in connection with the transactions contemplated by the merger agreement. New AIP's general partner is Angeles Realty Corporation II, and its sole limited partner is Aimco OP.

AIMCO AIP 6 Merger Sub LLC, or the Aimco Subsidiary, is a Delaware limited liability company formed on July 26, 2011, for the purpose of consummating the merger with AIP. The Aimco Subsidiary is a direct wholly-owned subsidiary of Aimco OP. The Aimco Subsidiary has not carried on any activities to date, except for activities incidental to its formation and activities undertaken in connection with the transactions contemplated by the merger agreement.

The names, positions and business addresses of the directors and executive officers of Aimco, Aimco OP, AIMCO-GP, Inc., AIMCO/IPT, Inc., AIMCO IPLP, L.P., Cooper River Properties, LLC, the General Partner and the Aimco Subsidiary, as well as a biographical summary of the experience of such persons for the past five years or more, are set forth in [Annex D](#) attached hereto and are incorporated in this information statement/prospectus by reference. During the last five years, none of Aimco, AIMCO-GP, AIMCO/IPT, Inc., AIMCO IPLP, L.P., Aimco OP, Cooper River Properties, LLC, AIP or the General Partner nor, to the best of their knowledge, any of the persons listed in [Annex D](#) of this information statement/prospectus (i) has been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or (ii) was a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining further violations of or prohibiting activities subject to federal or state securities laws or finding any violation with respect to such laws. Additional information about Aimco is included in documents incorporated by reference into this information statement/prospectus. Additional information about Aimco OP is included in [Annex G](#), [Annex H](#), and [Annex I](#) to this information statement/prospectus. See [Where You Can Find Additional Information](#).

The following chart represents the organizational structure of the Aimco Entities:

Table of Contents**INFORMATION ABOUT ANGELES INCOME PROPERTIES, LTD. 6**

Angeles Income Properties, Ltd. 6 is a California limited partnership organized in June 1984. During its initial offering period through September 30, 1988, AIP sold a total of 47,384 units of the limited partnership for \$1,000 each, for an aggregate capital contribution of \$47,384,000. In addition, the general partner contributed a total of \$1,000 to AIP for a 1% interest. Since its initial offering, AIP has not received, nor are limited partners required to make, additional capital contributions. AIP's partnership agreement provides that the partnership is to terminate on December 31, 2037 unless terminated prior to such date. The General Partner is a wholly-owned subsidiary of Aimco.

AIP was organized for the purpose of acquiring fee and other forms of equity interests in various types of real estate property. On May 20, 2010, AIP sold Homestead Apartments, a 168 unit apartment complex in East Lansing, Michigan, to a third party for a gross sales price of \$7,000,000. The net proceeds realized by AIP were approximately \$6,802,000 after payment of closing costs of approximately \$198,000. AIP used approximately \$3,295,000 to repay the mortgage encumbering the property. AIP realized a gain on sale of discontinued operations of approximately \$3,820,000 as a result of the sale. In addition, AIP recorded a loss on extinguishment of debt of approximately \$968,000 due to the write-off of unamortized loan costs and the payment of a prepayment penalty associated with the payment of the mortgage of approximately \$870,000. While AIP is not subject to federal income tax, it is subject to tax related to its Michigan activities. During the year ended December 31, 2010, as a result of the sale of Homestead Apartments, AIP recognized current tax expense of approximately \$118,000, with a corresponding liability at December 31, 2010.

At September 30, 2011, AIP, through a limited partnership in which AIP owns a 99% interest, owned and operated one property, the Lazy Hollow Apartments, a 178 unit apartment project located in Columbia, Maryland.

The average annual rental rates for each of the five years ended December 31, 2010 for the property are as follows:

Property	Average Annual Rental Rates				
	2010	2009	2008	2007	2006
Lazy Hollow Apartments	\$14,691/unit	\$14,598/unit	\$14,465/unit	\$13,999/unit	\$13,614/unit

The average occupancy for each of the five years ended December 31, 2010 and for the nine months ended September 30, 2011 and 2010 for the property is as follows:

Property	Average Occupancy						
	For the Nine Months Ended September 30,		For The Years Ended December 31,				
	2011	2010	2010	2009	2008	2007	2006
Lazy Hollow Apartments	97%	97%	97%	96%	95%	97%	95%

The real estate industry is highly competitive. AIP's property is subject to competition from other residential apartment complexes in the area. The General Partner believes that the property is adequately insured. The property is an apartment complex which leases units for terms of one year or less. No tenant leases 10% or more of the available

rental space.

In June 2008, Lazy Hollow Apartments suffered damage to several of its apartment units as a result of high winds and falling trees. AIP incurred approximately \$67,000 to repair the damaged units during 2008, including approximately \$17,000 for clean-up costs. During the year ended December 31, 2009, AIP received approximately \$64,000 in insurance proceeds, including approximately \$14,000 for emergency expenses. AIP recognized a casualty gain of approximately \$36,000 during the year ended December 31, 2009 as a result of the write-off of undepreciated damaged assets of approximately \$14,000.

During the year ended December 31, 2010, AIP completed approximately \$119,000 of capital improvements at Lazy Hollow Apartments consisting primarily of water heater, appliance and floor covering replacements. These improvements were funded from operating cash flow. During the nine months ended September 30, 2011, AIP completed approximately \$211,000 of capital improvements at Lazy Hollow Apartments, consisting primarily of water heater and floor covering replacements, exterior painting and parking lot improvements. These improvements

Table of Contents

were funded from operating cash flow. AIP regularly evaluates the capital improvement needs of the property. AIP has received notice that lender on the first and second mortgage on AIP's property will require AIP to complete certain parking lot and common area repairs during 2011, which repairs cost approximately \$109,800. As discussed above, all of these capital improvements were completed during the nine months ended September 30, 2011. Except for these repairs, AIP has no material commitments for property improvements and replacements, however, certain routine capital expenditures are anticipated during the remainder of 2011. Such capital expenditures will depend on the physical condition of the property as well as anticipated cash flow generated by the property.

Additional capital expenditures will be incurred only if cash is available from operations or from AIP reserves. To the extent that such capital improvements are completed, AIP's distributable cash flow, if any, may be adversely affected at least in the short term.

The following table sets forth certain information relating to the mortgages encumbering the Lazy Hollow Apartments at September 30, 2011:

	Principal, Balance at September 30, 2011 (In thousands)	Interest Rate(1)	Period Amortized	Maturity Date	Principal Balance Due at Maturity(2) (In thousands)
1 st mortgage	\$ 7,520	6.04%	360 months	07/2020	\$ 6,412
2 nd mortgage	6,237	5.88%	360 months	07/2020	5,292
	\$ 13,757				\$ 11,704

(1) Fixed rate mortgages.

(2) See Note C Mortgage Notes Payable to the financial statements included in Item 8. Financial Statements and Supplementary Data in AIP's Annual Report on Form 10-K for the year ended December 31, 2010 attached hereto as Annex E for information with respect to AIP's ability to prepay these mortgages and other specific details about the mortgages.

The mortgage notes payable are fixed rate mortgages that are non-recourse and are secured by pledges of AIP's rental property and by pledges of revenues from the rental property. The mortgage notes payable include prepayment penalties if repaid prior to maturity. Further, the property may not be sold subject to existing indebtedness.

On June 30, 2010, AIP obtained a second mortgage loan in the principal amount of \$6,330,000 on the Lazy Hollow Apartments. The second mortgage bears interest at a fixed rate of 5.88% per annum and requires monthly payments of principal and interest of approximately \$37,000, from August 1, 2010 through the July 1, 2020 maturity date. The second mortgage has a balloon payment of approximately \$5,292,000 due at maturity. AIP may prepay the second mortgage at any time with 30 days written notice to the lender subject to a prepayment penalty. As a condition of the loan, the lender required Aimco OP to guarantee certain non-recourse carve-out obligations of AIP with respect to the new mortgage financing. In connection with the new loan, AIP incurred loan costs of approximately \$189,000, which were capitalized during the year ended December 31, 2010. Included in the capitalized loan costs is a refinance fee of

approximately \$56,000 which was paid to an affiliate of the General Partner during the year ended December 31, 2010.

In connection with the second mortgage loan, AIP also agreed to certain modifications on the existing mortgage loan encumbering the Lazy Hollow Apartments. The modification includes a fixed interest rate of 6.04% per annum and monthly payments of principal and interest of approximately \$46,000, from August 1, 2010 through the maturity date of July 1, 2020, at which time a balloon payment of approximately \$6,412,000 is due. The previous terms provided for a fixed interest rate of 5.94% per annum and monthly payments of principal and interest of approximately \$71,000 through the April 30, 2023 maturity date, at which date the mortgage was scheduled to be fully amortized. AIP may prepay the first mortgage loan at any time subject to a prepayment penalty. Total costs associated with the modification of the existing mortgage were approximately \$15,000. As a condition of the loan, the lender required Aimco OP to guarantee certain non-recourse carve-out obligations of AIP with respect to the modified loan.

Table of Contents**Distributions to Limited Partners**

The AIP Units are entitled to allocations of profit and loss, and distributions, relating to AIP's interest in the Lazy Hollow Apartments. As of November 10, 2011, there were 47,311 AIP Units outstanding, and Aimco OP and its affiliates owned 27,739 of those units, or approximately 58.63% of those units.

AIP distributed the following amounts during the years ended December 31, 2010 and 2009 (in thousands except per unit data):

	Year Ended December 31, 2010		Year Ended December 31, 2009	
	Aggregate	Per Limited Partnership Unit	Aggregate	Per Limited Partnership Unit
Sale(1)	\$ 2,276	\$ 47.64	\$	\$
Financing(2)	6,205	129.86		
Operations(3)	211	4.40	670	14.01
