PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
To Be Held May 3, 2006

This proxy statement is being furnished to shareholders by the Board of Directors (the "Board") of LaCrosse Footwear, Inc. (the "Company") beginning on or about April 4, 2006, in connection with a solicitation of proxies by the Board for use at the annual meeting of shareholders to be held on Wednesday, May 3, 2006, at 10:00 A.M., Pacific Time, at LaCrosse Footwear, Inc., 18550 NE Riverside Parkway, Portland, Oregon and all adjournments or postponements thereof (the "Annual Meeting") for the purposes set forth in the attached Notice of Annual Meeting of Shareholders.

Execution of a proxy given in response to this solicitation will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Presence at the Annual Meeting of a shareholder who has signed a proxy does not in itself revoke a proxy. Any shareholder giving a proxy may revoke it at any time before it is exercised by giving notice thereof to the Company in writing or in open meeting.

A proxy, in the enclosed form, which is properly executed, duly returned to the Company and not revoked will be voted in accordance with the instructions contained therein. The shares represented by executed but unmarked proxies will be voted FOR the three persons nominated for election as directors referred to herein.

Only holders of record of the Company's common stock (the "Common Stock") at the close of business on March 3, 2006, are entitled to vote at the Annual Meeting. On that date, there were 6,003,191 shares of Common Stock outstanding and entitled to vote. Holders of shares of Common Stock are entitled to cast one vote per share on all matters at the Annual Meeting.

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock entitled to vote shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter and has not received voting instructions from the beneficial owner with respect to the particular matter) will be counted as shares present for the purpose of determining whether a quorum is present, but will not be counted for or against any proposal including the election of directors. If a quorum is present, (i) directors will be elected by a plurality of the votes cast at the Annual Meeting, and (ii) approval of all other matters that properly come before the meeting requires that the votes cast in favor of such proposals exceed the votes cast against such proposals.

ELECTION OF DIRECTORS

The Company's By-Laws provide that the directors shall be divided into three classes, with staggered terms of three years each. At the Annual Meeting, the shareholders will elect three directors to hold office until the 2009 annual meeting of shareholders and until their successors are duly elected and qualified. Unless shareholders otherwise specify, the shares represented by the proxies received will be voted in favor of the election of the three persons named as nominees herein. The Board has no reason to believe that any of the listed nominees will be unable or unwilling to serve as a director if elected. However, in the event that any nominee should be unable to serve or will not serve, the shares represented by proxies received will be voted for another nominee selected by the Board. Directors will be elected by a plurality of the votes cast at the Annual Meeting (assuming a quorum is present). Consequently, any shares not voted at the Annual Meeting, whether due to abstentions, broker non-votes or otherwise, will have no impact on the election of directors. Votes will be tabulated by an inspector of election appointed by the Board.

The following sets forth certain information, as of March 3, 2006, about the Board's nominees for election at the Annual Meeting and each director of the Company whose term will continue after the Annual Meeting.

BOARD OF DIRECTORS

Independent Directors

Of the seven directors currently serving on the Board of Directors, the Board has determined that Messrs. Loughlin, Rosenthal, Sims, Smith, Williams and Whitcombe are independent directors as defined in the listing standards of the Nasdaq National Market. The Board has also determined that Messrs. Rosenthal, Loughlin, Smith, Williams and Whitcombe meet the additional independence standards applicable for audit committee members.

Committees

The Board has standing Audit, Compensation, and Nominating and Governance Committees. The Board has adopted, and may amend from time to time, a written charter for each of the Audit, Compensation, and Nominating and Governance Committees. The Company makes available on its corporate website at www.lacrossefootwearinc.com, free of charge, current copies of each of these charters. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this Proxy Statement.

The Audit Committee presently consists of Messrs. Loughlin (Chairman), Rosenthal and Whitcombe. The Board has determined that Mr. Loughlin qualifies as an audit committee financial expert, as defined by applicable rules of the Securities and Exchange Commission. The principal functions performed by the Audit Committee are to assist the Board in monitoring the integrity of the Company's financial statements, the qualifications, independence and performance of the Company's independent registered public accounting firm, the performance of the Company's internal audit function, and the Company's compliance with legal and regulatory requirements. The Audit Committee has the sole authority to appoint, retain, compensate and terminate the Company's independent registered public accounting firm and to approve the compensation paid to the independent registered public accounting firm. The Audit Committee held nine meetings in 2005.

The Compensation Committee presently consists of Messrs. Loughlin (Chairman), Rosenthal and Smith. The principal function of the Compensation Committee is to review and recommend to the Board the compensation structure for the Company's directors, officers and other managerial personnel, including salary rates, participation in incentive compensation and benefit plans, fringe benefits, non-cash perquisites and other forms of compensation. The Compensation Committee also administers the Company's 1993 Employee Stock Incentive Plan (the 1993 Plan), 1997 Employee Stock Incentive Plan (the 1997 Plan) and 2001 Stock Incentive Plan (the 2001 Plan, and together with the 1993 Plan and 1997 Plan, the Plans). The Compensation Committee held nine meetings in 2005 and took action pursuant to one unanimous written consent.

The Nominating and Governance Committee presently consists of Messrs. Smith (Chairman), Loughlin and Whitcombe. The principal functions performed by the Nominating and Governance Committee are: identifying individuals qualified to become directors and recommending to the Board candidates for all directorships to be filled by the Board of Directors or by the shareholders of the Company, identifying directors qualified to serve on the committees established by the Board and recommending to the Board members for each committee to be filled by the Board, and developing and recommending to the Board a set of corporate governance principles applicable to the Company. The Nominating and Governance Committee held five meetings in 2005.

Nominations of Directors

The Nominating and Governance Committee will consider persons recommended by shareholders to become nominees for election as directors. Recommendations for consideration by the Nominating and Governance Committee should be sent to the Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee.

In identifying and evaluating nominees for director, the Nominating and Governance Committee seeks to ensure that the Board possesses, in the aggregate, the strategic, managerial and financial skills and experience necessary to fulfill its duties and to achieve its objectives, and seeks to ensure that the Board is comprised of directors who have broad and diverse backgrounds and possess knowledge in areas that are of importance to the Company. The Nominating and Governance Committee evaluates each nominee on a case-by-case basis regardless of who recommended the nominee. In assessing the qualifications of each candidate to determine if his or her election would further the goals described above, the Nominating and Governance Committee takes into account all factors it considers appropriate, which may include strength of character, mature judgment, career specialization, relevant technical skills or financial acumen, diversity of viewpoint and industry knowledge. However, the Board believes that, to be recommended as a director nominee, each candidate must:

- display the highest personal and professional ethics, integrity and values;

- have the ability to exercise sound business judgment;

be highly accomplished in his or her respective field, with superior credentials and recognition and broad experience at the administrative and/or policy-making level in business, government, education, technology or public interest;

have relevant expertise and experience, and be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience;

be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value; and

have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of the Company's business.

The Board also believes at least one director should have the requisite experience and expertise to be designated as an audit committee financial expert as defined by applicable rules of the Securities and Exchange Commission.

Communications with the Board of Directors

Shareholders may communicate with the Board of Directors by writing to the Secretary of the Company at LaCrosse Footwear, Inc., c/o the Board of Directors (or, at the shareholder's option, c/o a specific director), 18550 NE Riverside Parkway, Portland, Oregon 97230. The Secretary will ensure that this communication (assuming it is properly marked c/o the Board of Directors or c/o a specific director) is delivered to the Board of Directors or the specified director, as the case may be.

Meeting and Attendance

The Board of Directors held eleven meetings in 2005 and took action pursuant to three written unanimous consents. Each director attended at least 75% of the aggregate of (a) the total number of meetings of the Board held in 2005 and (b) the total number of meetings held by all committees of the Board on which the director served during the period.

Directors are expected to attend the Company's annual meeting of shareholders each year. All of the current directors serving on the Board at the time of the Company's 2005 annual meeting of shareholders attended that meeting.

Director Compensation

Directors who are executive officers of the Company receive no compensation for service as members of either the Board or any committees thereof. Directors who are not executive officers of the Company or the Chairman of the Board of Directors receive an annual retainer of \$20,000, an annual fee of \$6,000 for each committee on which the director serves, an annual fee of \$5,000 for serving as chairman of the Audit Committee, an annual fee of \$3,000 for serving as chairman of the Compensation Committee, and an annual fee of \$3,000 for serving as chairman of the Nominating and Governance Committee, all payable quarterly. The Chairman of the Board receives an annual retainer of \$68,000 and \$6,000 for each committee on which the director serves. Each director also receives an annual allowance of \$750 to purchase Company merchandise.

On January 1, 2006, Messrs. Loughlin, Rosenthal, Sims, Smith, Williams, and Whitcombe were each automatically granted an option to purchase 5,000 shares of the Company's Common Stock pursuant to the Company's Director Plan, which options become exercisable in 20% increments over a five-year period from the date of grant.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is composed of three directors, each of whom is independent as defined in Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers, Inc. The Audit Committee is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls.

The Company's management (management) is responsible for the Company's internal controls and the financial reporting process, including the system of internal controls. The Company's independent registered public accounting firm is responsible for expressing an opinion on the conformity of the Company's audited consolidated financial statements with U.S. generally accepted principles. The Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent accounting firm. The Audit Committee has discussed with the independent accounting firm those matters required to be discussed by Statement on Auditing Standards (SAS) No. 61 (Communication With Audit Committees), as amended by SAS 89 and SAS 90.

The Company's independent accounting firm has provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accounting firm their independence. The Committee considered whether the independent auditors provision of non-audit services is compatible with maintaining the independent accounting firm's independence.

The Audit Committee discussed with the Company's independent accounting firm the overall scope and plans for the audit. The Audit Committee meets with the independent accounting firm, with and without management present, to discuss the results of their examinations, the evaluation of the Company's internal controls and overall quality of the Company's financial reporting.

Based on the Audit Committee's reviews and discussions with management and the independent accounting firm referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the Securities and Exchange Commission.

This report shall not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not be deemed filed under such Acts.

The Salaried Plan is a qualified noncontributory plan that provides for fixed benefits to participants and their survivors in the event of normal (age 65) or early (age 55) retirement.

Compensation covered by the Salaried Plan is a participant's total remuneration, including salary and bonus, as shown in the Summary Compensation Table, but excluding deferred compensation and fringe and welfare benefits. Benefits are based on a participant's average monthly compensation for the 60 consecutive calendar months of the 120 calendar months preceding termination of employment for which his or her compensation was the highest. Under the Salaried Plan, only compensation up to the limits imposed by the Internal Revenue Code is taken into account. Benefits are not subject to any deduction for Social Security or other offset amounts. The number of credited years of service under the Salaried Plan for each of the named executive officers as of December 31, 2005 are as follows: Joseph P. Schneider, 13 years.

The Company froze the Salaried Plan, effective as of August 30, 2002, such that participants will not accrue any additional benefits regardless of any increases in their compensation or completion of additional years of credited service after such date. Participants are fully vested in their accrued benefits under the Salaried Plan as of August 30, 2002, which are based upon their then average monthly compensation and years of credited service.

Report on Executive Compensation

The Compensation Committee of the Board is responsible for all aspects of the Company's compensation package offered to its corporate officers, including the named executive officers. The Compensation Committee prepared the following report:

The Company's executive compensation program is designed to link to the corporate performance. To this end, the Company has developed an overall compensation strategy and specific compensation plans that tie a significant portion of executive compensation to the Company's success in meeting specified performance goals. The overall objectives of this strategy are to attract and retain outstanding executive talent and to motivate these executives to achieve aggressive goals linked to the Company's business strategy and provide a compensation package that recognizes individual contributions as well as overall business results.

Base Salaries. Base salaries are initially determined by evaluating the responsibilities of the position, the experience of the individual and the salaries for comparable positions in the competitive marketplace. Base salary levels for the Company's executive officers are generally positioned at market competitive levels for comparable positions in footwear and apparel companies of similar size. In determining annual salary adjustments for executive officers, the Compensation Committee considers various factors including the individual's performance and contribution, competitive salary increase levels provided by the marketplace, the relationship of an executive officer's salary to the market competitive levels for comparable positions, and the Company's performance. The Compensation Committee, where appropriate, also considers nonfinancial performance measures including improvements in product quality, relations with customers, suppliers and employees. Nonfinancial measures used for executive officers are determined on a case-by-case basis and the Compensation Committee does not assign any specific weight to any one of these factors.

Incentive Compensation. The Company's executive officers are eligible for annual incentive compensation. For 2005, executive officers were eligible for incentive compensation based on financial performance. Financial performance, for purposes of determining incentive compensation, was based 50% on sales growth, 40% on operating profit and 10% on targeted inventory turns. For the 2005 incentive compensation plan year, executive officers received 39% of their eligible incentive compensation. For 2006, the incentive compensation formula will be based 40% on sales growth, 40% on operating profit, and 20% on inventory turns.

Stock Options. The Company's stock option plans are designed to encourage and create ownership of Common Stock by key executives, thereby promoting a close identity of interests between the Company's management and its shareholders. The Plans are designed to motivate and reward executives for long-term strategic management and the enhancement of shareholder value. The Compensation Committee determined that annual stock option grants to the Company's key employees, including key executive officers, are consistent with the Company's best interest and the Company's overall compensation program.

In determining the number of stock options to be granted, the Compensation Committee considers a variety of factors, including the executive's level of responsibility, relative contributions to the Company and existing level of ownership of Common Stock. Consideration is also given to an executive's potential for future responsibility and contributions to the Company, as well as the aggregate number of stock options proposed to be granted with a view towards ensuring that aggregate compensation for Company executives is appropriate. Stock options are granted with an exercise price equal to the market value of the Common Stock on the date of grant. Stock options granted in 2005 vest and become exercisable in 20% increments over a five-year period from the date of grant. Vesting schedules are designed to encourage the creation of shareholder value over the long-term since the full benefit of the compensation package cannot be realized unless stock price appreciation occurs over a number of years and the executive remains in the employ of the Company.

The Board, acting on the recommendation of the Compensation Committee, granted stock options during 2005 to key employees under the Plans, which provide annual grants of stock options to key employees.

Section 162(m) Limitation. The Company anticipates that all 2005 and 2006 compensation to executives will be fully deductible under Section 162(m) of the Internal Revenue Code. Therefore, the Compensation Committee determined that a policy with respect to qualifying compensation paid to executive officers for deductibility is not necessary.

The following graph compares on a cumulative basis changes since December 31, 2000, in (a) the total shareholder return on the Common Stock with (b) the total return on the Nasdaq Market Index and (c) the total return on the Hemscott Textile-Apparel Footwear/Accessories Industry Group Index (the Hemscott Group Index). Such changes have been measured by dividing (a) the sum of (i) the amount of dividends for the measurement period, assuming dividend reinvestment, and (ii) the difference between the price per share at the end of and the beginning of the measurement period, by (b) the price per share at the beginning of the measurement period. The graph assumes \$100 was invested on December 31, 2000 in Common Stock, the Nasdaq Market Index and the Hemscott Group Index.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers to file reports concerning their ownership of Company equity securities with the Securities and Exchange Commission and the Company. Based solely on a review of copies of such forms furnished to us and written representations from executive officers, directors and 10% shareholders, we believe that all Section 16(a) filing requirements during 2005 were met, except that (1) John D. Whitcombe failed to timely file a Form 4 with respect to a single transaction in 2003 involving the disposition of 1,244 shares of the Company's common stock; (2) Dave Strouse failed to file a Form 4 with respect to a single transaction in 2005 involving the acquisition of 636 shares of the Company's common stock; (3) Virginia F. Schneider (as trustee) and the George W. & Virginia F. Schneider Trust failed to timely file a Form 4 with respect to two 2005 gifts by the Trust of 900 and 30,500 shares of the Company's common stock; and (4) two Form 4s timely filed with respect to 19 transactions in 2005 involving the acquisition of an aggregate of 12,882 shares of the Company's common stock were mistakenly filed solely by Virginia F. Schneider; these filings were subsequently amended in February 2006, reflecting a joint filing by the George W. & Virginia F. Schneider Trust (direct owner) and Virginia F. Schneider (indirect owner, as trustee).
