PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 9, 2001

SOLICITATION AND REVOCATION OF PROXIES

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Willbros Group, Inc., a Republic of Panama corporation (the "Company"), of proxies to be voted at the Annual Meeting of Stockholders of the Company to be held on May 9, 2001, or at any adjournment thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting. This Proxy Statement and accompanying proxy were first sent on or about April 2, 2001, to stockholders of record on March 30, 2001.

If the accompanying proxy is properly executed and returned, the shares represented by the proxy will be voted at the Annual Meeting. If a stockholder indicates in his or her proxy a choice with respect to any matter to be acted upon, that stockholder's shares will be voted in accordance with such choice. If no choice is indicated, such shares will be voted "FOR" (a) the election of all of the nominees for directors listed below, (b) the approval of the amendment to the Willbros Group, Inc. 1996 Stock Plan, and (c) the ratification of the appointment of the independent auditors. A stockholder giving a proxy may revoke it by giving written notice of revocation to the Secretary of the Company at any time before it is voted, by executing another valid proxy bearing a later date and delivering such proxy to the Secretary of the Company prior to or at the Annual Meeting, or by attending the Annual Meeting and voting in person.

The expenses of this proxy solicitation, including the cost of preparing and mailing this Proxy Statement and accompanying proxy, will be borne by the Company. Such expenses will also include the charges and expenses of banks, brokerage firms and other custodians, nominees or fiduciaries for forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company's Common Stock. Solicitation of proxies may be made by mail, telephone, personal interviews or by other means by the Board of Directors or employees of the Company who will not be additionally compensated therefor, but who may be reimbursed for their out-of-pocket expenses in connection therewith.

STOCKHOLDERS ENTITLED TO VOTE

Stockholders of record at the close of business on March 30, 2001, will be entitled to vote at the Annual Meeting. As of March 22, 2001, there were issued and outstanding 14,205,976 shares of Common Stock, par value \$.05 per share of the Company (the "Common Stock"). Each share of Common Stock is entitled to one vote. There is no cumulative voting with respect to the election of directors. The presence in person or by proxy of the holders of a majority of the shares issued and outstanding at the Annual Meeting and entitled to vote will constitute a quorum for the transaction of business. Votes withheld from

Edgar Filing: WILLBROS GROUP INC - Form DEF 14A

nominees for directors, abstentions and broker non-votes will be counted for purposes of determining whether a quorum has been reached. Votes will be tabulated by an inspector of election appointed by the Board of Directors of the Company. With regard to the election of directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will have the effect of a negative vote. Abstentions, which may be specified on all proposals except the election of directors, will have the effect of a negative vote. A broker non-vote will have no effect on the outcome of the election of directors or the other proposals.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Restated Articles of Incorporation of the Company (the "Charter") provides that the Board of Directors of the Company (the "Board of Directors") shall consist of not less than three nor more than fifteen directors, as determined from time to time by resolution of the Board of Directors. The number of directors is currently fixed at nine. The Board of Directors is divided into three approximately equal classes. The terms of such classes are staggered so that only one class is elected at the annual meeting of stockholders each year for a three-year term. The term of the current Class II directors will expire at the Annual Meeting. The terms of the current Class III directors and the current Class I directors will expire at the annual meetings of stockholders to be held in 2002 and 2003, respectively.

In accordance with the recommendation of the Nominating Committee, the Board of Directors has nominated Michael J. Pink and John H. Williams for election as Class II directors. Messrs. Pink and Williams, who currently serve as Class II directors and whose terms expire at the Annual Meeting, are standing for re-election as Class II directors for terms expiring at the annual meeting of stockholders in 2004. One Board position in Class II is currently vacant. The Charter provides that any Board vacancies may be filled by affirmative vote of a majority of the remaining directors. The Nominating Committee and the Board of Directors have not yet identified anyone to fill the vacancy. Accordingly, the accompanying proxy solicits your vote for only two directors. The persons named as proxies in the accompanying proxy, who have been designated by the Board of Directors, intend to vote, unless otherwise instructed in such proxy, for the election of Messrs. Pink and Williams. Should any nominee named herein become unable for any reason to stand for election as a director of the Company, it is intended that the persons named in such proxy will vote for the election of such other person or persons as the Nominating Committee may recommend and the Board of Directors may propose to replace such nominee. The Company knows of no reason why any of the nominees will be unavailable or unable to serve.

The affirmative vote of the holders of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote is required for the election of directors. The Board of Directors recommends a vote "FOR" each of the following nominees for directors.

COMPENSATION OF DIRECTORS

Employee directors receive no additional compensation for service on the Board of Directors or any committee thereof. Non-employee directors receive an annual retainer of \$18,000 plus a fee of \$1,000 per meeting for attending meetings of the Board of Directors and any committee thereof. Non-employee directors also automatically receive non-qualified stock options under the Willbros Group, Inc. Director Stock Plan (the "Director Plan"). Under the Director Plan, an initial option to purchase up to 5,000 shares of Common Stock is granted to each new non-employee director on the date such director is elected or appointed to the Board of Directors. Each non-employee director also receives annually an option to purchase 1,000 shares of Common Stock on the annual anniversary of the date on which such director received an initial option and on each succeeding annual anniversary of such date during the period of such director's incumbency. The option exercise price of each option granted under the Director Plan is equal to the fair market value of the Common Stock on the date of grant. A total of 125,000 shares of Common Stock is available for issuance under the Director Plan. During fiscal 2000, Mr. Taylor was granted an option to purchase 1,000 shares of Common Stock at an exercise price of \$6.00 per share, Messrs. Leidel and Waldvogel were each granted an option to purchase 1,000 shares of Common Stock at an exercise price of \$5.82 per share, and Messrs. All directors are reimbursed by the Company for out-of-pocket expenses incurred by them in connection with their service on the Board of Directors and any committee thereof.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During 2000, the Board of Directors held four meetings. Each director was present at 75% or more of the aggregate of the meetings of the Board of Directors and of the committees of the Board of Directors on which he served during 2000. In addition, the Board of Directors took action seven times during 2000 by unanimous written consent. The Board of Directors has a standing Executive Committee, Audit Committee, Nominating Committee, Compensation Committee and Stock Plan Committee.

During 2000, the Executive Committee was composed of Messrs. Bump (Chairman), Curran, Spreitzer and Williams. The Executive Committee is authorized to act for the Board of Directors in the management of the business and affairs of the Company, except with respect to a limited number of matters which include

Edgar Filing: WILLBROS GROUP INC - Form DEF 14A

changing the size of the Board of Directors, filling vacancies on the Board of Directors, amending the By-laws of the Company, disposing of all or substantially all of the assets of the Company and recommending to the stockholders of the Company an amendment to the Articles of Incorporation of the Company or a merger or consolidation involving the Company. The Executive Committee did not meet during 2000.

The Audit Committee is composed of Messrs. Leidel (Chairman), Waldvogel and Taylor. Each of these individuals qualifies as an "independent" director under the current listing standards of the New York Stock Exchange. The Audit Committee has adopted a charter and it is attached to this Proxy Statement as Exhibit A. The Audit Committee recommends to the full Board of Directors the firm to be appointed each year as independent auditors of the Company's financial statements and to perform services related to the completion of such audit. The Audit Committee also has the responsibility to (a) review the scope and results of the audit with the independent auditors, (b) review with management and the independent auditors the Company's interim and year-end financial condition and results of operations, (c) consider the adequacy of the internal accounting, bookkeeping and other control procedures of the Company, and (d) review any non-audit services and special engagements to be performed by the independent auditors and consider the effect of such performance on the auditors' independence. The Audit Committee has considered whether the provision of the services by KPMG as described in this Proxy Statement under the caption "All Other Fees" under Proposal Three below is compatible with maintaining the independence of KPMG. The Audit Committee also generally reviews the terms of material transactions and arrangements, if any, between the Company and its directors, officers and affiliates. The Audit Committee held four meetings during 2000.

-5-

7

The Nominating Committee is composed of Messrs. Williams (Chairman) and Pink, each of whom is a non-employee director of the Company. The Nominating Committee is responsible for recommending candidates to fill vacancies on the Board of Directors as such vacancies occur, as well as the slate of nominees for election as directors by stockholders at each annual meeting of stockholders. Additionally, the Nominating Committee makes recommendations to the Board of Directors regarding changes in the size of the Board of Directors. Qualifications considered by the Nominating Committee for director candidates include an attained position of leadership in the candidate's field of endeavor, business and financial experience, demonstrated exercise of sound business judgment, expertise relevant to the Company's lines of business and the ability to serve the interests of all stockholders. The Nominating Committee will consider director candidates submitted to it by other directors, employees and stockholders. The Company's Charter provides that nominations of candidates for election as directors of the Company may be made at a meeting of stockholders by or at the direction of the Board of Directors or by any stockholder entitled to vote at such meeting who complies with the advance notice procedures set forth therein. These procedures require any stockholder who intends to make a nomination for director at the meeting to deliver notice of such nomination to the Secretary of the Company not less than 45 nor more than 90 days before the meeting. The notice must contain all information about the proposed nominee as would be required to be included in a proxy statement soliciting proxies for the election of such nominee, including such nominee's written consent to serve as a director if so elected. If the Chairman of the meeting determines that a person is not nominated in accordance with the nomination procedure, such nomination will be disregarded. The Company expects that the annual meeting of stockholders to be held each year will be during the first or second week of May. The Nominating Committee did not meet during 2000. However, the Nominating Committee

Edgar Filing: WILLBROS GROUP INC - Form DEF 14A

took action two times during 2000 by unanimous written consent.

During 2000, the Compensation Committee was composed of Messrs. Waldvogel (Chairman), Spreitzer, Williams and Taylor. The Compensation Committee reviews and takes final action for and on behalf of the Board of Directors with respect to compensation, bonus, incentive and benefit provisions for the officers of the Company and its subsidiaries. The Compensation Committee meets at such times as may be deemed necessary by the Board of Directors or the Compensation Committee. The Compensation Committee held one meeting during 2000 and took action two times by unanimous written consent.

During 2000, the Stock Plan Committee was composed of Messrs. Waldvogel (Chairman), Williams and Taylor, each of whom is a non-employee director of the Company. The Stock Plan Committee administers the Willbros Group, Inc. 1996 Stock Plan. The Stock Plan Committee held three meetings during 2000 and took action four times by unanimous written consent.

PROPOSAL TWO

APPROVAL OF AMENDMENT NUMBER 2 TO THE WILLBROS GROUP, INC. 1996 STOCK PLAN

GENERAL

Stockholder action at the Annual Meeting will be requested with respect to the approval of Amendment Number 2 (the "Amendment") to the Willbros Group, Inc. 1996 Stock Plan, as amended (the "1996 Stock Plan"). The sole purpose of the Amendment is to increase the total number of shares of Common Stock available for issuance under the 1996 Stock Plan from 2,125,000 shares to 3,125,000 shares. As of March 1, 2001, there were 195,000 remaining shares of Common Stock reserved for future grants of awards under the 1996 Stock Plan. If the Amendment to the 1996 Stock Plan is approved by the stockholders of the Company, the total number of shares of Common Stock reserved for future grants of awards under the 1996 Stock Plan would be 1,195,000 shares and represent approximately 8.5 percent of the Company's total outstanding shares of Common Stock on March 1, 2001.

-6-

8

A copy of the Amendment is attached hereto as Exhibit B. A copy of the 1996 Stock Plan will be furnished by the Company to any stockholder upon written request to: Michael W. Collier, Investor Relations, c/o Willbros USA, Inc., 4400 Post Oak Parkway, Suite 1000, Houston, Texas 77027. The Amendment, which was approved by the Board of Directors on March 7, 2001, will not take effect unless approved by the affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote. The purpose of the 1996 Stock Plan is to strengthen the ability of the Company to attract and retain well-qualified executive, managerial and professional personnel and to encourage stock ownership by such personnel in order to increase their proprietary interest in the Company's success. The Company relies heavily upon stock options to compensate its executive, managerial and professional personnel and to retain and motivate such personnel and desires to continue that practice because it believes that stock options encourage and reward effective management that results in long-term corporate financial success, as measured by stock price appreciation.

Edgar Filing: WILLBROS GROUP INC - Form DEF 14A

SUMMARY OF THE 1996 STOCK PLAN

General. In 1996, the Board of Directors adopted, and the stockholders of the Company approved, the Willbros Group, Inc. 1996 Stock Plan. The 1996 Stock Plan provides for awards to key employees of the Company, including officers and directors who are also employees of the Company. The 1996 Stock Plan provides that during any calendar year, no participant may be granted awards with respect to more than 150,000 shares, subject to certain adjustments. The stock issuable under the 1996 Stock Plan may be authorized and unissued shares or treasury shares. If any shares subject to any award are forfeited or payment is made in a form other than shares or the award otherwise terminates without payment being made, the shares subject to such awards will again be available for issuance under the 1996 Stock Plan. In addition, the number of shares deemed to be issued under the 1996 Stock Plan upon exercise of a stock option will be reduced by the number of shares surrendered in payment of the exercise or purchase price of such stock option.

The 1996 Stock Plan is administered by the Stock Plan Committee of the Board of Directors (the "Committee"). The members of the Committee are not eligible for awards under the 1996 Stock Plan. The Committee is authorized to determine plan participants, the types and amount of awards to be granted and the terms, conditions and provisions of awards, prescribe forms of award agreements, interpret the 1996 Stock Plan, establish, amend and rescind rules and regulations relating to the 1996 Stock Plan and make all other determinations which may be necessary or advisable for the administration of the 1996 Stock Plan. Although a determination has not been made as to the number of employees currently eligible for consideration as participants in the 1996 Stock Plan, as of March 1, 2001, there were 75 employees who held awards under the 1996 Stock Plan.

Summary of Awards. The 1996 Stock Plan permits the granting of any or all of the following types of awards: (a) stock options, (b) stock appreciation rights ("SARs"), and (c) restricted stock. Generally, awards under the 1996 Stock Plan are granted for no consideration other than prior and future services. Awards granted under the 1996 Stock Plan may, in the discretion of the Committee, be granted alone or in addition to, in tandem with or in substitution for any other award under the 1996 Stock Plan or other plan of the Company. Such grants could include grants of options after a decline in the market price of the Company's Common Stock in substitution for previously granted options having a higher exercise price. The Company has never "repriced" options previously granted. However, no assurance can be given that the Company will never "reprice" options.

Stock options granted pursuant to the 1996 Stock Plan may, at the discretion of the Committee, be either incentive stock options ("ISOs"), within the meaning of Section 422 of the U.S. Internal Revenue Code, or non-qualified stock options. The exercise price of an ISO may not be less than the fair market value of the Common Stock on the date of grant (or 110% of such fair market value in the case of ISOs granted to employees who possess more than 10% of the combined voting power of all classes of stock of the Company (a "10% employee")). In the case of non-qualified stock options, the exercise price shall be as determined by the Committee in its sole discretion, except that it shall not be less than 85% of the fair market value of the Common Stock on the date of grant. Options granted pursuant to the 1996 Stock Plan are exercisable in

Edgar Filing: WILLBROS GROUP INC - Form DEF 14A

that ISOs may not be exercised after the expiration of 10 years from the date granted (five years in the case of a 10% employee). Generally, options may be exercised by the payment of cash, promissory notes, stock or a combination thereof.

Any SARs granted under the 1996 Stock Plan will give the holder the right to receive cash or stock in an amount equal to the difference between the fair market value of a share of Common Stock on the date of exercise and the grant price. The grant price of an SAR is determined by the Committee but may not be less than the fair market value of a share of Common Stock on the date of grant. Methods of exercise and settlement and other terms of SARs are determined by the Committee.

The Committee may award restricted stock, generally consisting of shares which may not be disposed of by participants until certain restrictions established by the Committee lapse. Such restrictions may lapse in whole or in installments as the Committee determines. A participant receiving restricted stock will have all of the rights of a stockholder of the Company, including the right to vote the shares and the right to receive any dividends, unless the Committee otherwise determines. Upon termination of employment during the restriction period, restricted stock will be forfeited, subject to such exceptions, if any, as are authorized by the Committee.

Awards generally are not transferable other than by will or the laws of descent and distribution; however, the Committee may permit the transfer of awards (other than ISOs and SARs in tandem therewith) for estate planning purposes. In the event of any change affecting the shares of Common Stock by reason of any stock dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares, or other corporate change or any distributions to Common Stock holders, the Committee may make such substitution or adjustment in the aggregate number or kind of shares which may be distributed under the 1996 Stock Plan and in the number, kind and exercise, grant or purchase price of shares subject to the outstanding awards granted under the 1996 Stock Plan, or make provisions for a cash payment relating to any award, as it deems to be appropriate in order to maintain the purpose of the original grant.

Amendment to and Termination of the 1996 Stock Plan. The Board of Directors may amend, alter, suspend, discontinue or terminate the 1996 Stock Plan without the consent of stockholders or participants, except that stockholder approval of such action will be sought if such approval is required by any federal or state law or regulation, to the extent the action is required to be approved by stockholders in connection with having any outstanding awards comply with the requirements of Section 162(m) of the U.S. Internal Revenue Code, or if the Board of Directors in its discretion determines that obtaining such stockholder approval is advisable. Unless earlier terminated by the Board of Directors, the 1996 Stock Plan will terminate when no shares remain reserved and available for issuance, and the Company has no further obligation with respect to any award granted under the 1996 Stock Plan.

Change of Control. In the event of a Change of Control of the Company, all outstanding awards under the 1996 Stock Plan, regardless of any limitations or restrictions, become fully exercisable and freed of all restrictions. For purposes of the 1996 Stock Plan, a Change of Control is deemed to have occurred: (a) upon the acquisition by any person of 20% or more of the Company's outstanding voting stock; (b) if individuals constituting the Board, or those nominated by at least two-thirds of such individuals or successors nominated by them, cease to constitute a majority of the Board; (c) upon stockholder approval of a merger, consolidation or similar transaction or consummation of any such transaction if stockholder approval is not required; (d) upon approval of a plan of liquidation or the sale or disposition of substantially all of the Company's assets; or (e) if the Board adopts a resolution to the effect that a Change of

Edgar Filing: WILLBROS GROUP INC - Form DEF 14A

Control has occurred.

U.S. Federal Income Tax Consequences. The Company believes that under present U.S. tax laws the following are the U.S. federal income tax consequences generally arising with respect to awards granted under the 1996 Stock Plan. The grant of an option or SAR will create no tax consequences for the participant or the Company. The participant will have no taxable income upon exercising an ISO (except that the alternative minimum tax may apply) and the Company will receive no deduction at that time. Upon exercising an option other than an ISO, a participant will recognize ordinary income equal to the difference between the exercise price and the fair market value of the stock acquired on the date of exercise. Upon exercising an SAR, a participant will recognize ordinary income equal to the cash or the fair market value of the stock

-8-

10

received on the date of exercise. In the case of the exercise of a non-qualified stock option or SAR, the employer of the participant, if it is a subsidiary of the Company and a U.S. taxpayer ("U.S. subsidiary employer"), generally will be entitled to a deduction for the amount recognized as ordinary income by the participant. The treatment to a participant of a disposition of shares acquired upon the exercise of an SAR or option depends on how long the shares have been held and on whether such shares are acquired by exercising an ISO or by exercising an option other than an ISO. Generally, there will be no tax consequences to a U.S. subsidiary employer in connection with a disposition of shares acquired under an option except that the U.S. subsidiary employer will be entitled to a deduction (and the employee will recognize ordinary income) if shares acquired under an ISO are disposed of before the applicable ISO holding periods have been satisfied.

With respect to awards granted under the 1996 Stock Plan involving stock that is restricted as to transferability and subject to a substantial risk of forfeiture, a participant will recognize ordinary income equal to the fair market value of the shares received at the earlier of the time at which the shares become transferable or not subject to a substantial risk of forfeiture unless the participant elects to be taxed at the time of the award notwithstanding the restrictions (to minimize the tax payable in respect of the appreciation in the value of the stock from the time it is awarded until the restrictions lapse). The U.S. subsidiary employer, if any, generally will be entitled to a deduction for the same amount.

The foregoing provides only a very general description of the application of U.S. federal income tax laws to awards under the 1996 Stock Plan. The summary does not address the effects of foreign, state and local tax laws.

Awards Granted. As of March 1, 2001, incentive and non-qualified stock options for a total of 1,820,050 shares at an average exercise price of \$7.63 per share are outstanding under the 1996 Stock Plan. The options become exercisable in 25% increments on the date of grant, January 1, 2001, January 1, 2002, and January 1, 2003. The option exercise price may be paid in cash, by delivery of already-owned shares, in some instances by offset of underlying shares or pursuant to certain other cashless exercise procedures, or a combination thereof. Tax withholding obligations, if any, related to exercise may be paid by delivery of already-owned shares or by offset of the underlying shares, subject to certain conditions. The options (in the case of Mr. Curran, options for only 34,000 shares) are transferable under certain circumstances.
- (4) Potential realizable value illustrates the value that might be realized upon exercise of the options immediately prior to the expiration of their term, assuming that the market price of the underlying shares appreciates in value from the date of grant to the end of the option term at rates of 5% and 10%, respectively, compounded annually.

PENSION PLAN

The following table sets forth estimated annual lifetime retirement benefits payable to eligible employees (including the persons named in the Summary Compensation Table) under the Company's qualified retirement plan in the specified compensation and years of service classifications following retirement at age 65. As discussed below, the Company's non-qualified restoration plan was terminated on January 22, 2001.

The years of credited service for the persons named in the Summary Compensation Table as of December 31, 2000, are: Larry J. Bump, 23 years; Michael F. Curran, 0 years; Melvin F. Spreitzer, 26 years; John K. Allcorn, 0 years; and James R. Beasley, 19 years. Amounts shown in the Pension Plan Table are straight life annuities for years of service classifications listed. The Pension Plan is an "excess" plan and is not offset by receipt of Social Security benefits or any other amounts.

The Company maintains a contributory retirement plan for all eligible employees (excluding nonresident aliens, union members, and certain temporary and contract employees). Participants who retire at age 65 are entitled to receive retirement benefits determined on the basis of a formula reflecting years of credited service multiplied by a percentage of the final average salary. The final average salary is derived from base salary and annual bonus received in the highest-paid five consecutive years during the participant's total years of service with the Company.

Benefits are nonforfeitable when a participant completes five years of vesting service. Benefits may commence when a participant reaches the later of Normal Retirement Date (age 65) or the five-year anniversary of the participation date. Reduced benefits may commence upon a participant's attaining age 55 and five years of participation. Multiple joint and survivor benefit options are available to married participants.

Contributions are made by the Company based on the actuarially determined cost of accrued retirement benefits, subject to statutory limits. Employee contributions are two percent of compensation up to the limit imposed under Section 401(a)(17) of the U.S. Internal Revenue Code of 1986, as amended (the "Code"). Employee contributions and interest may be distributed upon the participant's request at termination or retirement, resulting in a reduced annuity for vested participants.

In addition to the qualified retirement plan, the Company previously maintained an Executive Benefit Restoration Plan ("EBRP") to partially restore retirement benefits to three officers, Messrs. Bump, Spreitzer and Beasley. Benefit reductions resulting from statutory limits were partially replaced in the form of a lump sum benefit, according to the plan, which limited the amount of compensation to be used in calculating the restoration benefit to 150% of the participant's base salary. The Company made an annual, actuarially calculated contribution to an irrevocable trust for future distributions from the EBRP. The EBRP was amended and terminated effective January 22, 2001. Upon termination, all EBRP assets were distributed to the EBRP participants in accordance with terms of the EBRP.

EMPLOYMENT AGREEMENTS, TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

None of the executive officers of the Company have an employment agreement with the Company.

In October 1998, the Compensation Committee approved and recommended, and the Board of Directors adopted, the Willbros Group, Inc. Severance Plan (the "Severance Plan"), effective January 1, 1999. The Board of Directors adopted the Severance Plan in lieu of entering into new employment agreements with the executive officers. Each of the executive officers of the Company is a participant in the Severance Plan. The Severance Plan, which will remain in effect until December 31, 2004, provides that a participant whose employment is terminated other than for cause or who resigns due to a material reduction of compensation or other benefits when a change in control of the Company is imminent or within three years after a change in control of the Company has occurred, shall be entitled to a severance payment equal to three times his average annual compensation for the past five years (pro-rated to reflect assumed retirement at age 65 if the participant is age 62 or older at the time of termination). The Severance Plan also provides that a participant who voluntarily terminates his employment for reasons other than a material reduction of compensation or other benefits within one year after a change in control of the Company has occurred shall be entitled to a severance payment equal to two times his average annual compensation for the past five years (pro-rated to reflect assumed retirement at age 65 if the participant is age 63 or older at the time of termination). Finally, the Severance Plan provides that a participant whose employment is terminated other than for cause prior to a change in control of the Company shall be entitled to a severance payment equal to 100% of his base salary then in effect. A participant who receives a severance payment under the Severance Plan will be subject to either a one year or two year competition restriction depending on the basis for the termination. All taxes on severance payments made under the Severance Plan are the participant's responsibility.

All outstanding awards under the Company's 1996 Stock Plan, regardless of any limitations or restrictions, become fully exercisable and free of all restrictions, in the event of a change in control of the Company, as defined in such Plan.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Compensation Committee") administers the compensation program for executive officers of the Company. The Compensation Committee is composed of three independent non-employee directors and one employee director. The duties of this committee include reviewing and evaluating the Company's executive compensation program to assess its effectiveness in attracting, motivating and retaining highly skilled executive officers. The Stock Plan Committee of the Board of Directors (the "Stock Plan Committee") administers the Company's 1996 Stock Plan. The Stock Plan Committee is comprised of three non-employee directors. The Committees have access to outside compensation consulting firms and compensation information.

-16-

18

Compensation Philosophy

The objectives of the Company's executive compensation program include:

- o Providing a total executive compensation plan that is performance-driven and rewards business success based on an executive's individual performance;
- o Aligning the financial interests of the executive officers with the performance of the Company;
- o Emphasizing equity-based compensation for Company executives to reinforce management's focus on stockholder value; and
- o Attracting, motivating, and retaining executive officers to achieve the Company's business objectives.

The Compensation Committee adheres to an executive compensation philosophy that supports the Company's business strategies. Compensation decisions under the executive employee compensation program are made by the Compensation Committee and approved by the Board of Directors.

Compensation Program

Company executives participate in a comprehensive compensation program comprised of base salary, potential for annual discretionary incentive compensation awards, and long-term equity-based opportunities in the form of stock options.

Base Salary. The level of base salary paid to executive officers is determined on the basis of performance, experience and such other factors as may be appropriately considered by the Compensation Committee. Each year the Compensation Committee reviews the base salaries of the executives and considers salary adjustments based on individual performance, overall financial results of the Company and cost-of-living indicators. None of the executive officers of the Company received a salary increase for 2000.

Annual Incentive Program. In 2000, the Company's executive officers were eligible for discretionary annual cash incentive awards based on performance guidelines tied to annual operating performance levels. Each executive officer is eligible to earn an individual award expressed as a percentage of base salary. Executive officer incentive award opportunities vary by level of responsibility. There is no minimum incentive award. The maximum percentage of base salary payable as an incentive award ranges from 100% to

Edgar Filing: WILLBROS GROUP INC - Form DEF 14A

300%, depending on the executive officer's position. The awards are based on three components: return on stockholders' equity, return on investor capital and individual performance. Return on investor capital is used to assure that a portion of each executive's total compensation is dependent upon appreciation in the Company's stock price which links executive compensation to the interests of the stockholders. Several factors are considered in evaluating an executive's individual performance, which include achievement of business strategy, successful accomplishment of business goals and objectives, and contribution toward the Company's profitability.

Long-Term Incentive Program. In 1996, the Board of Directors and the stockholders of the Company approved the 1996 Stock Plan ("Stock Plan"). The Stock Plan permits the Stock Plan Committee to grant various stock-based awards, including options, stock appreciation rights and restricted stock, to executive officers and key management employees of the Company based on competitive practices and the Company's overall performance. Stock options are designed to provide grantees with the opportunity to acquire a proprietary interest in the Company and to give such persons a stronger incentive to work for the continued success of the Company. An option award may be either an incentive stock option ("ISO") or a non-qualified stock option ("NSO"). The Stock Plan Committee takes into account management's recommendations regarding the number of shares or options to be awarded to specific employees.

-17-

19

To date, the Stock Plan Committee has granted only ISO and NSO awards. Both ISO and NSO awards entitle the employee to purchase a specified number of shares of the Company's Common Stock at a specified price during a specified period. Both the ISO awards and the NSO awards have a 10-year term. Both types of awards are designed as an incentive for future performance by the creation of stockholder value over the long-term since the greatest benefit of the options is realized only if stock price appreciation occurs. The Company uses stock options as its sole long-term incentive device since stock options provide the cleanest tie between enhanced stockholder wealth and executive pay.

Chief Executive Officer Compensation for 2000

Mr. Bump voluntarily accepted a salary reduction for 2000. Mr. Bump asked that he not be considered for a discretionary bonus in respect of 2000. As the Company's largest single individual stockholder, Mr. Bump continues to have strong incentive to create value for the Company's stockholders. There were no awards granted under the Company's 1996 Stock Plan to Mr. Bump during 2000.

Policy Regarding Tax Deductibility of Executive Compensation

Section 162(m) of the Code places a \$1 million per person limitation on the United States tax deduction a U.S. subsidiary employer may take for compensation paid to the Company's Chief Executive Officer and its four other highest paid executive officers, except compensation which constitutes performance-based compensation as defined by the Code is not subject to the \$1 million limit. None of the executive officers exceeded the limits imposed by Section 162(m) in 2000. The Stock Plan Committee generally intends to grant awards under the Company's 1996 Stock Plan consistent with the terms of Section 162(m) so that such awards will not be subject to the \$1 million limit. While the Company intends to pursue a strategy of maximizing the deductibility of compensation paid to executive officers in the future, it also intends to maintain the flexibility to take actions that it considers to be in the Company's best interests and to take into consideration factors other than deductibility. In doing so, the Compensation and Stock Plan Committees may

Edgar Filing: WILLBROS GROUP INC - Form DEF 14A

utilize alternatives such as deferring compensation to qualify compensation for deductibility and may rely on grandfathering provisions with respect to existing compensation commitments. If any executive officer compensation exceeds this limitation, it is expected that such cases will represent isolated, nonrecurring situations arising from special circumstances.

The Compensation Committee and the Board of Directors believe that the executive compensation policies promote the interest of the stockholders and the Company effectively, and the various compensation opportunities afforded the executive officers are appropriately balanced to provide motivation for executives to contribute to the profitability and overall success of the Company.

REPORT OF THE AUDIT COMMITTEE

The Securities and Exchange Commission has adopted new rules and amendments to current rules relating to the disclosure of information about companies' audit committees. The new rules require that a company's proxy statement contain a report of its audit committee. In addition, the SEC recommends that an audit committee adopt a written charter and requires that the charter be included as an attachment to the proxy statement at least once every three years.

The Company's Audit Committee consists of three directors, all of whom are independent directors under current listing standards of the New York Stock Exchange.

The Audit Committee reviewed the Audit Committee Charter and made a number of changes to reflect the new standards set forth in SEC regulations and the New York Stock Exchange Listing Standards. The revised charter was adopted and is included in this Proxy Statement as Exhibit A.
