THE SCI 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

GENERAL

The following description of the SCI 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan's provisions.

The Plan, established July 1, 2000, is a defined contribution plan for the exclusive benefit of Service Corporation International's (SCI or the Company) United States employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's assets are held by Massachusetts Mutual Life Insurance Company and participant accounts are maintained by MassMutual Retirement Services.

CONTRIBUTIONS

Eligible employees can participate in the Plan after completing three months of service. The election to contribute to the Plan is voluntary. Employees are initially enrolled in the Plan, after meeting eligibility requirements, to contribute 3% of pretax annual compensation, unless participation is specifically rejected. Participants may contribute from 1% to 15% of pretax annual compensation.

The Company contributes a matching amount up to 6% of the participant's pretax annual compensation generally in Company common stock. The percentage of the match is based on years of service with the Company and ranges from 75% to 135% of the employee's eligible contribution. Additional amounts may be contributed

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form 11-KT

at the Company's discretion. Company contributions were made in Company stock during the period ended December 30, 2000.

PARTICIPANT ACCOUNTS

Participant account balances are valued based upon the number of units of each investment fund owned by the participants. Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings or losses. Forfeited balances of terminated participant's non-vested accounts are used to reduce future Company contributions.

VESTING

Participants are fully vested in their deferred salary and rollover contributions. Participants are fully vested in Company contributions after completing three years of service with the Company.

5

6

PARTICIPANT LOANS

Participants may borrow from their accounts up to one half of the vested account balance to a maximum of \$50,000. The minimum amount that may be borrowed is \$1,000. Loans are to be repaid within five years, unless the loan is used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate. A participant may have no more than two loans outstanding at any one time.

PARTICIPANT DISTRIBUTIONS

The Plan provides for several different types of withdrawals by participants. Participants who have reached age 59 1/2 may make in-service withdrawals. Participants may make withdrawals before age 59 1/2 if they qualify for certain hardship withdrawals. Upon termination of service with the Company or death, the participant or beneficiary may receive a lump-sum amount equal to the vested amount in the participant's account. A participant whose account balance exceeds \$5,000 may elect a deferred distribution until age 70 1/2. As of December 30, 2000, total deferred vested benefits were \$16,696.

PLAN TERMINATION

The Company expects the Plan to continue indefinitely, however, it reserves the right to terminate or amend the Plan to eliminate further benefits. If the Plan is terminated, participants will become 100% vested and account balances will be distributed by a lump-sum payment.

2. SUMMARY OF ACCOUNTING POLICIES

PRINCIPLES OF REPORTING

The financial statements and schedules have been prepared in accordance with accounting principles generally accepted in the United States and the financial reporting requirements of ERISA and are maintained on an accrual basis except for participant distributions, which are reported when paid. For purposes of reporting, the Plan has elected to defer an audit for the initial transition period since the Plan is less than seven months old.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Plan management to make estimates and assumptions that may affect the amounts reported in the financial statements and accompanying notes. As a result, actual results could differ from those estimates.

Edgar Filing: SERVICE CORPORATION INTERNATIONAL - Form 11-KT

INVESTMENTS

Investments are stated at fair value, which is determined by quoted markets prices. Participant loans are valued at their outstanding balances, which approximates fair value.

Net appreciation (depreciation) in the fair value of the Plan investments, which consists of net realized and unrealized appreciation (depreciation), are presented in the Statement of Changes in Net Assets Available for Benefits. This appreciation (depreciation) is allocated to participants based upon their proportionate share of assets in each investment fund.

6

7

3. INVESTMENTS

Investments that comprised 5% or more of the Plan's net assets available at December 30, 2000 are as follows:

	December 30, 2000

JCC Balanced Fund (Janus).....	\$ 931,030
MassMutual Small Cap Growth Fund.....	988,335
MassMutual International Equity Fund.....	716,762
MassMutual Core Bond Fund.....	331,543
MassMutual Ultra Fund (American Century).....	1,113,203
MassMutual Large Cap Value Fund.....	872,575
SCI Common Stock.....	825,838

4. INCOME TAXES

A determination letter is pending from the Internal Revenue Service declaring that the Plan qualifies under Section 401(a) of the Internal Revenue Code as exempt from income taxes. The Plan administrator believes the Plan is designed and being operating in compliance with the requirements of Section 401(a) of the Internal Revenue Code.
