Item 5. Other Events.

On March 1, 2002, Golden Telecom, Inc. (the "Company" "GTI") became aware that the Kiev City Prosecutor's Office have initiated an investigation into the activities of the Company's 69 percent owned subsidiary in Ukraine, Golden Telecom (Ukraine) ("GTU"). Although all of the facts concerning the allegations are not known to GTI at this time, the investigation appears to concern alleged improprieties in the manner in which GTU routed certain traffic through the state-owned monopoly carrier, Ukretelecom. The Company's partners in GTU, who act as General Director and Technical Director under the terms of GTU's foundation agreements, are of the opinion that these events are related to ongoing commercial disputes and litigation between GTU and Ukretelecom. The Company has requested, and the Company's local partners have agreed, that the local partner's will cease to actively participate in the daily management of GTU. It is the express policy of GTI to comply with all legislation and regulation in the jurisdictions where the Company operates. GTI intends to fully
