### Report of Independent Registered Public Accounting Firm

Retirement Plan Advisory Committee  
Apache Corporation 401(k) Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Apache Corporation 401(k) Savings Plan as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Apache Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2003

1. DESCRIPTION OF PLAN

The following brief description of the Apache Corporation 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information, a copy of which is available from Apache Corporation (the "Company").

The Plan is a defined contribution plan established on January 1, 1989, open to all eligible employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Participants may contribute up to 25% of their eligible compensation. The Company makes a basic contribution equal to 100% of the first 6% of each participant's contributions. Participants direct the investment of all contributions to their accounts into various fund options offered by the Plan. Only participant contributions are eligible to be invested in the self directed brokerage account.

VESTING

Participants are immediately 100% vested in their contributions and all related earnings. Vesting in the employer contribution portion of their accounts and related earnings is based on years of credited service. A participant becomes 20% vested after the completion of one year of service and continues to vest 20% per year becoming fully vested after the completion of five years of credited service. Forfeitures of unvested accounts may be used to reduce future employer contributions to the Plan or pay the administrative expenses of the Plan.

PARTICIPANT LOANS

Participants may borrow from their own contributions a minimum of \$500, up to the lesser of \$50,000 less the participant's highest outstanding loan balance during the preceding 12 months or 50% of their vested account balance. Loans are charged at a rate of interest equal to the current prime lending rate plus 1%. Loans must generally be repaid through payroll deductions within four years.

Notes to Financial Statements (continued)

## 1. DESCRIPTION OF PLAN (CONTINUED)

### BENEFIT PAYMENTS

Participants are eligible to receive lump-sum benefits equal to the vested value of their account upon retirement, disability, death, or termination of employment.

### PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### ADMINISTRATIVE EXPENSES

Certain administrative expenses of the Plan are paid by the Company.

## 2. SUMMARY OF ACCOUNTING POLICIES

### BASIS OF ACCOUNTING

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. Benefit payments are recorded when paid.

### USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

### INVESTMENT VALUATION AND INCOME RECOGNITION

Fidelity Management Trust Company serves as the Plan's trustee and holds all investments of the Plan, except for the self-directed brokerage account which is held by Fidelity Brokerage Services. Investments in mutual funds and common stock are stated at fair value based on quotations obtained from national securities exchanges. The

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

### RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.
