PROXY STATEMENT

PROXIES AND VOTING AT THE MEETING

Only shareholders of record at the close of business on March 21, 2005 will be entitled to notice of, and to vote at, the meeting. As of that date, 25,951,180 shares of our Common Stock, \$.25 par value per share (Common Stock), were outstanding. Each of those outstanding shares is entitled to one vote at the meeting. We are initially sending this Proxy Statement and the accompanying proxy to our shareholders on or about March 28, 2005. The requirement for a quorum at the meeting is the presence in person or by proxy of holders of a majority of the outstanding shares of Common Stock. There is no provision for cumulative voting.

Solicitation of Proxies

The accompanying proxy is solicited on behalf of our Board of Directors for use at our annual meeting of shareholders to be held at the time and place set forth in the accompanying notice. We will pay all costs of soliciting proxies. We will solicit proxies primarily by mail. In addition to solicitation by mail, our officers, directors and employees may solicit proxies in person or by telephone, facsimile and electronic transmissions, for which such persons will receive no additional compensation. We have retained Georgeson Shareholder Communications, Inc. to solicit proxies at a fee estimated at \$7,000, plus out-of-pocket expenses. We will reimburse brokerage firms, banks and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy material to beneficial owners of Common Stock.

The persons named as proxies were designated by our Board and are officers of Oceaneering. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld), and where a choice has been specified by the shareholder as provided in the proxy, the proxy will be voted in accordance with the specification so made. Proxies submitted without specified choices will be voted **FOR Proposal 1** to elect the director nominees proposed by our Board, **FOR Proposal 2** to approve the 2005 Incentive Plan of Oceaneering and **FOR Proposal 3** to ratify the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the year ending December 31, 2005.

Methods of Voting

§ **Voting by Mail.** You may sign, date and return your proxy cards in the pre-addressed, postage-paid envelope provided. If you return your proxy card without indicating how you want to vote, the designated proxies will vote as recommended by our Board.

§ **Voting by Telephone or the Internet.** If you have stock certificates issued in your own name, you may vote by proxy by using the toll-free number or at the Internet address listed on the proxy card. The telephone and Internet voting procedures are designed to verify your vote through the use of a voter control number that is provided on each proxy card. The procedures also allow you to vote your shares and to confirm that your instructions have been properly recorded. Please see your proxy card for specific instructions.

If you hold shares through a brokerage firm, bank or other custodian, you may vote by telephone or the Internet only if the custodian offers that option.

**ELECTION OF DIRECTORS
Proposal 1**

Our Certificate of Incorporation divides our Board into three classes, each consisting as nearly as possible of one-third of the members of the whole Board. There are currently two members of each class. The members of each class serve for three years following their election, with one class being elected each year.

Two Class I directors are to be elected at the 2005 Annual Meeting. In accordance with our bylaws, directors are elected by a plurality of the votes cast. Accordingly, abstentions and broker non-votes marked on proxy cards will not be counted in the election. The Class I directors will serve until the 2008 Annual Meeting of Shareholders or until a successor has been duly elected and qualified. The directors of Classes II and III will continue to serve their terms of office, which will expire at the Annual Meetings of Shareholders to be held in 2006 and 2007, respectively.

The persons named in the accompanying proxy intend to vote all proxies received in favor of the election of the nominees named below, except in any case where authority to vote for the directors is withheld. Although we have no reason to believe that the nominees will be unable to serve as directors, if either nominee withdraws or otherwise becomes unavailable to serve, the persons named as proxies will vote for any substitute nominee our Board designates.

Additional Information Relating to Our Board of Directors, Committees of the Board and Corporate Governance

During 2004, our Board of Directors held five meetings of the full Board and 15 meetings of the committees of the Board. Each director attended at least 75% of the aggregate number of meetings of the Board and meetings of the committees of the Board on which he served. In addition, we have a policy that directors are encouraged to attend the annual meeting. Last year, four of the six individuals now serving as directors attended our annual meeting. In 2004, the nonemployee directors met in regularly scheduled executive sessions without management present, and similar sessions are scheduled for 2005. The chairmen of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee chair these executive sessions on a rotating basis. Interested parties may communicate directly with the nonemployee directors by sending a letter to the Board of Directors (independent members), c/o Corporate Secretary, Oceaneering International, Inc., 11911 FM 529, Houston, Texas 77041-3011.

During the first nine months of 2004, we paid our nonemployee directors, on a quarterly basis, an annual retainer of \$25,000 and an annual retainer of \$5,000 to the chairmen of committees of the Board. Effective October 1, 2004, we increased the annual retainer for nonemployee directors to \$30,000 and increased the annual retainer for the chairman of the Audit Committee to \$10,000 and for the chairmen of the Compensation Committee and Nominating and Corporate Governance Committee to \$8,000. We pay our nonemployee directors \$1,000 for each Board meeting attended, \$1,000 for each committee meeting attended (if the meeting is on a day other than the date of a Board meeting) and a fee of \$125 per hour up to a maximum of \$1,000 per day for any other services directly related to activities of the Board or a committee of the Board. Nonemployee directors may elect to participate in our medical plans without payment of any monthly premium. All directors are provided a group personal excess liability insurance policy and are reimbursed for their travel and other expenses involved in attendance at Board and committee meetings and activities.

Nonemployee directors are participants in our shareholder-approved 2002 Incentive Plan. Under this plan, each nonemployee director is automatically granted an option to purchase 10,000 shares of Common Stock on the date the director first becomes a nonemployee director and each year thereafter while he remains a nonemployee director, in each case at an exercise price per share equal to the fair market value of a share of Common Stock on the date the option was granted. These options become fully exercisable six months following the date of grant.

Under the 2005 Incentive Plan, which the Board has approved subject to shareholder approval, there is no automatic grant to nonemployee directors of options to purchase shares of Common Stock. Under this plan, the Board may grant nonemployee directors the same types of awards for which our employees are eligible. For a description of our 2005 Incentive Plan, see [Approval of the 2005 Incentive Plan](#) .

Under rules adopted by the New York Stock Exchange, our Board of Directors must have a majority of independent directors. A director qualifies as independent only if the Board affirmatively determines that the director has no material relationship with us. In evaluating each director's independence, the Board considered relationships and transactions between each director, his family members and any business, charity or other entity in which the director has an interest, on the one hand, and us and our senior management, on the other hand. As a result of this review, the Board affirmatively determined that all our directors are independent, except for Messrs. Huff and Collins, both of whom are members of our senior management.

We have three standing committees of our Board of Directors: the Audit Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. Our Board of Directors has determined that each member of these committees is independent in accordance with the requirements of the New York Stock Exchange. Our Board has also determined that each member of the Audit Committee meets the independence requirements for service on an audit committee that the SEC has established.

Table of Contents

The Audit Committee, which is comprised of Messrs. Hooker (Chairman), Hughes and Pappas, held eight meetings during 2004. The Board of Directors determined that Mr. Hooker is an audit committee financial expert as defined in the applicable rules of the SEC. For information relating to Mr. Hooker's background, see his biographical information under Election of Directors. The Audit Committee is appointed by our Board of Directors, on the recommendation of the Nominating and Corporate Governance Committee, to assist the Board in its oversight of:

- the integrity of our financial statements;
- our compliance with legal and regulatory requirements;
- the independence, qualifications and performance of our independent auditors;
- the performance of our internal audit functions; and
- the adequacy of our internal control over financial reporting.

Our management is responsible for our internal controls and preparing our consolidated financial statements. Our independent auditors are responsible for performing an independent audit of the consolidated financial statements and issuing a report thereon. The Audit Committee is responsible for overseeing the conduct of these activities and, subject to shareholder ratification, appointing our independent auditors. As stated above and in the Audit Committee Charter, the Audit Committee's responsibility is one of oversight. The Audit Committee is not providing any expert or special assurance as to Oceaneering's financial statements or any professional certification as to the independent auditor's work.

In discharging its duties, the Audit Committee reviews and approves the scope of the annual audit, non-audit services to be performed by the independent auditors and the independent auditors' audit and non-audit fees; reviews and discusses with management (including the senior internal auditor) and the independent auditors the annual report of management regarding our internal control over financial reporting and the independent auditors' attestation of that report; recommends to our Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for filing with the SEC; meets independently with our internal auditors, independent auditors and management; and reviews the general scope of our accounting, financial reporting, annual audit and internal audit programs and matters relating to internal control systems, as well as the results of the annual audit and interim financial statements, auditor independence issues and the adequacy of the Audit Committee charter. A copy of the Audit Committee charter is attached to this Proxy Statement as Appendix A and is available on the Corporate Governance page of our Web site (www.oceaneering.com). The report of the Audit Committee is included herein at page 10.

The Compensation Committee, which is comprised of Messrs. Pappas (Chairman) and DesRoche, held four meetings during 2004. The Compensation Committee is appointed by our Board of Directors to:

- assist the Board in discharging its responsibilities relating to compensation of our executives and other key employees, including our Chief Executive Officer; and
- produce an annual report on executive compensation for inclusion in our proxy statement.

Specific duties and responsibilities of the Compensation Committee include: general oversight of our executive compensation plans and benefit programs; reviewing and approving objectives relevant to the compensation of executives and key employees, including administration of annual bonus plans, long-term incentive plans and supplemental executive retirement plan; approving employment agreements for key executives; evaluating the performance of executives and key employees, including our Chief Executive Officer; recommending to the Board the compensation for the Board and committees of the Board; and annually evaluating its performance and its

charter. A copy of the Compensation Committee charter is available on the Corporate Governance page of our Web site (www.oceaneering.com). Any shareholder who so requests may obtain a written copy of the charter from us. The report of the Compensation Committee is included herein at page 17.

The Nominating and Corporate Governance Committee, which is comprised of Messrs. Hughes (Chairman), DesRoche and Hooker, held three meetings during 2004. The Nominating and Corporate Governance Committee is appointed by our Board of Directors to:

identify individuals qualified to become directors of Oceaneering;

recommend to our Board of Directors candidates to fill vacancies on our Board or to stand for election to the Board by our shareholders;

recommend to our Board a director to serve as Chairman of the Board;

recommend to our Board committee assignments for directors;

periodically assess the performance of our Board and its committees; and

periodically review and assess the adequacy of our corporate governance policies and procedures.

The Nominating and Corporate Governance Committee operates under a written charter adopted by our Board of Directors. Our Board of Directors adopted Corporate Governance Guidelines in March 2004. A copy of this charter and a copy of our Corporate Governance Guidelines are available on the Corporate Governance page of our Web site (www.oceaneering.com). Any shareholder who so requests may obtain a written copy of each of these documents from us.

The Nominating and Corporate Governance Committee solicits ideas for potential Board candidates from a number of sources, including members of our Board of Directors and our executive officers. The Committee also has authority to select and compensate a third-party search firm to help identify candidates, if it deems it advisable to do so.

The Nominating and Corporate Governance Committee also considers nominees recommended by shareholders in accordance with our bylaws. In assessing the qualifications of all prospective nominees to the Board, the Nominating and Corporate Governance Committee will consider, in addition to criteria set forth in our bylaws, each nominee's personal and professional integrity, experience, skills, ability and willingness to devote the time and effort necessary to be an effective board member, and commitment to acting in the best interests of Oceaneering and its shareholders. Consideration will also be given to the Board's having an appropriate mix of backgrounds and skills. A shareholder who wishes to recommend a nominee for director should comply with the procedures specified in our bylaws, as well as applicable securities laws and regulations of the New York Stock Exchange. The Nominating and Corporate Governance Committee will consider all candidates identified through the processes described above, whether identified by the Committee or by a shareholder, and will evaluate each of them on the same basis.

As to each person a shareholder proposes to nominate for election as a director, our bylaws provide that the nomination notice must:

include the name, age, business address and principal occupation or employment of that person, the number of shares of Common Stock beneficially owned or owned of record by that person and any other information relating to that person that is required to be disclosed under Section 14 of the Securities Exchange Act of 1934 (the Exchange Act) and the related SEC rules and regulations; and

be accompanied by the written consent of the person to be named in the proxy statement as a nominee and to serve as a director if elected.

Table of Contents

The nomination notice must also include, as to that shareholder and the beneficial owner, if any, of Common Stock on whose behalf the nomination or nominations are being made:

the name and address of that shareholder, as they appear on our stock records and the name and address of that beneficial owner;

the number of shares of Common Stock which that shareholder and that beneficial owner own beneficially or of record;

a description of all arrangements and understandings between that shareholder or that beneficial owner and each proposed nominee of that shareholder and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by that shareholder;

a representation by that shareholder that he or she intends to appear in person or by proxy at that meeting to nominate the person(s) named in that nomination notice;

a representation as to whether that shareholder or that beneficial owner, if any, intends, or is part of a group, as Rule 13d-5(b) under the Exchange Act uses that term, which intends, (1) to deliver a proxy statement and/or form of proxy to the holders of shares of Common Stock having at least the percentage of the total votes of the holders of all outstanding shares of Common Stock entitled to vote in the election of each proposed nominee of that shareholder which is required to elect that proposed nominee and/or (2) otherwise to solicit proxies in support of the nomination; and

any other information relating to that shareholder and that beneficial owner that is required to be disclosed under Section 14 of the Exchange Act and the related SEC rules and regulations. To be timely for consideration at our 2006 Annual Meeting, a shareholder's nomination notice must be received at our principal executive offices, 11911 FM 529, Houston, Texas 77041-3011, addressed to our Corporate Secretary, no earlier than November 11, 2005 and no later than the close of business on January 10, 2006.

Code of Ethics

Our Board of Directors adopted a code of ethics that applies to our Chief Executive Officer and Senior Financial Officers and is available on the Corporate Governance page of our Web site (www.oceaneering.com). Any shareholder who so requests may obtain a printed copy of the code of ethics from us. Any change in or waiver of this code of ethics will be disclosed on our Web site.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than 10% of our Common Stock to file with the SEC and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of Common Stock. Based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, we believe that all our directors and executive officers complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act during 2004.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of Oceaneering International, Inc.'s Board of Directors is comprised of the three directors named below. Each member of the Audit Committee is an independent director as defined by applicable Securities and Exchange Commission rules and New York Stock Exchange listing standards. The Committee met eight times during the year ended December 31, 2004. The Committee reviewed with management and Ernst & Young LLP, Oceaneering's independent auditors, the interim financial information included in Oceaneering's quarterly reports on Form 10-Q for the periods ended March 31, 2004, June 30, 2004 and September 30, 2004, prior to their being filed with the Securities and Exchange Commission. In addition, the Committee reviewed all of Oceaneering's earnings releases in 2004 with management and Ernst & Young prior to the public release of those earnings releases.

The Committee reviewed and discussed with management and Ernst & Young Oceaneering's consolidated financial statements for the year ended December 31, 2004. Members of management represented to the Committee that Oceaneering's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Committee discussed with Ernst & Young matters required to be discussed by Statement on Auditing Standard No. 61, *Communication with Audit Committees*, as amended. The Committee also reviewed and discussed with management and Ernst & Young management's report and Ernst & Young's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act.

Ernst & Young provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as amended, and the Committee discussed with the independent auditors their independence. The Committee concluded that Ernst & Young's provision of non-audit services to Oceaneering and its affiliates is compatible with Ernst & Young's independence.

Based on the Committee's discussion with management and the independent auditors and the Committee's review of the representations of management and the report of the independent auditors, the Committee recommended to Oceaneering's Board of Directors that Oceaneering's audited consolidated financial statements as of and for the year ended December 31, 2004 be included in the Form 10-K for the year ended December 31, 2004 filed with the SEC.

No shares are issued or outstanding and no dividends are paid with respect to the stock units granted in 2002, until a vesting of a restricted stock unit occurs, at which time we will issue a share of Common Stock for each stock unit that is vested. The shares of restricted stock granted prior to 2002 are issued and outstanding and dividends, if any, are earned on the restricted shares. The value of such stock for which restrictions were lifted and the related tax-assistance payments in 2004, 2003 and 2002 are included in the LTIP payout columns in the table. For additional information relating to these long-term incentives, see Board Compensation Committee Report on Executive Compensation Long-Term Incentives Awards.

- (3) Amounts represent the aggregate value of long-term incentive restricted stock for which restrictions were lifted and the related tax-assistance payments.
- (4) Amounts represent accruals made for each executive under a nonqualified supplemental executive retirement plan, which are subject to vesting over a three-year period.

- (1) Stock options have exercise prices equal to the fair market value of a share of Common Stock at the date of award and become exercisable six months after the date of award. Options generally expire at the earliest of five years after the date of the award, one year after the optionee's death, disability or retirement, or at the time of the optionee's termination of employment.
- (2) The amounts shown as potentially realizable values are based on arbitrarily assumed rates of stock price appreciation of five percent and ten percent over the full term of the options, as required by applicable SEC regulations. The actual value of the option grants depends on future performance of the Common Stock and overall market conditions. There is no assurance that the values reflected in this table will be achieved.

Executive Employment Agreement and Change of Control Agreements

In November 2001, Oceaneering entered into a Service Agreement (the "Service Agreement") with Mr. Huff, which replaced his prior employment agreement. As did the prior employment agreement, the Service Agreement provides medical coverage on an after-tax basis to Mr. Huff, his spouse and children during his employment with Oceaneering and, under certain circumstances, thereafter for their lives. The Service Agreement provides for a specific employment period through August 15, 2006, followed by a specific service period ending no later than August 15, 2011, during which time Mr. Huff, acting as an independent contractor, will serve as nonexecutive Chairman of our Board of Directors if the Board requests that he serve in such capacity.

During the employment period under the Service Agreement, Mr. Huff's compensation consists of an annual base salary, contributions by Oceaneering into its supplemental executive retirement plan, an annual bonus and an aggregate long-term incentive opportunity no less than that existing at the commencement of the Service Agreement, as may be subsequently increased, and certain perquisites and administrative assistance. If his employment is terminated during his employment period by Oceaneering for cause or by him for other than good reason, as defined below, no salary or benefits not previously vested will be payable to him under the Service Agreement. If Mr. Huff's employment is terminated by Oceaneering for reasons other than cause, by Mr. Huff for good reason or by reason of Mr. Huff's death or disability:

Mr. Huff will be entitled to receive a termination package consisting of: (1) an amount equaling his highest rate of annual base salary during his employment with Oceaneering multiplied by the sum of ten and the number of years then remaining in the unexpired portion of his employment period; (2) an amount equal to the value of the maximum award he would have been eligible to receive under the then-current fiscal year bonus plan; and (3) an amount equal to the maximum percentage of his annual base salary contributed by Oceaneering for him in its supplemental executive retirement plan for the then-current year multiplied by his highest annual rate of base salary;

all of Mr. Huff's then outstanding stock options will immediately vest and become exercisable or he may elect to be paid an amount equal to the spread between the exercise price and the higher market value for the shares of Common Stock underlying those options;

Mr. Huff's benefits under all compensation plans, including restricted stock and stock unit agreements, will become payable to him as if all contingencies for payment and maximum level of performance have been met;

Mr. Huff will receive benefits under all other plans he participates in for three years; and

Mr. Huff will be entitled to receive certain perquisites and administrative assistance for ten years from the date of any such termination.

As defined in the Service Agreement, good reason for Mr. Huff to terminate includes: any adverse change in status, title, duties or responsibilities; any reduction in annual base salary, supplemental executive retirement plan contribution level by Oceaneering, annual bonus opportunity or aggregate long-term compensation, all as subsequently may be increased; any relocation; the failure of a successor to assume the Service Agreement; any prohibition by Oceaneering against Mr. Huff's engaging in outside activities permitted by the Service Agreement; any purported termination by Oceaneering that does not comply with the terms of the Service Agreement; and default by Oceaneering in the performance of its obligations under the Service Agreement.

Following the completion of Mr. Huff's employment period, Oceaneering may request that he serve as nonexecutive Chairman of the Board during the service period, and if he refuses to serve and Oceaneering is fulfilling its obligations under the Service Agreement, no salary or benefits not previously vested as of the time of his refusal

will be payable to him under the Service Agreement. If Mr. Huff is not requested to serve as nonexecutive Chairman of the Board or his service as nonexecutive Chairman of the Board terminates for any reason other than his refusal to serve, including by reason of his death or disability, or the failure of Oceaneering to fulfill its obligations under the Service Agreement, he will be entitled to receive the termination package described above, except that an amount equal to the highest annual rate of base salary earned during the employment period would be paid to him over ten years (rather than in a lump sum); provided that, in the event of his subsequent death or a subsequent change of control, as defined below, the aggregate amount of all such payments would be accelerated and immediately payable. During Mr. Huff's service as nonexecutive Chairman of the Board, if any, his annual rate of compensation would be equal to 50% of his highest

Table of Contents

annual base salary during the employment period. Moreover, throughout the service period, Mr. Huff would continue to receive certain perquisites and administrative assistance, and he would continue to participate in plans he participated in as of August 15, 2006; however, he would not be eligible for subsequent grants or contributions made under any such plan after that date.

In November 2001, Oceaneering entered into Change of Control Agreements (each, a Change of Control Agreement) with Mr. Huff and other executives, including each of the executive officers listed in the Summary Compensation Table, replacing each of their respective prior senior executive severance agreements and, in the case of Mr. Huff, also replacing his prior supplemental senior executive severance agreement. These Change of Control Agreements entitle the individual to receive a severance package, described below, in the event of the occurrence of both a change of control and a termination of his employment by Oceaneering without cause or by the executive for good reason (defined using substantially the same definition as in Mr. Huff's Service Agreement) during a period of time beginning a year prior to the occurrence or, in some cases, the contemplation by the Board of a change in control (the Effective Date) and ending two years following the Effective Date. While Mr. Huff is nonexecutive Chairman of the Board, a termination of his service for any reason other than his refusal to serve as nonexecutive Chairman of the Board could also entitle Mr. Huff to a severance package. For purposes of the Change of Control Agreements and the Service Agreement, a change of control is defined as occurring if:

any person is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of Oceaneering representing 20% or more of the combined voting power of Oceaneering's outstanding voting securities, other than through the purchase of voting securities directly from a private placement by Oceaneering;

the current members of our Board, or subsequent members approved by at least two-thirds of the current members, no longer comprise a majority of our Board;

Oceaneering is merged or consolidated with another corporation or entity, and Oceaneering's shareholders own less than 60% of the outstanding voting securities of the surviving or resulting corporation or entity;

a tender offer or exchange offer is made and consummated by a person other than Oceaneering for the ownership of 20% or more of Oceaneering's voting securities; or

there has been a disposition of all or substantially all of Oceaneering's assets.

The severance package provided for in each such executive's Change of Control Agreement consists of an amount equal to three times the sum of:

the executive's highest annual rate of base salary during the then-current year or any of the three years preceding termination;

an amount equal to the maximum award the executive is eligible to receive under the then-current fiscal year bonus plan; and

an amount equal to the maximum percentage of the executive's annual base salary contributed by Oceaneering for him in the supplemental executive retirement plan for the then-current year multiplied by the executive's highest annual rate of base salary.

A minimum aggregate amount payable for these items is stated in each such executive's agreement, which amount was calculated using the year-end December 31, 2001 amounts for each component. This calculated minimum amount for Mr. Huff is applicable for any termination occurring during his service as nonexecutive Chairman of the Board.

Table of Contents

The severance package also would provide that, for each applicable individual:

all outstanding stock options immediately vest and become exercisable or the individual may elect to be paid an amount equal to the spread between the exercise price and the higher market value for the shares of Common Stock underlying those options;

the benefits under all compensation plans, including restricted stock agreements and restricted stock unit agreements, will be paid as if all contingencies for payment and maximum levels of performance have been met; and

the applicable individual will receive benefits under all other plans he then participates in for three years.

Any payment of the Change of Control severance package to Mr. Huff would not reduce any benefits or compensation due Mr. Huff under the Service Agreement; provided, however, that the above-mentioned benefits regarding stock options, benefits under compensation plans and other benefits payable for three years are not provided under the Change of Control Agreement to Mr. Huff to the extent they are duplicative of benefits provided to him under his Service Agreement.

The Change of Control Agreements and Mr. Huff's Service Agreement provide that if any payments made thereunder would cause the recipient to be liable for an excise tax because the payment is a parachute payment (as defined in the Internal Revenue Code), then Oceaneering will pay the individual an additional amount to make the individual whole with respect to that tax liability.

Long-Term Incentive Plans and Retirement Plans**Equity Compensation Plan Information**

The following presents equity compensation plan information as of December 31, 2004:

Equity compensation plans not approved by security holders	978,200	\$ 26.89	826,690
Total	1,509,050	\$ 26.28	1,422,590

At December 31, 2004, there were: (1) 826,690 shares of Common Stock under equity compensation plans not approved by security holders available for grant, in the form of stock options, stock appreciation rights or stock awards; and (2) 595,900 shares of Common Stock under equity compensation plans approved by security holders available for grant, in the form of stock options, stock appreciation rights or stock awards, subject to no more than a remaining 2,000 shares being used for awards other than stock options or stock appreciation rights to employees.

Under our 2002 Incentive Plan and 2002 Non-Executive Incentive Plan (the Incentive Plans), totals of 1,325,000 and 2,500,000 shares of Common Stock, respectively, were made available for awards to employees and other persons (excluding (1) nonemployee directors (except with respect to automatic grants as described below), and (2) executive officers, in the case of the 2002 Non-Executive Incentive Plan, which is not a shareholder-approved plan) having an important business relationship or affiliation with us. Under the shareholder-approved 2002 Incentive Plan,

each of our directors is automatically granted an option to purchase 10,000 shares of our common stock on the date the director becomes a nonemployee director and each year thereafter at an exercise price per share equal to the fair market value of a share of our common stock on the date the option was granted. These options granted to nonemployee directors become fully exercisable six months following the date of grant.

The Incentive Plans are administered by the Compensation Committee, which determines the type or types of award(s) to be made to each participant and sets forth in the related award agreement the terms, conditions and limitations applicable to each award. The Compensation Committee may grant stock options, stock appreciation rights and stock and cash awards. Options outstanding under the Incentive Plans and prior plans vest over a six- month, a three- or four-year period and are exercisable over a period of four, five or ten years after the date of grant or five years after the date of vesting. Under the Incentive Plans, a stock option must have a term not exceeding five years from the date of grant and must have an exercise price of not less than the fair market value of a share of our common stock on the date of grant. The Compensation Committee may not: (1) grant, in exchange for a stock option, a new stock option having a lower exercise price; or (2) reduce the exercise price of a stock option.

For a description of our 2005 Incentive Plan, see [Approval of 2005 Incentive Plan](#) .

Retirement Plan Information

We also maintain a 401(k) Plan and a Supplemental Executive Retirement Plan. All employees of Oceaneering and its United States subsidiaries who meet the eligibility requirements may participate in our 401(k) Plan. Certain key management employees and executives of Oceaneering and its subsidiaries, as approved by the Compensation Committee, are eligible to participate in our Supplemental Executive Retirement Plan.

Under our 401(k) Plan, and subject to limitations provided for in the plan, each participant directs us to defer between 1% and 80% of the participant's base pay and contribute the deferred compensation to the 401(k) Plan, with such contributions being invested in shares of Common Stock, mutual funds and guaranteed investments. A participant's deferred compensation contributed to the plan is fully vested. Our contributions to this plan become vested to the participant in percentage increments over a six-year period, commencing with the participant's date of employment, provided that the participant remains employed by us. We are currently contributing shares of Common Stock in an amount equal to 100% of the deferred compensation of each participant, up to the first 6% of the participant's base pay deferred. During the year ended December 31, 2004, none of the executive officers listed in the Summary Compensation Table made contributions to the 401(k) Plan.

As of each July 1, the Compensation Committee may establish an amount to be accrued subject to vesting under our Supplemental Executive Retirement Plan for the following 12-month period (each, a Plan Year) as it determines in its discretion, and the amounts accrued may be different for each participant. A participant may elect to defer a portion of base salary and annual bonus for accrual pursuant to the Supplemental Executive Retirement Plan, which amounts are vested. We do not maintain a separate fund for our Supplemental Executive Retirement Plan. Amounts accrued under our Supplemental Executive Retirement Plan are adjusted for earnings and losses as if they were invested in one or more investment vehicles selected by the participant from those designated as alternatives by the Compensation Committee. The account balances that are subject to vesting vest in one-third increments on the close of the first, second and third years of continuous employment, beginning with and including July 1 of the Plan Year with respect to which they are accrued. These account balances vest in any event upon the first to occur of ten years of continuous employment after becoming a participant, the date that the sum of the participant's attained ages and years of participation equals 65, termination of employment by reason of death or disability or within two years of a change of control, or termination of the plan. A participant's interest in the plan is generally distributable upon termination of employment.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Oceaneering's executive compensation program is administered by the Compensation Committee of the Board of Directors (the Committee). Each member of the Committee is an independent director, in accordance with the applicable rules of the New York Stock Exchange. The Committee is dedicated to maintaining a strong, positive link between the development and attainment of strategic goals that enhance shareholder value and the compensation and benefit programs needed to achieve those goals.

Overall Executive Compensation Policy

Oceaneering's policy is designed to facilitate its mission of increasing the net wealth of its shareholders by:

attracting, rewarding and retaining highly qualified and productive individuals;

setting compensation levels that are externally competitive and internally equitable;

interrelating annual executive compensation with the results of individual performance, the individual's profit center performance and overall Oceaneering performance; and

motivating executives and key employees toward achieving long-term strategic results by aligning employee and shareholder interests through the increased value of Oceaneering's Common Stock.

There are three major components of Oceaneering's executive compensation program: Base Salary; Annual Bonus Plan Awards; and Long-Term Incentive Awards, which in the past have included stock options and performance-based restricted stock and unit awards. The Committee considers all elements of compensation when determining individual components. In 2004, the Committee reviewed all these elements of compensation for executive officers with an outside compensation consultant engaged by the Committee and the Committee determined the total compensation for Oceaneering's executive officers in the aggregate was reasonable and not excessive.

Base Salary

The Committee believes a competitive salary is essential to support management development and career orientation of executives. The Committee reviews annually the salary of Oceaneering's executive officers. In determining appropriate salary levels, the Committee considers level and scope of responsibility and accountability, experience, individual performance contributions, internal equity and market comparisons. The Committee does not assign specific weightings to these criteria. However, the Committee manages base salaries for the executive group in a manner that emphasizes incentive compensation.

Annual Bonus Plan Awards

The Committee administers an annual cash incentive bonus award plan to reward executive officers and other key employees of Oceaneering based on individual performance and the achievement of specific financial and operational goals determined for the year. The award interrelates individual performance, an individual's profit center income for the year compared to planned amount, and Oceaneering's net income for the year compared to planned amount. For 2004, the maximum annual bonus award eligibility established for executive officers was within a range of 40% to 125% of base salary.

Long-Term Incentive Awards

Long-term incentive awards under Oceaneering's Long-Term Incentive Plans are designed to create a mutuality of interest between executive officers (and other key employees) and shareholders through stock ownership and other incentive awards.

Table of Contents

To achieve these objectives, the Committee granted restricted Common Stock Units to executive officers and other key employees of Oceaneering in 2002. There were no similar grants in 2003 or 2004. The awards made in 2002 are subject to earning requirements during the three-year performance period and subsequent vesting requirements. At the time of vesting of a restricted Common Stock Unit, the participant will be issued a share of Common Stock for each Common Stock Unit vested. Up to one-third of the total grant may be earned each year, depending on Oceaneering's cumulative Common Stock performance from July 12, 2002 as compared with the cumulative common stock performance of the peer group specified in the Performance Graph of this Proxy Statement from that date, with any amount earned subject to vesting in five equal installments over five years, conditional upon continued employment. If the performance of Oceaneering's Common Stock is less than 50% of the average of the performance of the common stock of the peer group, no shares of restricted stock are earned. If the performance of Oceaneering's Common Stock is 50% to 87.5% or greater than the average of the performance of the peer group, the amount of restricted stock earned will range from 16% to 100% of the maximum achievable for that period. At the time of each vesting, the participant receives a tax assistance payment. At the end of 2004, two-thirds of this grant was earned and one-fifteenth was vested.

The Committee also awards stock options to a broad group of executives and key employees. Stock option grants were made in 2004 to all the executive officers listed in the Summary Compensation Table.

Compensation of Chief Executive Officer

John R. Huff has been Chief Executive Officer of Oceaneering since August 1986 and Chairman of the Board since 1990. His compensation package has been designed to encourage the enhancement of shareholder value. Mr. Huff's compensation for 2004 included the same components and methodology of salary and variable compensation as apply to other executive officers, with regard to his high level of accountability. A substantial portion of his compensation is at risk in the form of performance bonuses and stock awards. During 2004, Mr. Huff's base annual salary was increased by \$75,000 to \$700,000, he received an annual bonus of \$500,000 and he was granted stock options for 12,500 shares of Oceaneering Common Stock. Mr. Huff's compensation reflects the Committee's assessment of Oceaneering's financial performance compared to other oilfield service companies during the relevant periods, including with respect to his annual bonus for 2004, Oceaneering's record earnings in 2004, Mr. Huff's leadership and significant personal contribution to Oceaneering's business and compensation data of competitive companies.

Compliance With Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a deduction to public companies to the extent of excess annual compensation over \$1 million paid to certain executive officers, except for qualified performance-based compensation. Oceaneering had no nondeductible compensation expense for 2004. The Committee plans to review this matter as appropriate and take action as may be necessary to preserve the deductibility of compensation payments to the extent reasonably practical and consistent with Oceaneering's compensation objectives.

Table of Contents**Performance Graph**

The following graph compares our total shareholder return to the Standard & Poor's 500 Stock Index (S&P 500), the weighted average return generated by a peer group from March 31, 2000 through December 31, 2004. The peer group companies for this performance graph are Global Industries, Ltd., Halliburton Company, McDermott International, Inc., Cal Dive International, Inc., Offshore Logistics, Inc., Stolt Offshore S.A. and Tidewater, Inc.

It is assumed in the graphs that: (1) \$100 was invested in Oceaneering's Common Stock, the S&P 500 and the Peer Group on March 31, 2000; (2) the peer group investment is weighted based on the market capitalization of each individual company within the peer group at the beginning of each period; and (3) any dividends are reinvested. We have not declared any dividends during the period covered by the graph. The shareholder return shown is not necessarily indicative of future performance.

**APPROVAL OF THE 2005 INCENTIVE PLAN
Proposal 2**

Our Board of Directors adopted the 2005 Incentive Plan of Oceaneering International, Inc. (the 2005 Incentive Plan) effective March 14, 2005, subject to the approval of our shareholders at the 2005 Annual Meeting. The Board of Directors believes the 2005 Incentive Plan will be important in achieving the benefits arising from ownership of shares of Common Stock by corporate officers, directors and key employees of Oceaneering and its subsidiaries. The 2005 Incentive Plan is an important part of the compensation program for those eligible persons and we believe it will help us attract and retain the best available personnel. Share ownership through the 2005 Incentive Plan will encourage their sense of proprietorship and create additional incentives to use their best efforts to achieve our long-term success. The following description of the 2005 Incentive Plan is a summary of various provisions and is qualified in its entirety by reference to the 2005 Incentive Plan, which is attached to this Proxy Statement as Appendix B.

Summary of the 2005 Incentive Plan

The 2005 Incentive Plan is designed to help us attract and retain officers, directors and key employees, to encourage the sense of proprietorship of those persons in our company and to stimulate the active interest of those persons in the development and financial success of Oceaneering and its subsidiaries. With respect to employee awards, the 2005 Incentive Plan is administered by the Compensation Committee of our Board of Directors. With respect to awards to our nonemployee directors, the 2005 Incentive Plan is administered by our full Board of Directors and any power granted to the Compensation Committee with respect to employee awards is reserved to the Board of Directors in the context of director awards. The 2005 Incentive Plan provides for various types of awards to be granted to participants. Under the 2005 Incentive Plan, options to purchase shares of Common Stock and stock appreciation rights with fixed or variable exercise prices may be granted, but per share exercise prices can be no less than the fair market value per share of our Common Stock on the date of grant. In addition, the 2005 Incentive Plan permits grants of shares of Common Stock or of rights to receive shares of Common Stock, or their cash equivalent or a combination of both, including restricted, unrestricted, performance and phantom stock, on such terms as the Compensation Committee or Board may determine. The 2005 Incentive Plan also provides for cash bonus awards based on objective performance goals pre-established by the Compensation Committee. Options and stock appreciation rights must have fixed terms no longer than seven years; restricted stock, whether or not performance-based, must be restricted for at least one year; outright unrestricted stock grants must be in lieu of salary or bonus; and earlier vesting of stock awards is limited to death, disability, retirement or change-of-control events. Shares reserved for issuance under the 2005 Incentive Plan can be used as the form of payment for any other compensation payable by us.

Shares Reserved. The 2005 Incentive Plan currently provides for a maximum of 1,200,000 shares of Common Stock as to which awards may be granted (of which 600,000 were authorized for awards other than options or stock appreciation rights and 600,000 were authorized for incentive stock options), plus shares forfeited under the Oceaneering 2002 Incentive Plan and the 2002 Non-Executive Incentive Plan. Effective March 14, 2005, no further awards shall be made under the 2002 Incentive Plan and the 2002 Non-Executive Incentive Plan. For additional information on awards made and shares reserved under all our equity compensation plans, see *Equity Compensation Plan Information* on page 15.

In order to address potential shareholder concerns regarding the number of options, stock appreciation rights or stock awards we intend to grant in a given year, the Board of Directors commits to our shareholders that for the next three fiscal years (commencing on January 1, 2005) it will not grant a number of shares subject to options, stock appreciation rights or stock awards to employees or nonemployee directors (whether under the 2005 Incentive Plan or other plans, whether or not approved by shareholders) greater than an average of 2% of the number of shares of our Common Stock that we believe will be outstanding over such three year period. For purposes of calculating the

number of shares granted in a year, stock awards will count as equivalent to (1) 1.5 option shares, if our annual stock price volatility is 53% or higher, (2) two option shares if our annual stock price volatility is between 25% and 52%, and (3) four option shares if our annual stock price volatility is less than 25%.

Selection of Participants. The Compensation Committee selects the employee participants and determines the number and type of awards to be granted to each such participant, and the full Board of Directors makes the same determinations with respect to nonemployee directors. Participants who may be granted awards under the 2005 Incentive Plan include any officer or employee of Oceaneering or any of its subsidiaries, and any nonemployee director of Oceaneering. As of December 31, 2004, Oceaneering had approximately 5,100 employees, including six executive officers, and four nonemployee directors.

Table of Contents

Awards may be granted as alternatives to or in replacement of (1) awards outstanding under the 2005 Incentive Plan or any other plan or arrangement of Oceaneering or any of its subsidiaries, or (2) awards outstanding under a plan or arrangement of a business or entity all or part of which is acquired by Oceaneering or any of its subsidiaries; provided, however, that except for adjustments to account for a corporate transaction as described below, the grant price of any option or stock appreciation right shall not be decreased, including by means of issuance of a substitute option or stock appreciation right with a lower grant price. The Compensation Committee or the Board may permit or require the deferral of any award payment, subject to any rules and procedures it may establish, and may include provisions in awards for the payment or crediting of interest or dividend equivalents, including converting those credits into deferred share equivalents.

Stock Options. The Compensation Committee determines, in connection with each option granted to officers and employees, the exercise price, whether that price is payable in cash (and whether that may include proceeds of a sale assisted by a third party) or shares of Common Stock or both, the terms and conditions of exercise, the expiration date, whether the option will qualify as an incentive stock option under the Internal Revenue Code of 1986, as amended, (the Code) or a nonqualified stock option, restrictions on transfer of the option, and other provisions not inconsistent with the 2005 Incentive Plan. The term of an option shall not exceed seven years from the date of grant. The full Board of Directors makes the same determinations with respect to options granted to nonemployee directors.

Stock Appreciation Rights. The Compensation Committee is authorized to grant stock appreciation rights, or SARs, to officers and employees and the full Board of Directors may grant SARs to nonemployee directors. Every SAR entitles the participant, upon exercise of the SAR, to receive in cash or shares of Common Stock a value equal to the excess of the market value of a specified number of shares of Common Stock at the time of exercise, over the exercise price established by the Compensation Committee or Board of Directors, as applicable. The term of a SAR will not exceed seven years from the date of grant. A SAR may be granted in tandem with an option, subject to such terms and restrictions as established by the Compensation Committee or Board of Directors, as applicable.

Stock Awards and Cash Awards. The 2005 Incentive Plan authorizes the Compensation Committee to grant officers and employees stock awards consisting of shares of Common Stock or of a right to receive shares of Common Stock, or their cash equivalent or a combination of both, in the future and cash bonuses payable solely on account of the attainment of one or more objective performance goals that have been pre-established by the Compensation Committee, and the Board of Directors is authorized to make such grants to nonemployee directors. Such awards may be subject to such terms and conditions, restrictions and contingencies, not inconsistent with the 2005 Incentive Plan, as may be determined by the Compensation Committee or Board of Directors, as applicable. Among other things, stock awards can be, and cash bonuses that qualify as cash awards under the 2005 Incentive Plan must be, conditioned on the achievement of single or multiple performance goals.

Award Limits. Under the 2005 Incentive Plan, no participant may be granted, in any one-year period, options or SARs that are exercisable for more than 500,000 shares of Common Stock, stock awards covering more than 500,000 shares of Common Stock, or cash awards having a value greater than \$5,000,000.

Performance Awards. Any award available under the 2005 Incentive Plan may be made as a performance award. Performance awards not intended to qualify as qualified performance-based compensation under Code Section 162(m) will be based on achievement of such goals and will be subject to such terms, conditions and restrictions as the Compensation Committee (or the Board of Directors with respect to nonemployee director awards,) or its delegate will determine. Performance awards granted under the 2005 Incentive Plan that are intended to qualify as qualified performance-based compensation under Code Section 162(m) will be paid, vested or otherwise deliverable solely on account of the attainment of one or more pre-established, objective performance goals established by the Compensation Committee. The performance goals may be cumulative, annual or end-of-performance period goals, may be relative to a peer group or based on changes or maintenance relative to stated values, and may be based on any

one or more of the following measures: revenue, cash flow, net income, stock price, credit rating, market share, earnings per share, or return on equity; controlling or reducing various costs of doing business; and maintaining appropriate levels of debt and interest expense. Unless otherwise stated, such a performance goal need not be based on an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria).

Table of Contents

Cash awards, as well as the above-mentioned performance measures for stock awards and cash awards, are included in the 2005 Incentive Plan to enable the Compensation Committee to make awards that qualify as qualified performance-based compensation under Code Section 162(m). The Compensation Committee can satisfy such requirements by, among other things, including provisions in stock awards and cash bonuses that will make them payable solely on account of the attainment of one or more pre-established, objective performance goals based on performance measures that have been approved by our shareholders. Although the Compensation Committee does not have to include such provisions in stock awards or cash bonuses, the inclusion of such provisions and compliance with certain other requirements of Section 162(m) would enable us to take a tax deduction for such compensation that we might not otherwise be able to take.

Director Awards. The Board of Directors may grant nonemployee directors of Oceaneering awards in accordance with the same terms governing all other awards under the 2005 Incentive Plan.

Adjustments. In the event of a specified type of corporate transaction involving Oceaneering (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the Compensation Committee may adjust awards to preserve the benefits or potential benefits of the awards. Action by the Compensation Committee may include adjustment of:

the number and kind of shares which may be issued or delivered under the 2005 Incentive Plan;

the number and kind of shares subject to outstanding awards; and

the exercise price of outstanding options and SARs; as well as any other adjustments that the Compensation Committee determines to be equitable.

Duration; Plan Amendments. The 2005 Incentive Plan has a term of ten years from the date of shareholder approval. The Board of Directors may at any time amend, suspend or terminate the 2005 Incentive Plan, but in doing so cannot adversely affect any outstanding award without the grantee's written consent or make any amendment without shareholder approval, to the extent such shareholder approval is required by applicable law or the exchange upon which the shares are traded. The Compensation Committee is authorized to make certain amendments that are needed to meet legal requirements or that are not material.

Certain Federal Income Tax Consequences of Awards Under the 2005 Incentive-Plan

The following is a summary of the general rules of present federal income tax law relating to the tax treatment of incentive stock options, nonqualified stock options, SARs, stock awards and cash awards under the 2005 Incentive Plan. The discussion is general in nature and does not take into account a number of considerations, which may apply based on the circumstances of a particular participant under the 2005 Incentive Plan.

Options. Some of the options issuable under the 2005 Incentive Plan may constitute incentive stock options within the meaning of Code Section 422, while other options granted under the 2005 Incentive Plan will be nonqualified stock options. The Code provides for special tax treatment of stock options qualifying as incentive stock options, which may be more favorable to employees than the tax treatment accorded nonqualified stock options. Upon grant of either form of option, the optionee will not recognize income for tax purposes and Oceaneering will not receive any deduction. Generally, upon the exercise of an incentive stock option, the optionee will recognize no income for U.S. federal income tax purposes. However, the difference between the exercise price of the incentive stock option and the fair market value of the shares at the time of exercise is an item of tax adjustment that may require payment of an alternative minimum tax. On the sale of shares of Common Stock acquired by exercise of an incentive stock option (assuming that the sale does not occur within two years of the date of grant of the option or within one year from the

date of exercise), any gain will be taxed to the optionee as mid-term or long-term capital gain, depending on the actual holding period from the exercise date. In contrast, on the exercise of a nonqualified option, the optionee recognizes taxable income (subject to withholding) in an amount equal to the difference between the fair market value of the shares of Common Stock acquired on the date of exercise and the exercise price. On any sale of those shares by the optionee, any difference between the sale price and the fair market value of the shares on the date of exercise of the nonqualified option will be treated generally as capital gain or loss. No deduction is available to Oceaneering on the exercise of an incentive stock option (although a deduction may be available if the employee sells the shares acquired on exercise before the applicable holding period expires), whereas on exercise of a nonqualified stock option, Oceaneering is entitled to a deduction in an amount equal to the income recognized by the employee. Except in the case of the death or

Table of Contents

disability of an optionee, an optionee has three months after termination of employment in which to exercise an incentive stock option and retain favorable tax treatment on exercise. An option exercised more than three months after an optionee's termination of employment other than upon death or disability of an optionee cannot qualify for the tax treatment accorded incentive stock options. Any such option would be treated as a nonqualified stock option instead.

Stock Appreciation Rights. The amount of any cash or the fair market value of any shares of Common Stock received by the holder upon the exercise of SARs under the 2005 Incentive Plan will be subject to ordinary income tax in the year of receipt, and Oceaneering will be entitled to a deduction for that amount.

Stock Awards. A grant of shares of Common Stock or a cash equivalent that is not subject to vesting restrictions will result in taxable income for federal income tax purposes to the recipient at the time of grant in an amount equal to the fair market value of the shares or the amount of cash awarded. Oceaneering would be entitled to a corresponding deduction at that time for the amount included in the recipient's income.

Generally, a grant of shares of Common Stock under the 2005 Incentive Plan subject to vesting and transfer restrictions will not result in taxable income to the recipient for federal income tax purposes or a tax deduction to Oceaneering in the year of grant. The value of the shares will generally be taxable to the recipient as compensation income in the years in which the restrictions on the shares lapse. Such value will be the fair market value of the shares as to which the restrictions terminate on the date or dates those restrictions terminate. Any recipient, however, may elect pursuant to Code Section 83(b) to treat the fair market value of the restricted shares on the date of grant as compensation income in the year of grant, provided the recipient makes the election pursuant to Code Section 83(b) within 30 days after the date of grant. In any case, Oceaneering will receive a deduction for federal income tax purposes corresponding in amount to the amount of compensation included in the recipient's income in the year in which that amount is so included.

Cash Awards. Cash awards under the 2005 Incentive Plan are taxable income to the recipient for federal income tax purposes at the time of payment. The recipient will have compensation income equal to the amount of cash paid, and Oceaneering will have a corresponding deduction for federal income tax purposes.

Other. In general, a federal income tax deduction is allowed to Oceaneering in an amount equal to the ordinary income recognized by a participant with respect to awards under the 2005 Incentive Plan, provided that:

such amount constitutes an ordinary and necessary business expense;

such amount is reasonable; and

the qualified performance-based compensation requirements of Code Section 162(m) are satisfied.

A participant's tax basis in vested shares of Common Stock purchased under the 2005 Incentive Plan is equal to the sum of the price paid for the shares, if any, and the amount of ordinary income recognized by the participant on the transfer of vested shares. The participant's holding period for the shares begins just after the transfer to the participant of vested shares. If a participant sells shares, any difference between the amount realized in the sale and the participant's tax basis in the shares is taxed as long-term, mid-term or short-term capital gain or loss (provided the shares are held as a capital asset on the date of sale), depending on the participant's holding period for the shares.

Section 409A. On October 22, 2004, President Bush signed the American Jobs Creation Act of 2004. The Jobs Creation Act dramatically alters the tax law relating to nonqualified deferred compensation arrangements, through the creation of the new Code Section 409A, and imposes significant penalties for noncompliance. Specifically, if the deferred compensation arrangement does not comply with the Jobs Creation Act, deferred amounts will be taxed

currently at the participant's marginal rate, interest is assessed at the underpayment rate established by the IRS plus 1%, measured from the later of the deferral date or vesting date, and a penalty is assessed equal to 20% of the taxable amount of compensation. In accordance with recent IRS guidance interpreting the Jobs Creation Act, the 2005 Incentive Plan will be administered in a manner that is in good faith compliance with Section 409A. The Board of Directors intends that any awards under the 2005 Incentive Plan satisfy the applicable requirements of Section 409A.

Awards Granted Under the 2005 Incentive Plan

It is not possible to state the individuals who will receive grants of options to purchase shares of Common Stock under the 2005 Incentive Plan in the future, or the amount of options that will be granted under the 2005 Incentive Plan. Please see the table captioned "Option Grants in the Last Fiscal Year" under "Executive Compensation" above for information regarding options granted under existing incentive plans to the named executive officers during the year ended December 31, 2004.

Vote Required and Board Recommendation

In accordance with our bylaws, the adoption of the proposal to approve the 2005 Incentive Plan requires the affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote on this proposal at the 2005 Annual Meeting. Because abstentions are counted as present for purposes of the vote on this proposal but are not votes "FOR" this proposal, they have the same effect as votes "AGAINST" this proposal. Broker non-votes will have no effect on the vote.

The Board of Directors urges the shareholders to vote FOR approval of the 2005 Incentive Plan. The persons named in the accompanying proxy intend to vote such proxy FOR approval of the 2005 Incentive Plan, unless a contrary choice is set forth thereon or unless an abstention or broker non-vote is indicated thereon.

Proposal 3**

Subject to ratification by the shareholders, the Audit Committee of the Board of Directors has appointed Ernst & Young LLP, independent certified public accountants, as independent auditors of Oceaneering for the year ending December 31, 2005. Representatives of Ernst & Young LLP will be present at the meeting, will be given the opportunity to make a statement if they so desire and will be available to respond to appropriate questions of any shareholders.

In accordance with our bylaws, the approval of the proposal to ratify the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the year ending December 31, 2005 requires the affirmative vote of a majority of the shares of Common Stock voted on this proposal at the meeting. Accordingly, abstentions and broker non-votes marked on proxy cards will not be included in the tabulation of votes cast on this proposal.

The persons named in the accompanying proxy intend to vote such proxy in favor of the ratification of the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the fiscal year ending December 31, 2005, unless a contrary choice is set forth thereon or unless an abstention or broker non-vote is indicated thereon.

Unless a service proposed to be provided by the independent auditors has been pre-approved by the Audit Committee under its pre-approval policies and procedures, it will require specific pre-approval of the engagement terms by the Audit Committee. Under the policy, pre-approved service categories are

generally provided for up to 12 months and must be detailed as to the particular services provided and sufficiently specific and objective so that no judgments by management are required to determine whether a specific service falls within the scope of what has been pre-approved. In connection with any pre-approval of services, the independent auditors are required to provide detailed back-up documentation concerning the specific services to be provided. The Audit Committee does not delegate to management any of its responsibilities to pre-approve services performed by our independent auditors.

Any Stock Award which is not a Performance Award shall have a minimum Restriction Period of one year from the date of grant, provided that (i) the Committee may provide for earlier vesting following a change in control of the Company or upon an Employee's termination of employment by reason of death, disability or retirement, (ii) such one-year minimum Restricted Period shall not apply to a Stock Award that is granted in lieu of salary or bonus, and (iii) vesting of a Stock Award may occur incrementally over the one-year minimum Restricted Period.

(iv) *Cash Award.* An Award may be in the form of a Cash Award. The terms, conditions and limitations applicable to any Cash Awards granted pursuant to this Plan shall be determined by the Committee.

(v) *Performance Award.* Without limiting the type or number of Awards that may be made under the other provisions of this Plan, an Award may be in the form of a Performance Award. The terms, conditions and limitations applicable to any Performance Awards granted to Participants pursuant to this Plan shall be determined by the Committee, subject to the limitations specified below. Any Stock Award which is a Performance Award shall have a minimum Restriction Period of one year from the date of grant, provided that the Committee may provide for earlier vesting following a change of control of the Company, or upon a termination of employment by reason of death, disability or retirement. (A) *Nonqualified Performance Awards.* Performance Awards granted to Employees or Directors that are not intended to qualify as qualified performance-based compensation under Section 162(m) of the Code shall be based on achievement of such Performance Goals and be subject to such terms, conditions and restrictions as the Committee or its delegate shall determine.

(B) *Qualified Performance Awards.* Performance Awards granted to Employees under the Plan that are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code shall be paid, vested or otherwise deliverable solely on account of the attainment of one or more pre-established, objective Performance Goals established by the Committee prior to the earlier to occur of (x) 90 days after the commencement of the period of service to which the Performance Goal relates and (y) the lapse of 25% of the period of service (as scheduled in good faith at the time the goal is established), and in any event while the outcome is substantially uncertain. A Performance Goal is objective if a third party having knowledge of the relevant facts could determine whether the goal is met. Such a Performance Goal may be based on one or more business criteria that apply to the Employee, one or more business units, divisions or sectors of the Company, or the Company as a whole, and if so desired by the Committee, by comparison with a peer group of companies. A Performance Goal may include one or more of the following: revenue, cash flow, net income, stock price, credit rating, market share, earnings per share, or return on equity; controlling or reducing various costs of doing business; maintaining appropriate levels of debt and interest expense. Unless otherwise stated, such a Performance Goal need not be based upon an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria). In interpreting Plan provisions applicable to Performance Goals and Qualified Performance Awards, it is the intent of the Plan to conform with the standards of Section 162(m) of the Code and Treasury Regulation §1.162-27(e)(2)(i), as to grants to those Employees whose compensation is, or is likely to be, subject to Section 162(m) of the Code, and the Committee in establishing such goals and interpreting the Plan shall be guided by such provisions. Prior to the payment of any compensation based on the achievement of Performance Goals applicable to Qualified Performance Awards, the Committee must certify in writing that

applicable Performance Goals and any of the material terms thereof were, in fact, satisfied.

Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Qualified Performance Awards made pursuant to this Plan shall be determined by the Committee.

(b) Notwithstanding anything to the contrary contained in this Plan, the following limitations shall apply to any Awards made hereunder:

9. *Awards to Directors.* The Board may grant a Nonemployee Director of the Company one or more Awards and establish the terms thereof in accordance with paragraph 8 and consistent with the provisions therein for the granting of Awards to Employees by the Committee. Any such Award shall be subject to the applicable terms, conditions and limitations set forth in this Plan and the applicable Award Agreement.

(a) *General.* Payment of Awards may be made in the form of cash or Common Stock, or a combination thereof, and may include such restrictions as the Committee shall determine, including, in the case of Common Stock, restrictions on transfer and forfeiture provisions. If payment of an Award is made in the form of Restricted Stock, the applicable Award Agreement relating to such shares shall specify whether they are to be issued at the beginning or end of the Restriction Period. In the event that shares of Restricted Stock are to be issued at the beginning of the Restriction Period, the certificates evidencing such shares (to the extent that such shares are so evidenced) shall contain appropriate legends and restrictions that describe the terms and conditions of the restrictions applicable thereto. In the event that shares of Restricted Stock are to be issued at the end of the Restricted Period, the right to receive such shares shall be evidenced by book entry registration or in such other manner as the Committee may determine.

(b) *Deferral.* With the approval of the Committee, amounts payable in respect of Awards may be deferred and paid either in the form of installments or as a lump-sum payment; provided, however, that if deferral is permitted, each provision of the Award shall be interpreted to permit the deferral only as allowed in compliance with the requirements of Section 409A of the Code and any provision that would conflict with such requirements shall not be valid or enforceable. It is intended that any Awards under the Plan satisfy the requirements of Section 409A of the Code to avoid imposition of additional taxes thereunder. The Committee may permit selected Participants to elect to defer payments of some or all types of Awards in accordance with procedures established by the Committee. Any deferred payment of an Award, whether elected by the Participant or specified by the Award Agreement or by the Committee, may be forfeited if and to the extent that the Award Agreement so provides.

11. Stock Option Exercise.

The price at which shares of Common Stock may be purchased under an Option shall be paid in full at the time of exercise in cash or, if elected by the Participant, the Participant may purchase such shares by means of tendering Common Stock or surrendering another Award, including Restricted Stock, valued at Fair Market Value on the date of exercise, or any combination thereof. The Committee shall determine acceptable methods for Participants to tender Common Stock or other Awards. The Committee may provide for procedures to permit the exercise or purchase of such Awards by use of the proceeds to be received from the sale of Common Stock issuable pursuant to an Award. Unless otherwise provided in the applicable Award Agreement, in the event shares of Restricted Stock are tendered as consideration for the exercise of an Option, a number of the shares issued upon the exercise of the Option, equal to the number of shares of Restricted Stock used as consideration therefor, shall be subject to the same restrictions as the Restricted Stock so submitted as well as any additional restrictions that may be imposed by the Committee.

12. Taxes.

The Company shall have the right to deduct applicable taxes from any Award payment and withhold, at the time of delivery or vesting of cash or shares of Common Stock under this Plan, an appropriate amount of cash or number of shares of Common Stock or a combination thereof for payment of taxes required by law or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes. The Committee may also permit withholding to be satisfied by the transfer to the Company of shares of Common Stock theretofore owned by the holder of the Award with respect to which withholding is required. If shares of Common Stock are used to satisfy tax withholding, such shares shall be valued based on the Fair Market Value when the tax withholding is required to be made.

13. Amendment, Modification, Suspension or Termination.

The Board may amend, modify, suspend or terminate this Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law, except that (i) no amendment or alteration that would adversely affect the rights of any Participant under any Award previously granted to such Participant shall be made without the consent of such Participant and (ii) no amendment or alteration shall be effective prior to its approval by the stockholders of the Company to the extent stockholder approval is otherwise required by applicable legal requirements.

14. Assignability.

Unless otherwise determined by the Committee and provided in the Award Agreement, no Award or any other benefit under this Plan shall be assignable or otherwise transferable. (b) In the event of any subdivision or consolidation of outstanding shares of Common Stock, declaration of a dividend payable in shares of Common Stock or other stock split, then (i) the number of shares of Common Stock reserved

other price determinations for such Awards, (iv) the number of shares of Common Stock covered by Awards to Directors automatically granted pursuant to paragraph 9 hereof and (v) the Stock Based Award Limitations described in paragraph 8(b) hereof, to give effect to such transaction shall each be proportionately adjusted by the Board to reflect such transaction; provided that such adjustments shall only be such as are necessary to maintain the proportionate interest of the holders of the Awards and preserve, without exceeding, the value of such Awards.

(c) In the event of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Board may make such adjustments to Awards or other provisions for the disposition of Awards as it deems equitable, and shall be authorized, in its discretion, (i) to provide for the substitution of a new Award or other arrangement (which, if applicable, may be exercisable for such property or stock as the Board determines) for an Award or the assumption of the Award, regardless of whether in a transaction to which Section 424(a) of the Code applies, (ii) to provide, prior to the transaction, for the acceleration of the vesting and exercisability of, or lapse of restrictions with respect to, the Award and, if the transaction is a cash merger, provide for the termination of any portion of the Award that remains unexercised at the time of such transaction or (iii) to provide for the acceleration of the vesting and exercisability of an Award and the cancellation thereof in exchange for such payment as shall be mutually agreeable to the Participant and the Board.

16. *Restrictions.*

No Common Stock or other form of payment shall be issued with respect to any Award unless the Company shall be satisfied based on the advice of its counsel that such issuance will be in compliance with applicable federal and state securities laws. Certificates evidencing shares of Common Stock delivered under this Plan (to the extent that such shares are so evidenced) may be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any securities exchange or transaction reporting system upon which the Common Stock is then listed or to which it is admitted for quotation and any applicable federal or state securities law. The Committee may cause a legend or legends to be placed upon such certificates (if any) to make appropriate reference to such restrictions.

17. *Unfunded Plan.*

Insofar as it provides for Awards of cash, Common Stock or rights thereto, this Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants who are entitled to cash, Common Stock or rights thereto under this Plan, any such accounts shall be used merely as a bookkeeping convenience. The Company shall not be required to segregate any assets that may at any time be represented by cash, Common Stock or rights thereto, nor shall this Plan be construed as providing for such segregation, nor shall the Company, the Board or the Committee be deemed to be a trustee of any cash, Common Stock or rights thereto to be granted under this Plan. Any liability or obligation of the Company to any Participant with respect to an Award of cash, Common Stock or rights thereto under this Plan shall be based solely upon any contractual obligations that may be created by this Plan and any Award Agreement, and no such liability or obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. Neither the Company nor the Board nor the Committee shall be required to give any security or bond for the performance of any obligation that may be created by this Plan.

18. *Code Section 409A.* Notwithstanding anything in this Plan to the contrary, if any Plan provision or Award under the Plan would result in the imposition of an additional tax under Code Section 409A and related regulations and Treasury pronouncements (Section 409A), that Plan provision or Award will be reformed to avoid imposition of the applicable tax and no action taken to comply with Section 409A shall be deemed to adversely affect the Participant's rights to an Award.

19. *Governing Law.*

This Plan and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by mandatory provisions of the Code or the securities laws of the United States, shall be governed by and construed in accordance with the laws of the State of Delaware.
