SUBJECT TO COMPLETION, DATED FEBRUARY 13, 2002

HEARx LTD.

HELIX HEARING CARE OF AMERICA CORP.

To the Stockholders of HEARx Ltd. and Helix Hearing Care of America Corp.:

After careful consideration, the board of directors of HEARx and Helix have approved a combination of HEARx and Helix through a plan of arrangement under Canadian law. When the arrangement is completed, Helix will become an indirect subsidiary of HEARx and HEARx will change its name to HearUSA, Inc. Each share of Helix common stock will be exchanged for 0.3537 shares of HEARx common stock or 0.3537 exchangeable shares of a Canadian subsidiary of HEARx. Each exchangeable share is exchangeable for one share of HEARx common stock. Only Helix stockholders who are Canadian residents may elect to receive exchangeable shares. Based on the number of Helix common shares currently outstanding, up to 14.61 million shares of HEARx common stock representing approximately 51% of outstanding HEARx shares will be issued to Helix stockholders in connection with the arrangement. HEARx common stock is listed on the American Stock Exchange under the trading symbol **EAR** and on February 11, 2002, HEARx common stock closed at \$1.06 per share.

The transaction is structured to be Canadian tax deferred to Canadian resident Helix stockholders who validly elect to receive exchangeable shares and taxable to U.S. resident Helix stockholders. Canadian resident Helix stockholders should note that amendments have been proposed to the Canadian Income Tax Act that may require holders of exchangeable shares or HEARx common stock to report as income (or loss) annual changes in the value of such shares accruing after the date fixed by law on a **mark-to-market** basis.

The accompanying joint proxy statement/prospectus provides detailed information about the arrangement and the related proposals to be voted on at your company's special meeting. Formal notices of the stockholders meetings of each company appear in the accompanying joint proxy statement/prospectus. Please give all of the information contained in the joint proxy statement/prospectus your careful attention. **You should carefully consider the discussion in the section entitled **Risk Factors** beginning on page 13 of the joint proxy statement/prospectus.**

The principal stockholders of Helix, who together hold approximately 47% of the outstanding Helix common shares, have agreed to vote in favor of the arrangement, in each case subject to the terms and conditions of a stockholders agreement described in the accompanying joint proxy statement/prospectus. In addition, HEARx holds approximately 10.5% of currently outstanding Helix common shares, which it intends to vote in favor of the arrangement.

We cannot complete the arrangement without the approval of the stockholders of HEARx and Helix. We hope you will be able to attend your company's meeting. **Your vote is very important. Whether or not you plan to attend your company's meeting, please complete, sign, date and return the accompanying proxy card in the enclosed self-addressed stamped envelope.** Returning the proxy does not deprive you of your right to attend your company's meeting and to vote your shares in person. Special instructions together with a letter of transmittal and election form for use by Helix stockholders to receive certificates for the exchangeable shares or HEARx common stock under the arrangement are enclosed. Thank you for your consideration of this matter.

QUESTIONS AND ANSWERS ABOUT THE HEARx/ HELIX ARRANGEMENT

Q: What is being proposed?

A: We intend to combine the businesses of HEARx and Helix. To accomplish this, the boards of directors of HEARx and Helix are proposing an arrangement under Canadian law between Helix and HEARx, subject to final approval of the Superior Court of Québec. When the arrangement is completed, we expect to change the name of HEARx to HearUSA, Inc. and Helix will become an indirect subsidiary of HEARx.

Q: Why are Helix and HEARx combining?

A: HEARx and Helix believe that combining the two companies will result in a stronger and more competitive company capable of achieving greater financial strength, better access to capital markets and greater growth potential than either company would have on its own.

Q: As a Helix stockholder, what will I receive in the arrangement?

A: Under the arrangement, Helix stockholders, other than stockholders who exercise and perfect their dissent rights, have the option to receive as consideration for each Helix common share (a) 0.3537 shares of HEARx common stock, or (b) 0.3537 exchangeable shares of HEARx Canada Inc. Helix stockholders who are not Canadian residents for Canadian tax purposes will not be entitled to receive exchangeable shares.

The exchangeable shares will be the economic equivalent of HEARx common stock. Each exchangeable share will be exchangeable at any time at the option of the holder, for one share of HEARx common stock, subject to any anti-dilution adjustments. Until exchanged for HEARx common stock, (i) each exchangeable share outstanding will entitle the holder to one vote per share at all meetings of HEARx common stockholders; (ii) if any dividends are declared on HEARx common stock, an equivalent dividend must be declared on such exchangeable shares and (iii) in the event of the liquidation, dissolution or winding-up of HEARx Canada Inc., such exchangeable shares will be exchanged for an equivalent number of shares of HEARx common stock. See The Arrangement Description of Exchangeable Shares; The Voting and Exchange Trust Agreement; and The Support Agreement. The exchangeable shares provide an opportunity for Canadian resident stockholders of Helix to achieve a Canadian tax deferral for as long as the exchangeable shares are held. Proposed amendments to the Canadian Income Tax Act generally applicable to investments by Canadian residents in certain non-resident corporations may require the holders of exchangeable shares or HEARx common stock to report as income or loss on such shares annual changes in the value of such shares accruing after the date fixed by law on a mark-to-market basis. The exchangeable shares will be subject to mandatory exchange on and after the fifth anniversary of the effective date of the arrangement, subject to earlier mandatory exchange in certain circumstances.

Q: As a HEARx stockholder, what will I receive in the arrangement?

A: If you own HEARx common stock, your shares of HEARx common stock will remain outstanding after the arrangement.

Q: What vote is required to approve the arrangement?

A: To approve the arrangement, holders of at least two-thirds of the Helix common shares voted at the special meeting in person or by proxy must vote in favor of the arrangement. Holders of at least a majority of the shares of HEARx common stock outstanding must vote in favor of the proposed amendments of the HEARx certificate of incorporation. Holders of a majority of the HEARx shares present at the meeting in person or by proxy must vote in favor of the issuance of the HEARx common stock in connection with the arrangement, the approval of the adoption of the new HearUSA 2002 Flexible Stock Plan and the adjournment of the meeting, if necessary, to permit the solicitation of additional proxies.

Table of Contents

Q: Do the companies recommend voting in favor of the transaction?

A: Yes. The board of directors of HEARx and the board of directors of Helix approved the merger agreement and recommend that their respective stockholders vote in favor of the proposals to approve the transaction.

Q: Will I have dissenters or appraisal rights?

A: Under applicable law, dissenters' rights are not available to the holders of HEARx common stock. Dissenters' rights are available to the holders of Helix common shares, as described in the section entitled "The Arrangement - Dissenters' or Appraisal Rights."

Q: When do the companies expect to complete the arrangement?

A: We are working to complete the arrangement as quickly as possible. Currently, we expect to complete the arrangement before the end of the second quarter of 2002, subject to stockholder and court approval.

Q: What are the income tax consequences of the arrangement for Helix stockholders?

A: Helix stockholders should read carefully the information under "Federal Income Tax Considerations Relating to the Arrangement - Canadian Federal Income Tax Considerations for Helix Stockholders." No advance income tax rulings have been sought or obtained with respect to any of the transactions described herein.

The exchange of Helix common shares for exchangeable shares by Canadian resident Helix stockholders who hold their Helix common shares as capital property and file a joint election with HEARx Canada Inc. will allow for a full or partial deferral of any Canadian federal income tax that would otherwise become payable. An election form (printed on yellow paper) for use by Helix shareholders to make the tax election is enclosed with this joint proxy statement/prospectus. The exchange by a Canadian resident Helix stockholder of Helix common shares for HEARx common stock will be a taxable transaction to such Helix stockholder. See "Federal Income Tax Considerations Relating to the Arrangement - Canadian Federal Income Tax Considerations for Helix Stockholders."

The exchange by a U.S. resident holder of Helix common shares held as a capital asset for HEARx common stock pursuant to the arrangement will result in recognition of capital gain or loss to such holder.

The tax consequences of the arrangement to you will depend on your own situation. Stockholders should consult their tax advisors for a full understanding of these tax consequences.

Q: What are the income tax consequences of the arrangement for HEARx stockholders?

A: HEARx stockholders will not recognize any gain or loss for U.S. federal income tax purposes as a result of the arrangement.

Q: When and where are the stockholders' meetings?

A: The HEARx special meeting will be held at _____, on _____, 2002, at _____ a.m., Florida time.

The Helix special meeting will be held at _____, on _____, 2002, at _____ a.m., Montreal time.

Q: Who can vote?

A: All record holders of HEARx common stock at the close of business on _____, 2002, can vote at the HEARx special meeting.

All record holders of Helix common shares at the close of business on _____, 2002, can vote at the Helix special meeting.

Table of Contents

Q: What do I do to vote?

A: After reading this joint proxy statement/prospectus, you should cast your vote by mail, by proxy or in person at your company's meeting. To cast your vote by mail, complete, date, sign and mail the enclosed proxy card in the enclosed, postage pre-paid envelope. Votes cast by mail must be received prior to the vote at the meeting in order to be counted. When you cast your vote using the proxy card, you also appoint certain members of your company's management as your representatives, or proxies, at the meeting. They will vote your shares at the meeting in accordance with your instructions on the proxy card. You also may vote in person at the meeting. If you hold your shares in street name, then you must contact your broker or other nominee and request a legal proxy to vote in person at the meeting.

Q: What happens if I do not indicate my preference for or against a particular proposal?

A: If you submit a proxy without specifying the manner in which you would like your shares to be voted on a particular proposal, your shares will be voted FOR that proposal.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: If you do not provide your broker with instructions on how to vote your street name shares on a particular proposal, your broker may not be permitted to vote those shares on that proposal. Therefore, you should be sure to provide your broker with specific instructions as to how to vote your shares on each proposal presented.

Q: What does it mean if I receive more than one proxy card?

A: It means that you have multiple accounts with the transfer agent and/or with stockbrokers. Please sign and return all proxy cards that you receive in order to ensure that all of your shares are voted.

Q: What if I vote by proxy and then change my mind?

A: You can revoke your proxy by attending your company's meeting and casting your vote in person, by submitting a new proxy with a later date by mail in time so that the new proxy card is received before your company's meeting, or by writing to your company. Your last vote will be the vote that is counted.

Q: How will my shares be listed for trading?

A: The HEARx common stock is currently listed on the American Stock Exchange. In addition, we intend to apply to list the HEARx common stock and the exchangeable shares on The Toronto Stock Exchange.

Q: What do I do to receive my exchangeable shares or HEARx common stock?

A: Enclosed with this joint proxy statement/prospectus is a letter of transmittal and election form which are being delivered only to Helix stockholders. The letter of transmittal and election form, when properly completed and signed and returned together with the certificate or certificates for Helix common shares and all other required documents to Computershare, at one of the addresses set out on the last page of the letter of transmittal and election form no later than _____, 2002, will enable each holder of Helix common shares to obtain a certificate for that number of exchangeable shares or HEARx common stock, or a combination thereof, equal to the number of Helix common shares previously held by such holder multiplied by the exchange ratio. A Canadian resident holder of Helix common shares will automatically receive exchangeable shares in exchange for its Helix common shares unless the holder elects to receive HEARx common stock.

SUMMARY

The following summary highlights selected information from this joint proxy statement/prospectus and may not contain all of the information that is important to you. You should read this entire joint proxy statement/prospectus and attachments carefully, especially the Risk Factors beginning on page 13 and the merger agreement.

The Companies

HEARx Ltd.

HEARx Ltd. operates a network of company-owned and operated hearing care centers that provide a full range of audiological products and services for the hearing impaired. HEARx serves three geographic markets: Florida (including Miami, Fort Lauderdale, West Palm Beach, Tampa and Orlando), the Northeast (including the New York metropolitan area and New Jersey) and California (including Los Angeles and San Diego). HEARx's strategy for increasing market penetration includes advertising to the non-insured self-pay patient market and positioning HEARx as the leading provider of hearing care to the managed care marketplace in its geographic markets. HEARx believes it is well positioned to successfully address the concerns of access, quality and cost for the patients of managed care and other health insurance companies, diagnostic needs of referring physicians and, ultimately, the hearing health needs of consumers. HEARx believes that such success results from its ability to offer convenient distribution points, a quality assurance program and centers with standardized credentializing, procedures, policies, testing, formats, products, prices and ancillary services.

HEARx and its subsidiary HEARx West LLC, a joint venture with Kaiser Permanente, currently receive a per-member-per-month fee for more than 1.3 million managed care members. In total, HEARx services over 170 benefit programs for hearing care with various health maintenance organizations (HMOs), preferred provider organizations (PPOs), insurers, benefit administrators, and healthcare providers. In recent years, HEARx has increased its attention to the self-pay market, focusing on advertising and marketing programs directed to the uninsured patient. HEARx intends to increase its sales to these patients, introducing competitive price points to the public through advertising and marketing programs that include newspaper ads, direct mail, and telemarketing.

HEARx currently operates a total of 80 full service centers and two part-time centers in Florida, New York, New Jersey and through HEARx West, in California.

HEARx was incorporated in Delaware on April 11, 1986. HEARx formed its joint venture, HEARx West LLC, with Kaiser Permanente in 1998. HEARx's principal corporate office is located at 1250 Northpoint Parkway, West Palm Beach, Florida 33407 and its telephone number is (561) 478-8770.

HEARx Canada Inc. is an indirect subsidiary of HEARx. HEARx Canada Inc. was incorporated under the laws of Canada on November 7, 2001, for the sole purpose of participating in the arrangement. HEARx Canada Inc. currently has nominal assets and activities. After the arrangement is completed, HEARx Canada Inc. will be a holding company that holds all of the outstanding Helix common shares other than those held by HEARx or HEARx Acquisition ULC.

HEARx Acquisition ULC is a wholly owned subsidiary of HEARx. HEARx Acquisition ULC is an unlimited liability company formed under the laws of the Province of Nova Scotia on October 3, 2001, for the sole purpose of participating in the arrangement. HEARx Acquisition ULC holds all of the outstanding common shares of HEARx Canada Inc. HEARx Acquisition ULC will deliver HEARx common stock in exchange for Helix common shares to those holders of Helix common shares electing to receive HEARx common stock under the arrangement and will hold the call rights related to the exchangeable shares.

In general, clinics managed by Helix offer hearing impaired people a complete range of products and services, including sophisticated hearing instruments and assistive listening devices designed to improve the quality of life. Helix currently manages a total of 128 clinics in the United States and Canada.

Helix offers services related to the management of hearing care professional offices including:

inventory purchasing and management;

Helix was formed on August 26, 1996 by Articles of Incorporation issued pursuant to the provisions of the *Business Corporations Act* (Alberta). On July 9, 1999, the articles were amended to allow the continuance of Helix under the Canada Business Corporations Act. The articles of Helix were again modified on November 30, 2000, to allow for the amalgamation of Helix and its subsidiary, Regional Hearing Consultants, Inc. Helix's principal corporate office is located at 7100, Jean-Talon East, Suite 610, Montreal, Québec, Canada H1M 3S3 and its telephone number is (514) 353-0001.

Helix has established a U.S. holding company, Helix Hearing Care of America (U.S.A.) Corp., to facilitate its acquisition of hearing clinics located in the United States through wholly owned subsidiaries of Helix U.S.A. For example, Helix has established wholly owned indirect subsidiaries to acquire and operate clinics in Massachusetts, Minnesota, Michigan, Missouri, New York, Ohio, Pennsylvania, Washington and Wisconsin.

The Arrangement

This joint proxy statement/prospectus describes the proposed business combination of HEARx and Helix through an arrangement under Canadian law between Helix and HEARx pursuant to the merger agreement discussed below. The arrangement is subject to approval of the stockholders of HEARx and Helix and final approval by the Superior Court of Québec. When the arrangement is completed, Helix will become an indirect subsidiary of HEARx. The merger agreement is the primary legal document that governs the arrangement. The merger agreement is attached as Annex A to this joint proxy statement/prospectus and is incorporated herein by this reference. We encourage you to read the merger agreement in its entirety.

Recommendations of the Boards and Reasons for the Arrangement

The board of directors of HEARx believes that the arrangement is advisable, fair to and in the best interests of HEARx stockholders and recommends that HEARx stockholders vote FOR approval of the issuance of the HEARx common stock under the arrangement and FOR approval of the related proposals to amend the HEARx certificate of incorporation and to adopt the new flexible stock plan for employees. See The Arrangement Recommendations of the HEARx Board of Directors and Reasons for the Arrangement.

The board of directors of Helix believes that the arrangement is advisable, fair to and in the best interests of Helix stockholders and recommends that Helix stockholders vote FOR approval of the arrangement. See The Arrangement Recommendations of the Helix Board of Directors and Reasons for the Arrangement.

Table of Contents

In the course of evaluating the arrangement, HEARx and Helix identified several business benefits that they believe will contribute to the success of the combined company. These potential benefits include the following:

The arrangement provides HEARx and Helix with an opportunity to add an established store base in certain markets where the other is not operating currently, thus facilitating both companies' nationwide expansion plans.

Helix's HearUSA network business strategy is consistent with HEARx's network strategy in its proposed business venture with Siemens and, through the arrangement, allows both companies to launch a national network business on an accelerated timeframe.

The arrangement is expected to permit a reduction in corporate overhead expenses and the achievement of operating efficiencies and economies of scale.

Although the issuance of HEARx common stock may have a short term dilutive effect on earnings per share, the arrangement is expected to contribute to earnings per share over the long term.

The strong corporate management of HEARx and Helix is complementary in that HEARx is an experienced hearing center operator while Helix has experience in hearing center acquisition and integration. The combined company will benefit through a larger pool of skilled and experienced managers.

The similar industry consolidator format and operating philosophy of the two companies will help facilitate a combination of the businesses.

The fact that Canadian resident holders of Helix common shares who hold their Helix common shares as capital property and file a joint election with HEARx Canada Inc. will be able to exchange their Helix common shares for exchangeable shares under the arrangement on a tax-deferred basis under Canadian federal income tax legislation.

Helix stockholders will be entitled to receive or acquire exchangeable shares and HEARx common stock such that they will continue to participate in the hearing aid industry through HEARx, a widely held US public company with a strong market position, better geographic diversity of operations and greater liquidity than Helix.

In considering the transaction, HEARx and Helix also recognized potentially negative risks to the transaction, including that the potential benefits may not be realized, the uncertainties of operating a network business, that key management personnel might not remain employed by the combined corporations, fluctuations in the price of HEARx common stock prior to the closing of the arrangement and the fact that Helix stockholders may realize taxable gain on exchange of their Helix shares or the exchangeable shares for HEARx common stock.

See *The Arrangement Recommendations of the HEARx Board of Directors and Reasons for the Arrangement* and *The Arrangement Recommendations of the Helix Board of Directors and Reasons for the Arrangement* .

Share Ownership of Management and Voting Intent

On the record date, HEARx directors and executive officers owned _____ outstanding shares of HEARx common stock representing approximately _____ % of the outstanding shares. These directors and executive officers have indicated that they intend to vote FOR all of the HEARx proposals.

On the record date, Helix directors and executive officers beneficially owned or had voting control or direction over _____ outstanding Helix common shares representing approximately _____ % of the outstanding shares. These directors and executive officers have indicated that they intend to vote FOR the arrangement proposal.

Table of Contents

The principal stockholders of Helix, including some of Helix's directors and executive officers, who together hold approximately 47% of the outstanding Helix common shares, have entered into a stockholders agreement with HEARx pursuant to which they each have irrevocably agreed to vote their Helix common shares in favor of the arrangement, against any acquisition proposal from a party other than HEARx and, with the exception of certain permitted transfers, not to sell or otherwise transfer any of their Helix common shares prior to the effective time of the arrangement. In addition, HEARx holds approximately 10.5% of currently outstanding Helix common shares, which it intends to vote in favor of the arrangement.

Fairness Opinions

Raymond James & Associates, Inc. (Raymond James) has delivered to the board of directors of HEARx a written opinion that, as of July 27, 2001, the exchange ratio provided for in the arrangement was fair, from a financial point of view, to the stockholders of HEARx. See The Arrangement Opinion of Raymond James.

The full text of the written opinion of Raymond James is attached as Annex G. The fairness opinion describes important exceptions, assumptions and limitations and should be read carefully and in its entirety. Raymond James's opinion is directed to the board of directors of HEARx and does not constitute a recommendation to any stockholder with respect to any matter relating to the arrangement.

The board of directors of Helix has received two written opinions regarding the fairness of the consideration to be received by the stockholders of Helix.

The board of directors of Helix received the first written opinion on July 11, 2001, from Ernst & Young Corporate Finance Inc. (EYCF). The opinion provides that, as of July 11, 2001, except in certain circumstances, the consideration to be received by the stockholders of Helix pursuant to the merger agreement was fair to the stockholders of Helix from a financial point of view. The opinion provides that for Helix shareholders who want to dispose of a small block of their shares, the arrangement may not be fair from a financial point of view, if the market value of the HEARx common stock following the arrangement does not recover. See The Arrangement Opinion of Ernst & Young Corporate Finance Inc.

The second opinion was rendered by Yorkton Securities Inc. (Yorkton) to the board of directors of Helix on February 1, 2002. The Yorkton opinion provides that, as of February 1, 2002, the exchange ratio is fair, from a financial point of view, to the stockholders of Helix. See The Arrangement Opinion of Yorkton Securities Inc.

The full text of the written opinions of EYCF and Yorkton are attached as Annex H and Annex I. The fairness opinions describe important exceptions, assumptions and limitations and should be read carefully and in their entirety. The opinions are directed to the board of directors of Helix and do not constitute a recommendation to any stockholder with respect to any matter relating to the arrangement.

We encourage you to read these opinions carefully.

No Change in HEARx Shares

After the arrangement, each certificate representing shares of HEARx common stock will, without any action on the part of HEARx stockholders, continue to represent HEARx common stock. HEARx stockholders do not need to exchange their stock certificates after the arrangement.

Eligibility for Investment

Provided that the exchangeable shares are listed on The Toronto Stock Exchange or another prescribed stock exchange in Canada, the exchangeable shares and exchangeable share rights will be qualified investments under the Canadian Income Tax Act for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans. Further, if HEARx Canada Inc. maintains a substantial Canadian presence within the meaning of the Canadian Income Tax Act and if the exchangeable shares are listed on a prescribed stock exchange in Canada (which currently includes The Toronto Stock Exchange), the exchangeable shares and exchangeable share

rights will not be foreign property under the Canadian Income Tax Act for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and for certain other persons to whom such rule is applicable. HEARx common stock will be a qualified investment for such plans provided the stock remains listed on the American Stock Exchange or another prescribed stock exchange. The preferred share purchase rights related to the HEARx common stock will not be qualified investments for such plans. HEARx common stock and the related preferred share purchase rights will be deemed to be foreign property. See Federal Income Tax Considerations Relating to the Arrangement Canadian Federal Income Tax Considerations for Helix Stockholders Eligibility for Investment in Canada.

Interests of Certain Persons in the Arrangement

Some of the directors and executive officers of HEARx and Helix have interests in the arrangement that are different from, or are in addition to, the interests of their respective stockholders. These interests include the potential for positions as directors or executive officers of HEARx and the exchange of options to purchase Helix's common shares for options to purchase shares of HEARx common stock. See The Arrangement Interests of Certain Persons in the Arrangement.

Ownership And Board Composition of HEARx after the Arrangement

From and after the effective time of the arrangement, it is expected that the board of directors of HEARx shall be composed of Paul A. Brown (Chairman), Steve Forget (Vice Chairman), Stephen J. Hansbrough, Thomas W. Archibald, Joseph L. Gitterman III, David J. McLachlan, Martin Cousineau, Michel Labadie and Mark Wayne. See Proposed Management of HEARx after the Arrangement.

Immediately following the arrangement, the executive officers and directors of HEARx will own approximately 30% of the outstanding HEARx common stock and exchangeable shares.

Comparative Rights of Stockholders

The rights of Helix stockholders are currently governed by Canadian corporate law and by Helix's articles and bylaws. The rights of HEARx stockholders are currently governed by Delaware corporate law and HEARx's certificate of incorporation and bylaws. If the arrangement is completed, the rights of Helix stockholders will change and their rights as HEARx stockholders will be governed by Delaware corporate law and HEARx's certificate of incorporation and bylaws. While the rights and privileges of a stockholder of a Delaware corporation are, in many instances, comparable to those of stockholders of a Canadian corporation, there are differences. These differences include the following:

The Canada Business Corporations Act requires that corporate transactions such as amalgamations, continuances, sales, leases or exchanges of all or substantially all the property of the corporation, other than in the ordinary course of business, be approved by a special resolution approved by not less than two-thirds of the votes cast by the stockholders who voted in respect of the resolution, while Delaware General Corporation Law requires only the affirmative vote of a majority of the outstanding stock entitled to vote on such transactions.

Under the Canada Business Corporations Act, a special meeting of the stockholders may be called upon a request to the board of directors by the holders of not less than five percent of shares entitled to vote at the meeting. Under the bylaws of HEARx, stockholders are not permitted to call (or to require the board of directors to call) a special meeting of the stockholders.

The Canada Business Corporations Act provides that stockholders of a corporation who are entitled to vote on some matters are entitled to dissent rights with respect to those matters and to be paid the fair value of their shares when they exercise those rights. These matters include any amalgamation with another corporation, an amendment to the corporation's articles to add, change or remove any provisions restricting the issue, transfer or transfer of ownership of shares, an amendment to the corporation's articles to add, change or remove any restrictions upon the business or businesses that the

Table of Contents

corporation may carry on, and others. Under the Delaware General Corporation law, holders of shares of any class or series have the right to dissent from a merger or consolidation by demanding payment in cash for their shares equal to the fair value of such shares as determined by a court.

The Canada Business Corporations Act requires a board of directors of a publicly-traded corporation be composed of no fewer than three directors, at least two of whom are not officers or employees of that corporation or any of its affiliates, and that at least 25% of the directors of every corporation be resident Canadians. However, if the corporation has less than four directors, at least one director must be a resident Canadian. The Delaware General Corporation Law does not contain any independence or residency requirements for directors.

These different provisions under Delaware law may be less favorable to Helix stockholders. Some of these differences may have the effect of delaying, deferring or preventing a change in control of HEARx or other transactions that might involve a premium price for HEARx shares or otherwise be in the best interests of HEARx stockholders. See [Comparison of Stockholders' Rights](#).

HEARx Rights Agreement

On December 14, 1999, the board of directors of HEARx approved the adoption of a stockholder rights plan, in which a dividend of one preferred share purchase right for each outstanding share of HEARx common stock was declared and payable to the stockholders of record on December 31, 1999. The rights will be exercisable only if a person or group acquires 15% or more of the HEARx common stock or announces a tender offer that would result in ownership of 15% or more of the HEARx common stock. The rights entitle the holder to purchase one one-hundredth of a share of Series H Junior Participating Preferred Stock at an exercise price of \$28.00. The rights will expire on December 31, 2009. The HEARx board of directors has specifically excepted from operation of the rights plan the transactions contemplated by the merger agreement between HEARx and Helix and the HEARx board of directors has amended the rights plan to accommodate the existence of the exchangeable shares.

See [Description of HEARx Common Stock and Other Securities](#) [HEARx Rights Agreement](#).

Exchangeable Share Rights Plan

Prior to the effective time of the arrangement, HEARx Canada, Inc. will adopt an exchangeable share rights plan substantially equivalent to the HEARx stockholder rights plan. Pursuant to the exchangeable share rights plan, each exchangeable share issued in the arrangement will have an associated exchangeable share right entitling the holder of such exchangeable share right to acquire additional exchangeable shares on terms and conditions substantially the same as the terms and conditions upon which a holder of HEARx common stock is entitled to purchase HEARx Series H Junior Participating Preferred Stock. The exchangeable share rights are intended to have characteristics essentially equivalent in economic effect to the HEARx rights. See [The Arrangement](#) [Exchangeable Share Rights Agreement](#).

Accounting Treatment

The arrangement, for accounting and financial reporting purposes, will be accounted for using the purchase method of accounting.

Conditions of the Merger Agreement

Completion of the arrangement is dependent upon the fulfillment of a number of conditions, including the following material conditions:

the arrangement and such other matters as require approval of the stockholders of HEARx and Helix to consummate the arrangement and the other transactions contemplated by the arrangement have been approved and adopted by the stockholders of HEARx and Helix;

all necessary regulatory and court approvals have been obtained;

Table of Contents

all necessary consents from third parties have been obtained;

HEARx has obtained financing of a principal amount of no less than \$25,000,000 with a lender on terms acceptable to HEARx and Helix;

there has not occurred any change in the business, operations, assets, or financial condition of Helix, which in the sole judgment of HEARx, is materially adverse to the business of Helix or to the value of the Helix shares;

HEARx has determined, in its sole judgment, that Helix has not taken any action that might make it inadvisable for HEARx to proceed with the arrangement, or that would be materially adverse to the business of Helix; and

Helix stockholders holding an aggregate of more than 5% of the outstanding common shares have not exercised their dissent rights.

The merger agreement permits each of the parties to waive any of these conditions that are for its benefit. If a party elects to waive any of these conditions, this joint proxy statement/prospectus will be amended or supplemented, as appropriate, and will be recirculated to the affected stockholders if the waiver occurs prior to approval of the arrangement by the stockholders. See The Arrangement Conditions to Consummation.

Termination of the Merger Agreement and Payment of Fees

The arrangement agreement may be terminated at any time prior to the effective date in the following circumstances:

by mutual written agreement;

by either Helix or HEARx, if the transaction has not been consummated on or prior to June 30, 2002, so long as the terminating party has not failed to fulfill any material obligation under the merger agreement that caused or resulted in the transaction failing to be consummated by that date;

by HEARx, if the board of directors of Helix has withdrawn, redefined or changed any of its recommendations or determinations concerning the arrangement in a manner adverse to HEARx or shall have resolved to do so prior to the effective time, in which case Helix shall pay a termination fee of \$1 million;

by HEARx, if the board of directors of Helix has failed to reaffirm its recommendation of the arrangement by press statement within five days after the public announcement or commencement of a proposal by another company to acquire Helix, and in a director's circular, if any, within 10 days after the mailing of any such proposal, in which case Helix shall pay a termination fee of \$1 million;

by HEARx, if Helix consummates a merger or arrangement with another company, in which case Helix shall pay a termination fee of \$1 million;

by HEARx, if Helix fails to comply with or breaches any of its any representations, warranties or covenants set forth in the arrangement agreement, in which case Helix shall pay a termination fee of \$1 million;

by Helix, if the board of directors of HEARx has withdrawn, redefined or changed any of its recommendations or determinations concerning the arrangement in a manner adverse to Helix, in which case HEARx shall pay a termination fee of \$1 million;

by Helix, if HEARx fails to comply with or breaches any of its any representations, warranties or covenants set forth in the merger agreement, in which case HEARx shall pay a termination fee of \$1 million; and

by HEARx if any Helix shares are issued after July 27, 2001, upon conversion of certain convertible debentures or upon exercise of certain preemptive or subscription rights.

See The Arrangement Termination of the Merger Agreement and the Payment of Fees.

Table of Contents

Regulatory Matters

The completion of the arrangement is subject to obtaining governmental consents and approvals, including consents and approvals from, and notices to, The Toronto Stock Exchange, the Quebec Securities Commission and the Canadian Office of the Superintendent of Financial Institutions.

HEARx has applied to and is waiting for approval from the Quebec Securities Commission to obtain relief from the prospectus and registration requirements for the issuance of the exchangeable shares to residents of Quebec. HEARx has also made application to and is waiting for approval from The Toronto Stock Exchange for the listing of the exchangeable shares and the HEARx common stock.

Court Approval and Completion of the Arrangement

An arrangement under the Canada Business Corporations Act requires court approval. Before mailing this joint proxy statement/prospectus, Helix obtained an interim order of the court providing for the calling and holding of the meeting and other procedural matters.

Subject to the approval of the arrangement by the Helix stockholders at the meeting, the hearing in respect of the final order is scheduled to take place on _____, 2002 at 10:00 a.m. (Montreal time) in room 2.16 of the Superior Court of Québec, District of Montreal, at 1, Notre-Dame Street East, Montreal, Québec. Any Helix stockholder who wishes to present evidence or arguments at the hearing must file and deliver an appearance and any affidavits on which it relies, in accordance with the rules of the court and the provisions of the interim order issued by the court. The court will consider, among other things, the fairness and reasonableness of the arrangement. The court may approve the arrangement unconditionally or subject to compliance with any conditions the court deems appropriate.

Other HEARx Proposals

Stockholders of HEARx are also being asked to approve three other proposals.

To increase the number of shares of HEARx common stock authorized under its certificate of incorporation from 20,000,000 shares to 50,000,000 shares and to increase the number of shares of authorized preferred stock from 2,000,000 shares to 5,000,000 shares. The purpose of the proposed increase is to provide sufficient shares in connection with the arrangement and to ensure that additional shares will be available if and when needed for issuance from time to time after the arrangement.

To change the name of HEARx Ltd. to HearUSA, Inc. effective upon consummation of the arrangement.

To approve the adoption of the HearUSA 2002 Flexible Stock Plan to facilitate the issuance of replacement stock options to Helix employees and directors who currently hold Helix stock options.

The HEARx board of directors recommends that you vote **FOR** each of the other proposals described above.

RISK FACTORS

You should carefully consider the risks described below and all other information contained in this joint proxy statement/prospectus in evaluating the arrangement. Some of these risks relate to the arrangement while others relate to the business of HEARx and Helix. The risks and uncertainties described below are not the only ones facing us. Additional risks and uncertainties that we are unaware of may become important factors that affect us. If any of the following risks occur, our business, financial condition and results of operations could be materially and adversely affected. In that event, the trading price of our shares could decline, and you may lose part or all of your investment.

Non-Income Tax Risks Relating to the Arrangement

Expected benefits from the arrangement between HEARx and Helix may not be realized.

A failure to realize the benefits anticipated from the arrangement could adversely affect the market value of the combined companies. See The Arrangement Recommendations of the HEARx Board of Directors and Reasons for the Arrangement for a discussion of the anticipated benefits.

The ownership interest of current stockholders of HEARx will be substantially reduced, resulting in a dilution of current stockholders voting power.

Immediately following the effectiveness of the arrangement, Helix's outstanding capital stock will consist of approximately 46.2 million common shares, all of which will be held by HEARx or HEARx Canada Inc. Based on the exchange ratio, the former holders of Helix common shares will hold an aggregate of approximately 14.61 million exchangeable shares and shares of HEARx common stock. Current HEARx stockholders will lose the ability to control the outcome of stockholder votes. Former holders of Helix common shares will initially have the power to vote approximately 51% of the outstanding votes at meetings of stockholders following the arrangement. However, on a fully diluted basis, assuming the exercise or conversion of all outstanding options or convertible securities of Helix and HEARx, former holders of Helix common shares will have the power to vote approximately 46% of the outstanding votes at meetings of stockholders following the arrangement.

Some directors of HEARx and Helix had potential conflicts of interest in approving and recommending the arrangement.

Some of the directors and executive officers of HEARx and Helix have interests in the arrangement that are different from, or are in addition to, the interests of their stockholders. These interests include the potential for positions as directors or executive officers of HEARx and the exchange of options to purchase Helix's common shares for options to purchase shares of HEARx common stock. See The Arrangement Interests of Certain Persons in the Arrangement.

If HEARx and Helix do not successfully integrate their operations, the transaction may not benefit HEARx or Helix.

The combination of HEARx and Helix involves the integration of separate companies that have previously operated independently. If the integration is not completed successfully or takes longer than planned, the anticipated benefits of the combination may be lost or delayed. HEARx and Helix cannot assure that they will be able to integrate their operations without encountering difficulties or experiencing the loss of key employees, customers or suppliers.

Income Tax Risks Relating to the Arrangement

Helix stockholders may have to pay income taxes upon the exchange of Helix common shares or exchangeable shares for HEARx common stock.

When stockholders exchange Helix common shares or exchangeable shares for HEARx common stock, they may be required to pay tax on any gain they may have under the laws of Canada and the United States. Tax consequences under the laws of Canada and the United States vary depending on, among other things:

where the stockholder is a resident for tax purposes;

whether the stockholder receives exchangeable shares or HEARx common stock;

whether the stockholder exchanges exchangeable shares by way of redemption, retraction or has their shares purchased by HEARx Acquisition ULC pursuant to its call rights;

how long the stockholder has held the exchangeable shares; and

the amount of outstanding exchangeable shares held by HEARx Acquisition ULC immediately after the exchange.

We strongly urge stockholders to consult with their tax advisors with respect to the tax consequences of the exchange of Helix common shares or exchangeable shares for shares of HEARx common stock. See Federal Income Tax Considerations Relating to the Arrangement Canadian Federal Income Tax Considerations for Helix Stockholders.

Canadian residents who exchange their exchangeable shares for HEARx common stock may be liable to pay Canadian income tax on the exchange.

If a stockholder's exchangeable shares are redeemed or retracted and HEARx Acquisition ULC does not exercise the call right, and if under the Canadian Income Tax Act

the stockholder is a Canadian resident holding exchangeable shares as capital property;

the stockholder deals at arm's-length with HEARx; and

the stockholder is not otherwise affiliated with HEARx;

then, under the Canadian Income Tax Act, the stockholder will be deemed to have received a dividend equal to the amount paid to the stockholder on the redemption or retraction, less the paid-up capital of his or her exchangeable shares. If the net proceeds of disposition, less any deemed dividend, exceed the adjusted cost base for the exchangeable shares exchanged, the stockholder will also be treated as if he or she realized a capital gain to the extent of that excess. If the net proceeds of disposition less any deemed dividend are less than the adjusted cost base for the exchangeable shares that are exchanged, the stockholder will be treated as if he or she realized a capital loss to the extent of that shortfall.

If HEARx Acquisition ULC exercises the call rights, stockholders who exchange their exchangeable shares for shares of HEARx common stock will be considered, to the extent the three conditions described in the preceding paragraph are satisfied, to have realized a capital gain equal to the amount, if any, by which the net proceeds of disposition exceed the adjusted cost base for the exchangeable shares exchanged. If the net proceeds of disposition are less than the adjusted cost base for the exchangeable shares exchanged, the stockholder will be considered to have realized a capital loss to the extent of that shortfall.

U.S. income taxes will be imposed on U.S. persons who acquire HEARx common stock upon an exchange for Helix shares.

U.S. persons for U.S. federal income tax purposes will recognize a gain or loss when they exchange their Helix shares for shares of HEARx common stock. This gain or loss will be equal to the difference between the fair market value of the shares of HEARx common stock received in the exchange and the basis in the Helix shares exchanged. The gain or loss will be a capital gain or loss on Helix shares held as a capital

Table of Contents

asset, except that ordinary income may be recognized with respect to any declared but unpaid dividends on the Helix shares. A capital gain or loss will be a long-term capital gain or loss under current law if a stockholder's holding period for Helix shares is more than one year at the time of the exchange.

Risks Relating to HEARx Common Stock and Exchangeable Shares

Stock price fluctuations will affect the value of the HEARx common stock you will receive.

The relative prices of shares of HEARx common stock and Helix common shares at the effective time of the arrangement may vary significantly from the relative prices as of the date of the merger agreement, the date of this joint proxy statement/prospectus and the dates of the special meetings. The exchange ratio is fixed at 0.3537 and there is no minimum value for the fraction of a share of HEARx common stock or exchangeable shares that Helix shareholders will receive for each Helix common share.

You may be unable to sell your HEARx common stock or exchangeable shares at a profit.

Upon completion of the arrangement, holders of Helix common shares will become holders of exchangeable shares or HEARx common stock. The price of HEARx's common stock and the exchangeable shares may be affected by factors different from those affecting the price of Helix common shares.

The price of HEARx's common stock and the exchangeable shares could fluctuate significantly, and you may be unable to sell your shares at a profit. There are significant price and volume fluctuations in the market generally that may be unrelated to HEARx's operating performance, but which nonetheless may adversely affect the market price for HEARx common stock. The price of HEARx common stock could change suddenly due to factors such as:

the amount of HEARx's cash resources and ability to obtain additional funding;

economic conditions in markets HEARx is targeting;

fluctuations in operating results;

changes in government regulation of the healthcare industry;

failure to meet estimates or expectations of the market; and

rate of acceptance of hearing aid products in the geographic markets HEARx is targeting.

Any of these conditions may cause the price of HEARx common stock to fall, which may reduce business and financing opportunities available to HEARx and reduce your ability to sell your shares at a profit, or at all.

HEARx might fail to maintain a listing for its common stock on the American Stock Exchange making it more difficult for stockholders to dispose of or to obtain accurate quotations as to the value of their HEARx stock.

HEARx's common stock is presently listed on the American Stock Exchange. The American Stock Exchange will consider delisting a company's securities if, among other things,

the company fails to maintain stockholder's equity of at least \$2,000,000 if the company has sustained losses from continuing operations or net losses in two of its three most recent fiscal years;

the company fails to maintain stockholder's equity of \$4,000,000 if the company has sustained losses from continuing operations or net losses in three of its four most recent fiscal years; or

the company has sustained losses from continuing operations or net losses in its five most recent fiscal years.

Edgar Filing: HEARX LTD - Form S-4/A

HEARx may not be able to maintain its listing on the American Stock Exchange and there may be no public market for the HEARx common stock. In the event the HEARx common stock were delisted from the American Stock Exchange, trading, if any, in the common stock would be conducted in the over-the-counter

Table of Contents

market. As a result, you would likely find it more difficult to dispose of, or to obtain accurate quotations as to the market value of, your HEARx common stock.

HEARx has had sustained net losses in its five most recent fiscal years. On April 30, 2001, HEARx was advised by the American Stock Exchange that it would review HEARx's progress toward eliminating losses, including its pending merger with Helix and its relationship with Siemens Hearing Instruments, Inc.

To mitigate the foregoing risks, Helix and HEARx have agreed in the merger agreement that HEARx would list its common stock on The Toronto Stock Exchange shortly after the completion of the arrangement. This listing will have the effect of providing an alternative market for holders of HEARx common stock in the future and a continued Canadian market for Helix stockholders. However, there can be no assurance that HEARx will maintain its listing on The Toronto Stock Exchange.

If penny stock regulations apply to the HEARx common stock, you may not be able to sell or dispose of your shares.

If the HEARx common stock were delisted from the American Stock Exchange, the penny stock regulations of the Securities and Exchange Commission might apply to transactions in the common stock. A penny stock generally includes any over-the-counter equity security that has a market price of less than \$5.00 per share. The Commission regulations require the delivery, prior to any transaction in a penny stock, of a disclosure schedule prescribed by the Commission relating to the penny stock. A broker-dealer effecting transactions in penny stocks must make disclosures, including disclosure of commissions, and provide monthly statements to the customer with information on the limited market in penny stocks. These requirements may discourage broker-dealers from effecting transactions in penny stocks. If the penny stock regulations were to become applicable to transactions in shares of the HEARx common stock, they could adversely affect your ability to sell or otherwise dispose of your shares.

The market price of exchangeable shares may not be identical, or even similar to, the market price of HEARx common stock, which could make achievement of favorable tax consequences under Canadian law more difficult for former Helix shareholders.

HEARx and Helix anticipate that the market price of one exchangeable share on The Toronto Stock Exchange and the market price of one share of HEARx common stock on the American Stock Exchange will reflect essentially equivalent values. There can be no assurance, however, that the market price of HEARx common stock will be identical, or even similar, to the market price of one exchangeable share. This may impose on holders of the exchangeable shares considerations other than time and HEARx common stock market price in deciding whether and when to exchange those shares for HEARx common stock.

Active trading markets for the exchangeable shares may not develop or continue, making it difficult for holders of the exchangeable shares to control the timing of taxation under Canadian law.

While the listing of the exchangeable shares on The Toronto Stock Exchange is required by the merger agreement, an active and liquid trading market for the exchangeable shares may not develop or be sustained in the future. If an active trading market does not exist for the exchangeable shares, holders of exchangeable shares who want to sell will be forced to exchange their shares for HEARx common stock and sell the HEARx common stock.

Conversion of outstanding shares of HEARx convertible preferred stock and exercise of outstanding HEARx options and warrants could cause substantial dilution.

As of January 14, 2002, outstanding convertible preferred stock, warrants and options of HEARx included:

4,777 shares of 1998 Convertible Preferred Stock;

Warrants to purchase approximately 462,383 shares of common stock; and

Options to purchase approximately 1,699,782 shares of common stock.

Table of Contents

To the extent outstanding preferred stock is converted, options or warrants are exercised or additional shares of capital stock are issued, stockholders receiving HEARx common stock will incur additional dilution.

Future sales of shares may depress the price of HEARx common stock.

If substantial stockholders sell shares of HEARx common stock into the public market, or investors become concerned that substantial sales might occur, the market price of HEARx common stock could decrease. Such a decrease could make it difficult for HEARx to raise capital by selling stock or to pay for acquisitions using stock. There are currently approximately 1,639,549 shares of HEARx common stock that are the subject of an effective resale registration statement and that may be sold into the public market. In addition, HEARx employees hold a significant number of options to purchase shares, many of which are presently exercisable. Employees may exercise their options and sell shares soon after such options become exercisable, particularly if they need to raise funds to pay for the exercise of such options or to satisfy tax liabilities that they may incur in connection with exercising their options. Finally, HEARx has agreed to register 470,530 common shares in connection with the exchange of its non-convertible Series J Preferred Stock for its Series I Convertible Preferred Stock.

Because of the HEARx rights agreement and the related rights plan for the exchangeable shares, a third party may be discouraged from making a takeover offer which could be beneficial to HEARx and its stockholders.

HEARx has entered into a rights agreement with The Bank of New York, as rights agent. HEARx Canada, Inc. will adopt a similar rights plan relating to the exchangeable shares. The rights agreements contain provisions that could delay or prevent a third party from acquiring HEARx or replacing members of the HEARx board of directors, even if the acquisition or the replacements would be beneficial to HEARx stockholders. The rights agreements could also result in reducing the price that certain investors might be willing to pay for shares of the common stock of HEARx and making the market price lower than it would be without the rights agreement.

Because HEARx stockholders do not receive dividends, stockholders must rely on stock appreciation for any return on their investment in HEARx.

HEARx has never declared or paid cash dividends on any of its capital stock. HEARx currently intends to retain its earnings for future growth and, therefore, does not anticipate paying cash dividends in the future. As a result, only appreciation of the price of the common stock will provide a return to investors who purchase or acquire securities pursuant to this prospectus.

Other Risks Relating to the Business of HEARx

HEARx may not be able to access funds under its credit facility with Siemens if HEARx cannot maintain compliance with the financial covenants contained therein and may incur a substantial penalty upon a change of control.

On December 7, 2001, HEARx and Siemens Hearing Instruments Inc. entered into a credit agreement pursuant to which HEARx obtained a \$51,875,000 secured credit facility from Siemens. To continue to access the credit facility, HEARx is required to comply with the terms of the credit facility, including compliance with financial covenants. There can be no assurance that HEARx will be able to comply with these financial covenants in the future and, accordingly, may be unable to access the funds provided under the credit facility. Furthermore, if HEARx and Helix do not complete the arrangement, a material portion of the credit facility will not be accessible to HEARx. As part of its agreement with Siemens, if HEARx undergoes a change of control and terminates its agreements with Siemens, HEARx must pay \$50 million to Siemens. HEARx and Siemens have agreed that the Helix acquisition will not constitute a change of control for this purpose.

Table of Contents

HEARx may not be able to obtain additional capital on reasonable terms, or at all, to fund its operations.

If capital requirements vary from those currently planned or losses are greater than expected, HEARx may require additional financing. If additional funds are raised through the issuance of convertible debt or equity securities, the percentage ownership of existing stockholders may be diluted, the securities issued may have rights and preferences senior to those of stockholders, and the terms of the securities may impose restrictions on operations. If adequate funds are not available on reasonable terms, or at all, HEARx will be unable to take advantage of future opportunities to develop or enhance its business or respond to competitive pressures and possibly even to remain in business.

If the arrangement is not completed, HEARx may not be able to recover its investment in Helix.

HEARx purchased \$2.7 million of Helix common shares using funds borrowed under HEARx's credit facility with Siemens. See Material Contracts Between HEARx and Helix. HEARx's ability to sell its Helix shares is restricted by applicable securities and stock exchange regulations. If the arrangement is not completed, HEARx may not be able to sell its Helix shares at a profit or at all. Nevertheless, HEARx will have to repay the funds it borrowed under the Siemens credit facility with interest.

HEARx has a history of operating losses and may never be profitable.

HEARx has incurred net losses in each year since its organization and its accumulated deficit at September 29, 2001 was \$87,013,182. HEARx expects its quarterly and annual operating results to fluctuate, depending primarily on the following factors:

Timing of product sales;

Level of consumer demand for its products;

Timing and success of new centers; and

Timing and amounts of payments by health insurance and managed care organizations.

There can be no assurance that HEARx will achieve profitability in the near or long term or ever.

HEARx may not effectively compete in the hearing care industry.

The hearing care industry is highly fragmented and barriers to entry are low. Approximately 11,000 practitioners provide testing and dispense products and services that compete with those provided and sold by HEARx. HEARx also competes with small retailers, as well as large networks of franchisees and distributors established by larger companies, such as those manufacturing and selling Miracle Ear and Beltone products. Some of the larger companies have far greater resources than HEARx and could expand and/or change their operations to capture the market targeted by HEARx. Large discount retailers, such as Costco, also sell hearing aids and present a competitive threat in HEARx's markets. In addition, it is possible that the hearing care market could be effectively consolidated by the establishment of cooperatives, alliances or associations that could compete more successfully for the market targeted by HEARx.

HEARx is dependent on manufacturers who may not perform.

HEARx is not a hearing aid manufacturer. It relies on major manufacturers to supply its hearing aids and to supply hearing enhancement devices. A significant disruption in supply from any or all of these manufacturers could materially adversely affect the company's business. HEARx's strategic and financial relationship with Siemens requires HEARx to purchase from Siemens a certain portion of its requirements of hearing aids for a period of ten years at specified prices. Although Siemens is the world's largest manufacturer of hearing devices, there can be no assurance that Siemens' technology and product line will remain desirable in the marketplace. Furthermore, if Siemens' manufacturing capacity cannot keep pace with the demand of HEARx and other customers, HEARx's business may be adversely affected.

Table of Contents

HEARx relies on qualified audiologists, without whom its business may be adversely affected.

HEARx currently employs 127 licensed hearing professionals, of whom 108 are audiologists. If HEARx is not able to attract and retain qualified audiologists, the company will be less able to compete with networks of hearing aid retailers or with the independent audiologists who also sell hearing aids and its business may be adversely affected.

HEARx may not be able to maintain existing agreements or enter into new agreements with health insurance and managed care organizations, which may result in reduced revenues.

HEARx enters into provider agreements with health insurance companies and managed care organizations for the furnishing of hearing care in exchange for fees. The terms of most of these agreements are to be renegotiated annually and these agreements may be terminated by either party on 90 days or less notice at any time. There is no certainty that HEARx will be able to maintain these agreements on favorable terms or at all. If HEARx cannot maintain these contractual arrangements or enter into new arrangements, there will be a material adverse effect on the company's revenues and results of operations. In addition, the early termination or failure to renew the agreements that provide for payment to HEARx on a per-patient-per-month basis would cause HEARx to lower its estimates of revenues to be received over the life of the agreements. This could have a material adverse effect on the company's results of operations.

HEARx depends on its joint venture for its California operations and may not be able to attract sufficient patients to its California centers without it.

HEARx West LLC, the company's joint venture with Kaiser Permanente, operates 20 full service centers in California as well as two satellite locations in Kaiser facilities. Since their inception, HEARx West centers have derived approximately two-thirds of their revenues from sales to Kaiser Permanente members, including revenues through an agreement between the joint venture and Kaiser Permanente's California division servicing its hearing benefited membership. If Kaiser Permanente does not perform its obligations under the agreement, or if the agreement is not renewed upon expiration, the loss of Kaiser patients in the HEARx West centers would adversely affect the company's business. In addition, HEARx West centers would be adversely affected by the loss of the ability to market to Kaiser members and promote the business within Kaiser's medical centers, including the referral of potential customers by Kaiser.

HEARx relies on efforts and success of managed care companies that may not be achieved or sustained.

Many managed care organizations, including some of those with whom HEARx has contracts, have experienced and are continuing to experience significant difficulties arising from the widespread growth and reach of available plans and benefits. In fact, primarily as a result of these problems of the managed care organizations, HEARx has focused marketing resources on the self-pay market and has, since 1999, closed or relocated 12 of its centers primarily in the Northeast and Florida. There can be no assurance that HEARx can maintain all of its centers. HEARx will close centers where warranted and such closures could have a material adverse effect on HEARx.

HEARx may not be able to maintain JCAHO accreditation and HEARx revenues may suffer.

During 1998, HEARx was awarded a three-year accreditation from the Joint Committee on Accreditation of Healthcare Organizations (JCAHO). This status distinguishes HEARx from other hearing care providers and is widely used by HEARx in its marketing efforts. If HEARx is not able to maintain its accredited status, it will not be able to distinguish itself on this basis and its revenues may suffer. HEARx is currently renewing this accreditation with JCAHO and must take both the arrangement with Helix and the proposed network business into account in this renewal. There is no assurance that JCAHO will reaccredit HEARx, nor can there be an assurance that the JCAHO accreditation will extend to Helix centers or the network business.

Table of Contents

HEARx is exposed to potential product and professional liability that could adversely affect the company if a successful claim is made in excess of insurance policy limits.

In the ordinary course of its business, HEARx may be subject to product and professional liability claims alleging that products sold or services provided by the company failed or had adverse effects. HEARx maintains liability insurance at a level which it believes to be adequate. A successful claim in excess of the policy limits of the liability insurance could materially adversely affect the company. As the distributor of products manufactured by others, HEARx believes it would properly have recourse against the manufacturer in the event of a product liability claim. There can be no assurance, however, that recourse against a manufacturer by HEARx would be successful, or that any manufacturer will maintain adequate insurance or otherwise be able to pay such liability.

A change in voting control of HEARx could cause loss of key directors and officers and adversely affect the company.

Former holders of Helix common shares will initially have the power to vote approximately 51% of the outstanding voting power of HEARx at meetings of stockholders following the arrangement. On a fully diluted basis, however, assuming the exercise or conversion of all outstanding options or convertible securities of Helix and HEARx, former holders of Helix common shares will have the power to vote approximately 46% of the outstanding voting power of HEARx at meetings of stockholders. Because of the initial change in voting control of HEARx, the current key directors and officers of the company could be replaced. There can be no assurance that any person who may replace any key director or officer will have the necessary business experience and skills.

Other Risks Relating to Both Businesses after the Arrangement

Future acquisitions or investments could negatively affect the company's operations and financial results or dilute the ownership percentage of stockholders of HEARx after the arrangement.

While all current binding agreements are described in this joint proxy statement/prospectus, HEARx expects to review acquisition and investment prospects that would complement or expand their current services or otherwise offer growth opportunities. The company may have to devote substantial time and resources in order to complete potential acquisitions. The company may not identify or complete acquisitions in a timely manner, on a cost-effective basis or at all.

In the event of any future acquisitions, HEARx could:

issue additional stock that would further dilute current stockholders' percentage ownership;

incur debt;

assume unknown or contingent liabilities; or

experience negative effects on reported operating results from acquisition-related charges and amortization of acquired technology, goodwill and other intangibles.

These transactions involve numerous risks that could harm operating results and cause HEARx's stock price to decline, including:

potential loss of key employees of acquired organizations;

problems integrating the acquired business, including its information systems and personnel;

unanticipated costs that may harm operating results;

diversion of management's attention from business concerns; and

adverse effects on existing business relationships with customers.

Any of these risks could harm the business and operating results of HEARx.

Table of Contents

Existing or future regulations where HEARx or Helix operate may require them to make expensive changes or to cease operating in certain areas.

The practice of audiology and the dispensing of hearing aids are not presently regulated on the Federal level in the United States. The sale of hearing aids, however, is subject to certain limited regulations of the U.S. Food and Drug Administration. Generally, state regulations, where they exist, are concerned primarily with the formal licensure of audiologists and of those who dispense hearing aids and with practices and procedures involving the fitting and dispensing of hearing aids. There can be no assurance that regulations do not exist in jurisdictions in which HEARx plans to open centers or will not be promulgated in states in which HEARx or Helix currently operate centers or at the Federal level. Such regulations might include:

stricter licensure requirements for dispensers of hearing aids;

inspection of centers for the dispensing of hearing aids; and

the regulation of advertising by dispensers of hearing aids.

Such regulations may require HEARx and Helix to make expensive changes to be in compliance or to cease operations in areas where the regulations exist if they cannot comply.

The sale of hearing-aid devices in the province of Quebec is governed by the Hearing-Aid Acousticians Act which forbids the selling of hearing aids by persons other than hearing-aid acousticians. The Acousticians Act further provides that all persons qualified to practice the profession of hearing-aid acousticians in Quebec be a member of the *Ordre professionnel des audioprothésistes du Québec* or the *Ordre des audioprothésistes du Québec* which are governed by a professional code of conduct. The practice of the profession of hearing-aid acoustician includes every act the object of which is to sell, fit, adjust or replace a hearing aid. The Acousticians Act does not forbid, however, hearing-aid acousticians from having administrative work, accounting work, as well as other clerical activities completed by third parties. Furthermore, the Acousticians Act does not forbid hearing-aid acousticians from renting space from a business whose principal activity is space rental.

The Québec based hearing-aid acousticians partnership owned by the founders of Helix, Cousineau, Doucet, Parent et Forget, audioprothésistes, s.e.n.c., is a member of the *Ordre professionnel des audioprothésistes du Québec*. This partnership entered into management agreements with some of Helix's subsidiaries in Québec in order to outsource its administrative, supply and management activities. Helix and its Québec subsidiaries provide these services pursuant to those agreements, and are not required to be members of the acousticians corporation. Although Helix believes its management agreements with Cousineau, Doucet, Parent et Forget, audioprothésistes, s.e.n.c., are consistent with the Acousticians Act requirements, there is no assurance that this is the correct interpretation. Also, the laws governing audiology and the sale of hearing aids at either the provincial or federal level, including the Acousticians Act, may change requiring HEARx and Helix to make expensive changes to meet compliance or to cease all or part of their operations if they cannot comply.

Increased exposure to currency fluctuations after the combination could have adverse effects on HEARx's reported earnings.

Most of HEARx's sales and costs are denominated in U.S. dollars. Most of Helix's sales are also denominated in U.S. dollars, but many of its costs are denominated in Canadian dollars. After giving effect to the transaction, HEARx will have exposure to fluctuations in the Canadian dollar. As a result, HEARx's earnings will be affected by increases or decreases in the value of the Canadian dollar. Increases in the value of the Canadian dollar versus the U.S. dollar would tend to reduce reported earnings in U.S. dollar terms, and decreases in the value of the Canadian dollar would tend to increase reported earnings.

The Unaudited Pro Forma Condensed Combined Financial Information reflects the financial information which gives effect to HEARx's proposed acquisition of all of the outstanding shares of common stock of Helix and the assumed replacement of all options and warrants to acquire Helix common stock with options and warrants to purchase HEARx common stock. The share, option and warrant amounts were calculated using an exchange ratio of 0.3537 shares of HEARx common stock to one share of Helix common stock, assuming approximately 41,298,000 shares of Helix common stock and 6,556,000 options and warrants to purchase Helix common stock are outstanding at September 29, 2001. The Pro Forma Financial Information included herein reflects the purchase method of accounting, after giving effect to the pro forma adjustments discussed in the accompanying notes. Such financial information has been prepared from, and should be read in conjunction with, the historical consolidated financial statements and notes thereto of HEARx and Helix included elsewhere in this joint proxy statement/prospectus.

The accompanying Pro Forma Condensed Combined Financial Information gives effect to the acquisition on HEARx's financial position and results of operations. The Pro Forma Condensed Combined Balance Sheet gives effect to the acquisition as if it had occurred on September 29, 2001, combining the historical balance sheet of HEARx as of that date with that of Helix as of August 31, 2001. The Pro Forma Condensed Combined Statements of Operations give effect to the acquisition as if it had occurred at the beginning of the earliest period presented, combining the results of HEARx for the nine months ended September 29, 2001 and the year ended December 29, 2000, with those of Helix for nine months ended August 31, 2001 and the year ended November 30, 2000, respectively.

Effective September 30, 2000, Helix acquired all of the issued and outstanding stock of American Hearing Centers, Inc. (AHC) for a total purchase price of approximately \$5,264,000, including cash of \$2,551,000, notes payable of \$916,000, and Helix common stock of \$1,797,000. The acquisition of AHC by Helix resulted in costs in excess of net assets acquired of approximately \$6,800,000, which is being amortized over a period of 20 years. Therefore, the Pro Forma Condensed Combined Statement of Operations for the year ended December 29, 2000 includes the results of AHC for the 10 month period prior to its acquisition by Helix, effective September 30, 2000.

The consolidated financial statements of Helix included in the Pro Forma Condensed Combined Financial Information utilize US GAAP and were translated at the following exchange rates: Canadian dollars were translated to US dollars at the rate of 0.6461, 0.6522, and 0.6754, respectively, with respect to the Balance Sheet at August 31, 2001 and the Statements of Operations for the nine months ended August 31, 2001 and the year ended November 30, 2000.

The Pro Forma Condensed Combined Statements of Operations presented do not include any potential cost savings. HEARx believes that it may be able to reduce salaries and related costs and office and general expenses as it eliminates duplication of overhead. However, there can be no assurance that HEARx will be successful in effecting any such cost savings.

The Pro Forma Condensed Combined Financial Information is unaudited, and is not necessarily indicative of the consolidated results, which actually would have occurred if the above transaction had been consummated at the beginning of the periods presented, nor does it purport to present the future financial position and results of operations for future periods. In particular, the Pro Forma Condensed Combined Financial Information is based on management's current estimate of the allocation of the purchase price, the actual allocation of which may differ.

Components of the purchase price:	
HEARx Common Stock	\$ 25,124,000

	<hr/>
Total purchase price	27,124,000

	<hr/>
Net identifiable intangible assets acquired	(13,810,000)
	<hr/>
Cost in excess of net assets acquired	\$ 18,425,637
	<hr/>

Note B. The pro forma adjustments to the condensed combined statements of operations are as follows:

The Financial Accounting Standards Board has adopted Statement No. 141, Business Combinations (SFAS 141) and Statement No. 142 Goodwill and Other Intangible Assets (SFAS 142). SFAS 141 requires the use of the purchase method of accounting for business combinations initiated after June 30, 2001 and for purchase business combinations completed after July 1, 2001, and requires that the Company recognize acquired intangible assets apart from goodwill, if the acquired intangible assets meet certain criteria. SFAS 142 changes the accounting for goodwill from an amortization method to an impairment-only approach. Accordingly, no amortization of goodwill for the proposed Helix acquisition is reflected in the Unaudited Pro Forma Condensed Combined Statements of Operations. In addition, patient files identified as intangible assets are being amortized over their estimated finite useful lives of fifteen years on a straight-line basis. Trademarks and tradenames are not being amortized as their lives are estimated to be indefinite under SFAS 142. See Note 14 Recent Accounting Pronouncements and Note 16(x) in the historical consolidated financial statements of HEARx and Helix, respectively, contained elsewhere in this joint proxy statement/prospectus for a discussion of the impact of SFAS 141 and 142 on HEARx and Helix.

2. The estimated finite useful life of patient files intangible asset is fifteen years based upon the historical behavior of the patient populations included in the patient files. Adjustments to record amortization of patient files were approximately \$389,000 and \$518,000 for the nine months ended September 29, 2001, and the year ended December 29, 2000, respectively.

THE ARRANGEMENT

The Amended and Restated Merger Agreement

This section is a summary of the material terms of the amended and restated merger agreement, a copy of which is attached as Annex A to this joint proxy statement/prospectus. The following description does not purport to be complete and is qualified in its entirety by reference to the amended and restated merger agreement. HEARx stockholders and Helix stockholders should refer to the full text of the amended and restated merger agreement for details of the arrangement and the terms and conditions of the amended and restated merger agreement.

General

The merger agreement provides the legal framework for the acquisition of the outstanding Helix common shares by HEARx Canada Inc., an indirect wholly owned subsidiary of HEARx. It covers, among other things:

the effective time of the arrangement;

the corporate organization and governance of the combined companies after the arrangement;

the exchange of Helix common shares and options, warrants and convertible securities into exchangeable shares or HEARx common stock, or HEARx options, warrants or convertible securities;

representations and warranties of the parties;

agreements as to what the parties must do and not do prior to the effective time of the arrangement;

conditions that must be fulfilled before each party is obligated to complete the arrangement;

the circumstances under which the merger agreement may be terminated and the effect of such termination; and

various miscellaneous items, such as amendments to the merger agreement and expenses and fees associated with the merger agreement.

Background of the Arrangement

On or about March 17, 2000, representatives of HEARx contacted representatives of Helix to arrange a meeting to discuss business opportunities in relation to their respective businesses. Until that date, both Helix and HEARx had been major retailers operating independently in the hearing health care industry in the United States. The managements of both HEARx and Helix wished to explore options that would enable their respective companies to gain a national presence and thereby establish themselves as the single retail leader in the North American hearing retail market. Because there was no overlap in the territories served by the two companies, HEARx and Helix were seen as a strong match in establishing an increased national presence. In addition, both HEARx and Helix had decided to explore the creation of a network business strategy, and the managements of both companies recognized that by combining the two companies, the development of a network business could be accelerated.

HEARx considered alternative strategies, including the possibility of other acquisition targets and strategic partnerships. In fact, from time to time HEARx has had discussions with other industry participants about possible transactions. None of those, however, were considered by the HEARx board of directors to be in the best interests of the stockholders and the company's longer term strategic plan. Helix also considered alternative strategies, including maintaining its independence and attempting to launch a network business on its own based on the recently acquired HEAR USA division.

On November 28, 2000, an informal meeting was held during which both sides reached the conclusion that synergies and business opportunities were indeed possible between the two companies. It was decided to proceed with negotiations, due diligence examinations and, if the former were conclusive, to finalize an

Table of Contents

agreement upon terms and conditions acceptable to both parties. On November 30, 2000, a confidentiality agreement was signed by the parties to secure the exchange of proprietary information and documents.

Throughout November and December 2000 and January 2001, several meetings and conference calls were held between representatives of Helix and HEARx to further define the conditions of an eventual combination or merger between the parties. These discussions also addressed the necessity of obtaining appropriate financing to proceed with the proposed transaction. A meeting was called by HEARx on February 16, 2001, with the intention of introducing Siemens Hearing Instruments as a potential source of financing to the contemplated merger. As a result of this meeting, Siemens orally committed to financially support the merger upon its completion.

For the remainder of February and the beginning of March, further discussions were held in an attempt to finalize a letter of intent containing the terms and conditions under which both parties would be willing to proceed with the proposed transaction. These efforts culminated in the signature of a first letter of intent on March 6, 2001.

Soon after signing this first letter of intent, Helix and HEARx agreed to the procedures to allow them to conduct due diligence examinations. After agreeing on a common diligence list of items to verify, each side prepared a document room containing the required materials to be provided to the other party. A first diligence visit was made by HEARx to Helix in Montreal the week of April 9, 2001. In addition to the HEARx representatives, representatives of HEARx's financial and legal advisors participated in the due diligence. During the week of April 19, 2001, Helix representatives and their financial advisors visited the HEARx corporate office in West Palm Beach, Florida to conduct their due diligence. Following these visits, each party provided the other with a report of the outstanding items it had identified during its examination. Each party responded to the other's inquiries and most issues were to be addressed to both parties' satisfaction in the final merger agreement.

While these exchanges were taking place, a meeting was held in Montreal on May 30 and 31, 2001 to begin the preparation of the projected common business plan. This business plan contains the projected results from the combined operations as well as the intended development of a network.

After further discussions regarding the due diligence findings and the business plan, from May 16 to May 21 the senior management representatives of the parties discussed revising the March 6, 2001 letter of intent. Although HEARx and Helix had agreed in the March 6, 2001 letter of intent to a basic resulting ownership percentage by their shareholders, after conducting due diligence and the completion of a common business plan, the companies reached modified understandings on the economics of the business combination under which HEARx would be the acquirer. The existence of HEARx's convertible preferred stock was seen by Helix as a detriment to HEARx's long term stock performance. Therefore, management of both HEARx and Helix agreed that under the business combination, Helix's shareholders would receive an amount of HEARx common stock sufficient to give them an equivalent 42% ownership of HEARx on a basis where (i) all vested derivative securities in the companies having a strike price under a \$1.55 were counted as issued and outstanding shares of common stock, and (ii) all the outstanding and issued convertible preferred stock of HEARx was assumed to be converted to common stock at a conversion price of \$1.55. The parties agreed that Helix shareholders would have the option to receive exchangeable shares or common stock of HEARx upon the exchange of their Helix common shares. This structure was agreed upon to provide Helix stockholders resident in Canada an opportunity to receive full or partial deferral of Canadian federal income tax. The parties agreed to and executed a new letter of intent on May 22, 2001. On May 23, 2001, the parties issued a press release announcing the signing of the new letter of intent. The parties then began to negotiate a definitive merger agreement and related documents. During this time, each party continued its due diligence investigation of the other.

On July 11, 2001, the board of directors of Helix met to review the final terms of the merger agreement and related agreements as well as to receive a presentation on the financial aspects of the proposed transaction. After discussing the proposed transaction, the board of directors approved entering into the merger agreement.

On July 16, 2001, the board of directors of HEARx met to evaluate the terms of the merger agreement and related agreements as well as to receive an opinion from Raymond James as to the fairness from a financial point of view to the HEARx stockholders of the consideration to be paid to the stockholders of Helix pursuant to the arrangement.

On July 27, 2001, after completion of the disclosure schedules to the merger agreement and negotiation of the terms of the stockholders agreement with the individual stockholders party to the stockholders agreement, the board of directors of HEARx met to review the final terms of the merger agreement and related agreements as well as to receive an updated fairness opinion by Raymond James. The board of directors of HEARx then unanimously approved the merger agreement.

The merger agreement was executed by the parties on Friday, July 27, 2001 and was publicly announced prior to the opening of the markets on Monday, July 30, 2001.

On November 6, 2001, the parties amended and restated the merger agreement to reflect changes in the proposed management of HEARx after the arrangement.

On January 8, 2002, the board of directors of Helix met to review the possibility of updating the fairness opinion already rendered in connection with the arrangement and/or requesting other financial advisors to consider and opine on the fairness of the proposed transaction to the Helix shareholders. After discussing the available options and considering the amount of time that had elapsed since the initial fairness opinion of July 11, 2001, the board of directors of Helix approved engaging Yorkton Securities Inc. to consider and opine on the financial aspects of the proposed transaction to the Helix shareholders from a financial point of view.

On February 1, 2002, the board of directors of Helix met to review the then current draft of the joint proxy statement/prospectus as well as to receive an opinion from Yorkton as to the fairness from a financial point of view to the Helix stockholders of the consideration to be paid to the stockholders of Helix pursuant to the arrangement.

Effect of the Arrangement

When the arrangement becomes effective, each outstanding Helix common share, other than those owned by dissenting stockholders, will be exchanged for 0.3537 exchangeable shares or 0.3537 shares of HEARx common stock. Helix stockholders will no longer have rights as holders of Helix common shares and will have only the right to receive the arrangement consideration.

HEARx Canada Inc., HEARx's Canadian subsidiary, will become the holder of the common shares of Helix, other than shares held by HEARx or HEARx Acquisition ULC, and Helix will become an indirect subsidiary of HEARx.

Court Approval and Completion of the Arrangement

The arrangement requires approval of the Superior Court of Québec, District of Montreal, under the Canada Business Corporations Act. Before mailing this joint proxy statement/prospectus, Helix obtained an interim order of the court providing for the calling and holding of the special meeting and other procedural matters.

Subject to the approval of the arrangement by the Helix stockholders at the meeting, the hearing in respect of the final order is scheduled to take place on _____, 2002, at 10:00 a.m. (Montreal time) in room 2.16 of the Superior Court of Québec, District of Montreal, at 1, Notre-Dame Street East, Montreal, Québec. Any Helix stockholder who wishes to present evidence or arguments at the hearing must file and deliver an appearance and any affidavits on which it relies, in accordance with the rules of the court and the provisions of the interim order issued by the court. The court will consider, among other things, the fairness and reasonableness of the arrangement. The court may approve the arrangement unconditionally or subject to compliance with any conditions the court deems appropriate.

The court has broad discretion under the Canada Business Corporations Act when issuing orders relating to the arrangement. The court may approve the arrangement either as proposed or as amended in any manner

the court directs. Under Canadian law, for the court to grant the final order, the court must conclude, among other things, that the arrangement is fair and reasonable to all affected persons. No material amendment to the arrangement will be made without obtaining further Helix stockholder approval.

Effective Time of the Arrangement

The arrangement will be effective when the Director under the Canada Business Corporations Act issues a certificate of arrangement. If the final order obtained on _____, 2002, is satisfactory to Helix and HEARx, and all other conditions to the arrangement are satisfied or waived, we expect that the effective date of the arrangement will be _____, 2002.

Recommendations of the HEARx Board of Directors and Reasons for the Arrangement

The board of directors of HEARx believes that the combination of Helix and HEARx on the terms contained in the merger agreement will be beneficial to HEARx and its stockholders and that the consideration to be paid to Helix stockholders under the merger agreement is fair to HEARx stockholders. Accordingly, the board of directors, at a meeting held on July 27, 2001, unanimously approved the transaction and recommended that holders of HEARx common stock vote to approve the proposal for the arrangement and the issuance of HEARx common stock in connection with the arrangement.

In considering the arrangement, the board of directors of HEARx noted that the arrangement would offer the HEARx stockholders the opportunity to participate in any future growth and profitability of Helix's business.

In deciding to approve the arrangement, the board of directors considered a number of other factors, including:

historical information concerning HEARx's and Helix's businesses, financial performance and condition, operations, competitive positions and management;

HEARx's and Helix's current industries, market and economic conditions, including current financial market conditions and historical market prices, volatility and trading information of HEARx common stock;

the relationship between the market value of HEARx common stock and the consideration to be paid by HEARx to Helix stockholders in the arrangement, along with a comparison of comparable arrangement transactions;

the stronger financial condition of the combined companies, considering the infusion of cash from Siemens;

the results of the due diligence investigations of Helix conducted by HEARx's management and legal advisors;

the expected accounting treatment of the arrangement;

the terms and conditions of the merger agreement, including the fact that five directors of HEARx will be appointed to the combined company's board of directors;

the risks and potential rewards associated with, as an alternative to the arrangement, continuing to execute HEARx's business and strategic plan as an independent entity;

the impact of the arrangement on HEARx's stockholders and employees;

the likelihood that the arrangement would be completed; and

presentations and advice of HEARx's senior management, financial advisor and legal counsel.

Table of Contents

The board of directors also considered potentially negative risks of the arrangement, including:

despite the efforts of the combined companies, key management personnel might not remain employed by the combined companies;

potential benefits sought in the arrangement might not be fully realized;

risks associated with Helix's business and prospects including its continuing operating losses, significant outstanding debt and integration of its numerous recent acquisitions; and

other risks described under the caption "Risk Factors" presented earlier in this joint proxy statement/prospectus.

This discussion is not intended to include all the factors considered by the board of directors. Each member of the board of directors may have considered different factors and may have assigned different relative weights to the factors considered. In addition, the board of directors did not quantify or reach any specific conclusion with respect to each of the factors considered or any aspect of any particular factor. Instead, the board of directors conducted an overall analysis of these factors.

Based on the considerations described above, the board of directors of HEARx has unanimously approved the arrangement and the issuance of HEARx common stock in connection with the arrangement and recommends that HEARx stockholders vote FOR the share issuance.

Recommendations of the Helix Board of Directors and Reasons for the Arrangement

The board of directors of Helix believes that the arrangement on the terms contained in the merger agreement will be beneficial to Helix and its stockholders and that the consideration to be paid to Helix stockholders under the merger agreement is fair to the Helix stockholders. Accordingly, Helix's board of directors approved the transaction and recommended that holders of Helix common shares vote to approve the merger agreement and the transactions contemplated by the merger agreement.

In deciding to approve the acquisition of Helix, the Helix directors considered a number of other factors, including:

historical information concerning HEARx's and Helix's businesses, financial performance and condition, operations, competitive positions and management;

HEARx's and Helix's current industries, market and economic conditions, including current financial market conditions and historical market prices, volatility and trading information of HEARx common stock;

the relationship between the market value of HEARx common stock and the consideration to be paid by HEARx to Helix stockholders in the arrangement, along with a comparison of comparable arrangement transactions;

the strong financial condition of the combined companies, considering the infusion of cash from Siemens;

the results of the due diligence investigations of HEARx conducted by Helix's management and legal advisors;

the expected accounting treatment of the arrangement;

the terms and conditions of the merger agreement, including the fact that four directors of Helix will be appointed to the combined company's board of directors;

the impact of the arrangement on Helix's stockholders and employees;

the likelihood that the arrangement would be completed; and

presentations and advice of Helix's senior management, financial advisor and legal counsel.

Table of Contents

The Helix board of directors also considered potentially negative risks of the arrangement, including:

any fluctuations in the price of HEARx common stock prior to the closing of the arrangement;

the tax impact on Helix stockholders who may realize taxable gain on the exchange of their Helix shares or the exchangeable shares for HEARx common stock;

despite the efforts of the combined companies, key management personnel might not remain employed by the surviving corporation;

potential benefits sought in the arrangement might not be fully realized;

certain members of Helix's management and board of directors may have interests in the arrangement in addition to the interests of the other Helix stockholders; and

the other risks described under the caption "Risk Factors" presented earlier in this joint proxy statement/prospectus.

This discussion is not intended to include all of the factors considered by the Helix board of directors. Each member of the Helix board of directors may have considered different factors and may have assigned different relative weights to the factors considered. In addition, the Helix board of directors did not quantify or reach any specific conclusion with respect to each of the factors considered or any aspect of any particular factor. Instead, the Helix board of directors conducted an overall analysis of these factors.

Based on the considerations described above, the Helix board of directors has approved the merger agreement and recommends that Helix stockholders vote FOR the merger agreement and the transactions contemplated by the merger agreement.

Opinion of Raymond James

HEARx retained Raymond James to render an opinion to the HEARx board of directors as to the fairness from a financial point of view to the HEARx stockholders of the consideration to be paid to the stockholders of Helix pursuant to the arrangement. Raymond James is actively engaged in the investment banking business and regularly undertakes the valuation of investment securities in connection with public offerings, private placements, business combinations and similar transactions. HEARx chose Raymond James because of Raymond James' significant experience in the valuation of securities in connection with business combinations and similar transactions, especially with respect to healthcare companies.

Presentation by Raymond James. The following summarizes the material financial analyses presented by Raymond James to HEARx's board of directors at its meeting on July 27, 2001, which were considered by Raymond James in rendering the opinion described below. This summary is not a complete description of the analyses underlying the opinion of Raymond James or the information presented at meetings between Raymond James and representatives of HEARx held before the consideration of the arrangement by the HEARx Board.

Transaction Summary. Raymond James presented to the HEARx Board an analysis of the consideration to be paid to the stockholders of Helix in connection with the arrangement.

Table of Contents

* calculated using the treasury stock method to account for outstanding options and warrants

** enterprise value equals the market value of equity plus debt less cash and cash equivalents

For purposes of its opinion, Raymond James did not attempt to determine a value for the HEARx common stock but instead assumed that its current price fairly reflects its value and that the exchangeable shares will have the same value as the underlying HEARx common stock into which they are exchangeable.

Historically Implied Exchange Ratios. Raymond James presented to the HEARx board a summary financial comparison of the implied exchange ratio between the common shares of Helix and the common stock of HEARx. The implied exchange ratio is calculated by dividing the price of a Helix common share by the price of a share of HEARx common stock adjusting for currency conversion at the prevailing exchange rate on the applicable day. The implied exchange ratio is 0.3537.

The results of the analysis for the following time periods are listed below:

Merger and Acquisition Price Premium Analysis. Raymond James reviewed the minimum, mean, and maximum stock price premiums paid in 78 transactions over the last year for 100% change of control transactions with target total enterprise values between \$50 million and \$250 million for 1, 15, 30, and 120 day(s) prior to a business combination transaction. The proposed transaction stock price premium (discount) was calculated based on the percentage difference between the proposed transaction stock price, or offer price, and the actual price of Helix common stock 1, 15, 30, and 120 day(s) prior to May 23, 2001. The results of the analysis comparing the minimum, mean and maximum stock price premiums from these transactions with the proposed arrangement during the following periods are listed below:

Premium (Discount) to Market on Transaction Date**Precedent Transactions**

Time Prior to Transaction Date	Proposed Transaction	Precedent Transactions		
		Min	Mean	Max
1 Day	(33.7%)	(78.3%)	42.5%	200.4%
15 Days	(33.6%)	(90.5%)	56.5%	436.0%
30 Days	(28.4%)	(90.5%)	56.8%	236.5%
120 Days	(39.7%)	(76.5%)	43.3%	227.7%

Comparable Company Analysis. Raymond James presented to the HEARx board a summary financial comparison of Helix to five public healthcare retail oriented companies. Excluding Helix and HEARx, the only comparable public hearing aid retailer is Sonus Corp. In order to obtain a more representative universe of companies delivering healthcare products and services in a retail format, the universe of comparable companies was expanded to include public eyewear retailers, whose businesses appeared reasonably similar to Helix. The public companies considered consisted of:

Cole National Corp.
Emerging Vision, Inc.
Sight Resources Corp.
Sonus Corp.

Table of Contents

Raymond James examined the following four key financial multiples for these selected healthcare retail companies: enterprise value (market value plus debt less cash and cash equivalents) to revenues; enterprise value to earnings before interest, taxes, depreciation and amortization (EBITDA); enterprise value to earnings before interest and taxes (EBIT); and market value to book value. Revenue, EBITDA, EBIT and book value were calculated for the last twelve months reported (LTM) and for the last quarter annualized (LQA).

The comparable company analysis resulted in a calculated enterprise value to LTM revenue multiple range of 0.2x to 1.0x, with a mean of 0.4x and a median of 0.3x. The comparable company analysis also resulted in a calculated LQA revenue multiple range of 0.2x to 1.0x, with a mean of 0.4x and a median of 0.3x. The calculated enterprise value to LTM EBITDA multiple range was 4.9x to 21.0x with a mean of 11.4x and a median of 9.9x. The calculated enterprise value to LTM EBIT multiple range was 9.8x to 12.6x with a mean of 11.2x and a median of 11.2x. Lastly, the market value to book value multiple was calculated at 0.2x to 1.5x with a mean of 0.9x and median of 0.6x.

Using Helix's LTM revenue, LQA revenue and book value of \$25.3 million, \$33.2 million and \$16.8 million, and applying the minimum, mean and maximum multiples derived from the selected publicly traded comparable companies, results in the following implied valuations:

	Min	Mean	Max
	(\$ millions)		
Enterprise value to LTM revenue			
multiple of comparable companies	0.2x	0.4x	1.0x
Implied enterprise value of Helix	\$ 4.3	\$ 11.1	\$ 25.0
Implied equity value of Helix	\$ (9.6)	\$ (2.8)	\$ 11.1
Enterprise value to LQA revenue			
multiple of comparable companies	0.2x	0.4x	1.0x
Implied enterprise value of Helix	\$ 5.7	\$ 14.3	\$ 31.9
Implied equity value of Helix	\$ (8.2)	\$ 0.4	\$ 18.0
Market value to book value			
multiple of comparable companies	0.2x	0.9x	1.5x
Implied enterprise value of Helix	\$ 17.8	\$ 28.4	\$ 38.9
Implied equity value of Helix	\$ 3.9	\$ 14.5	\$ 25.0
Transaction enterprise value to LTM revenue multiple of Helix		1.5x	
Transaction enterprise value to LQA revenue multiple of Helix		1.1x	
Transaction market value to book value multiple of Helix		1.4x	
Transaction enterprise value of Helix		\$ 38.0	
Transaction equity value of Helix		\$ 24.1	

Given that Helix had negative values for EBITDA and EBIT over the last twelve months and the last quarter, it was not possible to compare Helix to the comparable companies using these measures of historical performance. Furthermore, the basis for comparison and valuation is limited due to the limited availability of comparable hearing aid retailers.

Table of Contents

Precedent Transaction Analysis. Raymond James presented to the HEARx board a summary of fifteen precedent merger transactions, greater than \$10 million in enterprise value, that have closed since 1995 involving healthcare retail oriented companies, consisting of the following:

Acquirer	Target
Eye Care Centers of America	VisionWorks
Cole National Corp.	Pearle Vision
Pearle Trust B.V.	Pearle Vision (European Division)
Cole National Corp.	American Vision Centers
Eye Care Centers of America	Hour Eyes
Thomas H. Lee	Eye Care Centers of America
National Vision Associates	Frame & Lens
Eye Care Centers of America	Dr. Bizers Vision World
National Vision Associates	New West Eyeworks, Inc.
GN Resound	ReSound Corp.
Eye Care Centers of America	Vision Twenty-One
William Demant	Hidden Hearing
William Demant	AVADA
Amplifon	Acoudire BV
Luxottica Group (Lenscrafters)	Sunglass Hut

Due to limited financial disclosure regarding these transactions, and given that Helix had negative values for EBITDA and EBIT over the last twelve months and the last quarter, Raymond James only evaluated enterprise value to LTM revenue multiples. The calculated enterprise value to LTM revenue multiple had a range of 0.3x to 3.6x with a mean of 1.2x and a median of 1.0x.

Using Helix's LTM revenue, LQA revenue and book value of \$25.3 million, \$33.2 million and \$16.8 million, and applying the minimum, mean and maximum multiples derived from the selected precedent transactions resulted in the following implied valuations:

	Min	Mean	Max
	(\$ millions)		
Enterprise value to LTM revenue multiple of comparable companies	0.3x	1.2x	3.6x
Implied enterprise value of Helix	\$ 8.4	\$31.4	\$ 90.7
Implied equity value of Helix	\$ (5.5)	\$17.5	\$ 76.8
Enterprise value to LTM revenue multiple of comparable companies	0.3x	1.2x	3.6x
Implied enterprise value of Helix*	\$11.0	\$41.2	\$119.1
Implied equity value of Helix*	\$ (2.8)	\$27.4	\$105.3
Transaction enterprise value to LTM revenue multiple of Helix		1.5x	
Transaction enterprise value to LQA revenue multiple of Helix		1.1x	
Transaction enterprise value of Helix		\$38.0	
Transaction equity value of Helix		\$24.1

Discounted Cash Flow Analysis. Raymond James presented to the HEARx board the results of a discounted cash flow analysis for fiscal years 2001 to 2006 to estimate the present value of the unleveraged free cash flows that Helix is expected to generate on a stand alone basis.

For purposes of this analysis, unleveraged free cash flows were defined as EBITDA, less capital expenditures and investment in working capital. Raymond James performed its analyses based on financial forecasts and assumptions provided by Helix.

Raymond James used 2006 as the terminal year for the analysis and calculated terminal values for Helix by applying a range of multiples of EBITDA for the fiscal year ending December 31. These multiples ranged from 11.0x to 15.0x. The unleveraged projected free cash flows and terminal values were then discounted using a range of discount rates from 12.0% to 16.0%, which reflect the projected cost of capital associated with executing Helix's business plan.

This analysis yielded implied equity values of Helix ranging from \$13.6 million to \$32.1 million or \$0.33 to \$0.78 per share. The proposed arrangement has an implied equity value for Helix of \$24.1 million or \$0.58 per share.

Analyses Summary. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to a partial analysis or summary description. Raymond James believes that its analyses must be considered as a whole and that selecting portions of its analyses, without considering the analyses taken as a whole, would create an incomplete view of the process underlying the analyses set forth in its opinion. In addition, Raymond James considered the results of all such analyses and did not assign relative weights to any of the analyses, so the ranges of valuations resulting from any particular analysis described above should not be taken to be Raymond James' view of the actual value of Helix.

In performing its analyses, Raymond James made numerous assumptions with respect to industry performance, general business, economic and regulatory conditions and other matters, many of which are beyond the control of HEARx and Helix. The analyses performed by Raymond James are not necessarily indicative of actual values, trading values or actual future results which might be achieved, all of which may be significantly more or less favorable than suggested by such analyses. Such analyses were prepared solely as part of Raymond James' analysis of the fairness of the arrangement to HEARx stockholders from a financial point of view and were provided to the HEARx board of directors. The analyses do not purport to be appraisals or to reflect the prices at which a company might attract investments or be sold. In addition, as described above, the opinion of Raymond James was one of many factors taken into consideration by the HEARx board of directors in making its determination to approve the arrangement. Consequently, the analyses described above should not be viewed as determinative of the HEARx board's or HEARx management's opinion with respect to the value of Helix. HEARx placed no limits on the scope of the analysis performed, or opinion expressed, by Raymond James.

As compensation for its services in connection with the arrangement, HEARx paid Raymond James a fee of \$220,000 payable upon delivery of the Raymond James opinion. No portion of the fee was contingent upon the conclusions reached by Raymond James. HEARx also agreed to indemnify Raymond James and related persons against certain liabilities, including liabilities arising under federal securities laws, arising out of the engagement of Raymond James. In the ordinary course of business, Raymond James may trade in the securities of HEARx or Helix for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities.

Opinion of Raymond James. At the July 27, 2001 meeting of the HEARx board, Raymond James gave its written opinion that, as of such date and based upon and subject to various qualifications and assumptions described with respect to its opinion, the consideration to be paid by HEARx to the stockholders of Helix pursuant to the arrangement was fair from a financial point of view to the HEARx stockholders.

The full text of the written opinion of Raymond James, dated July 27, 2001, which sets forth assumptions made, matters considered and limits on the scope of review undertaken, is attached as Annex G to this joint proxy statement/prospectus. HEARx stockholders are urged to read this opinion in its entirety. Raymond James' opinion, which is addressed to the HEARx Board, is directed only to the fairness of the

Table of Contents

arrangement to HEARx stockholders from a financial point of view and does not constitute a recommendation to any HEARx stockholder as to how such stockholder should vote at the HEARx special meeting and does not address any other aspect of the proposed arrangement or any related transaction. The summary of the opinion of Raymond James set forth in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of such opinion.

In connection with rendering its opinion, Raymond James has, among other things, reviewed Helix's and HEARx's audited financials and annual report to stockholders for fiscal years 1999 and 2000, Helix's and HEARx's quarterly reports to stockholders filed during fiscal years 1999 and 2000 and other publicly available financial information of Helix and HEARx; reviewed certain non-public information prepared by the management of Helix and HEARx, including financial statements, financial projections, and other financial and operating data concerning Helix and HEARx; discussed the past and current operations and financial condition and the prospects with senior executives from Helix and HEARx; reviewed publicly available financial and stock market data with respect to certain other companies in lines of business generally comparable to those of Helix and HEARx; considered the pro forma effects of the arrangement on HEARx's financial statements; reviewed the historical market prices of the Helix and HEARx common stock; compared the financial terms of the arrangement with the financial terms of certain other transactions which are generally comparable to the arrangement; reviewed a draft of the merger agreement; and conducted other financial analyses, studies, and investigations, and considered other information as Raymond James deemed necessary or appropriate.

In connection with its review, Raymond James did not assume any responsibility for independent verification for any of the information reviewed by Raymond James for the purpose of the opinion and relied on the information being complete and accurate in all material respects. In addition, Raymond James did not make or receive any independent evaluation or appraisal of any of the assets or liabilities (contingent or otherwise) of Helix, nor was Raymond James furnished with any such evaluation or appraisal. With respect to the financial forecasts, estimates, projections, pro forma effects, and other information referred to above, Raymond James assumed, at the direction of Helix, that they have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of Helix. Raymond James relied upon each party to advise Raymond James promptly if any such information previously provided to or discussed with Raymond James became inaccurate or was required to be updated during the period of the review.

Raymond James' opinion was based on economic, market, and other conditions as in effect on, and the information available to it as of, the date of its opinion. Raymond James did not express any opinion as to the range of prices at which the HEARx common stock might trade subsequent to the arrangement.

Opinion of Ernst & Young Corporate Finance Inc.

Helix retained EYCF in connection with its consideration of the proposed arrangement. Helix chose EYCF because of its qualifications, expertise and reputation.

Presentation by EYCF. The following summarizes the material financial analyses presented by EYCF to certain members of the Helix board of directors on July 11, 2001, which were considered by EYCF in rendering the opinion described below. This summary is not a complete description of the analyses underlying the opinion of EYCF or the information presented at meetings between EYCF and representatives of Helix held in advance of the consideration of the arrangement by the Helix board of directors.

Approach. In considering the fairness of the arrangement, from a financial point of view, to the shareholders of Helix, EYCF performed a variety of financial and comparative analyses, including:

1. Comparing the historic and current market prices and volume for the shares of both Helix and HEARx. From this analysis EYCF, among other things, took the following factors into account:
 - a. Activity on Helix's shares is very low (average monthly volume approximates less than 1% of outstanding shares). Therefore, if a large block of shares was sold on the market it could have a depressing effect on the quoted market price.

Table of Contents

b. Based on HEARx's historical trading volume, the shareholders should have a more liquid market available to them to dispose of their shares after the arrangement.

c. Historic and current market prices

The following table presents the results from this analysis and the implied per share value to Helix's shareholders based on the exchange ratio of 0.3537:

In USD	Helix Price	HEARx Price	Per share value to Helix shareholders
Low	\$0.86	\$1.70	\$0.60
High	\$0.99	\$2.40	\$0.85

2. Comparing the proposed exchange ratio to the relative value of Helix and HEARx implied by the analysis of value for both corporations as stand-alone entities (without acquisitions). Based on the exchange ratio of 0.3537, shareholders of Helix and HEARx will respectively own 42% and 58% of the merged entity after the arrangement. For this analysis, EYCF used the following methods and criteria: discounted cash flow, multiple of revenue, capitalization of operating earnings (before corporate expenses) and net tangible assets.

a. Discounted cash flow method

The application of the discounted cash flow method requires that estimation be made regarding the future cash flows of each corporation as stand-alone entities. Management of each company prepared these future cash flows. EYCF analysed and discussed with management of each company these projections and their underlying assumptions. The discounted cash flow approach also required that assumptions be made regarding the discount rate and terminal value.

The terminal value at the end of fiscal year 2006 was calculated with two methods: through the application of a multiple of EBITDA of 5X and through the application of a terminal year multiplier based on a perpetual growth rate of 3.5%. EYCF used discount rates of 14.5% to 16.5% to discount the future cash flows and the terminal value. In determining the appropriate discount rates and terminal value, EYCF took into account the risk related to achieving the financial forecasts, the general conditions in the industry, the general economic conditions and rates of return available on other type of investments as well as the growth potential at the end of the projections period.

The following table presents the results of this analysis:

In USD	Helix Equity Value	HEARx Equity Value	Helix relative %	HEARx relative %
Low	\$23M	\$39M	37%	63%
High	\$30M	\$45M	40%	60%
Agreement Implied Ratio			42%	58%

b. Multiple of revenues and operating earnings (before corporate expenses):

For the analysis based on a multiple of revenue and the capitalization of operating earnings (before corporate expenses), EYCF reviewed the current and projected results for the next fiscal year and considered, among other things, trading multiples of comparable public companies, implied multiples from comparable transactions, general economic conditions and rates of return available on other types of investments. EYCF retained budgeted results for fiscal 2001 to account for Helix's recent transactions. Moreover, for the analysis based on the capitalization of operating earnings EYCF took into account the announced costs reduction.

c. Net tangible asset

The net tangible asset for both corporations is not significant.

d. Sensitivity analyses

Finally, for all analyses, EYCF performed sensitivity analysis on certain key assumptions.

3. Comparing the value of Helix as a stand-alone entity before the arrangement with the value of the new combined entity belonging to Helix's shareholders after the arrangement:

a. The value of the new combined entity belonging to Helix's shareholders after the arrangement was derived from applying the proposed percentage ownership for Helix's shareholders to the value of the new combined entity. The value was based on the result of the application of the discounted cash flow method. Management of both corporations prepared together the future cash flows used in the discounted cash flow analysis. EYCF analysed and discussed with management of each corporation these projections and their underlying assumptions. In determining the appropriate discount rates and terminal value, EYCF took into account the factors mentioned previously in the context of the combined entity;

b. The value of Helix was based on the result of the application of the discounted cash flow method as well as Helix's recent equity financings and prices that potential purchasers could be willing to pay for Helix. The discounted cash flow analysis was performed based on the financial forecasts prepared by management for Helix on a stand-alone basis;

c. Summary

In both cases, the analysis was done under two scenarios: (i) Helix makes no acquisitions; (ii) Helix makes a number of acquisitions to grow its business.

Table of Contents

The following table presents the per share value to Helix's shareholders derived from this analysis:

4. Considering any other factors or analyses which EYCF judged, based upon its experience, to be relevant in the circumstances.

In arriving at its Opinion, EYCF did not attribute any particular weight to any specific analysis or factor considered, but rather have made a qualitative judgment based upon its experience in rendering such opinions and on the circumstances of the arrangement as well as the information, taken as a whole, concerning Helix, HEARx and the possible combined entity that was reviewed.

Opinion of EYCF. On July 11, 2001, EYCF met with members of the board of directors of Helix and gave its opinion that based on the proposed exchange ratio and on the current quoted market prices for the Helix common shares and the HEARx common stock, the arrangement results in an erosion of value for the shareholders. Accordingly, for Helix shareholders who want to dispose of a small block of their shares, the arrangement may not be fair, from a financial point of view, if the market value of the HEARx common stock, following the consummation of the arrangement, does not recover.

Subject to the foregoing, it was EYCF's opinion that, as of July 11, 2001, the arrangement was fair, from a financial point of view, to the Helix shareholders. EYCF based its opinion that the arrangement is fair, from a financial point of view, on a variety of factors, including, among others, its assessment of the inherent value of Helix, HEARx and of the combined entity as well as their respective profitability and prospects for growth.

EYCF believes that its analysis must be considered as a whole and that selecting portions of its analysis or the factors considered, without considering all factors and analyses together, could create a misleading view of the process underlying its opinion. The preparation of the opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Any attempt to do so could lead to undue emphasis on particular factors or elements of the analysis.

EYCF has relied upon, and has assumed the completeness, accuracy and fair presentation of all financial and other information, data, advice, opinions and representations obtained from public sources or provided to EYCF by Helix or HEARx's management or advisors or otherwise pursuant to its engagement. The opinion is conditional upon such completeness, accuracy and fair presentation. Subject to the exercise of professional judgment and except as expressly described in its opinion, EYCF has not attempted to verify independently the accuracy or completeness of any such information, data, advice, opinions or representations.

The opinion is rendered on the basis of securities markets, economic and general business and financial conditions prevailing as at the date of the opinion and the condition and prospects, financial and otherwise, of Helix and HEARx as they were reflected in the information or the materials concerning Helix and HEARx reviewed by EYCF and as they were represented to EYCF in its discussions with the management of both Helix and HEARx. In its analyses and in connection with the preparation of its opinion, EYCF made numerous assumptions with respect to industry performance, general business, market and economic conditions and other matters, many of which are beyond the control of any party involved in the arrangement.

Table of Contents

While EYCF believes that assumptions used are appropriate in the circumstances, some or all of the assumptions may prove to be incorrect.

As compensation for its services in connection with the arrangement, Helix paid EYCF a fee of CDN \$90,000 payable upon delivery of the opinion. No portion of the fee was contingent upon the conclusions reached by EYCF. For the purposes of rendering its opinion, EYCF reviewed documents and information provided by Helix and HEARx. Helix has agreed to indemnify EYCF for any fees, damages or judgments incurred, claimed or rendered against EYCF in connection with: (i) an intentional or unintentional omission or inaccuracy contained in any reviewed document or information approved by Helix authorized officer or director; or (ii) a legal or regulatory procedure instituted by a third party in connection with the EYCF fairness opinion.

The full text of the written opinion of EYCF, dated July 11, 2001, which sets forth assumptions made, matters considered and restrictions, is attached as Annex H to this joint proxy statement/prospectus. Helix stockholders are urged to read this opinion in its entirety. EYCF opinion, which is addressed to the Helix board, is directed only to the fairness of the arrangement to Helix stockholders from a financial point of view and does not constitute a recommendation to any Helix stockholder as to how such stockholder should vote at the Helix special meeting and does not address any other aspect of the proposed arrangement or any related transaction. The summary of the opinion of EYCF set forth in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of such opinion.

Opinion of Yorkton Securities Inc.

Helix retained Yorkton Securities Inc. on January 8, 2002, to consider whether the proposed arrangement was still fair to the Helix shareholders, from a financial point of view, given the time that had elapsed since the merger agreement was originally signed. Helix chose Yorkton because of its qualifications, expertise and reputation. The following summarizes the material financial analysis conducted by Yorkton and the opinion presented to the board of directors of Helix on February 1, 2002.

Opinion Process

In arriving at the opinion, Yorkton, among other things:

1. Reviewed certain publicly available business and financial information relating to Helix that Yorkton deemed to be relevant;
2. Reviewed certain information, including financial forecasts, relating to the business, earnings, cash flow, assets, liabilities and prospects of Helix and HEARx, furnished to Yorkton by Helix and HEARx, respectively;
3. Conducted discussions with members of senior management and representatives of Helix and HEARx concerning the matters described in 1 and 2 above, as well as their respective business and prospects before and after giving effect to the transaction;
4. Reviewed the trading volumes, market prices and valuation multiples for Helix's and HEARx's common stock and compared them with those of certain publicly traded companies that Yorkton deemed to be relevant;
5. Compared the proposed financial terms of the transaction with the financial terms of certain other transactions that it deemed to be relevant;
6. Reviewed the potential pro forma impact of the transaction;
7. Reviewed the Amended and Restated Merger Agreement dated November 6, 2001; and
8. Reviewed Amendment No. 1 to the Form S-4 Registration Statement, filed by HEARx with the Securities and Exchange Commission on January 15, 2002.

Table of Contents

In arriving at an opinion, Yorkton performed a comparable company analysis, a precedent transaction analysis, a discounted cash flow analysis and a market value analysis.

Comparable Company Analysis

Yorkton compared the financial results of Helix and HEARx to eight public companies in four related areas of the healthcare industry. Outside of Helix and HEARx, there is only one other public hearing aid retailer, Sonus Corp. As such, additional public companies were considered in the areas of healthcare retail and service in order to obtain a more representative universe of companies. The companies reviewed include:

Eye Care Retailers

Cole National Corp.
Emerging Vision Inc.
Sight Resource Corp.
U.S. Vision Inc.

Dialysis Clinic Operators

DaVita Inc.
Renal Care Group Inc.

Hearing Aid Manufacturers

Sonic Innovations Inc.

Hearing Aid Retailers

Sonus Corp.

Yorkton examined the following four key financial multiples for the aforementioned healthcare companies: (1) enterprise value (market capitalization plus debt less cash and cash equivalents) (EV) to trailing twelve month (T12) revenue, (2) EV to run rate (RR) revenue, and (3) market capitalization (Price) to T12 revenue and (4) Price to RR revenue.

The comparable company analysis yielded an EV to T12 revenue and an EV to RR revenue of 0.3x for those companies focused on the healthcare retail sector (Eye Care and Hearing Aid Retailers) and an adjusted average (excluding both the highest and lowest values) of 0.7x for all companies considered. The healthcare retail companies had Price to T12 revenue multiples and Price to RR revenue multiples of 0.2x and an adjusted average of 0.6x.

Additional multiples were considered such as EV to earnings before interest, taxes and depreciation and amortization (EBITDA) and EV to earnings before interest and taxes (EBIT). However, applying these multiples to both Helix and HEARx was not possible as each company had either negative or limited results for both EBITDA and EBIT during the last twelve months and in the most recent quarter.

Precedent Transaction Analysis

Yorkton analyzed seven precedent transactions including one transaction involving companies in the hearing care industry (Amplifon Group's purchase of Acoudire BV). The remaining six transactions involved companies in the eye care industry.

Table of Contents

Due to the limited financial disclosure available for these transactions combined with either the limited or negative results for Helix and HEARx for both EBITDA and EBIT over the last twelve months and the most recent quarter, the financial analysis performed concentrated on EV to T12 revenue and Price to T12 revenue for each company. The adjusted average for the seven transactions selected is 1.0x for EV to T12 revenue and 0.8x for price to T12 revenue implying the following relative exchange ratios for Helix shareholders:

Discounted Cash Flow Analysis

Yorkton performed a discounted cash flow analysis (DCF) for Helix, HEARx, and the combined entities for the years 2002 to 2006. The unlevered cash flows (EBITDA less capital expenditures and investment in working capital) were based on financial forecasts provided by Helix.

The unlevered cash flows were discounted using a range of discount rates from 14% to 16%, which reflects the internal rate of return (IRR) an average investor would seek taking into account the current status of each of the respective businesses. The terminal year used was 2006 with a perpetual growth rate of 3% applied to that year which was then discounted at rates discussed above.

Edgar Filing: HEARX LTD - Form S-4/A

The DCF analysis yielded an implied exchange ratio (Helix/ HEARx) ranging from 0.0862 to 0.1430 compared to the negotiated exchange ratio of 0.3537.

Table of Contents**Market Value Analysis**

Yorkton examined the relative exchange ratio over various time periods and compared that to the negotiated exchange ratio of 0.3537. The following table summarizes the historical relative exchange ratios (Helix/ HEARx):

	Helix	HEARx	Implied Ratio (HCA/EAR)
Spot Price (01/24/02)	\$0.80	\$1.92	0.4159
30-day Average	\$0.80	\$1.58	0.5062
60-day Average	\$0.81	\$1.56	0.5223
365-day Average	\$1.10	\$2.19	0.5018
Average			0.4865

In reviewing the relative exchange ratios outlined above, Yorkton also analyzed the liquidity in the trading of Helix shares. Although the proposed arrangement between Helix and HEARx does not qualify as a special transaction, Yorkton looked to the liquidity guidelines outlined under rule 61-501 of the Ontario Securities Act under Section 1.3 (Liquid Market in a Class of Securities). Specifically, Yorkton examined the following liquidity factors:

1. Number of shares outstanding
2. Number of shares traded over the last twelve months
3. Number of trades over the last twelve months
4. Aggregate value of the trades over the last twelve months
5. The total market capitalization of the company

The aggregated value of the trades over the last twelve months was only \$3.9 million representing less than 15% of the current market value of Helix. Helix has never traded at a market capitalization greater than \$75 million at any time over the last twelve months. This illiquidity of the Helix shares outlined above, reduced Yorkton's focus on the implied relative exchange ratios outlined above.

Analysis Summary

In preparation of the opinion, Yorkton assumed and relied on the accuracy and completeness of all information supplied or otherwise made available to it, discussed with or reviewed by or for it, or publicly available, and has not assumed any responsibility for independently verifying such information or undertaken an independent evaluation or appraisal of any of the assets or liabilities of Helix or HEARx. In addition, Yorkton has not assumed any obligation to conduct, nor has it conducted, any physical inspection of the properties or facilities of Helix or HEARx. With respect to the financial forecast information furnished by Helix or HEARx, Yorkton has assumed that the information has been reasonably prepared and reflects the best currently available estimates and judgements of Helix's or HEARx's management as to the expected future financial performance of Helix or HEARx, as the case may be. Yorkton also assumes that the final form of the arrangement will be substantially similar to the last draft reviewed by it.

Yorkton's opinion is necessarily based upon market, economic and other conditions as they exist and can be evaluated on, and on the information made available to them as of, the date hereof. Yorkton has assumed that in the course of obtaining the necessary regulatory or other consents or approvals (contractual or otherwise) for the transaction, no restrictions including any divestiture requirements or amendments or modifications, will be imposed that will have a material adverse effect on the contemplated benefits of the merger. In the event that there is any material change in any fact or matter affecting the opinion after the date of the opinion, Yorkton reserves the right to change, modify or withdraw the opinion.

In connection with the preparation of this opinion, Yorkton has not been authorized by Helix or the board of directors to solicit, nor has it solicited, third-party indications of interest for all or any part of Helix.

Table of Contents

Helix has agreed to indemnify Yorkton for certain liabilities arising out of its engagement. In the ordinary course of its business, Yorkton may actively trade Helix's common stock, as well as HEARx's common stock for its own account and for the accounts of customers and, accordingly, may at any time hold a long or short position in such securities. As compensation for Yorkton's services in connection with the opinion, Helix paid Yorkton a fee of CDN \$200,000 payable upon delivery of the opinion. No portion of the fee was contingent upon the conclusions reached by Yorkton.

In arriving at this opinion, Yorkton did not attribute any particular weight to any analysis or factor considered by it, but rather, made qualitative judgements as to the significance and relevance of each analysis and factor. Accordingly, Yorkton believes that its analyses must be considered as a whole and that selecting portions of its analyses, without considering all analyses, would create an incomplete view of the process underlying this opinion.

Opinion of Yorkton

On the basis of and subject to the foregoing, Yorkton is of the opinion that, as of February 1, 2002, the exchange ratio is fair, from a financial point of view, to the stockholders of Helix.

The full text of the written opinion of Yorkton, dated February 1, 2002, which sets forth assumptions made, matters considered and restrictions, is attached as Annex I to this joint proxy statement/prospectus. Helix stockholders are urged to read this opinion in its entirety. The Yorkton opinion which is addressed to the Helix board, is rendered only to the fairness of the arrangement to Helix stockholders from a financial point of view; it does not constitute a recommendation to any Helix stockholder as how such stockholder should vote at the Helix special meeting and does not address any other aspect of the proposed arrangement or any related transaction. The summary of the opinion of Yorkton set forth in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of such opinion.

Interests of Certain Persons in the Arrangement

The determinations of the boards of HEARx and Helix to participate in the arrangement may have been affected by interests that certain members of management and the board of directors of each of HEARx and Helix may have in the arrangement, including those referred to below. These interests may present those persons with actual or potential conflicts of interest in connection with the arrangement. The directors of HEARx and Helix were aware of these interests and considered them before their final unanimous approval of the arrangement.

Immediately following the effective time, the board of directors of HEARx will consist of a number of current directors of each of HEARx and Helix. In addition, under the terms of the merger agreement, HEARx has agreed to offer to retain some members of the management of Helix and to offer them employment agreements that will provide for payments to each of those employees in the event of termination of their employment without cause, or upon death, disability or resignation of or by the employee in certain instances at any time within five years of the date of their employment agreement. These employees will also be released, in such events, from the vesting and other conditions placed on their options or other securities on the date of grant or issuance thereof. The employment agreements will provide for the grant of certain rights to the employee in the event of a change of control of HEARx.

Accounting Treatment

For financial reporting purposes, the arrangement is reflected as the acquisition by a wholly owned subsidiary of HEARx of the Helix common shares, at the value of those shares immediately before the announcement of the July 27, 2001 definitive agreement. The arrangement will be accounted for as a purchase. HEARx will become the continuing reporting entity and the financial statements of HEARx will incorporate the results of Helix from the date of consummation of the arrangement. Helix will cease to be a separate accounting entity at that date.

Consequences under Securities Laws; Resale of Exchangeable Shares and HEARx Shares

United States

The issuance of exchangeable shares to Helix stockholders will not be registered under U.S. federal securities laws. These shares will be issued in reliance upon the exemption provided by Section 3(a)(10) of the Securities Act of 1933. Section 3(a)(10) exempts securities issued in exchange for one or more bona fide outstanding securities from the general requirement of registration where the terms and conditions of the issuance and exchange of those securities have been approved by any court, after a hearing upon the fairness of the terms and conditions of the issuance and exchange at which all persons to whom the securities will be issued have the right to appear.

In connection with the arrangement, the Superior Court of Québec, District of Montreal, will conduct a hearing to determine the fairness of the terms and conditions of the arrangement, including the proposed issuance of securities in exchange for other outstanding securities. The court rendered its interim order on _____, 2002. If the arrangement is approved by the Helix stockholders, a hearing on the fairness of the arrangement will be held on _____, 2002 by the court. For more details, see *The Arrangement* *The Amended and Restated Merger Agreement* *Regulatory Matters*.

HEARx has registered under the Securities Act, pursuant to a registration statement of which this joint proxy statement/prospectus forms a part, 14.7 million shares of HEARx common stock that will be issued in the arrangement and that will be issued from time to time upon the exchange of the exchangeable shares and 4.3 million shares that may be issued upon the exercise of the replacement options, warrants and convertible securities. These share amounts were calculated by applying the exchange ratio to the number of shares of Helix outstanding as of the date of this joint proxy statement/prospectus and then adding the number of HEARx shares of common stock necessary for exercise of the replacement options, warrants and convertible securities of Helix derived by multiplying the exchange ratio by the number of Helix shares otherwise underlying such securities. In each case, the resulting number was rounded up to the next tenth of a million shares. HEARx has also registered pursuant to the registration statement of which this joint proxy statement/ prospectus forms a part an additional approximately 4 million shares to be issued from time to time under the HearUSA 2002 Flexible Stock Plan.

There will be no U.S. federal securities law restrictions upon the resale or transfer of the shares of HEARx common stock by Helix stockholders, except for those stockholders who are considered affiliates of HEARx, as that term is defined in Rule 144 and Rule 145 adopted under the Securities Act. Exchangeable shares and shares of HEARx common stock received by those stockholders who are considered to be affiliates of HEARx may be resold without registration only as provided by Rule 145 or as otherwise permitted under the Securities Act. Persons who may be considered to be affiliates of HEARx generally include individuals or entities that control, are controlled by, or are under common control with HEARx and may include the executive officers and directors of HEARx as well as its principal stockholders.

Canada

HEARx, HEARx Canada Inc. and Helix will apply for rulings or orders of certain securities regulatory authorities in Canada to permit the issuance of the exchangeable shares and the shares of HEARx common stock upon exchange of exchangeable shares and upon exercise of the replacement options, warrants and convertible securities. Application will be made to permit resale of those shares in various jurisdictions without restriction by persons other than control persons.

Fees and Expenses

The combined estimated fees and expenses of HEARx and Helix in connection with the arrangement, including financial advisors fees, filing fees, legal and accounting fees, soliciting fees and printing and mailing costs, is approximately \$2.3 million. Approximately \$700,000 of these fees and expenses were paid by HEARx as of September 29, 2001 and approximately \$348,000 of these fees and expenses were paid by Helix as of August 31, 2001. These amounts are reflected in the unaudited pro forma condensed combined financial information included elsewhere in this joint proxy statement/prospectus.

Voting Agreement and Proxy

Pursuant to a stockholders agreement, 3319725 Canada, Inc., Les Partenaires de Montreal, s.e.c., Duval Holdings, Inc., Steve Forget, Martin Cousineau, Richard Doucet, Luc Parent and Gestion Fremican Inc. have agreed to vote their Helix common shares in favor of the approval of the arrangement, the proposals set forth in this joint proxy statement/prospectus and any other transaction proposed by Helix. They have also agreed to vote their Helix common shares against any proposal for an extraordinary transaction with respect to Helix, including an arrangement or merger other than the arrangement described in this joint proxy statement/prospectus or a sale of a material amount of the assets of Helix. In addition, these stockholders have granted to Paul A. Brown and Stephen J. Hansbrough an irrevocable proxy to vote their Helix common shares in a manner consistent with the preceding sentence. See The Arrangement The Stockholders Agreement for a more detailed description of the terms of the stockholders agreement.

Stock Options

Helix's executive officers and directors hold options to acquire Helix common shares. At the effective time, all such options, whether or not exercisable, will be converted, based upon the exchange ratio, into and become rights with respect to HEARx common stock. HEARx will assume each such option in accordance with its terms and the related stock option agreement. At February 7, 2002, the directors and executive officers and affiliates of Helix collectively held options, whether or not then exercisable, to acquire a total of 1,988,990 Helix common shares at a weighted average exercise price of \$1.40 per share.

Dissenters or Appraisal Rights

Under applicable law, HEARx stockholders do not have rights to dissent or to appraisal of the value of their shares in connection with the arrangement.

As indicated in the notice of the Helix meeting, any holder of Helix common shares is entitled to be paid the fair value of all, but not less than all, of those shares in accordance with section 190 of the Canada Business Corporations Act if the stockholder dissents to the arrangement and the arrangement becomes effective. A holder of Helix common shares is not entitled to dissent with respect to the arrangement if he votes any of such shares in favor of the proposal and the special resolution authorizing the arrangement. A holder may only object to the proposal in writing and not through the execution of a proxy. The execution or exercise of a proxy does not constitute a written objection for purposes of the Canada Business Corporations Act.

The following summary is not a complete statement of the procedures to be followed by a dissenting stockholder under the Canada Business Corporations Act. The Canada Business Corporations Act requires adherence to the procedures and failure to do so may result in the loss of all dissenter's rights. Accordingly, each stockholder who might desire to exercise dissenter's rights should carefully consider and comply with the provisions of section 190 and consult his legal adviser. The full text of section 190 of the Canada Business Corporations Act is set out in Annex J to this joint proxy statement/prospectus.

A dissenting stockholder who seeks payment of the fair value of his Helix common shares is required to send a written notice of objection to the special resolution to Helix at or prior to the Helix meeting. A failure to vote against the proposal at or before the meeting does not constitute a waiver of dissent and appraisal rights as long as the written notice of objection is transmitted to Helix at or before the meeting. The address for Helix for such purpose is Helix Hearing Care of America Corp., 7100 Jean-Talon East, Montreal, Québec, H1M 3S3, Attention: Secretary. A vote against the proposal, and therefore, the special resolution or withholding a vote does not constitute a written objection. A written objection is defined in Section 190 of the Canada Business Corporations Act.

Within 10 days after the proposal and the special resolution is approved by stockholders, Helix must so notify the dissenting stockholder who is then required, within 20 days after receipt of such notice, (or if he does not receive such notice within 20 days after he learns of the approval of the special resolution), to send to Helix a written notice containing his name and address, the number and class of shares in respect of which he dissents and a demand for payment of the fair value of such shares. Within 30 days after sending such written

Table of Contents

notice, the dissenting shareholder must send Helix or its transfer agent, Computershare Trust Company of Canada, the appropriate share certificate or certificates.

If the proposal contemplated in the special resolution becomes effective, Helix is required to determine the fair value of the shares and to make a written offer to pay such amount to the dissenting stockholder. If such offer is not made or not accepted within 50 days after the proposal and the special resolution becomes effective, Helix may apply to the court to fix the fair value of such shares. There is no obligation on Helix to apply to the court. If Helix fails to make such an application, a dissenting stockholder has the right to so apply within the next 20 days. If an application is made by either party, the dissenting stockholder will be entitled to be paid the amount fixed by the court. The fair value of the Helix common shares as determined for such purpose by a court will not necessarily be the same as, and could vary significantly from the fair market value, of such shares as determined for purposes of the arrangement.

Persons who wish to dissent and who are beneficial owners of Helix common shares registered in the name of a broker, custodian, nominee or other intermediary should be aware that ONLY A REGISTERED STOCKHOLDER IS ENTITLED TO DISSENT. A stockholder who beneficially owns Helix common shares but is not the registered holder thereof, should contact the registered holder for assistance.

Exchange of Helix Common Share Certificates

At the effective time of the arrangement, HEARx Canada Inc. will become the legal and beneficial owner of all of the Helix common shares other than Helix common shares held by HEARx or HEARx Acquisition ULC. Each certificate formerly representing Helix common shares will represent only the right to receive the exchangeable shares or the HEARx common stock issuable in the arrangement until those certificates are surrendered to the exchange agent. The exchange agent for the arrangement is Computershare Trust Company of Canada.

Helix stockholders will receive with this joint proxy statement/prospectus a letter of transmittal and election form for use in exchanging Helix common share certificates for exchangeable share certificates or HEARx common stock certificates. When a Helix stockholder surrenders his share certificates, together with a signed letter of transmittal and election form, he will receive in exchange, after the effective time of the arrangement, certificate(s) representing the whole exchangeable shares or shares of HEARx common stock to which he is entitled.

If you are a holder of Helix common shares and are contemplating voting against the arrangement and requesting dissenter's rights, please see [The Arrangement](#), [Dissenters](#) or [Appraisal Rights](#) above for a detailed explanation of the procedures for doing so.

Treatment of Outstanding Helix Stock Options, Warrants and Convertible Securities

On February 7, 2002, Helix had outstanding various options, warrants and convertible securities exercisable for up to 11,967,563 common shares. These options, when vested, would be exercisable to acquire a total of approximately 2,710,090 Helix common shares at prices between CDN\$1.40 and CDN\$1.45 with various expiration dates through December 31, 2005. The warrants are exercisable to acquire a total of approximately 3,687,212 Helix common shares at prices between CDN\$1.55 and CDN\$2.75 with various expiration dates to November 29, 2003. The convertible securities are exercisable to acquire a total of approximately 5,570,261 Helix common shares at prices between CDN\$1.53 and CDN\$3.00 with various expiration dates to August 6, 2003.

After completion of the arrangement, each outstanding Helix option will be exchanged for a replacement option issued under the HearUSA 2002 Flexible Stock Plan. Each replacement option will entitle its holder to purchase a number of shares of HEARx common stock equal to the number of common shares of Helix for which it is exercisable multiplied by the exchange ratio. The replacement option will provide for an exercise price per share of HEARx common stock equal to the exercise price per share of the Helix option immediately prior to the effectiveness of the arrangement converted from Canadian dollars to U.S. dollars at the noon spot rate announced by the Federal Reserve on the business day immediately preceding the effective date of the arrangement divided by the exchange ratio. The term to expiration of the option will be extended to ten years, but the vesting schedule will be unchanged. The replacement option will be subject to the terms and

conditions of the HearUSA 2002 Flexible Stock Plan. See Other HEARx Special Meeting Proposals Adoption of the HearUSA 2002 Flexible Stock Plan for a detailed discussion of the plan.

Each outstanding Helix warrant and convertible security will remain outstanding and be exercisable for exchangeable shares based on the exchange ratio. Each warrant and convertible security will entitle its holder to purchase the number of exchangeable shares equal to the number of common shares of Helix for which it was exercisable multiplied by the exchange ratio. The exercise price shall be the exercise price per share of such security immediately prior to the effective time of the arrangement divided by the exchange ratio. The term to expiration of the warrants and convertible securities and all other terms and conditions of the warrants and convertible securities will otherwise remain unchanged. Any document or agreement previously evidencing a Helix warrant or convertible security will remain unchanged, except that it will apply to exchangeable shares.

Covenant Regarding Non-Solicitation

Helix has agreed not to solicit any proposal to be acquired by another party. However, if another party does propose to acquire Helix and the Helix board of directors determines in good faith that the proposal is a superior proposal, then the board of directors can negotiate and approve the superior proposal and recommend it to the Helix stockholders. In that event, however, HEARx can terminate the merger agreement and Helix must pay HEARx the break-up fee of \$1.0 million. An acquisition proposal will be considered superior if the board of directors determines in good faith, after receiving advice of its financial advisors and its outside counsel and after taking into account all relevant factors, that the proposal would result in a transaction financially superior for the Helix stockholders than the arrangement. Those factors can include the conditions to such proposal, the timing of the closing thereof, the risk it will not be consummated, the ability of the person making the proposal to finance the transaction and any required consents, filings and approvals.

In the event of a superior proposal, Helix has agreed to provide HEARx with five days prior notice and an opportunity to amend the merger agreement to provide for substantially similar financial terms to those included in the superior proposal.

Termination of the Merger Agreement and the Payment of Fees

The merger agreement may be terminated and the merger contemplated by the merger agreement abandoned, at any time prior to the closing date of the merger agreement, as follows:

by mutual written agreement;

by either Helix or HEARx, if the transaction has not been consummated on or prior to June 30, 2002, so long as the terminating party has not failed to fulfill any material obligation under the arrangement agreement which caused or resulted in the transaction failing to be consummated by such date;

by HEARx, if the board of directors of Helix has withdrawn, redefined or changed any of its recommendations or determinations concerning the arrangement in a manner adverse to HEARx or shall have resolved to do so prior to the effective time and Helix pays a termination fee of US\$1.0 million;

by HEARx, if the board of directors of Helix shall have failed to reaffirm its recommendation of the arrangement by press statement within 5 days after the public announcement or commencement of a proposal by another company to acquire Helix, and in a director's circular, if any, within 10 days after the mailing of any such proposal and Helix pays a termination fee of US\$1.0 million;

by HEARx, if Helix consummates a merger or arrangement with another company and Helix pays a termination fee of US\$1.0 million;

by HEARx if any Helix shares are issued after July 27, 2001, upon conversion of certain convertible debentures or upon exercise of certain preemptive or subscription rights.

Table of Contents

In addition to the termination fee, Helix and HEARx have agreed that in the event the merger agreement is terminated prior to the effective time for the reasons set forth in bullets two (in the case of bullet two, if the termination is initiated by Helix) through six, HEARx will be granted a 49% interest in the HearUSA Network being formed through a joint venture among HEARx, Helix and Siemens Hearing Instruments, Inc. In the event the merger agreement is terminated prior to the effective time for any other reason, HEARx will have an option to purchase 49% of the HearUSA Network at its appraised fair market value.

Arrangement Mechanics

When the arrangement becomes effective, the following events will occur in the following order:

each outstanding Helix common share, other than shares held by dissenting stockholders who are ultimately entitled to be paid the fair value of their shares, will be automatically transferred by the holder to HEARx Canada Inc. in exchange for, at the election of the holder, 0.3537 fully-paid and non-assessable exchangeable shares of HEARx Canada Inc. or 0.3537 shares of HEARx common stock together with the associated purchase rights under the HEARx rights agreement. Holders of Helix common shares that are not Canadian residents will not be entitled to elect to receive exchangeable shares and any election otherwise will be deemed to be an election to receive HEARx common stock. The ratio of one Helix common share to 0.3537 exchangeable shares or shares of HEARx common stock is sometimes referred to as the exchange ratio. The exchange ratio is subject to adjustment to reflect any share split, reverse split, share dividend, reorganization, recapitalization or other like change;

each Helix option will be exchanged for a replacement option that is exercisable for a number of shares of HEARx common stock determined by multiplying the number of Helix common shares subject to such option by the exchange ratio at an exercise price per share of HEARx common stock equal to the exercise price per share of such Helix option immediately prior to the effective time of the arrangement (adjusted for conversion from Canadian dollars to US dollars) divided by the exchange ratio;

each outstanding Helix warrant or convertible security will become exercisable into a number of exchangeable shares based on the exchange ratio; and

HEARx will issue and deposit the special voting share with the trustee.

Immediately following the effectiveness of the arrangement, Helix's outstanding capital stock will consist of approximately 46.2 million common shares, all of which will be held by HEARx or HEARx Canada Inc. Based on the exchange ratio, the former holders of Helix common shares will hold an aggregate of approximately 14.61 million exchangeable shares and shares of HEARx common stock. Former holders of Helix common shares will initially have the power to vote approximately 51% of the outstanding votes at meetings of stockholders following the arrangement. However, on a fully diluted basis, assuming the exercise or conversion of all outstanding options or convertible securities of Helix and HEARx, former holders of Helix common shares will have the power to vote approximately 46% of the outstanding votes at meetings of stockholders following the arrangement.

The exchange ratio is subject to adjustment on any stock split, reverse stock split, stock dividend, recapitalization or other like change with respect to HEARx common stock or Helix common shares prior to the effectiveness of the arrangement.

No fractional exchangeable shares or shares of HEARx common stock will be delivered in exchange for Helix common shares pursuant to the arrangement. Any Helix stockholder otherwise entitled to a fractional interest in an exchangeable share or HEARx common stock, as the case may be, will receive a certificate adjusted to the next lower whole number of exchangeable shares or shares of HEARx common stock, as the case may be.

See The Arrangement Exchange of Helix Common Share Certificates for procedures to be followed to obtain certificates representing the exchangeable shares or HEARx common stock issuable in the arrangement.

The officers of HEARx will be Paul A. Brown (Chairman), Stephen J. Hansbrough (Chief Executive Officer), Steve Forget (President), James Peklenk (Co-Chief Financial Officer), Gino Chouinard (Co-Chief Financial Officer), Donna Taylor (Division Chief Operating Officer) and Martin Cousineau (Division Chief Operating Officer).

The bylaws of HEARx will be amended as of the effective time to provide for a vote of seven out of nine members of the HEARx board of directors for the approval of the following matters:

A reorganization, merger, spin-off or sale, in whole or part, of HEARx or any of its affiliates, subsidiaries and divisions;

The issuance of capital stock or any other transaction involving HEARx capital stock;

Any equity or debt financing of more than US\$5 million;

Exchange Listing After the Arrangement

HEARx common stock is currently listed on the American Stock Exchange under the symbol `EAR`. HEARx plans to maintain the listing on the American Stock Exchange. HEARx intends to apply for the listing of its common stock and the exchangeable shares on The Toronto Stock Exchange under the symbols _____ and _____. The approval of this listing will be under the terms of The Toronto Stock Exchange, subject to the satisfaction of its customary requirements. We do not currently intend to list the HEARx common stock or exchangeable shares on any other stock exchange in Canada or the United States.

Description of Exchangeable Shares

The exchangeable shares will be exchangeable for HEARx common stock in the manner described below at the option of the holder. The exchangeable shares will be subject to mandatory exchange on and after the fifth anniversary of the arrangement, subject to earlier mandatory exchange in certain circumstances. Holders of exchangeable shares will also be entitled to receive, subject to applicable law, dividends equivalent to all dividends paid on the HEARx common stock, if any. Cash dividends will be payable in U.S. dollars or the Canadian dollar equivalent. The record date and payment date for dividends on the exchangeable shares will

Table of Contents

be the same as the relevant date for the corresponding dividends on the HEARx common stock. Holders of exchangeable shares will also be entitled to participate in any liquidation of HEARx through the automatic exchange right.

Retraction of Exchangeable Shares

Holders of exchangeable shares will be entitled at any time to require HEARx Canada Inc. to redeem any or all of their exchangeable shares for a retraction price per share equal to the exchangeable share consideration. The term "exchangeable share consideration" for purposes of a retraction, redemption or exchange means certificates representing the total number of shares of HEARx common stock required to be delivered, a check for any declared and unpaid cash dividends and any stock or property constituting any declared and unpaid non-cash dividends on the exchangeable shares. A holder may retract the exchangeable shares by presenting the certificates representing the exchangeable shares to HEARx Canada Inc. or the trustee, a retraction request indicating the number of exchangeable shares the holder desires to retract and the date on which the holder desires to receive the retraction price and any other documents required by the transfer agent.

When a holder requests HEARx Canada Inc. to redeem retracted shares, HEARx Acquisition ULC will have an overriding call right to purchase all of the retracted shares directly from the holder on the terms of the holder's retraction request. Upon receipt of a retraction request, HEARx Canada Inc. will immediately notify HEARx Acquisition ULC. HEARx Acquisition ULC must advise HEARx Canada Inc. within five business days as to whether it will exercise the retraction call right. If HEARx Acquisition ULC does not so advise HEARx Canada Inc., HEARx Canada Inc. will notify the holder as soon as possible that HEARx Acquisition ULC will not exercise the retraction call right. If HEARx Acquisition ULC advises Helix that it will exercise the retraction call right and the request to retract is not revoked by the holder, the request to retract will be considered to be an offer by the holder to sell the retracted shares to HEARx Acquisition ULC.

A holder may revoke its request to retract in writing at any time prior to the close of business on the business day preceding the retraction date. If the request is revoked, the retracted shares will not be purchased by HEARx Acquisition ULC or redeemed by HEARx Canada Inc. If the holder does not revoke its request to retract on the retraction date, the retracted shares will be purchased by HEARx Acquisition ULC or redeemed by HEARx Canada Inc. HEARx Acquisition ULC, HEARx Canada Inc. or the exchange agent will deliver the aggregate retraction price to the holder.

If solvency law requirements do not permit HEARx Canada Inc. to redeem all retracted shares and HEARx Acquisition ULC has not exercised the retraction call right, HEARx Canada Inc. will redeem only those retracted shares tendered by the holder, rounded down to a whole number of shares, as permitted by law. If the redemption would be contrary to law, HEARx Canada Inc. will redeem the shares on a pro rata basis. On the retraction date, HEARx Acquisition ULC will be required to purchase the retracted shares not redeemed by HEARx Canada Inc.

Redemption of Exchangeable Shares

The outstanding exchangeable shares will be redeemed by HEARx Canada Inc. for a redemption price per share equal to the exchangeable share consideration upon the date determined by HEARx Canada Inc.'s board of directors at any time after the earlier of the fifth anniversary of the effective date of the arrangement; and the date on which the Canadian Income Tax Act is amended to permit a holder of exchangeable shares to dispose of exchangeable shares in exchange for HEARx common stock on a tax-deferred basis.

When HEARx Canada Inc. is required to redeem the exchangeable shares, HEARx Acquisition ULC has an overriding redemption call right to purchase all of the exchangeable shares outstanding, excluding exchangeable shares held by HEARx and its subsidiaries, for a purchase price per share equal to the redemption price. Upon the exercise of the redemption call right, holders will be required to sell their exchangeable shares to HEARx Acquisition ULC and HEARx Canada Inc.'s redemption obligation will terminate.

Table of Contents

On or before the redemption date, upon the holder's surrender of the certificates representing the exchangeable shares and proper transfer documents, HEARx Canada Inc. or HEARx Acquisition ULC will deliver the exchangeable share consideration to the holder by mailing it to the holder's address on file with the transfer agent or by holding the consideration for the holder to pick up at the registered office of HEARx Canada Inc. or the office of the transfer agent, as specified in the written notice of redemption. In each case, any amounts required to be withheld for tax may be deducted from the consideration.

Voting Rights of Exchangeable Shares

On the effective date of the arrangement, HEARx, HEARx Acquisition ULC, HEARx Canada Inc. and the trustee will enter into the voting and exchange trust agreement in substantially the form attached to this joint proxy statement/prospectus as Annex C. The holders of exchangeable shares will not be entitled to vote at any meeting of stockholders of HEARx except for certain approval rights intended to protect their rights and benefits. See *The Arrangement – The Voting and Exchange Trust Agreement* below.

The holders of the exchangeable shares will be entitled to vote separately as a class in any voluntary liquidation, dissolution or winding up of HEARx Canada Inc.

Dividend Rights of Exchangeable Shares

Holders of exchangeable shares will be entitled to receive dividends as follows:

in the case of a cash dividend declared on the HEARx common stock, an amount in cash for each exchangeable share corresponding to the cash dividend declared on each share of HEARx common stock;

in the case of a stock dividend declared on the HEARx common stock to be paid in shares of HEARx common stock, the number of exchangeable shares for each exchangeable share equal to the number of shares of HEARx common stock to be paid on each share of HEARx common stock; or

in the case of a dividend declared on the HEARx common stock in property other than cash or HEARx common stock, the type and amount of property as is the same as the type and amount of property declared as a dividend on each share of HEARx common stock.

Cash dividends on the exchangeable shares are payable in U.S. dollars or the Canadian dollar equivalent. The declaration date, record date and payment date for dividends on the exchangeable shares will be the same as the date for the corresponding dividends on the HEARx common stock.

Liquidation Rights With Respect to HEARx Canada, Inc.

Holders of exchangeable shares will also be entitled to receive HEARx Canada Inc.'s assets if HEARx Canada Inc. is liquidated, dissolved or wound up, before distribution of any assets to the holder of HEARx Canada Inc. common stock. If HEARx Canada Inc. is liquidated, dissolved or wound up, HEARx Acquisition ULC will have an overriding liquidation call right to purchase all of the exchangeable shares, other than exchangeable shares held by HEARx or its subsidiaries, from the holders for a purchase price equal to the exchangeable share consideration described above.

If HEARx Acquisition ULC chooses to purchase the exchangeable shares, it will give written notice to the transfer agent. The transfer agent will notify the holders as to whether HEARx Acquisition ULC will exercise this right. If HEARx Acquisition ULC does not choose to purchase the exchangeable shares, HEARx Canada Inc. will pay the exchangeable share consideration to each holder.

Ranking

The exchangeable shares will rank senior to the HEARx Canada Inc. common stock and any other shares ranking junior to the exchangeable shares with respect to the payment of dividends and the distribution of assets in the event of a liquidation, dissolution or winding up of HEARx Canada, Inc., whether voluntary or involuntary.

Table of Contents

Certain Restrictions

Approval of the holders of the exchangeable shares will be required for HEARx Canada Inc. to:

pay any dividends on its common stock or any other shares ranking junior to the exchangeable shares, other than stock dividends payable in other shares ranking junior to the exchangeable shares;

redeem, purchase or make any capital distribution on its common stock or any other shares ranking junior to the exchangeable shares with respect to the payment of dividends or on any liquidation distribution;

redeem or purchase any other shares of HEARx Canada Inc. ranking equally with the exchangeable shares with respect to the payment of dividends or on any liquidation distribution; or

issue any exchangeable shares or any other shares of HEARx Canada Inc. ranking equally with, or superior to the exchangeable shares, other than by way of stock dividends to holders of such shares, *pro rata* to the holders of exchangeable shares, as contemplated by the support agreement or pursuant to any agreements or rights in existence at the effective date of the arrangement.

These restrictions will not apply at any time when the dividends on the outstanding exchangeable shares corresponding to dividends declared and paid on the HEARx common stock have been declared and paid in full.

Amendment of Terms of Exchangeable Shares

The rights, privileges, restrictions and conditions attaching to the exchangeable shares may be amended only with the approval of two-thirds of the votes cast by holders of exchangeable shares entitled to vote at a duly called meeting at which a quorum is present.

Exchangeable Share Rights

Prior to the effective time of the arrangement, HEARx Canada, Inc. will adopt an exchangeable share rights plan substantially equivalent to the HEARx rights agreement. Pursuant to the exchangeable share rights plan, each exchangeable share issued in the arrangement will have an associated exchangeable share right entitling the holder of such exchangeable share right to acquire additional exchangeable shares on terms and conditions substantially the same as the terms and conditions upon which a holder of HEARx common stock is entitled to acquire HEARx Series H Junior Participating Preferred Stock under the HEARx rights agreement. The definitions of beneficial ownership, the calculation of percentage ownership and the number of shares outstanding and related provisions will apply, as appropriate, to HEARx common stock and the exchangeable shares as though they were the same security. The exchangeable share rights are intended to have characteristics essentially equivalent in economic effect to the HEARx rights. See Description of HEARx Common Stock and Other Securities HEARx Rights Agreement.

The Stockholders Agreement

The stockholders agreement by and among HEARx, 3319725 Canada, Inc., Les Partenaires de Montreal, s.e.c., Duval Holdings Inc., Steve Forget, Martin Cousineau, Richard Doucet, Luc Parent and Gestion Fremican Inc. is attached to this joint proxy statement/prospectus as Annex E. The stockholders agreement provides that each stockholder, at any meeting of the stockholders of Helix, however called, or in connection with any written consent of the holders of Helix common shares, will vote his Helix common shares (a) in favor of the approval and adoption of the merger agreement, the arrangement and all the transactions contemplated by the merger agreement and stockholders agreement and any other actions required in furtherance thereof and (b) against any other proposal relating to the acquisition of Helix and any actions in furtherance thereof. Each stockholder has granted an irrevocable proxy to Paul A. Brown and Stephen J. Hansbrough for the Helix common shares that such stockholder is entitled to vote at any meeting of stockholders of Helix or consent in lieu of such meeting on the matters described in (a) and (b) above.

Table of Contents

The stockholders agreement further provides that each stockholder will exchange all of the Helix common shares then beneficially owned by such stockholder to HEARx Canada Inc. in exchange for HEARx common stock or exchangeable shares.

The stockholders agreement provides that each stockholder will immediately cease any discussions or negotiations relating to any proposal to acquire Helix, other than with respect to the arrangement. Each stockholder has agreed that it will not, directly or indirectly, and will instruct its representatives not to, directly or indirectly (i) solicit, initiate or encourage, or take any other action to facilitate, any inquiries, any expression of interest or the making of any proposals which constitutes any acquisition proposal or (ii) participate in any discussions or negotiations regarding any acquisition proposal; provided that a stockholder who is a director or officer of Helix will not be limited in exercising any of his rights or performing any of his duties as a director or officer of Helix.

Further, until and unless the stockholders agreement has been terminated, the stockholder may not, except as expressly provided for in the stockholders agreement, (a) sell, exchange, pledge, encumber or otherwise transfer or dispose of, or agree to sell, exchange, pledge, encumber or otherwise transfer or dispose of, any of its Helix common shares, or any interest therein, (b) deposit its Helix common shares into a voting trust or enter into a voting agreement or arrangement with respect to such shares or grant any proxy with respect thereto or (c) enter into any agreement, arrangement, understanding, or undertaking to do any of the foregoing. The agreement provides that Luc Parent may, upon prior written notice to HEARx, sell from time to time up to an aggregate of 200,000 Helix common shares on or before the effective date and the shares so sold will no longer be subject to the stockholders agreement. In addition, each stockholder waived any appraisal or other rights to dissent from the arrangement that such stockholder may have been entitled to. The covenants and arrangements contained in the stockholders agreement terminate upon the termination of the merger agreement in accordance with its terms.

The Helix common shares subject to the terms and conditions of the stockholders agreement are those owned and acquired prior to the termination of the stockholders agreement. The shares owned by each of the stockholders as of July 27, 2001, are as follows:

Name	Shares
3319725 Canada, Inc.	10,350,000
Les Partenaires de Montreal s.e.c.	4,200,000
Duval Holdings Inc.	3,200,000
Steve Forget	491,464*

The Voting and Exchange Trust Agreement

The form of voting and exchange trust agreement that will be entered into by HEARx, HEARx Acquisition ULC, HEARx Canada Inc. and the trustee on completion of the arrangement is attached to this joint proxy statement/prospectus as Annex C. Pursuant to the voting and exchange trust agreement, HEARx will issue a voting share to the trustee for the benefit of the holders of the exchangeable shares, other than HEARx and its subsidiaries. The voting share will have a number of votes, which may be cast at any meeting at which HEARx stockholders are entitled to vote. The votes will be equal to the number of outstanding

Table of Contents

exchangeable shares, other than exchangeable shares held by HEARx and its subsidiaries. Each holder of an exchangeable share on the record date for any meeting at which HEARx stockholders are entitled to vote will be entitled to instruct the trustee to exercise one of the votes attached to the voting share for each exchangeable share held by that holder. If a holder does not instruct the trustee how to vote, the trustee will not exercise those votes. A holder may instruct the trustee to give the holder a proxy entitling the holder to vote the voting shares directly at the relevant meeting. If the trustee has not been instructed to sign and deliver a proxy to the holder, the trustee will exercise its voting rights for that holder's shares either by proxy or in person.

The trustee will send to the holders of the exchangeable shares the notice of the meeting at which the HEARx stockholders are entitled to vote on the same day as HEARx sends the notice and materials to the HEARx stockholders. Additionally, the trustee will send the related meeting materials and a statement describing how the holder may instruct the trustee to exercise the votes attaching to the voting share. The trustee will also send to the holders of exchangeable shares copies of all information statements, interim and annual financial statements, reports and other materials sent by HEARx to the HEARx stockholders. If materials such as dissident proxy circulars and tender and exchange offer circulars sent by third parties to HEARx stockholders are provided to the trustee by HEARx, the trustee will send those materials to the holders of exchangeable shares as soon as possible.

All rights of a holder of exchangeable shares to exercise votes attached to the voting share will cease upon the exchange of the holders of exchangeable shares for shares of HEARx common stock. This includes rights by redemption, retraction or liquidation or through the exercise of the related call rights of the shares exchangeable for HEARx common stock.

The voting and exchange trust agreement contains provisions that require the trustee to effect an exchange of the exchangeable shares for HEARx common stock upon request of the holder and other provisions that parallel the rights and terms of the exchangeable shares.

The Support Agreement

The form of support agreement that will be entered into by HEARx, HEARx Acquisition ULC and HEARx Canada Inc. on completion of the arrangement is attached to this joint proxy statement/prospectus as Annex D. Pursuant to the support agreement, so long as any exchangeable shares, other than exchangeable shares held by HEARx or its subsidiaries, remain outstanding HEARx or HEARx Acquisition ULC will:

not declare or pay dividends on the HEARx common stock unless HEARx Canada Inc. is able to declare and pay and simultaneously declares or pays an equivalent dividend on the exchangeable shares;

advise HEARx Canada Inc. in advance of the declaration of any dividend on the HEARx common stock and ensure that the declaration date, record date and payment date for dividends on the exchangeable shares will be the same as that for the corresponding dividend on the HEARx common stock;

ensure that the record date for any dividend declared on the HEARx common stock will not be less than ten business days after the declaration date of the dividend;

pay to the holders of the exchangeable shares the applicable HEARx Canada Inc. liquidation amount, retraction price and redemption price in the event of a liquidation, dissolution or winding up of HEARx Canada Inc. or upon a retraction request by a holder of exchangeable shares or a redemption of exchangeable shares by HEARx Canada Inc., including the delivery of HEARx common stock;

not exercise its vote as a stockholder of HEARx Canada Inc. to initiate, consent or to approve the voluntary liquidation, dissolution or winding up of HEARx Canada Inc. nor take any action that is designed to, or omit to take away action that would result in, the liquidation, dissolution or winding up of HEARx Canada Inc.; and

Table of Contents

not exercise its vote as a stockholder of HEARx Canada Inc. to authorize the continuance or other transfer of the corporate existence of HEARx Canada Inc. to any jurisdiction outside of Canada.

The support agreement requires that HEARx reserve for issuance out of its authorized and unissued capital stock such number of shares of HEARx common stock as is equal to the number of exchangeable shares outstanding immediately following the effective date of the arrangement. Upon notice of any event that requires HEARx Canada Inc. to cause to be delivered HEARx common stock to a holder of exchangeable shares, HEARx will deliver or cause to be delivered the requisite shares of HEARx common stock to the former holder of the exchangeable shares, and will take all necessary action to ensure that the HEARx common stock is and will remain duly registered, qualified or approved under United States and Canadian law.

In the event that a tender offer, share exchange offer, issuer bid, take-over bid or similar transaction is proposed by or to HEARx or its stockholders that is effected with the consent of the Board of Directors of HEARx, then HEARx will use reasonable efforts expeditiously and in good faith to take all such actions and do all such things as are necessary to permit holders of exchangeable shares to participate in such offer to the same extent and on an economically equivalent basis as the holders of HEARx common stock. If the continuing corporation is not bound by law to carry out the terms of the support agreement, then it must execute an agreement evidencing the assumption of the support agreement.

HEARx Canada Inc. is required to notify HEARx and HEARx Acquisition ULC:

if HEARx Canada Inc. is liquidated, dissolved or wound up or threatened with a claim or proceeding for that purpose;

if HEARx Canada Inc. becomes aware that the transfer agent has received a retraction request from a holder of exchangeable shares;

at least 130 days prior to any accelerated redemption date determined by the Board of Directors of HEARx Canada Inc. in accordance with the exchangeable share provisions; and

of the issuance by HEARx Canada Inc. of any exchangeable share or right to acquire any exchangeable share.

Under the support agreement, HEARx may not exercise any voting rights attached to the exchangeable shares owned by it or any of its subsidiaries on any matter considered at meetings of holders of exchangeable shares. HEARx will use its reasonable efforts to enable the exchangeable shares to remain listed on a Canadian stock exchange.

The support agreement may not be amended without the approval of the holders of the exchangeable shares unless it is amended to:

add covenants to protect the holders of the exchangeable shares;

make necessary amendments not inconsistent with the support agreement; or

cure ambiguities, inconsistencies or clerical errors.

The foregoing amendments may not be effected unless the boards of directors of all parties to the support agreement have concluded that these amendments are not prejudicial to the interests of the holders of the exchangeable shares.

FEDERAL INCOME TAX CONSIDERATIONS RELATING TO THE ARRANGEMENT

Canadian Federal Income Tax Considerations For Helix Stockholders

In the opinion of Fraser Milner Casgrain LLP, Canadian counsel to Helix, the following is a summary of the material consequences under the Canadian Income Tax Act generally applicable to a Helix stockholder who, for the purposes of the Canadian Income Tax Act and at all relevant times, holds Helix common shares and will hold any exchangeable shares and HEARx common stock, as capital property, and who deals at arm's

Table of Contents

length with, and is not and will not be affiliated with, any of Helix, HEARx, HEARx Acquisition ULC or HEARx Canada Inc. Helix common shares, exchangeable shares and HEARx common stock will generally constitute capital property to a holder thereof unless the holder holds such securities in the course of carrying on a business or has acquired such securities in a transaction or transactions considered to be an adventure in the nature of trade.

This summary does not apply to a Helix stockholder in respect of whom HEARx is or will be a foreign affiliate within the meaning of the Canadian Income Tax Act. The Canadian Income Tax Act contains provisions relating to securities held by certain financial institutions. This summary does not take into account these particular rules. **Stockholders that are financial institutions should consult their own tax advisors.**

This summary is based upon the current provisions of the Canadian Income Tax Act, the regulations thereunder and understanding of the current published administrative practices and policies of the Canada Customs and Revenue Agency, all in effect as of the date hereof. This summary also takes into account the specific proposals to amend the Canadian Income Tax Act and the regulations publicly announced by the Minister of Finance (Canada) prior to the date hereof and assumes that all such proposals will be enacted substantially as proposed. However, no assurances can be given that the proposals will be enacted as proposed, or at all. We also base this summary on officer's certificates obtained from HEARx and Helix.

This summary is not exhaustive of all possible Canadian federal income tax considerations and, except for specific tax proposals publicly announced prior to the date hereof, does not take into account or anticipate any changes in law, whether by legislative, governmental or judicial decision or action, or any changes in the administrative practices of the Canada Customs and Revenue Agency. This summary does not take into account tax legislation of any province, territory or foreign jurisdiction. Provisions of provincial income tax legislation vary from province to province in Canada and may differ from federal income tax legislation. **No advance income tax ruling has been sought or obtained from the Canada Customs and Revenue Agency to confirm the tax consequences of any of the transactions herein described.**

This summary is not intended to be, nor should it be construed to be, legal or tax advice to any particular Helix stockholder. Accordingly, Helix stockholders should consult their own tax advisors for advice with respect to the income tax consequences to them of disposing of their Helix common shares pursuant to the arrangement, and holding and disposing of exchangeable shares and HEARx common stock having regard to their own particular circumstances.

For purposes of the Canadian Income Tax Act, all amounts relating to the acquisition, holding or disposition of HEARx common stock must be expressed in Canadian dollars, including dividends, adjusted cost base and proceeds of disposition. Amounts denominated in United States dollars must be converted into Canadian dollars based on the prevailing United States dollar exchange rate, at the time such amounts arise.

Helix Stockholders Resident in Canada

The first portion of this summary is applicable to a Helix stockholder who, for the purposes of the Canadian Income Tax Act and any applicable income tax convention, at all relevant times, is or is deemed to be a resident of Canada while holding Helix common shares, exchangeable shares or HEARx common stock. Reference should also be made to the Section entitled "Proposed Amendments Relating to Foreign Investment Entities" at the end of this summary.

A Helix stockholder may elect under the arrangement to receive exchangeable shares or HEARx common stock for such Helix stockholder's Helix common shares. The resulting consequences are discussed separately below. Helix stockholders whose Helix common shares might not otherwise qualify as capital property may be able to make an irrevocable election under the Canadian Income Tax Act to have the Helix common stock and every Canadian security (as defined in the Canadian Income Tax Act) owned by such Helix stockholder in the taxation year of the election and in all subsequent taxation years deemed to be capital property. Please note that where a stockholder makes a section 85 election in respect of Helix common shares, as described below, the exchangeable shares received in exchange may not be Canadian securities for this

Table of Contents

purpose. As a result, on a subsequent disposition of exchangeable shares by the holder, capital gains treatment may not be available. **You should consult your own tax advisors for advice with respect to whether such election is available to you and any particular tax consequences in the case where such election is not available to you.**

Receipt of Ancillary Rights and Exchangeable Share Rights

A Helix stockholder who receives exchangeable shares under the arrangement will also receive the ancillary rights and exchangeable share rights. See *The Arrangement* *The Voting and Exchange Trust Agreement* *The Support Agreement* *Exchangeable Share Rights*. A Helix stockholder will be required to account for the ancillary rights and exchangeable share rights in determining the proceeds of disposition of such holder's Helix common shares. As a result, Helix stockholders receiving exchangeable shares pursuant to the arrangement will be required to determine the fair market value of the ancillary rights and exchangeable share rights received on the exchange along with the exchangeable shares on a reasonable basis for Canadian income tax purposes. Helix will take the position that the ancillary rights and exchangeable share rights have a nominal fair market value. Any such determination of value, however, is a factual determination and is not binding upon the Canada Customs and Revenue Agency. Should the Canada Customs and Revenue Agency challenge such determination and ultimately succeed in establishing that the ancillary rights or the exchangeable share rights have a fair market value in excess of a nominal amount, the proceeds of disposition of your Helix common shares would be effected and other consequences may result as described in the following summary. Counsel expresses no opinion as to the appropriateness or accuracy of this position. A reference to exchangeable shares in the discussion that follows will be deemed to include a reference to ancillary rights and exchangeable share rights, where applicable.

Grant of Call Rights

Helix will take the position that the call rights have a nominal fair market value and that accordingly, no amount should be allocated to the call rights. See *The Arrangement* *Description of Exchangeable Shares*. Any such determination of value is a factual determination and is not binding upon the Canada Customs and Revenue Agency. Counsel expresses no opinion as to the appropriateness or accuracy of this position. Provided that the determination of nominal value with respect to such call rights is correct, the granting of the call rights will not result in any material adverse income tax consequences to a Helix stockholder. However, should the Canada Customs and Revenue Agency challenge this determination and ultimately succeed in establishing that the call rights have a fair market value in excess of a nominal amount, Helix stockholders will realize a capital gain in an amount equal to the fair market value of the rights.

Exchange of Helix Common Shares for HEARx Common Stock

A Helix stockholder who exchanges Helix common shares for HEARx common stock will be considered to have disposed of such Helix common shares for proceeds of disposition equal to the aggregate fair market value of the HEARx common stock and the related preferred share purchase rights acquired on the exchange. See *Description of HEARx Common Stock and Other Securities* *HEARx Rights Agreement*. HEARx will take the position that the related preferred share purchase rights have a nominal fair market value. Counsel expresses no opinion as to the appropriateness or accuracy of this position. Any such determination of value is a factual determination and is not binding upon the Canada Customs and Revenue Agency. Should the Canada Customs and Revenue Agency challenge such determination and ultimately succeed in establishing that the related preferred share purchase rights have a fair market value in excess of a nominal amount, the proceeds of disposition of your Helix common shares would be affected. Therefore, you will realize a capital gain or capital loss equal to the amount by which the proceeds of disposition of your Helix common shares, net of any reasonable costs of disposition, exceed or are less than the adjusted cost base to you of your Helix common shares. The cost to you of HEARx common stock acquired on the exchange will be equal to the fair market value of such HEARx common stock at the time of the acquisition, and such costs will be averaged at any given time with the adjusted cost base of any other HEARx common stock held by you as capital property for the purposes of determining your adjusted cost base of HEARx common stock.

Table of Contents**Exchange of Helix Common Shares for All Exchangeable Shares*****Non-Rollover Transaction***

A Helix stockholder who exchanges Helix common shares for all exchangeable shares, ancillary rights and exchangeable share rights and who does not make the joint election under the Canadian Income Tax Act (as described below under the heading "Section 85 Election") will be considered to have disposed of such Helix common shares for proceeds of disposition equal to the sum of (i) the fair market value of the exchangeable shares acquired by such Helix Stockholder on the exchange, and (ii) the fair market value of the ancillary rights and the exchangeable share rights acquired by such Helix Stockholder on the exchange. As a result, you will realize a capital gain or capital loss to the extent that such proceeds of disposition, net of any reasonable costs of disposition, exceed or are less than the adjusted cost base to you of your Helix common shares. The cost to you of exchangeable shares acquired on the exchange will be equal to the fair market value of such shares, and will be averaged at any given time with the adjusted cost base of any other exchangeable shares held by you as capital property for purposes of determining your adjusted cost base of such exchangeable shares. The cost to you of ancillary rights and exchangeable share rights acquired on the exchange will be equal to the fair market value of such rights at the time of the exchange. For these purposes, you will be required to determine the fair market value of the ancillary rights and exchangeable share rights received on the exchange on a reasonable basis. See "Federal Income Tax Considerations Relating to the Arrangement - Canadian Federal Income Tax Considerations for Helix Stockholders - Helix Stockholders Resident in Canada - Receipt of Ancillary Rights and Exchangeable Share Rights" above.

Rollover Transaction

A Helix stockholder who exchanges Helix common shares for all exchangeable shares, ancillary rights and exchangeable share rights may make a joint election with HEARx Canada Inc. pursuant to section 85 of the Canadian Income Tax Act. Such election may result in the full or partial deferral of capital gains otherwise arising on the exchange of such Helix common shares, as described under the heading "Non-Rollover Transaction" above. You may elect not to realize a capital gain for the purposes of the Canadian Income Tax Act on the exchange provided that, on the effective date, the adjusted cost base to you of your Helix common shares, plus any reasonable costs of disposition, equals or exceeds the fair market value of the ancillary rights and exchangeable share rights acquired on the exchange. The amount elected will be determined by each Helix stockholder who makes such a joint election, subject to the limitations set forth in the Canadian Income Tax Act and described generally under the heading "Section 85 Election" below.

Exchange of Helix Common Shares for a Combination of HEARx Common Stock and Exchangeable Shares***Non-Rollover Transaction***

A Helix stockholder who exchanges Helix common shares for a combination of HEARx common stock and exchangeable shares will realize a capital gain or capital loss equal to the amount by which the proceeds of disposition for such Helix common shares, net of any reasonable costs of disposition, exceed or are less than the adjusted cost base to the Helix Stockholder of the Helix common shares. In the absence of a joint election under the Canadian Income Tax Act as described below under "Section 85 Election", your proceeds of disposition for the Helix common shares will be equal to the sum of (i) the aggregate fair market value, at the time of acquisition, of any HEARx common stock and exchangeable shares received on the exchange, and (ii) the fair market value of ancillary rights, exchangeable share rights and preferred share purchase rights related to the HEARx common stock acquired by you on the exchange. The cost of HEARx common stock and related preferred share purchase rights and the cost of exchangeable shares, ancillary rights and exchangeable share rights acquired by you will be the respective fair market values thereof at the time of the acquisition, and such costs will be averaged at any given time with the respective adjusted cost bases of any other HEARx common stock and related preferred share purchase rights, exchangeable shares, ancillary rights or exchangeable share rights held by you as capital property for purposes of determining your adjusted

cost base of such HEARx common stock and related preferred share purchase rights, exchangeable shares, ancillary rights and exchangeable share rights.

Rollover Transaction

A Helix stockholder who exchanges Helix common shares for a combination of exchangeable shares and HEARx common stock may obtain a full or partial tax deferral in respect of the disposition of the Helix common stock by making a joint election with HEARx Canada Inc. as described below under Section 85 Election. Subject to the limitations contained in the Canadian Income Tax Act regarding the elected amount as discussed below under Section 85 Election, if the elected amount is equal to the aggregate of the adjusted cost base, determined immediately before the disposition, of the Helix common shares disposed of and any reasonable costs of disposition, no capital gain or capital loss will be realized by you. To the extent that the elected amount in respect of such shares exceeds or is less than the aggregate of the adjusted cost base and any reasonable costs of disposition thereof, you will realize a capital gain or capital loss.

Section 85 Election

Subject to the limitations and conditions described in the Canadian Income Tax Act and those, if any, contained in corresponding provisions of any applicable provincial tax legislation, HEARx Canada Inc. will make a joint election under subsection 85(1) or 85(2) of the Canadian Income Tax Act, as applicable and the corresponding provisions of any applicable provincial tax legislation, with a Helix stockholder who receives exchangeable shares or a combination of exchangeable shares and HEARx common stock at the amount selected by the Helix stockholder. The joint election may allow you to elect an amount which will be treated for the purposes of the Canadian Income Tax Act as your proceeds of disposition of your Helix common shares. Neither HEARx Canada Inc. nor the transfer agent will be responsible for the proper completion or filing of any election and you will be solely responsible for the payment of any late filing penalty. HEARx Canada Inc. agrees only to execute any properly completed election and to forward such election by mail within 30 days after the receipt thereof by the transfer agent to you. **With the exception of execution of the election by HEARx Canada Inc., compliance with the requirements for a valid election will be your sole responsibility.** Accordingly, neither HEARx Canada Inc. nor the transfer agent will be responsible or liable for any taxes, interest, penalties, damages or expenses resulting from the failure by anyone to properly complete any election or to properly file such election within the time prescribed and in the form prescribed under the Canadian Income Tax Act or the corresponding provisions of any applicable provincial tax legislation.

In order to make an election, you must provide to the transfer agent, on behalf of HEARx Canada Inc., three signed copies of the necessary election forms on or before 90 days after the effective date, duly completed with the details of the number of Helix common shares transferred and the applicable elected amount for the purposes of the election. The forms will be returned to you, signed by HEARx Canada Inc., for filing by you with the Canada Customs and Revenue Agency or with the applicable provincial tax authority. Certain provincial jurisdictions may require that a separate joint election be filed for provincial income tax purposes. HEARx Canada Inc. will also make a provincial joint election with you under the provisions of any relevant provincial income tax legislation with similar effect to subsection 85(1) or 85(2) of the Canadian Income Tax Act, subject to the same limitations and conditions described in the Canadian Income Tax Act. **You should consult your tax advisor to determine whether separate election forms must be filed with any provincial or territorial tax authority.** It will be your responsibility to obtain the necessary provincial election forms and to submit such forms to the transfer agent for execution by HEARx Canada Inc.

The relevant federal tax election form is Canada Customs and Revenue Agency form T2057 or, in the event that the Helix common shares are held as partnership property, Canada Customs and Revenue Agency form T2058. If you are subject to tax in Québec, Revenue Québec form TP-518V or, in the event that the Helix common shares are held as partnership property, Revenue Québec form TP-529V will also be required. A tax election package, consisting of the relevant federal tax election forms, may be obtained from the transfer agent. If you are interested in making an election, you should so indicate on the letter of transmittal and

Table of Contents

election form accompanying this circular in the space provided therein and a tax election package will be sent to you.

The Canadian Income Tax Act and any applicable provincial tax legislation contain particular rules with respect to filing where Helix common shares are held in joint ownership or as partnership property. **You should consult your own tax advisors to determine whether these rules are applicable to you.**

In general, where an election is made, the elected amount must comply with the following rules in respect of those Helix common shares that are the subject of the election:

- (a) the elected amount may not be less than the aggregate fair market value of any HEARx common stock and related preferred share purchase rights and ancillary rights and exchangeable share rights received under the arrangement;
- (b) the elected amount may not be less than the lesser of the adjusted cost base to you of your Helix common shares disposed of, as determined immediately before the time of the disposition, and the fair market value of the Helix common shares, disposed of at that time; and
- (c) the elected amount may not be greater than the fair market value at the time of the disposition of the Helix common shares so disposed of.

Elected amounts which do not comply with the foregoing limitations will be automatically adjusted pursuant to the provisions of the Canadian Income Tax Act.

In order for the Canada Customs and Revenue Agency and where applicable, the Ministère du Revenu du Québec to accept a tax election without a late filing penalty being paid by you, the required tax election forms must be received by such revenue authorities on or before the day that is the earliest of the days on which either HEARx Canada Inc. or you is required to file an income tax return for the taxation year in which the exchange of the Helix common shares occurs. HEARx and HEARx Canada Inc. have advised Helix that the current taxation year of HEARx Canada Inc. is scheduled to end on the last Saturday in December of each year. Thus, where the exchange occurs prior to December 28, 2002, the tax election forms will, in the case of a Helix stockholder who is a non-deceased individual other than a trust, have to be received by the Canada Customs and Revenue Agency on or before April 30, 2003, which is the last day for filing the tax returns for the individual's 2002 taxation year. **Helix stockholders are urged to consult their own advisors as soon as possible respecting the deadlines applicable to their own particular circumstances. However, regardless of such deadline, the tax election forms must be received by the transfer agent no later than the 90th day after the effective date.**

If you do not ensure that the transfer agent has received three duly completed tax election forms on or before the 90th day after the effective date, you will not be able to benefit from the rollover provisions of the Canadian Income Tax Act. Accordingly, if you wish to enter into an election with HEARx Canada Inc., you should give immediate attention to this matter. The instructions for requesting a tax election package are set out in the letter of transmittal and election form. Helix stockholders wishing to make the election should consult their own tax advisors. The comments herein with respect to such elections are provided for general assistance only. The law in this area is complex and contains numerous technical requirements.

As discussed above, please note that the tax election forms will be executed by HEARx Canada Inc. on the basis that the fair market value of the ancillary rights and exchangeable share rights is a nominal amount per exchangeable share issued on the exchange. See *Federal Income Tax Considerations Relating to the Arrangement* Canadian Federal Income Tax Considerations for Helix Stockholders Helix Stockholders Resident in Canada Receipt of Ancillary Rights and Exchangeable Share Rights above.

Holders of Exchangeable Shares and HEARx Common Stock

Dividends on Exchangeable Shares

In the case of a Helix stockholder who is an individual, dividends received or deemed to be received on the exchangeable shares will be required to be included in computing the Helix stockholder's income and will be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received from a corporation resident in Canada. Subject to the discussion below as to the denial of the dividend deduction

Table of Contents

and to certain other restrictions contained in the Canadian Income Tax Act, in the case of a Helix stockholder that is a corporation, other than a specified financial institution as defined in the Canadian Income Tax Act, dividends received or deemed to be received on the exchangeable shares will be included in computing the corporation's income and will be deductible in computing its taxable income. In the case of a Helix stockholder that is a specified financial institution, such stockholders should consult their own tax advisor to determine the tax treatment on dividends.

If HEARx or any other person with whom HEARx does not deal at arm's length including HEARx Canada Inc., is a specified financial institution at the time that dividends are paid on the exchangeable shares, subject to the exemption described below, dividends received or deemed to be received by a Helix stockholder that is a corporation will not be deductible in computing taxable income but will be fully includable in taxable income. Helix and HEARx have informed counsel that they are of the view that neither they nor any person with whom Helix or HEARx does not deal at arm's length is a specified financial institution at the current time. This denial of the dividend deduction for a Helix stockholder that is a corporation will not apply if, at the time the dividends are received or deemed to be received, the exchangeable shares are listed on a prescribed stock exchange in Canada, HEARx and HEARx Acquisition ULC are related to HEARx Canada Inc. for the purposes of the Canadian Income Tax Act and dividends are not paid to the recipient (together with persons with whom the recipient does not deal at arm's length or any trust or partnership of which the recipient or any such person is a beneficiary or member) in respect of more than 10% of the issued and outstanding exchangeable shares held by persons other than HEARx and its affiliates. **Specified financial institutions should consult their own professional advisors regarding the tax treatment of holding exchangeable shares.**

A Helix stockholder that is a private corporation as defined in the Canadian Income Tax Act or any other corporation resident in Canada and controlled or deemed to be controlled by or for the benefit of an individual other than a trust or a related group of individuals other than trusts may be liable under Part IV of the Canadian Income Tax Act to pay a refundable tax of 33 1/3% on dividends received or deemed to be received on the exchangeable shares to the extent that such dividends are deductible in computing the Helix stockholder's taxable income. A Helix stockholder that is a Canadian-controlled private corporation as defined in the Canadian Income Tax Act may be liable to pay an additional refundable tax of 6 2/3% on dividends or deemed dividends that are not deductible in computing taxable income. Dividends received or deemed to be received by a private corporation on the exchangeable shares will not be subject to the 10% tax under Part IV.1 of the Canadian Income Tax Act.

Dividends on HEARx Common Stock

Dividends received or deemed to be received on HEARx common stock will be required to be included in the recipient's income for purposes of the Canadian Income Tax Act. Such dividends received by a Helix stockholder who is an individual will not be subject to the gross-up and dividend tax credit rules contained in the Canadian Income Tax Act. A Helix stockholder that is a corporation will be required to include such dividends in computing its income and will not be entitled to deduct the amount of such dividends in computing its taxable income. A Helix stockholder that is a Canadian-controlled private corporation may be liable to pay an additional refundable tax of 6 2/3% on such dividends.

Redemption, Retraction, Purchase or Exchange of Exchangeable Shares

On the redemption, including a retraction, of an exchangeable share by HEARx Canada Inc., the holder of that exchangeable share will be deemed to have received a dividend equal to the amount, if any, by which the redemption proceeds (the fair market value at that time of HEARx common stock and related preferred share purchase rights, received by the Helix stockholder from HEARx Canada Inc. on the redemption plus the dividend amount, if any) exceeds the paid-up capital for purposes of the Canadian Income Tax Act of the exchangeable share at the time the exchangeable share is so redeemed. The amount of any such deemed dividend will be subject to the tax treatment described above under Dividends on Exchangeable Shares . On the redemption, the holder of an exchangeable share will also be considered to have disposed of the exchangeable share for proceeds of disposition equal to the redemption proceeds less the amount of any deemed dividend. A holder will realize a capital gain or a capital loss equal to the amount by which the adjusted cost base to the holder of the exchangeable share is less than or exceeds such proceeds of disposition,

Table of Contents

net of any reasonable costs of disposition. In the case of a Helix stockholder that is a corporation, the amount of any deemed dividend may in some circumstances be treated as proceeds of disposition and not as a dividend.

On the exchange of an exchangeable share by the holder thereof with HEARx Acquisition ULC for HEARx common stock and related preferred share purchase rights, the holder will realize a capital gain or a capital loss to the extent the proceeds of disposition of the exchangeable share, net of any reasonable costs of disposition, exceed or are less than the adjusted cost base to the holder of the exchangeable share. For these purposes, the proceeds of disposition will be the aggregate of the fair market value, at the time of the exchange, of the HEARx common stock and related preferred share purchase rights received on the exchange. The proceeds of disposition may also include any dividend amount unless such dividend amount is required to be included in computing income of the holder as a dividend. **Holders should consult their own tax advisors in this regard.**

Because of the existence of the call rights, the exchange right and the automatic exchange right, a holder of exchangeable shares cannot control whether such holder will receive HEARx common stock by way of redemption (including a retraction) of the exchangeable shares by HEARx Canada Inc. or by way of purchase of the exchangeable shares by HEARx Acquisition ULC. As described above, the Canadian federal income tax consequences of a redemption (including a retraction) differ from those of a purchase.

Acquisition and Disposition of HEARx Common Stock

The cost of HEARx common stock received on the redemption (including a retraction) or exchange of an exchangeable share will be equal to the fair market value of such HEARx common stock, at the time of such event, to be averaged with the adjusted cost base of any other HEARx common stock held at that time as capital property for the purpose of determining the adjusted cost base of all HEARx common stock held by the holder.

A disposition or deemed disposition of HEARx common stock by a holder other than to HEARx will result in a capital gain or capital loss to the extent that the proceeds of disposition, net of any reasonable costs of disposition, exceed or are less than the adjusted cost base to the holder of those HEARx common stock, immediately before the disposition.

Disposition of Exchangeable Shares other than on a Redemption or Retraction

A disposition or deemed disposition or exchange of exchangeable shares by a holder, including on the exchange of an exchangeable share by the holder thereof with HEARx Acquisition ULC for HEARx common stock and related preferred share purchase rights, other than on the redemption (including a retraction), will result in a capital gain or capital loss to the extent that the proceeds of disposition, net of any reasonable costs of disposition, exceed or are less than the adjusted cost base to the holder of those exchangeable shares immediately before the disposition.

Taxation of Capital Gain or Capital Loss

Pursuant to the Canadian Income Tax Act, you will be required to include in income for the year of disposition one-half of any capital gain (a taxable capital gain) and will be entitled to deduct one-half of any capital loss (an allowable capital loss) from taxable capital gains realized in the year by you or in any subsequent year to the extent and in the circumstances described in the Canadian Income Tax Act. In addition, the portion of any such allowable capital loss, computed in accordance with the rules provided for in the Canadian Income Tax Act, which is not otherwise deducted from taxable capital gains realized in the year, may be deducted from taxable capital gains realized in any of the three preceding years to the extent and in the circumstances described in the Canadian Income Tax Act. Any such capital loss may in certain circumstances be reduced by the amount of any dividends, including deemed dividends, which have been received by you on such shares to the extent and in the manner provided for in the Canadian Income Tax Act. Similar rules may apply where a corporation is a member of a partnership or a beneficiary of a trust that owns such shares, or where a trust or partnership of which a corporation is a beneficiary or a member is a member of a partnership or a beneficiary of a trust that owns such shares.

Table of Contents

Capital gains realized by an individual or trust, other than certain trusts, may give rise to alternative minimum tax under the Canadian Income Tax Act. A Helix stockholder that is a Canadian-controlled private corporation as defined in the Canadian Income Tax Act may be liable to pay an additional refundable tax of 6 2/3% on taxable capital gains.

Foreign Property Information Reporting

In general, a specified Canadian entity, as defined in the Canadian Income Tax Act, for a taxation year or fiscal period whose total cost amount of specified foreign property, as defined in the Canadian Income Tax Act, at any time in the year or fiscal period exceeds \$100,000, is required to file an information return for the year or period disclosing prescribed information, including the cost amount, any dividends received in the year, and any gains or losses realized in the year, in respect of such property. With some exceptions, a taxpayer resident in Canada in the year will be a specified Canadian entity. Exchangeable shares and HEARx common stock will constitute specified foreign property to a holder. **Accordingly, holders of exchangeable shares and HEARx common stock should consult their own advisors regarding compliance with these rules.**

Dissenting Helix Stockholders

A dissenting Helix stockholder is entitled, if the arrangement becomes effective, to receive the fair value of Helix common shares held by him. The dissenting Helix stockholder will be considered to have disposed of the Helix common shares for proceeds of disposition equal to the amount received by a him less the amount of any deemed dividend referred to below and any interest awarded by a Court. As any amount received by a dissenting Helix stockholder will be paid by Helix, the dissenting Helix stockholder also will be deemed to receive a taxable dividend equal to the amount by which the amount received other than in respect of interest awarded by a Court exceeds the paid-up capital for purposes of the Canadian Income Tax Act of such Helix stockholder's Helix common shares. In the case of a Helix stockholder that is a corporation, in some circumstances, the amount of any such deemed dividend may be treated as proceeds of disposition and not as a dividend. Any interest awarded to a dissenting Helix stockholder by a Court will be included in the dissenting Helix stockholder's income for purposes of the Canadian Income Tax Act.

Helix Optionholders Resident in Canada

The second portion of this summary is applicable to holders of Helix options who, for the purposes of the Canadian Income Tax Act and any applicable income tax convention, at all relevant times, are resident or deemed to be resident in Canada, deal at arm's length with, are not affiliated with any of Helix, HEARx, HEARx Acquisition ULC or HEARx Canada Inc., are current or former employees of Helix or any wholly-owned subsidiary thereof, deal at arm's length with such corporations and received their Helix options in respect of, in the course of, or by virtue of, such employment and at a time when Helix was not a Canadian-controlled private corporation within the meaning of the Canadian Income Tax Act.

Exercise of Helix Options

Helix optionholders who exercise their Helix options prior to the effective time will be subject to income tax consequences arising on such exercise which are not addressed in this summary and which may be relevant to a Helix optionholder's decision as to whether to exercise his or her Helix options prior to the effective time. **If you are considering the exercise of your Helix options, you should consult your own tax advisors to determine the tax consequences to you of the exercise.**

Exchange of Helix Options for Replacement Options

The terms of the arrangement provide that Helix options that are not exercised will be exchanged for replacement options. If you exchange your Helix option for a replacement option, you would not be considered to have disposed of your Helix option provided (i) the only consideration received by you on the exchange is a replacement option, (ii) the total value of HEARx common stock you are entitled to acquire under the replacement option immediately after the exchange (in excess of the total amount payable by you to acquire the HEARx common stock) does not exceed the total value of the Helix common shares you were entitled to acquire under the Helix option immediately before the exchange (in excess of the amount payable by you to

Table of Contents

acquire the Helix common shares), and (iii) Helix and HEARx do not deal at arm's length immediately after the exchange.

Helix Stockholders not Resident in Canada

The third portion of the summary is applicable to holders of Helix common shares who, for purposes of the Canadian Income Tax Act and any applicable income tax convention, have not been and will not be resident or deemed to be resident in Canada at any time while they have held Helix common shares and who do not use or hold, are not deemed to use or hold and did not use or hold (or deemed to) the Helix common shares in carrying on a business in Canada. Special rules, which are not discussed in this summary, may apply to a non-resident Helix stockholder that is an insurer carrying on business in Canada and elsewhere.

Disposition of Helix Common Shares

A non-resident Helix stockholder will not be subject to capital gains tax under the Canadian Income Tax Act on the exchange of Helix common shares for HEARx common stock provided that the Helix common shares either do not constitute taxable Canadian property or constitute taxable Canadian property that is treaty-protected property of the holder for purposes of the Canadian Income Tax Act.

Helix common shares will not be taxable Canadian property at a particular time provided that such Helix common shares are not deemed to be taxable Canadian property to the holder and such shares are listed on a prescribed stock exchange (which currently includes The Toronto Stock Exchange), and the holder, persons with whom such holder does not deal at arm's length, or the holder together with such persons, has not owned (or had under option or an interest in) 25% or more of the issued shares of any class or series of the capital stock of Helix at any time during the five-year period immediately preceding the particular time. Even if such Helix common shares are considered to be taxable Canadian property, such shares will be considered treaty-protected property of a holder at any time for purposes of the Canadian Income Tax Act if any income or gain from the disposition of such shares by the holder at that time would be exempt from tax in Canada under the terms of an applicable income tax convention.

Dissenting Helix Stockholders

Where a non-resident Helix stockholder receives an amount of interest or a taxable dividend upon the exercise of dissent rights, such amount will be subject to Canadian withholding tax at a rate of 25% unless the rate is reduced under the provisions of an applicable income tax convention. See Federal Income Tax Considerations Relating to the Arrangement Canadian Federal Income Tax Considerations for Helix Stockholders Helix Stockholders Resident in Canada Dissenting Helix Stockholders.

The comments herein with respect to the non-resident Helix stockholders are provided for general assistance only. The law in this area is complex and contains numerous technical requirements. Non-resident Helix stockholders are urged to consult their own tax advisor for advice with respect to the tax consequences to them of disposing of Helix common shares.

Proposed Amendments Relating to Foreign Investment Entities For information purposes only

On June 22, 2000, the Minister of Finance (Canada) released draft income tax legislation relating to the taxation of certain interests held by Canadian residents in certain non-resident entities. On September 7, 2000, the Department of Finance (Canada) issued a press release advising of amendments to the proposals and delaying implementation to taxation years commencing after December 31, 2001. On August 2, 2001, the Department of Finance (Canada) released a revised draft of the proposed income tax legislation. On December 17, 2001, the Department of Finance (Canada) issued a press release delaying implementation by one additional year, generally to take effect for taxation years that begin after 2002. The discussion that follows is solely based upon the draft legislation in its current form as revised by the August 2, 2001 release.

In general, the proposed rules would apply *inter alia* to persons owning shares, or rights to acquire shares, of a foreign investment entity, subject to certain exemptions (including an exempt interest that is, *inter alia*, shares, or rights to acquire shares, of widely held public companies if specific conditions are satisfied, or shares, or rights to acquire shares, of a corporation that is a qualifying entity). If HEARx were treated as a foreign investment entity, the HEARx common stock and exchangeable shares would potentially be subject to

Table of Contents

the proposed rules. It is proposed that the proposed rules will initially take effect for a holder's 2003 taxation year.

The proposed rules would require an annual determination of whether HEARx is a foreign investment entity and, if it is such an entity, whether HEARx satisfies the conditions for the public company exemption referred to above or any other exemption. Each of these determinations would be based primarily on the nature of HEARx's assets and activities. HEARx has advised Helix that for purposes of the proposed rules, if the arrangement were completed today, HEARx would not be a foreign investment entity and in any event, the HEARx common stock would be exempt interests.

You are advised that the proposed rules (if enacted in their current form and depending on future factual circumstances) could apply to the exchangeable shares and the HEARx common stock at the time the proposed rules will first be effective. However, a definitive conclusion cannot be made until the legislation is enacted in its final form and the relevant time for determining HEARx's status as a foreign investment entity occurs. Moreover, as the proposed rules require an annual determination of whether HEARx is a foreign investment entity and, if so, whether HEARx satisfies the conditions for the public company exemption or for any other exemption, no assurance can be given with respect to the application of the proposed rules in any particular year.

If the proposed rules are applicable to the exchangeable shares or the HEARx common stock, the tax consequences of holding these shares as described above would be modified in certain respects as described below.

The following is a brief summary of the general rules that would be applicable to you if you hold exchangeable shares or HEARx common stock and such shares are subject to the proposed rules. **The comments herein with respect to such proposed rules are provided for general assistance only. You should consult your own tax advisors for advice with respect to the proposed rules and your own particular situation. The proposed rules are complex and contain technical requirements.**

Exchangeable Shares

The tax consequences of the exchange of Helix common shares for consideration that includes exchangeable shares would be as described above under the headings "Exchange of Helix Common Shares for all Exchangeable Shares" and "Exchange of Helix Common Shares for a Combination of HEARx Common Stock and Exchangeable Shares". For the 2003 taxation year and subsequent taxation years, if you continue to hold exchangeable shares, you would be required to include in (or deduct from) your income, on an annual basis, any increase (or decrease) in the value of the exchangeable shares during the year. The taxation of any gain that has accrued to December 31, 2002 on the exchangeable shares will be deferred until the exchangeable shares are disposed of. Assuming that the fair market value of the exchangeable shares at December 31, 2002, is not less than the fair market value of the exchangeable shares on the effective date, the deferred gain will include the entire accrued gain on Helix common shares that is deferred by reason of an election under section 85 of the Canadian Income Tax Act. On a disposition of an exchangeable share (including a redemption or retraction), you would be required to include in (or deduct from) your income, the amount by which the proceeds of disposition exceed (or are exceeded by) the fair market value of the exchangeable share at the commencement of the taxation year in which the disposition occurs. In addition, in the taxation year in which a disposition of an exchangeable share occurs, you would be required to include in your income an amount equal to the deferral amount in respect of the exchangeable share.

HEARx Common Stock

The tax consequences of the exchange of Helix common shares for consideration that includes HEARx common stock would be as described above under the headings "Exchange of Helix Common Shares for HEARx Common Stock" and "Exchange of Helix Common Shares for a Combination of HEARx Common Stock and Exchangeable Shares". For the 2003 taxation year and subsequent taxation years, you would be required to include in (or deduct from) your income, on an annual basis, any increase (or decrease) in the value of the HEARx common stock during the year and any amounts received from HEARx in respect of the HEARx common stock. On a disposition of a HEARx common stock, you would be required to include in (or

Table of Contents

deduct from) your income, the amount by which the proceeds of disposition exceed (or are exceeded by) the fair market value of the HEARx common stock at the commencement of the taxation year in which the disposition occurs, plus the deferral amount in respect of the HEARx common stock, if any.

Alternatively, if you so elect and the requisite information is available to you, you would be required to include in (or, to the extent of the cumulative net inclusions for prior years, deduct from) your income your share of HEARx's income (or loss) for the year (calculated in accordance with the proposed rules) other than the portion of such income that, in effect, has been subject to tax at Canadian tax rates. Any amount so included (or deducted) in computing your income would be added (or deducted) in computing the adjusted cost base of your HEARx common stock. If this election were made, the tax consequences of a disposition of the HEARx common stock would be as described above under the heading Exchangeable Shares and HEARx Common Stock Acquisition and Disposition of HEARx Common Stock. HEARx is under no obligation to provide you with the information that would be required to permit you to make this election.

Tax-Exempt Holders

The proposed rules will not apply to most taxpayers exempt from tax under the Canadian Income Tax Act.

Eligibility for Investment in Canada

Provided the exchangeable shares are listed on a prescribed stock exchange in Canada (which currently includes The Toronto Stock Exchange), the exchangeable shares and exchangeable share rights will be qualified investments under the Canadian Income Tax Act for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans. HEARx common stock will be qualified investments under the Canadian Income Tax Act for such plans provided such shares remain listed on the American Stock Exchange (or are listed on another prescribed stock exchange). The ancillary rights and the preferred share purchase rights related to the HEARx Common Stock will not be qualified investments under the Canadian Income Tax Act. However, as stated above, Helix is of the view that the fair market value of the ancillary rights is nominal and HEARx is of the view that the fair market value of the preferred share purchase rights related to the HEARx Common Stock is nominal. See Federal Income Tax Considerations Relating to the Arrangement Canadian Federal Income Tax Considerations for Helix Stockholders Helix Stockholders Resident in Canada Receipt of Ancillary Rights and Exchangeable Share Rights Exchange of Helix Common Shares for HEARx Common Stock above.

Provided the exchangeable shares are listed on a prescribed stock exchange in Canada (which currently includes The Toronto Stock Exchange) and provided HEARx Canada Inc. maintains a substantial Canadian presence within the meaning of the Canadian Income Tax Act, the exchangeable shares and exchangeable share rights will not be foreign property under the Canadian Income Tax Act for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans or for certain other persons to whom Part XI of the Canadian Income Tax Act is applicable. HEARx common stock will be foreign property under the Canadian Income Tax Act. The ancillary rights will be foreign property under the Canadian Income Tax Act. However, as stated above, Helix is of the view that the fair market value of the ancillary rights is nominal and HEARx is of the view that the fair market value of the preferred share purchase rights related to the HEARx Common Stock is nominal. See Federal Income Tax Considerations Relating to the Arrangement Canadian Federal Income Tax Considerations for Helix Stockholders Helix Stockholders Resident in Canada Receipt of Ancillary Rights and Exchangeable Share Rights Exchange of Helix Common Shares for HEARx Common Stock above.

Each Helix stockholder should consult his own professional advisors regarding the tax treatment of acquisitions of property through such plans (and any other plans).

United States Federal Income Tax Considerations

In the opinion of Bryan Cave LLP, United States counsel to HEARx, the following is a summary of the material U.S. federal income tax considerations with respect to the ownership and disposition of HEARx stock by United States Holders (as described below) and the material U.S. federal income and estate tax considerations relating to the ownership and disposition of HEARx stock by Non-United States Holders (as described below). This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the Code), applicable Treasury Regulations thereunder, current administrative pronouncements and judicial decisions, all of which are subject to change, possibly with retroactive effect. It does not contain a complete analysis of all the potential tax considerations relating thereto. This summary is limited to stockholders who hold the HEARx stock as capital assets (in general, assets held for investment). Special situations, such as the following, are not addressed:

tax consequences to holders who may be subject to special tax treatment, such as tax-exempt entities, dealers in securities, financial institutions, insurance companies, regulated investment companies, or traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;

tax consequences to holders holding HEARx stock as part of a hedging, integrated, constructive sale or conversion transaction or a straddle or other risk reduction transaction;

tax consequences of holders whose functional currency is not the U.S. dollar;

tax consequences of holders who received their Helix common shares pursuant to the exercise of employee stock options or otherwise as compensation;

tax consequences to holders who have ceased to be United States citizens or to be taxed as resident aliens; or

any state, local or foreign tax consequences.

As used herein, the term United States Holder means a holder of HEARx stock that is for U.S. federal income tax purposes:

a citizen or resident of the United States,

a corporation, partnership or other entity created or organized in the United States or under the laws of the United States or of any political subdivision thereof,

an estate, the income of which is includable in gross income for U.S. federal income tax purposes regardless of its source, or

a trust whose administration is subject to the primary supervision of a United States court and which has one or more United States persons who have the authority to control all substantial decisions of the trust.

Stockholders should consult their own tax advisors in determining the tax consequences to them of the arrangement including the application of the U.S. federal income tax laws to their particular situation as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Exchange of Helix Common Shares

The exchange of your Helix common shares for shares of HEARx common stock will result in recognition of gain or loss. The amount of any such gain or loss is equal to the difference between (i) the fair market value of the HEARx common stock (other than HEARx common stock received for declared but unpaid dividends) and (ii) your adjusted basis in the Helix common shares surrendered. Any such capital gain or loss from the exchange of Helix common shares will be long-term capital gain or loss if you have held your Helix common shares for more than one year at the effective time of the exchange and otherwise will be short-term capital gain or loss. The fair market value of any HEARx common stock you receive for declared but unpaid dividends will be treated as ordinary income.

Tax Basis and Holding Period of HEARx Common Stock

Your initial tax basis in HEARx common stock you receive in connection with the arrangement will be the fair market value of that HEARx common stock on the closing date of the arrangement, and your holding period for the HEARx common stock will commence on the closing date of the arrangement.

Distributions on HEARx Common Stock

If dividend distributions are made on your HEARx common stock, you will be required to include in gross income as ordinary income the amount of the dividend to the extent of current or accumulated earnings and profits of HEARx. Distributions that exceed the current and accumulated earnings and profits of HEARx will be treated as a non-taxable return of capital to you to the extent of your adjusted basis in the HEARx common stock and as capital gain thereafter.

Disposition of HEARx Common Stock

Upon your taxable sale, exchange or other disposition of HEARx common stock held as a capital asset, you will recognize a capital gain or loss in an amount equal to the difference between the amount realized on such sale, exchange or other disposition (i.e., the amount of cash and the fair market value of other property you receive) and your adjusted basis in that HEARx common stock. Such capital gain or loss will be long-term capital gain or loss if you have held HEARx common stock for more than one year at the time of the taxable sale, exchange or other disposition and otherwise will be short-term capital gain or loss.

You should consult your own tax adviser with respect to the application of the U.S. federal income tax laws to your particular situation as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Stockholders that are Non-United States Holders

The following is a general discussion of the material U.S. federal income and estate tax considerations with respect to the ownership and disposition of HEARx common stock applicable if you are a Non-United States Holder.

Exchange of Helix Common Shares

You will not be subject to U.S. federal income tax on any gain recognized upon the exchange of Helix common shares so long as:

the gain is not effectively connected with a trade or business within the United States; or

if you are an individual, you hold Helix common shares as a capital asset, and either are not present in the United States for 183 days or more in the taxable year of the exchange or do not have a tax home in the United States for U.S. federal income tax purposes and meet certain other requirements.

Table of Contents

You may be subject to tax on the disposition of Helix common stock if at the time of such disposition Helix is (or has been within the preceding five years and while you held your Helix common stock) a United States real property holding corporation as defined in the Code. Helix believes that it is not and has not been within the preceding five years a United State real property holding corporation.

Distributions on HEARx Common Stock

In general, dividends paid to you will be subject to U.S. withholding tax at a rate of 30% of the gross amount, which rate may be subject to reduction by an applicable income tax treaty. Under the current income tax treaty between the United States and Canada, the U.S. withholding rate is 15% on dividends paid to residents of Canada or 5% on dividends paid to Canadian shareholders who own more than 10% of HEARx voting stock. Except to the extent that an applicable tax treaty otherwise provides, you will be taxed in the same manner as a United States Holder on dividends paid that are effectively connected with a trade or business within the United States carried on by you. If you are a foreign corporation, you may also be subject to a United States branch profits tax on such effectively connected income at a rate of 30%, or such lower rate as may be specified by an applicable income tax treaty. Even though such effectively connected dividends are subject to income tax, and may be subject to the branch profits tax, they will not be subject to U.S. withholding tax if you provide the required IRS forms to the payor.

Gain on Sale or Other Disposition of HEARx Common Stock

In general, you will not be subject to U.S. federal income tax on any gain recognized upon the sale or other taxable disposition of your shares of HEARx common stock so long as:

the gain is not effectively connected with a trade or business carried on by you within the United States;

if you are an individual, you hold shares of HEARx common stock as a capital asset, and either are not present in the United States for 183 days or more in the taxable year of disposition or do not have a tax home in the United States for U.S. federal income tax purposes and meet certain other requirements;

you are not subject to tax under the provisions of the Code regarding the taxation of U.S. expatriates; and

HEARx believes it is not and has not been within the preceding five years a United States real property holding corporation.

Although HEARx considers it unlikely that it will become a United States real property holding corporation, there can be no assurances as to this issue. If HEARx were to become a United States real property holding corporation, then any gain on the sale or other disposition of HEARx common stock by a Non-United States Holder generally would not be subject to U.S. federal income tax provided that the HEARx common stock was regularly traded on an established securities market and such holder does not actually or constructively own more than 5% of the HEARx common stock during the shorter of five-year period preceding the disposition or the holder's holding period.

Estate Tax

HEARx common stock owned or treated as owned by an individual who is not a citizen or resident, as defined for U.S. federal estate tax purposes, of the United States at the time of death will be includable in the individual's gross estate for U.S. federal estate tax purposes and therefore may be subject to U.S. federal estate tax, unless an applicable estate tax treaty provides otherwise.

Information Reporting and Backup Withholding

HEARx must report annually to the Internal Revenue Service (IRS) and to each Non-United States Holder the amount of dividends paid to, and the tax withheld with respect to, each Non-United States Holder. These reporting requirements apply regardless of whether withholding was reduced or eliminated by an applicable tax treaty. Copies of this information also may be made available under the provisions of a specific treaty or agreement with the tax authorities in the country in which the Non-United States Holder resides or is established.

Backup withholding tax is imposed at the rate of 30% (subject to periodic reductions through 2006) on applicable payments to persons that fail to furnish the information required under the U.S. information reporting requirements. Certain noncorporate United States Holders may be subject to backup withholding if (i) the United States Holder fails to furnish its Taxpayer Identification Number (TIN), which, for an individual, would be his Social Security number, (ii) the Company is notified by the IRS that the United States Holder furnished an incorrect TIN, (iii) the Company is notified by IRS that the United States Holder has failed to report properly payments of interest and dividends or (iv) the United States Holder fails to certify, under penalty of perjury, that he has furnished a correct TIN and has not been notified by the IRS that it is subject to backup withholding for failure to report interest and dividend payments. United States Holders should consult their tax advisors regarding their qualification for exemption from backup withholding and the procedure for obtaining such an exemption, if applicable.

Under Treasury Regulations, the payment of dividends or the payment of proceeds from the disposition of HEARx common stock to a Non-United States Holder may be subject to information reporting and backup withholding unless the recipient satisfies the certification requirements of the Treasury Regulations by proving its non-U.S. status or otherwise establishes an exemption.

The payment of proceeds from the disposition of HEARx common stock to or through a U.S. office of a broker is subject to both backup withholding and information reporting unless the beneficial owner provides the payer with its name and address and certifies under penalties of perjury that it is a Non-United States Holder, or otherwise establishes an exemption. In general, backup withholding and information reporting will not apply to payment of the proceeds of a sale or other disposition of HEARx common stock by or through a non-U.S. office of a broker. Such payments, however, will be subject to information reporting but not backup withholding if such broker is (i) a U.S. person; (ii) a controlled foreign corporation for U.S. federal income tax purposes; (iii) a foreign person 50% or more of whose gross income from a specified period is effectively connected with a U.S. trade or business; or (iv) a foreign partnership and at any time during its tax year: one or more of its partners are United States persons, as defined for U.S. federal income tax purposes, who in the aggregate hold more than 50% of the income or capital interests in the partnership or the foreign partnership is engaged in a U.S. trade or business unless such broker has documentary evidence in its records that the beneficial owner is a Non-United States Holder and certain other conditions are met or the beneficial owner otherwise establishes an exemption.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules can be refunded or credited against a holder's U.S. federal income tax liability, if any, provided that the required information is furnished to the IRS in a timely manner.

You should consult your own tax adviser with respect to the application of the U.S. federal income tax laws to your particular situation as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

DESCRIPTION OF HEARx COMMON STOCK AND OTHER SECURITIES

The HEARx certificate of incorporation authorizes the issuance of 20,000,000 shares of common stock, \$0.10 par value per share, and 2,000,000 shares of preferred stock, \$1.00 par value per share. As of January 14, 2002, 14,040,759 shares of common stock and 5,010 shares of preferred stock were outstanding. As of January 14, 2002, there were outstanding stock options and warrants to purchase up to 2,162,165 shares of common stock.

HEARx Common Stock

The holders of HEARx common stock have one vote per share on all matters submitted to a vote of HEARx stockholders. Holders of HEARx common stock do not have cumulative voting rights in the election of directors. Under the bylaws of HEARx, the holders of a majority of the outstanding shares of HEARx common stock, if present in person or by proxy, represent a quorum for the transaction of business at our stockholders meetings. In most instances, if holders of a majority of the common stock present in person or by proxy at any meeting vote for a matter, the matter passes.

Holders of HEARx common stock are entitled to receive any dividends on the common stock declared by the Board of Directors of HEARx out of funds legally available for dividend payments. If HEARx is dissolved, liquidated or winds up its business, the holders of HEARx common stock will be entitled to share ratably in the assets legally available for distribution to stockholders after payment of liabilities and subject to the prior rights of any holders of preferred stock then outstanding. The holders of HEARx common stock have no conversion, redemption or sinking fund rights. All outstanding shares of HEARx common stock are validly issued, fully paid and nonassessable.

The holders of HEARx common stock do not have any rights to acquire or subscribe for additional shares. Accordingly, if you receive shares of HEARx common stock as a result of the proposed arrangement and HEARx later decides to sell additional shares, you will have no right to purchase any of those additional shares. Therefore, your percentage interest would be reduced.

HEARx Preferred Stock

Under the certificate of incorporation of HEARx, the Board of Directors of HEARx may issue shares of preferred stock without stockholder approval. The Board of Directors may set the rights, privileges and preferences of any series of preferred stock it decides to issue. This includes the dividend rate and voting rights, redemption rights, sinking fund, liquidation preferences and conversion rights. Therefore, the rights of any preferred stock the Board of Directors may decide to issue could adversely affect the voting power or other rights of the holders of HEARx common stock.

Series I Convertible Preferred Stock

On May 9, 2000, HEARx completed a private placement of 500 shares of 7% Series I Convertible Preferred Stock, par value \$1.00 per share, and warrants to acquire 203,390 shares of HEARx's common stock for an aggregate purchase price of \$5.0 million.

The Series I Preferred Stock was convertible into HEARx common stock. Upon conversion, holders were entitled to receive a number of shares of HEARx common stock determined by dividing the sum of the stated value of the Series I Preferred Stock (\$10,000 per share), plus accrued and unpaid dividends by the lesser of \$4.46 and the then market price. Market price is defined as the average of the five lowest closing prices for the 30 trading days preceding the conversion date. The dividends payable upon conversion were equal to 7% of the stated value of the Series I Preferred Stock per annum in cash or by accretion to the stated value, at HEARx's discretion subject to limited exceptions. The Series I Preferred Stock could be converted by holders any time prior to May 9, 2003, and would automatically convert on such date. In the event of liquidation, dissolution or winding up of HEARx prior to the conversion of the Series I Preferred Stock, holders of the Series I Preferred Stock would be entitled to receive an amount equal to the stated value per share before any

Table of Contents

distribution was made to the holders of any junior securities but after any distribution to holders of senior securities.

The warrants issued to the purchasers of the Series I Preferred Stock were exercisable for shares of HEARx common stock. Upon exercise, holders would be entitled to receive shares of common stock for an exercise price of \$4.46 per share. The warrants would expire on May 9, 2005.

In connection with this transaction, HEARx also entered into a Registration Rights Agreement with the purchaser under which HEARx was required to file a registration statement on Form S-3 covering the resale of the shares of HEARx common stock underlying all of the Series I Preferred Stock and warrants. That resale registration statement was declared effective by the Securities and Exchange Commission on June 19, 2000.

The net proceeds to HEARx after payment of finders' fees, placement fees, legal and accounting expenses were approximately \$4,500,000. In connection with the placement of the Series I Preferred Stock, HEARx also issued finders' warrants to purchase an aggregate of 131,695 shares of HEARx common stock at an exercise price equal to \$4.46. All of the shares underlying the finders' warrants were included in the registration statement on Form S-3 filed by HEARx.

All of the shares of the Series I Convertible Preferred Stock were redeemed and exchanged on December 13, 2001, as described below, and no such shares remain outstanding.

Series J Preferred Stock

On December 13, 2001, HEARx completed an exchange and redemption of all outstanding shares of Series I Convertible Preferred Stock and 203,390 associated common stock purchase warrants for approximately \$2 million in cash, 233 shares of newly created Series J Preferred Stock, and 470,530 shares of common stock.

The Series J Preferred Stock has a stated value of \$10,000 per share and is not convertible. The holders of the Series J Preferred Stock are entitled to receive cumulative dividends, in cash, at a rate of 6% per year. Dividends earned but not paid on the applicable dividend payment date will bear interest at a rate of 18% per year payable in cash unless the holders and HEARx agree that such amounts may be paid in common stock.

At any time HEARx has the right to redeem all or a portion of the Series J Preferred Stock for a redemption price equal to the stated value plus accrued and unpaid dividends. If there is a change in control of HEARx, only upon or after the approval thereof by the HEARx Board of Directors, the holders of the Series J Preferred Stock have the right to require HEARx to redeem the Series J Preferred Stock at a price of 120% of the stated value plus any accrued and unpaid dividends. The parties have agreed that the acquisition of Helix by HEARx shall not be deemed to be a change in control for this purpose.

In the event of the liquidation, dissolution or winding up of HEARx prior to the redemption of the Series J Preferred Stock, holders of the Series J Preferred Stock will be entitled to receive the stated value per share plus any accrued and unpaid dividends before any distribution or payment is made to the holders of any junior securities but after payment is made to the holders of the 1998 Convertible Preferred Stock if any. In the event that the assets of HEARx are insufficient to pay the full amount due the holders of the Series J Preferred Stock and any holders of securities equal in ranking, such holders will be entitled to share ratably in all assets available for distribution.

In connection with this transaction, HEARx also entered into a Registration Rights Agreement with the holder under which HEARx is required to file a registration statement on Form S-3 covering the resale of the 470,530 shares of HEARx common stock issued in connection with the exchange and redemption. The 470,530 shares of common stock issued in the transaction, together with 129,470 shares currently held by the same holder, have been placed in escrow and are subject to resale restrictions based on the trading price of the common stock and appropriate resale registration. No shares can be sold until the closing price of the stock exceeds \$2.46 for five consecutive trading days, at which time up to 15 percent of the previous four-week average weekly trading volume can be sold in any given week. After January 1, 2004, if the holder holds fewer

Table of Contents

than 200,000 shares, the shares will no longer be subject to trading restrictions. If after January 1, 2004, the holder holds greater than 200,000 shares, the volume limitations remain in effect until the position is reduced below 200,000 shares.

1998 Convertible Preferred Stock

On August 27, 1998, HEARx completed a private placement of 7,500 units of 1998 Convertible Preferred Stock, stated value \$1,000 per share, and warrants. Net proceeds to HEARx after the payment of placement fees, legal and accounting expenses was \$6,975,000.

The 1998 Convertible Preferred Stock ranks prior to all of HEARx's common stock, prior to any class or series of capital stock of HEARx thereafter created specifically ranking by its terms junior to the 1998 Convertible Preferred Stock, and after any class or series of capital stock of HEARx thereafter created and specifically ranking by its terms senior to the 1998 Convertible Preferred Stock.

The 1998 Convertible Preferred Stock is convertible into HEARx common stock. Upon the conversion, holders are entitled to receive a number of shares of common stock determined by dividing the sum of the stated value of the 1998 Convertible Preferred Stock, plus a premium (unless HEARx elects to pay that premium in cash), by a conversion price equal to the lesser of the average closing bid prices for the HEARx common stock during a five-day period prior to conversion, and \$18.00, subject to adjustment upon occurrence of certain dilutive events. The premium payable upon conversion is equal to 8% of the stated value of 1998 Convertible Preferred Stock from the date of issuance until one year following such date, and increases by 0.5% each year, commencing on the date that is one year following the date of issuance. The 1998 Convertible Preferred Stock may be converted by holders at any time prior to August 27, 2003, and automatically converts on such date.

In the event of the liquidation, dissolution or winding up of HEARx prior to conversion of the 1998 Convertible Preferred Stock, holders of 1998 Convertible Preferred Stock will be entitled to share ratably in all assets available for distribution prior to distributions to holders of HEARx common stock. In addition, no distributions may be made to holders of HEARx common stock until holders of 1998 Convertible Preferred Stock shall have received a liquidation preference equal to the sum of the stated value of the 1998 Convertible Preferred Stock plus an amount equal to ten percent per annum of such stated value for the period from the date of issuance until the date of final distribution. Since 1999, a total of 2,723 shares of the 1998 Convertible Preferred Stock plus accrued dividends of \$373,336 have been converted into 1,262,114 shares of HEARx common stock.

For each share of 1998 Convertible Preferred Stock purchased, an investor received warrants to acquire 7.5 shares of HEARx common stock. Upon exercise, holders are entitled to receive shares of common stock for an exercise price of \$18.00 per share. The warrants will expire on August 27, 2003. In connection with this transaction, HEARx issued 56,250 warrants with an exercise price of \$18.00 to individuals who served as finders for the placement of preferred shares with the investors. All related warrants remain outstanding as of January 14, 2002. Shares of common stock underlying the 1998 Convertible Preferred Stock and the related warrants were registered for resale on Form S-3.

HEARx Rights Agreement

On December 14, 1999, the Board of Directors of HEARx declared a dividend of one preferred share purchase right for each outstanding share of HEARx common stock. The dividend distribution was payable on December 31, 1999, to the stockholders of record on that date. Each right entitles the registered holder to purchase from HEARx one one-hundredth of a share of Series H Junior Participating Preferred Stock, par value \$1.00 per share, at a price of \$28.00 per one one-hundredth of a share of Preferred Stock, subject to adjustment. The description and terms of the rights are set forth in a Rights Agreement dated as of December 14, 1999, and amended and restated as of February 2, 2002, as the same may be further amended from time to time, between HEARx and The Bank of New York, as rights agent. On February 2, 2002 HEARx and the rights agent amended and restated the rights agreement to, among other things, give effect to

Table of Contents

the issuance of the exchangeable shares, as voting stock of HEARx, and to otherwise take into account the effects of the arrangement.

Until the earlier to occur of (i) the close of business on the tenth business day following the date of public announcement or the date on which HEARx first has notice or determines that a person or group of affiliated or associated persons (other than HEARx, any subsidiary of HEARx, any employee benefit plan of HEARx or the trustee appointed under the voting trust and exchange agreement) has acquired, or obtained the right to acquire, 15% or more of the outstanding shares of voting stock of HEARx without the prior express written consent of HEARx executed on behalf of HEARx by a duly authorized officer of HEARx following express approval by action of at least a majority of the members of the Board of Directors then in office or (ii) the close of business on the tenth business day (or such later date as may be determined by action of the Board of Directors but not later than the stock acquisition date) following the commencement of a tender offer or exchange offer, without the prior written consent of HEARx, by a person (other than HEARx, any subsidiary of HEARx or an employee benefit plan of HEARx and certain affiliated entities) which, upon consummation, would result in such party's control of 15% or more of HEARx's voting stock (the earlier of the dates in clause (i) or (ii) above being called the distribution date), the rights will be evidenced, with respect to any of the HEARx common stock certificates outstanding as of the record date, by such common stock certificates.

The Rights Agreement provides that, until the distribution date (or earlier redemption or expiration of the rights), the rights will be transferred with and only with HEARx common stock. Until the distribution date (or earlier redemption, exchange or expiration of the rights), new HEARx common stock certificates issued after the record date upon transfer or new issuances of common stock will contain a notation incorporating the Rights Agreement by reference. Until the distribution date (or earlier redemption, exchange or expiration of the rights), the surrender for transfer of any certificates for shares of HEARx common stock outstanding as of the record date, even without such notation or a copy of this summary of rights, will also constitute the transfer of the rights associated with the common stock represented by such certificate.

The rights are not exercisable until the distribution date. The rights will expire, if not previously exercised, on December 31, 2009, unless the date is extended or unless the rights are earlier redeemed or exchanged by HEARx.

The purchase price payable, and the number of shares of preferred stock or other securities or property issuable, upon exercise of the rights are subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of the preferred stock, (ii) upon the grant to holders of the preferred stock of certain rights or warrants to subscribe for or purchase preferred stock at a price, or securities convertible into preferred stock with a conversion price, less than the then-current market price of the preferred stock or (iii) upon the distribution to holders of the preferred stock of evidences of indebtedness or assets (excluding regular periodic cash dividends or dividends payable in preferred stock) or of subscription rights or warrants (other than those referred to above).

The number of outstanding rights and the number of one one-hundredths of a share of preferred stock issuable upon exercise of each right are also subject to adjustment in the event of a stock split of the HEARx common stock or a stock dividend on the common stock payable in shares of common stock or subdivisions, consolidations or combinations of the common stock occurring, in any such case, prior to the distribution date.

Shares of preferred stock purchasable upon exercise of the rights will not be redeemable and junior to any other series of preferred stock HEARx may issue (unless otherwise provided in the terms of such stock). Each share of preferred stock will have a preferential dividend in an amount equal to 100 times any dividend declared on each share of HEARx common stock. In the event of liquidation, the holders of the preferred stock will receive a preferred liquidation payment of equal to the greater of \$100 and 100 times the payment made per share of HEARx common stock. Each share of preferred stock will have 100 votes, voting together with the HEARx common stock. In the event of any merger, consolidation or other transaction in which shares of HEARx common stock are converted or exchanged, each share of preferred stock will be entitled to receive 100 times the amount and type of consideration received per share of HEARx common stock. The rights of the preferred stock as to dividends, liquidation and voting, and in the event of mergers and consolidations, are protected by customary antidilution provisions.

Table of Contents

Because of the nature of the preferred stock's dividend, liquidation and voting rights, the value of the one one-hundredth interest in a share of preferred stock purchasable upon exercise of each right should approximate the value of one share of common stock.

If any person or group (other than HEARx, any subsidiary of HEARx, any employee benefit plan of HEARx or the trustee) acquires 15% or more of HEARx's outstanding voting stock without the prior written consent of the Board of Directors of HEARx, each right, except those held by such persons, would entitle each holder of a right to acquire such number of shares of HEARx common stock as shall equal the result obtained by multiplying the then current purchase price by the number of one one-hundredths of a share of preferred stock for which a right is then exercisable and dividing that product by 50% of the then current per-share market price of Company common stock.

If any person or group (other than HEARx, any subsidiary of HEARx, any employee benefit plan of HEARx or the trustee) acquires more than 15% but less than 50% of the outstanding HEARx common stock without prior written consent of the Board of Directors of HEARx, each right, except those held by such persons, may be exchanged by the Board of Directors of HEARx for one share of HEARx common stock.

If HEARx were acquired in a merger or other business combination transaction where HEARx is not the surviving corporation or where HEARx common stock is exchanged or changed or 50% or more of HEARx's assets or earnings power is sold in one or several transactions without the prior written consent of the Board of Directors of HEARx, each right would entitle the holders thereof (except for the acquiring person) to receive such number of shares of the acquiring company's common stock as shall be equal to the result obtained by multiplying the then current purchase price by the number one one-hundredths of a share of preferred stock for which a right is then exercisable and dividing that product by 50% of the then current market price per share of the common stock of the acquiring company on the date of such merger or other business combination transaction.

At any time prior to the time an acquiring person becomes such, the Board of Directors of HEARx may redeem the rights in whole, but not in part, at a price of \$0.01 per right. The redemption of the rights may be made effective at such time, on such basis and with such conditions as the Board of Directors of HEARx in its sole discretion may establish. Immediately upon any redemption of the rights, the right to exercise the rights will terminate and the only right of the holders of rights will be to receive the redemption price.

The terms of the rights may be amended by the Board of Directors of HEARx without the consent of the holders of the rights, including, but not limited to, an amendment to lower certain thresholds described above to not less than the greater of (i) any percentage greater than the largest percentage of the voting power of all securities of HEARx then known to HEARx to be beneficially owned by any person or group of affiliated or associated persons and (ii) 10%, except that from and after such time as any person or group of affiliated or associated persons becomes an acquiring person no such amendment may adversely affect the interests of the holders of the rights.

Until a right is exercised, the holder thereof, as such, will have no rights as a stockholder of HEARx, including, without limitation, the right to vote or to receive dividends.

Special Voting Share

The special voting share will be authorized for issuance and issued to the trustee appointed under the voting trust and exchange agreement pursuant to the plan of arrangement. The special voting share will be a preferred share of HEARx and will have a par value of \$1.00. Except as otherwise required by law, the special voting share will be entitled to a number of votes equal to the number of outstanding exchangeable shares from time to time outstanding and not owned by HEARx or its subsidiaries. These votes may be exercised for the election of directors and on all other matters submitted to the vote of HEARx stockholders. The holders of HEARx common stock and the holder of the special voting share will vote together as a single class on all matters, except to the extent voting as a separate class is required by applicable law or the HEARx certificate of incorporation. The holder of the special voting share will not be entitled to receive dividends from HEARx. In the event of any liquidation, dissolution or winding-up of HEARx, the holder of the special voting share will

Table of Contents

not be entitled to share in the assets available for distribution to stockholders. At such time as there are no exchangeable shares outstanding not owned by HEARx or its subsidiaries, the special voting share will be canceled.

Warrants and Options

HEARx currently has outstanding common stock purchase warrants and options entitling the holders thereof to purchase an aggregate of up to 2,162,165 shares of HEARx common stock.

Delaware Law and Certain Provisions of the HEARx Certificate of Incorporation and Bylaws

In addition to the rights agreement described above, some of the provisions of Delaware law and the certificate of incorporation and bylaws of HEARx, summarized in the following paragraphs, may be considered to have an anti-takeover effect and may delay, deter or prevent a tender offer, proxy contest or other takeover attempt that a stockholder might consider to be in such stockholder's best interest, including such an attempt that might result in payment of a premium over the market price for shares held by stockholders.

Prohibition on Certain Business Combinations

HEARx is subject to the provisions of Section 203 of the Delaware General Corporation Law. In general, section 203 prohibits publicly held Delaware corporations from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner or unless the interested stockholder acquired at least 85% of the corporation's voting shares (excluding shares held by certain designated stockholders) in the transaction in which it became an interested stockholder. For purposes of section 203, a business combination includes a merger, asset sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an interested stockholder is a person who, together with affiliates and associates, owns, or with the previous three years did own, 15% or more of the corporation's voting shares.

Preferred Stock

The certificate of incorporation of HEARx authorizes the board of directors to establish one or more series of preferred stock, and to determine the terms of that series at the time of issuance. See Description of HEARx Common Stock and Other Securities Preferred Stock above.

Special Meetings of Stockholders

The bylaws of HEARx provide that a special meeting of stockholders may only be called by one of the following, subject to compliance with specified procedures:

the Chairman of the Board of Directors; or

a majority of the Board of Directors.

Advance Notice Requirements

The bylaws of HEARx require that stockholders give advance notice to the corporate secretary of any nominations for director or other business to be brought by stockholders at any meeting of stockholders and comply with procedural requirements specified in the bylaws.

Transfer Agent for HEARx

The transfer agent for HEARx common stock is American Stock Transfer & Trust Company, 59 Maiden Lane, New York, New York 10007. Its telephone number is (800) 937-5449.

Helix Common Shares

The holders of Helix common shares are entitled to one vote per common share on all matters submitted to a vote of Helix shareholders, except those matters as to which only holders of a specified class of shares are entitled to vote. Holders of Helix common shares are entitled to receive ratably such dividends as may be declared by the Board of Directors of Helix out of funds legally available therefor, subject to preferences that may be applicable to any outstanding preferred shares. In the event of a liquidation, dissolution or winding up of Helix, holders of Helix common shares are entitled to share ratably in all assets remaining after payment of liabilities and the liquidation preference of any outstanding preferred shares. Holders of Helix common shares have no preemptive, redemption or conversion rights. Two persons present and holding or representing by proxy five percent of the shares entitled to vote at the meeting constitute a quorum at any meeting of holders of Helix common shares. If a quorum is not present at the opening of the meeting of Helix shareholders, the shareholders present or represented may adjourn the meeting to a fixed time and place but may not transact any other business. Unless otherwise required by law, all questions to be voted on by Helix shareholders shall be determined by a majority of the votes cast.

Helix Preferred Shares

Helix has two classes of preferred shares, each class having identical characteristics. The holders of preferred shares are entitled to dividends as and when declared by the Board of Directors of Helix, to one vote per share at meetings of Helix shareholders and, upon liquidation, to receive the redemption value (as defined) per preferred share together with any accrued and unpaid dividends in priority to any money, property or assets being distributed to holders of any Helix common shares or other shares in the capital of Helix ranking junior to the preferred shares.

Helix has the right to redeem or purchase for cancellation, at any time, or from time to time, any part of, then outstanding preferred shares. A holder of preferred shares has the right to require Helix to redeem, at any time or times, all or any part of such shares registered in such holder's name.

No distribution shall be made to the holders of any Helix common shares, if such distribution would result in Helix having insufficient net assets to redeem or purchase preferred shares. No class of Helix shares may be created ranking as to capital or dividends in priority to or on a parity with the preferred shares without the consent or approval of the holders of preferred shares.

Quebec Securities Commission Policy Q-8 Escrow

Pursuant to the terms of an Escrow Agreement dated July 3, 1997, the Quebec Securities Commission required that an aggregate of 14,295,000 common shares be placed in escrow in accordance with Quebec Securities Commission Policy Q-8. As of February 7, 2002, a total of 4,288,500 common shares remained in escrow. The remaining shares will be released from escrow on May 5, 2002.

COMPARISON OF STOCKHOLDERS RIGHTS

General

Helix is incorporated under the Canada Business Corporations Act. HEARx was incorporated under the Delaware General Corporation Law. Each company is governed by the laws under which it was incorporated, as well as its articles or certificate of incorporation and bylaws. Upon completion of the arrangement, holders of Helix common stock will receive HEARx common stock or exchangeable shares for their Helix shares. Helix common stockholders will have the right to exchange their exchangeable shares for the same number of shares of HEARx common stock.

The rights and privileges of HEARx stockholders will differ from those of Helix stockholders because of differences between Delaware and Canadian law, between the Delaware General Corporation Law and the Canada Business Corporations Act and between the HEARx certificate of incorporation and bylaws and the Helix articles of incorporation and bylaws.

The following is a summary of the material differences in stockholder rights. The following does not include a complete description of all differences among the rights of stockholders, nor does it include a complete description of the specific rights of stockholders. In addition, the identification of some differences in the rights of stockholders is not intended to indicate that other differences that are important do not exist.

Voting Rights

Each holder of HEARx common stock is entitled to cast one vote for each share held of record on all matters submitted to a vote of stockholders, including the election of directors. Holders of common stock have no cumulative voting rights.

Each holder of Helix common stock is entitled to cast one vote for each share held of record on all matters submitted to a vote of shareholders, including the election of directors. Holders of common stock have no cumulative voting rights.

Number of Directors

Delaware law permits the board of directors to change the authorized number of directors by amendment to the bylaws or in the manner provided in the bylaws unless the number of directors is fixed in the certificate of incorporation, in which case a change in the number of directors may be made only by amendment to the certificate of incorporation. HEARx's certificate of incorporation provides that the number of directors shall be as specified in HEARx's bylaws. HEARx's bylaws currently provide that the number of directors of the corporation shall consist of not less than one nor more than ten members, which shall be determined by resolution of the Board of Directors. An amendment to HEARx's certificate of incorporation requires the vote or written consent of holders of a majority of the shares entitled to vote. HEARx's bylaws may be amended by either the board of directors or by the vote or written consent of holders of a majority of the shares entitled to vote.

Helix's articles of incorporation provide that the number of directors of the corporation shall consist of a minimum of three and a maximum of fifteen members until changed by amendment of Helix's articles of incorporation. Such an amendment requires that a special resolution be passed. A special resolution is passed by a vote of at least two-thirds of the votes cast by stockholders who voted. In the event that the number of directors is less than the maximum authorized by the articles of incorporation, Helix's articles provide that the directors may appoint one or more directors to hold office for a term expiring not later than the close of the next annual meeting of shareholders, but the total number of directors so appointed may not exceed one-third of the number of directors elected at the previous annual meeting of shareholders.

Removal of Directors

HEARx's directors are generally elected to hold office until the expiration of the term for which they are elected and until their successors have been duly elected and qualified. However, under Delaware law and

Table of Contents

HEARx's bylaws, (unless otherwise restricted by statute, HEARx's certificate of incorporation or an amendment to the bylaws) any director or the entire board of directors may be removed with or without cause by the holders of a majority of the shares then entitled to vote at an election of directors.

Under the Canada Business Corporations Act, provided that articles of the corporation do not provide for cumulative voting, shareholders of a corporation may by ordinary resolution passed at a special meeting remove any director or directors from office. If holders of a class or series of shares have the exclusive right to elect one or more directors, a director elected by them may only be removed by an ordinary resolution at a meeting of the shareholders of that class or series.

Filling Vacancies on the Board of Directors

Under HEARx's bylaws, vacancies and newly created directorships resulting from an increase in the authorized number of directors may be filled by a majority of the remaining members of the board of directors. This is true even if the majority is less than a quorum, or there is a sole remaining director. Each director elected in this manner holds office until his or her successor is elected at the next succeeding annual meeting of stockholders or at a special meeting called for the purpose. If, at the time of filling any vacancy or any newly created directorship, the directors then in office constitute less than a majority of the whole board, a Delaware court may, upon application of any stockholder or stockholders holding at least ten percent of the total number of shares at the time outstanding having the right to vote for such directors, summarily order an election to be held to fill such vacancies or newly created directorship.

Under the Canada Business Corporations Act, subject to the articles of the corporation, a vacancy among the directors may be filled at a meeting of shareholders or by a quorum of directors except when the vacancy results from an increase in the number or minimum number of directors or from a failure to elect the appropriate number of directors required by the articles. Each director appointed holds office until his or her successor is elected at the next meeting of shareholders of the corporation unless his or her office is vacated earlier.

Advance Notice Provisions for Stockholder Nominations and Proposals

The HEARx bylaws allow stockholders to nominate candidates for election to HEARx's board of directors or propose other business at any annual or special stockholders meeting. To be properly brought before an annual or special meeting, nominations for the election of directors or other business proposals must be:

specified in the notice of meeting, or any supplemental material, given by or at the direction of the board of directors;

otherwise properly brought before the meeting by or at the direction of the board of directors; or

otherwise properly brought before the meeting by a stockholder.

However, nominations and proposals may only be made by a stockholder who has given timely written notice to the secretary of HEARx before the annual or special stockholder meeting.

Under HEARx's bylaws, to be timely, notice of stockholder nominations or proposals to be made at a stockholder meeting must be received by the secretary of HEARx no less than 90 days nor more than 120 days prior to the anniversary of the last annual meeting of stockholders, and in the case of a special meeting, not less than 10 days immediately following the giving of notice of the special meeting. If, however, there is less than 100 days notice or prior public disclosure of the date of the meeting given to the stockholders, the stockholder notice will be considered timely if the proposal is received by the close of business on the tenth day following the notice of the meeting.

Under the Canada Business Corporations Act, proposals with respect to the nomination of candidates for election to the board of directors may be made at or before any annual meeting of the corporation.

Dividends; Liquidation

Holders of HEARx common stock are entitled to receive proportionately any dividends as may be declared by its Board of Directors. Holders of HEARx Series J Preferred Stock are entitled to receive

Table of Contents

cumulative cash dividends at the rate per share of 6% per annum, payable quarterly. Upon any liquidation, dissolution or winding up of HEARx, the holders of common stock are entitled to receive on a pro rata basis the assets of HEARx which are legally available for distribution, after payment of all debts and other liabilities and subject to the rights of the holders of HEARx's 1998 Convertible Preferred Stock and HEARx's Series J Preferred Stock. Upon any liquidation, dissolution or winding up of HEARx, the holders of HEARx's 1998 Convertible Preferred Stock will receive a liquidation preference equal to the stated value per share (\$1,000) plus an amount equal to ten percent (10%) per annum of the stated value for the period from the date of issuance until the date of final distribution, before any distribution is made to common stock. The Series J Preferred Stock will be entitled to receive the stated value per share (\$10,000) plus any accrued and unpaid dividends before any distribution is made to the holders of common stock but after payment is made to the holders of the 1998 Convertible Preferred Stock.

Holders of Helix common stock are entitled to receive proportionately any dividends as may be declared by the Helix Board of Directors, subject to any preferential rights of outstanding preferred stock. Upon the liquidation, dissolution or winding up of Helix, the holders of Helix common stock will be entitled to receive proportionately Helix's net assets available after payment of all debts and other liabilities and subject to any prior rights of any outstanding preferred stock.

Accordingly, HEARx and Helix stockholders generally have the same dividend and liquidation rights, although HEARx currently has preferred stock outstanding with rights superior to the HEARx common stock and Helix does not.

Vote Required for Extraordinary Transactions

The Canada Business Corporations Act requires certain extraordinary corporate actions to be approved by special resolution. These actions include:

certain combinations (other than with a wholly owned subsidiary);

continuances;

sales, leases or exchanges of all or substantially all the property of a corporation other than in the ordinary course of business; and

other extraordinary corporate actions such as liquidations, dissolutions and arrangements ordered by a court.

A special resolution is a resolution passed at a meeting by at least two-thirds of the votes cast by stockholders who voted on the resolution. In some circumstances, a special resolution is also required to be approved separately by the holders of a class or series of shares. This may be the case even where the class or series of shares does not otherwise have voting rights.

The Delaware General Corporation Law requires a majority of the outstanding shares entitled to vote to authorize a merger, consolidation, dissolution or sale of substantially all of the assets of a corporation. The vote of shareholders of a corporation surviving a merger is not required (unless required by the certificate of incorporation), if:

the corporation's certificate of incorporation is not amended by the merger;

each share of the corporation's stock outstanding immediately prior to the effective date of the merger will be an identical outstanding or treasury share of the surviving corporation after the effective date of the merger; and

either,

no shares of common stock, or securities or obligations convertible into common stock, of the surviving corporation are to be issued or delivered under the plan of merger; or

the authorized unissued shares or the treasury shares of common stock of the surviving corporation to be issued and delivered in the merger plus shares issuable upon conversion of any other securities or obligations to be issued in the merger, do not exceed 20% of the surviving corporation's outstanding common stock immediately prior to the effective date of the merger.

Table of Contents

In limited circumstances, stockholder approval is not required to authorize a merger with or into a single direct or indirect wholly owned subsidiary. In addition, stockholder approval is not required for a parent corporation to merge or consolidate with a subsidiary where the parent owns 90% or more of the subsidiary's outstanding shares.

Calling a Stockholders Meeting

Under the Canada Business Corporations Act, holders of at least 5% of a corporation's issued shares having the right to vote may request the directors call a stockholders meeting. If the request meets the technical requirements of the Act, the directors of the corporation must call the meeting. If the directors do not do so, the stockholders who made the request may call the meeting.

Under the Delaware General Corporation Law, special meetings of stockholders may be called by the board of directors or by persons authorized to do so by the certificate of incorporation or bylaws. Under the HEARx bylaws, HEARx stockholders are not permitted to call (or to require the HEARx board of directors to call) a special stockholders meeting.

Amendment to Governing Documents

Under the Canada Business Corporations Act, an amendment to the articles of incorporation generally requires approval by special resolution. The Act provides that, unless the articles or by-laws provide otherwise, the directors may make, amend or repeal any by-laws by resolution. Such action must be submitted at the next meeting of stockholders, and the stockholders may confirm, reject or amend the new by-law, amendment or repeal by an ordinary resolution. An ordinary resolution is a resolution passed by a majority of the votes cast by stockholders who voted.

The Delaware General Corporation Law requires any amendment to the certificate of incorporation to be approved by the board of directors and a majority of the outstanding stock entitled to vote on the amendment, unless the certificate of incorporation requires a greater vote. By-laws may be adopted, amended or repealed by the board of directors if the certificate of incorporation so provides. The HEARx certificate of incorporation gives the board the power to adopt, amend or repeal the by-laws.

Dissenters Rights

The Canada Business Corporations Act provides that stockholders who are entitled to vote on some matters may exercise dissent rights and receive the fair value for all their shares. The Act does not distinguish for this purpose between listed and unlisted shares. The matters on which dissent rights may be exercised include:

- any amalgamation with another corporation, other than with certain affiliated corporations;
- an amendment to the articles of incorporation to add, change or remove provisions restricting the issue, transfer or ownership of shares;
- an amendment to the articles of incorporation to add, change or remove restrictions on the corporation's business;
- a continuance under the laws of another jurisdiction;
- a sale, lease or exchange of all or substantially all the property of the corporation other than in the ordinary course of business;
- a court order permitting a stockholder to dissent, if issued in connection with an order approving a proposed arrangement; and
- certain amendments to the articles of a corporation which require a separate class or series vote.

Under the Delaware General Corporation Law, in some circumstances, shareholders have the right to dissent from a merger or consolidation (but not from a sale or transfer of assets) by demanding cash payment for their shares. The payment amount will be equal to the fair value of the shares, as determined by a court in an action timely brought by the corporation or the dissenters. The determination of fair value will exclude any value arising from the conclusion or expectation of the merger or consolidation.

Table of Contents

Dissent rights will generally not apply under the Delaware General Corporation Law if the corporation's shares are listed on a national securities exchange or Nasdaq or held by more than 2,000 stockholders of record. Dissent rights will still apply, however, if the agreement of merger or consolidation requires shareholders to accept for their shares anything other than:

stock of the surviving corporation;

shares of stock of another corporation whose shares of stock are listed on a national securities exchange or Nasdaq or held by more than 2,000 stockholders of record;

cash in lieu of fractional shares; or

a combination of the above.

Finally, dissent rights are not available to stockholders of a surviving corporation in a merger that did not require the vote of such stockholders.

Oppression Remedy

The Canada Business Corporations Act provides for an oppression remedy that allows a court to intervene in corporate affairs to protect the reasonable expectations of stockholders and other approved complainants. The oppression remedy is available where:

any act or omission of the corporation or an affiliate effects a result, or

the business or affairs of the corporation or an affiliate are or have been carried on or conducted in a manner, or

the powers of the directors of the corporation or an affiliate are or have been exercised in a manner, that is, oppressive or unfairly prejudicial to, or unfairly disregards, the interest of any security holder, creditor, director or officer of the corporation.

The court's jurisdiction under the oppression remedy does not necessarily require a finding of breach of fiduciary duty or conduct that is contrary to a complainant's legal rights. The court may order a corporation to pay the interim expenses of a complainant, but may require the complainant to reimburse the corporation upon final disposition of the action.

The Delaware General Corporation Law does not provide for a similar remedy.

Derivative Action

Under the Canada Business Corporations Act, a complainant may bring an action on behalf of a corporation or any subsidiary, or intervene in an existing action involving the corporation, for the purpose of prosecuting, defending or discontinuing the action on behalf of the corporation. The complainant must give reasonable notice to the directors of the corporation or its subsidiary if:

the directors of the corporation or its subsidiary do not bring, diligently prosecute or defend or discontinue the action;

the complainant is acting in good faith; and

it appears to be in the interests of the corporation or its subsidiary that the action be brought, prosecuted, defended or discontinued.

In a derivative action under the Act, the court may make any order in its discretion, including an order that requires a corporation or its subsidiary to pay the complainant's interim costs (including reasonable legal fees and disbursements). A complainant will not be required to put up security for interim costs in a derivative action, even though he or she may be held accountable for such costs on final disposition of the action.

Derivative actions may be brought by a stockholder on behalf of, and for the benefit of, a corporation governed by the Delaware General Corporation Law. The stockholder must state in the complaint that he or she was a stockholder of the corporation at the time of the transaction of which he or she complains, or that his or her stock was acquired by operation of law. A stockholder may not sue derivatively unless he or she

first

Table of Contents

demands that the corporation bring suit and is refused, unless it is shown that a suit by the corporation would have been futile.

Director Qualifications

The Canada Business Corporations Act requires a board of directors of a publicly-traded corporation be composed of no fewer than three directors, at least two of whom are not officers or employees of that corporation or any of its affiliates, and that at least 25% of the directors of every corporation be resident Canadians. However, if the corporation has less than four directors, at least one director must be a resident Canadian. The Delaware General Corporation Law does not contain any independence or residency requirements for directors.

Stockholder Consent In Lieu of Meeting

Under the Canada Business Corporations Act, stockholder action without a meeting may only be taken by written resolution signed by all stockholders who would be entitled to vote on the action at a meeting.

Under the Delaware General Corporation Law, unless otherwise provided in the certificate of incorporation, any action required or permitted to be taken at an annual or special meeting of stockholders may be taken by consent without a meeting and without prior notice. The consent must be in writing and signed by the stockholders having at least the minimum number of votes that would be necessary to authorize the action at a meeting where all shares entitled to vote were present and voted. The restated certificate of incorporation of HEARx does not otherwise limit this ability to take action by written consent.

Fiduciary Duties of Directors

Under the Canada Business Corporations Act, directors must act honestly and in good faith with a view to the best interests of the corporation. Directors must also exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Directors of corporations incorporated or organized under the Delaware General Corporation Law must act in accordance with the duties of due care and loyalty. The duty of care requires that directors act in an informed and deliberative manner. They must inform themselves of all material information reasonably available to them prior to making a business decision. The duty of loyalty is the duty to act in good faith in a manner that the directors reasonably believe to be in the best interests of the corporation and its stockholders.

Indemnification of Officers and Directors

Under the Canada Business Corporations Act, a corporation may indemnify certain persons associated with the corporation against all costs, charges and expenses (including an amount paid to settle an action or satisfy a judgment) reasonably incurred by him or her in respect of certain civil, criminal or administrative actions to which he or she is made a party by reason of being or having been a director or officer of such corporation. Indemnifiable persons are current and former directors or officers, persons who act or acted at the corporation's request as a director or officer of a company of which the corporation is or was a stockholder or creditor, and those persons' heirs and legal representatives.

Indemnification is permitted only if the indemnifiable person:

acted honestly and in good faith with a view to the best interests of the corporation; and

in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, he or she had reasonable grounds for believing his or her conduct to be lawful.

With the approval of the court, a corporation may also indemnify an indemnifiable person in respect of an action by or on behalf of the corporation. Helix's by-laws provide for indemnification of directors and officers.

The Delaware General Corporation Law provides that a corporation may indemnify its present and former directors, officers, employees and agents against all reasonable expenses (including attorneys fees) incurred in defending an action to which he or she is a party in that capacity. Except in actions initiated by or

Table of Contents

in the right of the corporation, the corporation may indemnify such persons against all judgments, fines and amounts paid in settlement of actions brought against them.

Indemnification is permitted only if the individual acted in good faith and in a manner that he or she reasonably believed to be in, or not opposed to, the best interests of the corporation. In the case of a criminal proceeding, the individual must have had no reasonable cause to believe his or her conduct was unlawful. In addition, a corporation must indemnify a current or former director or officer to the extent that he or she is successful on the merits or otherwise in the defense of any claim.

The Delaware General Corporation Law allows for the advance payment of an indemnified person's expenses prior to the final disposition of an action. In the case of a current director or officer, the indemnified person must undertake to repay any amount advanced if it is later determined that he or she is not entitled to indemnification. Neither the Canada Business Corporations Act nor the Helix by-laws expressly provides for such advance payment.

The HEARx by-laws provide for indemnification of directors and officers to the fullest extent authorized by the Delaware General Corporation Law.

No Preemptive Rights

Neither the Delaware General Corporation Law nor the Canadian Business Corporations Act provides for preemptive rights to acquire a corporation's unissued stock. However, such rights may be granted to the stockholders in a corporation's certificate or articles of incorporation. Neither the HEARx certificate of incorporation nor the Helix articles of incorporation provide for preemptive rights.

Anti-Takeover Provisions and Interested Stockholders

The Delaware General Corporation Law prohibits, in certain circumstances, a business combination between the corporation and an interested stockholder within three years of the stockholder becoming an interested stockholder. An interested stockholder is a stockholder that either directly or indirectly controls 15% or more of the corporation's outstanding voting stock, or is an affiliate of the corporation and owned 15% or more of the outstanding voting stock at any time in the last three years. A business combination means a merger, consolidation, sale or other disposition of assets with an aggregate value of more than 10% of the consolidated assets, the aggregate market value of the consolidated assets or outstanding stock of the corporation. A business combination also includes certain transactions that would increase an interested stockholder's proportionate stock ownership in the corporation.

The business combination will not be prohibited where:

the business combination or the transaction that resulted in the stockholder becoming an interested stockholder is approved by the corporation's board of directors prior to the time the interested stockholder acquired its 15% interest;

at the time of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the corporation's outstanding voting stock;

the business combination is approved by a majority of the board of directors and two-thirds of the outstanding votes entitled to be cast by disinterested stockholders at an annual or special meeting;

the corporation does not have a class of voting stock that is listed on a national securities exchange, authorized for quotation on Nasdaq, or held by more than 2,000 stockholders of record;

the corporation has opted out of this provision; or

in certain other limited circumstances.

HEARx has not opted out of this provision.

The Canada Business Corporations Act does not contain a comparable provision. Policies of certain Canadian securities regulatory authorities, however, including Policy 61-501 of the Ontario Securities

Table of Contents

Commission and Policy Q-27 of the Québec Securities Commission, address related party transactions. In a related party transaction, an issuer acquires or transfers an asset or treasury securities, or assumes or transfers a liability, from or to a related party in one or any combination of transactions. A related party is defined in the policies to include directors, senior officers and holders of at least 10% of the issuer's voting securities.

The policies require more detailed disclosure in the proxy material sent to security holders in connection with a related party transaction. In addition, subject to certain exceptions, the policies require the proxy material to include a formal valuation of the subject matter of the related party transaction and any non-cash consideration and a summary of the valuation. The policies also require that the stockholders of the issuer, other than the related party and its affiliates, separately approve the transaction by either a simple majority or two-thirds of the votes cast, depending on the circumstances.

Director Liability

Under the Delaware General Corporation Law, the certificate of incorporation may limit or eliminate the liability of directors for monetary damages for breach of fiduciary duties as a director. This is permitted so long as the liability does not arise from:

breach of the duty of loyalty;

acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

the payment of unlawful dividends or expenditure of funds for unlawful stock repurchases;

or redemptions or transactions for which such director derived an improper personal benefit.

The HEARx certificate of incorporation limits the liability of its directors to the fullest extent permitted by the Delaware General Corporation Law.

The Canada Business Corporations Act does not permit such a limitation of director liability.

Table of Contents**OTHER HEARx SPECIAL MEETING PROPOSALS****Amendment of the Certificate of Incorporation to Increase Authorized Capital Stock**

The HEARx certificate of incorporation currently authorizes the issuance of up to 2,000,000 shares of HEARx preferred stock and 20,000,000 shares of HEARx common stock. As of January 14, 2002, 18,804,401 shares of HEARx common stock were issued and outstanding or reserved for issuance, as follows:

Issued and outstanding	14,040,759
Reserved for issuance under stock option plans	711,313
Covered by currently outstanding non-plan options and warrants	1,052,329
Reserved for issuance under convertible preferred stock	3,000,000
Total	18,804,401

HEARx expects to reserve at least 14.61 million shares of common stock to issue to existing stockholders of Helix in exchange for their Helix common shares or exchangeable shares and 4.3 million shares of common stock to be issued upon the exercise of outstanding options, warrants and convertible securities of Helix pursuant to the arrangement.

The arrangement cannot be consummated without an increase in the number of authorized shares of HEARx common stock and a related increase in the number of shares of HEARx preferred stock to accommodate the rights agreement. The approval of this proposal is a condition to the closing of the arrangement. In addition, the HEARx board of directors believes that, without the share increases, HEARx would not have a sufficient number of authorized but unissued shares of stock to give it flexibility to meet a variety of business needs and opportunities as they may arise.

Pursuant to the proposal, the leading paragraph of Article Four of the HEARx certificate of incorporation will be amended to read as follows:

The total number of shares of stock that HEARx shall have authority to issue is fifty-five million (55,000,000), consisting of five million (5,000,000) shares of preferred stock, \$1.00 par value per share, and fifty million (50,000,000) shares of common stock, \$.10 par value per share.

The purpose of the proposed increase in the number of authorized shares is to ensure that sufficient shares of HEARx common stock are available for issuance pursuant to the arrangement and pursuant to the exercise of the securities issued to replace the Helix options, warrants and convertible securities in connection with the arrangement. In addition, the proposed increase would ensure that additional shares will be available, if and when needed, for issuance from time to time for any proper purposes approved by the HEARx board of directors. These purposes may include issuances to raise capital or effect acquisitions and for other corporate purposes.

Except for shares currently reserved or planned to be issued as described above, HEARx does not have any present plan, understanding or agreement to issue additional shares of stock. The HEARx board of directors believes, however, that the proposed increase in authorized shares of stock is desirable to enhance HEARx's flexibility in connection with possible future actions, such as stock splits, stock dividends, corporate mergers and acquisitions, financings, acquisitions of property, use in employee benefit plans, or other corporate purposes. The HEARx board of directors will determine whether, when, and on what terms the stock may be issued for any of these purposes.

Stockholders generally do not have any preemptive or similar rights to subscribe for or purchase additional shares that may be issued in the future. Future issuances of HEARx common stock or HEARx preferred stock, depending upon the circumstances, may dilute the earnings per share, book value per share, voting power and other interests of existing stockholders.

If the proposed amendment is approved, all or any of the authorized shares of common stock may be issued without further action by the stockholders and without first offering such shares to the stockholders. If

Table of Contents

the common stock is not issued to stockholders on a pro-rata basis, the stockholders' proportionate interests would be reduced.

The proposed increase in the authorized number of shares could have an anti-takeover effect, although that is not its purpose. For example, if HEARx were the subject of a hostile takeover attempt, it could try to impede the takeover by issuing shares of HEARx common stock or HEARx preferred stock. This would dilute the voting power of the other outstanding shares and increase the potential cost of the takeover. The availability of this defensive strategy to HEARx could discourage unsolicited takeover attempts and limit the opportunity for HEARx's stockholders to get a higher price for their shares than might otherwise be available in the public markets.

The board of directors of HEARx has unanimously adopted resolutions declaring the advisability of the proposed amendment to the certificate of incorporation and directing that it be submitted to the stockholders for their approval at the special meeting. If adopted by the stockholders, the amendment will become effective when it is filed with the Delaware Secretary of State as required by the Delaware General Corporation Law.

The board of directors of HEARx recommends that its stockholders vote for the adoption of the proposed amendment to HEARx's certificate of incorporation to increase the number of authorized shares of HEARx common stock and preferred stock.

Amendment of the Certificate of Incorporation to Change the Name of HEARx

The board of directors of HEARx has approved and recommends to the stockholders a proposed amendment to HEARx's certificate of incorporation to change the name of HEARx to HearUSA, Inc.

The amendment would be effective upon consummation of the arrangement. If the stockholders approve this proposal, Article One of the HEARx certificate of incorporation will be amended to read in its entirety as follows:

1. The name of the corporation is HearUSA, Inc.

The HEARx combination with Helix represents a major change for both companies. In an effort to identify and build a new corporate culture and execute a new business plan, the combined companies should have a new brand identity and corporate name. The HEARx and Helix brand names will continue in each of their markets, and the combined company will continue to evaluate their uses. In addition, through its network business, HEARx needs a new brand under which to do business. The HearUSA name is intended to capture the idea of having a national presence.

The board of directors of HEARx recommends that its stockholders vote for the adoption of the proposed amendment to HEARx's certificate of incorporation to change HEARx's name to HearUSA, Inc.

Adoption of HearUSA 2002 Flexible Stock Plan

The Board of Directors of HEARx has adopted, subject to shareholder approval, the HearUSA 2002 Flexible Stock Plan for the purpose of aiding HEARx in attracting, retaining, motivating and rewarding employees through the granting of various stock and stock-based awards. The 2002 Flexible Stock Plan will provide a sufficient number of HEARx options to exchange for outstanding Helix options in connection with the arrangement.

The 2002 Flexible Stock Plan provides for awards to eligible participants in the form of stock options, stock appreciation rights, restricted stock, performance shares, and other stock-based awards.

Any award to a person who is subject to Section 16 of the Securities Exchange Act of 1934 and any award to any other person unless otherwise specified or permitted will not be transferable other than by will or the laws of descent and distribution or the provisions of a qualified domestic relations order.

On and after the effective date of the plan, the total number of shares of common stock which may be issued in connection with all possible awards under the plan will not exceed three million shares, plus an automatic annual increase of 10% of the number of shares subject to the plan as of the prior year beginning in

Table of Contents

fiscal year 2003 not to exceed five million shares in the aggregate. If an option or stock appreciation right expires, terminates or is surrendered without having been fully exercised, or if shares of restricted stock or performance shares are forfeited, those shares will again be available under the plan to the fullest extent permitted by law.

Administration and Beneficiaries of the Plan

The 2002 Flexible Stock Plan will be administered by the full board of directors of HEARx or by a committee of the board consisting of at least two members of the board of directors who are non-employee directors as that term is defined in Rule 16b-3 of the Exchange Act. The members of the committee will be appointed by and serve at the pleasure of the board of directors, which may appoint members in substitution for members previously appointed to fill vacancies in the committee.

Awards may be made to individuals selected by the committee. In general, only employees of HEARx and affiliated entities with which HEARx or its affiliates have business relationships and holders of Helix options granted pursuant to a stock compensation plan for directors, employees and consultants approved by the Helix board of directors may receive awards.

Amendment, Termination and Change in Control

The board of directors of HEARx may amend the 2002 Flexible Stock Plan at any time, but stockholder approval is required if such amendment:

would violate applicable law, or

would cause HEARx to violate its listing agreement with the American Stock Exchange.

The plan has no fixed termination date and will continue in effect until terminated by the board of directors.

In the event of a change of control of HEARx, the committee may provide such protection as it deems necessary to maintain a participant's rights. The committee may, among other things:

accelerate the exercise or realization of any benefit;

provide for the purchase of a benefit for cash;

make such adjustment to the benefit as the committee deems appropriate; and/or

cause the benefits to be assumed or new benefits substituted therefor by the surviving company.

A change in control is defined under the Plan as any of the following:

the acquisition, without the approval of the board of directors, by any person (other than HEARx and certain related entities) of more than 20% of the outstanding shares of common stock;

the liquidation or dissolution of HEARx following a sale or other disposition of substantially all of its assets;

a merger or consolidation involving HEARx in which HEARx is not the surviving company; or

a change in the majority of the members of the board of directors of HEARx during any two year period if the change is not approved by at least two-thirds of the members of the board of directors who were members at the beginning of the two year period.

Stock Options

Stock options granted under the 2002 Flexible Stock Plan intended to qualify for special tax treatment under Section 422 of the Internal Revenue Code are incentive stock options, and options not intended to so qualify are non-qualified stock options. The per share exercise price of non-qualified stock options will be the fair market value of the shares on the date the option is granted. The per share exercise price in the case of

Table of Contents

incentive stock options will be no less than the fair market value of the shares on the date the option is granted or, in the case of a greater than 10% holder of all classes of stock of HEARx, 110% of the fair market value on the date the option is granted.

The other terms of the options will be determined by the committee and, in the case of options intended to qualify as incentive stock options, must meet all the requirements of Section 422 of the Internal Revenue Code.

Payment for shares purchased upon the exercise of options may be made in cash or in shares of common stock held by the employee for more than six months with the consent of the committee.

Stock Appreciation Rights

The committee may grant stock appreciation rights under the 2002 Flexible Stock Plan. A stock appreciation right is the right to receive an amount equal to the appreciation, if any, in the fair market value of a share of common stock from the date of grant to the date of payment. Payment will be made in cash, in shares or in any combination thereof, as determined by the committee.

The committee may grant stock appreciation rights to an employee in tandem with a stock option. In that case, the exercise of the option will cause a corresponding reduction in the stock appreciation rights that were granted in tandem with the option, and the payment of a stock appreciation right will cause a corresponding reduction in the shares underlying the option.

Restricted Stock Awards

The committee may grant shares of restricted stock at no cost. Such shares will be issued and delivered at the time of the grant, but will be subject to forfeiture until the conditions set forth in the restricted stock agreement are satisfied. Stock certificates representing shares of restricted stock will bear a legend referring to the 2002 Flexible Stock Plan, noting the risk of forfeiture of the shares and stating that such shares are nontransferable until all restrictions have been satisfied. As of the date restricted stock is granted, the grantee shall be entitled to full voting and dividend rights with respect to all such shares.

Performance Shares

The committee may grant awards of performance shares, which represent the right to receive common stock or cash equal to the fair market value of the shares at a future date in accordance with the terms of such grant. Generally, such right will be based upon the attainment of targeted profit and/or other performance objectives.

Other Stock-Based Awards

The committee may grant other stock-based awards at such time, in such amounts and subject to such terms and conditions as it deems appropriate.

Federal Income Tax Consequences

The following is a summary of the Federal income tax consequences of the 2002 Flexible Stock Plan based upon HEARx's understanding of current income tax laws, regulations and rulings. Any time a distribution is made under the plan, whether in cash or in shares of common stock, or at any time any option is exercised HEARx may withhold from the payment the amount necessary to satisfy Federal, state and local income and other tax withholding requirements. The withholding may be in cash or in shares.

Incentive Stock Options. Subject to the effect of the alternative minimum tax (discussed below), an optionee does not recognize income on the grant of an incentive stock option. An optionee will not recognize income upon exercise if the shares acquired upon exercise are not disposed of within two years from the date of the grant of the option nor within one year from the date of exercise. In that case, HEARx will not be allowed a deduction by reason of the grant or exercise.

Table of Contents

The optionee's basis in the shares acquired upon exercise will be the amount paid upon exercise. (See the discussion below for the tax consequences of the exercise of an option with stock already owned by optionee.) If the optionee holds the shares as a capital asset at the time of sale or other disposition of the shares, his gain or loss, if any, will be capital gain or loss recognized upon the disposition. The amount of his gain or loss will be the difference between the amount realized on the disposition of the shares and his basis in the shares.

If an optionee disposes of the shares within two years from the date of grant of the option or within one year from the date of exercise, the optionee will realize ordinary income at that time. Such ordinary income will be equal to the lesser of:

amount realized on the early disposition

or

the fair market value of shares on the exercise date,
over the optionee's basis in the shares.

HEARx will be entitled to a deduction in an amount equal to such ordinary income. The excess, if any, of the amount realized on the early disposition of such shares over the fair market value of the shares on the exercise date will be long-term or short-term capital gain, depending upon the holding period of the shares. If an optionee disposes of the shares for less than his basis in the shares, the difference between the amount realized and his basis will be long-term or short-term capital loss, depending upon the holding period of the shares. These calculations assume the optionee holds the shares as a capital asset at the time of disposition.

The excess of the fair market value of the shares at the time the incentive stock option is exercised over the exercise price for the shares is an item of tax preference.

Non-Qualified Stock Options. Non-qualified stock options do not qualify for the special tax treatment accorded to incentive stock options under the Internal Revenue Code. Although an optionee will not recognize income at the time of the option grant, he will recognize ordinary income upon exercise. Such ordinary income will be equal to the difference between the fair market value of the stock on the option exercise date and the amount of cash paid for the stock.

HEARx will be entitled to deduct as compensation an amount equal to the amount included in the optionee's gross income resulting from the optionee's exercise of a non-qualified stock option. HEARx's deduction will be taken in the taxable year in which the option is exercised.

The excess of the fair market value of the stock on the date of exercise of a non-qualified stock option over the exercise price is not an item of tax preference.

Stock Appreciation Rights. Recipients of stock appreciation rights do not recognize income upon the grant of the stock appreciation rights. When a participant elects to receive payment under a stock appreciation right, he or she will recognize ordinary income in an amount equal to the cash and fair market value of shares of common stock received. HEARx will be entitled to a deduction equal to such amount.

Payment in Shares. If the optionee exercises an option and surrenders stock already owned by him, different rules apply.

If the number of shares acquired exceeds the number of old shares exchanged, the optionee will recognize ordinary income on the receipt of the additional shares (provided the option is not an incentive stock option). The ordinary income will be equal to the fair market value of the additional shares, less any cash paid for them. HEARx will be entitled to a deduction of the same amount. The basis of the additional shares will be equal to the fair market value of such shares (or, in the case of an incentive stock option, the cash, if any, paid for the additional shares) on the date of exercise. The holding period for the additional shares will commence on the date the option is exercised.

With respect to the number of shares acquired that does not exceed the number of old shares exchanged, the optionee will not recognize gain or loss on the exchange. The basis of the shares received will be equal to the basis of the old shares surrendered. The holding period of the shares received will include the holding period of the old shares surrendered.

Table of Contents

If the optionee exercises an incentive stock option by surrendering old shares, for purposes of determining whether there has been an early disposition of the new shares and the amount of ordinary income on any such early disposition, the holding period for the new shares will begin on the date the optionee receives the new shares. The optionee will be deemed to have disposed of the new shares with the lowest basis first. If the optionee exercises an incentive stock option by surrendering old shares which were acquired through the exercise of an incentive stock option, and if the surrender occurs prior to the expiration of the holding period applicable to incentive stock options, the surrender will be deemed to be an early disposition of the old shares. The federal income tax consequences of an early disposition are discussed above.

If the old shares surrendered were acquired by the optionee by exercise of an incentive stock option, then, except as provided above, the exchange will not constitute an early disposition of the old shares.

Based upon prior rulings of the Internal Revenue Service in analogous areas, it is believed that if an optionee exercises an incentive stock option and surrenders old shares, and if he disposes of the new shares received upon exercise within two years from the date of the grant of the option or within one year from the date of exercise, the following tax consequences would result:

If the number of new shares received upon exercise does not exceed the number of old shares surrendered, the disposition of the new shares (except in the exercise of an incentive stock option) will not be an early disposition.

The disposition of the new shares will be an early disposition to the extent the number of new shares received upon exercise and disposed of exceeds the number of old shares surrendered.

Payment in Cancellation of Stock Option. If the committee authorized payment in cancellation of an option, the optionee will recognize income equal to the amount of any cash received and the fair market value of any shares received. The optionee's holding period for such shares would begin on the date he receives the shares. HEARx will be entitled to deduct as compensation the amount included in the optionee's gross income as a result of the payment. HEARx's deduction will be taken in its taxable year in which the payment is made. The optionee's basis in the shares is equal to the amount includible in his gross income as a result of the payment in shares.

If the acquired shares are later sold or exchanged, the difference between the sale price and the optionee's basis in the shares is taxable as long-term or short-term capital gain or loss, depending upon the holding period of the shares. This assumes the optionee holds the shares as a capital asset at the time of disposition.

Restricted Stock and Performance Shares. Grantees of restricted stock and performance shares do not recognize income at the time of the grant of such shares. When shares of restricted stock become free from any restrictions or when performance shares are paid, however, grantees will recognize ordinary income in an amount equal to the fair market value of the shares on the date all restrictions on restricted stock are satisfied or performance shares are paid.

Taxation of Preference Items. Section 55 of the Internal Revenue Code imposes an alternative minimum tax equal to the excess, if any, of the optionee's alternative minimum taxable income over his regular federal income tax. Alternative minimum taxable income is determined by adding the optionee's stock option preference and any other items of tax preference to the optionee's adjusted gross income and then subtracting certain allowable deductions and an exemption amount. At this date, the exemption amount is \$35,750 for single taxpayers, \$49,000 for married taxpayers filing jointly and \$24,500 for married taxpayers filing separately. These exemption amounts, however, are phased out beginning at certain levels of alternative minimum taxable income.

Change of Control. If a change in control results in an acceleration of the vesting or payment of benefits or the exercisability of stock options, all or a portion of the accelerated benefits may constitute excess parachute payments under Section 280G of the Internal Revenue Code. The employee receiving an excess parachute payment incurs an excise tax of 20% of the amount of the payment in excess of the employee's average annual compensation over the five calendar years preceding the year of the change of control. HEARx will not be entitled to a deduction for such payment.

The board of directors of HEARx recommends that its stockholders vote for approval of the HearUSA 2002 Flexible Stock Plan.

HEARx LTD.

Business

HEARx Ltd. operates a network of owned and operated hearing care centers that provide a full range of audiological products and services for the hearing impaired. HEARx serves in three geographic markets: Florida (including Miami, Fort Lauderdale, West Palm Beach, Tampa and Orlando), the Northeast (including the New York metropolitan area and New Jersey) and California (including Los Angeles and San Diego). HEARx's strategy for increasing market penetration includes advertising to the non-insured self-pay market and positioning HEARx as the leading provider of hearing care to the managed care marketplace in its geographic markets. HEARx believes it is well positioned to successfully address the concerns of access, quality and cost for the patients of managed care and other health insurance companies, diagnostic needs of referring physicians and, ultimately, the hearing health needs of consumers. HEARx believes that such success results from its ability to offer convenient distribution points, a quality assurance program and centers with standardized credentializing, procedures, policies, testing, formats, products, prices and ancillary services.

HEARx and its subsidiary HEARx West LLC, a joint venture with Kaiser Permanente, currently receive a per-member-per-month fee for more than 1.3 million managed care members. In total, HEARx services over 170 benefit programs for hearing care with various health maintenance organizations (HMOs), preferred provider organizations (PPOs), insurers, benefit administrators, and healthcare providers. In recent years, HEARx has increased its attention to the self-pay market, focusing on advertising and marketing programs directed to the uninsured patient. HEARx intends to increase its sales to these patients, introducing competitive price points to the public through advertising and marketing programs that include newspaper ads, direct mail, and telemarketing.

HEARx was incorporated in Delaware on April 11, 1986. HEARx formed its joint venture, HEARx West LLC, with Kaiser Permanente in 1998.

HEARx Canada Inc. is an indirect subsidiary of HEARx. HEARx Canada Inc. was incorporated under the laws of Canada on November 7, 2001, for the sole purpose of participating in the arrangement. HEARx Canada Inc. currently has nominal assets and activities. After the arrangement is completed, HEARx Canada Inc. will be a holding company that holds all of the outstanding Helix common shares other than those held by HEARx or HEARx Acquisition ULC.

HEARx Acquisition ULC is a wholly owned subsidiary of HEARx. HEARx Acquisition ULC is an unlimited liability company under the laws of the Province of Nova Scotia, formed on October 3, 2001, for the sole purpose of participating in the arrangement. HEARx Acquisition ULC holds all of the outstanding common shares of HEARx Canada Inc. HEARx Acquisition ULC will deliver HEARx common stock to holders of Helix common shares electing to receive them under the arrangement and will hold the call rights related to the exchangeable shares.

Facilities and Services

Each HEARx center is staffed or supervised by a minimum of one professionally trained, licensed and certified audiologist and at least one patient care coordinator. In some cases, HEARx employs a licensed hearing aid dispenser to staff centers along with an audiologist and/or under an audiologist's management oversight. The majority of HEARx's centers are located in conveniently accessible shopping centers and are typically 1,500 to 3,000 square feet in size. HEARx's goal is to have all centers virtually identical in interior space design, exterior marking and signage. This uniform appearance helps reinforce the consistent service and quality HEARx strives to provide to patients at all locations. Each center provides comprehensive hearing services that include:

A facility equipped with soundproof testing booths and state-of-the-art testing equipment that meets all state standards.

A family hearing counseling program available to all patients to help them better understand the use of their hearing products and their disability.

Table of Contents

A wide variety of hearing aid devices and technology types to meet patient needs.

A standardized medical reporting system for feedback to the referring physicians.

In addition, in each market HEARx operates several centers which offer a full range of diagnostic and auditory-vestibular tests that assist in the treatment of patients with hearing and balance disorders. In most cases, HEARx's charges for such diagnostic services are billable to healthcare insurers, patients, Medicare or state Medicaid programs.

Siemens Transaction

On April 23, 2001, HEARx and Siemens Hearing Instruments, Inc. signed a letter of intent pursuant to which the parties intended to form a marketing and promotional alliance in the United States. As part of this letter of intent, Siemens agreed to provide HEARx with a five-year \$7.5 million line of credit with interest at 12%, payable quarterly. These terms of the letter of intent became binding to the parties on April 27, 2001, when HEARx first drew on the line of credit. Under the letter of intent, HEARx agreed to purchase from Siemens at least 70% and up to 90% of HEARx's total hearing aid requirements over the next five years. The letter of intent provided that as HEARx purchased products from Siemens, Siemens would pay to HEARx certain rebates that would then be used to pay down the quarterly installments of principal and interest under the five-year line of credit. On December 7, 2001, HEARx and Siemens entered into the credit agreement and supply agreement described below, which superseded the letter of intent.

On December 7, 2001, HEARx obtained a \$51,875,000 secured credit facility from Siemens Hearing Instruments, Inc. The credit facility is comprised of (a) a \$10,875,000 secured five-year term loan credit facility (the Tranche A Loan); (b) a \$25,000,000 secured five-year revolving loan credit facility (the Tranche B Loan); (c) a \$3,000,000 secured five-year term loan credit facility (the Tranche C Loan); and (d) a \$13,000,000 secured five-year term loan credit facility (the Tranche D Loan).

The Tranche A Loan proceeds are to be used as follows: (i) the repayment of \$6,875,000 currently owed to Siemens from HEARx under their April 23, 2001 letter of intent; (ii) a \$2,000,000 loan to Helix for the acquisition of NECP; and (iii) \$2,000,000 for the redemption of HEARx's Series I Convertible Preferred Stock. The Tranche B Loan may be used only for future acquisitions by HEARx subject to guidelines established by the credit facility or as otherwise agreed to by HEARx and Siemens. The parties intend that the Tranche C Loan will be used for general working capital purposes and the Tranche D Loan for general working capital purposes and the payment of \$6,800,000 of debts belonging to Helix. The credit facility imposes financial and other covenants on HEARx. If HEARx cannot maintain compliance with these requirements, Siemens may decline to make funds available to HEARx. Furthermore, if HEARx and Helix do not complete the arrangement, a material portion of the credit facility may not be accessible to HEARx.

The Tranche A, B and C Loans are payable quarterly over five years with the outstanding principal and interest due and payable on the final maturity date. Principal and interest on the Tranche D Loan is payable on the final maturity date. Quarterly principal and interest payments on the Tranche A, B and C Loans will be paid through rebates received from Siemens by HEARx as long as HEARx purchases a portion of its requirements of hearing aids from Siemens pursuant to the supply agreement discussed below. The loans may be prepaid in whole or in part at any time without penalty. The credit facility is secured by a first priority security interest in substantially all of the assets of HEARx.

In connection with the credit facility, HEARx and Siemens entered into a supply agreement dated as of December 7, 2001, pursuant to which HEARx agreed to purchase from Siemens a portion of HEARx's requirements of hearing aids for a period of ten years at specified prices.

Products

HEARx has selected a range of hearing aids, assistive listening devices and other products to provide the best possible hearing care for HEARx patients, including the latest digital technology. While HEARx may order a hearing aid from any manufacturer, it is likely the majority of the hearing aids sold by HEARx will be

Table of Contents

manufactured by Siemens and its subsidiary Rexton. HEARx will also sell hearing aids manufactured by Phonak and Unitron.

HEARx centers also offer a large selection of assistive listening devices. Assistive listening devices are household and personal technology products designed to assist the hearing impaired in their day-to-day interactions, including such devices as telephone and television amplifiers, telecaptioners and decoders, pocket talkers, specially adapted telephones, alarm clocks, doorbells and fire alarms.

Marketing

HEARx's marketing plan focuses on:

Newspaper and Broadcast Advertising: HEARx places print ads and commercials in its markets promoting different hearing aids at a variety of technology levels and prices. Advertising also emphasizes the need to seek help for hearing loss as well as the qualitative differences and advantages offered by HEARx.

Direct Marketing: Utilizing HEARx's database, HEARx utilizes direct mailings and company-operated free seminars on hearing and hearing loss.

Physician Marketing: HEARx attempts to educate both physicians and their patients on the need for regular hearing testing and the importance of hearing aids and other assistive listening devices in improving the quality of life for hearing impaired individuals. HEARx works to further its image as a provider of highly professional services, quality products, and comprehensive post-sale consumer education.

Telemarketing: HEARx has developed a national call center, which covers all HEARx centers. The national call center is responsible for both inbound and outbound telemarketing.

Operations

Company-owned Centers

HEARx currently operates a total of 80 centers and 2 part-time centers located in Florida, New York, New Jersey and in California (through HEARx West). HEARx's long term goal, where the population warrants, is to open clusters of four to six Company-owned centers within a city or county in HEARx's primary markets in order to take advantage of certain operational and marketing efficiencies created by having multiple locations within a particular region. These efficiencies relate principally to advertising and marketing of the centers as well as to personnel recruiting and supervision for the centers.

Network

HEARx expects to build a network of independent hearing care providers and offer a variety of services to them and their customers. HEARx plans on calling this the HearUSA Advantage Network. Unlike HEARx's company owned and operated hearing centers, HEARx's network business would be comprised of hearing care practices owned by independent operators with whom HEARx has contracted to provide certain services. Among the services offered will be group buying, practice management services, marketing co-op arrangements, and HMO, affinity group and insurance contracts. HEARx believes that a national network would facilitate the company's goal of having a national presence in a shorter time frame and with less capital requirements than owning and operating hearing centers. However, there can be no assurance that the network, if launched, will receive enough interest among independent practitioners for it to be an economically viable business.

Joint Venture

During August 1998, HEARx formed a joint venture, HEARx West LLC, with the Permanente Federation LLC (an affiliate of Kaiser Permanente) to create and operate a network of retail centers to serve the needs of the hearing impaired principally in California. The joint venture agreement provides for a 50/50

Table of Contents

ownership by HEARx and Kaiser Permanente, with the centers bearing the HEARx name. HEARx is responsible for the daily operation of the centers, however all clinical and quality issues are the responsibility of a joint committee comprised of HEARx and Permanente clinicians.

During 2000 and 1999, HEARx West centers concentrated on providing hearing aids and diagnostic audiology testing to Kaiser Permanente's members and self-pay patients in the state of California. HEARx currently operates 20 full-time and 2 part-time HEARx West locations in southern California.

In September 2001, HEARx and Kaiser Permanente amended their joint venture agreement. HEARx West has the first right of refusal for any geographic expansion opportunities for new HEARx centers in the following markets: Southern California; Atlanta, GA; Hawaii; Denver, CO; Portland, OR; Cleveland, OH; and Washington, DC and Baltimore, MD. In addition, should HEARx make an acquisition in any of these markets, HEARx West has the right to purchase the centers. Such a sale would be done at arm's length, with HEARx West paying HEARx an equivalent value for the centers it is acquiring. Previously, HEARx West had a right to first refusal on business opportunities in all U.S. markets except Florida, New Jersey, and Pennsylvania.

Managed Care and Institutional Contracts

Since the beginning of 1991, HEARx has entered into arrangements with institutional buyers relating to the provision of hearing care products and services. HEARx believes that contractual relationships with institutional buyers of hearing aids are essential. These institutions include managed care companies, health maintenance organizations, insurance companies, senior citizen buying groups and unions. By developing contractual arrangements for the referral of patients, marketing costs are reduced, and relationships with local area physicians are enhanced. Critical to providing care to members of these groups is the availability of distribution sites, quality control and the standardization of products and services. HEARx believes its system of high quality, uniform centers meets the needs of the patients and their providers.

HEARx enters into provider agreements with health insurance or managed care organizations for the furnishing of hearing care on three different bases: (a) fee for service basis based on a contractual rate offered by HEARx to provider's members (all paid for by the patient); (b) a per capita basis, which is a fixed payment per patient per month from the provider to HEARx, determined by the number of patients to be served and the amount to be paid by the insurance or managed care organization (the balance is paid by the individual member); or (c) an encounter basis where HEARx is paid a fixed fee by the insurance or managed care organization for each hearing aid sold (with the balance paid to HEARx by the individual member).

Renewal of Agreements With Health Insurance and Managed Care Organizations

The terms of most of these agreements are to be renegotiated annually, and most of these agreements may be terminated by either party on 90-days notice at any time. The early termination of or failure to renew the agreements could adversely affect the operation of the hearing care centers located in the related market area. In addition, the early termination of or failure to renew the agreements which provide for payment to HEARx on a per capita basis would cause HEARx to lower its estimates of revenues to be received over the life of the agreements and could have an adverse effect on HEARx's results of operations. HEARx is not aware of any likely contract terminations at this time.

Effective January 1, 2001, several insurance companies with which HEARx has contracts significantly changed their contract benefits or service areas. While some insurance companies increased their Medicare benefits, others either limited or discontinued hearing benefits for Medicare patients. HEARx believes these changes will not have a long-term material adverse effect on HEARx's financial condition or results of operations. HEARx also believes that the loss of any single managed care contract will not have a long term material adverse effect on its financial condition or results of operations.

Distinguishing Features

Integral to the success of HEARx's strategy is the strengthening of consumer's confidence in the hearing care industry and the differentiation of HEARx from its competitors. To that end, HEARx has accomplished several unique objectives, which are highlighted below.

Joint Commission on Accreditation of Healthcare Organizations (JCAHO)

During 1998, HEARx distinguished itself from other hearing care providers by being awarded a three year accreditation, effective June 2, 1998, from the Joint Commission on Accreditation of Healthcare Organizations (JCAHO). To achieve accreditation, HEARx was required to meet national standards addressing the rights and responsibilities of persons enrolled in the network; organizational ethics; providing a continuum of care; educating and communicating with patients; leadership; management of information; and improving network performance. HEARx is currently renewing this accreditation with JCAHO and must take both the arrangement with Helix and the proposed network business into account in this renewal. There is no assurance that JCAHO will reaccredit HEARx, nor can there be an assurance that the JCAHO accreditation will extend to Helix centers or the network business.

Scientific Advisory Board

HEARx has formed a Scientific Advisory Board consisting of some of the leading experts in otolaryngology and audiology in an effort to instill consumer confidence. Each of the five members of the Scientific Advisory Board is a highly trained professional with extensive experience in the hearing field and is affiliated with a prestigious university and/or institution. Company officials consult with members of this Board to keep HEARx abreast of developments in otolaryngology and audiology and for advice as to HEARx's overall business strategy. Additionally, the Scientific Advisory Board meets annually to review corporate planning and discuss improvements in any of the services or products which HEARx offers. The Scientific Advisory Board also advises HEARx with respect to the introduction of new or improved services or products, assists HEARx in developing and reviewing quality assurance programs, and advises HEARx as to the effect of any proposed or existing regulatory activity upon customers of HEARx.

The current members of the Scientific Advisory Board and field with respect to which each consults with HEARx are listed below:

Center Management System, Medical Reporting and HEARx Data Link

HEARx has developed a proprietary store management and data system called the Center Management System. CMS primarily has two functions: to manage patient information, and to process point-of-sale customer transactions. The CMS system is operated over a wide area network (installed in 2001) that links all locations with the corporate office. HEARx is developing further capabilities for the wide area network.

HEARx's corporate system is tightly integrated with CMS to provide additional benefits and functionality that can be better supported centrally. Data redundancy is built into the system architecture as data is currently stored both at the center and at the central facility. This consolidated data repository is constructed to support revenues in excess of \$550 million to accommodate 200 unique business units and to manage 500,000 new patients annually.

One of the outputs of CMS is a computerized medical reporting system that gives referring physicians the results of, and recommended action for, every patient examined by HEARx. To HEARx's knowledge, no other dispenser or audiologist presently offers any referring physician similar computerized documentation. HEARx believes that as hearing acuity and correction become an expected part of an individual's health profile, accurate records of past audiological test results, prescriptions and pathology should be available and accessible to those treating the patient.

Competition

The U.S. hearing care industry is highly fragmented with approximately 11,000 practitioners providing testing and dispensing products and services. Roughly 3,000 of these practitioners are audiologists working for hospitals or physicians, 3,000 of the practitioners are licensed audiologists in private practice, and the remaining 5,000 are hearing aid specialists. Industry surveys estimate that approximately 5% of all hearing aids are sold in physicians' offices, 60% are dispensed by qualified audiologists in private practice, and the remaining 35% are sold by hearing aid specialists.

The hearing services arena is a fragmented industry with little standardization among the independent providers. It is difficult to determine the precise number of competitors of HEARx in every market where HEARx has operations, or the percentage of market share enjoyed by HEARx.

Some competitors are large distributors owned by hearing aid manufacturers, including: (1) Amplifon of Italy, which owns a national network of over 1,000 franchised stores (Miracle Ear) including 400 located in Sears Roebuck & Co. stores; and (2) Beltone Electronics Corp., a hearing aid manufacturer owned by Great Nordic Corp. that distributes its products primarily through its network of approximately 700 authorized distributors. Large discount retailers, such as Costco, also sell hearing aids and present a competitive threat in HEARx's markets. A number of these franchises and distributors are located in the areas HEARx serves. These networks are owned by companies having greater resources than HEARx, and there can be no assurance that one or more of these competitors will not expand and/or change their operations to capture the

Table of Contents

market targeted by HEARx. HEARx also faces competition regionally from Sonus Corporation and Newport Audiology. While HEARx has similar resources as these competitors, there can be no assurance they will not expand their operations to capture more market share at HEARx's expense.

HEARx's network business will also face competition by companies offering similar network services, including Hearingplanet.com, AVADA (47% owned by William Demant, a hearing aid manufacturer), Beltone Hearing Care Network (owned by Great Nordic Corp.), National Ear Care Plan, and the Sonus Network/ HearPO. These companies attempt to aggregate demand for hearing products and sell marketing and other services to network participants. In addition, some of these networks are able to offer discounts to managed care payors, insurers, as well as membership organizations. This is a highly fragmented business with many independent hearing care providers belonging to more than one network. In addition, contract terms for network membership are typically short and may be terminated at will. However, there is no assurance that the largely fragmented hearing care market cannot be successfully consolidated by the establishment of co-operatives, alliances, confederations or the like which would then compete more directly with HEARx's network and its company-owned centers.

Reliance On Manufacturers

HEARx's agreement with Siemens requires that a certain portion of HEARx's sales will be of Siemens devices. According to a 1998 survey, Siemens is the world's largest manufacturer of hearing devices producing 21% of the units sold in the world market. Siemens has a well-diversified product line (including Rexton and other brands) with a large budget devoted to research and development. However, there is no guaranty that Siemens' technology or product line will remain desirable in the marketplace. Furthermore, if Siemens' manufacturing capacity cannot keep pace with the demand of HEARx and other customers, HEARx's business may be adversely affected.

In the event of a disruption of supply from Siemens or another of HEARx's current suppliers, HEARx could obtain comparable products from other manufacturers. Few manufacturers offer dramatic product differentiation. HEARx has not experienced any significant disruptions in supply in the past.

Qualified Hearing Professionals

HEARx currently employs 127 licensed hearing professionals, of which 108 are audiologists and 19 are LHASs. The inability of HEARx to attract and retain qualified licensed hearing professionals would reduce HEARx's ability to distinguish itself from competing networks of hearing aid retailers and thus adversely affect its business. Management believes that it will be able to attract and retain qualified licensed hearing professionals sufficient to staff its centers for the foreseeable future.

Regulation

Federal

The practice of audiology and the dispensing of hearing aids are not presently regulated on the Federal level. The United States Food and Drug Administration (FDA) is responsible for monitoring the hearing care industry. The FDA requires first time hearing aid purchasers to receive medical clearance from a physician prior to purchase; however, patients may sign a waiver in lieu of a physician's examination. The FDA has also mandated that states adopt a return policy for consumers offering them the right to return their products, generally within 30 days. HEARx offers all its customers a full 30-day return period and extends the return period to 60 days for patients who participate in the free HEARx Educational and Listening Program (H.E.L.P.) family hearing counseling program. FDA regulations require hearing aid dispensers to provide customers with certain warnings and statements regarding the use of hearing aids. Also, the FDA requires hearing aid dispensers to review instructional manuals for hearing aids with the patient before the hearing aid is purchased.

In addition, a portion of HEARx's revenues comes from participation in Medicare and Medicaid programs. Federal laws prohibit the payment of remuneration in order to receive or induce the referral of

Table of Contents

Medicare or Medicaid patients, or in return for the sale of goods or services to Medicare or Medicaid patients. In addition, Federal law limits physicians and other healthcare providers from referring patients to providers of certain designated services under the Medicare and Medicaid in which they have a financial interest. HEARx believes that none of its managed care or other provider contracts or its relationships with referring physicians are violative of these Federal laws.

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires the use of uniform electronic data transmission standards for health care claims and payment transactions submitted or received electronically. On August 17, 2000, the Department of Health and Human Services (HHS) published final regulations establishing electronic data transmission standards that all health care providers must use when submitting or receiving certain health care transactions electronically. Compliance with these regulations is required by October 16, 2002. In addition, HIPAA required HHS to adopt standards to protect the security and privacy of health-related information. HHS released final regulations containing privacy standards in December 28, 2000. As currently drafted, the privacy regulations will extensively regulate the use and disclosure of individually identifiable health-related information, whether communicated electronically, on paper or orally. The regulations also provide patients with significant new rights related to controlling how their health information is utilized or disclosed. HEARx cannot predict the impact that these regulations will have on its operations.

HEARx cannot predict the effect of future changes in federal laws, including changes which may result from proposals for federal health care reform legislation being considered by the U.S. Congress, or the impact that changes in existing federal laws or in the interpretation of those laws might have on HEARx. HEARx believes it is in material compliance with all existing federal regulatory requirements.

State

Generally, state regulations, where they exist, are concerned primarily with the formal licensure of audiologists and of those who dispense hearing aids and with practices and procedures involving the fitting and dispensing of hearing aids. There can be no assurance that regulations do not exist in jurisdictions in which HEARx plans to open centers or will not be promulgated in states in which HEARx currently operates centers which may have a material adverse effect upon HEARx. Such regulations might include stricter licensure requirements for dispensers of hearing aids, inspections of centers for the dispensing of hearing aids and the regulation of advertising by dispensers of hearing aids. HEARx knows of no current or proposed state regulations with which it, as currently operated, could not comply.

State regulation generally includes the oversight of HEARx s advertising and marketing practices as a provider of hearing aid dispensing services. HEARx s advertisements and other business promotions may be found to be in violation of these regulations from time to time, and may result in the fines or other sanctions, including the prohibition of certain marketing programs that may ultimately harm financial performance.

HEARx employs licensed audiologists and hearing aid dispensers. Under the regulatory framework of certain states, business corporations are not able to employ audiologists or offer hearing services. California has such a law, restricting the employment of audiologists to professional corporations owned by audiologists or similar licensees. However, HEARx believes there is precedent for the employment of audiologists because the State of California s Department of Consumer Affairs has indicated that speech-language pathologists may be employed by business corporations. The similarity of this profession to audiology, and the fact that speech-language pathologists and audiologists are regulated under similar statutes and regulations, leads HEARx to believe that business corporations and similar entities may employ audiologists. No assurance can be given that HEARx s interpretation of California s laws will be found to be in compliance with laws and regulations governing the corporate practice of audiology or, if its activities are not in compliance, that the legal structure of the HEARx s California operations can be modified to permit compliance.

In addition, state laws prohibit any remuneration for referrals, similar to Federal laws discussed above. Generally, these laws follow the Federal statutes described above. HEARx cannot predict the impact that these regulations will have on its operations.

Table of Contents

HEARx believes it is in material compliance with all applicable state regulatory requirements. However, HEARx cannot predict future state legislation which may affect its operations in the states it does business. Nor can HEARx assure that existing interpretations of state law remain consistent with HEARx's understanding of state law as reflected through its operations.

Product and Professional Liability

In the ordinary course of its business, HEARx may be subject to product and professional liability claims alleging the failure of, or adverse effects claimed to have been caused by, products sold or services provided by HEARx. HEARx maintains insurance at a level that HEARx believes to be adequate. A successful claim in excess of the policy limits of HEARx's liability insurance could adversely affect HEARx. As the distributor of products manufactured by others, HEARx believes it would properly have recourse against the manufacturer in the event of a product liability claim; however, there can be no assurance that recourse against a manufacturer by HEARx would be successful or that any manufacturer will maintain adequate insurance or otherwise be able to pay such liability.

Seasonality

HEARx is not generally affected by seasonality.

Employees

On January 14, 2002, HEARx had approximately 349 full-time employees, of which 82 were employed by HEARx West.

The operations of HEARx are dependent in large part upon the efforts of Paul A. Brown, M.D., Chairman of the Board and Chief Executive Officer, and Stephen J. Hansbrough, President, Chief Operating Officer and Director. The loss of the services of Dr. Brown or Mr. Hansbrough could adversely affect the conduct and operation of HEARx's business. HEARx purchased a key man insurance policy on Dr. Brown's life in the amount of \$3,000,000 for the benefit of HEARx.

Property

HEARx's corporate offices and national call center are located in 19,600 square feet of space in West Palm Beach, Florida. The leases on these properties are for five years and expire in 2006. As of December 29, 2000, HEARx operated 32 centers in Florida, 15 in New Jersey and 13 in New York and 20 HEARx West centers in California. All of the locations are leased for one to ten year terms pursuant to generally non-cancelable leases (with renewal options in some cases). Each center consists of between 700 and 3,000 square feet with annual base rents ranging from approximately \$8,700 to \$90,000. In January 1999, HEARx closed 12 centers in the northeast. HEARx has successfully negotiated and completed lease buy-outs, exercised early termination options or subleases on eleven of the twelve properties. HEARx believes its facilities are adequate and suitable for its current operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

General

The following discussion and analysis should be read in conjunction with HEARx Ltd. consolidated financial statements and the accompanying notes that appear elsewhere in this joint proxy statement/prospectus.

HEARx's strategy for continuing and accelerating center sales growth and market penetration includes both aggressively advertising to the non-insured self-pay or retail market, and positioning HEARx as the leading provider of hearing care to the benefited populations covered by managed care contracts.

HEARx intends, as its long-term goal, to establish a nationwide network of hearing care centers, located in the metropolitan areas or regions with concentrations of elderly consumers who are more likely to need HEARx's products and services. HEARx is currently expanding its hearing care center network through its joint venture in California, HEARx West LLC. The joint venture agreement provides for a 50/50 ownership by HEARx and the Permanente Federation and its affiliate Kaiser Foundation Health Plan, with the centers bearing the HEARx name. HEARx currently operates 20 full-time and 2 part-time centers in California.

In addition, on July 27, 2001, HEARx and Helix, a Canadian corporation, signed a definitive merger agreement. Helix owns or manages 129 hearing healthcare clinics located in Massachusetts, Pennsylvania, New York, Ohio, Michigan, Wisconsin, Minnesota and Washington as well as in the Provinces of Ontario and Québec. The boards of directors of both companies have approved the transaction. The transaction is subject to shareholder, Canadian court, certain third party and other regulatory approvals. The transaction is expected to close before the end of the second quarter of 2002.

HEARx also launched a new website, HEARx.com, which was designed to increase patient referrals to HEARx centers. The website contains educational material regarding hearing loss and types of hearing aids directed to the adult children of potential patients. HEARx plans to offer for purchase on the website various hearing enhancement devices designed for the hearing impaired such as smoke detectors and alarm clocks.

HEARx has developed a national call center, which began beta testing for five Florida centers in mid-November 2000. During the second quarter of 2001, an additional forty-seven centers began using the call center, and as of July 31, 2001 there were seventy-five centers utilizing the call center. The national call center is responsible for both inbound and outbound marketing. The call center now covers all of HEARx's centers.

Effective January 1, 2001, several insurance companies with which HEARx has contracts significantly changed their contract benefits or service areas. While some insurance companies increased their Medicare benefits, others either limited or discontinued Medicare benefits. HEARx believes these changes will not have a long-term material adverse effect on HEARx's financial condition or results of operations. HEARx also believes that the loss of any single managed care contract will not have a long-term material adverse effect on its financial condition or results of operations.

On May 8, 2001, responding to the slowdown in hearing aid sales, HEARx announced it would reduce annual expenses by approximately six million dollars. The cost control measures are expected to reduce annual revenues needed to break even to approximately \$60 million from \$70 million. As of July 31, 2001, HEARx has reduced its staff by approximately 8% and has initiated rollbacks in marketing and discretionary expenses.

Results of Operations

For the Nine Months Ended September 29, 2001 Compared to September 29, 2000

Net revenues decreased \$5,225,398, or 12.6%, to \$36,200,177 in the first nine months of 2001 from \$41,425,575 in the comparable period of 2000. The decrease in revenues resulted primarily from the decrease in revenues from the Company's Florida and Northeast centers. Net revenues in Florida and the Northeast decreased \$3,549,294, or 19.8%, and \$1,598,408, or 15.4%, to \$14,407,825 and \$8,814,176, respectively, for the nine months ended September 29, 2001, from \$17,957,119 and \$10,412,584 for the comparable period of 2000. Management believes the decrease in revenues for the nine months ended September 29, 2001 as compared with the comparable period of 2000 is the result of the overall downward trend in the nation's economy.

Table of Contents

Management believes that the slowing economy has caused the Company's primary market, the nation's elderly population, to reduce discretionary spending.

Cost of products sold decreased \$2,649,951, or 18.9%, to \$11,406,377 in the first nine months of 2001 from \$14,056,328 in the comparable period of 2000. Approximately \$1,114,000 of the decrease in the cost of products sold is the result of the rebates received from Siemens in connection with its distributor relationship with the Company. Additionally, the decrease in the cost of products sold is a direct result of the decrease in net revenues. The cost of products sold as a percent of net revenues, which was 31.4% and 33.8% for the first nine months of 2001 and 2000 respectively, fluctuates from period to period due to changes in the Company's retail pricing and product promotions.

Center operating expenses increased \$469,814, or 2.2%, to \$21,711,624 in the first nine months of 2001 from \$21,241,810 in the comparable period of 2000. This increase is attributable to bad debt expense of approximately \$75,000 for the nine months ended September 29, 2001 in comparison to a recovery of bad debts of approximately \$184,000 for the comparable period of 2000. In addition, a \$78,000 write off of leasehold improvements due to a center relocation occurred in the nine months ended September 29, 2001.

General and administrative expenses increased \$1,127,337, or 17.4% to \$7,606,356 in the first nine months of 2001 from \$6,479,019 in the comparable period of 2000. This increase is partially due to the expansion of corporate administrative functions, which includes the implementation of the national call center. The costs associated with the call center were approximately \$788,000, which included salaries and wages of \$440,000 and occupancy costs, including rent, common area maintenance charges and utilities of \$285,000. In addition, professional service fees increased \$98,776, or 30.0%, to \$432,839 for the nine months ended September 29, 2001 from \$334,063 in the comparable period of 2000. This increase is primarily the result of additional fees paid to the Company's independent public accountants and attorneys for additional services. Shareholder relations expense increased to \$391,113 for the nine months ended September 29, 2001 from \$136,772 in the comparable period of 2000. This increase is the result of the Company's retention of an investment banking firm to render services with respect to financial planning and public relations.

Depreciation and amortization expense was down slightly at \$1,850,523 for the nine months ended September 29, 2001 compared to \$1,923,165 for the nine months ended September 29, 2000.

Interest income decreased \$42,857 or 19.7% to \$174,783 in the first nine months of 2001 from \$217,640 in the comparable period of 2000. This decrease is attributable to the decline in average interest rates earned on primarily cash and cash equivalents.

Interest expense increased \$394,823 to \$417,325 for the nine months ended September 29, 2001 from \$22,502 in the comparable period of 2000. This increase is attributable to the interest on the \$7.5 million line of credit with Siemens.

Year Ended December 29, 2000 Compared to Year Ended December 31, 1999

Net revenues increased \$8,638,068, or 18.2%, to \$56,114,832 in 2000 from \$47,476,764 in 1999. Net revenues by region for the Northeast, Florida and California were approximately \$14.1 million, \$24.0 million, and \$18.0 million, respectively, in 2000 as compared to \$10.1 million, \$25.0 million and \$12.4 million, respectively in 1999. On a comparable center basis (revenue from centers in operation throughout 1999 and 2000), net revenue for fiscal year end 2000 increased 17.2% compared to fiscal year end 1999. The increase in net revenues resulted from, the increase of revenues from HEARx West and the Northeast, and an increase in the retail business arising from HEARx's continued aggressive advertising campaign resulting in an increase in revenues from the non-insured self-pay market of \$11,818,235, or 46.9% from \$25,158,339 in 1999 to \$36,976,574 in 2000.

Cost of products sold increased \$4,354,826, or 29.8%, to \$18,966,110 in 2000 from \$14,611,284 in 1999. Part of the increase in the cost of products sold is a direct result of the 46.9% increase in revenues from the self-pay market due to increased sales of hearing aids with advanced digital technology which generally resulted in lower margins. During 2000, HEARx experienced an increase in the sales level of digital hearing aids, however HEARx cannot be assured that this trend will continue in the year 2001. The cost of products

Table of Contents

sold as a percent of net revenues, which was 33.6% and 30.6% for the year ended 2000 and 1999, respectively, fluctuates from period to period due to retail pricing and product promotions.

Center operating expenses increased \$2,951,284, or 11.2%, to \$29,328,114 in 2000 from \$26,376,830 in 1999. HEARx continued to intensify its aggressive marketing program, increasing center advertising expense to \$7,161,400, or 12.7% of revenue, up from \$5,063,216, or 10.6% of revenue in 1999. In addition due to the increase in revenues, HEARx increased its number of employees from 360 in 1999, to 375 in 2000. This resulted in an increase of salaries and wages of approximately \$763,000. Center operating expenses as a percent of revenue decreased to 51.9% in 2000, from 55.3% in 1999 as a result of opening one new center in July 2000 offset by the 17.2% increase in comparable center sales (sales from centers in operation throughout 1999 and 2000). Center operating earnings (excluding corporate general and administrative expenses and depreciation, amortization) increased \$1,415,986, or 21.1%, to \$8,114,740 in 2000 from \$6,698,754 in 1999.

General and administrative expenses increased \$228,823 to \$8,830,546 in 2000 from \$8,601,723 in 1999. General and administrative expenses as a percent of net revenue decreased to 15.7% in 2000 from 18.0% in 1999. This increase is partially due to the increase of \$610,868 in wages and fringe benefits associated with the expansion of corporate administrative functions, which includes the implementation of the national call center, offset by the decrease in shareholder relations and general insurance expense of approximately \$127,000 and \$143,000, respectively.

Depreciation and amortization expense increased \$151,157, or 6.2%, to \$2,572,048 in 2000 from \$2,420,891 in 1999. This increase is attributable to the increase of depreciable assets due to the opening of 16 additional HEARx West centers in California in 1999 and 1 in July 2000, and the relocation of 5 centers within Florida during 2000.

Interest income increased \$84,028, or 40.0%, to \$294,132 in 2000 from \$210,104 in 1999. This increase is attributable to an increase in average balances of cash and cash equivalents.

Year Ended December 31, 1999 Compared to Year Ended December 25, 1998

Prior to March 1999, HEARx accounted for its investment in HEARx West using the equity method because HEARx did not control HEARx West due to certain provisions in the joint venture agreement. During 1999, as a result of amendments to the agreement, HEARx obtained control of HEARx West. Accordingly, during 1999, HEARx included the financial position and results of operations of HEARx West in its consolidated financial statements.

Net revenues increased \$20,585,578, or 76.6%, to \$47,476,764 in 1999 from \$26,891,186 in 1998. The consolidation of HEARx West revenues contributed approximately \$12,446,000 to the increase. HEARx's aggressive advertising campaign during 1999 yielded revenues from self-pay patients of approximately \$16,457,000, which was partially offset by the closing of the 12 northeast centers in January 1999, which accounted for \$1,228,000 of 1998 revenues.

Cost of products sold increased \$6,418,226, or 78%, to \$14,611,284 in 1999 from \$8,193,058 in 1998. Approximately \$4,452,000 of the increase is a result of the consolidation of HEARx West. The remainder of the increase is attributable to the increase in sales from existing centers. The cost of products sold as a percent of net revenues, which was 31% and 30% for 1999 and 1998, respectively, fluctuates from period to period depending generally upon the sales mix and sales promotions. However, HEARx West provided a higher cost of sales percentage at 36%, because a fixed discount has been granted to Kaiser members.

Center operating expenses increased \$6,406,335, or 32%, to \$26,376,830 in 1999 from \$19,970,495 in 1998. Approximately \$6.3 million of the increase is attributable to the now consolidated center operating expenses of HEARx West. Consolidated center operating expenses as a percent of revenue decreased in 1999 to 55% from 73% in 1998, which is generally attributable to the increase in sales. Increased advertising accounted for approximately \$1,428,000, or 22% of the increase, offset by a decrease in rent expense of approximately \$619,000 or 10% of the increase resulting from the closing of the 12 northeast centers in January 1999.

Table of Contents

Consolidated general and administrative expenses increased 33% or \$2,118,002 to \$8,601,723 in 1999 from \$6,483,721 in 1998, primarily as the result of the consolidation of HEARx West expenses of approximately \$1.7 million. Consolidated general and administrative expenses as a percent of net revenue decreased to 18% in 1999 from 24% in 1998.

Interest income decreased \$392,559, or 65.1%, to \$210,104 in 1999 from \$602,663 in 1998. This decrease is attributable to a decrease in the average balance of investment securities. Interest expense decreased \$34,779 or 55.7%, to \$27,713 in 1999 from \$62,492 in 1998. This decrease is attributable to the decrease in the long-term debt.

Depreciation and amortization expense increased \$142,423, or 6%, to \$2,420,891 in 1999 from \$2,278,468 in 1998. An increase of \$451,032 provided by HEARx West was offset by a reduction of \$308,609 primarily attributable to the closing of twelve centers in the Northeast in January 1999.

Liquidity and Capital Resources

Working capital decreased \$1,522,262 to \$828,570 as of September 29, 2001 from \$2,350,832 as of December 29, 2000. This decrease is primarily the result of an increase in current maturities of long-term debt of approximately \$1.5 million, representing the current portion of the Siemens \$7.5 million line of credit, originally funded in April 2001. On December 7, 2001, HEARx and Siemens entered into a Credit Agreement pursuant to which HEARx obtained a \$51,875,000 secured credit facility from Siemens. The credit facility is comprised of (a) a \$10,875,000 secured five-year term loan credit facility (the Tranche A Loan); (b) a \$25,000,000 secured five-year revolving loan credit facility (the Tranche B Loan); (c) a \$3,000,000 secured five-year term credit facility (the Tranche C Loan); and (d) a \$13,000,000 secured five-year term loan credit facility (the Tranche D Loan). The Company believes that funds available under the line of credit, current cash, investment securities and revenues from operations will be sufficient to support the Company's operational needs through the next twelve months, although there can be no assurance that unexpected capital needs will not arise for which the credit line, cash, investments and revenues from operations will be insufficient.

Net cash used in operating activities increased from \$1,535,806 for the nine months ended September 29, 2000, to \$5,372,400 for the nine months ended September 29, 2001. The increase in cash used by operating activities was primarily the result of the increase of operating losses of approximately \$4,538,000.

Net cash used by investing activities increased from \$3,068,916 for the nine months ended September 29, 2000, to \$4,357,966 for the nine months ended September 29, 2001. In the nine months ended September 29, 2000, net funds from the maturity of investment securities were \$6,996,951, which was offset by the purchase of investment securities of \$9,130,575. In the nine months ended September 29, 2001, net funds from the maturity of investment securities were \$5,966,475, which was offset by the purchase of investment securities of \$9,124,537. In addition, equipment for the national call center and wide area network costing approximately \$560,000 was purchased during the nine months ended September 29, 2001.

Net cash provided by financing activities increased from \$3,929,098 for the nine months ended September 29, 2000, to \$7,029,597 for the nine months ended September 29, 2001. This increase is the result of the \$7.5 million five-year line of credit from Siemens in 2001, offset by net proceeds of \$4,503,723 received from a preferred stock offering during the nine months ended September 29, 2000.

Working capital increased \$1,412,017 to \$2,350,832 as of December 29, 2000 from \$938,815 as of December 31, 1999. On May 9, 2000 HEARx completed a private placement of convertible preferred stock providing HEARx with net proceeds of approximately \$4,500,000.

Net cash used by operating activities decreased from \$2,876,171 in 1999, to \$798,375 in 2000. The decrease in cash being used by operating activities was primarily the result of the change in current assets, including accounts and notes receivable, from net cash used in 1999 of approximately \$2.5 million to approximately \$515,000 in 2000 offset against the change in accounts payable and accrued expenses from net cash provided in 1999 of approximately \$982,000 to \$10,000 in 2000. This is primarily the result of the Company improving its monitoring and collections process of accounts receivable.

Table of Contents

Net cash provided by investing activities decreased from \$5,418,632 in 1999, to cash used for investing activities of \$1,610,009 in 2000. Proceeds from maturities of investments in excess of purchases were approximately \$6.2 million in 1999, versus net purchases of approximately \$93,000 in 2000.

Cash from financing activities increased from cash being used for financing activities of \$2,335,385 in 1999 to cash being provided from financing activities of \$3,801,610 in 2000. This increase was primarily the result of net proceeds of approximately \$4,500,000, from a preferred stock offering during the second quarter of 2000. In addition, the Company acquired 129,900 shares of treasury stock for \$413,061 in 2000 compared to 1,921,239 shares for \$1,820,424 in 1999.

Working capital decreased \$6,675,227 to \$938,815 as of December 31, 1999 from \$7,614,042 as of December 25, 1998. This decrease is primarily the result of net cash used by operating activities including a net loss from operations of approximately \$4.0 million and a net increase of approximately \$4.0 million in accounts and notes receivable, offset by an increase of approximately \$2.5 million in accounts payable and accrued expenses related to the growth in operations of existing centers and the 18 new centers of HEARx West.

Net cash used by operating activities decreased from \$9,119,910 in 1998, to \$2,876,171 in 1999. The decrease in cash used by operating activities was primarily the result of the reduction of operating losses of approximately \$8.3 million.

Net cash provided by investing activities increased from \$2,056,732 in 1998, to \$5,418,632 in 1999. Net funds from the purchase and sale or maturity of investments increased to \$6,212,516 in 1999 from \$3,149,240 in 1998, offset by an increase in purchases of property and equipment of \$309,193 from 1998 to 1999.

Net cash from financing activities decreased from cash provided by financing activities of \$6,068,451 in 1998 to cash used of \$2,335,385 in 1999. This decrease was primarily the result of funds in the amount of \$6,784,019 from a preferred stock offering in 1998. In addition, during 1999 funds in the amount of \$1,820,424 were used to repurchase 348,229 shares of the Company's Common Stock.

Recent Accounting Pronouncements

In June 1999, the Financial Accounting Standards Board (FASB) issued SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities. SFAS No. 133, amended by SFAS No. 137 requires companies to recognize all derivative contracts as either assets or liabilities in the balance sheet and to measure them at fair value. If certain conditions are met, a derivative may be specifically designated as a hedge, the objective of which is to match the timing of gain or loss recognition on the hedging derivative with the recognition of (i) the changes in the fair value of the hedged assets or liabilities that are attributable to the hedged risk or (ii) the earnings effect of the hedged forecasted transaction. For a derivative not designated as a hedging instrument, the gain and loss is recognized in income in the period of change. SFAS No. 133 is effective for all fiscal quarters of all fiscal years beginning after June 15, 2000.

Historically, HEARx has not entered into derivative contracts either to hedge existing risks or for speculative purposes. There was no material impact from the application of SFAS No. 133 on HEARx's financial position, results of operations, or cash flows.

In December 1999, the SEC staff release Staff Accounting Bulletin (SAB) No. 101, Revenue Recognition in Financial Statements, which provides interpretive guidance on the recognition presentation, and disclosure of revenue in financial statements. SAB 101 must be applied to financial statements no later than the quarter ended December 31, 2000. There was no material impact from the application of SAB 101 on HEARx's financial position, results of operations, or cash flows.

In March 2000, the FASB issued Interpretation No. 44 (FIN 44), Accounting for Certain Transactions Involving Stock Compensation, and an interpretation of APB.25.FIN44 clarifies the application of APB 25 for (a) the definition of an employee for purposes of applying Opinion No. 25, (b) the criteria for determining whether a plan qualifies as a non-compensatory plan, (c) the accounting consequences of various modifications to the terms of a previously fixed stock option or award, and (d) the accounting for an exchange of stock

compensation awards in business combination. FIN 44 became effective July 1, 2000, but certain conclusions cover specific events that occur after either December 15, 1998, or January 12, 2000. FIN 44 did not have a material impact on HEARx's financial position, results of operations, or cash flow.

In June 2001, the FASB finalized FASB Statements No. 141, *Business Combinations* (SFAS 141), and No. 142, *Goodwill and Other Intangible Assets* (SFAS 142). SFAS 141 requires the use of the purchase method of accounting and prohibits the use of the pooling-of-interests method of accounting for business combinations initiated after June 30, 2001. SFAS 141 also requires that HEARx recognize acquired intangible assets apart from goodwill if the acquired intangible assets meet certain criteria. SFAS 141 applies to all business combinations initiated after June 30, 2001 and for purchase business combinations completed on or after July 1, 2001. It also requires, upon adoption of SFAS 142, that HEARx reclassify the carrying amounts of intangible assets and goodwill based on the criteria in SFAS 141.

SFAS 142 requires, among other things, that companies no longer amortize goodwill, but instead test goodwill for impairment at least annually. In addition, SFAS 142 requires that HEARx identify reporting units for the purposes of assessing potential future impairments of goodwill, reassess the useful lives of other existing recognized intangible assets, and cease amortization of intangible assets with an indefinite useful life. An intangible asset with an indefinite useful life should be tested for impairment in accordance with the guidance in SFAS 142. SFAS 142 is required to be applied in fiscal years beginning after December 15, 2001 to all goodwill and other intangible assets recognized at that date, regardless of when those assets were initially recognized. SFAS 142 requires HEARx to complete a transitional goodwill impairment test six months from the date of adoption. HEARx is also required to reassess the useful lives of other intangible assets within the first interim quarter after adoption of SFAS 142. HEARx's previous business combinations were accounted for using the purchase method. The impact of the adoption of SFAS 141 and SFAS 142 on HEARx's financial position and results of operations is not expected to be material.

In October 2001, the FASB issued SFAS No. 144 *Accounting for the Impairment or Disposal of Long-Lived Assets* which resolves significant implementation issues related to FASB Statement No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of*, and supersedes the accounting and reporting provisions of APB Opinion No. 30, *Reporting the Results of Operations Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions*, for the disposal of a business segment. SFAS 144 is effective for fiscal years beginning after December 15, 2001, and interim periods within those fiscal years, with early application encouraged. The impact of adoption of SFAS 144 on HEARx's financial position and results of operations is not expected to be material.

Employment Agreements

and Chief Operating Officer for an initial five-year term ending in 2004. Each of the employment agreements provides that the executive will be entitled to receive base compensation and performance bonuses and to participate in and receive benefits under HEARx's welfare benefit and similar employee benefit plans generally made available by HEARx to other key employees. Dr. Brown's base compensation for the first year of the agreement is \$300,000 per year, and Mr. Hansbrough's base compensation for the first year of the agreement is \$275,000 per year. Such annual compensation is subject to review annually by the Board. In respect of annual bonuses, if in any calendar year HEARx achieves the net income targets approved by the Board, HEARx has agreed to pay the executive a bonus equal to at least 50% of the executive's base salary. In addition, if in any calendar year HEARx achieves the target net income approved by the Board for such year, the executive is entitled to receive a cash bonus equal to 1% of such net income for such year. Each executive is entitled to reimbursement of his reasonable and necessary business expenses in connection with the performance of his duties consistent with guidelines established by HEARx's Board of Directors. Concurrent with the execution of the employment agreements, and pursuant to the terms of the agreements, each executive was granted an option to purchase shares of HEARx's common stock. Dr. Brown was granted an option to acquire 100,000 shares and Mr. Hansbrough was granted an option to acquire 113,246 shares. Each option vests ratably over four years and was granted with an exercise price equal to the market value of the common stock on the date of grant.

Each of the employment agreements contains termination and change in control provisions. If the executive is terminated with cause or if the executive terminates without good reason before or after a change in control, HEARx will be required to pay only amounts earned through the date of termination. If the executive terminates because HEARx has breached the employment agreement or if HEARx terminates the executive without cause (before a change in control), HEARx must pay the executive an amount equal to the base salary in effect for the duration of the term as in effect immediately before the date of termination or, if more than three years of the term have elapsed on the date of such termination, an amount equal to one year's salary. In addition, the executive is entitled to payment of a bonus equal to one times the average of all bonus and other incentive payments made by HEARx to the executive over the then prior two years plus the pro rata portion of the bonus payable for the year of the termination. In such circumstances, HEARx will be obliged to continue the executive's medical, dental, life and other insurance and benefit program coverage for 18 months, and the executive shall be fully vested in all options and similar rights previously granted to him and shall have a period of two years within which to exercise such rights.

Each of the employment agreements provides that in the event the executive is terminated by HEARx without cause on or after a change in control or if the executive terminates with good reason after a change in control, HEARx must pay the executive a minimum of three times the executive's base salary plus an amount equal to three times the average of all bonus and other incentive payments made by HEARx to the executive over the then preceding two years. All options and other rights will then be fully vested and the executive will have three years within which to exercise such rights. HEARx also will be responsible for maintaining the executive's medical, dental, life and other insurance and benefit program coverage for a three year period.

In the event of the executive's death or termination because of disability, all then outstanding options and similar rights shall become fully vested and the executive or his legal representatives may exercise such rights for a one year period following the executive's death or termination for disability.

The agreements provide for gross up payments to the executive to cover the executive's incremental tax liabilities in the event payments made under the agreements are subject to the excise tax imposed by Section 4999 of the Internal Revenue Code.

HEARx purchased 4,853,932 common shares of Helix for \$2.7 million, which was used by Helix to pay a portion of the purchase price of the NECP Transaction. Numerous assistive listening devices have been created in order to permit persons suffering from hearing loss to maintain quality of life. The main products and devices which Helix currently makes available to its clients through the clinics under its management include:

All types of hearing aids, from body aid to discrete hearing devices;

Assistive listening devices;

Table of Contents

Noise protection plugs; and

Specialized ear monitor listening systems for musicians and performers.

Hearing aids are miniature electronic devices composed of a microphone, an amplifier, a receiver and a battery. A wide range of hearing aids is available such as those fitted behind the ear, in the ear, in the ear canal and completely in the canal. Completely-in-the-canal model hearing aids are so discreet, they are almost imperceptible. Hearing aids being manufactured and marketed today demonstrate large improvements over those produced in the past. Today's units are smaller with acoustic outputs capable of sounding much more natural than anything previously created. The new generation of hearing instruments are capable of restoring hearing function better than instruments being sold even five years ago. Almost all varieties can be adjusted and custom made for each hearing impaired individual's specific needs.

Fully digital hearing aids are also entering the market, providing exceptional sound quality and the flexibility to fit many different configurations of hearing loss and acoustic environments. These digital instruments are improving communication, even in difficult noisy surroundings. As the human auditory system is a stereo system, binaural fittings (i.e., one aid in each ear) are now being recognized as the desired choice for those persons requiring hearing aids. Hearing aids typically last between three to five years. Due to the progressive nature of hearing loss, it is not unusual to provide a patient with up to seven binaural fittings during the ages of 50 through 80.

New products are also being introduced on the market in the form of "one-size fits all" and disposable hearing aids. This revolution in technology should provide improved convenience, comfort and value. Disposability makes possible the delivery of advanced technology. This new device has been developed to directly address the reasons why so many people resist wearing a hearing aid. It is a high quality product, easy to get and to use. Its low entry cost makes trying it an easy decision, one that does not require a huge financial or emotional commitment. The advantages could prove valuable to younger generations who do not want to commit to conventional hearing aids to begin with.

In addition to hearing aids, Helix also supplies its managed clinics with specialized ear monitors which permit musicians and performers to control their acoustic environment on stage in order to avoid the noxious effects of being repeatedly exposed to high intensity sounds. These monitors are molded and custom made with a controlled output decibel in order to protect hearing.

The changing demographics of the North American population indicate that an increasing number of hearing impaired persons have the financial means to purchase assistive listening devices to maintain their quality of life. Helix believes that the "baby boomer" generation will invest in quality-of-life products including audiology services, hearing aids and assistive listening devices.

Sources of Supply

The hearing aid manufacturing industry is highly competitive with numerous manufacturers serving the worldwide market. Few manufacturers offer significant product differentiation. Helix currently purchases hearing aids from some of those manufacturers based upon criteria that include quality, price and service. Over time, Helix intends to reduce the number of manufacturers from whom it purchases hearing aids in order to achieve greater volume discounts. In addition to hearing aids, Helix's clinics also offer a limited selection of other assistive listening devices and hearing aid accessories.

Hearing and Speech Industry Overview

Statistics provided by the MarkeTrak survey conducted by Knowles Electronics indicate that the American market contains an estimated 28 million hearing impaired persons. This represents a potential \$2.8 billion market with the potential to grow as the population ages.

The hearing instrument market, to date, has seen slow growth relative to its potential. The MarkeTrak survey estimates that only 22.2% of hearing impaired people in the United States own a hearing aid. Historically, this low level of market penetration appears to result from economics, aesthetics and in many

Table of Contents

cases, underdeveloped technology. Persons on fixed incomes may find hearing instruments an unaffordable luxury. Also negatively affecting market penetration for hearing aids has been the cosmetic issue of a perceived handicap or a sign of aging. In comparison with the contact lens market which experienced significant growth in the 1970 s, the hearing aid industry has yet to experience its period of rapid growth. However, management of Helix believes a similar period of rapid growth is imminent.

A large percentage of this growth is expected to occur as a result of the aging of the baby boomer generation. The baby boomer generation has a more active lifestyle than their predecessors and also have higher communication needs. Their financial resources and education level are higher than past generations. Helix believes that the baby boomer generation does not see itself as being limited by hearing loss. Also, larger disposable incomes permit them to buy more discreet, miniaturized and sophisticated hearing instruments. Helix believes that baby boomers will expect quality service and will be much more informed consumers. As a result, the services provided by hearing care professionals will be of increasing importance.

Marketing Strategy

Helix has developed a wide range of advertising and promotional programs for television and the print media. In addition, Helix offers various training and awareness programs to hearing care specialists including general practitioners, ear, nose and throat specialists and audiologists, hearing care professionals, audioprosthesisists, speech therapists and other specialized professionals and audiologists.

Helix believes that the same approach that earns the loyalty of current patients will also generate new patients. Helix s new patient marketing programs are designed to help Helix generate referrals from physicians and existing patients and increase Helix s visibility in the community. Helix seeks to foster such visibility by developing marketing materials and information sources that communicate Helix s philosophy of high quality, patient-oriented hearing care. Helix also believes that its involvement with Hear USA can improve its capacity to generate referrals and expand its customer base through the greater access provided by the growing Internet market.

Helix s large group marketing approach is designed to enable Helix to develop contacts with self-insured employers and with health plans in the metropolitan areas it serves and emphasizes the convenience, quality of care, and wide range of services offered by Helix. The economies of scale available to Helix may also allow health plans and self-insured employers served by Helix to reduce administrative burdens they might otherwise face. Helix believes that it is well positioned to respond to challenges presented by the growth of managed care arrangements as they arise.

Helix believes that expansion of the patient base and referral sources (doctors, hearing care professionals) at clinics managed by Helix combined with its acquisition growth has contributed to the increase of Helix s revenues.

Facilities and Operational Structure

Helix currently manages and supplies a total of 61 facilities throughout the Provinces of Québec and Ontario and 67 clinics in the United States. The basic premise in the provision of the services offered by Helix is that the hearing care professional be provided with a complete infrastructure within which to operate and therefore be concerned only with providing professional services to patients. As part of this infrastructure, Helix provides hearing care professionals with a clinical facility, each facility ranging in area from 400 square feet to 1,600 square feet and the majority of which are located near medical centers. Each facility is rented by Helix at competitive market rates for lease terms varying from two years to five years. Helix also provides all the technical equipment, computer equipment, office furniture, inventory and sundry supplies at each of the clinical facilities. In addition to the total of 128 facilities under the management of Helix, Helix also provides marketing support to another 12 clinics located in the Province of Québec and receives fees as a result of such affiliations.

Table of Contents

Every clinic under Helix's management is staffed by qualified professional personnel and is equipped with state-of-the-art testing equipment allowing the trained personnel to perform complete hearing evaluations. At the date of circular, the testing equipment contained in each clinic meets specifications of the American National Standard Institute (ANSI) for soundproof booths, testing equipment, electro-acoustic analysis, hearing aids and assistive listening devices.

The operational structure of Helix was designed to provide its management with the flexibility to accomplish Helix's mission. Management of Helix have developed specific marketing, management, personnel training and inter-professional relations strategies. These individuals have adopted business management techniques for the very specialized and particular market of hearing services.

All of the hearing care professionals working in clinics under Helix's management are professionally trained and certified. Helix stays abreast of technological advancement by keeping its personnel up-to-date on recent developments and sending representatives to most European and North American conventions in order to acquire knowledge of new techniques and developments in the hearing care industry.

Competition

Helix and HEARx effectively operate in the same competitive environment in the United States. See HEARx Ltd. Business Competition for an overview of the U.S. hearing care industry.

In Canada, the traditional hearing instrument distribution system is characterized by a multitude of small independent practices where associations are limited to two or three clinics. Most of these clinics have a size of 600 to 3,000 square feet and are located in medical centers, professional centers or in small shopping centers. These competitors include Sonus Corporation, which operates or manages approximately 106 hearing clinics in Alberta, British Columbia and the United States and has an affiliate relationship with another 394 clinics in the United States; ReSound through its newly acquired Beltone division which distributes hearing care products through a network of approximately 450 franchise dealers in the United States and Canada and a Bausche & Lomb franchise called Miracle Ear that operates 1,100 clinics in North America. These competitors could in some cases have far greater financial and other resources than Helix. There can be no assurance that one or more of these competitors will not seek to compete directly in the markets targeted by Helix, nor can there be any assurance that the largely fragmented hearing care market cannot be successfully consolidated by other companies or through the establishment of cooperatives, alliances, or other similar organizations.

Regulation

The sale of hearing-aid devices in the province of Quebec is governed by the Hearing-Aid Acousticians Act (the Acousticians Act) which forbids the selling of hearing aids by persons other than hearing-aid acousticians. The Acousticians Act further provides that all persons qualified to practice the profession of hearing-aid acousticians in Quebec be a member of the *Ordre professionnel des audioprothésistes du Québec* or the *Ordre des audioprothésistes du Québec* which are governed by a professional code of conduct. The practice of the profession of hearing-aid acoustician includes every act the object of which is to sell, fit, adjust or replace a hearing aid.

The Acousticians Act does not forbid, however, hearing-aid acousticians from having administrative support such as accounting and other clerical activities done by third parties. Furthermore, the Acousticians Act does not forbid hearing-aid acousticians from renting space from a business whose principal activity is real estate rental.

The Quebec based hearing-aid acousticians partnership operating under the name *Le Groupe Forget-Parent* is a member of the *Ordre professionnel des audioprothésistes du Québec*. This partnership entered into management agreements with some of Helix's subsidiaries in Quebec in order to outsource its administrative, supply and management activities. Helix and its Quebec subsidiaries provide these services pursuant to those agreements, and are not required to be members of the acousticians corporation.

The sale of hearing aid devices is regulated at the federal level in the United States by the United States Food and Drug Administration, which has been granted broad authority to regulate the hearing care industry. Under federal law, hearing aids may only be sold to individuals who have first obtained a medical evaluation from a licensed physician, although a fully informed adult may waive a medical evaluation in certain instances. Regulations promulgated by the FDA also presently require that dispensers of hearing aids provide customers with certain warning statements and notices in connection with the sale of hearing aids and that such sales be made in compliance with certain labeling requirements.

Most states in the United States and many provinces in Canada have established formal licensing procedures that require the certification of hearing care professionals and/or hearing aid dispensers. Although the extent of regulation varies by jurisdiction, almost all states and provinces engage in some degree of oversight of the industry. Helix operates its hearing clinics through its wholly owned subsidiaries in the U.S. and Canada. The subsidiary corporations employ licensed hearing care professionals who offer and perform hearing care services on behalf of Helix.

In certain states in the United States, business corporations such as Helix may not be authorized to employ hearing care professionals and offer hearing care services. The laws and regulations governing the practice of hearing care are enforced by regulatory agencies with broad discretion. If Helix were found to be in violation of such laws and regulations in one or more states, the consequences could include the imposition of fines and penalties upon Helix and its hearing care professionals as well as the issuance of orders prohibiting Helix from operating its clinics under its present structure. In that event, among the solutions Helix might consider would be the restructuring of all or a portion of its operations in a manner similar to that used by certain medical and dental clinic networks. Under such a structure, professional corporations owned by licensed hearing care professionals would contract with Helix to perform professional services and Helix would contract with the professional corporations to provide management services.

No assurance can be given that Helix's activities will be found to be in compliance with laws and regulations governing the corporate practice of hearing care or, if its activities are not in compliance, that the operational structure of Helix can be modified to permit compliance. In addition, no assurance can be given that other states or provinces in which Helix presently operates will not enact prohibitions on the corporation practice of hearing care or that the regulatory framework of certain jurisdictions will not limit the ability of Helix to expand into such jurisdictions if Helix is unable to modify its operational structure to comply with such prohibitions or to conform with such regulatory framework. The laws and regulations governing the hearing care industry are rapidly evolving, unpredictable in their enforcement and often carry severe penalties. Additional laws and regulations may be adopted in the future at the federal, state, or province level that could have a material adverse effect on the business, financial condition, and results of operations of Helix.

It is expected that a small percentage of the revenues of the hearing clinics to be operated by Helix will come from the U.S. Medicare and Medicaid programs as well as similar programs in various states. U.S. federal law prohibits the offer, payment, solicitation or receipt of any form of remuneration in return for, or in order to induce, (i) the referral of a Medicare or Medicaid patient, (ii) the furnishing or arranging for the furnishing of items or services reimbursable under Medicare or Medicaid programs or (iii) the purchase, lease or order of any item or service reimbursable under Medicare or Medicaid. Noncompliance with the federal or state anti-kick back legislation can result in exclusion from Medicare and Medicaid programs and civil and criminal penalties.

Product and Professional Liability; Product Returns

In the ordinary course of its business, Helix may be subject to product and professional liability claims alleging the failure of, or adverse effects claimed to have been caused by, products sold or services provided by Helix. Helix maintains insurance against such claims at a level that Helix believes is adequate. A customer may return a hearing aid to Helix and obtain a full refund up to 30 days after the date of purchase. Some of Helix's clinics offer a 60-day refund period. In general, Helix can return hearing aids returned by customers within 30 to 60 days to the manufacturer for a full refund. Helix maintains a reserve based on estimated returns to account for returns that cannot be passed through to the manufacturers and must be absorbed by Helix.

Management's Discussion and Analysis of Financial Condition and Results of Operations

General

The following discussion and analysis should be read in conjunction with Helix Hearing Care of America Corp. consolidated financial statements and the accompanying notes that appear elsewhere in this joint proxy statement/prospectus. Helix's consolidated financial statements have been prepared in accordance with Canadian GAAP. There are several differences between US GAAP and Canadian GAAP, some of which can yield material differences in the reported data. For the US GAAP reconciliation, see footnote 16 to the attached consolidated financial statements. All dollar amounts included in Helix's Management's Discussion and Analysis of Financial Condition and Results of Operations are expressed in Canadian dollars.

Helix, through its primary operating subsidiaries, owns or manages 128 hearing healthcare clinics located in Massachusetts, Pennsylvania, New York, Ohio, Michigan, Wisconsin, Minnesota and Washington and also in the Provinces of Ontario and Quebec. Helix Hearing Care of America Corp., is currently one of the leading corporate-owned clinic, e-commerce and direct marketing companies in the North American hearing healthcare industry. Helix is currently positioning itself as a Hearing Benefit Management Company by investing its resources in an affiliated network division, a managed care division and an e-commerce and direct marketing division.

On July 27, 2001, Helix signed a merger agreement in order to merge its operations with HEARx Ltd. based in West Palm Beach, Florida, having more than 80 corporate-owned centers and generating more than US\$50 million in revenues. This combination would be the largest of its kind in North America, resulting in a combined network of more than 200 centers in the U.S. and Canada.

The transaction will be completed by using an exchangeable share structure that permits for a tax free treatment for Helix's Canadian shareholders. Pursuant to this transaction, Helix's shares will be converted into HEARx's shares with an exchange ratio of 1:0.3537. Helix's shareholders would receive 14.61 million shares of HEARx's shares. This transaction is subject to shareholder and regulatory approvals.

In response to a slowdown in hearing aids sales, Helix's management initiated and announced a rationalization program to reduce its expenses by \$4.5 million, annually. The impact of these savings should be seen in the fourth quarter of 2001.

Results from Operations

For the Nine Months Ended August 31, 2001 Compared to the Nine Months Ended August 31, 2000

For the first nine-month period ended August 31, 2001, revenues amounted to \$36.0 million compared to \$24.6 million for the same period last year, an increase of 47%. An important component of the growth in the first nine months of the period ended August 31, 2001, approximately \$13.0 million, was directly attributed to the acquisitions completed in fiscal 2000. Although these acquisitions have been successfully integrated, their actual revenues were lower than expected by approximately \$1.6 million in the nine-month period ended August 31, 2001. Revenue of Helix's recent acquisition in Massachusetts was also affected during the integration period. On a comparable center basis (revenue from centers in operation for the first nine months in 2000 and 2001), net revenue for the nine month ended 2001 decreased approximately \$800,000 or 3%. The shortfall in revenue is mainly attributed to the unusual severity of this year's Winter months in the most northern regions of operations in the U.S. and Canada and the slowdown of the U.S. economy.

For the first nine months of fiscal 2001, operating expenses increased by 67% from \$22.6 million (or 92% of revenues) to \$37.7 million (or 105% of revenues). The decrease of Helix's profitability was mainly attributed to the shortfall in revenue, higher marketing costs across all of its U.S. clinics and operating loss for its new e-commerce and affiliated network division. These additional costs had an impact on Helix's operating expenses of \$1.7 million for the nine-month period ended August 31, 2001. Corporate expenses, included in operating expenses, amounted to \$3.7 million (or 10.3% of revenues) for the first nine-month period of fiscal 2001 compared to \$2.0 million (or 8% of revenues) last year. This increase in corporate expenses is attributed to additional indirect costs resulting from the negotiations with HEARx and Siemens as well as significant investments in the branding program of the name HEAR USA during the second quarter of 2001.

Table of Contents

Depreciation and amortization increased for the first nine-month period, from \$1.1 million to \$1.6 million. Interest charges increased for the first nine-month period, from \$941,000 in 2000 to \$1.6 million in 2001. Interest charges increased as a result of the new long-term debts contracted or assumed as part of the acquisitions made in 2000.

Goodwill charges increased for the first nine-month period of fiscal 2001, from \$332,000 to \$1.3 million. This increase in goodwill charges results from the numerous acquisitions made in 2000.

Year Ended November 30, 2000 Compared to Year Ended November 30, 1999

Revenues increased from \$24.8 million in 1999 to \$36.0 million in 2000, an increase of 45.1%. This growth stemmed mainly from the acquisition of 42 clinics during the year. At November 30, 2000, Helix-managed clinics were generating approximately \$50 million in revenues on an annualized basis.

Operating expenses, including corporate expenses, in 2000 totaled \$33.6 million (or 93.4% of revenue), against \$24.0 million (or 96.8% of revenues) in 1999. This improvement in Helix's profitability in fiscal 2000 results from a better leverage of the corporate structure that stood at \$2.9 million (or 8.2% of revenues) in 2000, compared with \$2.7 million (or 10.9% of revenues) in 1999.

Depreciation and amortization expenses remained stable at \$1.6 million in 2000, compared with \$1.5 million in 1999. Interest expenses totaled \$1.4 million in 2000, compared with \$1.3 million in 1999.

During the first quarter of 2001, Helix closed eight clinics. Four were located in Indiana, two in Missouri and two in Pennsylvania. Helix took this decision into consideration in its 2000 financial statements by providing for a write-off of goodwill of \$1.1 million, before taxes. As a result, goodwill charges totaled \$1.3 million after taxes in 2000, compared with \$1.4 million in 1999.

Year Ended November 30, 1999 Compared to Year Ended November 30, 1998

Revenues increased from \$14.3 million in 1998 to \$24.8 million in 1999, an increase of 73.4%. This growth stemmed mainly from the acquisition of 25 clinics during the year, five of which were merged with existing facilities.

Operating expenses in 1999 totaled \$24.0 million (or 96.8% of revenues), as against \$12.1 million (or 84.9% of revenues) in 1998, an increase of 98%. This reduction in profitability was mainly due to Helix's rapid growth in the fourth quarter of 1998 and first quarter of 1999, during which some 40 clinics were acquired. The long period of integration of these new acquired clinics had delayed the full benefits of operational synergies. In addition to the lack of operational synergies during the integration period, corporate structure of Helix grew considerably, reaching \$2.7 million (or 10.8% of revenues) in 1999 as compared with \$1.1 million (or 7.7% of revenues) in 1998. As part of a move to centralize overall clinic administration, the accounting and information technology departments were nearly tripled in size.

Depreciation and amortization expenses climbed from \$434,000 in 1998 to \$1.5 million in 1999, due to major investments in fixed assets and deferred charges attributable to newly acquired clinics. Interest expenses jumped from \$285,000 in 1998 to \$1.3 million in 1999, due to the issuing of convertible debentures of US\$2 million in late 1998 and US\$3 million in December 1998, totaling US\$5.0 million and bearing interest at a rate of 13%.

During fiscal 1999, Helix changed the amortization period of goodwill based on a reassessment of useful life. This change of estimate, which was accounted for prospectively, and partial write-off of goodwill gave rise to a non-recurring expense of \$2 million, before taxes. As a result, goodwill charges totaled \$1.4 million after taxes in 1999, up from \$166,000 for 1998.

Liquidity and Capital Resources

Cash flow used in operations for the nine-month period ended August 31, 2001 was \$2.5 million compared to \$384,000 for the nine-month period ended August 31, 2000. This reduction in cash flow from

Table of Contents

operations is attributed to the decrease in Helix's profitability as well as an increase in corporate expenses as well as interest charges.

Acquisition of capital assets amounted to \$800,000 in the nine-month period ended August 31, 2001. Part of these investments relates to the development of Helix's web-based management information system, the continuous up-grade of its computer float and the construction of its new call center. This new call center is intended to support Helix's e-commerce and direct marketing initiative as well as the development of its affiliated network. Capital assets stood at \$5.3 million as at August 31, 2001.

Additions to other assets amounted to \$809,000 in the nine-month period ended August 31, 2001. These additions are mainly related to professional costs incurred for the contemplated merger with HEARx Ltd. for approximately \$570,000. Other assets stood at \$32.9 million as at August 31, 2001.

On June 22, 2001, Helix issued 2.6 million of common shares at \$1.30 for total cash consideration of \$3.4 million. In addition, a debt financing of \$5.1 million, which bears interest at prime plus 1%, with a five year term, was arranged with a U.S. institution. Also, Helix did repayment of long-term debts of \$4.7 million for the nine-month period ended August 31, 2001. Net cash flow provided by financing activities was \$3.8 million for the nine-month period ended August 31, 2001. Long-term liabilities went from \$18.1 million as at November 30, 2000 to \$19.4 million as at August 31, 2001.

As a result of all of the above, cash on hand went from \$2.6 million at the end of November 2000 to \$2.3 million as of August 31, 2001.

Net cash provided by operating activities in the year ended November 30, 2000 was \$1,421,000. Net cash used in operating activities in the years ended November 30, 1999 and 1998 was \$726,000 and \$530,000 respectively. Cash from earnings for the years ended November 30, 2000 and 1998 were \$1,021,000 and \$1,716,000, respectively. For the year ended November 30, 1999, Helix's operations required funds of \$491,000.

Net cash provided by financing activities for the years ended November 30, 2000, 1999 and 1998 was \$5,414,000, \$10,881,000 and \$5,850,000, respectively. Financing activities in 2000 consisted mainly of two private placements totaling \$5.3 million. Helix's principal financing activities in 1999 and 1998 included the issuances of convertible debentures for \$4.6 million and \$4.1 million and the issuance of common shares of \$8.1 million and \$0.6 million, respectively.

Net cash used in investing activities for the years ended November 30, 2000, 1999 and 1998 was \$9,170,000, \$5,859,000 and \$5,090,000, respectively. Investing activities in 2000, 1999 and 1998 included \$7.4 million for business acquisitions and \$1.3 million for capital expenditures, \$3.3 million for business acquisitions and \$0.8 million for capital expenditures, respectively.

As at August 31, 2001, working capital was \$2.1 million (or a current ratio of 1.19:1) compared to \$2.5 million (or a current ratio of 1.2:1) as at November 30, 2000.

As a result of the implementation of Helix's rationalization program announced in November 2001, Helix expects its operating expenses to be reduced by approximately \$4.5 million annually. Helix believes that with the implementation of the additional cost savings initiatives included in the rationalization program, its cash on hand, funds generated from operations and credit terms available from suppliers will be sufficient to support its operational needs through November 2002. There can be no assurance that unexpected slowdown in hearing aids sales or capital needs will not arise for which the liquidity available may be insufficient.

Helix periodically evaluates various equity and debt financing options. Helix has no commitments for additional financing and is unsure of its ability to obtain additional financing at the times required and on terms and conditions acceptable to it other than financing available through the arrangement.

Quantitative and Qualitative Disclosure About Market Risk

Interest rate risk

Helix has variable-rate long-term debt subject to market-risk arising from changes in interest rates. Sensitivity analysis is one technique Helix uses to measure the impact of changes in interest rates on the value of market-risk sensitive financial instruments. A hypothetical 10% movement in interest rates would not have material impact on Helix's future earnings or cash flows.

Foreign currency exchange rates risk

Helix conducts business in Canada and the United States. Helix generates approximately 68% of its revenue from US and reports its financial statements in Canadian dollars. Foreign currency exchange risk resulting from sales in the US are partially offset by operating expenses incurred by US subsidiaries which are denominated in US dollars. To date, the effect of changes in foreign currency exchange rates on Helix's financial position and operating results have not been material. Hypothetical 10% movement in the value of the Canadian Dollar against the US Dollar in either direction would not have a material impact. Helix does not currently use financial instruments to hedge foreign currency risks.

Changes In, and Disagreement with, Accountants on Accounting and Financial Disclosure

On April 1, 1999, Helix dismissed Demers Beaulne & Associés, as its auditors. Neither of the reports of Demers Beaulne & Associés, on the financial statements for the years ended November 30, 1997 and November 30, 1998 contained an adverse opinion or disclaimer of opinion or were qualified or modified as to uncertainty, audit scope or accounting principles. The dismissal of Demers Beaulne & Associés, was recommended and approved by the Audit Committee of the board of directors of Helix.

During the fiscal year ended November 30, 1998 and through April 1, 1999, there were no disagreements with Demers Beaulne & Associés on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which disagreements, if not resolved to the satisfaction of Demers Beaulne & Associés, would have caused Demers Beaulne & Associés to make reference to the subject matter of the disagreement(s) in their reports on the consolidated financial statements for such years. During 1997 and 1998 and through the period from November 30, 1998, to April 1, 1999 there have been no reportable events (as defined in Regulation S-K Item 304(a)(1)(v) and National Policy No 31 of the Canadian Securities Administrators).

Helix provided Demers Beaulne & Associés with a copy of the disclosure it made in response to National Policy No 31 of the Canadian Securities Administrators. Helix requested Demers Beaulne & Associés, to furnish, and Demers Beaulne & Associés, furnished to Helix, a letter addressed to the Alberta Securities Commission and the Commission des Valeurs Mobilière du Québec stating that it agreed with the statements made by Helix.

On April 1, 1999, Helix engaged Deloitte & Touche, LLP as its new independent accountants. Through April 1, 1999 neither Helix nor anyone on its behalf consulted Deloitte & Touche, LLP, regarding the application of accounting principles to any transaction, either completed or proposed, or the type of audit opinion that might be rendered by Deloitte & Touche, LLP, on Helix's consolidated financial statements.

Legal Proceedings

Other than as disclosed below, Helix is not aware of any material existing or pending legal proceeding against it. Helix is party to arbitration proceedings in respect of the recent dismissal of one of its officers. Helix is aggressively defending these arbitration proceedings.

Consolidation and change in reporting entity

On August 10, 1998, HEARx formed a joint venture, HEARx West LLC, with the Permanente Federation LLC to create and operate a network of retail hearing care centers (HEARx West Centers). The joint venture agreement provides for a 50/50 ownership by HEARx and the Permanente Federation, with centers bearing the HEARx name. The agreement provides for net income and losses, tax credits and tax preference items to be allocated according to the members' percentage interests.

Prior to March 1999, HEARx Ltd. accounted for its investment in HEARx West using the equity method because HEARx did not control HEARx West due to certain provisions in the joint venture agreement. In March 1999, as a result of amendments to the agreement, HEARx obtained control of HEARx West. Accordingly, at December 29, 2000 and December 31, 1999, HEARx has included the financial position and results of operations of HEARx West in the accompanying consolidated financial statements.

Fiscal year

The Company's fiscal year ends on the last Saturday in December and customarily consists of four 13-week quarters for a total of 52 weeks. Every sixth year includes 53 weeks.

Investment securities

Marketable securities are classified available for sale and are carried at estimated market value. Unrealized holding gains and losses are reported as a net amount in a separate component of stockholders' equity until realized. Gains and losses realized from the sales are computed by the specific identification method.

Inventories

Inventories, which consist of hearing aids, batteries, special hearing devices and related items, are priced at the lower of cost (first-in, first-out) or market.

Property and equipment

Property and equipment is stated at cost. Depreciation is provided on the straight-line method over the estimated useful lives of the depreciable assets. Leasehold improvements are amortized over the shorter of the term of the lease or the useful life of the asset.

Table of Contents

HEARx LTD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Intangible assets

Intangible assets, included in other assets, primarily represent customer lists acquired from acquisitions of hearing businesses. These customer lists are being amortized on a straight-line basis over periods ranging from nine to fifteen years. Intangible assets also include the excess purchase price of acquisitions over the fair value of assets acquired. Such excess costs are being amortized over fifteen years. Accumulated amortization at December 29, 2000, and December 31, 1999, was \$464,659 and \$350,608, respectively.

Pre-opening costs

The costs associated with the opening of new centers are expensed as incurred.

Long-lived assets impairments and disposals

The Company reviews the carrying values of its long-lived and identifiable intangible assets for possible impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable through the estimated undiscounted future cash flows resulting from the use of these assets. Impairment losses are measured as the amount by which the carrying amount of the asset exceeds the fair value of the asset. At December 29, 2000, no long-lived assets were held for disposal.

Advertising Costs

Costs for newspaper, television, and other media advertising are expensed as incurred and were \$7,757,000, \$5,470,000 and \$4,105,000 in 2000, 1999, and 1998, respectively.

Sales return policy

Patients purchasing hearing aids are given a specific return period, usually 30 days, if dissatisfied with the product. The Company provides an allowance in accrued expenses for returns. The return period can be extended to 60 days if the customer attends the Company's H.E.L.P. program.

Deferred compensation

The value in excess of the selling price of shares of common stock issued to officers is amortized using the straight-line method over the vesting period of such shares.

Warranties

Hearing aids sold by the Company are covered by manufacturers' warranties.

Revenue Recognition

Revenues from the sale of audiological products are recognized at the time of delivery. Revenues from hearing care services are recognized at the time those services are performed.

The Company has capitation contracts with certain health care organizations under which the Company is paid an amount, per enrollee of the health maintenance organization, to provide to the enrollee a once every three years discount on certain hearing products and services. The amount paid to the Company by the healthcare organization is calculated on a per-capita basis and is referred to as capitation revenue. Revenue under capitation contracts is deferred until the earlier of the actual utilization by the member populations of the healthcare organizations with whom the Company has contracted to provide hearing care services, or the end of the contract term.

Income taxes

Deferred taxes are provided for temporary differences arising from the differences between financial statement and income tax bases of assets and liabilities. A valuation allowance is provided for the amount of deferred tax assets which are not considered more likely than not to be realized.

Net loss per common share

Net loss per common share is calculated in accordance with Statement of Financial Accounting Standards (SFAS) No. 128 Earnings Per Share which requires companies to present basic and diluted earnings per share. Net loss per share Basic is based on the weighted average number of common shares outstanding during the year. Net loss per common share Diluted is based on the weighted average number of common shares and dilutive potential common shares outstanding during the year. Convertible preferred stock, stock options and stock warrants are excluded from the computations of net loss per share because the effect of their inclusion would be anti-dilutive.

Excluded from the computation of Net loss per common share Diluted at December 29, 2000, December 31, 1999 and December 25, 1998 were convertible preferred stock, outstanding options and warrants to purchase 3,457,296, 2,693,885 and 1,773,928 shares, respectively, of the Company's Common Stock at exercise prices less than average market price because to not do so would be anti-dilutive. In addition, outstanding options and warrants to purchase 1,568,560, 889,941 and 394,268 shares of common stock were excluded because the options and warrants exercise prices were greater than the average market price of the common shares.

Statements of Cash Flows

For the purposes of the Statements of Cash Flows, temporary cash investments which have an original maturity of ninety days or less are considered cash equivalents.

Reclassifications

Certain amounts in the 1999 and 1998 financial statements have been reclassified in order to conform to the 2000 presentation.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Stock-based compensation

The Company has elected to follow Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees (APB 25) and related interpretations in accounting for its employee stock options. Under APB 25, because the exercise price of employee stock options equals the market price of the underlying stock on the date of grant, no compensation expense is recorded. The Company has adopted the disclosure only provisions of SFAS No. 123, (SFAS 123) Accounting for Stock-Based Compensation.

On April 23, 2001, the Company and Siemens Hearing Instruments, Inc. As part of this LOI, Siemens agreed to provide the Company with a five-year \$7.5 million line of credit with interest at 12%, payable quarterly. These terms of the LOI became binding to the parties on April 27, 2001, when HEARx first drew on the line of credit. The Company has agreed to purchase from Siemens at least 70% and up to 90% of HEARx s total hearing aid requirements over the next five years. As the Company purchases products from Siemens, Siemens will pay to the Company certain rebates which must be used to pay down the quarterly installments of principal and interest under the five-year line of credit. As of September 29, 2001, approximately \$7.25 million was outstanding under the line of credit.

Pursuant to the agreement with Siemens, in the event of a takeover of the Company by a third party, the entire outstanding amount under the line of credit will be immediately due and payable and the supply arrangements may be terminated upon payment to Siemens of a \$50 million breakup fee.

The Tranche A, B, and C Loans are payable quarterly over five-years with the outstanding principal and interest due and payable on the final maturity date. Principal and interest on the Tranche D Loan is payable on the final maturity date. Quarterly principal and interest payments on the Tranche A, B, and C Loans will be paid through rebates received from Siemens by HEARx as long as HEARx purchases a certain portion of its requirements of hearing aids from Siemens pursuant to the Supply Agreement discussed below. The loans may be prepaid in whole or in part at any time without penalty. The Credit Facility is secured by a first priority security interest in substantially all of the assets of HEARx.

In connection with the Credit Facility, HEARx and Siemens entered into a Supply Agreement dated as of December 7, 2001, pursuant to which HEARx agreed to purchase from Siemens at certain portion of its requirements of hearing aids for a period of ten years (an initial five year term and a five year renewal term) at specified prices.

SFAS 123, Accounting for Stock-Based Compensation, requires the Company to provide pro forma information regarding net loss and loss per share as if compensation cost for the Company's employee stock option plans had been determined in accordance with the fair value based method prescribed in SFAS 123. The Company estimates the fair value of each option at the grant date by using the Black-Scholes option pricing model with the following weighted-average assumptions used for grants in 2000, 1999, and 1998, respectively, no dividends, expected volatility of 89%, 89% and 59%; risk-free interest rates of 5.12%, 6.65% and 5.74% and expected lives ranging from 5 to 10 years.

Under accounting provisions of SFAS 123, the Company's net loss and loss per share would have been increased to pro forma amounts indicated below:

	2000	1999	1998
Net Loss applicable to Common Stockholders			
As reported	\$ (4,663,450)	\$ (4,825,283)	\$ (12,931,555)

granted 1,500 options each year. The option price is the fair market value of the Company's shares at the date of grant.

As of December 29, 2000, three directors hold options as follows: 3,000 shares at \$ 3.40, 4,500 at \$4.00, 4,500 shares at \$5.00, 4,500 shares at \$6.875, 16,500 at \$7.50, and 4,500 shares at prices ranging from \$12.50 to \$58.75 per share.

C. Stock Bonus Plan

The Board of Directors adopted a Stock Bonus Plan (Bonus Plan). The number of shares of Common Stock which can be issued under the Bonus Plan cannot exceed 50,000. It is administered by the Board of Directors. The purpose of the Bonus Plan is to provide an incentive to senior management to achieve the Company's strategic objectives. At present there are nine senior management personnel eligible to participate. No shares were issued in 2000, 1999 or 1998.

7. Major Customers

During 1999, the Company did not have sales totaling 10% or more of the total net sales to a single customer. In 2000 and 1998, the Company had sales totaling \$ 5.7 million and \$3.3 million, or 10.1% and 12.7% of net sales to two different single customers.

8. Related Party Transactions

On January 6, 1999 HEARx West entered into a capitation contract with an affiliate (the Kaiser Plan) of its minority owner, the Permanente Federation LLC (the Plan). Under the terms of the contract, HEARx West is paid an amount per enrollee of the Kaiser Plan, to provide a once every three years benefit on certain hearing products and services. During 2000 and 1999 approximately \$5,722,000 and \$4,308,000 of capitation revenue from this contract is included in net revenue in the accompanying consolidated statement of operations.

On July 31, 1999, the Company entered into an asset purchase agreement with an individual who is employed as the Company's California Division Manager. Under the terms of this agreement, the Company purchased equipment for consideration of approximately \$100,000 and a customer list for consideration of approximately \$382,000. Consideration included cash of \$75,000, a \$325,000 promissory note payable to the individual, and assumed trade payables of approximately \$82,000.

9. Income Taxes

The Company has accounted for certain items (principally depreciation, allowance for doubtful accounts, and the restructure charge) for financial reporting purposes in periods different from those for tax reporting purposes.

Deferred tax assets are comprised of the following:

At December 29, 2000 the Company had net operating loss carryforwards of approximately \$66,700,000 for both tax and financial reporting purposes. The losses are available for carryforward for fifteen and twenty year periods and will expire beginning in 2002. Any future significant changes in ownership of the Company may limit the annual utilization of the tax net operating loss carryforwards.

10. Restructure Charge

In order to reduce losses in the northeast region, on December 14, 1998, the Company approved a plan to close 12 of its centers, located in the northeast region. The plan consisted of closing the centers, terminating the employees, transferring the equipment and negotiating the lease terminations. These centers closed in January 1999. During 1999, payments totaling approximately \$1,236,000 were made for lease termination costs, employee severance and other. At December 31, 1999, the remaining balance of approximately \$215,000 of the restructure reserve related to lease termination costs which were substantially paid as of December 29, 2000. As of December 29, 2000 substantially all phases have been completed.

These centers had a combined loss for the year ended December 25, 1998 of approximately \$1.9 million. A restructure charge of \$2,233,800 was recorded in the fourth quarter of 1998 to reflect the costs of closing the centers as detailed below.

11. Commitments and Contingencies

The Company established the HEARx Ltd. 401(k) plan in October 1998. All employees who have attained age 21 with at least three months of service are eligible to participate in the plan. The Company's contribution to the plan is determined from year to year by the Board of Directors. The Company's contributions to the plan were approximately \$45,400, \$42,400 and \$8,400 for the years ended December 29, 2000, December 31, 1999 and December 25, 1998, respectively.

Effective December 14, 1999 the Company entered into five year employment agreements with certain of its executive officers that provide for annual salaries, severance payments, and accelerated vesting of stock options upon termination of employment under certain circumstances

13. Fair Value of Financial Instruments

SFAS 107 requires the disclosure of fair value of financial instruments. The estimated fair value amounts have been determined by the Company's management using available market information and other valuation methods. However, considerable judgment is required to interpret market data in developing the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts the Company could realize in a current market exchange. The use of different market assumptions and/or estimation methods may have a material effect on the estimated fair value amounts. Furthermore, the Company does not intend to dispose of a significant portion of its financial instruments and thus, any aggregate unrealized gains or losses should not be interpreted as a forecast of future earnings and cash flows. SFAS 107 excludes certain financial instruments from its disclosure requirements, such as leases. In addition, disclosure of fair value estimates are not required for nonfinancial assets and liabilities, such as fixed assets, intangibles and anticipated future business. As a result, the following fair values are not comprehensive and therefore do not reflect the underlying value of the Company.

The following methods and assumptions were used in estimating fair value disclosure for financial instruments:

Cash and Cash Equivalents the carrying amounts reported in the consolidated balance sheets approximate those assets' fair value.

Investment Securities the carrying amounts reported in the consolidated balance sheets approximate those assets' fair value (Note 2).

Accounts Receivable the carrying amounts reported in the consolidated balance sheets approximate those assets' fair value.

Table of Contents**HEARx LTD.****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Accounts Payable, Accrued Expenses and Long Term Debt the carrying amounts reported in the consolidated balance sheets approximate those liabilities fair value.

14. Recent Accounting Pronouncements

In June 1999, the Financial Accounting Standards Board (FASB) issued SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities. SFAS No. 133, amended by SFAS No. 137 requires companies to recognize all derivative contracts as either assets or liabilities in the balance sheet and to measure them at fair value. If certain conditions are met, a derivative may be specifically designated as a hedge, the objective of which is to match the timing of gain or loss recognition on the hedging derivative with the recognition of (i) the changes in the fair value of the hedged assets or liabilities that are attributable to the hedged risk or (ii) the earnings effect of the hedged forecasted transaction. For a derivative not designated as a hedging instrument, the gain and loss is recognized in income in the period of change. SFAS No. 133 is effective for all fiscal quarters of all fiscal years beginning after June 15, 2000.

Historically, the Company has not entered into derivative contracts either to hedge existing risks or for speculative purposes. Accordingly, the Company does not expect the adoption of the new standard as January 1, 2001 to have a material impact on the Company's financial position, results of operations, or cash flows.

In December 1999, the SEC staff release Staff Accounting Bulletin (SAB) No. 101, Revenue Recognition in Financial Statements, which provides interpretive guidance on the recognition presentation, and disclosure of revenue in financial statements. SAB 101 must be applied to financial statements no later than the quarter ended September 30, 2000. There was no material impact from the application of SAB 101 on the Company's financial position, results of operations, or cash flows.

In March 2000, the FASB issued Interpretation No. 44 (FIN 44), Accounting for Certain Transactions Involving Stock Compensation, and an interpretation of APB. 25. FIN 44 clarifies the application of APB 25 for (a) the definition of an employee for purposes of applying Opinion No. 25, (b) the criteria for determining whether a plan qualifies as a non-compensatory plan, (c) the accounting consequences of various modifications to the terms of a previously fixed stock option or award, and (d) the accounting for an exchange of stock compensation awards in business combination. FIN 44 became effective July 1, 2000, but certain conclusions cover specific events that occur after either December 15, 1998, or January 12, 2000. FIN 44 did not have a material impact on the Company's financial position, results of operations, or cash flows.

In June 2001, the FASB finalized FASB Statements No. 141, *Business Combinations* (SFAS 141), and No. 142, *Goodwill and Other Intangible Assets* (SFAS 142). SFAS 141 requires the use of the purchase method of accounting and prohibits the use of the pooling-of-interests method of accounting for business combinations initiated after June 30, 2001. SFAS 141 also requires that the Company recognize acquired intangible assets apart from goodwill if the acquired intangible assets meet certain criteria. SFAS 141 applies to all business combinations initiated after June 30, 2001 and for purchase business combinations completed on or after July 1, 2001. It also requires, upon adoption of SFAS 142, that the Company reclassify the carrying amounts of intangible assets and goodwill based on the criteria in SFAS 141.

SFAS 142 requires, among other things, that companies no longer amortize goodwill, but instead test goodwill for impairment at least annually. In addition, SFAS 142 requires that the Company identify reporting units for the purposes of assessing potential future impairments of goodwill, reassess the useful lives of other existing recognized intangible assets, and cease amortization of intangible assets with an indefinite useful life. An intangible asset with an indefinite useful life should be tested for impairment in accordance with the guidance in SFAS 142. SFAS 142 is required to be applied in fiscal years beginning after December 15, 2001 to all goodwill and other intangible assets recognized at that date, regardless of when those assets were initially recognized. SFAS 142 requires the Company to complete a transitional goodwill impairment test six months

from the date of adoption. The Company is also required to reassess the useful lives of other intangible assets within the first interim quarter after adoption of SFAS 142. The Company's previous business combinations were accounted for using the purchase method. The impact of the adoption of SFAS 141 and SFAS 142 on the Company's financial position and results of operations is not expected to be material.

In October 2001, the FASB issued SFAS No. 144 *Accounting for the Impairment or Disposal of Long-Lived Assets* which resolves significant implementation issues related to FASB Statement No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of*, and supersedes the accounting and reporting provisions of APB Opinion No. 30, *Reporting the Results of Operations Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions*, for the disposal of a business segment. SFAS 144 is effective for fiscal years beginning after December 15, 2001, and interim periods within those fiscal years, with early application encouraged. The impact of adoption of SFAS 144 on the Company's financial position and results of operations is not expected to be material.

15. Subsequent Events

On July 27, 2001, the Company and Helix Hearing Care of America Corp., a Canadian corporation (Helix), signed a definitive merger agreement. Helix owns or manages 138 hearing healthcare clinics located in Massachusetts, Pennsylvania, New York, Ohio, Michigan, Wisconsin, Minnesota, Washington and Arizona as well as in the Provinces of Ontario and Quebec. The boards of directors of both companies have unanimously approved the transaction. The transaction is subject to shareholder, Canadian court, certain third party and other regulatory approvals. The Company filed a registration statement/proxy on Form S-4 with the U.S. Securities and Exchange Commission on November 8, 2001, which contained all relevant information about the transaction. The transaction is expected to close before the end of the first quarter of 2002.

16. Canadian Generally Accepted Accounting Principles

The consolidated financial statements of HEARx, Ltd. have been prepared in accordance with generally accepted accounting principles in the United States (US GAAP) which differ in certain respects from accounting principles generally accepted in Canada (Canadian GAAP). The following represents the principle differences affecting net loss and stockholders' equity.

Accounting for Joint Venture

Under US GAAP the investment in a joint venture in fiscal 1998 was accounted for using the equity method. Under Canadian GAAP the interest in a joint venture is accounted for using the proportionate consolidation method. The effect of this difference for the year ended December 25, 1998 would have been to increase costs and expenses and decrease Equity loss in joint venture by \$615,420.

Convertible Preferred Stock

Under US GAAP the intrinsic value of the beneficial conversion option of the Convertible Preferred Stock was recorded as a deemed dividend. Under Canadian GAAP there is no requirement to record a deemed dividend. The effect of this difference for the year ended December 29, 2000 would have been to increase Accumulated Deficit and decrease Additional Paid-in capital by \$571,241 and decrease net loss applicable to common stockholders by \$571,241 and decrease net loss per common share - basic and diluted by \$.04.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**Information as at and for the Nine-Month Periods Ended August 31, 2001 and 2000
is Unaudited (in Canadian dollars)**

1. Description of the business

Helix Hearing Care of America Corp. (Helix or the Company) was formed on August 26, 1996 by Articles of Incorporation issued pursuant to the provisions of the Business Corporations Act (Alberta). The Company's articles have been amended on July 9, 1999, for the continuance of the Company under the Canada Business Corporations Act. The Company owns a network of clinics in Ontario and the United States and provides management, administration, supply and marketing services to clinics in Quebec. Revenues include sales of hearing aids and accessories and management advisory services fees.

2. Accounting policies

The consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP). The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and related disclosures. Actual results could differ from those estimates. Canadian generally accepted accounting principles differ in certain material respects with United States GAAP, significant differences relevant to the Company are presented in Note 16.

Unaudited interim financial statements August 31, 2001 and 2000

In the opinion of management, the unaudited interim consolidated financial statements contain all adjustments of a normal recurring nature necessary to present fairly the financial position, results of operations and cash flows for the periods presented. Operating results for the nine months ended August 31, 2001 are not necessarily indicative of the results that may be expected for the year ending November 30, 2001.

Revenue recognition

Revenues are recognized upon delivery of hearing aids or when management, administration, supply and marketing services are rendered.

Consolidation

The consolidated financial statements include the accounts of the Company and those of its majority owned subsidiaries. Business acquisitions are accounted for under the purchase method and the results of operations of these businesses are included in the consolidated financial statements from the acquisition date of the investments.

Cash and cash equivalents

Cash and cash equivalents include cash and short-term investments in money market instruments with original maturities of three months or less.

Inventories

The inventories are valued at the lower of cost and replacement value. Cost is determined on a first in, first out basis.

Table of Contents**HELIX HEARING CARE OF AMERICA CORP.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)*****Capital assets***

Capital assets are stated at cost and amortized on a straight-line basis over their estimated useful lives as follows:

Professional equipment	20%
Computer equipment and software	30%
Office equipment	20%
Leasehold improvements	lesser of lease term or 20%

Other assets

Goodwill represents the excess of purchase price over the value assigned to the net tangible assets of businesses acquired. Goodwill is stated at cost and amortized on a straight-line basis over 20 years.

Other assets also comprise financing charges, development charges and unrealized foreign currency (gain) loss related to long-term debt and convertible debentures. These charges are stated at cost less accumulated amortization and are amortized over a maximum period of five years.

Impairment of long-lived assets

Helix evaluates the carrying value of its long-lived assets on an ongoing basis. In order to determine whether an impairment exists, management considers the projected operating results as well as other indicators. An impairment loss is measured as the amount by which the carrying amount of assets exceeds their fair value. Fair value is based on anticipated discounted future cash flows generated by the related asset. Any permanent impairment in the carrying value of assets is charged against earnings in the period an impairment is determined.

Stock option plan

The Company has a stock option compensation plan, which is described in Note 9. No compensation expense is recognized for this plan when stock options are granted to employees and directors. Any consideration paid by employees and directors on exercise of stock options is credited to share capital.

Foreign currency translation

The foreign subsidiary is considered as a self-sustaining foreign company and the current rate method is used to translate its financial statements into Canadian dollars. The resulting translation adjustment is reported under a separate component of shareholders' equity and recognized in income when a reduction of the investment in the subsidiary is realized.

Unrealized translation gains and losses resulting from the conversion of long-term liabilities are deferred and amortized over the remaining life of these long-term liabilities on a straight-line basis.

Warranties

Hearing aids sold by Helix are covered by manufacturers' warranties.

Accounting changes

On December 1, 2000, Helix adopted the recommendation of the Canadian Institute of Chartered Accountants (CICA) Handbook Section 3465, *Income Taxes*, which modifies the method of accounting for income taxes. The existing deferral method, which focuses on the statement of earnings, was replaced with the liability method of tax allocation, which focuses on the balance sheet. Future income taxes represent

Table of Contents**HELIX HEARING CARE OF AMERICA CORP.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

temporary differences between the tax basis of assets and liabilities and their carrying values for accounting purposes. A valuation allowance is provided for the amount of future income tax assets which are not considered more likely than not to be realized. The liability method requires all future income tax assets and liabilities to be remeasured at the tax rate that is expected to apply when the temporary differences reverse. The adoption of the new standard will not have a material effect on the consolidated financial statements of the Company.

On December 1, 2000, Helix also adopted the recommendation of the CICA Handbook Section 3461, *Employee Future Benefits*. This standard requires companies to accrue the costs of postretirement benefits other than pensions over the expected working lives of employees in a manner similar to pension costs. Under previous practice, such costs were charged to income as incurred. The new standard also requires a change in the discount rate used to value liabilities and service costs from an estimated long-term interest rate to a market-based interest rate. The adoption of the new standard did not have a material effect on the consolidated financial statements of the Company.

The CICA has issued Handbook Section 3500, *Earnings Per Share (EPS)* effective for fiscal years beginning on or after January 1, 2001. The revised section requires the use of the treasury stock method to compute the dilutive effect of potential common shares. Helix will adopt the new standard for the year ending November 30, 2002.

Comparative figures

Certain prior period amounts presented for comparative purposes have been reclassified to conform with the presentation adopted in the current year.

3. Business acquisitions

During the year, the Company acquired 100% of all assets and shares of several private companies for a total consideration of \$18,457,939 (\$5,600,322 in 1999). These acquisitions were accounted for by the purchase method, and the results of operations are included in the consolidated financial statements from the effective date of acquisition. The maximum credit risk exposure in connection with the accounts receivable is \$10,144,957 (\$6,663,050 in 1999) including an amount of \$4,594,356 (\$2,124,142 in 1999) which is denominated in US dollars. The Company's concentration of credit risk is moderate. However, the clients from whom the accounts are receivable have common characteristics, particularly with regards to the nature of their activities and economic or other disturbances, which could alter their ability to meet their obligations.

Foreign exchange risk

The Company is exposed to foreign exchange risk as a result of the activities of its subsidiaries in the United States, and has no financial instruments that could reduce this risk.

Interest rate risk

As at November 30, 2000 and 1999, most of the long-term debt and all of the convertible debentures were at fixed interest rates.

Fair value

The Company's financial instruments appearing in the consolidated balance sheet include cash and cash equivalents, accounts receivable, current liabilities (excluding income taxes payable), long-term debt and convertible debentures.

Fair value approximates amounts at which financial instruments could be exchanged between consenting parties, based on current markets for instruments of the same risks, principal and remaining maturities. Due to the use of subjective judgement and uncertainties, the aggregate fair value amount should not be interpreted as being realizable in an immediate settlement of the instruments.

As at November 30, 2000 and 1999, the book value of all financial instruments approximates fair value either because of their short-term maturities or their variable rates with the following exception:

	2000		1999	
	Book Value	Fair Value	Book Value	Fair Value
	\$	\$	\$	\$
Fixed rate long-term liabilities	14,227,554	14,777,581	10,563,881	11,257,116

14. Related party transactions

a) The Company leases premises from some directors. During the year ending November 30, 2000, rent of \$15,600 (\$61,153 in 1999 and \$69,721 in 1998) was paid to those directors.

b) Revenues of \$6,416,695 (\$5,067,696 in 1999 and \$4,387,513 in 1998) were concluded with companies under common control. As at November 30, 2000, an amount of \$3,047,527 (\$3,010,487 in 1999 and \$2,420,249 in 1998) resulting from these transactions has been included in the accounts receivable.

These transactions were concluded in the normal course of business and have been recorded at the exchange amounts, which are the amounts established and agreed upon by the related parties.

15. Segmented information

The Company operates in one business segment, which comprises the sales of hearing aids and accessories and management advisory services. Its business units are located in Canada and in the United States.

These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles, which differ in some respects from those in the United States. The following table presents amounts that would have been reported had the Company's consolidated financial statements been prepared on the basis of United States accounting principles.

In Canada, the Accounting Standards Board has approved an addendum to Business Combinations, Section No. 1580 that permits goodwill amortization expense to be presented net-of-tax on a separate line in the Consolidated Income Statement. This presentation is not currently permitted under United States GAAP.

(i) *Income taxes and adjustment for change in accounting policy*

On December 1, 2000, the Company adopted the recommendations of CICA Handbook Section 3465 Income taxes (see Note 2). The recommendations of Section 3465 are similar to the provisions of Statement of Financial Accounting Standards (SFAS) No. 109 Accounting for Income Taxes issued by the Financial Accounting Standards Board (FASB). Under the asset and liability method, future tax assets and liabilities are determined based on the differences between the carrying amounts and tax basis of assets and liabilities, and are measured using enacted tax rates and laws in effect as at the date of the financial statements. Future tax assets are accounted for only if management believes it is more likely than not that they will be realized. The effect of retroactively applying these new recommendations on the current year's and prior years' financial statements is not material.

(ii) *Translation of foreign currencies*

Under Canadian GAAP, unrealized exchange gains and losses arising on the translation, at exchange rates prevailing on the balance sheet date, of long-term debt repayable in a foreign currency are deferred and amortized to income over the remaining life of the related debt. Under U.S. GAAP, such exchange gains and losses are included in income in the period in which they occurred.

HELIX HEARING CARE OF AMERICA CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(iii) *Development charges*

Under U.S. GAAP, development costs and acquisition costs incurred by the acquiree are expensed as incurred, whereas under Canadian GAAP, costs meeting certain criteria are capitalized on the balance sheet. Included under the caption development charges are other intangibles and noncomplete agreements that are amortized on the straight-line basis over the period benefited.

(iv) *Goodwill*

Under Canadian GAAP, when the amount of contingent consideration can be reasonably estimated at the date of acquisition and the outcome of the contingency can be determined beyond reasonable doubt, the amount of contingent consideration is recorded at that date as part of the cost of the purchase. Under United States GAAP, consideration issuable upon resolution of a contingency is not recorded unless issuance or distribution is virtually certain.

(v) *Convertible debenture*

Under Canadian GAAP, the liability and equity components of compound financial instruments, such as the Company's convertible debentures, are included in long-term debt and shareholders' equity, respectively and interest costs pertaining to the equity component are accreted directly to long-term debt. Under Canadian GAAP, the less easily measurable component (the equity instrument) was established as the residual amount after deducting from the instrument as a whole the amount separately determined for the component that is more easily measurable (the debt instrument). As the amounts attributable to the conversion feature and warrants were deemed immaterial, at the time of issuance, the convertible debentures were recorded entirely as long-term debt, with interest expense charged to earnings. Under U.S. GAAP the amounts attributable to the warrants are determined separately based on fair values at the time of issuance.

(vi) *Stock-based compensation*

Under Canadian GAAP, stock options are accounted for at the date of exercise, when the purchase is recorded as an increase to capital stock. For purposes of reconciliation to U.S. GAAP, stock options granted to employees have been accounted for using the intrinsic value method prescribed by APB 25. Options or warrants granted to consultants providing services to the Company are accounted for using the fair value method based on the fair value of the options granted and recorded as an expense in statements of earnings or as share issue expenses in share capital for underwriters.

(vii) *Earnings per share*

Under Canadian GAAP, fully diluted EPS is calculated by adjusting net income available to common shareholders for imputed earnings on funds which would have been received on the exercise of options. Under U.S. GAAP, diluted net earnings (loss) per share is calculated based on the weighted average number of shares outstanding during the year, plus the effects of dilutive common share equivalents, such as options and warrants. This method requires that diluted net earnings (loss) per share be calculated, using the treasury stock method, as if all common share equivalents had been exercised at the beginning of the reporting period, or period of issue, as the case may be, and that the funds obtained thereby were used to purchase common shares of the Company at the average trading price of the common shares during the period. Common stock options and warrants to purchase common shares as disclosed in Note 9 were not included in the computation of diluted earnings per share because the Company reported a loss under U.S. GAAP for each of the periods presented and the inclusion of the options would be anti-dilutive.

(viii) *Comprehensive income*

Cumulative other comprehensive income is comprised solely of foreign currency translation adjustments which result from the process of translating the financial statements of foreign subsidiaries.

Comprehensive loss	(6,969,759)	(696,031)	(1,787,366)	(2,897,727)

(ix) *Income taxes*

As a result of above adjustments from Canadian GAAP to US GAAP, future tax assets under US GAAP include an adjustment of \$251,000 (\$43,000 in 1999, \$319,000 in August 2001 and \$134,000 in August 2000). This would result in a corresponding adjustment in the valuation allowance under US GAAP.

(x) *Recent pronouncements*

In June 1998, the FASB issued SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities. SFAS No. 133 establishes accounting and reporting standards for derivative instruments and hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the statement of financial position and measure those instruments at fair value. SFAS No. 137, issued by the FASB in July 1999, establishes a new effective date for SFAS No. 133. This statement, as amended by SFAS No. 137, is effective for all fiscal quarters of fiscal years beginning after June 15, 2000 and is therefore effective for Helix beginning with its fiscal quarter ending February 28, 2001. In June 2000, FASB issued SFAS No. 138, Accounting for Certain Derivative Instruments and Hedging Activities an amendment of FASB Statement No. 133. SFAS No. 138 addresses a limited number of issues causing implementation difficulties for SFAS No. 133. SFAS No. 138 is required to be adopted concurrently with SFAS No. 133 and is therefore effective for Helix beginning with its fiscal quarter ending February 28, 2001. Because of the limited use of derivative instruments, there will be no material effect on Helix's consolidated financial statements.

In March 2000, the FASB issued interpretation No. 44, or FIN 44 Accounting for Certain Transactions Involving Stock Compensation, which is an interpretation of Accounting Principles Board Opinion No. 25, or APB Opinion 25. This interpretation, which clarifies the definition of an employee non-compensatory plan, accounting consequences of various modifications to previously fixed stock options or awards and the exchange of stock compensation awards is a business combination. The adoption of FIN 44 did not have an impact on Helix's consolidated financial statements.

In July 2001, the FASB issued SFAS No. 141 Business Combinations and SFAS No. 142 Goodwill and Other Intangible Assets. SFAS No. 141 requires business combinations initiated after June 30, 2001, to be accounted for using the purchase method of accounting, and broadens the criteria for recording intangible assets separate from goodwill. Recorded goodwill and intangibles will be evaluated against this new criteria and may result in certain intangibles being subsumed into goodwill, or alternatively, amounts initially recorded as goodwill may be separately identified and recognized apart from goodwill. SFAS No. 142 requires the use of a nonamortization approach to account for purchased goodwill and certain intangibles. Under a nonamortization approach, goodwill and certain

intangibles will not be amortized into results of operations, but instead would be reviewed for impairment and written down and charged to results of operations only in the period in which the recorded value of goodwill and certain intangibles is more than its fair value. Helix intends to adopt SFAS No. 142 in Fiscal 2002 and as a result will not recognize any goodwill amortization in 2002 or subsequent years. Helix will continue to amortize goodwill at the rate of \$435,000 for the fourth quarter of 2001. Had SFAS No. 142 been effective in Fiscal 2000, pretax income would have been higher by approximately \$914,000 and \$1,300,000 for the year ended November 30, 2000 and the 9-month period ended August 31, 2001 respectively. At November 30, 2001, goodwill on the balance sheet is expected to be approximately \$34,800,000. Because of the extensive effort needed to comply with adopting SFAS No. 141 and SFAS No. 142, it is not practicable to accurately determine the complete impact of adopting these Standards on our financial statements at the date of this report, including whether any transitional impairment losses will be recognized as the cumulative effect of a change in accounting policy.

In October 2001, the FASB issued SFAS No. 144 *Accounting for the Impairment or Disposal of Long-Lived Assets* which resolves significant implementation issues related to FASB Statement No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of*, and supersedes the accounting and reporting provisions of APB Opinion No. 30, *Reporting the Results of Operations - Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions*, for the disposal of a business segment. SFAS 144 is effective for fiscal years beginning after December 15, 2001, and interim periods within those fiscal years, with early application encouraged. The impact of adoption of SFAS 144 on Helix's financial position and results of operations is not expected to be material.

17. Subsequent events

On June 22, 2001, Helix completed a private placement. Under this agreement, Helix issued 2,608,462 common shares for a total consideration of \$3,391,000.

On July 27, 2001, Helix signed a definitive merger agreement with HEARx Ltd. In order to merge their operations. According to the merger agreement HEARx will issue 14.6 million shares to Helix shareholders. Helix shareholders will receive 0.3537 shares of HEARx for every 1 share of Helix. The Boards of Directors of both companies have unanimously approved the transaction. The transaction is subject to shareholders and regulatory approval.

On November 28, 2001, Helix acquired Auxiliary Health Benefits Corporation, doing business as National Ear Care Plan (NECP) of Denver, Colorado for US\$3.5 million in cash.

On January 14, 2002, Helix and HEARx entered into a subscription agreement pursuant to which HEARx purchased 4,853,932 common shares of Helix for an aggregate purchase price of \$4,320,000.

AMERICAN HEARING CENTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization

American Hearing Centers, Inc., a Massachusetts corporation (the Company), was formed concurrently with the acquisition of Thomas W. Fell Co., Inc. (Fell) on February 13, 1998. Fell owned and operated six hearing care clinics in eastern Massachusetts (Note 3). Each center offers the hearing impaired a broad range of audiological products and services.

As of December 31, 1999, the Company operated nineteen hearing centers in Massachusetts, Michigan and Pennsylvania. The Company has grown principally through acquisition. Platform acquisitions serve as the foundation for acquiring or opening additional hearing centers in each core market. The Company employs hearing aid professionals to provide the clinical component at each hearing center and business managers to oversee market activities.

2. Significant Accounting Policies

The accompanying financial statements have been prepared on the accrual basis of accounting.

Principles of Consolidation

The consolidated financial statements include the accounts of American Hearing Centers, Inc. and its wholly-owned subsidiaries. All intercompany balances and transactions have been eliminated.

Revenue Recognition

Revenues from the sale of hearing products are recognized at the time of delivery. Revenues from the provision of audiological services are recognized at the time that such services are performed.

Advertising

The costs of advertising, development and marketing are charged to operations in the year incurred. Advertising costs were \$274,729 and \$80,285 in 1999 and in the period February 13, 1998 (inception) through December 31, 1998, respectively.

Cash and Cash Equivalents

Cash equivalents consist of short-term, highly liquid investments with original maturities within 90 days.

Accounts Receivable

Accounts receivable represent amounts due from patients and other third-party payors for audiological products and services. These amounts are recorded net of contractual allowances and an allowance for doubtful accounts.

Inventory

Inventories consist primarily of purchased hearing aids, hearing aid batteries and related accessories and are stated at the lower of cost (first-in, first-out) or net realizable value.

Table of Contents**AMERICAN HEARING CENTERS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)*****Property and Equipment***

Property and equipment are stated at cost or fair market value at dates of acquisition, net of accumulated depreciation. Property and equipment are depreciated using the straight-line method over the following useful lives:

	Years
Audiological equipment	10
Computer equipment and software	3
Office equipment	5
Furniture and fixtures	5

Leasehold improvements are depreciated over the lesser of the assets' estimated useful lives or the lease terms, principally five years. In the year of acquisition, depreciation is calculated at one-half the above noted rates.

Gains or losses are recognized upon the disposal of property and equipment, and the related accumulated depreciation is removed from the accounts. Fully depreciated assets and the related accumulated depreciation are removed from the accounts upon retirement. Maintenance, repairs and betterments that do not enhance the value or increase the life of assets are charged to operations as incurred.

During 1999, the Company capitalized \$12,000 of consulting fees incurred to develop an internal use computer software application.

Intangible Assets

Costs of acquisitions in excess of the net estimated fair value of the tangible assets acquired and identifiable intangible assets (goodwill) are amortized on the straight-line basis over twenty-five years. Noncompete agreements and other identifiable intangible assets are amortized on the straight-line basis over the period benefited.

Impairment of Long-Lived Assets

Periodically, management assesses, based on undiscounted cash flows, if there has been a permanent impairment in the carrying value of its long-lived assets and, if so, the amount of any such impairment by comparing anticipated discounted future operating income from acquired businesses with the carrying value of the related long-lived assets. In performing this analysis, management considers such factors as current results, trends and future prospects in addition to other economic factors.

Deferred Revenue

The Company offers extended warranties on certain of its products. Costs associated with the warranties are expensed as incurred. Revenue generated by the sale of warranties is deferred and recognized over the life of the warranty.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Table of Contents**AMERICAN HEARING CENTERS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)*****Income Taxes***

Deferred tax assets and liabilities are recognizable based on temporary differences between the financial statements and tax basis of assets and liabilities using current statutory tax rates.

Stock-Based Compensation

The Company accounts for its stock compensation arrangements under the provisions of Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees.

The Company has adopted the disclosure-only provisions of Statement of Financial Accounting Standards (SFAS) No. 123, Accounting for Stock-Based Compensation. If material, these provisions require the Company to disclose pro forma net income amounts as if compensation expense related to grants of stock options was recognized based on fair value accounting rules.

Fair Value of Financial Instruments

At December 31, 1999 and 1998, the value of the Company's financial instruments such as cash, trade receivables and payables and long-term debt approximated their fair values. Fair value is determined based on expected future cash flows, discounted at market interest rates, and other appropriate valuation methodologies.

3. Acquisitions

Concurrent with its formation in February 1998, the Company acquired 100% of the common stock of Thomas W. Fell Co., Inc., which owned and operated six hearing care clinics in eastern Massachusetts, for a combination of cash and debt. The Company also issued common stock valued at \$7,500 in exchange for services provided by its principal investor group in connection with the transaction.

The transaction was accounted for using the purchase method of accounting. The estimated fair values of the assets acquired and liabilities assumed are summarized as follows:

There was no stock compensation expense recorded in 1999 and for the period February 13, 1998 (inception) through December 31, 1998.

10. Related Party Transactions

The Company's acquisition model provides for payment of purchase price through a combination of cash and debt. Additionally, sellers of acquired businesses typically enter into employment or consulting agreements and in certain cases become directors of the Company. As a result, much of the Company's debt is to directors, consultants or employees of the Company. Included in debt in 1999 is \$406,263 issued to an officer and director of the Company, and \$751,373 issued to former owners who are current employees (Note 6).

Interest expense related to this debt amounted to \$44,519 and \$27,660 for 1999 and for the period February 13, 1998 (inception) through December 31, 1998, respectively.

11. Subsequent Events

On May 12, 2000, the Company amended and restated its Credit Facility (see Note 6). In the amended and restated revolving credit agreement (Revolver), the aggregate unpaid principal of all advances outstanding shall not exceed the lesser of (1) \$750,000 (the maximum credit), or (2) the Borrowing Base.

The Borrowing Base shall consist of the sum of 80% of Qualified Accounts. Qualified Accounts represent accounts receivable which (a) arise from the sale of goods which have been shipped or the performance of services which have been performed; (b) are not outstanding for more than 90 days after the date of the invoice for such goods or services; (c) are not represented by a note or other negotiable instrument; (d) are due from an account debtor that is not subject to any insolvency proceeding; (e) are not due from a Subsidiary or an Affiliate; (f) are due from an account debtor located in the United States, or an account debtor in another location where payment of the receivable is supported by a letter of credit acceptable to Bank; (g) are not due from the government of the United States or any subdivision thereof (other than so-called Medicaid accounts receivable); (h) do not arise out of the sale by the Company of goods consigned or delivered to the Company; and (i) are subject to a first priority perfected security interest in favor of Bank.

All advances are payable on demand. Interest shall be payable monthly in arrears on the first day of each month at a rate equal to prime plus 1%.

All events of default under the Credit Facility have been waived in the amended and restated Revolver.

2. ***Helix's Conditions of the Arrangement.*** The obligations of Helix to complete the Arrangement shall be subject to the following conditions:

(a) the representations and warranties of HEARx in this Agreement shall be true and correct in all material respects on the Original Execution Date and shall also be true and correct in all material respects at and as of the Effective Time with the same force and effect as if made on and as of the Effective Time except for such changes as are specifically contemplated by this Agreement or for representations and warranties that address matters only as of a particular date (which representations and warranties shall remain true and correct as of such date);

(d) no act, action, suit or proceeding shall have been threatened or taken before or by any federal, provincial, state or foreign court or other tribunal or governmental agency or other regulatory or administrative agency or commission or by any elected or appointed public official or private person (including without limitation any individual, corporation, firm, group or other entity) in Canada or the United States, whether or not having the force of law, and no law, regulation or policy shall have been proposed, enacted, promulgated or applied, whether or not having the force of law, which could reasonably be expected to have the effect of making illegal, or otherwise directly or indirectly restraining or prohibiting or making materially more costly, the completion of the Arrangement or any material part thereof,

SCHEDULE B

TERMS OF PLAN OF ARRANGEMENT

The Plan of Arrangement shall provide for the conversion of the Helix Common Shares, options and other securities to purchase the Helix Common Shares substantially as described in this Schedule, subject to change as provided in Section 1.2 of the Agreement.

(a) At 12:01 a.m. (the *Effective Time*) on the Effective Date shown on the certificate of arrangement issued under the Act giving effect to the Arrangement, the following shall occur and be deemed to occur without any further act or formality:

(i) each of the outstanding Helix Common Shares, other than shares (*Dissenting Shares*) held by a shareholder who has exercised its right of dissent in accordance with the Interim Order and is ultimately entitled to be paid the fair value of its Helix Common Shares, will be transferred to HEARx Canada in consideration for, at the election of the holders of the Helix Common Shares and subject to section (b) below:

(A) the HEARx Stock Consideration (defined below); or

(B) the Exchangeable Shares Consideration (defined below).

HEARx may, at its discretion, require that each holder of a Helix Common Share receive the HEARx Stock Consideration or the Exchangeable Shares Consideration.

(ii) as used herein, the following terms have the meanings set forth below:

(A) *Exchange Ratio* is equal to 0.3537 shares of HEARx Common Stock or Exchangeable Shares for each Helix Common Share,

(B) *Exchangeable Shares Consideration* is equal to the number of Exchangeable Shares at the Exchange Ratio to which a holder of Helix Common Shares electing to receive Exchangeable Shares is entitled,

(C) *HEARx Purchase Rights* means the preferred stock purchase rights issued pursuant to the HEARx Rights Agreement,

(D) *HEARx Stock Consideration* is the number of shares of HEARx Common Stock at the Exchange Ratio to which a holder of Helix Common Shares electing to receive HEARx Common Stock is entitled, together with a corresponding number of HEARx Purchase Rights.

(b) A holder of Helix Common Shares shall make the election in section (a) above by depositing with a Canadian commercial bank selected by HEARx and reasonably acceptable to Helix (the *Depositary*), prior to the date which is two days prior to the date of the Helix Meeting (the *Election Deadline*), a duly completed letter of transmittal and election form (the *Letter of Transmittal and Election Form*) in the form provided by Helix. In the event that a holder of Helix Common Shares has failed to validly make an election in the Letter of Transmittal and Election Form pursuant to this paragraph, such holder shall be deemed to have made the election to receive the Exchangeable Shares Consideration. Notwithstanding any provision of this Agreement to the contrary, holders of Helix Common Shares who are not resident in Canada for the purposes of the *Income Tax Act* (Canada) (the *ITA*) shall not be entitled to elect to receive Exchangeable Shares and any such election shall be deemed to be an election to receive the HEARx Stock Consideration.

(c) Upon the transfer of shares referred to in section (a) above: (A) each holder of a Helix Common Share shall cease to be such a holder, shall have his name removed from the register of holders of Helix Common Shares and shall be entitled to become a holder of the number of fully paid Exchangeable Shares and/or shares of HEARx Common Stock to which he is entitled as a result of the transfer of shares referred to in section (a) and such holder's name shall be added to the register of holders of such securities accordingly; and (B) HEARx Canada shall become the legal and beneficial owner of all of the Helix Common Shares so transferred.

Table of Contents

(d) Holders of Helix Common Shares who are residents of Canada for the purposes of the ITA and who have elected to receive Exchangeable Shares under section (a)(i)(B) above shall be entitled to make an income tax election pursuant to Section 85 of the ITA (and, if applicable, analogous provisions of provincial income tax legislation) with respect to the transfer of their Helix Common Shares to HEARx Canada referred to in section (a)(i) by providing three signed copies of the necessary election forms to HEARx Canada within 90 days following the Effective Date, duly completed with the details of the number of shares transferred and the applicable agreed amounts for the purposes of such elections. Thereafter, subject to the election forms complying with the provisions of the ITA (and, if applicable, analogous provisions of provincial income tax legislation), the forms will be signed by HEARx Canada and two signed copies will be returned to such holders of Helix Common Shares for filing with the Canada Customs and Revenue Agency and the applicable provincial tax authorities.

(e) Prior to the Effective Time, HEARx shall cause HEARx Canada to authorize and issue the Exchangeable Shares pursuant to the agreements and instrument described below, with such changes as HEARx and Helix may deem appropriate, provided that such changes do not materially alter the economic equivalency of an Exchangeable Share and a share of HEARx Common Stock:

(i) HEARx shall cause HEARx Canada to include the Share Provisions described on *Schedule J* in HEARx Canada's Articles of Incorporation;

(ii) HEARx shall cause the share of Special Voting Stock described in *Schedule K* to be duly authorized;

(iii) HEARx shall deposit the share of Special Voting Stock with the Depository and shall execute, and cause HEARx Canada and HEARx Acquisition ULC, a Nova Scotia unlimited liability company (**HEARx Acquisition**), to execute, the Voting and Exchange Trust Agreement in the form of *Schedule L*; and

(iv) HEARx shall, and shall cause HEARx Canada and HEARx Acquisition to, execute the Support Agreement in the form of *Schedule M*.

(f) Each of the outstanding options to purchase Helix Common Shares other than options held by a holder who has exercised its right of dissent in accordance with the Interim Order and is ultimately entitled to be paid the fair value of its options (collectively, the **Helix Options**) will, at the Effective Time, and without any further action on the part of any holder thereof, be exchanged for substantially identical options issued by HEARx to purchase that number of shares of HEARx Common Stock determined by multiplying the number of shares of Helix Common Shares subject to such Helix Option at the Effective Time by the Exchange Ratio, at an exercise price per share of HEARx Common Stock equal to the exercise price per share of such Helix Option immediately prior to the Effective Time (as adjusted for conversion from Canadian dollars to US dollars as of the Effective Time) divided by the Exchange Ratio. If the foregoing calculation results in an exchanged Helix Option being exercisable for a fraction of a share of HEARx Common Stock, then the number of shares of HEARx Common Stock subject to such option shall be rounded down to the nearest whole number of shares and the total exercise price for the option will be reduced by the exercise price for the fractional share. Such options, whether or not then exercisable or vested, will continue to have, and be subject to, the same vesting schedule and will otherwise be on substantially the same terms and conditions as the original Helix Options to which they relate; provided, however, that any Helix Option which is an employee stock option shall be exchanged for a HEARx Option with a term of ten years from the original issuance date of the Helix Option.

(g) As of the Effective Time, in accordance with the respective terms thereof, all outstanding Helix Convertible Securities (other than Helix Options) shall be exercisable into Exchangeable Shares based on the Exchange Ratio.

(h) No fractional Exchangeable Share and no fractional shares of HEARx Common Stock shall be issued pursuant to the Arrangement. Any holder of Helix Common Shares who would otherwise be entitled to receive a fraction of an Exchangeable Share or fraction of a share of HEARx Common Stock, as the case may be, shall, upon surrender of the certificate or certificates representing Helix Common

Shares, receive a certificate adjusted to the next lower whole number of Exchangeable Shares or shares of HEARx Common Stock, as the case may be.

(i) The Exchange Ratio shall be adjusted to reflect fully the effect of any share split, reverse split, share dividend (including any dividend or distribution of securities convertible into HEARx Common Stock), reorganization, recapitalization, or other like change with respect to the HEARx Common Stock occurring after the Original Execution Date and prior to the Effective Time.

(j) HEARx Canada shall be incorporated as a corporation under the **Act**.

(k) HEARx Acquisition shall be incorporated as an unlimited liability company under Section 9 of the Companies Act (Nova Scotia).

The Helix Disclosure Schedule sets forth a true and complete list of all of the Helix Subsidiaries, together with the jurisdiction of incorporation or formation for each Helix Subsidiary. All of the outstanding shares of capital stock and other ownership interests of the Helix Subsidiaries are validly issued, fully paid and non-assessable and, except as set forth in Helix Disclosure Schedule, all such shares and other ownership interests are owned directly or indirectly by Helix free and clear of all material liens, claims or encumbrances, and there are no outstanding options, rights, entitlements, understandings or commitments (contingent or otherwise) regarding the right to acquire any shares of capital stock or other ownership interests in any of the Helix Subsidiaries. Except as set forth in the Helix Disclosure Schedule, Helix does not directly or indirectly own any shares of capital stock or other ownership interests, or any options, rights, entitlements, understandings or commitments to acquire any capital stock or other ownership interests, in any partnership, joint venture, corporation, association or other business entity. As of the Original Execution Date, up to a maximum of 13,231,113 common shares may be issued pursuant to the Helix Convertible Securities, a list of which is included in the Helix Disclosure Schedule. Except as described in the immediately preceding sentence, there are no options, warrants, conversion privileges or other rights, agreements, arrangements or commitments (whether by law, preemptive right, contract or otherwise) obligating Helix or any Helix Subsidiaries to issue or sell any shares in the share capital of Helix or any of the Helix Subsidiaries or securities or obligations of any kind convertible into or exchangeable for any shares in the share capital of Helix, any of the Helix Subsidiaries or any other person, nor is there outstanding any share appreciation rights, phantom equity or similar rights, agreements, arrangements or commitments based upon the book value, income or any other attribute of Helix or the Helix Subsidiaries. 5.6 Delivery of HEARx Common Stock: Effect of Exercise. Promptly after receipt of the certificates representing the Exchangeable Shares that the Holder desires to have purchased under the Exchange Right (together with such documents and instruments of transfer and a duly completed form of notice of exercise of the Exchange Right (and payment of taxes, if any, or evidence thereof in accordance with section 5.8)), duly endorsed for transfer to HEARx, the Trustee shall notify HEARx of its receipt of the same, by notice in the form of *Schedule B* hereto, which notice to HEARx shall constitute exercise of the Exchange Right by the Trustee on behalf of the Holder and HEARx shall immediately thereafter deliver or cause to be delivered to the Trustee, for delivery to the Holder of such Exchangeable Shares (or to such other persons, if any, properly designated by such Holder), the certificates for the number of shares of HEARx Common Stock issuable in connection with the exercise of the Exchange Right, which shares shall be duly issued as fully paid and non-assessable and shall be free and clear of any Liens, and cheques for the balance, if any, of the total purchase price therefor (or, if part of the purchase price consists of dividends payable in property, such property or property the same as or economically equivalent to such property). Immediately upon the giving of notice by the Trustee to HEARx of the exercise of the Exchange Right, as provided in this section 5.6, the closing of the transaction of purchase and sale contemplated by the Exchange Right shall be deemed to have occurred, and the Holder of such Exchangeable Shares shall be deemed to have transferred to HEARx (or to HEARx Acquisition, as the case may be) all of its right, title and interest in and to such Exchangeable Shares and in the related interest in the Trust Estate and shall cease to be a Holder and shall not be entitled to exercise any of the rights of a holder in respect thereof, other than the right to receive the purchase price therefor, unless the requisite number of shares of HEARx Common Stock (together with a cheque for the balance, if any, of the purchase price therefor or, if part of the purchase price consists of dividends payable in property, such property or property the same as or economically equivalent to such property) is not allotted, issued and delivered by HEARx to the Trustee for delivery to such Holder (or to other persons, if any, properly designated by such Holder) within five (5) Business Days of the date of the giving of such notice by the Trustee, in which case the rights of the Holder shall remain unaffected until such shares of HEARx Common Stock are so allotted, issued and delivered by HEARx and any such cheque or property is so delivered and paid. Concurrently with such Holder ceasing to hold Exchangeable Shares, the Holder shall be considered and deemed for all purposes to be the holder of the shares of HEARx Common Stock delivered to it pursuant to the Exchange Right. The Trustee shall deliver to HEARx Canada's transfer agent and registrar the certificates for the Exchangeable Shares so transferred to be cancelled and new certificates in the name of HEARx issued in respect thereof and shall deliver or cause to be delivered such Exchangeable Shares to HEARx (or to HEARx Acquisition, if HEARx Acquisition shall have purchased the Holder's Exchangeable Shares).

The Trustee shall not be responsible or liable in any manner whatsoever for the sufficiency, correctness, genuineness or validity of any security deposited with it. The Trustee shall incur no liability with respect to the delivery or non-delivery of any certificate or certificates whether delivered by hand, mail or any other means.

5.7 Exercise of Exchange Right Subsequent to Retraction. In the event that a Holder has exercised its right under Article 5 of the Exchangeable Share Provisions to require HEARx Canada to redeem any or all of the Exchangeable Shares held by the Holder (the *Retracted Shares*) and is notified by HEARx Canada pursuant to section 5.6 of the Exchangeable Share Provisions that HEARx Canada is not permitted as a result of solvency requirements of applicable law to redeem all of such Retracted Shares, and provided that HEARx Acquisition shall not have exercised the Retraction Call Right with respect to the Retracted Shares, the retraction request shall constitute and shall be deemed to constitute notice from the Holder to the Trustee instructing the Trustee to exercise the Exchange Right with respect to those Retracted Shares that HEARx Canada is unable to redeem. In any such event, HEARx Canada hereby agrees with the Trustee and in favour of the Holder immediately to notify the Trustee of such prohibition against HEARx Canada redeeming all of the Retracted Shares and immediately to forward or cause to be forwarded to the Trustee all relevant

materials delivered by the Holder to HEARx Canada or to the transfer agent of the Exchangeable Shares (including, without limitation, a copy of the retraction request delivered pursuant to section 5.1 of the Exchangeable Share Provisions) in connection with such proposed redemption of the Retracted Shares and the Trustee shall thereupon exercise the Exchange Right with respect to the Retracted Shares that HEARx Canada is not permitted to redeem and will require the purchase of such shares in accordance with the provisions of this Article. The Trustee shall deliver to HEARx Canada's transfer agent and registrar the certificates for the Exchangeable Shares so transferred to be cancelled and new certificates in the name of HEARx or HEARx Acquisition, as the case may be issued in respect thereof and shall deliver or cause to be delivered such Exchangeable Shares to HEARx or HEARx Acquisition, as the case may be.

5.8 Stamp or Other Transfer Taxes. Upon any sale of Exchangeable Shares pursuant to the Exchange Right or the Automatic Exchange Rights, the share certificate or certificates representing HEARx Common Stock to be delivered in connection with the payment of the purchase price therefor shall be issued in the name of the Holder of the Exchangeable Shares so sold or in such names as such Holder may otherwise direct in writing without charge to the holder of the Exchangeable Shares so sold, provided, however, that such Holder (a) shall pay (and neither HEARx, HEARx Acquisition, HEARx Canada nor the Trustee shall be required to pay) any documentary, stamp, transfer or other similar taxes that may be payable in respect of any transfer involved in the issuance or delivery of such shares to a person other than such Holder and (b) shall establish to the satisfaction of the Trustee, HEARx, and HEARx Canada that such taxes, if any, have been paid.

5.9 Notice of Insolvency Event or Default Event. Immediately upon the occurrence of an Insolvency Event or Default Event or any event that with the giving of notice or the passage of time or both would be an Insolvency Event or Default Event, HEARx Canada and HEARx shall give written notice thereof to the Trustee. As soon as practicable after receiving notice from HEARx Canada and HEARx or from any other person of the occurrence of an Insolvency Event or Default Event, the Trustee shall mail to each Holder, at the expense of HEARx, a notice of such Insolvency Event or Default Event, which notice shall contain a brief statement of the right of the Holders with respect to the Exchange Right.

5.10 Qualification of HEARx Common Stock. If any HEARx Common Stock (or other shares or securities into which HEARx Common Stock may be reclassified or changed as contemplated by section 11.4 hereof) to be issued and delivered hereunder require registration, or qualification with, approval of, or the filing of any document, including any prospectus or similar document or the taking of any proceeding with or the obtaining of any order, ruling or consent from any governmental or regulatory authority under any Canadian or United States federal, provincial or state securities or other law or regulation or pursuant to the rules and regulations of any securities or other regulatory authority or the fulfillment of any other United States or Canadian legal requirement before such shares (or such other shares or securities) may be issued by HEARx and delivered by HEARx at the direction of HEARx Canada or HEARx Acquisition, if applicable, to the holder of surrendered Exchangeable Shares or in order that such shares (or such other shares or securities) may be freely traded thereafter (other than any restrictions of general application on transfer by reason of a holder being a control person for purposes of Canadian provincial securities law or an affiliate of HEARx for purposes of United States federal or state securities law), HEARx will, in good faith, expeditiously take all such actions and do all such things as are necessary or desirable to cause such HEARx Common Stock (or such other shares or securities) to be and remain duly registered, qualified or approved under United States and/or Canadian law, as the case may be. HEARx will, in good faith, expeditiously take all such actions and do all such things as are reasonably necessary or desirable to cause all HEARx Common stock (or such other shares or securities) to be delivered hereunder to be listed, quoted or posted for trading on all stock exchanges and quotation systems on which outstanding HEARx Common Stock (or such other shares or securities) have been listed by HEARx and remain listed and are quoted or posted for trading at such time.

5.11 Reservation of HEARx Common Stock. HEARx hereby represents and warrants that it has irrevocably reserved for issuance out of its authorized and unissued capital stock such number of shares of HEARx Common Stock as is equal to the number of Exchangeable Shares outstanding at the date hereof and covenants that it will at all times keep available, free from pre-emptive and other rights, out of its authorized

and unissued capital stock such number of shares of HEARx Common Stock (or other shares or securities into which HEARx Common Stock may be reclassified or changed) as is necessary to enable HEARx, HEARx Acquisition and HEARx Canada to perform their respective obligations pursuant to this Agreement, the Exchangeable Share Provisions and the Support Agreement.

5.12 Automatic Exchange on Liquidation of HEARx.

(a) HEARx shall give the Trustee written notice of each of the following events (a Liquidation Event) at the time set forth below:

(i) in the event of any determination by the Board of Directors of HEARx to institute voluntary liquidation, dissolution or winding-up proceedings with respect to HEARx or to effect any other distribution of assets of HEARx among its stockholders for the purpose of winding up its affairs, at least sixty (60) days prior to the proposed effective date of such liquidation, dissolution, winding-up or other distribution; and

(ii) immediately, upon the earlier of (A) receipt by HEARx of notice of and (B) HEARx otherwise becoming aware of, any threatened or instituted claim, suit, petition or other proceedings with respect to the involuntary liquidation, dissolution or winding up of HEARx or to effect any other distribution of assets of HEARx among its stockholders for the purpose of winding up its affairs, in each case when HEARx has failed to contest in good any such proceeding commenced in respect of HEARx within 60 days of becoming aware thereof.

(b) Immediately following receipt by the Trustee from HEARx of notice of any Liquidation Event, the Trustee shall give notice thereof to the Holders. Such notice shall include a brief description of the automatic exchange of Exchangeable Shares for HEARx Common Stock provided for in subsection 5.12(c) below.

(c) In order that the Holders will be able to participate on a *pro rata* basis with the holders of HEARx Common Stock in the distribution of assets of HEARx in connection with a Liquidation Event, on the fifth Business Day prior to the effective date of any liquidation, winding up or dissolution giving rise to a Liquidation Event (the Liquidation Event Effective Date) all of the then outstanding Exchangeable Shares shall be automatically exchanged by the Holders directly with HEARx (or HEARx Acquisition, as HEARx shall direct) for HEARx Common Stock. To effect such automatic exchange, HEARx (or HEARx Acquisition, as the case may be) shall purchase and each Holder shall sell each Exchangeable Share outstanding on the fifth Business Day prior to the Liquidation Event Effective Date and held by Holders, for a purchase price per share equal to (a) the Current Market Price multiplied by the Current HEARx Common Share Equivalent on such fifth Business Day prior to the Liquidation Event Effective Date, which shall be satisfied in full in respect of the Exchangeable Shares held by each Holder by HEARx issuing to such Holder such whole number of shares of HEARx Common Stock as is equal to the product obtained by multiplying the number of such Exchangeable Shares by the Current HEARx Common Share Equivalent, plus (b) the aggregate of all dividends declared and unpaid on each such Exchangeable Share (provided that if the record date for any such declared and unpaid dividends occurs on or after the day of closing of such purchase and sale, the purchase price shall not include such additional amount equal to such declared and unpaid dividends). No certificates or scrip representing fractional HEARx Common Stock shall be delivered to Holders pursuant to the provisions hereof.

(d) On the fifth Business Day prior to the Liquidation Event Effective Date, the closing of the transaction of purchase and sale contemplated by the automatic exchange of Exchangeable Shares for shares of HEARx Common Stock shall be deemed to have occurred, and each Holder of Exchangeable Shares shall be deemed to have transferred to HEARx (or HEARx Acquisition, as HEARx shall direct) all of the Holder's right, title and interest in and to such Exchangeable Shares and the related interest in the Trust Estate and shall cease to be a Holder of such Exchangeable Shares and HEARx (or HEARx Acquisition, as the case may be) shall issue to the Holder the HEARx Common Stock issuable upon the automatic exchange of Exchangeable Shares for HEARx Common Stock and shall deliver to the Trustee

for delivery to the Holder a cheque for the balance, if any, of the purchase price for such Exchangeable Shares (or, if any part of the purchase price consists of dividends payable in property, such property or property that is the same as or economically equivalent to such property). Concurrently with such Holder ceasing to be a holder of Exchangeable Shares, the Holder shall be considered and deemed for all purposes to be the holder of the HEARx Common Stock issued to it pursuant to the automatic exchange of Exchangeable Shares for HEARx Common Stock and the certificates held by the Holder previously representing the Exchangeable Shares exchanged by the Holder pursuant to such automatic exchange shall thereafter be deemed to represent the HEARx Common Stock issued to the Holder pursuant to such automatic exchange. Upon the request of a Holder and the surrender by the Holder of Exchangeable Share certificates deemed to represent HEARx Common Stock, duly endorsed in blank and accompanied by such instruments of transfer as HEARx may reasonably require, HEARx shall deliver or cause to be delivered to the Holder certificates representing the HEARx Common Stock of which the Holder is the holder. The Trustee shall cause the certificates for the Exchangeable Shares so transferred to be cancelled and new certificates in the name of HEARx (or HEARx Acquisition, as the case may be) issued in respect thereof.

5.13 Withholding Rights. HEARx, HEARx Acquisition, HEARx Canada and the Trustee shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any Holder such amounts as HEARx, HEARx Acquisition, HEARx Canada or the Trustee is required or permitted to deduct and withhold with respect to the making of such payment under the United States Internal Revenue Code, as amended, the *Income Tax Act* (Canada), as amended, or any provision of state, local or provincial tax law. To the extent that amounts are so withheld, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the Exchangeable Shares in respect of which such deduction and withholding was made, provided that such withheld amounts are actually remitted to the appropriate taxing authority. To the extent that the amount so required or permitted to be deducted or withheld from any payment to a holder exceeds the cash portion of the consideration otherwise payable to the holder, HEARx, HEARx Acquisition, HEARx Canada or the Trustee is hereby authorized to sell or otherwise dispose of at fair market value such portion of the consideration as is necessary to provide sufficient funds to HEARx, HEARx Acquisition, HEARx Canada or the Trustee, as the case may be, in order to enable it to comply with such deduction or withholding requirement and shall account to the relevant Holder for any balance of any such sale proceeds. HEARx represents and warrants that, based upon facts currently known to it, it has no current intention, as at the date of this Agreement, to deduct or withhold from any dividend paid to holders of Exchangeable Shares any amounts under the United States Revenue Code of 1986, as amended.

If upon the occurrence of an Insolvency Event, a Holder not resident in Canada instructs the Trustee to exercise the Exchange Right, HEARx shall provide (or shall cause to be provided) the Trustee, by certified cheque money order or bank draft, with sufficient funds to satisfy any withholding taxes applicable in connection with the sale of such Holder's Exchangeable Shares, otherwise such exchange shall not have occurred or be deemed to have occurred. The fair market value of a share of HEARx Common Stock at a particular date shall, for the purposes of calculating any applicable withholding taxes, be the Current Market Price or shall be determined by such other method of valuation which has been recommended or suggested by Canada Customs and Revenue Agency as providing a satisfactory assessment of such fair market value. Any determination of Current Market Price or other fair market value assessment shall be made by HEARx, who shall provide the Trustee and Holders of Exchangeable Shares with written notice of the same. Such determination shall be binding on the Trustee and Holders, who shall be able to rely on such determination without further verification of the same. Prior to making any distribution to Holders of Exchangeable Shares, HEARx, HEARx Acquisition or HEARx Canada, as the case may be, shall ensure that the Trustee has access to sufficient funds (by directly providing, if necessary, such funds to the Trustee) to enable the Trustee to comply with any applicable withholding taxes in connection with such distribution.

In the exercise of such rights, powers and authorities the Trustee shall have (and is granted) such incidental and additional rights, powers and authority not in conflict with any of the provisions of this Agreement as the Trustee, acting in good faith and in the reasonable exercise of its discretion, may deem necessary, appropriate or desirable to effect the purpose of the Trust. Any exercise of such discretionary rights, powers and authorities by the Trustee shall be final, conclusive and binding upon all persons. For greater certainty, the Trustee shall have only those duties as are set out specifically in this Agreement.

The Trustee in exercising its rights, powers, duties and authorities hereunder shall act honestly and in good faith with a view to the best interests of the Holders and shall exercise the care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances.

Notwithstanding any other provision of this Agreement, nothing in this Agreement shall obligate the Trustee to have knowledge of, comply with or otherwise act in accordance with laws or regulations of a jurisdiction other than the Province of Quebec and the laws of Canada applicable therein.

6.2 No Conflict of Interest. The Trustee represents to the other parties hereto that at the date of execution and delivery of this Agreement there exists no material conflict of interest in the role of the Trustee as a fiduciary hereunder and the role of the Trustee in any other capacity. The Trustee shall, within 30 days after it becomes aware that such a material conflict of interest exists, either eliminate such material conflict of interest or resign in the manner and with the effect specified in Article 9 hereof. If, notwithstanding the foregoing provisions of this section 6.2, the Trustee has such a material conflict of interest, the validity and enforceability of this Agreement shall not be affected in any manner whatsoever by reason only of the existence of such material conflict of interest. If the Trustee contravenes the foregoing provisions of this section 6.2, any interested party may apply to the Superior Court of Quebec for an order that the Trustee be replaced as trustee hereunder.

6.3 Dealings with Transfer Agents, Registrars, etc. HEARx Canada and HEARx irrevocably authorize the Trustee, from time to time, to:

(a) consult, communicate and otherwise deal with the respective registrars and transfer agents, and with any such subsequent registrar or transfer agent, of the Exchangeable Shares and HEARx Common Stock; and

(b) requisition, from time to time: (i) from any such registrar or transfer agent any information readily available from the records maintained by it which the Trustee may reasonably require for the discharge of its duties and responsibilities under this Agreement; and (ii) from the transfer agent of HEARx Common Stock, and any subsequent transfer agent of such shares, the share certificates issuable upon the exercise from time to time of the Exchange Right and pursuant to the Automatic Exchange Rights in the manner specified in Article 5 hereof.

HEARx Canada and HEARx irrevocably authorize their respective registrars and transfer agents to comply with all such requests. HEARx covenants that it will supply its transfer agent with duly executed share certificates for the purpose of completing the exercise from time to time of the Exchange Right and the Automatic Exchange Rights, in each case pursuant to Article 5 hereof.

6.4 Books and Records. The Trustee shall keep available for inspection by HEARx, HEARx Acquisition and HEARx Canada, at the Trustee's corporate trust office in Montreal, Quebec, correct and complete books and records of account relating to the Trustee's actions under this Agreement, including without limitation all information relating to mailings and instructions to and from Holders and all transactions pursuant to the Voting Rights, the Exchange Right and the Automatic Exchange Rights for the term of this Agreement. On or before _____ and on or before _____ in every year thereafter, so long as the Voting Share is on deposit with the Trustee, the Trustee shall transmit to HEARx, HEARx Acquisition and HEARx Canada a brief report, dated as of the preceding _____, with respect to:

(a) the property and funds comprising the Trust Estate as of that date;

(b) the number of exercises of the Exchange Right, if any, and the aggregate number of Exchangeable Shares received by the Trustee on behalf of Holders in consideration of the issue and delivery of HEARx Common Stock in connection with the Exchange Right, during the calendar year ended on such date; and

(c) all other actions taken by the Trustee in the performance of its duties under this Agreement that it had not previously reported.

6.5 Income Tax Returns and Reports. The Trustee shall, to the extent necessary, prepare and file on behalf of the Trust applicable United States and Canadian income tax returns, if any, and any other returns or reports as may be required by applicable law or pursuant to the rules and regulations of any securities exchange or other trading system through which the Exchangeable Shares are traded and, in connection therewith, may obtain the advice and assistance of such experts as the Trustee may consider necessary or desirable. If requested by the Trustee, HEARx shall retain such experts for purposes of providing such advice and assistance.

6.6 Indemnification Prior to Certain Actions by Trustee. The Trustee shall exercise any or all of the rights, duties, powers or authorities vested in it by this Agreement at the request, order or direction of any Holder upon such Holder furnishing to the Trustee reasonable funding, security and indemnity against the costs, expenses and liabilities that may be incurred by the Trustee therein or thereby, provided that no Holder shall be obligated to furnish to the Trustee any such funding, security or indemnity in connection with the exercise by the Trustee of any of its rights, duties, powers and authorities with respect to (i) the Voting Share pursuant to Article 4 hereof, subject to section 6.15 hereof, (ii) the Exchange Right pursuant to Article 5 hereof, subject to section 6.15 hereof, and (iii) the Automatic Exchange Rights pursuant to Article 5 hereof.

None of the provisions contained in this Agreement shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the exercise of any of its rights, powers, duties or authorities unless funded and given security and indemnity as aforesaid.

6.7 Actions by Holders. No Holder shall have the right to institute any action, suit or proceeding or to exercise any other remedy authorized by this Agreement for the purpose of enforcing any of its rights or for the execution of any trust or power hereunder unless the Holder has requested the Trustee to take or institute such action, suit or proceeding and furnished the Trustee with the funding, security and indemnity referred to in section 6.6 hereof and the Trustee has failed to act within a reasonable time thereafter. In such case, but not otherwise, the Holder shall be entitled to take proceedings in any court of competent jurisdiction such as the Trustee might have taken, it being understood and intended that no one or more Holders shall have any right in any manner whatsoever to affect, disturb or prejudice the rights hereby created by any such action, or to enforce any right hereunder or under the Voting Rights, the Exchange Right or the Automatic Exchange Rights except subject to the conditions and in the manner herein provided, and that all powers and trusts hereunder shall be exercised and all proceedings at law shall be instituted, had and maintained by the Trustee, except only as herein provided, and in any event for the benefit of all Holders.

6.8 Reliance upon Declarations. The Trustee shall not be considered to be in contravention of any of its rights, powers, duties and authorities hereunder if, when required, it acts and relies in good faith upon lists, mailing labels, notices, statutory declarations, certificates, opinions, reports or other papers or documents furnished pursuant to the provisions hereof or required by the Trustee to be furnished to it in the exercise of its rights, powers, duties and authorities hereunder and such lists, mailing labels, notices, statutory declarations, certificates, opinions, reports or other papers or documents comply with the provisions of this section and with any other applicable provisions of this Agreement.

6.9 Evidence and Authority to Trustee. HEARx, HEARx Acquisition and HEARx Canada shall furnish to the Trustee evidence of compliance with the conditions provided for in this Agreement relating to any action or step required or permitted to be taken by HEARx, HEARx Acquisition, HEARx Canada or the Trustee under this Agreement or as a result of any obligation imposed under this Agreement, including, without limitation, in respect of the Voting Rights, the Exchange Right or the Automatic Exchange Rights and the taking of any other action to be taken by the Trustee at the request of or on the application of HEARx, HEARx Acquisition or HEARx Canada forthwith if and when:

(a) such evidence is required by any other section of this Agreement to be furnished to the Trustee in accordance with the terms of this section 6.9; or

(b) the Trustee, in the exercise of its rights, powers, duties and authorities under this Agreement, gives HEARx, HEARx Acquisition and HEARx Canada, or any one or more of them written notice requiring it or them to furnish such evidence in relation to any particular action or obligation specified in such notice.

Such evidence shall consist of an Officer's Certificate or a statutory declaration or a certificate made by persons entitled to sign an Officer's Certificate stating that any such condition has been complied with in accordance with the terms of this Agreement.

Whenever such evidence relates to a matter other than the Voting Rights, the Exchange Right or the Automatic Exchange Rights, and except as otherwise specifically provided herein, such evidence may consist of a report or opinion of any solicitor, auditor, accountant, appraiser, valuer, engineer or other expert or any other person whose qualifications give authority to a statement made by him, provided that if such report or opinion is furnished by a director, officer or employee of HEARx, HEARx Acquisition or HEARx Canada it shall be in the form of an Officer's Certificate or a statutory declaration.

Each statutory declaration, certificate, opinion or report furnished to the Trustee as evidence of compliance with a condition provided for in this Agreement shall include a statement by the person giving the evidence:

(a) declaring that he has read and understands the provisions of this Agreement relating to the condition in question;

(b) describing the nature and scope of the examination or investigation upon which he based the statutory declaration, certificate, statement or opinion; and

(c) declaring that he has made such examination or investigation as he believes is necessary to enable him to make the statements or give the opinions contained or expressed therein.

6.10 *Experts, Advisers and Agents.*

The Trustee may:

(a) in relation to this Agreement act and rely in good faith on the opinion or advice of or information obtained from any solicitor, auditor, accountant, appraiser, valuer, engineer or other expert, whether retained by the Trustee, HEARx Acquisition, HEARx Canada, HEARx or otherwise, and may employ such assistants as may be necessary to the proper discharge of its powers and duties and determination of its rights hereunder and may pay proper and reasonable compensation for all such legal and other advice or assistance as aforesaid; and

(b) employ such agents and other assistants as it may reasonably require for the proper discharge of its powers and duties hereunder, and may pay proper and reasonable remuneration for all services performed for it in the discharge of the trusts hereof and compensation for all disbursements, costs and expenses made or incurred by it in the discharge of its duties hereunder and in the management of the Trust.

6.11 *Investment of Moneys Held By Trustee.* Unless otherwise provided in this Agreement, any moneys held by or on behalf of the Trustee that under the terms of this Agreement may or ought to be invested or which may be on deposit with the Trustee or that may be in the hands of the Trustee may be invested and reinvested in the name or under the control of the Trustee in securities in which, under the laws of Canada, trustees are authorized to invest trust moneys, provided that such securities are stated to mature within two (2) years after their purchase by the Trustee, and are invested in such specific securities as directed in writing by HEARx. Pending the receipt of any direction and investment of any moneys as hereinbefore provided, such moneys may be deposited in the name of the Trustee in an interest-bearing trust account of the Trustee.

6.12 *Trustee Not Required to Give Security.* The Trustee shall not be required to give any bond or security in respect of the execution of the trusts, rights, duties, powers and authorities of this Agreement.

6.13 *Trustee Not Bound to Act.* Except as in this Agreement otherwise specifically provided, the Trustee shall not be bound to act in accordance with any direction or request of HEARx, HEARx Acquisition, HEARx Canada or of the directors thereof until a duly authenticated copy of the instrument or resolution containing such direction or request shall have been delivered to the Trustee, and the Trustee shall be empowered to act and rely upon any such copy purporting to be authenticated and believed by the Trustee in good faith to be genuine.

6.14 *Authority to Carry on Business.* The Trustee represents to HEARx, HEARx Acquisition and HEARx Canada that at the date of execution and delivery by it of this Agreement it is authorized to perform its obligations pursuant to this Agreement under all applicable laws but if, notwithstanding the provisions of this section 6.14, it ceases to be so authorized, the validity and enforceability of this Agreement and the Voting Rights, the Exchange Right and the Automatic Exchange Rights shall not be affected in any manner whatsoever by reason only of such event but the Trustee shall, within thirty (30) days after ceasing to be so authorized, either become so authorized or resign in the manner and with the effect specified in Article 9 hereof.

6.15 *Conflicting Claims.* If conflicting claims or demands are made or asserted with respect to any interest of any Holder in any Exchangeable Shares, including any disagreement between the heirs, representatives, successors or assigns succeeding to all or any part of the interest of any Holder in any Exchangeable Shares resulting in conflicting claims or demands being made in connection with such interest, then the Trustee shall be entitled, at its sole discretion, to refuse to recognize or to comply with any such claim or demand. In so refusing, the Trustee may elect not to exercise any Voting Rights, Exchange Rights or Automatic Exchange Rights subject to such conflicting claims or demands and, in so doing, the Trustee shall not be or become liable to any person on account of such election or its failure or refusal to comply with any

such conflicting claims or demands. The Trustee shall be entitled to continue to refrain from acting and to refuse to act until:

(a) the rights of all adverse claimants with respect to the Voting Rights, Exchange Rights or Automatic Exchange Rights subject to such conflicting claims or demands have been adjudicated by a final judgment of a court of competent jurisdiction; or

(b) all differences with respect to the Voting Rights, Exchange Right or Automatic Exchange Rights subject to such conflicting claims or demands have been conclusively settled by a valid written agreement binding on all such adverse claimants, and the Trustee shall have been furnished with an executed copy of such agreement.

If the Trustee elects to recognize any claim or comply with any demand made by any such adverse claimant, it may in its discretion require such claimant to furnish such surety bond or other security satisfactory to the Trustee as it shall deem appropriate fully to indemnify it as between all conflicting claims or demands.

6.16 Acceptance of Trust. The Trustee hereby accepts the Trust created and provided for by and in this Agreement and agrees to perform the same upon the terms and conditions herein set forth and to hold all rights, privileges and benefits conferred hereby and by law in trust for the various persons who shall from time to time be Holders, subject to all the terms and conditions herein set forth.

6.17 Notice to Trustee. The Trustee shall not be bound to give any notice or do or take any act, action or proceeding by virtue of the powers conferred on it hereby unless and until it shall have been required to do so under the terms of this Agreement; nor shall the Trustee be required to take notice of, be deemed to have actual or constructive notice or knowledge of any matter under this Agreement, or take any action in connection with any notice of any HEARx Meeting or the seeking of any HEARx Consent or any prohibition of HEARx Canada against redeeming any Retracted Shares as set out in section 5.6 of the Exchangeable Share Provisions or of any Insolvency Event, Default Event or Liquidation Event as set out in Article 5 of this Agreement, respectively (any one of which shall constitute a Notice Event), unless and until notified in writing of such Notice Event in accordance with this Agreement, which notice shall distinctly specify the particular Notice Event desired to be brought to the attention of the Trustee and in the absence of any such notice the Trustee may for all purposes of this Agreement conclusively assume that no such Notice Event has occurred.

6.18 Merger or Consolidation of Trustee. Any corporation into or which the Trustee may be merged or consolidated or amalgamated, or any corporation resulting therefrom to which the Trustee may be a party, or any corporation succeeding to the trust business of the Trustee shall be the successor to the Trustee under this Agreement without any further act on its part or any of the parties hereto, provided that such corporation would be eligible for appointment as a successor trustee under the provisions of this Agreement.

6.19 No Personal Liability. In the exercise of the powers, authorities or discretion conferred upon the Trustee under this Agreement, the Trustee is and shall be conclusively deemed to be acting as trustee of the Trust and shall not be subject to any personal liability for any of the liabilities, obligations, claims, demands, judgments, costs or expenses against or with respect to the Trust.

6.20 Incumbency Certificate. HEARx, HEARx Acquisition and HEARx Canada shall file with the Trustee a certificate of incumbency setting forth the names of the individuals authorized to give instructions, directions or other instruments to the Trustee (Authorized Persons), together with specimen signatures of such persons, and the Trustee shall be entitled to rely on the latest certificate of incumbency filed with it unless it receives notice, in accordance with Section 13.3, of a change in Authorized Persons with updated specimen signatures.

2.12 Due Performance. This Agreement is not intended to be for the benefit of, and shall not be enforceable by, any person or entity not a party hereto.

Section 5.8 Specific Performance

Each of the parties hereto acknowledges that a breach by it of any agreement contained in this Agreement will cause the other party to sustain damage for which it would not have an adequate remedy at law for money damages, and therefore each of the parties hereto agrees that in the event of any such breach the aggrieved party shall be entitled to the remedy of specific performance of such agreement and injunctive and other equitable relief in addition to any other remedy to which it may be entitled, at law or in equity.

Section 5.10 No Waiver

The failure of any party hereto to exercise any right, power or remedy provided under this Agreement or otherwise available in respect hereof at law or in equity, or to insist upon strict compliance by any other party hereto with its obligations hereunder, and any custom or practice of the parties at variance with the terms hereof, shall not constitute a waiver by such party of its rights to exercise any such or other right, power or remedy or to demand such compliance.

Section 5.11 Governing Law

This Agreement shall be governed by, and construed in accordance with, the laws of the Province of Quebec.

Section 5.12 Waiver of Jury Trial

Members of the Board:

You have requested our opinion as to the fairness, from a financial point of view, to the shareholders of the common stock, par value \$0.10 (the Common Stock) of HEARx Ltd. (HEARx or the Company) of the consideration to be paid by HEARx to the shareholders of HELIX HEARING CARE OF AMERICA CORP. We have assumed and relied upon the accuracy and completeness of all information provided or otherwise made available to us by the Company, Helix or any other party and have not attempted to verify independently any of such information. We have not made or obtained an independent appraisal of the assets or liabilities (contingent or otherwise) of the Company or Helix. With respect to financial projections and other information provided to or otherwise reviewed by or discussed with us, we have assumed that such forecasts and other information and data have been reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of management, and we have relied upon each party to advise us promptly if any information previously provided became inaccurate or was required to be updated during the period of our review.

For purposes of our opinion, we have not attempted to determine a value for the Common Stock but instead we have assumed that its current price value fairly reflects its value and that the Exchangeable Shares will have the same value as the underlying HEARx Common Stock into which they are exchangeable.

Our opinion is based upon market, economic, financial and other circumstances and conditions existing and disclosed to us as of July 27, 2001, and any material change in such circumstances and conditions would require a reevaluation of this opinion, which we are under no obligation to undertake.

We express no opinion as to the underlying business decision to effect the merger, the structure or tax consequences of the Merger or the availability or advisability of any alternatives to the Merger. We did not structure the Merger or negotiate the final terms of the Merger. This letter does not express any opinion as to the likely trading range of the Company stock following the Merger, which may vary depending on numerous factors that generally impact the price of securities or on the financial performance and condition of the Company at that time. Our opinion is limited to the fairness, from a financial point of view, of the Merger to the Shareholders. We express no opinion with respect to any other reasons, legal, business, or otherwise, that may support the decision of the Board of Directors to approve the Merger.

In conducting our investigation and analyses and in arriving at our opinion expressed herein, we have taken into account such accepted financial and investment banking procedures and considerations as we have deemed relevant, including the review of (i) historical and projected revenues, operating earnings, net income and capitalization of Helix and the Company and certain other publicly held companies in businesses we believe to be comparable to Helix and the Company; (ii) the current and projected financial position and results of operations of Helix and the Company; (iii) the historical market prices and trading activity of the common stock of Helix and the Company; (iv) financial and operating information concerning selected business combinations which we deemed comparable in whole or in part; and (v) the general condition of the securities markets.

RESTRICTIONS AND ASSUMPTIONS

We understand that the Board will use the Opinion to advise its shareholders as to the fairness of the Transaction. The Opinion may not be used for any other purposes. We cannot be held liable for any losses sustained by Helix, its shareholders or any other person should the Opinion be circulated, distributed, published, reproduced or used contrary to the provisions of this paragraph. Our opinion is not, and should not be construed as, a valuation of Helix or HEARx or any of their respective assets. Moreover, our opinion does not constitute advice or recommendation to vote for or against the Transaction.

We have relied upon, and have assumed the completeness, accuracy and fair presentation of all financial and other information, data, advice, opinions and representations obtained by us from public sources or provided to us by Helix or HEARx's management or advisors or otherwise pursuant to our engagement. The Opinion is conditional upon such completeness, accuracy and fair presentation. Subject to the exercise of professional judgment and except as expressly described herein, we have not attempted to verify independently the accuracy or completeness of any such information, data, advice, opinions or representations.

The senior management of Helix have represented to us, in a letter delivered as at the date hereof, amongst other things, that the information, data, advice, opinions, representations and other materials (the Information) provided to us by or on behalf of Helix are complete and accurate at the date the Information was provided to us and that since the date of the Information (i) there has been no material change, financial or otherwise, in Helix, or its assets, liabilities (contingent or otherwise), business or operations, and (ii) there has been no change of any material fact which is of a nature as to render the Information untrue or misleading in any material respect. In addition, the management of Helix have represented to us that they have no reason to believe there are any inaccuracies in information they have provided to us with respect to the business, operations and financial position of HEARx. No similar letter of representation has been provided to us by HEARx.

The Opinion is rendered on the basis of securities markets, economic and general business and financial conditions prevailing as at the date hereof and the condition and prospects, financial and otherwise, of Helix and HEARx as they were reflected in the information or the materials concerning Helix and HEARx reviewed by us and as they were represented to us in our discussions with the management of both Helix and HEARx. In our analyses and in connection with the preparation of the Opinion, we made numerous assumptions with respect to industry performance, general business, market and economic conditions and other matters, many of which are beyond the control of any party involved in the Transaction. While EYCF believes that assumptions used are appropriate in the circumstances, some or all of the assumptions may prove to be incorrect.

We have assumed that no documents in draft form reviewed by us will be finalized with substantial changes.

Table of Contents

We believe that our analysis must be considered as a whole and that selecting portions of our analysis or the factors considered by us, without considering all factors and analyses together, could create a misleading view of the process underlying the Opinion. The preparation of the Opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Any attempt to do so could lead to undue emphasis on particular factors or elements of the analysis.

We reserve the right (with no obligation on our part) to review our Opinion as described in this report and, should we deem it necessary, to revise it in light of any information that existed as of the date of this report which might become known to us at a later date.

APPROACH

In considering the fairness of the Transaction, from a financial point of view, to the shareholders of Helix, EYCF performed a variety of financial and comparative analyses, including:

1. Comparing the historic and current market prices and volume for the shares of both Helix and HEARx. From this analysis we, among other things, took the following factors into account:
 - a. Activity on Helix's shares is very low (average monthly volume approximates less than 1% of outstanding shares). Therefore, if a large block of shares was sold on the market it could have a depressing effect on the quoted market price;
 - b. Based on HEARx's historical trading volume, the shareholders should have a more liquid market available to them to dispose of their shares after the Transaction;
2. Comparing the proposed exchange ratio to the relative value of Helix and HEARx implied by our analysis of value for both corporations as stand-alone entities. For this analysis, we have used the following methods and criteria: discounted cash flow, multiple of revenue, capitalization of operating earnings (before corporate expenses) and net tangible assets;
 - a. The application of the discounted cash flow method requires that estimation be made regarding the future cash flows of each corporation as stand-alone entities. Management of each corporation prepared these future cash flows. We analysed and discussed with management of each corporation these projections and their underlying assumptions. The discounted cash flow approach also required that assumptions be made regarding the discount rate and terminal value. In determining the appropriate discount rates and terminal value, we took into account the risk related to achieving the financial forecasts, the general conditions in the industry, the general economic conditions and rates of return available on other type of investments as well as the growth potential at the end of the projections' period;
 - b. For the analysis based on a multiple of revenue and the capitalization of operating earnings (before corporate expenses), we reviewed the current and projected results for the next fiscal year and considered, among other things, trading multiples of comparable public companies, implied multiples from comparable transactions, general economic conditions and rates of return available on other types of investments;
 - c. Finally, for all analyses, we performed sensitivity analysis on certain key assumptions;
3. Comparing the value of Helix as a stand-alone entity before the Transaction with the value of the new combined entity belonging to Helix's shareholders after the Transaction:
 - a. The value of the new combined entity belonging to Helix's shareholders after the Transaction was derived from applying the proposed percentage ownership for Helix's shareholders to the value of the new combined entity. The value was based on the result of the application of the discounted cash flow method. Management of both corporations prepared together the future cash flows used in our discounted cash flow analysis. We analysed and discussed with management of each corporation these projections and their underlying assumptions. In determining the appropriate

Table of Contents

discount rates and terminal value, we took into account the factors mentioned previously in the context of the combined entity;

- b. The value of Helix was based on the result of the application of the discounted cash flow method as well as Helix's recent equity financings and prices that potential purchasers could be willing to pay for Helix. The discounted cash flow analysis was performed based on the financial forecasts prepared by management for Helix on a stand-alone basis;

- 4. Considering any other factors or analyses which we judged, based upon our experience, to be relevant in the circumstances.

In arriving at our Opinion, we have not attributed any particular weight to any specific analysis or factor considered by us, but rather have made a qualitative judgment based upon our experience in rendering such opinions and on the circumstances of the Transaction as well as the information, taken as a whole, concerning Helix, HEARx and the possible combined entity that was reviewed by us.

OPINION

Based on the proposed exchange ratio and on the current quoted market prices for the Helix Shares and the HEARX Shares, the Transaction results in an erosion of value for the holders of Helix's Shares. Accordingly, for holders of Helix shares who want to dispose of a small block of their shares, the Transaction may not be fair, from a financial point of view, if the market value of the HEARX shares, following the consummation of the Transaction, does not recover.

Subject to the previous comments, it is our opinion that, as of the date hereof, the transaction is fair, from a financial point of view, to the shareholders of Helix. We base our opinion that the Transaction is fair, from a financial point of view, on a variety of factors, including, amongst others, our assessment of the inherent value of Helix, HEARX and of the new combined entity as well as their respective profitability and prospects for growth.

Yours very truly,

ERNST & YOUNG CORPORATE FINANCE INC.

ANNEX I

February 1, 2002

Board of Directors

Helix Hearing Care of America Corp.
7100 Jean-Talon East, Suite 610
Montreal, QC
H1M 3S3

Members of the Board of Directors:

It is our understanding that HEARx LTD. (HEARx or the Acquiror) and Helix Hearing Care of America Corp. (Helix or the Company) have agreed to combine businesses through an arrangement (the Arrangement) under Canadian law (the Merger). When the arrangement is completed, Helix will become an indirect subsidiary of HEARx. Helix stockholders, other than stockholders who exercise and perfect their dissent rights will, subject to certain conditions, have the option to receive as consideration for each share of Helix common stock (the Company Shares) (a) 0.3537 shares of HEARx common stock (the Acquiror Shares), or (b) 0.3537 exchangeable shares of HEARx Canada Inc. (Exchangeable Shares) (the Exchange Ratio), a newly formed Canadian subsidiary of HEARx. Helix stockholders who are not Canadian residents for Canadian tax purposes will not be entitled to receive Exchangeable Shares. Each Exchangeable Share may be exchanged by the holder for one share of HEARx common stock. The Exchangeable Shares will be subject to mandatory exchange on and after the fifth anniversary of the effective date of the Arrangement, subject to earlier mandatory exchange in certain circumstances.

You have asked us whether, in our opinion, the Exchange Ratio is fair from a financial point of view to the holders of the Company Shares.

In arriving at the opinion set forth below, we have, among other things:

- (1) Reviewed certain publicly available business and financial information relating to the Company and the Acquiror that we deemed to be relevant;
- (2) Reviewed certain information, including financial forecasts, relating to the business, earnings, cash flow, assets, liabilities and prospects of the Company and the Acquiror, furnished to us by the Company and the Acquiror, respectively;
- (3) Conducted discussions with members of senior management and representatives of the Company and the Acquiror concerning the matters described in clauses 1 and 2 above, as well as their respective business and prospects before and after giving effect to the Merger;
- (4) Reviewed the trading volumes, market prices and valuation multiples for the Company Shares and the Acquiror Shares and compared them with those of certain publicly traded companies that we deemed to be relevant;
- (5) Compared the proposed financial terms of the Merger with the financial terms of certain other transactions that we deemed to be relevant;
- (6) Reviewed the potential pro forma impact of the Merger;
- (7) Reviewed the Amended and Restated Merger Agreement (the Agreement) dated November 6, 2001; and
- (8) Reviewed the HEARx Amendment No. 1 to the Form S-4 Registration Statement.

In preparing our opinion, we have assumed and relied on the accuracy and completeness of all information supplied or otherwise made available to us, discussed with or reviewed by or for us, or publicly available, and we have not assumed any responsibility for independently verifying such information or undertaken an independent evaluation or appraisal of any of the assets or liabilities of the Company or the Acquiror. In addition, we have not assumed any obligation to conduct, nor have we conducted, any physical

Table of Contents

inspection of the properties or facilities of the Company or the Acquiror. With respect to the financial forecast information furnished to or discussed with us by the Company or the Acquiror, we have assumed that they have been reasonably prepared and reflect the best currently available estimates and judgement of the Company or the Acquiror's management as to the expected future financial performance of the Company or the Acquiror, as the case may be. We have also assumed that the final form of the Agreement will be substantially similar to the last draft reviewed by us.

Our opinion is necessarily based upon market, economic and other conditions as they exist and can be evaluated on, and on the information made available to us as of, the date hereof. We have assumed that in the course of obtaining the necessary regulatory or other consents or approvals (contractual or otherwise) for the Merger, no restrictions including any divestiture requirements or amendments or modifications, will be imposed that will have a material adverse effect on the contemplated benefits of the Merger. In the event that there is any material change in any fact or matter affecting the opinion after the date hereof, we reserve the right to change, modify or withdraw the opinion.

In connection with the preparation of this opinion, we have not been authorized by the Company or the Board of Directors to solicit, nor have we solicited, third-party indications of interest for the acquisition of all or any part of the Company.

The Company has agreed to indemnify us for certain liabilities arising out of our engagement. In the ordinary course of our business, we may actively trade the Company Shares, as well as the Acquiror Shares for our own account and for the accounts of customers and, accordingly, may at any time hold a long or short position in such securities.

In arriving at this opinion, we did not attribute any particular weight to any analysis or factor considered by it, but rather, we made qualitative judgements as to the significance and relevance of each analysis and factor. Accordingly, we believe that its analyses must be considered as a whole and that selecting portions of its analyses, without considering all analyses, would create an incomplete view of the process underlying this opinion.

This opinion is for the use and benefit of the Board of Directors of the Company. Our opinion does not address the merits of the underlying decision by the Company to engage in the Merger and does not constitute a recommendation to any shareholder as to how such shareholder should vote on the proposed Merger.

We are not expressing any opinion herein as to the prices at which the Acquiror Shares or the Exchangeable Shares will trade following the consummation of the Merger.

On the basis of and subject to the foregoing, we are of the opinion that, as of the date hereof, the Exchange Ratio is fair from a financial point of view to the holders of the Company Shares.

Very truly yours,

YORKTON SECURITIES INC.

Canada Business Corporation Act § 190 Dissenters Rights

SECTION 190 OF THE CANADA BUSINESS CORPORATION ACT (CBCA)

Please note that the right provided in the interim order to Helix stockholders to dissent from the arrangement resolution differs from the dissent right set out in Section 190 of the Canada Business Corporations Act in one respect. (3) **Payment for shares** In addition to any other right he may have, but subject to subsection (26), a shareholder who complies with this section is entitled, when the action approved by the resolution from which he dissents or an order made under subsection 192(4) becomes effective, to be paid by the corporation the fair value of the shares held by him in respect of which he dissents, determined as of the close of business on the day before the resolution was adopted or the order was made.

(4) **No partial dissent** A dissenting shareholder may only claim under this section with respect to all the shares of a class held by him on behalf of any one beneficial owner and registered in the name of the dissenting shareholder.

(5) **Objection** A dissenting shareholder shall send to the corporation, at or before any meeting of shareholders at which a resolution referred to in subsection (1) or (2) is to be voted on, a written objection to the resolution, unless the corporation did not give notice to the shareholder of the purpose of the meeting and of his right to dissent.

(6) **Notice of resolution** The corporation shall, within ten days after the shareholders adopt the resolution, send to each shareholder who has filed the objection referred to in subsection (5) notice that the resolution has been adopted, but such notice is not required to be sent to any shareholder who voted for the resolution or who has withdrawn his objection.

(11) Suspension of rights On sending a notice under subsection (7), a dissenting shareholder ceases to have any rights as a shareholder other than the right to be paid the fair value of his shares as determined under this section except where

a) the dissenting shareholder withdraws his notice before the corporation makes an offer under subsection (12),

b) the corporation fails to make an offer in accordance with subsection (12) and the dissenting shareholder withdraws his notice, or

(16) Shareholder application to court If a corporation fails to apply to a court under subsection (15), a dissenting shareholder may apply to a court for the same purpose within a further period of twenty days or within such further period as a court may allow.

(17) Venue An application under subsection (15) or (16) shall be made to a court having jurisdiction in the place where the corporation has its registered office or in the province where the dissenting shareholder resides if the corporation carries on business in that province.

(18) No security for costs A dissenting shareholder is not required to give security for costs in an application made under subsection (15) or (16).

(19) Parties On an application to a court under subsection (15) or (16),

b) the corporation shall notify each affected dissenting shareholder of the date, place and consequences of the application and of his right to appear and be heard in person or by counsel.

(20) Powers of court On an application to a court under subsection (15) or (16), the court may determine whether any other person is a dissenting shareholder who should be joined as a party, and the court shall then fix a fair value for the shares of all dissenting shareholders.

(25) Effect where subsection (26) applies If subsection (26) applies, a dissenting shareholder, by written notice delivered to the corporation within thirty days after receiving a notice under subsection (24), may

a) withdraw his notice of dissent, in which case the corporation is deemed to consent to the withdrawal and the shareholder is reinstated to his full rights as a shareholder; or

b) retain a status as a claimant against the corporation, to be paid as soon as the corporation is lawfully able to do so or, in a liquidation, to be ranked subordinate to the rights of creditors of the corporation but in priority to its shareholders.

(26) Limitation A corporation shall not make a payment to a dissenting shareholder under this section if there are reasonable grounds for believing that

a) the corporation is or would after the payment be unable to pay its liabilities as they become due; or

b) the realizable value of the corporation's assets would thereby be less than the aggregate of its liabilities.

Table of Contents**PART II****INFORMATION NOT REQUIRED IN PROSPECTUS****Item 20. Indemnification of Directors and Officers*****Indemnification of Directors and Officers***

The Delaware General Corporation Law permits the indemnification by a Delaware corporation of its directors, officers, employees and other agents against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement in connection with specified actions, suits or proceedings, whether civil, criminal, administrative or investigative (other than derivative actions which are by or in the right of the corporation) if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. A similar standard of care is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) incurred in connection with defense or settlement of such an action and requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation.

As permitted by Delaware law, the certificate of incorporation of HEARx provides that no director will be personally liable to HEARx or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (a) for any breach of duty of loyalty to HEARx or to its stockholders, (b) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, (c) under Section 174 of the Delaware General Corporation Law, or (d) for any transaction from which the director derived an improper personal benefit.

The certificate of incorporation of HEARx further provides that we must indemnify our directors and executive officers and may indemnify our other officers and employees and agents to the fullest extent permitted by Delaware law. We believe that indemnification under our certificate of incorporation covers negligence and gross negligence on the part of indemnified parties.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.
