

CRESCENT REAL ESTATE EQUITIES CO
Form 424B5
April 24, 2002

Filed Pursuant to Rule 424(b) (5)
Registration No. 333-38071

PROSPECTUS SUPPLEMENT
(TO PROSPECTUS DATED APRIL 22, 2002)

2,800,000 SHARES

(LOGO)

6 3/4% SERIES A CONVERTIBLE CUMULATIVE PREFERRED SHARES
(LIQUIDATION PREFERENCE \$25.00 PER SHARE)

We are offering and selling 2,800,000 6 3/4% Series A Convertible Cumulative Preferred Shares to Cohen & Steers Capital Management, Inc., on behalf of itself and as investment adviser to certain client accounts with this prospectus supplement.

Distributions on the Series A preferred shares offered hereby are cumulative from February 16, 2002 and are payable quarterly in arrears on or about the 15th day of February, May, August and November of each year, commencing on May 15, 2002, at the rate of 6 3/4% of the liquidation preference per annum (equivalent to \$1.6875 per annum per Series A preferred share).

Series A preferred shares are convertible at any time, in whole or in part, at the option of the holders, into our common shares of beneficial interest at a conversion price of \$40.86 per common share (equivalent to a conversion rate of .6119 common shares per Series A preferred share), subject to adjustment in certain circumstances.

The Series A preferred shares generally are not redeemable prior to February 18, 2003. On and after February 18, 2003, the Series A preferred shares will be redeemable, in whole or in part, at our option, at a redemption price of \$25.00 per share, plus accrued and unpaid distributions, if any. The Series A preferred shares have no stated maturity date and will not be entitled to the benefit of any sinking fund or mandatory redemption provisions.

Our Series A preferred shares are listed on the New York Stock Exchange under the symbol "CEIPrA." The last reported sales price on April 19, 2001 was \$20.60 per share.

INVESTING IN OUR SERIES A PREFERRED SHARES INVOLVES RISKS. SEE "RISK FACTORS" BEGINNING ON PAGE S-6 OF THIS PROSPECTUS SUPPLEMENT AND ON PAGE 3 OF THE ACCOMPANYING PROSPECTUS.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Cohen & Steers will purchase our Series A preferred shares at a price of \$18.00 per share, resulting in \$49,092,000 of net proceeds to us after we pay placement agent fees and other estimated expenses of this offering.

The Series A preferred shares are expected to be delivered on or about April 26, 2002.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

References to "we," "us" or "our" refer to Crescent Real Estate Equities Company and, unless the context otherwise requires, Crescent Real Estate Equities Limited Partnership, which we refer to as our Operating Partnership. References to "Crescent" refer to Crescent Real Estate Equities Company. We conduct our business and operations through the Operating Partnership and its subsidiaries. The term "you" refers to a prospective investor. The sole general

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

partner of the Operating Partnership is Crescent Real Estate Equities, Ltd., a wholly owned subsidiary of Crescent Real Estate Equities Company, which we refer to as the General Partner.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

Our prospectus supplement and the accompanying prospectus, including our documents incorporated herein by reference, contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Also, documents which we subsequently file with the Securities and Exchange Commission, which is also referred to in this prospectus supplement as the SEC or the Commission, and are incorporated herein by reference will contain forward-looking statements. When we refer to forward-looking statements or information, sometimes we use words such as "may," "will," "could," "should," "plan," "intend," "expect," "believe," "estimate," "anticipate" and "continue." In particular, the risk factors included or incorporated by reference in this prospectus supplement and accompanying prospectus describe forward-looking information. The risk factors address material risks known to us but are not all-inclusive, particularly with respect to possible future events. Other parts of, or documents incorporated by reference into, our prospectus supplement and accompanying prospectus may also include forward-looking information. Many events can occur that would cause our actual results to be different than those described. These factors include:

- Our inability, as the most significant secured and unsecured creditor of Crescent Operating, Inc., to obtain the confirmation of a proposed prepackaged bankruptcy plan of Crescent Operating that would bind all creditors and Crescent Operating shareholders;
- Our inability to successfully integrate the lessee interests in the resort/hotel properties and the voting interests in the residential development corporations and related entities that we acquired from Crescent Operating in transfers made in lieu of foreclosure, into our current business and operations;
- Our inability to distribute to our common shareholders shares of a new entity to purchase Crescent Operating's interest in AmeriCold Logistics, LLC, the tenant of our temperature-controlled logistics properties;
- Further deterioration or continued underperformance in the resort/business class hotel markets or in the market for residential land or luxury residences, which include single-family homes, townhomes and condominiums, or in the economy in general;
- Our ability, at our office properties, to timely lease unoccupied square footage and timely re-lease occupied square footage upon expiration on favorable terms, which may be adversely affected by changes in real estate conditions (including rental rates and competition from other properties and new development of competing properties or a general downturn in the economy);
- Financing risks, such as the ability to generate revenue sufficient to service and repay existing or additional debt, the ability to meet applicable debt covenants, our ability to fund the share repurchase program, increases in debt service associated with increased debt and with variable-rate debt, and the ability to consummate financings and refinancings on favorable terms and within any applicable time frames;
- Continued adverse conditions in the temperature-controlled logistics business (including both industry-specific conditions and a general downturn in the economy) which may further jeopardize the ability of AmeriCold Logistics to pay rent;

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

- Adverse changes in the financial condition of existing tenants;
- The concentration of a significant percentage of our assets in Texas;

S-1

- Our ability to find acquisition and development opportunities which meet our investment strategy;
- The existence of complex regulations relating to our status as a real estate investment trust, or REIT, the effect of future changes in REIT requirements as a result of new legislation and the adverse consequences of the failure to qualify as a REIT; and
- Other risks detailed from time to time in our filings with the SEC.

Given these uncertainties, readers are cautioned not to place undue reliance on these forward-looking statements. We also make no promise to update any of the forward-looking statements, or to publicly release the results if we revise any of them. You should carefully review the risks and the risk factors described under "Risk Factors" on Page S-6 of this prospectus supplement and on Page 3 of the accompanying prospectus, as well as the other information in this prospectus supplement and the accompanying prospectus before buying our Series A preferred shares.

CRESCENT REAL ESTATE EQUITIES COMPANY

GENERAL

We operate as a REIT for federal income tax purposes. We provide management, leasing and development services for some of our properties and conduct all of our business through our Operating Partnership and its subsidiaries. We are structured to facilitate and maintain our qualification as a REIT. This structure permits persons contributing properties (or interests in properties) to us to defer some or all of the tax liability that they otherwise might have incurred in connection with the sale of assets to us.

Our principal executive offices are located at 777 Main Street, Suite 2100, Fort Worth, Texas 76102 and our telephone number is (817) 321-2100. Our Web site address is www.cei-crescent.com. The information contained on our Web site is not a part of this prospectus supplement or the accompanying prospectus.

As of December 31, 2001, our assets and operations were composed of four investment segments:

- Office Segment;
- Resort/Hotel Segment;
- Residential Development Segment; and
- Temperature-Controlled Logistics Segment.

Within these segments, we owned or had an interest in the following real estate assets as of December 31, 2001:

- the OFFICE SEGMENT consisted of 74 office properties located in 26 metropolitan submarkets in six states with an aggregate of approximately 28.0 million net rentable square feet;

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

- the RESORT/HOTEL SEGMENT consisted of five luxury and destination fitness resorts and spas with a total of 1,028 rooms/guest nights and four upscale business-class hotel properties with a total of 1,769 rooms;
- the RESIDENTIAL DEVELOPMENT SEGMENT consisted of our ownership of real estate mortgages and non-voting common stock representing interests ranging from 90% to 95% in five unconsolidated residential development corporations, which in turn, through joint venture or partnership arrangements, owned 21 upscale residential development properties; and
- the TEMPERATURE-CONTROLLED LOGISTICS SEGMENT consisted of our 40% interest in a general partnership which owns all of the common stock, representing substantially all of the economic interest of AmeriCold Corporation, a REIT which, as of December 31, 2001, directly or indirectly owned 89 temperature-controlled logistics properties with an aggregate of approximately 445.2 million cubic feet (17.7 million square feet) of warehouse space.

S-2

RECENT DEVELOPMENTS

Transactions with Crescent Operating. In April 1997, we established a new Delaware corporation, Crescent Operating. All of the outstanding stock of Crescent Operating, valued at \$0.99 per share, was distributed, effective June 12, 1997, to those persons who were our shareholders or limited partners of our Operating Partnership on May 30, 1997, in a spin-off.

Crescent Operating was formed to become a lessee and operator of various assets to be acquired by us, including certain resort/hotel and residential development assets, and to perform the intercompany agreement between us and Crescent Operating, pursuant to which each agreed to provide the other with rights to participate in certain transactions. We were not permitted to operate or lease these assets under then-existing tax laws applicable to REITs. In connection with the formation and capitalization of Crescent Operating, and the subsequent operations and investments of Crescent Operating since 1997, we made loans to Crescent Operating under a line of credit and various term loans.

On January 1, 2001, the provisions of a new federal law relating to REITs, which we refer to as The REIT Modernization Act, became effective. This legislation allows us, through our subsidiaries, to operate or lease certain of our investments that had been previously operated or leased by Crescent Operating.

We and Crescent Operating entered into an asset and stock purchase agreement on June 28, 2001, in which we agreed to acquire the lessee interests in the eight resort/hotel properties leased to subsidiaries of Crescent Operating, the voting interests held by subsidiaries of Crescent Operating in three of our residential development corporations and other assets in exchange for \$78.4 million. In connection with that agreement, we agreed that we would not charge interest on our loans to Crescent Operating from May 1, 2001 and that we would allow Crescent Operating to defer all principal and interest payments due under the loans until December 31, 2001.

Also on June 28, 2001, we entered into an agreement to make a \$10.0 million investment in Crescent Machinery Company, a wholly owned subsidiary of Crescent Operating. This investment, together with capital from a third-party investment firm, was expected to put Crescent Machinery on solid financial footing.

Following the date of the agreements relating to the acquisition of Crescent Operating assets and stock and the investment in Crescent Machinery,

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

the results of operations for the Crescent Operating hotel operations and the Crescent Operating land development interests declined, due in part to the slowdown in the economy after September 11. In addition, Crescent Machinery's results of operations suffered because of the economic environment and the overall reduction in national construction levels that has affected the equipment rental and sale business, particularly post-September 11. As a result, we believe that a significant additional investment would have been necessary to adequately capitalize Crescent Machinery and satisfy concerns of Crescent Machinery's lenders.

We stopped recording rent from the leases of the eight resort/hotel properties leased to subsidiaries of Crescent Operating on October 1, 2001, and recorded impairment and other adjustments related to Crescent Operating in the fourth quarter of 2001, based on the estimated fair value of the underlying collateral.

On January 22, 2002, we terminated the purchase agreement pursuant to which we would have acquired the lessee interests in the eight resort/hotel properties leased to subsidiaries of Crescent Operating, the voting interests held by subsidiaries of Crescent Operating in three of the residential development corporations and other assets. On February 4, 2002, we terminated the agreement relating to our planned investment in Crescent Machinery.

On February 6, 2002, Crescent Machinery filed for protection under the federal bankruptcy laws.

On February 12, 2002, we delivered default notices to Crescent Operating relating to approximately \$49.0 million of unpaid rent and approximately \$76.2 million of principal and accrued interest due to us under secured loans.

On February 14, 2002, we entered into an agreement, which we call the Agreement, with Crescent Operating, pursuant to which Crescent Operating transferred to some of our subsidiaries, in lieu of foreclosure,

S-3

Crescent Operating's lessee interests in the eight resort/hotel properties then leased to subsidiaries of Crescent Operating, Crescent Operating's voting interests in three of our residential development corporations and other assets and we agreed to assist Crescent Operating's pursuit of, and provide funding to Crescent Operating for, the implementation of a prepackaged bankruptcy of Crescent Operating. In connection with the transfer, Crescent Operating's rent obligations to us were reduced by \$23.6 million, and its debt obligations were reduced by \$40.1 million. These amounts include \$18.3 million of value attributed to the lessee interests transferred by Crescent Operating to us; however, in accordance with generally accepted accounting principles, we assigned no value to these interests for financial reporting purposes.

We hold the eight lessee interests and the voting interests in the three residential development corporations through three newly organized entities that are our wholly owned subsidiaries, or taxable REIT subsidiaries. We will include these assets in our Resort/Hotel Segment and our Residential Development Segment beginning on the dates of the transfers of these assets.

Under the Agreement, we agreed to provide approximately \$14.0 million to Crescent Operating in the form of cash and our common shares to fund costs, claims and expenses relating to the bankruptcy and related transactions, and to provide for the distribution of our common shares to the Crescent Operating stockholders. We estimate that the value of the common shares that will be issued to the Crescent Operating stockholders will be approximately \$5.0 million to \$8.0 million. The Agreement provides that we and Crescent Operating will seek

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

to have a plan of reorganization for Crescent Operating, reflecting the terms of the agreement and a draft plan of reorganization, approved by the bankruptcy court. The actual value of the common shares issued to the Crescent Operating stockholders will not be determined until the confirmation of Crescent Operating's bankruptcy plan and could vary substantially from the estimated amount.

In addition, we have agreed to use commercially reasonable efforts to assist Crescent Operating in arranging Crescent Operating's repayment of its \$15.0 million obligation to Bank of America, together with any accrued interest. Crescent Operating obtained the loan primarily to participate with us in investments. At the time Crescent Operating obtained the loan, Bank of America required, as a condition to making the loan, that Richard E. Rainwater, the Chairman of our Board of Trust Managers, and John C. Goff, Vice Chairman of our Board of Trust Managers and our Chief Executive Officer and sole director and Chief Executive Officer of the General Partner, enter into a support agreement with Crescent Operating and Bank of America, pursuant to which they agreed to make additional equity investments in Crescent Operating if Crescent Operating defaulted on payment obligations under its line of credit with Bank of America and the net proceeds of an offering of Crescent Operating securities were insufficient to allow Crescent Operating to pay Bank of America in full. We believe, based on advice of counsel, that the support agreement should be unenforceable in a Crescent Operating bankruptcy. Effective December 31, 2001, the parties executed an amendment to the line of credit providing that any defaults existing under the line of credit on or before March 8, 2002 are temporarily cured unless and until a new default shall occur.

We hold a first lien security interest in Crescent Operating's entire membership interest in AmeriCold Logistics. REIT rules prohibit us from acquiring or owning the membership interest that Crescent Operating owns in AmeriCold Logistics. Under the Agreement, we agreed to allow Crescent Operating to grant Bank of America a first priority security interest in the membership interest and to subordinate our own security interest to Bank of America. In addition, we have agreed to form and capitalize a separate entity to be owned by our shareholders and unitholders of our Operating Partnership, and to cause the new entity to commit to acquire Crescent Operating's entire membership interest in AmeriCold Logistics, for approximately \$15.5 million. Under the Agreement, Crescent Operating has agreed that it will use the proceeds of the sale of the membership interest to repay Bank of America in full.

Completion and effectiveness of the plan of reorganization for Crescent Operating is contingent upon a number of conditions, including the vote of Crescent Operating's stockholders, the approval of the plan by certain of Crescent Operating's creditors and the approval of the bankruptcy court.

Debt Offering. On April 15, 2002, our Operating Partnership completed a private offering of \$375.0 million in senior, unsecured notes due 2009. The notes bear interest at an annual rate of 9.25% and were issued at 100% of issue price. The notes are callable after April 15, 2006. Our Operating Partnership has agreed to

S-4

register a similar series of notes with the SEC and to effect an exchange offer of the registered notes for the privately placed notes and to, in certain cases, register the notes for resale by their holders. In the event that the exchange offer or resale registration is not completed on or before October 15, 2002, the interest rate on the notes will increase until the exchange offer or resale registration is completed.

The net proceeds from the offering of notes were approximately \$366.5

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

million. Approximately \$309.5 million of the proceeds were used to pay down amounts outstanding under our \$400.0 million revolving line of credit and the remaining proceeds are expected to be used to pay down short-term indebtedness and redeem approximately \$52.0 million of preferred units of one of our Operating Partnership's subsidiaries. Borrowings under the revolving line of credit are expected to be used to repay or repurchase from time to time \$150.0 million of 7.0% unsecured notes due in September, approximately \$52.4 million of which have been repurchased to date. In addition, borrowings under our line of credit are also expected to be used to repay a \$63.5 million 7.47% mortgage loan due in December. As of April 19, 2002, we had outstanding borrowings of \$78.0 million under our revolving line of credit, which bear interest at LIBOR plus 187.5 basis points (3.79% as of April 19, 2002).

THE OFFERING

For a description of the terms of the Series A preferred shares offered hereby, see "Description of Preferred Shares" beginning on Page 18 of the accompanying prospectus.

Securities offered.....	2,800,000 6 3/4% Series A Convertible Cumulative Preferred Shares
Price per share.....	\$18.00
Series A preferred shares to be outstanding after this offering.....	10,800,000(1)
Use of proceeds.....	We intend to contribute the net proceeds from this offering to our Operating Partnership in exchange for a preferred interest in our Operating Partnership. The terms of the preferred interest in our Operating Partnership will be substantially equivalent to the terms of the Series A preferred shares. Our Operating Partnership intends to use the amounts received from us to redeem preferred units of one of its subsidiaries.
Risk factors.....	See "Risk Factors" beginning on Page S-6 of this prospectus supplement and on Page 4 of the accompanying prospectus and other information contained herein for a discussion of factors you should carefully consider before deciding to invest in our Series A preferred shares.
New York Stock Exchange symbol.....	"CEIPrA" -----

(1) Includes 8,000,000 Series A preferred shares issued on February 19, 1998.

S-5

RISK FACTORS

Before you consider investing in our Series A preferred shares, you should be aware that there are risks in making this investment. You should carefully consider these risk factors, as well as the "Risk Factors" beginning on Page 3 of the accompanying prospectus, together with all of the information included or incorporated by reference in this prospectus supplement and the accompanying

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

prospectus before you decide to invest in our Series A preferred shares. This section includes certain forward-looking statements.

THERE ARE GENERAL RISKS ASSOCIATED WITH AN INVESTMENT IN THE SERIES A PREFERRED SHARES

The market value of the Series A preferred shares could be substantially affected by general market conditions, including changes in interest rates, government regulatory action and changes in tax laws. An increase in market interest rates may lead purchasers of the Series A preferred shares to require a higher annual dividend yield on the Series A preferred shares as a percentage of the purchase price, which could adversely affect the market price of the Series A preferred shares. Moreover, numerous other factors, such as government regulatory action and changes in tax laws could have a significant impact on the future market price of the Series A preferred shares or other securities.

THE TERMS OF SOME OF OUR DEBT MAY PREVENT US FROM PAYING DISTRIBUTIONS ON THE SERIES A PREFERRED SHARES

Some of our debt limits the Operating Partnership's ability to make some types of payments or equity and other distributions to us which would limit our ability to make some types of payments, including payments of distributions on the Series A preferred shares, unless we meet certain financial tests or if required to maintain our qualification as a REIT. In addition, certain of our bank lenders may choose to include in our bank loans the same or similar covenant terms we have in our other bank loans for our recently issued senior unsecured notes due 2009. As a result, if we are unable to meet the applicable financial tests, we may not be able to pay distributions on the Series A preferred shares in one or more periods.

OUR ANNUAL REPORT FOR 2001 IS BEING REVIEWED BY THE COMMISSION

In connection with our registration statement for the potential issuance of common shares to Crescent Operating shareholders, the Commission has notified us that they will review the annual report on Form 10-K we filed with the Commission for the year ended December 31, 2001. As a result of the Commission's review, we may be required to make changes to our financial statements and other information, including the description of our business. We believe that our financial statements incorporated by reference in this prospectus supplement have been prepared in a manner that complies, in all material respects, with generally accepted accounting principles, and the regulations published by the Commission. In connection with its review, however, the Commission may require us to amend our financial statements or other information we present in, or incorporate by reference into, this prospectus supplement.

WE MAY INCUR MATERIAL EXPENSES OR DELAYS IN FINANCINGS OR SEC FILINGS IF WE NEED TO CHANGE AUDITORS

On March 14, 2002, the United States Department of Justice obtained an indictment against Arthur Andersen LLP, our independent accountants, on a single count of obstruction of justice in connection with a matter unrelated to us or our financial statements. We do not know the consequences of the indictment at this time. In addition, we do not know whether future governmental action may be taken against Arthur Andersen. In addition, the indictment, along with pending governmental inquiries and private lawsuits, have raised questions concerning Arthur Andersen's ability to effectively continue to provide auditing services to its clients. Arthur Andersen has provided the Commission with assurances that it will continue to audit financial statements in accordance with generally accepted auditing standards and applicable professional and firm auditing standards, including quality control standards. Arthur Andersen also has committed to advise the Commission immediately if it becomes unable to continue to provide those assurances. In addition, Arthur Andersen has provided us with

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

similar assurances.

The audit committee of our Board of Trust Managers reviews the selection of our independent accountants each year and will continue to monitor the Arthur Andersen situation, including that firm's ability to comply with its quality control assurances.

S-6

If Arthur Andersen were found or pleaded guilty to a felony in the future, current Commission rules would prohibit our use of an audit opinion signed by Arthur Andersen in connection with our obligations to file audited financial statements with the Commission on Form 10-K. Our access to the capital markets and our ability to make timely SEC filings would likely be impaired if the SEC were to refuse to accept financial statements audited by Arthur Andersen, if Arthur Andersen became unable to make required assurances to us or if for any reason, including the loss of key members of our audit team from Arthur Andersen, Arthur Andersen were unable to perform required audit-related services for us in a timely manner. In that event, we would promptly seek to engage new independent auditors, which could be costly or disruptive to our operations, or could affect the price and liquidity of our securities. Furthermore, relief which may be available under the federal securities laws against auditing firms may not be available as a practical matter against Arthur Andersen should it cease to operate or be financially impaired.

USE OF PROCEEDS

The net proceeds to us from the sale of the Series A preferred shares offered hereby, after deducting estimated fees and expenses related to this offering of \$1,308,000, are approximately \$49,092,000. We intend to contribute the net proceeds from this offering to our Operating Partnership in exchange for a preferred interest in our Operating Partnership. The terms of the preferred interest in our Operating Partnership will be substantially equivalent to the terms of the Series A preferred shares. Our Operating Partnership intends to use the amounts received from us to redeem preferred units of one of its subsidiaries.

FEDERAL INCOME TAX CONSIDERATIONS

The following sections summarize the federal income tax issues that you may consider relevant to an investment in our Series A preferred shares. Because this section is a summary, it does not address all of the tax issues that may be important to you. In addition, this section does not address the tax issues that may be important to certain types of shareholders that are subject to special treatment under the federal income tax laws, such as insurance companies, tax-exempt organizations (except to the extent discussed in "-- Taxation of Tax-Exempt U.S. Shareholders" below), financial institutions and broker-dealers, and non-U.S. individuals and foreign corporations (except to the extent discussed in "-- Taxation of Non-U.S. Shareholders" below).

The statements in this section are based on the current federal income tax laws governing our qualification as a REIT. We cannot assure you that new laws, interpretations of laws or court decisions, any of which may take effect retroactively, will not cause any statement in this section to be inaccurate.

We urge you to consult your own tax advisor regarding the specific federal, state, local, foreign and other tax consequences to you of purchasing, owning and disposing of our securities, our election to be taxed as a REIT and the effect of potential changes in applicable tax laws.

TAXATION OF CRESCENT

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

We elected to be taxed as a REIT under the federal income tax laws when we filed our 1994 tax return. We have operated in a manner intended to qualify as a REIT and we intend to continue to operate in that manner. This section discusses the laws governing the federal income tax treatment of a REIT and its shareholders. These laws are highly technical and complex.

In the opinion of our tax counsel, Shaw Pittman LLP, (i) we qualified as a REIT under Sections 856 through 859 of the Internal Revenue Code of 1986, as amended, which we refer to as the Code, with respect to our taxable years ended on or before December 31, 2001; and (ii) we are organized in conformity with the requirements for qualification and taxation as a REIT under the Code, and our current and proposed method of operation will enable us to meet the requirements for qualification as a REIT for the current taxable year and for future taxable years, provided that we have operated and continue to operate in accordance with various assumptions and factual representations made by us concerning our business, properties and operations. We may not, however, have met or continue to meet such requirements. You should be aware that opinions of counsel are not binding on the IRS or any court. Our qualification as a REIT depends on our

S-7

ability to meet, on a continuing basis, certain qualification tests set forth in the federal tax laws. Those qualification tests involve the percentage of income that we earn from specified sources, the percentage of our assets that fall within certain categories, the diversity of the ownership of our shares, and the percentage of our earnings that we distribute. Accordingly, for the current taxable year and for future taxable years, no assurance can be given that our actual operating results will satisfy the qualification tests. For a discussion of the tax treatment of us and our shareholders if we fail to qualify as a REIT, see "-- Requirements for REIT Qualification -- Failure to Qualify."

If we qualify as a REIT, we generally will not be subject to federal income tax on the taxable income that we distribute to our shareholders. The benefit of that tax treatment is that it avoids the "double taxation" (i.e., at both the corporate and stockholder levels) that generally results from owning stock in a corporation. However, we will be subject to federal tax in the following circumstances:

- we will pay federal income tax on taxable income (including net capital gain) that we do not distribute to our shareholders during, or within a specified time period after, the calendar year in which the income is earned;
- we may be subject to the "alternative minimum tax" on any items of tax preference that we do not distribute or allocate to our shareholders;
- we will pay income tax at the highest corporate rate on (i) net income from the sale or other disposition of property acquired through foreclosure that we hold primarily for sale to customers in the ordinary course of business and (ii) other non-qualifying income from foreclosure property;
- we will pay a 100% tax on net income from certain sales or other dispositions of property (other than foreclosure property) that we hold primarily for sale to customers in the ordinary course of business ("prohibited transactions");
- if we fail to satisfy the 75% gross income test or the 95% gross income test (as described below under "-- Requirements for REIT Qualification -- Income Tests"), and nonetheless continue to qualify as a

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

REIT because we meet certain other requirements, we will pay a tax equal to (i) the gross income attributable to the greater of either (a) the amount by which 75% of our gross income exceeds the amount qualifying under the 75% test for the taxable year or (b) the amount by which 90% of our gross income exceeds the amount qualifying under the 95% test for the taxable year, multiplied by (ii) a fraction intended to reflect our profitability;

- if we fail to distribute during a calendar year at least the sum of (i) 85% of our REIT ordinary income for such year, (ii) 95% of our REIT capital gain net income for such year, and (iii) any undistributed taxable income from prior periods, we will pay a 4% excise tax on the excess of such required distribution over the amount we actually distributed;
- if we acquire any asset from a C corporation (a corporation generally subject to full corporate-level tax) in a merger or other transaction in which we acquire a "carryover" basis in the asset, which is the basis determined by reference to the C corporation's basis in the asset (or another asset), we will pay tax at the highest regular corporate rate applicable if we recognize gain on the sale or disposition of that asset during the 10-year period after we acquire such asset. The amount of gain on which we will pay tax is the lesser of (i) the amount of gain that we recognize at the time of the sale or disposition and (ii) the amount of gain that we would have recognized if we had sold the asset at the time we acquired the asset; and
- we will incur a 100% excise tax on transactions with a "taxable REIT subsidiary" of ours that are not conducted on an arm's-length basis.

S-8

Requirements for REIT Qualification. In order to qualify as a REIT, we must be a corporation, trust or association and meet the requirements that:

1. we are managed by one or more trustees or directors;
2. our beneficial ownership is evidenced by transferable shares, or by transferable certificates of beneficial interest;
3. we would be taxable as a domestic corporation, but for Sections 856 through 859 of the Code;
4. we are neither a financial institution nor an insurance company subject to certain provisions of the Code;
5. at least 100 persons are beneficial owners of our shares or ownership certificates;
6. not more than 50% in value of our outstanding shares or ownership certificates is owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of any taxable year (the "5/50 Rule");
7. we elect to be a REIT (or have made that election for a previous taxable year that has not been terminated or revoked) and satisfy all relevant filing and other administrative requirements established by the IRS that must be met to elect and maintain REIT status;
8. we use a calendar year for federal income tax purposes and comply with the record-keeping requirements of the Code and the related Treasury

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

Regulations; and

9. we meet certain other qualification tests, described below, regarding the nature of our income and assets.

We must meet requirements 1 through 4 during our entire taxable year and must meet requirement 5 during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months. We were not required to meet requirements 5 and 6 during 1994. If we comply with all the requirements for ascertaining the ownership of our outstanding shares in a taxable year and have no reason to know that we violated the 5/50 Rule, we will be deemed to have satisfied the 5/50 Rule for such taxable year. For purposes of determining share ownership under the 5/50 Rule, an "individual" generally includes a supplemental unemployment compensation benefits plan, a private foundation, or a portion of a trust permanently set aside or used exclusively for charitable purposes. An "individual," however, generally does not include a trust that is a qualified employee pension or profit sharing trust under Code Section 401(a), and beneficiaries of such a trust will be treated as holding our shares in proportion to their actuarial interests in the trust for purposes of the 5/50 Rule.

We believe we have issued sufficient common shares with sufficient diversity of ownership to satisfy requirements 5 and 6 set forth above. In addition, our declaration of trust restricts the ownership and transfer of the common shares so that we should continue to satisfy requirements 5 and 6. The provisions of our declaration of trust restricting the ownership and transfer of the common shares are described in "Description of Common Shares -- Ownership Limits and Restrictions on Transfer" beginning on Page 14 of the accompanying prospectus.

We currently have several wholly owned corporate subsidiaries and may have additional corporate subsidiaries in the future. A corporation that is a "qualified REIT subsidiary" is not treated as a corporation separate from its parent REIT. All assets, liabilities, and items of income, deduction, and credit of a qualified REIT subsidiary are treated as assets, liabilities, and items of income, deduction, and credit of the REIT. A qualified REIT subsidiary is a corporation, all of the capital stock of which is owned by the parent REIT. Thus, in applying the requirements described herein, any qualified REIT subsidiary of ours will be ignored, and all assets, liabilities, and items of income, deduction, and credit of such subsidiary will be treated as our assets, liabilities, and items of income, deduction, and credit. We believe our wholly owned corporate subsidiaries are qualified REIT subsidiaries. Accordingly, they are not subject to federal corporate income taxation, though they may be subject to state and local taxation.

S-9

A REIT is treated as owning its proportionate share of the assets of any partnership in which it is a partner and as earning its allocable share of the gross income of the partnership for purposes of the applicable REIT qualification tests. Thus, our proportionate share of the assets, liabilities and items of income, deduction and credit of our Operating Partnership and of any other partnership (or limited liability company treated as a partnership) in which we have acquired or will acquire an interest, directly or indirectly (a "subsidiary partnership"), are treated as our assets, liabilities and items of income, deduction and credit for purposes of applying the various REIT qualification requirements.

As of January 1, 2001, a REIT may own up to 100% of the outstanding capital stock of one or more "taxable REIT subsidiaries," which we refer to as TRSs. A TRS is a fully taxable corporation that pays income tax at regular corporate

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

rates on its taxable income. A TRS may earn income that would not be qualifying income if earned directly by the parent REIT. Both the TRS and the REIT must jointly elect to treat the subsidiary as a TRS. Overall, no more than 20% of the value of a REIT's assets may consist of securities of one or more TRSs. In addition, the TRS rules may limit the deductibility of interest paid or accrued by a TRS to its parent REIT to assure that the TRS is subject to the appropriate level of corporate taxation. The rules also impose a 100% excise tax on transactions between a TRS and its parent REIT or the REIT's tenants that are not conducted on an arm's-length basis. We currently own interests in several TRSs, but the collective value of our interests in the TRSs does not exceed 20% of the value of our assets. In addition, we believe that all transactions between us, our tenants and our TRSs have been, and continue to be, conducted on an arm's-length basis.

Income Tests. We must satisfy two gross income tests annually to maintain our qualification as a REIT:

- At least 75% of our gross income (excluding gross income from prohibited transactions) for each taxable year must consist of defined types of income that we derive, directly or indirectly, from investments relating to real property or mortgages on real property or temporary investment income (the "75% gross income test"). Qualifying income for purposes of the 75% gross income test includes "rents from real property," interest on debt secured by mortgages on real property or on interests in real property, and dividends or other distributions on and gain from the sale of shares in other REITs; and
- At least 95% of our gross income (excluding gross income from prohibited transactions) for each taxable year must consist of income that is qualifying income for purposes of the 75% gross income test, dividends, other types of interest, gain from the sale or disposition of stock or securities, or any combination of the foregoing (the "95% gross income test").

Application of Income Tests to Crescent. Our Operating Partnership's primary source of income is from leasing its office properties and resort/hotel properties. Rents under these leases will constitute "rents from real property," which is qualifying income for purposes of the 75% and 95% gross income tests, only if the following requirements are met.

1. The rent is not based, in whole or in part, on the income or profits of any person, although, generally, rent may be based on a fixed percentage or percentages of receipts or sales.

2. Neither we nor someone who owns 10% or more of our shares owns 10% or more of a tenant from which our Operating Partnership receives rent, excluding TRSs under certain circumstances (a "related party tenant"). Our ownership and the ownership of a tenant is determined based on direct, indirect, and constructive ownership.

3. The rent attributable to any personal property leased in connection with a lease of property is no more than 15% of the total rent received under the lease.

4. Neither our Operating Partnership nor any of the subsidiary partnerships operates or manages its property or furnishes or renders services to its tenants, except through a TRS or through an "independent contractor" that is adequately compensated and from which our Operating Partnership and the subsidiary partnerships do not derive revenue. Our Operating Partnership and the subsidiary partnerships may provide services directly if the services are "usually or customarily rendered" in connection with the rental of space for occupancy only and are not

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

otherwise considered rendered to the occupant. In addition,

S-10

our Operating Partnership and the subsidiary partnerships may render directly a de minimis amount of "non-customary" services to the tenants of a property without disqualifying the income as "rents from real property," as long as its income from the services does not exceed 1% of its income from the property.

5. The hotel properties are either (a) leased to unrelated tenants, or (b) leased to TRSs and are managed by "eligible independent contractors," which are independent contractors that, at the time they entered into management agreements with the TRSs, were actively engaged in the business of operating lodging facilities for people or entities not related to us or the TRSs.

Tax legislation effective January 1, 2001 permits us to lease our resort/hotel properties to a TRS of ours so long as certain conditions, described below, are satisfied. On February 14, 2002, certain of our TRSs acquired Crescent Operating's lessee interests in eight of our resort/hotel properties. In order for the rent paid pursuant to the leases of those properties to constitute "rents from real property," each resort/hotel property must be a "qualified lodging facility" and must be operated on behalf of the TRS by an "eligible independent contractor." A "qualified lodging facility" is, generally, a hotel or motel at which no authorized gambling activities are conducted and the customary amenities and facilities operated as part of, or associated with, the hotel or motel. An "eligible independent contractor" is an independent contractor that, at the time a management agreement is entered into with a TRS to operate a "qualified lodging facility," is actively engaged in the trade or business of operating "qualified lodging facilities" for a person or persons unrelated to either the TRS or any REITs with which the TRS is affiliated. A hotel management company that otherwise would qualify as an "eligible independent contractor" with regard to a TRS of ours will not so qualify if the hotel management company and/or one or more actual or constructive owners of 10% or more of the hotel management company actually or constructively own more than 35% of us, or one or more actual or constructive owners of more than 35% of the hotel management company own 35% or more of us (determined taking into account only the stock held by persons owning, directly or indirectly, more than 5% of our outstanding common shares and, if the stock of the eligible independent contractor is publicly-traded, 5% of the publicly-traded stock of the eligible independent contractor). We believe, based on part on an opinion of counsel, that each of our resort/hotel properties is a "qualified lodging facility." In addition, we believe, based on part on an opinion of counsel, and currently intend to take all steps reasonably practicable to ensure, that none of our TRSs or any of their subsidiaries will engage in "operating" or "managing" our resort/hotel properties and that the hotel management companies engaged to operate and manage such properties qualify as "eligible independent contractors" with regard to our lessee TRSs.

In addition to the foregoing, we, based in part upon opinions of our tax counsel as to whether various tenants constitute related party tenants, believe that the income we have received in each taxable year since 1994 and will receive in subsequent taxable years from rent that does not satisfy the five requirements set forth above will not cause us to fail to meet the gross income tests.

Our Operating Partnership will also receive fixed and contingent interest on its real estate mortgages on the residential development properties. Interest on mortgages secured by real property satisfies the 75% and 95% gross income tests only if it does not include any amount that is based in whole or in part

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

upon the income of any person, except that (1) an amount is not excluded from qualifying interest solely by reason of being based on a fixed percentage or percentages of receipts or sales and (2) income derived from a shared appreciation provision in a mortgage is treated as gain recognized from the sale of the mortgaged property. Some of the residential development property mortgages contain provisions for contingent interest based upon property sales. Our tax counsel has opined that each of the residential development property mortgages constitutes debt for federal income tax purposes, any contingent interest derived therefrom will be treated as being based on a fixed percentage of sales, and therefore all interest derived therefrom will constitute interest received from mortgages for purposes of the 75% and 95% gross income tests. If, however, the contingent interest provisions were instead characterized as shared appreciation provisions, any resulting income would be treated as income from prohibited transactions, because the underlying properties are primarily held for sale to customers in the ordinary course. Such income would not satisfy the 75% and 95% gross income tests and would be subject to a 100% tax.

S-11

In applying the 95% and 75% gross income tests, we must consider the form in which our assets are held, whether that form will be respected for federal income tax purposes, and whether, in the future, such form may change into a new form with different tax attributes. For example, the residential development properties are primarily held for sale to customers in the ordinary course of business, and the income resulting from such sales, if directly attributed to us, would not qualify under the 75% and 95% gross income tests. In addition, such income would be considered "net income from prohibited transactions" and thus would be subject to a 100% tax. The income from such sales, however, will be earned by the residential development corporations rather than by our Operating Partnership and will be paid to our Operating Partnership in the form of interest and principal payments on the residential development property mortgages or distributions with respect to the stock in the residential development corporations held by our Operating Partnership. In similar fashion, the income earned by the hotel properties, if directly attributed to us, would not qualify under the 75% and 95% gross income tests because it would not constitute "rents from real property." This income is, however, earned by the lessees of these hotel properties and what our Operating Partnership receives from the lessees of these hotel properties is rent. Either our tax counsel or other law firms have opined that:

1. the residential development properties or any interest therein will be treated as owned by the residential development corporations;

2. amounts derived by our Operating Partnership from the residential development corporations under the terms of the residential development property mortgages will qualify as interest or principal, as the case may be, paid on mortgages on real property for purposes of the 75% and 95% gross income tests;

3. amounts derived by our Operating Partnership with respect to the stock of the residential development corporations will be treated as distributions on stock for purposes of the 75% and 95% gross income tests; and

4. each lease of a hotel property will be treated as a lease for federal income tax purposes, the hotel property will constitute a "qualified lodging facility" managed by an "eligible independent contractor," and the rent payable thereunder will qualify as "rents from real property."

Investors should be aware that there are no controlling Treasury

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

regulations, published rulings, or judicial decisions involving transactions with terms substantially the same as those with respect to the residential development corporations and the leases of the hotel properties. Therefore, the opinions of our tax counsel with respect to these matters are based upon all of the facts and circumstances and upon rulings and judicial decisions involving situations that are considered to be analogous. Opinions of counsel are not binding upon the IRS or any court, and there can be no complete assurance that the IRS will not assert successfully a contrary position. If one or more of the leases of the hotel properties is not a true lease, part or all of the payments that our Operating Partnership or one of the subsidiary partnerships receives from the respective lessee may not satisfy the various requirements for qualification as "rents from real property," or our Operating Partnership might be considered to operate the hotel properties directly. In that case, we likely would not be able to satisfy either the 75% or 95% gross income tests and, as a result, likely would lose our REIT status. Similarly, if the IRS were to challenge successfully the arrangements with the residential development corporations, our qualification as a REIT could be jeopardized.

If any of the Residential Development Properties were to be acquired by our Operating Partnership as a result of foreclosure on any of the residential development property mortgages, or if any of the hotel properties were to be operated directly by our Operating Partnership or a subsidiary partnership as a result of a default by the lessee under the lease, such property would constitute foreclosure property for three years following its acquisition (or for up to an additional three years if an extension is granted by the IRS) if we make an election to treat the property as foreclosure property, provided that (i) our Operating Partnership or its subsidiary partnership conducts sales or operations through an independent contractor; (ii) our Operating Partnership or its subsidiary partnership does not undertake any construction on the foreclosed property other than completion of improvements which were more than 10% complete before default became imminent; and (iii) foreclosure was not regarded as foreseeable at the time we acquired the residential development property mortgages or leased the hotel properties. For so long as any of these properties constitutes foreclosure property, the income from the disposition or operation of such property would be subject to tax at the maximum

S-12

corporate rates and would qualify under the 75% and 95% gross income tests. However, if any of these properties does not constitute foreclosure property at any time in the future, income earned from the disposition or operation of such property will not qualify under the 75% and 95% gross income tests and, in the case of the residential development properties, will be subject to the 100% tax.

We anticipate that we will have certain income that will not satisfy the 75% or the 95% gross income test. For example, income from dividends on the stock of the residential development corporations or other TRSs will not satisfy the 75% gross income test. It is also possible that certain income resulting from the use of creative financing or acquisition techniques would not satisfy the 75% or 95% gross income tests. We believe, however, that the aggregate amount of nonqualifying income will not cause us to exceed the limits on nonqualifying income under the 75% or 95% gross income tests.

Relief from Consequences of Failing to Meet Income Tests. If we fail to satisfy one or both of the 75% and 95% gross income tests for any taxable year, we nevertheless may qualify as a REIT for such year if we qualify for relief under certain provisions of the Code. Those relief provisions generally will be available if our failure to meet such tests is due to reasonable cause and not due to willful neglect, we attach a schedule of the sources of our income to our tax return, and any incorrect information on the schedule was not due to fraud with intent to evade tax. We may not qualify for the relief provisions in all

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

circumstances. In addition, as discussed above in "-- Taxation of Crescent," even if the relief provisions apply, we would incur a tax equal to (i) the gross income attributable to the greater of either (a) the amount by which 75% of our gross income exceeds the amount qualifying under the 75% test for the taxable year or (b) the amount by which 90% of our gross income exceeds the amount qualifying under the 95% test for the taxable year, multiplied by (ii) a fraction intended to reflect our profitability.

Asset Tests. To maintain our qualification as a REIT, we also must satisfy three asset tests at the close of each quarter of each taxable year:

1) At least 75% of the value of our total assets must consist of cash or cash items (including certain receivables), government securities, "real estate assets," or qualifying temporary investments (the "75% asset test").

- "Real estate assets" include interests in real property, interests in mortgages on real property and stock in other REITs.
- "Interests in real property" include an interest in mortgage loans or land and improvements thereon, such as buildings or other inherently permanent structures (including items that are structural components of such buildings or structures), a leasehold of real property, and an option to acquire real property (or a leasehold of real property).
- Qualifying temporary investments are investments in stock or debt instruments during the one-year period following our receipt of new capital that we raise through equity or long-term (at least five-year) debt offerings.

2) For investments not included in the 75% asset test, (A) the value of our interest in any one issuer's securities may not exceed 5% of the value of our total assets (the "5% asset test") and (B) we may not own more than 10% of the voting power or value of any one issuer's outstanding securities (the "10% asset test").

3) As mentioned above, the collective value of our interests in TRSs cannot exceed 20% of the value of our assets.

For purposes of the second asset test, the term "securities" does not include our equity ownership in another REIT, our equity or debt securities of a qualified REIT subsidiary or a TRS, or our equity interest in any partnership. The term "securities," however, generally includes our debt securities issued by a partnership, except that non-participating debt securities of a partnership are not treated as "securities" for purposes of the value portion of the 10% asset test if we own at least a 20% profits interest in the partnership.

We intend to select future investments so as to comply with the asset tests.

S-13

If we failed to satisfy the asset tests at the end of a calendar quarter, we would not lose our REIT status if (i) we satisfied the asset tests at the close of the preceding calendar quarter and (ii) the discrepancy between the value of our assets and the asset test requirements arose from changes in the market values of our assets and was not wholly or partly caused by the acquisition of one or more nonqualifying assets. If we did not satisfy the condition described in clause (ii) of the preceding sentence, we still could avoid disqualification as a REIT by eliminating any discrepancy within 30 days after the close of the calendar quarter in which the discrepancy arose.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

We own a 40% interest in a general partnership which owns all of the common stock of AmeriCold Corporation. We believe, based in part upon our review of an opinion of counsel, that AmeriCold Corporation is a REIT and, thus, that its stock constitutes a "real estate asset" for purposes of the asset tests. If AmeriCold Corporation has not qualified as a REIT or does not continue to do so in the future, we would lose our REIT status.

Our Operating Partnership owns 100% of the stock of three of our residential development corporations and 100% of the non-voting stock of two of our residential development corporations. Our tax counsel has opined that our ownership of interests in the residential development corporations prior to 2001 did not violate the 10% asset test, as in effect during that time. In order to avoid violating the 10% asset test for 2001 and subsequent taxable years, effective January 1, 2001, we made a joint election with each residential development corporation for it to be treated as a TRS. In addition, our Operating Partnership owns the residential development property mortgages. As stated above, our tax counsel has opined that each of these mortgages will constitute debt for federal income tax purposes and therefore will be treated as a real estate asset; however, the IRS could assert that such mortgages should be treated as equity interests in their respective issuers, which would not qualify as real estate assets. By virtue of our ownership of partnership interests in our Operating Partnership, we will be considered to own our pro rata share of these assets. We believe that the collective value of our pro rata shares of the value of the securities of the residential development corporations and our other TRSs does not exceed 20% of the value of our assets. These beliefs are based in part upon our analysis of the estimated values of the various securities owned by our Operating Partnership relative to the estimated value of the total assets owned by our Operating Partnership. No independent appraisals will be obtained to support this conclusion, and our tax counsel, in rendering its opinion as to our qualification as a REIT, is relying on our conclusions as to the value of the various securities and other assets. There can be no assurance, however, that the IRS might not contend that the values of the various securities held by us through our Operating Partnership, in the aggregate, exceed the 20% value limitation. Finally, if our Operating Partnership were treated for tax purposes as a corporation rather than as a partnership, we would violate the 10% asset test and 5% of value limitation, and the treatment of any of our Operating Partnership's subsidiary partnerships as a corporation rather than as a partnership could also violate one or the other, or both, of these limitations. In the opinion of our tax counsel, for federal income tax purposes our Operating Partnership and all the subsidiary partnerships will be treated as partnerships and not as either associations taxable as corporations or publicly traded partnerships. See "-- Tax Aspects of Our Investments in Our Operating Partnership, the Subsidiary Partnerships and Our TRSs "below.

The various percentage requirements must be satisfied not only on the date we first acquire corporate securities, but also each time we increase our ownership of securities (including as a result of increasing our interest in our Operating Partnership either with the proceeds of this offering or by acquiring units from limited partners of our Operating Partnership upon the exercise of their rights, subject to certain restrictions, to exchange their units for our common shares on a one-for-two basis). Although we plan to take steps to ensure that we satisfy the 5% and 25% value tests for any quarter with respect to which retesting is to occur, there can be no assurance that such steps (i) will always be successful; (ii) will not require a reduction in our overall interest in the various corporations; or (iii) will not restrict the ability of the residential development corporations to increase the sizes of their respective businesses, unless the value of our assets is increasing at a commensurate rate.

Distribution Requirements. Each taxable year, we must distribute dividends (other than capital gain dividends and deemed distributions of retained capital gain) to our shareholders in an aggregate amount at least equal to (1) the sum

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

of 90% of (A) our "REIT taxable income" (computed without regard to the

S-14

dividends paid deduction and our net capital gain or loss) and (B) our net income (after tax), if any, from foreclosure property, minus (2) certain items of non-cash income.

We must pay such distributions in the taxable year to which they relate, or in the following taxable year if we declare the distribution before we timely file our federal income tax return for such year and pay the distribution on or before the first regular dividend payment date after such declaration.

We will pay federal income tax on taxable income (including net capital gain) that we do not distribute to shareholders. Furthermore, we will incur a 4% nondeductible excise tax if we fail to distribute during a calendar year (or, in the case of distributions with declaration and record dates falling in the last three months of the calendar year, by the end of January following such calendar year) at least the sum of (1) 85% of our REIT ordinary income for such year, (2) 95% of our REIT capital gain income for such year, and (3) any undistributed taxable income from prior periods. The excise tax is on the excess of such required distribution over the amounts we actually distributed. We may elect to retain and pay income tax on the net long-term capital gain we receive in a taxable year. See "-- Taxation of Taxable U.S. Shareholders." For purposes of the 4% excise tax, we will be treated as having distributed any such retained amount.

We believe that we have made, and we intend to continue to make, timely distributions sufficient to satisfy the annual distribution requirements. In this regard, the partnership agreement of our Operating Partnership (the "Partnership Agreement") authorizes the General Partner to take such steps as may be necessary to cause the Operating Partnership to distribute to its partners an amount sufficient to permit us to meet these distribution requirements. It is possible, however, that, from time to time, we may experience timing differences between (i) the actual receipt of income and actual payment of deductible expenses and (ii) the inclusion of such income and deduction of such expenses in arriving at our "REIT taxable income." Issues may also arise as to whether certain items should be included in income. In addition, it is possible that certain creative financing or creative acquisition techniques used by the Operating Partnership may result in income (such as income from cancellation of indebtedness or gain upon the receipt of assets in foreclosure the fair market value of which exceeds the Operating Partnership's basis in the debt that was foreclosed upon) that is not accompanied by cash proceeds. In this regard, the modification of a debt can result in taxable gain equal to the difference between the holder's basis in the debt and the principal amount of the modified debt. Based on the foregoing, we may have less cash available for distribution in a particular year than is necessary to meet our annual distribution requirement or to avoid tax with respect to capital gain or the excise tax imposed on certain undistributed income for such year. To meet the distribution requirement necessary to qualify as a REIT or to avoid tax with respect to capital gain or the excise tax imposed on certain undistributed income, we may find it appropriate to arrange for borrowings through the Operating Partnership or to pay distributions in the form of taxable share dividends.

Under certain circumstances, we may be able to correct a failure to meet the distribution requirement for a year by paying deficiency dividends to our shareholders in a later year. We may include such deficiency dividends in our deduction for dividends paid for the earlier year. Although we may be able to avoid income tax on amounts distributed as deficiency dividends, we will be required to pay interest to the IRS based upon the amount of any deduction we

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

take for deficiency dividends.

Record Keeping Requirements. We must maintain certain records in order to qualify as a REIT. In addition, to avoid a monetary penalty, we must request on an annual basis certain information from our shareholders designed to disclose the actual ownership of our outstanding stock. We have complied, and we intend to continue to comply, with such requirements.

Failure to Qualify. If we failed to qualify as a REIT in any taxable year, and no relief provision applied, we would be subject to federal income tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates. In calculating our taxable income in a year in which we failed to qualify as a REIT, we would not be able to deduct amounts paid out to shareholders. In fact, we would not be required to distribute any amounts to shareholders in such year. In such event, to the extent of our current and accumulated earnings and profits, all distributions to shareholders would be taxable as ordinary income. Subject to certain limitations of the Code, corporate shareholders might be eligible for the dividends received deduction. Unless we qualified for relief under specific statutory provisions, we also would be disqualified from

S-15

electing taxation as a REIT for the four taxable years following the year during which we ceased to qualify as a REIT. We cannot predict whether in all circumstances we would qualify for such statutory relief.

TAXATION OF SERIES A PREFERRED SHARES

Distributions of Series A Preferred Shares. Distributions with respect to the Series A preferred shares will be taxable as described below in "-- Taxation of Taxable U.S. Shareholders," "-- Taxation of Tax-Exempt U.S. Shareholders" and "-- Taxation of Non-U.S. Shareholders."

Redemption or Conversion of Series A Preferred Shares to Common Shares. Assuming that Series A preferred shares will not be redeemed or converted at a time when there are distributions in arrears, in general, no gain or loss will be recognized for federal income tax purposes upon the redemption or conversion of the Series A preferred shares at the option of the holder solely into common shares. The basis that a holder will have for tax purposes in the common shares received will be equal to the adjusted basis the holder had in the Series A preferred shares so redeemed or converted and, provided that the Series A preferred shares were held as a capital asset, the holding period for the common shares received will include the holding period for the Series A preferred shares redeemed or converted. A holder, however, generally will recognize gain or loss on the receipt of cash in lieu of a fractional common share in an amount equal to the difference between the amount of cash received and the holder's adjusted basis in such fractional share.

If a redemption or conversion occurs when there is a dividend arrearage on the Series A preferred shares and the fair market value of the common shares exceeds the issue price of the Series A preferred shares, a portion of the common shares received might be treated as a dividend distribution taxable as ordinary income.

Adjustments to Conversion Price. Under Section 305 of the Code, holders of preferred stock may be deemed to have received a constructive distribution of stock that is taxable as a dividend where the conversion ratio is adjusted to reflect a cash or property distribution with respect to the common stock into which it is convertible. An adjustment to the conversion price made pursuant to a bona fide, reasonable adjustment formula that has the effect of preventing

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

dilution of the interest of the holders, however, will generally not be considered to result in a constructive distribution of stock. Certain of the possible adjustments provided in the Series A preferred shares may not qualify as being pursuant to a bona fide, reasonable adjustment formula. If a nonqualifying adjustment were made, the holders of the Series A preferred shares might be deemed to have received a taxable stock dividend.

TAXATION OF TAXABLE U.S. SHAREHOLDERS

As long as we qualify as a REIT, a taxable "U.S. shareholder" must take into account distributions out of our current or accumulated earnings and profits (and that we do not designate as capital gain dividends or retained long-term capital gain) as ordinary income. A U.S. shareholder will not qualify for the dividends received deduction generally available to corporations. As used herein, the term "U.S. shareholder" means a holder of common shares or Series A preferred shares that for U.S. federal income tax purposes is:

- a citizen or resident of the United States;
- a corporation, partnership, or other entity created or organized in or under the laws of the United States or of a political subdivision thereof;
- an estate whose income is subject to U.S. federal income taxation regardless of its source; or
- any trust with respect to which (A) a U.S. court is able to exercise primary supervision over the administration of such trust and (B) one or more U.S. persons have the authority to control all substantial decisions of the trust.

A U.S. shareholder will recognize distributions that we designate as capital gain dividends as long-term capital gain (to the extent they do not exceed our actual net capital gain for the taxable year) without regard to the period for which the U.S. shareholder has held its common shares or Series A preferred shares. Subject to certain limitations, we will designate our capital gain dividends as either 20% or 25% rate distributions. A

S-16

corporate U.S. shareholder, however, may be required to treat up to 20% of certain capital gain dividends as ordinary income.

We may elect to retain and pay income tax on the net long-term capital gain that we receive in a taxable year. In that case, a U.S. shareholder would be taxed on its proportionate share of our undistributed long-term capital gain. The U.S. shareholder would receive a credit or refund for its proportionate share of the tax we paid. The U.S. shareholder would increase the basis in its stock by the amount of its proportionate share of our undistributed long-term capital gain, minus its share of the tax we paid.

A U.S. shareholder will not incur tax on a distribution in excess of our current and accumulated earnings and profits if such distribution does not exceed the adjusted basis of the U.S. shareholder's common shares or Series A preferred shares. Instead, such distribution will reduce the adjusted basis of such shares. A U.S. shareholder will recognize a distribution in excess of both our current and accumulated earnings and profits and the U.S. shareholder's adjusted basis in its common shares or Series A preferred shares as long-term capital gain (or short-term capital gain if the shares have been held for one year or less), assuming the common shares or Series A preferred shares are a capital asset in the hands of the U.S. shareholder. In addition, if we declare a

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

distribution in October, November, or December of any year that is payable to a U.S. shareholder of record on a specified date in any such month, such distribution shall be treated as both paid by us and received by the U.S. shareholder on December 31 of such year, provided that we actually pay the distribution during January of the following calendar year. We will notify U.S. shareholders after the close of our taxable year as to the portions of the distributions attributable to that year that constitute ordinary income or capital gain dividends.

Taxation of U.S. Shareholders on the Disposition of the Common Shares or Series A Preferred Shares. In general, a U.S. shareholder who is not a dealer in securities must treat any gain or loss realized upon a taxable disposition of the common shares or Series A preferred shares as long-term capital gain or loss if the U.S. shareholder has held the common shares or Series A preferred shares for more than one year and otherwise as short-term capital gain or loss. However, a U.S. shareholder must treat any loss upon a sale or exchange of common shares or Series A preferred shares held by such shareholder for six months or less (after applying certain holding period rules) as a long-term capital loss to the extent of capital gain dividends and other distributions from us that such U.S. shareholder treats as long-term capital gain. All or a portion of any loss a U.S. shareholder realizes upon a taxable disposition of the common shares or Series A preferred shares may be disallowed if the U.S. shareholder purchases additional common shares or Series A preferred shares within 30 days before or after the disposition.

Capital Gains and Losses. A taxpayer generally must hold a capital asset for more than one year for gain or loss derived from its sale or exchange to be treated as long-term capital gain or loss. The highest marginal individual income tax rate is 38.6%. On June 7, 2001, President Bush signed into law the Economic Growth and Tax Relief Reconciliation Act of 2001. That legislation reduces the highest marginal individual income tax rate of 38.6% to 37.6% for the period from January 1, 2004 to December 31, 2005, and to 35% for the period from January 1, 2006 to December 31, 2010. The maximum tax rate on long-term capital gain applicable to non-corporate taxpayers is 20% for sales and exchanges of assets held for more than one year. The maximum tax rate on long-term capital gain from the sale or exchange of "Section 1250 property" (i.e., depreciable real property) is 25% to the extent that such gain would have been treated as ordinary income if the property were "Section 1245 property." With respect to distributions that we designate as capital gain dividends and any retained capital gain that we are deemed to distribute, we may designate (subject to certain limits) whether such a distribution is taxable to our non-corporate shareholders at a 20% or 25% rate. Thus, the tax rate differential between capital gain and ordinary income for non-corporate taxpayers may be significant. A U.S. shareholder required to include retained long-term capital gains in income will be deemed to have paid, in the taxable year of the inclusion, its proportionate share of the tax paid by us in respect of such undistributed net capital gains. U.S. shareholders subject to these rules will be allowed a credit or a refund, as the case may be, for the tax deemed to have been paid by such shareholders. U.S. shareholders will increase their basis in their common shares or Series A preferred shares by the difference between the amount of such includible gains and the tax deemed paid by the U.S. shareholder in respect of such gains. In addition, the characterization of income as capital gain or ordinary income may affect the deductibility of capital losses. A

S-17

non-corporate taxpayer may deduct capital losses not offset by capital gains against its ordinary income only up to a maximum annual amount of \$3,000. A non-corporate taxpayer may carry forward unused capital losses indefinitely. A corporate taxpayer must pay tax on its net capital gain at ordinary corporate rates. A corporate taxpayer can deduct capital losses only to the extent of

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

capital gains, with unused losses being carried back three years and forward five years.

Information Reporting Requirements and Backup Withholding. We will report to our shareholders and to the IRS the amount of distributions we pay during each calendar year, and the amount of tax we withhold, if any. Under the backup withholding rules, a shareholder may be subject to backup withholding at the rate of 30%, gradually decreasing to 28% in 2006, with respect to our distributions unless such holder (1) is a corporation or comes within certain other exempt categories and, when required, demonstrates this fact or (2) provides a taxpayer identification number, certifies as to no loss of exemption from backup withholding, and otherwise complies with the applicable requirements of the backup withholding rules. A shareholder who does not provide us with its correct taxpayer identification number also may be subject to penalties imposed by the IRS. Any amount paid as backup withholding will be creditable against the shareholder's income tax liability. In addition, we may be required to withhold a portion of capital gain distributions to any shareholders who fail to certify their non-foreign status to us.

TAXATION OF TAX-EXEMPT U.S. SHAREHOLDERS

Most tax-exempt employees' pension trusts are not subject to federal income tax except to the extent of their receipt of "unrelated business taxable income," or "UBTI." Distributions by us to a shareholder that is a tax-exempt entity should not constitute UBTI, provided that the tax-exempt entity has not financed the acquisition of our shares with "acquisition indebtedness" and the shares are not otherwise used in an unrelated trade or business of the tax-exempt entity. In addition, certain pension trusts that own more than 10% of a "pension-held REIT" must report a portion of the dividends that they receive from such a REIT as UBTI. We have not been and do not expect to be treated as a pension-held REIT for purposes of this rule.

TAXATION OF NON-U.S. SHAREHOLDERS

The rules governing U.S. federal income taxation of nonresident alien individuals, foreign corporations, foreign partnerships, and other foreign shareholders (collectively, "non-U.S. shareholders") are complex. This section is only a summary of such rules. We urge non-U.S. shareholders to consult their own tax advisors to determine the impact of federal, state, and local income tax laws on ownership of common shares or Series A preferred shares, including any reporting requirements.

Ordinary Dividends. A non-U.S. shareholder that receives a distribution that is not attributable to gain from our sale or exchange of U.S. real property interests (as defined below) and that we do not designate as a capital gain dividend or retained capital gain will recognize ordinary income to the extent that we pay such distribution out of our current or accumulated earnings and profits. A withholding tax equal to 30% of the gross amount of the distribution ordinarily will apply to such distribution unless an applicable tax treaty reduces or eliminates the tax. However, if a distribution is treated as effectively connected with the non-U.S. shareholder's conduct of a U.S. trade or business, the non-U.S. shareholder generally will be subject to federal income tax on the distribution at graduated rates, in the same manner as U.S. shareholders are taxed with respect to such distributions (and also may be subject to the 30% branch profits tax in the case of a non-U.S. shareholder that is a non-U.S. corporation). We plan to withhold U.S. income tax at the rate of 30% on the gross amount of any such distribution paid to a non-U.S. shareholder unless (i) a lower treaty rate applies and the non-U.S. shareholder files IRS Form W-8BEN with us evidencing eligibility for that reduced rate or (ii) the non-U.S. shareholder files an IRS Form W-8ECI with us claiming that the distribution is effectively connected income.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

Return of Capital. A non-U.S. shareholder will not incur tax on a distribution in excess of our current and accumulated earnings and profits if such distribution does not exceed the adjusted basis of its common shares or Series A preferred shares. Instead, such a distribution will reduce the adjusted basis of such shares. A non-U.S. shareholder will be subject to tax on a distribution that exceeds both our current and accumulated

S-18

earnings and profits and the adjusted basis of its common shares or Series A preferred shares, if the non-U.S. shareholder otherwise would be subject to tax on gain from the sale or disposition of its common shares or Series A preferred shares, as described below. Because we generally cannot determine at the time we make a distribution whether or not the distribution will exceed our current and accumulated earnings and profits, we normally will withhold tax on the entire amount of any distribution at the same rate as we would withhold on a dividend. However, a non-U.S. shareholder may obtain a refund of amounts that we withhold if we later determine that a distribution in fact exceeded our current and accumulated earnings and profits.

Capital Gain Dividends. For any year in which we qualify as a REIT, a non-U.S. shareholder will incur tax on distributions that are attributable to gain from our sale or exchange of "U.S. real property interests" under the provisions of the Foreign Investment in Real Property Tax Act of 1980 ("FIRPTA"). The term "U.S. real property interests" includes certain interests in real property and stock in corporations at least 50% of whose assets consists of interests in real property, but excludes mortgage loans and mortgage-backed securities. Under FIRPTA, a non-U.S. shareholder is taxed on distributions attributable to gain from sales of U.S. real property interests as if such gain were effectively connected with a U.S. business of the non-U.S. shareholder. A non-U.S. shareholder thus would be taxed on such a distribution at the normal capital gain rates applicable to U.S. shareholders (subject to applicable alternative minimum tax and a special alternative minimum tax in the case of a nonresident alien individual). A non-U.S. corporate shareholder not entitled to treaty relief or exemption also may be subject to the 30% branch profits tax on distributions subject to FIRPTA. We must withhold 35% of any distribution that we could designate as a capital gain dividend. However, if we make a distribution and later designate it as a capital gain dividend, then (although such distribution may be taxable to a non-U.S. shareholder) it is not subject to withholding under FIRPTA. Instead, we must make-up the 35% FIRPTA withholding from distributions made after the designation, until the amount of distributions withheld at 35% equals the amount of the distribution designated as a capital gain dividend. A non-U.S. shareholder may receive a credit against its FIRPTA tax liability for the amount we withhold.

Distributions to a non-U.S. shareholder that we designate at the time of distribution as capital gain dividends which are not attributable to or treated as attributable to our disposition of a U.S. real property interest generally will not be subject to U.S. federal income taxation, except as described below under "-- Sale of Shares."

Sale of Shares. A non-U.S. shareholder generally will not incur tax under FIRPTA on gain from the sale of its common shares or Series A preferred shares as long as we are a "domestically controlled REIT." A "domestically controlled REIT" is a REIT in which at all times during a specified testing period non-U.S. persons held, directly or indirectly, less than 50% in value of the stock. We anticipate that we will continue to be a "domestically controlled REIT." In addition, a non-U.S. shareholder that owns, actually or constructively, 5% or less of our outstanding common shares or Series A preferred shares at all times during a specified testing period will not incur tax under FIRPTA if the common shares or Series A preferred shares are "regularly traded" on an established

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

securities market. If neither of these exceptions were to apply, the gain on the sale of the common shares or Series A preferred shares would be taxed under FIRPTA, in which case a non-U.S. shareholder would be taxed in the same manner as U.S. shareholders with respect to such gain (subject to applicable alternative minimum tax, a special alternative minimum tax in the case of nonresident alien individuals, and the possible application of the 30% branch profits tax in the case of non-U.S. corporations).

A non-U.S. shareholder will incur tax on gain not subject to FIRPTA if (1) the gain is effectively connected with the non-U.S. shareholder's U.S. trade or business, in which case the non-U.S. shareholder will be subject to the same treatment as U.S. shareholders with respect to such gain, or (2) the non-U.S. shareholder is a nonresident alien individual who was present in the U.S. for 183 days or more during the taxable year, in which case the non-U.S. shareholder will incur a 30% tax on his capital gains. Capital gains dividends not subject to FIRPTA will be subject to similar rules.

Backup Withholding. Backup withholding tax (which generally is withholding tax imposed at the rate of 30%, gradually decreasing to 28% in 2006, on certain payments to persons that fail to furnish certain

S-19

information under the United States information reporting requirements) and information reporting will generally not apply to distributions to a non-U.S. shareholder provided that the non-U.S. shareholder certifies under penalty of perjury that the shareholder is a non-U.S. shareholder, or otherwise establishes an exemption. As a general matter, backup withholding and information reporting will not apply to a payment of the proceeds of a sale of common shares or Series A preferred shares effected at a foreign office of a foreign broker. Information reporting (but not backup withholding) will apply, however, to a payment of the proceeds of a sale of common shares or Series A preferred shares by a foreign office of a broker that:

- is a U.S. person;
- derives 50% or more of its gross income for a specified three year period from the conduct of a trade or business in the U.S.;
- is a "controlled foreign corporation" (generally, a foreign corporation controlled by U.S. shareholders) for U.S. tax purposes; or
- is a foreign partnership, if at any time during its tax year, 50% or more of its income or capital interest is held by U.S. persons or if it is engaged in the conduct of a trade or business in the U.S.

Information reporting will not apply under these circumstances if the broker has documentary evidence in its records that the holder or beneficial owner is a non-U.S. shareholder and certain other conditions are met, or the shareholder otherwise establishes an exemption. Payment of the proceeds of a sale of common shares or Series A preferred shares effected at a U.S. office of a broker is subject to both backup withholding and information reporting unless the shareholder certifies under penalty of perjury that the shareholder is a non-U.S. shareholder, or otherwise establishes an exemption. Backup withholding is not an additional tax. A non-U.S. shareholder may obtain a refund of excess amounts withheld under the backup withholding rules by filing the appropriate claim for refund with the IRS.

OTHER TAX CONSEQUENCES

State and Local Taxes. We and/or you may be subject to state and local tax

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

in various states and localities, including those states and localities in which we or you transact business, own property or reside. The state and local tax treatment in such jurisdictions may differ from the federal income tax treatment described above. Consequently, you should consult your own tax advisor regarding the effect of state and local tax laws upon an investment in our securities.

TAX ASPECTS OF OUR INVESTMENTS IN OUR OPERATING PARTNERSHIP, THE SUBSIDIARY PARTNERSHIPS AND OUR TRSs

The following discussion summarizes certain federal income tax considerations applicable to our direct or indirect investments in the Operating Partnership and its subsidiary partnerships and our TRSs. The discussion does not cover state or local tax laws or any federal tax laws other than income tax laws.

Classification as Partnerships. Our tax counsel has opined, based on the provisions of the Partnership Agreement and the partnership agreements and operating agreements of the various subsidiary partnerships, certain factual assumptions and certain representations described in the opinion, that the Operating Partnership and the subsidiary partnerships will each be treated as a partnership and not as either an association taxable as a corporation for federal income tax purposes, or a "publicly traded partnership" taxable as a corporation. Unlike a ruling from the IRS, however, an opinion of counsel is not binding on the IRS or the courts, and no assurance can be given that the IRS will not challenge the status of the Operating Partnership and its subsidiary partnerships as partnerships for federal income tax purposes. If for any reason the Operating Partnership were taxable as a corporation rather than as a partnership for federal income tax purposes, we would fail to qualify as a REIT because we would not be able to satisfy the income and asset requirements. See "-- Taxation of the Company," above. In addition, any change in the Operating Partnership's status for tax purposes might be treated as a taxable event, in which case we might incur a tax liability without any related cash distributions. See "-- Taxation of the Company," above. Further, items of income and deduction for the Operating Partnership would not pass through to the respective partners, and the partners would be treated as shareholders for tax purposes. The Operating Partnership would be required to pay income tax at

S-20

regular corporate tax rates on its net income, and distributions to partners would constitute dividends that would not be deductible in computing the Operating Partnership's taxable income. Similarly, if any of the subsidiary partnerships were taxable as a corporation rather than as a partnership for federal income tax purposes, such treatment might cause us to fail to qualify as a REIT, and in any event such partnership's items of income and deduction would not pass through to its partners, and its net income would be subject to income tax at regular corporate rates.

Income Taxation of the Operating Partnership and its Partners. The partners of the Operating Partnership are subject to taxation. The Operating Partnership itself is not a taxable entity for federal income tax purposes. Rather, we are required to take into account our allocable share of the Operating Partnership's income, gains, losses, deductions and credits for any taxable year of the Operating Partnership ending during our taxable year, without regard to whether we have received or will receive any distribution from the Operating Partnership. The Operating Partnership's income, gains, losses, deductions and credits for any taxable year will include its allocable share of such items from its subsidiary partnerships.

Partnership Allocations. Although a partnership agreement generally will determine the allocation of income and losses among partners, such allocations

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

will be disregarded for tax purposes if they do not comply with the provisions of Section 704(b) of the Code and the Treasury regulations promulgated thereunder. If an allocation is not recognized for federal income tax purposes, the item subject to the allocation will be reallocated in accordance with the partners' interests in the partnership, which will be determined by taking into account all of the facts and circumstances relating to the economic arrangement of the partners with respect to such item. The Operating Partnership's allocations of taxable income, gain and loss are intended to comply with the requirements of Section 704(b) of the Code and the Treasury Regulations promulgated thereunder.

Tax Allocations With Respect to Contributed Properties. Pursuant to Section 704(c) of the Code, income, gain, loss and deduction attributable to appreciated or depreciated property that is contributed to a partnership in exchange for an interest in the partnership must be allocated in a manner such that the contributing partner is charged with, or benefits from, respectively, the unrealized gain or unrealized loss associated with the property at the time of the contribution. The amount of such unrealized gain or unrealized loss is generally equal to the difference between the fair market value of contributed property at the time of contribution and the adjusted tax basis of such property at the time of contribution (a "Book-Tax Difference"). Such allocations are solely for federal income tax purposes and do not affect the book capital accounts or other economic or legal arrangements among the partners. The Operating Partnership was formed by way of contributions of appreciated property and has received contributions of appreciated property since its formation. In general, the fair market value of the properties initially contributed to the Operating Partnership were substantially in excess of their adjusted tax bases. The Partnership Agreement requires that allocations attributable to each item of initially contributed property be made so as to allocate the tax depreciation available with respect to such property first to the partners other than the partner that contributed the property, to the extent of, and in proportion to, such partners' share of book depreciation, and then, if any tax depreciation remains, to the partner that contributed the property. Accordingly, the Operating Partnership's allocations of depreciation deductions allocable will not correspond exactly to the percentage interests of the partners. Upon the disposition of any item of initially contributed property, any gain attributable to an excess at such time of basis for book purposes over basis for tax purposes will be allocated for tax purposes to the contributing partner and, in addition, the Partnership Agreement provides that any remaining gain will be allocated for tax purposes to the contributing partners to the extent that tax depreciation previously allocated to the noncontributing partners was less than the book depreciation allocated to them. These allocations are intended to be consistent with Section 704(c) of the Code and with Treasury Regulations thereunder. The tax treatment of properties contributed to the Operating Partnership subsequent to its formation is expected generally to be consistent with the foregoing.

In general, the partners who contribute property to the Operating Partnership will be allocated depreciation deductions for tax purposes which are lower than such deductions would be if determined on a pro rata basis. In addition, in the event of the disposition of any of the contributed assets (including our properties) which have a Book-Tax Difference, all income attributable to such Book-Tax Difference will

S-21

generally be allocated to the contributing partners, including us, and each partner will generally be allocated only its share of capital gains attributable to appreciation, if any, occurring after the closing of any offering of securities hereunder. This will tend to eliminate the Book-Tax Difference over the life of the Operating Partnership. However, the special allocation rules of Section 704(c) do not always entirely eliminate the Book-Tax Difference on an

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

annual basis or with respect to a specific taxable transaction such as a sale. Thus, the carryover basis of the contributed assets in the hands the Operating Partnership will cause us to be allocated lower depreciation and other deductions, and possibly an amount of taxable income in the event of a sale of such contributed assets in excess of the economic or book income allocated to it as a result of such sale. This may cause us to recognize taxable income in excess of cash proceeds, which might adversely affect our ability to comply with the REIT distribution requirements. See "-- Requirements for REIT Qualification -- Distribution Requirements." The foregoing principles also apply in determining our earnings and profits for purposes of determining the portion of distributions taxable as dividend income. The application of these rules over time may result in a higher portion of distributions being taxed as dividends than would have occurred had we purchased the contributed assets at their agreed values.

Sale of the Operating Partnership's Property. Generally, any gain realized by the Operating Partnership on the sale of property held by the Operating Partnership for more than one year will be long-term capital gain, except for any portion of such gain that is treated as depreciation or cost recovery recapture. Any gain recognized by the Operating Partnership on the disposition of contributed properties will be allocated first to the partners of the Operating Partnership under Section 704(c) of the Code to the extent of their "built-in gain" on those properties for federal income tax purposes. The partners' "built-in gain" on the contributed properties sold will equal the excess of the partners' proportionate share of the book value of those properties over the partners' tax basis allocable to those properties at the time of the sale. Any remaining gain recognized by the Operating Partnership on the disposition of the contributed properties, and any gain recognized by the Operating Partnership on the disposition of the other properties, will be allocated among the partners in accordance with their respective percentage interests in the Operating Partnership.

Our share of any gain realized by the Operating Partnership on the sale of any property held by the Operating Partnership as inventory or other property held primarily for sale to customers in the ordinary course of the Operating Partnership's trade or business will be treated as income from a prohibited transaction that is subject to a 100% penalty tax. Under existing law, whether property is held as inventory or primarily for sale to customers in the ordinary course of the Operating Partnership's business is a question of fact that depends on all the facts and circumstances with respect to the particular transaction. The Operating Partnership intends to hold its properties for investment with a view to long-term appreciation, to engage in the business of acquiring, developing, owning and operating the properties, and to make such occasional sales of properties as are consistent with these investment objectives.

Taxation of the Residential Development Corporations and Other TRSs. A portion of the amounts to be used to fund distributions to shareholders is expected to come from the residential development corporations and other TRSs through dividends on stock thereof held by the Operating Partnership and interest on the residential development property mortgages held by the Operating Partnership. The residential development corporations and other TRSs will pay federal, state and local income taxes on their taxable incomes at normal corporate rates, which taxes will reduce the cash available for distribution by us to our shareholders. Any federal, state or local income taxes that the residential development corporations and other TRSs are required to pay will reduce the cash available for distribution by us to our shareholders.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

Subject to the terms and conditions of a purchase agreement dated April 22, 2002, Cohen & Steers Capital Management, Inc., on behalf of itself and as investment adviser to certain client accounts ("Cohen & Steers") has agreed to purchase, and we have agreed to sell to Cohen & Steers, the number of Series A preferred shares set forth on the cover page of this prospectus supplement. The purchase agreement provides that the obligations of Cohen & Steers to purchase the Series A preferred shares included in this offering are subject to the approval of certain legal matters by counsel and to certain other conditions.

Merrill Lynch, Pierce, Fenner & Smith Incorporated is acting as our placement agent, on a best efforts basis, in connection with the sale of our Series A preferred shares to Cohen & Steers, and Merrill Lynch will receive a placement agent fee of \$1,008,000. We have agreed to indemnify the placement agent against certain liabilities under the Securities Act of 1933, as amended, or contribute to payments that the placement agent may be required to make because of any of those liabilities.

The expenses of the offering, including the placement agent fee, are estimated at \$1,308,000 and are payable by us.

The placement agent and its affiliates have, from time to time, provided, and in the future, may provide, certain investment banking services to us and our affiliates, for which they have received, and in the future, would receive, customary fees.

LEGAL MATTERS

The validity of the Series A preferred shares offered by this prospectus supplement will be passed upon for us by Shaw Pittman LLP, a limited liability partnership including professional corporations. In addition, the description of federal income tax consequences contained herein under "Federal Income Tax Considerations" is, to the extent that it describes matters of law, summarizes legal matters or provides legal conclusions, based upon the opinion of Shaw Pittman LLP.

EXPERTS

The consolidated financial statements and schedule incorporated by reference in the accompanying prospectus have been audited by Arthur Andersen LLP, independent public accountants, as indicated in their report with respect thereto, and are incorporated by reference herein in reliance upon the authority of said firm as experts in giving said report.

S-23

PROSPECTUS

\$1,500,000,000

(CRESCENT LOGO)

PREFERRED SHARES, COMMON SHARES AND COMMON SHARE WARRANTS

We may from time to time offer, in one or more series, separately or together, the following:

- our preferred shares of beneficial interest;

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

- our common shares of beneficial interest; or
- warrants to purchase our common shares.

The aggregate initial public offering price of the securities that we may offer through this prospectus will be up to \$1,500,000,000.

We will offer our securities in amounts, at prices and on terms to be determined at the time we offer such securities. When we sell a particular series of securities, we prepare a prospectus supplement describing the offering and the terms of that series of securities.

SEE "RISK FACTORS" BEGINNING ON PAGE 3 FOR CERTAIN FACTORS RELEVANT TO AN INVESTMENT IN OUR SECURITIES.

Please read this prospectus and the applicable supplement carefully before you invest.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is complete or accurate. Any representation to the contrary is a criminal offense.

The date of this prospectus is April 22, 2002.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we, Crescent Real Estate Equities Company, filed with the Securities and Exchange Commission, which is also referred to in this prospectus supplement as the SEC or the Commission, using a "shelf" registration process. Under this shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings up to a total dollar amount of \$1.5 billion. This prospectus provides you with a general description of these securities. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about all of the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and the applicable prospectus supplement, together with additional information described under the heading "Where You Can Find More Information." The registration statement that contains this prospectus (including the exhibits to the registration statement) contains additional information about us and the securities offered under this prospectus. That registration statement can be read at the SEC's web site or at the SEC offices listed under the heading "Where You Can Find More Information."

References to "we," "us" or "our" refer to Crescent Real Estate Equities Company and, unless the context otherwise requires, Crescent Real Estate Equities Limited Partnership, which we refer to as the Operating Partnership. We conduct our business and operations through the Operating Partnership and these subsidiaries. The term "you" refers to a prospective investor. The sole general partner of the Operating Partnership is Crescent Real Estate Equities, Ltd., a wholly owned subsidiary of Crescent Real Estate Equities Company.

CAUTIONARY STATEMENTS CONCERNING FORWARD-LOOKING STATEMENTS

Our prospectus, including our documents incorporated herein by reference, contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Also, documents which we subsequently file with the SEC and are incorporated herein by reference will contain forward-looking statements. When we refer to forward-looking statements

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

or information, sometimes we use words such as "may," "will," "could," "should," "plan," "intend," "expect," "believe," "estimate," "anticipate" and "continue." In particular, the risk factors included or incorporated by reference in this prospectus describe forward-looking information. The risk factors address material risks known to us but are not all-inclusive, particularly with respect to possible future events. Other parts of, or documents incorporated by reference into, our prospectus may also include forward-looking information. Many events can occur that would cause our actual results to be different than those described. These factors include:

- Our inability, as the most significant secured and unsecured creditor of Crescent Operating, Inc., to obtain the confirmation of a proposed prepackaged bankruptcy plan of Crescent Operating that would bind all creditors and Crescent Operating shareholders;
- Our inability to successfully integrate the lessee interests in the resort/hotel properties and the voting interests in the residential development corporations and related entities that we acquired from Crescent Operating in transfers made in lieu of foreclosure, into our current business and operations;
- Our inability to distribute to our common shareholders shares of a new entity to purchase Crescent Operating's interest in AmeriCold Logistics, LLC, the tenant of our temperature-controlled logistics properties;
- Further deterioration or continued underperformance in the resort/business class hotel markets or in the market for residential land or luxury residences, which include single-family homes, townhomes and condominiums, or in the economy generally;
- Our ability, at our office properties, to timely lease unoccupied square footage and timely re-lease occupied square footage upon expiration on favorable terms, which may be adversely affected by

1

changes in real estate conditions (including rental rates and competition from other properties and new development of competing properties or a general downturn in the economy);

- Financing risks, such as the ability to generate revenue sufficient to service and repay existing or additional debt, the ability to meet applicable debt covenants, our ability to fund the share repurchase program, increases in debt service associated with increased debt and with variable-rate debt, and the ability to consummate financings and refinancings on favorable terms and within any applicable time frames;
- Continued adverse conditions in the temperature-controlled logistics business (including both industry-specific conditions and a general downturn in the economy) which may further jeopardize the ability of AmeriCold Logistics to pay rent;
- Adverse changes in the financial condition of existing tenants;
- The concentration of a significant percentage of our assets in Texas;
- Our ability to find acquisition and development opportunities which meet our investment strategy;
- The existence of complex regulations relating to our status as a real estate investment trust, or REIT, the effect of future changes in REIT

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

requirements as a result of new legislation and the adverse consequences of the failure to qualify as a REIT; and

- Other risks detailed from time to time in our filings with the SEC.

Given these uncertainties, readers are cautioned not to place undue reliance on these forward-looking statements. We also make no promise to update any of the forward-looking statements, or to publicly release the results if we revise any of them. You should carefully review the risks and the risk factors described under "Risk Factors" beginning on Page 3, as well as the other information in this prospectus before buying our securities.

CRESCENT REAL ESTATE EQUITIES COMPANY

GENERAL

We operate as a REIT for federal income tax purposes. We provide management, leasing and development services for some of our properties and conduct all of our business through our Operating Partnership and its subsidiaries. We are structured to facilitate and maintain our qualification as a REIT. This structure permits persons contributing properties (or interests in properties) to us to defer some or all of the tax liability that they otherwise might have incurred in connection with the sale of assets to us.

Our principal executive offices are located at 777 Main Street, Suite 2100, Fort Worth, Texas 76102, and our telephone number is (817) 321-2100. Our Web site address is www.cei-crescent.com. The information contained on our Web site is not a part of this prospectus.

As of December 31, 2001, our assets and operations were composed of four investment segments:

- Office Segment;
- Resort/Hotel Segment;
- Residential Development Segment; and
- Temperature-Controlled Logistics Segment.

Within these segments, we owned or had an interest in the following real estate assets as of December 31, 2001:

- the OFFICE SEGMENT consisted of 74 office properties located in 26 metropolitan submarkets in six states with an aggregate of approximately 28.0 million net rentable square feet;

2

- the RESORT/HOTEL SEGMENT consisted of five luxury and destination fitness resorts and spas with a total of 1,028 rooms/guest nights and four upscale business-class hotel properties with a total of 1,769 rooms;
- the RESIDENTIAL DEVELOPMENT SEGMENT consisted of our ownership of real estate mortgages and non-voting common stock representing interests ranging from 90% to 95% in five unconsolidated residential development corporations, which in turn, through joint venture or partnership arrangements, owned 21 upscale residential development properties; and
- the TEMPERATURE-CONTROLLED LOGISTICS SEGMENT consisted of our 40% interest in a general partnership which owns all of the common stock,

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

representing substantially all of the economic interest, of AmeriCold Corporation, a REIT which, as of December 31, 2001, directly or indirectly owned 89 temperature-controlled logistics properties with an aggregate of approximately 445.2 million cubic feet (17.7 million square feet) of warehouse space.

During the first quarter of 2002, we executed an agreement with Crescent Operating, pursuant to which Crescent Operating transferred to us, in lieu of foreclosure, Crescent Operating's lessee interests in the eight resort/hotel properties then leased to subsidiaries of Crescent Operating, the voting interests in three of our residential development corporations and other assets. We will fully consolidate the operations of the eight resort/hotel properties and the three residential development corporations as of the date of the transfers of these assets.

RISK FACTORS

Before you consider investing in our securities, you should be aware that there are risks in making this investment. You should carefully consider these risk factors together with all of the information included or incorporated by reference in this prospectus before you decide to invest in our securities. This section includes certain forward-looking statements.

WE DERIVE THE SUBSTANTIAL MAJORITY OF OUR OFFICE RENTAL REVENUES FROM GEOGRAPHICALLY CONCENTRATED MARKETS

As of December 31, 2001, approximately 77% of our office portfolio, based on total net rentable square feet, representing 63% of our total revenues for the year ended December 31, 2001, was located in the metropolitan areas of Dallas/Fort Worth and Houston, Texas. Due to our geographic concentration in these metropolitan areas, any deterioration in economic conditions in the Dallas/Fort Worth or Houston metropolitan areas, or in other geographic markets in which we in the future may acquire substantial assets, could adversely affect our results of operations and our ability to make distributions to our shareholders and decrease our cash flow. In addition, we compete for tenants based on rental rates, attractiveness and location of a property and quality of maintenance and management services. An increase in the supply of properties competitive with ours in these markets could have a material adverse effect on our ability to attract and retain tenants in these markets.

OUR PERFORMANCE AND VALUE ARE SUBJECT TO GENERAL RISKS ASSOCIATED WITH THE REAL ESTATE INDUSTRY

Our economic performance and the value of our real estate assets, and consequently the value of our investments, will be adversely affected if our office, resort/hotel, residential development and temperature-controlled logistics properties do not generate revenues sufficient to meet our operating expenses, including debt service and capital expenditures. Any reduction in the revenues that our properties generate will adversely affect our cash flow and ability to meet our obligations. As a real estate company, we are susceptible to the following real estate industry risks:

- downturns in the national, regional and local economic conditions where our properties are located;
- competition from other office, resort/hotel, residential development and temperature-controlled logistics properties;

- adverse changes in local real estate market conditions, such as

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

oversupply or reduction in demand for office space, resort/hotel space, luxury residences or temperature-controlled logistics storage space;

- changes in tenant preferences that reduce the attractiveness of our properties to tenants;
- tenant defaults;
- zoning or other regulatory restrictions;
- decreases in market rental rates;
- costs associated with the need to periodically repair, renovate and re-lease space;
- increases in the cost of maintenance, insurance and other operating costs, including real estate taxes, associated with one or more properties, which may occur even when circumstances such as market factors and competition cause a reduction in revenues from one or more properties; and
- illiquidity of real estate investments, which may limit our ability to vary our portfolio promptly in response to changes in economic or other conditions.

WE MAY EXPERIENCE DIFFICULTY OR DELAY IN RENEWING LEASES OR RE-LEASING SPACE

We derive most of our revenue directly or indirectly from rent received from our tenants. We are subject to the risks that, upon expiration, leases for space in our office properties may not be renewed, the space may not be re-leased, or the terms of renewal or re-lease, including the cost of required renovations or concessions to tenants, may be less favorable than current lease terms. In the event of any of these circumstances, our results of operations and our ability to meet our obligations could be adversely affected.

As of December 31, 2001, office properties with leases for approximately 3.9 million, 3.5 million and 4.3 million square feet, representing approximately 15%, 14% and 17% of net rentable area, expire in 2002, 2003 and 2004, respectively. During these same three years, leases of approximately 39% of the net rentable area of our office properties in Dallas and approximately 52% of the net rentable area of our office properties in Houston expire.

MANY REAL ESTATE COSTS ARE FIXED, EVEN IF INCOME FROM OUR PROPERTIES DECREASES

Our financial results depend primarily on leasing space in our office properties to tenants, renting rooms at our resorts and hotels and successfully developing and selling lots, single-family homes, condominiums, town homes and time-share units at our residential development properties, in each case on terms favorable to us. Costs associated with real estate investment, such as real estate taxes and maintenance costs, generally do not decrease even when a property is not fully occupied, or the rate of sales at a project decreases, or other circumstances cause a reduction in income from the investment.

As a result, cash flow from the operations of our office properties may be reduced if a tenant does not pay its rent. Under those circumstances, we might not be able to enforce our rights as landlord without delays, and we might incur substantial legal costs. The income from our office properties also may be reduced if tenants are unable to pay rent or we are unable to rent properties on favorable terms. Our income from our resorts and hotels may be reduced if we are unable to rent a sufficient number of rooms on favorable terms, and our income from our residential development properties may decrease if we are unable to sell the lots or other components of a particular residential development

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

project at the rates or on the terms we anticipated. Additionally, new properties that we may acquire or develop may not produce any significant revenue immediately, and the cash flow from existing operations may be insufficient to pay the operating expenses and debt service associated with that property until the property is fully leased.

WE MAY HAVE LIMITED FLEXIBILITY IN DEALING WITH OUR JOINTLY OWNED INVESTMENTS

Our organizational documents do not limit the amount of funds that we may invest in properties and assets jointly with other persons or entities. Approximately 12% of the net rentable area of our office properties

4

currently is held jointly with other persons or entities. In addition, as of December 31, 2001, all of our residential development corporations and our temperature-controlled logistics investments were owned jointly.

Joint ownership of properties may involve special risks, including the possibility that our partners or co-investors might become bankrupt, that those partners or co-investors might have economic or other business interests or goals which are unlike or incompatible with our business interests or goals, and that those partners or co-investors may be in a position to take action contrary to our suggestions or instructions, or in opposition to our policies or objectives. Joint ownership also gives a third party the opportunity to influence the return we can achieve on some of our investments and may adversely affect our results of operations and our ability to meet our obligations. In addition, in many cases we do not control the timing or amount of distributions that we receive from the joint investment, and amounts otherwise available for distribution to us instead may be reinvested in the property or used for other costs and expenses of the joint operation.

ACQUISITIONS AND NEW DEVELOPMENTS MAY FAIL TO PERFORM AS EXPECTED

We intend to focus our investment strategy on investment opportunities and markets considered "demand-driven," primarily within our office property segment, with a long-term strategy of acquiring properties at a cost significantly below that which would be required to develop a comparable property. Acquisition or development of properties entails risks that include the following, any of which could adversely affect our results of operations and our ability to meet our obligations:

- We may not be able to identify suitable properties to acquire or may be unable to complete the acquisition of the properties we select for acquisition.
- We may not be able to integrate new acquisitions into our existing operations successfully.
- Our estimate of the costs of improving, repositioning or redeveloping an acquired property may prove to be too low, and, as a result, the property may fail to meet our estimates of the profitability of the property, either temporarily or for a longer time.
- Office properties, resorts or hotels we acquire may fail to achieve the occupancy and rental or room rates we anticipate at the time we make the decision to invest in the properties, resulting in lower profitability than we expected in analyzing the properties.
- Our pre-acquisition evaluation of the physical condition of each new investment may not detect certain defects or necessary repairs until

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

after the property is acquired, which could significantly increase our total acquisition costs.

- Our investigation of a property or building prior to its acquisition, and any representations we may receive from the seller, may fail to reveal various liabilities, which could effectively reduce the cash flow from the property or building, or increase our acquisition cost.

WE MAY BE UNABLE TO SELL PROPERTIES WHEN APPROPRIATE BECAUSE REAL ESTATE INVESTMENTS ARE ILLIQUID

Real estate investments generally cannot be sold quickly. In addition, there are some limitations under federal income tax laws applicable to REITs that may limit our ability to sell assets. We may not be able to alter our portfolio promptly in response to changes in economic or other conditions. Our inability to respond quickly to adverse changes in the performance of our investments could have an adverse effect on our ability to meet our obligations.

WE MAY BE UNABLE TO INTEGRATE COPI'S RESORT/HOTEL AND RESIDENTIAL DEVELOPMENT SEGMENTS INTO OUR OPERATIONS SUCCESSFULLY

In the first quarter of 2002, in satisfaction of some of its outstanding debt and rental obligations to us, Crescent Operating transferred to us, in lieu of foreclosure, its lessee interests in eight resort/hotel properties that it leased from us, its voting interests in three of our residential development corporations, in which we already owned the nonvoting stock, and other assets. We will face significant challenges in integrating these hotel and Residential Development Segments of Crescent Operating into our Resort/Hotel and Residential

5

Development Segments in a timely and efficient manner. The integration will be complex and time-consuming. The consolidation of operations will require substantial attention from management. The diversion of management attention and any difficulties encountered in the transition and integration process, as well as any unanticipated and undisclosed liabilities, could adversely affect our results of operations and our ability to meet our obligations. In addition, if the transfers were challenged by Crescent Operating's shareholders or creditors or other claims are made, we could incur additional costs in protecting our position. These risks would increase if Crescent Operating's proposed prepackaged bankruptcy plan were not consummated.

THE REVENUES FROM OUR NINE RESORT/HOTEL PROPERTIES ARE SUBJECT TO RISKS ASSOCIATED WITH THE HOSPITALITY INDUSTRY

The following factors, among others, are common to the resort/hotel industry, and may reduce the receipts generated by our resort/hotel properties.

- Based on features such as access, location, quality of accommodations, room rate structure and, to a lesser extent, the quality and scope of other amenities such as food and beverage facilities, our resort/hotel properties compete for guests with other resorts and hotels, a number of which have greater marketing and financial resources than our lessees or the resort/hotel property managers.
- If there is an increase in operating costs resulting from inflation or other factors, we or the property managers may not be able to offset the increase by increasing room rates.
- Our resort/hotel properties are subject to fluctuating and seasonal demands for business travel and tourism.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

- Our resort/hotel properties are subject to general and local economic conditions that may affect the demand for travel in general and other factors that are beyond our control, such as acts of terrorism.

In addition, since September 11, 2001, our resort/hotel properties have experienced a decrease in occupancy, average rates and revenue per available room. For the year ended December 31, 2001, compared to the year ended December 31, 2000, the weighted average occupancy of our hotels decreased approximately 6%, the average daily rate decreased approximately 3%, revenue per available room decreased approximately 6% and same-store net operating income decreased by an average of 16%. Military actions against terrorists, new terrorist attacks (actual or threatened) and other political events could cause a lengthy period of uncertainty that might increase customer reluctance to travel and therefore adversely affect our results of operations and our ability to meet our obligations.

THE REVENUES FROM OUR NINE RESORT/HOTEL PROPERTIES, EVEN AFTER THE ACQUISITION OF CRESCENT OPERATING'S HOTEL OPERATIONS, DEPEND ON THIRD-PARTY OPERATORS THAT WE DO NOT CONTROL

We own nine resort/hotel properties, eight of which are leased to our own subsidiaries. We currently lease the remaining resort/hotel property, the Omni Austin Hotel, to a third-party entity, HCD Austin Corporation. To maintain our status as a REIT, third-party property managers manage each of the nine resort/hotel properties. As a result, we are unable to directly implement strategic business decisions with respect to the operation and marketing of our resort/hotel properties, such as decisions about quality of accommodations, room rate structure and the quality and scope of other amenities such as food and beverage facilities and similar matters. The amount of revenue that we receive from the resort/hotel properties is dependent on the ability of the property managers to maintain and increase the gross receipts from these properties. Although we consult with the managers with respect to strategic business plans, the managers are under no obligation to implement any of our recommendations with respect to these matters. If the gross receipts of our resort/hotel properties decline, our revenues will decrease as well, which could adversely affect our results of operations and reduce the amount of cash available to meet our obligations.

6

THE PERFORMANCE OF OUR RESIDENTIAL DEVELOPMENT PROPERTIES IS AFFECTED BY NATIONAL, REGIONAL AND LOCAL ECONOMIC CONDITIONS

Our residential development properties, which include The Woodlands and Desert Mountain, are generally targeted toward purchasers of high-end primary residences or seasonal secondary residences. As a result, the economic performance and value of these properties is particularly sensitive to changes in national, regional and local economic and market conditions. Economic downturns may discourage potential customers from purchasing new, larger primary residences or vacation or seasonal homes. In addition, other factors may affect the performance and value of a property adversely, including changes in laws and governmental regulations (including those governing usage, zoning and taxes), changes in interest rates (including the risk that increased interest rates may result in decreased sales of lots in any residential development property) and the availability to potential customers of financing. Adverse changes in any of these factors, each of which is beyond our control, could reduce the income that we receive from the properties, and adversely affect our ability to meet our obligations.

WE DO NOT CONTROL OUR TEMPERATURE-CONTROLLED LOGISTICS PROPERTIES, AND THE LESSEE MAY BE UNABLE TO MEET ALL OF ITS RENT OBLIGATIONS

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

We own a 40% interest in the temperature-controlled logistics partnership that owns AmeriCold Corporation, which in turn directly or indirectly owns our temperature-controlled logistics properties. The temperature-controlled logistics properties are operated by, and leased to, AmeriCold Logistics, LLC, which is indirectly owned 60% by Vornado Operating, Inc. and 40% by COPI Cold Storage L.L.C. We have no ownership interest in AmeriCold Logistics and, thus, do not have the authority to control the management or operation of our temperature-controlled logistics properties.

Pursuant to the leases, AmeriCold Logistics may elect to defer a portion of the rent for our temperature-controlled logistics properties for up to three years beginning on March 12, 1999, to the extent that available cash, as defined in the leases, is insufficient to pay such rent. The leases were amended on February 22, 2001 to extend the rent deferral period to December 31, 2003. Through December 31, 2001, AmeriCold Logistics had deferred approximately \$49.9 million of rent, of which our portion was approximately \$19.8 million. In December 2001, the temperature-controlled logistics partnership, as lessor, waived its rights to collect \$39.8 million of the \$49.9 million of deferred rent, of which our share was \$15.9 million. The remaining deferred rent, or rent payable in the future, may not be paid in full on a timely basis.

We cannot assure you that AmeriCold Logistics will operate our temperature-controlled logistics properties in a manner which will enable it to meet its ongoing rental obligations to us. In the event that AmeriCold Logistics is unable to make its rental payments, our cash flow would be adversely affected, which could affect our results of operations and our ability to meet our obligations.

THE AMOUNT OF DEBT THAT WE HAVE AND THE RESTRICTIONS IMPOSED BY THAT DEBT COULD ADVERSELY AFFECT OUR BUSINESS AND OUR FINANCIAL CONDITION

We have a substantial amount of debt. As of December 31, 2001, we had approximately \$2.2 billion of consolidated debt outstanding, of which approximately \$1.5 billion was secured by approximately 32% of our gross total assets. In addition, as a result of our acquisition of Crescent Operating's lessee interests in eight resort/hotel properties then leased to subsidiaries of Crescent Operating, the voting interests in three of our residential development corporations and other assets, we are now required to consolidate an additional approximately \$166.0 million of debt.

Our organizational documents do not limit the level or amount of debt that we may incur. We do not have a policy limiting the ratio of our debt to our total capitalization or assets. The amount of debt we have and may have outstanding could have important consequences to you. For example, it could:

- make it difficult to satisfy our debt service requirements;
- prevent us from making distributions on our outstanding common shares and preferred shares;

7

- require us to dedicate a substantial portion of our cash flow from operations to payments on our debt, thereby reducing funds available for operations, property acquisitions and other appropriate business opportunities that may arise in the future;
- require us to dedicate increased amounts of our cash flow from operations to payments on our variable rate, unhedged debt if interest rates rise;

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

- limit our flexibility in planning for, or reacting to, changes in our business and the factors that affect the profitability of our business;
- limit our ability to obtain additional financing, if we need it in the future for working capital, debt refinancing, capital expenditures, acquisitions, development or other general corporate purposes;
- increase the adverse effect on our available cash flow from operations that may result from changes in conditions in the economy in general and in the areas in which our properties are located; and
- limit our flexibility in conducting our business, which may place us at a disadvantage compared to competitors with less debt.

Our ability to make scheduled payments of the principal of, to pay interest on, or to refinance, our indebtedness will depend on our future performance, which to a certain extent is subject to economic, financial, competitive and other factors beyond our control. There can be no assurance that our business will continue to generate sufficient cash flow from operations in the future to service our debt or meet our other cash needs. If we are unable to do so, we may be required to refinance all or a portion of our existing debt, or to sell assets or obtain additional financing. We cannot assure you that any such refinancing, sale of assets or additional financing would be possible on terms that we would find acceptable.

If we were to breach certain of our debt covenants, our lenders could require us to repay the debt immediately, and, if the debt is secured, could immediately take possession of the property securing the loan. In addition, if any other lender declared its loan due and payable as a result of a default, the holders of our public and private notes, along with the lenders under our credit facility, might be able to require that those debts be paid immediately. As a result, any default under our debt covenants could have an adverse effect on our financial condition, results of operations and our ability to meet our obligations.

WE ARE OBLIGATED TO COMPLY WITH FINANCIAL AND OTHER COVENANTS IN OUR DEBT THAT COULD RESTRICT OUR OPERATING ACTIVITIES, AND THE FAILURE TO COMPLY COULD RESULT IN DEFAULTS THAT ACCELERATE THE PAYMENT UNDER OUR DEBT

Our secured debt generally contains customary covenants, including, among others, provisions:

- relating to the maintenance of the property securing the debt;
- restricting our ability to pledge assets or create other liens;
- restricting our ability to incur additional debt;
- restricting our ability to amend or modify existing leases; and
- restricting our ability to enter into transactions with affiliates.

Our unsecured debt generally contains various restrictive covenants. The covenants in our unsecured debt include, among others, provisions restricting our ability to:

- incur additional debt;
- incur additional secured debt and subsidiary debt;
- make certain distributions, investments and other restricted payments, including distribution payments on our or our subsidiaries' outstanding

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

common and preferred equity;

- limit the ability of restricted subsidiaries to make payments to us;

8

- enter into transactions with affiliates;
- create certain liens;
- sell assets;
- enter into certain sale-leaseback transactions; and
- consolidate, merge or sell all or substantially all of our assets.

In addition, certain covenants in our bank facilities require us and our subsidiaries to maintain certain financial ratios.

Any of the covenants described in this risk factor may restrict our operations and our ability to pursue potentially advantageous business opportunities. Our failure to comply with these covenants could also result in an event of default that, if not cured or waived, could result in the acceleration of all or a substantial portion of our debt.

RISING INTEREST RATES COULD ADVERSELY AFFECT OUR CASH FLOW AND THE MARKET PRICE OF OUR OUTSTANDING DEBT SECURITIES AND PREFERRED SHARES

Of our approximately \$2.2 billion of debt outstanding as of December 31, 2001, approximately \$300 million bears interest at variable rates and is unhedged. We also may borrow additional funds at variable interest rates in the future, and we have entered, and in the future may enter, into other transactions to limit its exposure to rising interest rates. Increases in interest rates, or the loss of the benefits of any interest rate hedging arrangements, would increase our interest expense on our variable rate debt, which would adversely affect cash flow and our ability to service our debt and meet our obligations. In addition, an increase in market interest rates may lead purchasers of our securities to demand a higher annual yield, which could adversely affect the market price of our outstanding debt securities and preferred shares.

THE NUMBER OF SHARES AVAILABLE FOR FUTURE SALE COULD ADVERSELY AFFECT THE MARKET PRICE OF OUR PUBLICLY TRADED SECURITIES

We have entered into various private placement transactions whereby units and limited partnership interests in our Operating Partnership were issued in exchange for properties or interests in properties. These units and interests are currently exchangeable for our common shares on the basis of two shares for each one unit or, at our option, an equivalent amount of cash. Upon exchange for our common shares, those common shares may be sold in the public market pursuant to registration rights. As of December 31, 2001, approximately 6,594,521 units were outstanding, which were exchangeable for 13,189,042 of our common shares or, at our option, an equivalent amount of cash. In addition, as of December 31, 2001, the Operating Partnership had outstanding options to acquire approximately 1,197,143 units, of which 882,857 options were exercisable at a weighted average exercise price of \$18.00 with a weighted average remaining contractual life of 4.8 years. We have also reserved a number of common shares for issuance pursuant to our employee benefit plans, and such common shares will be available for sale from time to time. As of December 31, 2001, we had outstanding options to acquire approximately 6,975,334 common shares, of which approximately 3,126,684 options were exercisable at a weighted average exercise price of \$24.00, with a

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

weighted average remaining contractual life of seven years. Our employees may also participate in an employee stock purchase plan that allows them to purchase up to 1,000,000 newly issued common shares. We cannot predict the effect that future sales of common shares, or the perception that such sales could occur, will have on the market prices of our equity securities.

ENVIRONMENTAL PROBLEMS ARE POSSIBLE AND MAY BE COSTLY

Under various federal, state and local laws, ordinances and regulations, we may be required to investigate and clean up certain hazardous or toxic substances released on or in properties we own or operate, and also may be required to pay other costs relating to hazardous or toxic substances. This liability may be imposed without regard to whether we knew about the release of these types of substances or were responsible for their

9

release. The presence of contamination or the failure to remediate properly contamination at any of our properties may adversely affect our ability to sell or lease those properties or to borrow using those properties as collateral. The costs or liabilities could exceed the value of the affected real estate. We have not been notified by any governmental authority, however, of any environmental non-compliance, liability or other environmental claim in connection with any of our properties, and we are not aware of any other environmental condition with respect to any of our properties that management believes would have a material adverse effect on our business, assets or results of operations taken as a whole.

The uses of any of our properties prior to our acquisition of the property and the building materials used at the property are among the property-specific factors that will affect how the environmental laws are applied to our properties. In general, before we purchased each of our properties, independent environmental consultants conducted Phase I environmental assessments, which generally do not involve invasive techniques such as soil or ground water sampling, and where indicated, based on the Phase I results, conducted Phase II environmental assessments which do involve this type of sampling. None of these assessments revealed any materially adverse environmental condition relating to any particular property not previously known to us. We believe that all of those previously known conditions either have been remediated or are in the process of being remediated at this time. There can be no assurance, however, that environmental liabilities have not developed since these environmental assessments were prepared or that future uses or conditions (including changes in applicable environmental laws and regulations) or new information about previously unidentified historical conditions will not result in the imposition of environmental liabilities. If we are subject to any material environmental liabilities, the liabilities could adversely affect our results of operations and our ability to meet our obligations.

COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT COULD BE COSTLY

Under the Americans with Disabilities Act of 1990, all public accommodations and commercial facilities must meet certain federal requirements related to access and use by disabled persons. Compliance with the ADA requirements could involve removal of structural barriers from certain disabled persons' entrances. Other federal, state and local laws may require modifications to or restrict further renovations of our properties with respect to such accesses. Although we believe that our properties are substantially in compliance with present requirements, noncompliance with the ADA or related laws or regulations could result in the United States government's imposition of fines or in the award to private litigants of damages against us. Costs such as these, as well as the general costs of compliance with these laws or

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

regulations, may adversely affect our ability to meet our obligations.

DEVELOPMENT AND CONSTRUCTION RISKS COULD ADVERSELY AFFECT OUR PROFITABILITY

We currently are developing, expanding or renovating some of our office or resort/hotel properties and may in the future engage in these activities for other properties we own. In addition, our residential development properties engage in the development of raw land and construction of single-family homes, condominiums, town homes and time-share units. These activities may be exposed to the following risks, each of which could adversely affect our results of operations and our ability to meet our obligations.

- We may be unable to obtain, or suffer delays in obtaining, necessary zoning, land-use, building, occupancy and other required governmental permits and authorizations, which could result in increased costs or our abandonment of these activities.
- We may incur costs for development, expansion or renovation of a property which exceed our original estimates due to increased costs for materials or labor or other costs that were unexpected.
- We may not be able to obtain financing with favorable terms, which may make us unable to proceed with our development and other related activities on the schedule we originally planned or at all.
- We may be unable to complete construction and sale or lease-up of a lot, office property or residential development unit on schedule, which could result in increased debt service expense or construction costs.

10

Additionally, the time frame required for development, construction and lease-up of these properties means that we may have to wait a few years for a significant cash return. As a REIT, we are required to make cash distributions to our shareholders. If our cash flow from operations are not sufficient, we may be forced to borrow to fund these distributions, which could affect our ability to meet our other obligations.

COMPETITION FOR ACQUISITIONS MAY RESULT IN INCREASED ACQUISITION COSTS

We plan to make select additional investments from time to time in the future and may compete for available investment opportunities with entities that have greater liquidity or financial resources. Several real estate companies may compete with us in seeking properties for acquisition or land for development and prospective tenants, guests or purchasers. This competition may increase the costs of any acquisitions that we make and adversely affect our results of operations and our ability to meet our obligations by:

- reducing the number of suitable investment opportunities offered to us; and
- increasing the bargaining power of property owners.

In addition, if a competitor succeeds in making an acquisition in a market in which our properties compete, ownership of that investment by a competitor may adversely affect our results of operations and our ability to meet our obligations by:

- interfering with our ability to attract and retain tenants, guests or purchasers; and

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

- adversely affecting our ability to minimize expenses of operation.

WE ARE DEPENDENT ON OUR KEY PERSONNEL WHOSE CONTINUED SERVICE IS NOT GUARANTEED

To a large extent we are dependent on our executive officers, particularly John C. Goff, Vice Chairman of our Board of Trust Managers and our Chief Executive Officer, and we also depend on Richard E. Rainwater, Chairman of our Board of Trust Managers for strategic business direction and real estate experience. While we believe that we could find replacements for our key personnel, loss of their services could adversely affect our operations. We do not have key man life insurance for our executive officers.

OUR INSURANCE COVERAGE ON OUR PROPERTIES MAY BE INADEQUATE

We currently carry comprehensive insurance on all of our properties, including insurance for liability, fire and flood. We believe this coverage is of the type and amount customarily obtained for or by an owner of real property assets. We intend to obtain similar insurance coverage on subsequently acquired properties. Our existing insurance policies expire in October 2002.

As a consequence of the September 11, 2001 terrorist attacks, we may be unable to renew or duplicate our current insurance coverage in adequate amounts or at reasonable prices. In addition, insurance companies may no longer offer coverage against certain types of losses, such as losses due to terrorist acts and toxic mold, or, if offered, the expense of obtaining these types of insurance may not be justified. We therefore may cease to have insurance coverage against certain types of losses and/or there may be decreases in the limits of insurance available. If an uninsured loss or a loss in excess of our insured limits occurs, we could lose all or a portion of the capital we have invested in a property, as well as the anticipated future revenue from the property, but still remain obligated for any mortgage debt or other financial obligations related to the property. We cannot guarantee that material losses in excess of insurance proceeds will not occur in the future. If any of our properties were to experience a catastrophic loss, it could seriously disrupt our operations, delay revenue and result in large expenses to repair or rebuild the property. Also, due to inflation, changes in codes and ordinances, environmental considerations and other factors, it may not be feasible to use insurance proceeds to replace a building after it has been damaged or destroyed. Events such as these could adversely affect our results of operations and our ability to meet our obligations.

11

FAILURE TO QUALIFY AS A REIT WOULD CAUSE US TO BE TAXED AS A CORPORATION, WHICH WOULD SUBSTANTIALLY REDUCE FUNDS AVAILABLE FOR PAYMENT OF DISTRIBUTIONS

We intend to continue to operate in a manner that allows us to meet the requirements for qualification as a REIT under the Internal Revenue Code of 1986, as amended, which we refer to as the Code. A REIT generally is not taxed at the corporate level on income it distributes to its shareholders, as long as it distributes at least 90 percent of its income to its shareholders annually and satisfies certain other highly technical and complex requirements. Unlike many REITs, which tend to make only one or two types of real estate investments, we invest in a broad range of real estate products. Several of our investments also are more complicated than those of other REITs. As a result, we are likely to encounter a greater number of interpretative issues under the REIT qualification rules, and more issues which lack clear guidance, than are other REITs. We, as a matter of policy, consult with outside tax counsel in structuring our new investments in an effort to satisfy the REIT qualification rules. Shaw Pittman LLP, our tax counsel, has given us an opinion stating that we qualified as a REIT under the Internal Revenue Code for taxable years ending

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

on or before December 31, 2001, that we are organized in conformity with the requirements for qualification as a REIT under the Code and that our current and proposed method of operation will permit us to continue to meet the requirements for qualification and taxation as a REIT for our current and future taxable years. This opinion is based on representations made by us as to factual matters, opinions of other law firms and on existing law, which is subject to change, both retroactively and prospectively, and to possibly different interpretations. Shaw Pittman LLP's opinion also is not binding on either the Internal Revenue Service or the courts.

We must meet the requirements of the Code in order to qualify as a REIT now and in the future, so it is possible that we will not continue to qualify as a REIT in the future. The laws and regulations governing federal income taxation are the subject of frequent review and amendment, and proposed or contemplated changes in the laws or regulations may affect our ability to qualify as a REIT and the manner in which we conduct our business. If we fail to qualify as a REIT for federal income tax purposes, we would not be allowed a deduction for distributions to our shareholders in computing taxable income and would be subject to federal income tax at regular corporate rates. In addition to these taxes, we may be subject to the federal alternative minimum tax. Unless we are entitled to relief under certain statutory provisions, we could not elect to be taxed as a REIT for four taxable years following any year during which we were first disqualified. Therefore, if we lose our REIT status, we could be required to pay significant income taxes, which would reduce our funds available for investments or for distributions to our shareholders. This would likely adversely affect the value of your investment in us. In addition, we would no longer be required by law or our operating agreements to make any distributions to our shareholders.

PROVISIONS OF OUR DECLARATION OF TRUST AND BYLAWS COULD INHIBIT CHANGES IN CONTROL OR DISCOURAGE TAKEOVER ATTEMPTS BENEFICIAL TO OUR SHAREHOLDERS

Certain provisions of our declaration of trust and bylaws may delay or prevent either a change in our control or another transaction that could provide our shareholders with a premium over the then-prevailing market price of our common shares or which might otherwise be in the best interest of our security holders. These include a staggered Board of Trust Managers, which makes it more difficult for a third party to gain control of our Board, and the ownership limit described below. In addition, any future series of preferred shares may have certain voting provisions that could delay or prevent a change of control or other transaction that might involve a premium price or otherwise be beneficial to our security holders. The declaration of trust also establishes special requirements with respect to "business combinations," including certain issuances of equity securities, between us and an "interested shareholder," and mandates procedures for obtaining voting rights with respect to "control shares" acquired in a control share acquisition.

YOUR OWNERSHIP OF OUR SHARES IS SUBJECT TO LIMITATION FOR REIT TAX PURPOSES

To remain qualified as a REIT for federal income tax purposes, not more than 50% in value of our outstanding shares may be owned, directly or indirectly, by five or fewer individuals (as defined in the federal income tax laws applicable to REITs) at any time during the last half of any taxable year, and our outstanding shares must be beneficially owned by 100 or more persons at least 335 days of a taxable year. To facilitate

12

maintenance of our REIT qualification, our declaration of trust, subject to certain exceptions, prohibits ownership by any single shareholder of more than 8.0% of our issued and outstanding common shares or such greater percentage as established by our Board of Trust Managers, but in no event greater than 9.9%,

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

or more than 9.9% of our issued and outstanding preferred shares. We refer to these limits together as the "ownership limit." In addition, the declaration of trust prohibits ownership by Richard E. Rainwater, the Chairman of our Board of Trust Managers, together with certain of his affiliates or relatives, initially, of more than 8.0% and subsequently, of more than 9.5% of our issued and outstanding common shares. We refer to this limit as the "Rainwater ownership limit." Any transfer of shares may be null and void if it causes a person to violate the ownership limit, or Mr. Rainwater, together with his affiliates and relatives, to violate the Rainwater ownership limit, and the intended transferee or holder will acquire no rights in the shares. Those shares will automatically convert into excess shares, and the shareholder's rights to distributions and to vote will terminate. The shareholder would have the right to receive payment of the purchase price for such excess shares and certain distributions upon our liquidation. Excess shares will be subject to repurchase by us at our election. While the ownership limit and the Rainwater ownership limit help preserve our status as a REIT, they could also delay or prevent any person or small group of persons from acquiring, or attempting to acquire, control of us and, therefore, could adversely affect our shareholders' ability to realize a premium over the then-prevailing market price for their shares.

USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement, we will invest, contribute or otherwise transfer the net proceeds of a sale of securities to the Operating Partnership. The Operating Partnership will use the net proceeds from the sale of securities for one or more of the following:

- repayment of indebtedness;
- acquisition and development of additional properties;
- other acquisition transactions;
- repurchase our securities or securities of one of our subsidiaries;
- improvements to properties; and
- general business purposes.

RATIO OF EARNINGS TO FIXED CHARGES AND PREFERRED SHARE DIVIDENDS

The ratio of combined fixed charges and preferred share dividends to earnings for the fiscal years ended December 31, 2001, 2000, 1999, 1998 and 1997, are .97, 2.11, 1.00, 2.00, and 2.45, respectively. The ratio of fixed charges and preferred share dividends to earnings is computed by dividing earnings by fixed charges. For this purpose, earnings consist of income before minority interest, extraordinary item, interest expense and amortization of deferred financing costs and after preferred dividend requirements of one of our subsidiaries. Fixed charges consist of interest expense, capitalized interest, amortization of deferred financing costs preferred dividends and preferred dividend requirements of one of our subsidiaries.

DESCRIPTION OF COMMON SHARES

GENERAL

Our declaration of trust authorizes the Board of Trust Managers to issue up to 250,000,000 common shares, par value \$0.01 per share, and 350,000,000 excess shares, par value \$0.01 per share, issuable in exchange for common shares as described below at "-- Ownership Limits and Restrictions on Transfer." The common shares are listed on the New York Stock Exchange under the symbol "CEI." As of December 31, 2001, there were 119,094,222 common shares issued and

outstanding.

13

Subject to any preferential rights that the Board of Trust Managers grants in connection with the future issuance of preferred shares, holders of common shares are entitled to one vote per share on all matters to be voted on by shareholders. Matters submitted for shareholder approval generally require a majority vote of the shares present and voting thereon.

Holders of common shares are entitled to receive ratably any distributions that the Board of Trust Managers, in its discretion, declares on the common shares. In the event of our liquidation, dissolution or winding up, holders of common shares are entitled to share ratably in all assets remaining after payment of all debts and other liabilities and any liquidation preference of the holders of preferred shares.

Holders of common shares do not have subscription, redemption, conversion or preemptive rights.

OWNERSHIP LIMITS AND RESTRICTIONS ON TRANSFER

For us to qualify as a REIT under the Code:

- not more than 50% in value of outstanding equity securities of all classes, or equity shares, may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year,
- the equity shares must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year, and
- certain percentages of our gross income must come from certain activities.

To ensure that five or fewer individuals do not own more than 50% in value of the outstanding equity shares, our declaration of trust provides that no holder may own, or be deemed to own by virtue of certain attribution provisions of the Code:

- more than 8.0% of the issued and outstanding common shares or such greater percentage of the outstanding common shares as the Board of Trust Managers may establish, but in no event greater than 9.9% of the outstanding common shares, which we refer to as the Common Shares Ownership Limit, or
- more than 9.9% of the issued and outstanding shares of any series of preferred shares, which we refer to as the Preferred Shares Ownership Limit.

However, Mr. Rainwater, the Chairman of the Board of Trust Managers, and certain related persons, whom we refer to as the Rainwater Holder, together may own, or be deemed to own by virtue of certain attribution provisions of the Code, initially, up to 8.0%, and subsequently, such other percentage of the outstanding common shares as the Board of Trust Managers may establish, but in no event greater than 9.5%, which we refer to as the Rainwater Ownership Limit, of the issued and outstanding common shares. Together, the Common Shares Ownership Limit and the Preferred Shares Ownership Limit are referred to as the Ownership Limit.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

The Board of Trust Managers, upon receipt of a ruling from the Internal Revenue Service, an opinion of counsel, or other evidence satisfactory to the Board of Trust Managers, in its sole discretion, may waive or change, in whole or in part, the application of the Ownership Limit with respect to any person that is not an individual (as defined in Section 542(a)(2) of the Code). In connection with any such waiver or change, the Board of Trust Managers may require certain representations and undertakings from such person or affiliates and may impose such other conditions as the Board of Trust Managers deems necessary, advisable or prudent to determine the effect, if any, of the proposed transaction or ownership of equity shares on our status as a REIT for federal income tax purposes.

14

In addition, the Board of Trust Managers, from time to time, may increase the Common Shares Ownership Limit, except that:

- the Common Shares Ownership Limit may not be increased and no additional limitations may be created if, after giving effect such increase or limitations, we would be "closely held" within the meaning of Section 856(h) of the Code, and
- the Common Shares Ownership Limit may not be increased to a percentage that is greater than 9.9%.

Under our declaration of trust, the Preferred Shares Ownership Limit may not be increased to a percentage that is greater than 9.9% and the Rainwater Ownership Limit may not be increased to a percentage that is greater than 9.5%. The Board of Trust Managers may reduce the Rainwater Ownership Limit, with the written consent of Mr. Rainwater, after the occurrence of any transfer permitted by the declaration of trust. Prior to any modification of the Ownership Limit or the Rainwater Ownership Limit, the Board of Trust Managers will have the right to require such opinions of counsel, affidavits, undertakings or agreements as it may deem necessary, advisable or prudent, in its sole discretion, in order to determine or ensure our status as a REIT.

Under our declaration of trust, the Ownership Limit will not be automatically removed even if:

- the REIT provisions of the Code are changed so that they no longer contain any ownership concentration limitation, or
- the ownership concentration limit is increased.

In addition to preserving our status as a REIT for federal income tax purposes, the Ownership Limit may prevent any person or small group of persons from acquiring control of the company.

Our declaration of trust also provides that an issuance, transfer or acquisition of equity shares will be null and void to the intended transferee or holder, and the intended transferee or holder will acquire no rights to the shares, if the issuance, transfer or acquisition:

- would result in a holder beneficially or constructively owning common shares or preferred shares in excess of the Ownership Limit,
- would result in the Rainwater Holder beneficially or constructively owning common shares in excess of the Rainwater Ownership Limit or preferred shares in excess of the Preferred Ownership Limit,
- would cause us to be beneficially owned by less than 100 persons,

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

- would result in our being "closely held" within the meaning of Section 856(h) of the Code,
- would result in our owning an interest in a tenant and failing to satisfy any of the gross income requirements of Section 856(c) of the Code, or
- would otherwise result in our failing to qualify as a REIT for federal income tax purposes.

Pursuant to our declaration of trust, equity shares that are owned, transferred or proposed to be transferred in excess of the Ownership Limit, or that would otherwise jeopardize our status as a REIT under the Code, will automatically be converted to excess shares. A holder of excess shares is not entitled to distributions, voting rights and other benefits with respect to such shares, except the right to payment of the purchase price for the shares and the right to certain distributions upon liquidation. Any dividend or distribution paid to a proposed transferee on excess shares pursuant to our declaration of trust will be required to be repaid to us upon demand. Excess shares will be subject to repurchase by us at our election.

The purchase price of any excess shares will be equal to the lesser of (i) the price in such proposed transaction, or (ii) the average, for the 10 trading days immediately preceding the date on which we or our

15

designee determines to exercise our repurchase right, of the last sale price or the average of the closing bid and asked prices of one of the following:

- if the shares are then listed on the New York Stock Exchange, the last sales price of such shares,
- if the shares are not then so listed, such price for the shares on the principal exchange (including the Nasdaq National Market) on which such shares are listed,
- if the shares are not then listed on a national securities exchange, the latest quoted price for the shares,
- if not quoted, the average of the high bid and low asked prices if the shares are then traded over-the-counter, as reported by the Nasdaq Stock Market,
- if such system is no longer in use, the principal automated quotation system then in use,
- if the shares are not quoted on such system, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the shares, or
- if there is no such market maker or such closing prices otherwise are unavailable, the fair market value as of such day, as determined by the Board of Trust Managers in good faith.

Our declaration of trust also establishes certain restrictions relating to transfers of any exchange shares that may be issued. If any legal decision, statute, rule or regulation declares these transfer restrictions void or invalid, then we will have the option to deem the intended transferee of any excess shares to have acted as an agent on our behalf in acquiring such excess shares and to hold such excess shares on our behalf.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

Under our declaration of trust, we have the authority at any time to waive the requirement that excess shares be issued or be deemed outstanding in accordance with the provisions of the declaration of trust if the issuance of such excess shares or the fact that such excess shares are deemed to be outstanding would, in the opinion of nationally recognized tax counsel, jeopardize our status as a REIT for federal income tax purposes.

All certificates that we issue representing equity shares will bear a legend referring to the restrictions described above.

Our declaration of trust also provides that all persons who own, directly or by virtue of the attribution provisions of the Code, more than 5.0% of the outstanding equity shares (or such lower percentage as may be set by the Board of Trust Managers), must file an affidavit with us containing information specified in our declaration of trust no later than January 31 of each year. In addition, each shareholder, upon demand, must disclose to us in writing information regarding the direct, indirect and constructive ownership of shares as the trust managers deem necessary to comply with the REIT provisions of the Code or to comply with the requirements of an authority or governmental agency.

The ownership limitations described above may have the effect of precluding acquisitions of control of the company by a third party.

REGISTRAR AND TRANSFER AGENT

The registrar and transfer agent for the common shares is Equiserve Trust Company, N.A.

DESCRIPTION OF COMMON SHARE WARRANTS

We may issue common share warrants for the purchase of common shares. Common share warrants may be issued independently or together with any other securities offered by any prospectus supplement and may be attached to or separate from such other securities. Each series of common share warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent specified in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the common share warrants of such series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of common share warrants.

16

The following sections summarize certain general terms and provisions of the common share warrants offered by this prospectus. Further terms of the common share warrants and the applicable warrant agreements will be set forth in the applicable prospectus supplement.

The applicable prospectus supplement will describe the terms of the common share warrants in respect of which this prospectus is being delivered, including, where applicable, the following:

- the title of such common share warrants,
- the aggregate number of such common share warrants,
- the price or prices at which such common share warrants will be issued,
- the number of common shares purchasable upon exercise of such common share warrants,

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

- the designation and terms of any other securities offered thereby with which such common share warrants are to be issued and the number of such common share warrants issued with each such security offered thereby,
- the date, if any, on and after which such common share warrants and the related common shares will be separately transferable,
- the price at which the common shares purchasable upon exercise of such common share warrants may be purchased,
- the date on which the right to exercise such common share warrants will commence and the date on which such right will expire,
- the minimum or maximum number of such common share warrants which may be exercised at any one time,
- information with respect to book entry procedures, if any,
- any limitations on the acquisition or ownership of such common share warrants which may be required in order to maintain our status as a REIT,
- a discussion of certain federal income tax considerations, and
- any other terms of such common share warrants, including terms, procedures and limitations relating to the exchange and exercise of such common share warrants.

Reference is made to the section captioned "Description of Common Shares" for a general description of the common shares to be acquired upon the exercise of the common share warrants, including a description of certain restrictions on the ownership of common shares.

DESCRIPTION OF PREFERRED SHARES

GENERAL

Our Board of Trust Managers is authorized to issue up to 100,000,000 preferred shares, par value \$0.01 per share, in one or more series, with such designations, powers, preferences and rights of the shares of such series, and with such qualifications, limitations or restrictions on the shares of such series, if any, as our Board of Trust Managers may determine, without any further vote or action by the shareholders. The designations, powers, preferences and rights of, and the qualifications, limitations or restrictions on, such shares may include, but are not limited to, distribution rights, distribution rates, conversion rights, voting rights, terms of redemption (including sinking fund provisions), redemption prices, and liquidation preferences.

In February 1998, 8,000,000 of our Series A preferred shares were issued pursuant to a Statement of Designation that sets forth the terms of a series of preferred shares consisting of up to 9,200,000 shares, designated 6 3/4% Series A Convertible Cumulative Preferred Shares. Our Board of Trust Managers has

17

adopted an additional Statement of Designation that have classified an additional 2,800,000 of our Series A preferred shares that may be issued by the Company. In this prospectus, "Statement of Designation" refers to either or both of these Statements of Designation.

The following sections summarize the terms and provisions of the Series A preferred shares. The following sections are not necessarily complete and are

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

qualified in their entirety by reference to the pertinent sections of our declaration of trust and the Statement of Designation designating the Series A preferred shares, each of which is available from us.

The registrar, transfer agent and distributions disbursing agent for the Series A preferred shares is Equiserve Trust Company, N.A.

The Series A preferred shares are listed on the New York Stock Exchange under the symbol "CEIPrA".

RANKING

The Series A preferred shares rank senior to the common shares as to rights to receive distributions and to participate in distributions or payments upon our liquidation, dissolution or winding up.

DISTRIBUTIONS

Holders of the Series A preferred shares are entitled to receive, when and as authorized by the Board of Trust Managers, out of funds legally available for the payment of distributions, cumulative cash distributions at the rate of $6 \frac{3}{4}\%$ of the liquidation preference per year (equivalent to \$1.6875 per year per Series A preferred share). Distributions on the Series A preferred shares will accrue and be cumulative from the date of original issue or, in the case of Series A preferred shares issued in April 2002, from February 16, 2002, and will be payable quarterly in arrears on the fifteenth day of February, May, August and November of each year or, if not a business day, the next succeeding business day (each, a "Distribution Payment Date").

Any distribution, including any distribution payable on the Series A preferred shares for any partial distribution period, will be computed on the basis of a 360-day year consisting of twelve 30-day months. Distributions are payable to holders of record as they appear in our share records at the close of business on the applicable record date, which will be the date that the Board of Trust Managers designates for the payment of distributions that is not more than 30 nor less than 10 days prior to such Distribution Payment Date (each, a "Distribution Payment Record Date").

The Board of Trust Managers will not authorize, pay or set apart for payment by the company any distribution on the Series A preferred shares at any time that:

- the terms and provisions of any agreement of the company, including any agreement relating to our indebtedness, prohibits such authorization, payment or setting apart for payment,
- the terms and provisions of any agreement of the company, including any agreement relating to our indebtedness, provides that such authorization, payment or setting apart for payment would constitute a breach of, or a default under, such agreement, or
- the law restricts or prohibits such authorization or payment.

Notwithstanding the foregoing, distributions on the Series A preferred shares will accrue whether or not:

- we have earnings,
- there are funds legally available for the payment of such distributions, and
- such distributions are authorized.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

Accrued but unpaid distributions on the Series A preferred shares will not bear interest. Holders of the Series A preferred shares will not be entitled to any distributions in excess of full cumulative distributions, as described above.

18

We intend to contribute or otherwise transfer the net proceeds of the sale of any Series A Preferred Shares sold on or after the date of the prospectus to the Operating Partnership in exchange for 6 3/4% Series A Preferred Units in the Operating Partnership, the economic terms of which will be substantially identical to those of the Series A Preferred Shares. As of the date of this prospectus, we own 8,000,000 Series A Preferred Units. The Operating Partnership will be required to make all required distributions on the Series A Preferred Units (which will mirror the payments of distributions, including accrued and unpaid distributions upon redemption, and of the liquidation preference amount on the Series A Preferred Shares) prior to any distribution of cash or assets to the holders of the Series A Preferred Units or to the holders of any other interests in the Operating Partnership, except for any other series of preferred units ranking on a parity with the Series A Preferred Units as to distributions or liquidation rights, and except for distributions required to enable the Company to maintain its qualification as a REIT.

Any distribution payment made on the Series A preferred shares will first be credited against the earliest accrued but unpaid distribution due with respect to such shares which remains payable.

If, for any taxable year, we elect to designate as "capital gain distributions" (as defined in Section 857 of the Code) a portion, which we refer to as the Capital Gains Amount, of the distributions paid or made available for the year to the holders of all classes of shares, or the Total Distributions, then the portion of the Capital Gains Amount that will be allocable to the holders of Series A preferred shares will be the Capital Gains Amount multiplied by a fraction, the numerator of which will be the total distributions (within the meaning of the Code) paid or made available to the holders of the Series A preferred shares for the year and the denominator of which will be the Total Distributions.

LIQUIDATION PREFERENCE

In the event of our liquidation, dissolution or winding up of affairs, the holders of the Series A preferred shares are entitled to be paid out of the assets of the company legally available for distribution to our shareholders liquidating distributions in cash or property at its fair market value as determined by the Board of Trust Managers. Such liquidating distributions will be paid to the holders of the Series A preferred shares in the amount of a liquidation preference of \$25.00 per share, plus an amount equal to any accrued and unpaid distributions to the date of such liquidation, dissolution or winding up. Such liquidating distributions will be paid to the holders of the Series A preferred shares before any distribution of assets is made to holders of common shares or any other capital shares of beneficial interest that rank junior to the Series A preferred shares as to liquidation rights. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Series A preferred shares will have no right or claim to any of our remaining assets.

Our consolidation or merger with or into any other entity or the sale of all or substantially all of our property or business will not be deemed to constitute a liquidation, dissolution or winding up of the company. The Series A preferred shares will rank senior to the common shares as to priority for

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

receiving liquidating distributions.

REDEMPTION

The Series A preferred shares are not redeemable prior to February 18, 2003, except under the circumstances described below. On and after February 18, 2003, the Series A preferred shares may be redeemed at our option, in whole or in part, from time to time, at a redemption price of \$25.00 per share, plus all distributions accrued and unpaid on the Series A preferred shares up to the date of such redemption, upon the giving of notice, as provided below.

If fewer than all of the outstanding Series A preferred shares are to be redeemed, the shares to be redeemed will be determined pro rata, by lot or in such other manner as prescribed by the Board of Trust Managers. In the event that such redemption is to be by lot, and if as a result of such redemption any holder of Series A preferred shares would own, or be deemed by virtue of certain attribution provisions of the Code to own, in excess of 9.9% of the issued and outstanding Series A preferred shares (because such holder's Series A preferred shares were not redeemed, or were only redeemed in part), then, except in certain instances, we will redeem the requisite number of Series A preferred shares of such shareholder such that the shareholder will

19

not own or be deemed by virtue of certain attribution provisions of the Code to own, in excess of 9.9% of the Series A preferred shares issued and outstanding subsequent to such redemption.

Notice of redemption will be mailed not less than 30 nor more than 60 days prior to the date fixed for redemption. Notice of redemption will be mailed to each holder of record of Series A preferred shares that is to be redeemed. Such notice will notify the holder of our election to redeem such shares and will state at least the following:

- the date fixed for redemption thereof, which we refer to as the Series A Preferred Shares Redemption Date,
- the redemption price,
- the number of shares to be redeemed (and, if fewer than all the Series A preferred shares are to be redeemed, the number of shares to be redeemed from such holder),
- the place(s) where the certificates representing the Series A preferred shares are to be surrendered for payment,
- the date on which such holder's conversion rights as to the Series A preferred shares will terminate, and
- that distributions on the Series A preferred shares will cease to accrue on the Series A Preferred Shares Redemption Date.

On or after the Series A Preferred Shares Redemption Date, each holder of Series A preferred shares to be redeemed must present and surrender the certificates representing the Series A preferred shares to us at the place designated in the notice of redemption. The redemption price of the shares will then be paid to or on the order of the person whose name appears on such certificates as the owner thereof. Each surrendered certificate will be canceled. In the event that fewer than all the Series A preferred shares are to be redeemed, a new certificate will be issued representing the unredeemed shares.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

From and after the Series A Preferred Shares Redemption Date (unless we default in payment of the redemption price):

- all distributions on the Series A preferred shares designated for redemption in such notice will cease to accrue,
- all rights of the holders of such shares, except the right to receive the redemption price thereof (including all accrued and unpaid distributions up to the Series A Preferred Shares Redemption Date), will cease and terminate,
- such shares will not thereafter be transferred (except with our consent) on our books, and
- such shares will not be deemed to be outstanding for any purpose whatsoever.

At our election, we, prior to the Series A Preferred Shares Redemption Date, may irrevocably deposit the redemption price (including accrued and unpaid distributions) of the Series A preferred shares so called for redemption in trust with a bank or trust company for the holders thereof. In that case, such notice to holders of the Series A preferred shares to be redeemed will:

- state the date of such deposit,
- specify the office of such bank or trust company as the place of payment of the redemption price, and
- call upon such holders to surrender the certificates representing such Series A preferred shares at such place on or about the date fixed in such redemption notice (which may not be later than the Series A Preferred Shares Redemption Date) against payment of the redemption price (including all accrued and unpaid distributions up to the Series A Preferred Shares Redemption Date).

20

The bank or trust company will return to us any moneys that we so deposit that remain unclaimed by the holders of the Series A preferred shares at the end of two years after the Series A Preferred Shares Redemption Date.

Notwithstanding the foregoing, unless full cumulative distributions on all outstanding Series A preferred shares have been paid or declared and a sum sufficient for the payment of such distributions has been set apart for payment for all past distribution periods and the then-current distribution period, no Series A preferred shares will be redeemed unless all outstanding Series A preferred shares are simultaneously redeemed. However, the foregoing will not prevent the purchase or acquisition of Series A preferred shares pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding Series A preferred shares. Unless full cumulative distributions on all outstanding Series A preferred shares have been paid or declared and a sum sufficient for the payment of such distributions has been set apart for payment for all past distribution periods and the then-current distribution period, we will not purchase or otherwise acquire directly or indirectly any Series A preferred shares (except by conversion into or exchange for shares of beneficial interest of the company ranking junior to the Series A preferred shares as to distribution rights and liquidation preference).

Notwithstanding any other provision relating to redemption of the Series A preferred shares, we may redeem Series A preferred shares at any time, whether or not prior to February 18, 2003, if the Board of Trust Managers determines

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

that the redemption:

- is necessary or advisable to preserve our status as a REIT, or
- is reasonable or appropriate in order to comply with any laws, rules or regulations of any gaming authority.

The Series A preferred shares have no stated maturity date and will not be subject to any sinking fund or mandatory redemption provisions.

VOTING RIGHTS

If distributions on the Series A preferred shares are in arrears for six or more quarterly periods, whether or not these quarterly periods are consecutive, holders of Series A preferred shares (voting separately as a class with all other series of preferred shares upon which like voting rights have been conferred and are exercisable) will be entitled to vote, at a special meeting called by the holders of record of at least 10% of any series of preferred shares as to which distributions are so in arrears or at the next annual meeting of shareholders, for the election of two additional trust managers to serve on the Board of Trust Managers until all distribution arrearages have been paid or declared and a sum sufficient for the payment thereof set aside for payment.

In addition, certain changes that would be materially adverse to the rights of holders of the Series A preferred shares cannot be made without the affirmative vote of two-thirds of the Series A preferred shares (voting separately as a class with all other series of preferred shares upon which like voting rights have been conferred and are exercisable).

In any matter in which the Series A preferred shares are entitled to vote (as expressly provided in our declaration of trust or Statements of Designation, or as may be required by law), including any action by written consent, each Series A preferred share will be entitled to one vote.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding Series A preferred shares shall have been redeemed or called for redemption and sufficient funds shall have been deposited in trust to effect such redemption.

CONVERSION RIGHTS

Subject to the restrictions on transfer and ownership described below in "-- Ownership Limits and Restrictions on Transfer" and above in "Description of Common Shares -- Ownership Limits and Restrictions on Transfer," Series A preferred shares are convertible at any time, at the option of the holders thereof,

21

into common shares at a conversion price of \$40.86 per common share (equivalent to a conversion rate of .6119 common shares per Series A preferred share), subject to adjustment as described below and referred to as the Conversion Price. The right to convert Series A preferred shares called for redemption will terminate at the close of business on the applicable Series A Preferred Shares Redemption Date.

Conversion of Series A preferred shares, or a specified portion thereof, may be effected by delivering certificates representing the Series A preferred shares to be converted together with written notice of conversion and a proper assignment of such certificates to the office of the transfer agent. Currently, the principal corporate trust office of the transfer agent is Equiserve Trust

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

Company, N.A., 150 Royall Street, Canton, MA 02021.

Each conversion is deemed to be effected immediately prior to the close of business on the date on which:

- the certificates were surrendered,
- we received notice, and
- if applicable, we received payment of any amount equal to the distribution payable on such Series A preferred shares surrendered for conversion, as described below.

The conversion will be at the Conversion Price in effect at such time and on such date.

Holders of Series A preferred shares at the close of business on a Distribution Payment Record Date will be entitled to receive the distribution payable on such shares on the corresponding Distribution Payment Date, even if the holder converted the shares after such Distribution Payment Record Date and prior to such Distribution Payment Date.

However, if the holder surrenders its Series A preferred shares for conversion between the close of business on any Distribution Payment Record Date and the opening of business on the corresponding Distribution Payment Date (except those shares converted after the issuance of a notice of redemption with respect to a Series A Preferred Shares Redemption Date occurring during such period or coinciding with such Distribution Payment Date, which will be entitled to such distribution), the shares must be accompanied by payment of an amount equal to the distribution payable on such shares on such Distribution Payment Date.

A holder of Series A preferred shares on a Distribution Payment Record Date who (or whose transferee) tenders any such shares for conversion into common shares on such Distribution Payment Date will receive the distribution payable by the Company on such Series A preferred shares on such date. The converting holder need not include payment of the amount of such distribution upon surrender of certificates for conversion.

Except as provided above, we will make no payment or allowance for unpaid distributions, whether or not in arrears, on converted shares or for distributions on the common shares that are issued upon such conversion.

We will not issue fractional common shares upon conversion. Instead, we will pay a cash adjustment based on the current market price of the common shares on the trading day immediately prior to the conversion date.

For a further discussion of the common shares to be received upon conversion of Series A preferred shares, see "Description of Common Shares" above.

CONVERSION PRICE ADJUSTMENTS

The Conversion Price is subject to adjustment upon certain events, including the following:

- the payment of distributions payable in common shares on any class of shares of beneficial interest of the company,
- the issuance to all holders of common shares of certain rights, options or warrants entitling them to subscribe for or purchase common shares at a price per share less than the fair market value per share of common

shares,

22

- subdivisions, combinations and reclassifications of common shares,
- the payment of distributions to all holders of common shares of any shares of beneficial interest of the company (other than common shares),
- the distribution to all holders of common shares of evidences of indebtedness of the company or assets (excluding cash distributions paid out of equity, including revaluation equity, applicable to common shares, less stated capital attributable to common shares), and
- the distribution to all holders of common shares of rights, options or warrants to subscribe for or purchase any of our securities (excluding those rights, options and warrants referred to above).

In addition to these adjustments, we will be permitted to make reductions in the Conversion Price that we consider advisable in order that any event treated for federal income tax purposes as a dividend of stock or stock rights will not be taxable to the holders of the common shares.

We may be a party to transactions such as mergers, consolidations, statutory share exchanges, tender offers for all or substantially all of the common shares, or sales of all or substantially all of our assets. If we are a party to any transaction, including but not limited to those listed above, and as a result of that transaction common shares will be converted into the right to receive shares of beneficial interest, securities or other property (including cash or any combination thereof), each Series A preferred share, if convertible after the consummation of the transaction, will be convertible into the kind and amount of shares of stock and other securities and property receivable (including cash or any combination thereof) upon the consummation of such transaction by a holder of that number of common shares or fraction thereof into which one Series A preferred share was convertible immediately prior to such transaction (assuming such holder of common shares (i) is not a person with which we consolidated or into which we merged or which merged into us or to which such sale or transfer was made, and (ii) failed to exercise any rights of election and received for each common share the kind and amount of shares, stock, securities and other property (including cash) receivable for each common share by a plurality of non-electing common shares). We may not become a party to any such transaction unless the terms thereof are consistent with the foregoing.

We are not required to adjust the Conversion Price until cumulative adjustments amount to 1% or more of the Conversion Price. Any adjustments that we are not required to make will be carried forward and taken into account in subsequent adjustments.

CERTAIN PROVISIONS OF OUR DECLARATION OF TRUST,
BYLAWS AND TEXAS LAW

Both our declaration of trust and bylaws contain certain provisions that may inhibit or impede acquisition or attempted acquisition of control of us by means of a tender offer, a proxy contest or otherwise. These provisions are expected to discourage certain types of coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of us to negotiate first with our Board of Trust Managers. We believe that these provisions increase the likelihood that proposals initially will be on more attractive terms than would be the case in their absence and increase the likelihood of negotiations, which might outweigh the potential disadvantages of

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

discouraging such proposals because, among other things, negotiation of such proposals might result in improvement of terms. The description set forth below is only a summary of the terms of our declaration of trust and bylaws (copies of which have been incorporated by reference as exhibits to the Registration Statement of which this prospectus forms a part). See "Description of Common Shares -- Ownership Limits and Restrictions on Transfer."

STAGGERED BOARD OF TRUST MANAGERS

Both our declaration of trust and bylaws provide that our Board of Trust Managers will be divided into three classes of trust managers, each class constituting approximately one-third of the total number of trust managers, with the classes serving staggered three-year terms. The classification of our Board of Trust Managers will have the effect of making it more difficult for shareholders to change the composition of our

23

Board of Trust Managers, because only a minority of our trust managers are up for election, and may be replaced by vote of the shareholders, at any one time. We believe, however, that the longer terms associated with the classified Board of Trust Managers will help to ensure continuity and stability of our management and policies.

The classification provisions also could have the effect of discouraging a third party from accumulating a large block of our capital shares or attempting to obtain control of us, even though such an attempt might be beneficial to us and some, or a majority, of our shareholders. Accordingly, under certain circumstances shareholders could be deprived of opportunities to sell their common shares at a higher price than might otherwise be available.

NUMBER OF TRUST MANAGERS; REMOVAL; FILLING VACANCIES

Subject to any rights of holders of preferred shares to elect additional trust managers under specified circumstances, which rights are referred to as preferred holders' rights, our declaration of trust provides that the number of trust managers will be fixed by, or in the manner provided in, our bylaws, but must not be more than 25 nor less than one. See "Description of Preferred Shares -- Voting Rights" above. In addition, the bylaws provide that, subject to any preferred holders' rights, the number of trust managers will be fixed by our Board of Trust Managers, but must not be more than 25 or less than three. In addition, our bylaws provide that, subject to any preferred holders' rights, and unless the Board of Trust Managers otherwise determines, any vacancies (other than vacancies created by an increase in the total number of trust managers) will be filled by the affirmative vote of a majority of the remaining trust managers, although less than a quorum, and any vacancies created by an increase in the total number of trust managers may be filled by a majority of the entire Board of Trust Managers. Accordingly, our Board of Trust Managers could temporarily prevent any shareholder from enlarging the Board of Trust Managers and then filling the new trust manager position with such shareholder's own nominees.

Both our declaration of trust and bylaws provide that, subject to any preferred holders' rights, trust managers may be removed only for cause upon the affirmative vote of holders of at least 80% of the entire voting power of all the then-outstanding shares entitled to vote generally in the election of trust managers, voting together as a single class.

RELEVANT FACTORS TO BE CONSIDERED BY OUR BOARD OF TRUST MANAGERS

The declaration of trust provides that, in determining what is in our best

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

interest in evaluating a "business combination," "change in control" or other transaction, our trust manager shall consider all of the relevant factors. These factors may include (i) the immediate and long-term effects of the transaction on our shareholders, including shareholders, if any, who do not participate in the transaction; (ii) the social and economic effects of the transaction on our employees, suppliers, creditors and customers and others dealing with us and on the communities in which we operate and are located; (iii) whether the transaction is acceptable, based on our historical and current operating results and financial condition; (iv) whether a more favorable price could be obtained for our shares or other securities in the future; (v) the reputation and business practices of the other party or parties to the proposed transaction, including its or their management and affiliates, as they would affect our employees; (vi) the future value of our securities; (vii) any legal or regulatory issues raised by the transaction; and (viii) the business and financial condition and earnings prospects of the other party or parties to the proposed transaction including, without limitation, debt service and other existing financial obligations, financial obligations to be incurred in connection with the transaction, and other foreseeable financial obligations of such other party or parties. Pursuant to this provision, our Board of Trust Managers may consider subjective factors affecting a proposal, including certain nonfinancial matters, and, on the basis of these considerations, may oppose a business combination or other transaction which, evaluated only in terms of its financial merits, might be attractive to some, or a majority, of our shareholders.

24

ADVANCE NOTICE PROVISIONS FOR SHAREHOLDER NOMINATIONS AND SHAREHOLDER PROPOSALS

The bylaws provide for an advance notice procedure for shareholders to make nominations of candidates for trust manager or bring other business before an annual meeting of our shareholders, which procedure we refer to as the shareholder notice procedure.

Pursuant to the shareholder notice procedure (i) only persons who are nominated (a) pursuant to our notice of an annual meeting delivered in accordance with our bylaws, (b) by, or at the direction of, our Board of Trust Managers, or (c) by a shareholder who has given timely written notice containing specified information to our Secretary prior to the meeting at which trust managers are to be elected, will be eligible for election as trust managers and (ii) at an annual meeting, only such business may be conducted as has been brought before the meeting (a) pursuant to our notice of an annual meeting delivered in accordance with our bylaws, (b) by, or at the direction of, the Chairman of our Board of Trust Managers, or (c) by a shareholder who has given timely written notice to our Secretary of such shareholder's intention to bring such business before such meeting. In general, for notice of shareholder nominations or proposed business to be conducted at an annual meeting to be timely, such notice must be received by us not less than 70 days nor more than 90 days prior to the first anniversary of the previous year's annual meeting.

The purpose of requiring shareholders to give us advance notice of nominations and other business is to afford our Board of Trust Managers a meaningful opportunity to consider the qualifications of the proposed nominees or the advisability of the other proposed business and, to the extent deemed necessary or desirable by our Board of Trust Managers, to inform shareholders and make recommendations about such nominees or business, as well as to ensure an orderly procedure for conducting meetings of shareholders. Although the bylaws do not give our Board of Trust Managers power to block shareholder nominations for the election of trust managers or proposal for action, the shareholder notice procedure may have the effect of discouraging a shareholder from proposing nominees or business, precluding a contest for the election of

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

trust managers or the consideration of shareholder proposals if procedural requirements are not met, and deterring third parties from soliciting proxies for a non-management proposal or slate of trust managers, without regard to the merits of such proposal or slate.

PREFERRED SHARES

The declaration of trust authorizes our Board of Trust Managers to establish one or more series of preferred shares and to determine, with respect to any series of preferred shares, the preferences, rights and other terms of such series. See "Description of Preferred Shares." We believe that the ability of our Board of Trust Managers to issue one or more series of preferred shares will provide us with increased flexibility in structuring possible future financings and acquisitions, and in meeting other corporate needs. The authorized preferred shares are available for issuance without further action by our shareholders, unless such action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded at the time of issuance or proposed issuance. Although our Board of Trust Managers has no present intention to do so, it could, in the future, issue a series of preferred shares which, due to its terms, could impede a merger, tender offer or other transaction that some, or a majority, of our shareholders might believe to be in their best interests or in which shareholders might receive a premium over then-prevailing market prices for their common shares.

AMENDMENT OF DECLARATION OF TRUST

The declaration of trust may be amended as prescribed in the declaration of trust or by applicable law only by the affirmative vote of the holders of not less than two-thirds of the votes entitled to be cast, except that the provisions of the declaration of trust relating to "business combinations" or "control shares" (as described below under "-- Business Combinations" and "-- Control Share Acquisitions") may be amended only with the affirmative vote of 80% of the votes entitled to be cast, voting together as a single class.

25

RIGHTS TO PURCHASE SECURITIES AND OTHER PROPERTY

The declaration of trust authorizes our Board of Trust Managers, subject to any rights of holders of any series of preferred shares, to create and issue rights entitling the holders thereof to purchase from us equity shares or other securities or property. The times at which and terms upon which such rights are to be issued are within the discretion of our Board of Trust Managers. This provision is intended to confirm the authority of our Board of Trust Managers to issue share purchase rights which could have terms that would impede a merger, tender offer or other takeover attempt, or other rights to purchase our securities or any other entity.

BUSINESS COMBINATIONS

The declaration of trust establishes special requirements with respect to "business combinations" (including a merger, consolidation, share exchange, or, in certain circumstances, an asset transfer or issuance of reclassification of equity securities) between us and any person who beneficially owns, directly or indirectly, 10% or more of the voting power of our shares, which person we refer to as an interested shareholder, subject to certain exemptions. In general, the declaration of trust provides that an interested shareholder or any affiliate thereof may not engage in a "business combination" with us for a period of five years following the date he becomes an interested shareholder. Thereafter, pursuant to the declaration of trust, such transactions must be recommended by

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

our Board of Trust Managers and approved by the affirmative vote of at least (i) 80% of the votes entitled to be cast by holders of outstanding voting shares, voting together as a single voting group, and (ii) two-thirds of the votes entitled to be cast by holders of voting shares, other than voting shares held by the interested shareholder with whom the business combination is to be effected, voting together as a single voting group, unless, among other things, the holders of equity shares receive the highest amount determined as described in the declaration of trust for their shares and the consideration is received in cash or in the same form as previously paid by the interested shareholder for his shares. These provisions of the declaration of trust do not apply, however, to business combinations that are approved or exempted by our Board of Trust Managers prior to the time that the interested shareholder becomes an interested shareholder.

CONTROL SHARE ACQUISITIONS

The declaration of trust provides that "control shares" acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast by the holders of equity shares, excluding shares as to which the acquiror, our officers and our employees who are also trust managers have the right to vote or direct the vote. "Control shares" are equity shares which, if aggregated with all other previously acquired equity shares which the person is entitled to vote, would entitle the acquiror to vote (i) 20% or more but less than one-third; (ii) one-third or more but less than a majority; or (iii) a majority of our outstanding voting shares. Control shares do not include equity shares that the acquiring person is entitled to vote on the basis of prior shareholder approval. A "control share acquisition" is defined as the acquisition, directly or indirectly, by any person, of ownership of, or the power to direct the exercise of voting power with respect to, issued and outstanding control shares.

The declaration of trust provides that a person who has made or proposed to make a control share acquisition and who has delivered an acquiring person statement and obtained a definitive financing agreement with a responsible financial institution providing for any amount of financing not to be provided by the acquiring person and who gave a written undertaking to pay our expense of a special meeting, may compel our Board of Trust Managers to call a special meeting of shareholders to be held within 50 days of demand to consider the voting rights of the equity shares. If no request for a meeting is made, the declaration of trust permits us to present the question at any shareholders' meeting.

Pursuant to the declaration of trust, if voting rights are not approved at a shareholders' meeting and/or if the acquiring person does not deliver an acquiring person statement as required by the declaration of trust, then, subject to certain conditions and limitations set forth in the declaration of trust, we will have the right to redeem any or all of the control shares, except those for which voting rights have previously been approved, for fair value determined, without regard to the absence of voting rights of the control shares, as of the date of the last control share acquisition or of any meeting of shareholders at which the voting rights of such shares are

26

considered and not approved. Under the declaration of trust, if, before a control share acquisition has occurred, voting rights for control shares are approved at a shareholders' meeting and, as a result, the acquiror would be entitled to vote a majority or more of the equity shares entitled to vote, all other shareholders will have the rights of dissenting shareholders under the Texas Real Estate Investment Trust Act, which we refer to as the Texas REIT Act. The declaration of trust provides that the fair value of the equity shares for

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

purposes of such appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition, and that certain limitations and restrictions of the Texas REIT Act otherwise applicable to the exercise of dissenters' rights do not apply.

These provisions of the declaration of trust do not apply to equity shares acquired (i) under the laws of descent and distribution, (ii) under the satisfaction of a pledge or other security interest, (iii) under a merger, consolidation or share exchange if we are a party to the transaction, (iv) by or from any person whose voting rights have previously been authorized by our shareholders, or (v) by or from any person whose previous acquisition of shares of beneficial interest would have constituted a control share acquisition but for items (i) through (iii) above.

OWNERSHIP LIMITS AND RESTRICTIONS ON TRANSFER

In order to maintain our qualification as a REIT for federal income tax purposes, our declaration of trust restricts ownership by any person of our outstanding shares of beneficial interest. Our declaration of trust also provides certain restrictions on the ownership and transfer of the shares of beneficial interest of the company which will apply to conversions of the Series A preferred shares, as well as the ownership and transfer of Series A preferred shares. See "Description of Common Shares -- Ownership Limits and Restrictions on Transfer" above.

ERISA CONSIDERATIONS

The following sections summarize the issues arising under the Employee Retirement Income Security Act of 1974, as amended, which we refer to as ERISA, and the prohibited transaction provisions of Section 4975 of the Code that you may consider relevant. This discussion does not address all aspects of ERISA or the Code that may be relevant to particular investors in light of their particular circumstances.

We urge any prospective investor that is an employee benefit plan subject to ERISA, a tax qualified retirement plan, an individual retirement account (IRA) or a governmental, church or other plan or other plan that is exempt from ERISA to consult its own legal advisor regarding the specific considerations arising under ERISA, the Code and state law with respect to its purchase, ownership, or sale of our securities.

FIDUCIARY DUTIES AND PROHIBITED TRANSACTIONS

If you are a fiduciary of a pension, profit-sharing, retirement or other employee benefit plan subject to ERISA, which we refer to as an ERISA Plan, you should consider the fiduciary standards under ERISA in the context of the ERISA Plan's particular circumstances before authorizing an investment of any portion of the ERISA Plan's assets in the Securities. Accordingly, you should consider:

- whether the investment satisfies the diversification requirements of Section 404(a)(1)(C) of ERISA,
- whether the investment is in accordance with the documents and instruments governing the ERISA Plan as required by Section 404(a)(1)(D) of ERISA,
- whether the investment is prudent under Section 404(a)(1)(B) of ERISA, and
- whether the investment is solely in the interests of the ERISA Plan participants and beneficiaries and for the exclusive purpose of providing benefits to the ERISA Plan participants and beneficiaries and defraying

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

reasonable administrative expenses of the ERISA Plan as required by Section 404(a)(1)(A) of ERISA.

27

In addition to the imposition of fiduciary standards, ERISA and Section 4975 of the Code prohibit a wide range of transactions between an ERISA Plan, an IRA or certain other plans (collectively, a "Plan") and persons who have certain specified relationships to the Plan ("parties in interest" within the meaning of ERISA and "disqualified persons" within the meaning of the Code). Thus, if you are a Plan fiduciary or the person making an investment decision for a Plan, you also should consider whether the acquisition or the continued holding of the Securities might constitute or give rise to a direct or indirect prohibited transaction.

PLAN ASSETS

The prohibited transactions rules of ERISA and the Code apply to transactions with a Plan and to transactions with the "plan assets" of a Plan. The "plan assets" of a Plan include the Plan's interest in an entity in which the Plan invests and, in certain circumstances, the assets of the entity in which the Plan holds such interest. The term "plan assets" is not defined in ERISA or the Code, and has not been interpreted definitively by the courts in litigation. The United States Department of Labor, the governmental agency primarily responsible for administering ERISA, has issued a final regulation, which we refer to as the DOL Regulation, setting out the standards it will apply in determining whether an equity investment in an entity will cause the assets of such entity to constitute "plan assets." The DOL Regulation applies for purposes of both ERISA and Section 4975 of the Code.

Under the DOL Regulation, if a Plan acquires an equity interest in an entity that is not an operating company, and the equity interest is not a "publicly-offered security," the Plan's assets generally would include both the equity interest and an undivided interest in each of the entity's underlying assets unless certain specified exceptions apply. The DOL Regulation defines a publicly-offered security as a security that is "widely held," "freely transferable," and either part of a class of securities registered under Section 12(b) or 12(g) of the Exchange Act, or sold pursuant to an effective registration statement under the Securities Act (provided the securities are registered under the Exchange Act within 120 days after the end of the fiscal year of the issuer during which the offering occurred). We will sell our securities in an offering registered under the Securities Act and registered under Section 12(b) of the Exchange Act.

The DOL Regulation provides that a security is "widely held" only if it is part of a class of securities that is owned by 100 or more investors that are independent of the issuer and of one another. However, a class of securities will not fail to be "widely held" solely because the number of independent investors falls below 100 subsequent to the initial public offering as a result of events beyond the issuer's control. We expect our securities to be "widely held" upon completion of any offering.

The DOL Regulation provides that whether a security is "freely transferable" is a factual question to be determined on the basis of all the relevant facts and circumstances. The DOL Regulation further provides that when a security is part of an offering in which the minimum investment is \$10,000 or less, as will be the case with any offering, certain restrictions ordinarily will not affect the finding that such securities are freely transferable. We believe that the restrictions imposed under our "declaration of trust" on the transfer of our securities are limited to restrictions on transfer generally permitted under the DOL Regulation and are not likely to result in the failure

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

of our securities to be "freely transferable." See "Description of Common Shares -- Ownership Limits and Restrictions on Transfer." The DOL Regulation establishes only a presumption in favor of a finding of free transferability. We cannot assure you that the Department of Labor and the U.S. Treasury Department would not reach a contrary conclusion with respect to our securities. Any additional transfer restrictions imposed on the transfer of our securities will be discussed in the applicable prospectus supplement.

Assuming that our securities will be "widely held" and "freely transferable," we believe that our securities will be publicly-offered securities for purposes of the DOL Regulation and that our assets will not be deemed to be "plan assets" of any plan that invests in our securities.

28

PLAN OF DISTRIBUTION

We may sell our securities to one or more underwriters for public offering and sale by them, or we may sell our securities to investors directly or through agents. We will name any underwriter or agent involved in the offer and sale of our securities in the applicable prospectus supplement.

Underwriters may offer and sell our securities at a fixed price or prices, which may be changed, related to the prevailing market prices at the time of sale, or at negotiated prices. We also may, from time to time, authorize underwriters acting as our agents to offer and sell our securities upon the terms and conditions set forth in an applicable prospectus supplement. In connection with the sale of securities, underwriters may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of securities for whom they may act as agent. Underwriters may sell our securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions from the underwriters or commissions from the purchasers for whom they may act as agent.

We will set forth in the applicable prospectus supplement any underwriting compensation that we pay to underwriters or agents in connection with the offering of securities and any discounts, concessions or commissions allowed by underwriters to participating dealers. Underwriters, dealers and agents participating in the distribution of our securities may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of our securities may be deemed to be underwriting discounts and commissions under the Securities Act. Underwriters, dealers and agents may be entitled, under agreements entered into with us, to indemnification against and contribution toward certain civil liabilities, including liabilities under the Securities Act.

If so indicated in the applicable prospectus supplement, we will authorize dealers acting as our agents to solicit offers by certain institutions to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts, or Contracts. The Contracts will provide for payment and delivery on the date or dates stated in the prospectus supplement. Each Contract will be for an amount not less than, and the aggregate principal amount of securities sold pursuant to Contracts will be not less or more than, the respective amounts stated in the applicable prospectus supplement. When authorized, we may enter into Contracts with institutions such as commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions, and other institutions. The institutions with which we may enter into Contracts will be subject to our approval in all cases.

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

Contracts will not be subject to any conditions except the following:

- the purchase by an institution of our securities covered by its Contracts will not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which the institution is subject, and
- if our securities are being sold to underwriters, we will have sold to the underwriters the total principal amount of our securities less the principal amount thereof covered by Contracts.

Certain of the underwriters and their affiliates may be customers of, engage in transactions with and perform services for us and our subsidiaries in the ordinary course of their business.

LEGAL MATTERS

Certain legal matters in connection with any offering of securities made by this prospectus will be passed upon for us by Shaw Pittman LLP, a limited liability partnership including professional corporations.

EXPERTS

The consolidated financial statements and schedule incorporated by reference in this prospectus have been audited by Arthur Andersen LLP, independent public accountants, as indicated in their report with respect thereto, and are incorporated by reference herein in reliance upon the authority of said firm as experts in giving said report.

29

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and special reports, proxy statements and other information with the SEC. Our SEC filings are available to the public over the SEC's website at <http://www.sec.gov>. You may also read and copy any document we file at the SEC's public reference room at:

Public Reference Section
Securities and Exchange Commission
Room 1024, Judiciary Plaza
450 Fifth Street, N.W.
Washington, D.C. 20549

Please call the SEC at 1-800-SEC-0330 for further information on the public reference rooms.

We have filed with the SEC a registration statement (of which this prospectus forms a part) on Form S-3 under the Securities Act with respect to our securities. This prospectus does not contain all of the information set forth in the registration statement, including the exhibits and schedules thereto, parts of which are omitted as permitted by the rules and regulations of the SEC.

We are "incorporating by reference" the information we file with the SEC, which means we can disclose important information to you by referring you to those documents. The information we incorporate by reference is an important part of this prospectus, and all information that we file after the date of this prospectus with the SEC will also be incorporated by reference herein and, as appropriate, may automatically update and supersede the information contained in this prospectus. We incorporate by reference the documents listed below, as well as any future filings made with the SEC under Sections 13(a), 13(c), 14, or

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 424B5

15(d) of the Exchange Act (Exchange Act File No. 001-13038).

- Annual Report on Form 10-K for the fiscal year ended December 31, 2001, as amended by a Form 10-K/A filed on April 1, 2002.
- Current Report on Form 8-K filed on April 16, 2002.
- Current Report on Form 8-K, filed on April 1, 2002.

You may request a copy of these documents, except the exhibits to these documents (unless the exhibits are specifically incorporated by reference in the documents or unless you specifically request them), at no cost, by writing or telephoning our offices at the following address and telephone number:
