To elect eight directors;

To approve an amendment to the company's Certificate of Incorporation to increase the number of authorized shares of Common Stock from 55,000,000 shares to 100,000,000 shares; and

To transact such other business as may properly come before the meeting or any adjournment or postponement thereof. These matters are fully described in the Proxy Statement. Our 2003 Annual Report accompanies the Proxy Statement.

The Board of Directors fixed the close of business on March 9, 2004 as the record date for the meeting. Only stockholders of record at the close of business on that date are entitled to notice of and to vote at the meeting and any adjournment or postponement thereof. A list of stockholders entitled to vote at the meeting will be available at our offices in Denver, Colorado for a period of at least ten days prior to the meeting for examination during ordinary business hours by any stockholder for any purpose germane to the meeting.

Your vote is important regardless of the number of shares you may own. We urge you to date, sign and promptly return your proxy or vote electronically or by telephone so that your shares may be voted in accordance with your wishes and in order that the presence of a quorum may be assured. The prompt return of your signed proxy will aid us in reducing the expense of additional proxy solicitation. In the event you attend the meeting in person, you may withdraw your proxy and vote in person if you so desire.

**PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
May 6, 2004**

GENERAL

This proxy statement is furnished in connection with the solicitation by the Board of Directors (the *Board*) of Tom Brown, Inc. of proxies to be voted at the Annual Meeting of Stockholders to be held in the Moulin Rouge Room located on the first floor of the Hyatt Regency Hotel, 1750 Welton Street, Denver, Colorado at 9:00 a.m., Mountain Time, on May 6, 2004, or at any adjournment or postponement thereof (the *Annual Meeting*). This Proxy Statement and form of proxy included herewith are first being sent to stockholders on or about April 5, 2004.

If the enclosed proxy is properly executed and returned, the shares of our common stock, \$.10 par value per share (*Common Stock*), represented by the proxy will be voted at the Annual Meeting. If a stockholder indicates in the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with such choice. If no choice is indicated, the shares will be voted **FOR** each of the director nominees named in the enclosed proxy and **FOR** the proposed amendment to our Certificate of Incorporation. A stockholder giving a proxy may revoke it by giving written notice of revocation to the Secretary of the company at any time before it is voted, by executing another valid proxy bearing a later date and delivering such proxy to the Secretary prior to or at the Annual Meeting, or by attending the Annual Meeting and voting in person.

This proxy is solicited on behalf of the Board. The initial solicitation will be by mail. The total expense of solicitation will be borne by us and will include reimbursement paid to brokerage firms and others for their expenses in forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Common Stock. Further solicitation of proxies may be made by mail, telephone or oral communication with some stockholders following the original solicitation. All such further solicitation will be made by the Board or our employees, who will not be additionally compensated therefor, or by our transfer agent in which case the cost will be borne by us.

We will request brokerage firms, bank nominees and other institutions that act as nominees or fiduciaries for owners of Common Stock to forward this proxy statement to persons for whom they hold shares and to obtain authorization for the execution of proxies. Please contact the person responsible for your account and give instructions for a proxy to be signed representing your shares of Common Stock.

QUORUM AND VOTING

Holders of Common Stock of record at the close of business on March 9, 2004 (the *Record Date*) will be entitled to vote at the Annual Meeting. As of the Record Date, there were issued and outstanding 46,016,647 shares of Common Stock. Each share of Common Stock entitles its owner to one vote. Cumulative voting is not authorized.

The holders of a majority of the issued and outstanding shares of Common Stock entitled to vote, whether present in person or represented by proxy, constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. A broker non-vote occurs when a nominee holding shares of Common Stock for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Abstentions are

Table of Contents

counted in tabulations of the votes cast on proposals presented to stockholders as a vote against, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved.

The proxy confers discretionary authority on the persons named therein to vote with respect to the election of any person as a director where the nominee is unable to serve and other matters incident to the conduct of the Annual Meeting, including matters of which we did not receive notice until after February 8, 2004, the date by which notice of stockholder proposals was required under our bylaws. As of the date of this Proxy Statement, we had not received the required advance notice of any stockholder nominations or proposals.

ELECTION OF DIRECTORS**The Board of Directors**

Our directors are elected annually by the stockholders to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified. The number of directors is established from time to time by resolution of the Board. The current authorized number of directors is eight. Assuming the presence of a quorum, a plurality of the votes cast in person or by proxy at the Annual Meeting is required for the election of each director.

Director Nominees

All of the nominees were elected directors at the last annual meeting of stockholders and all were recommended for nomination by the Corporate Governance and Nominating Committee of the Board. The Board is recommending that the eight nominees listed below be elected to hold office until the 2005 annual meeting of stockholders and until their respective successors have been duly elected and qualified. There are no arrangements or understandings between any nominee and any other person pursuant to which any nominee was selected. There were no third party fees paid by us to assist in the process of identifying or evaluating candidates. If any nominee becomes unavailable for any reason, a substitute nominee may be proposed by the Board and the shares represented by the proxies will be voted for such substitute nominee, unless the Board elects to reduce the number of directors. The nominees listed below have consented to being nominated and to serve if elected. It is our policy to require the attendance of directors at the annual meeting of stockholders. All directors attended last year's annual meeting and we anticipate that all director nominees will attend the Annual Meeting. **The Board recommends voting FOR the election of the following director nominees:**

Other Information About the Board

The Board held six meetings during 2003 and action was also taken by unanimous written consent on six occasions. During 2003, each incumbent director attended at least 75% of the total number of meetings of the Board or committees of the Board on which he served during the period he was a member.

All of the directors of the Company other than Mr. Lightner are independent pursuant to the governance guidelines set forth in the New York Stock Exchange (*NYSE*) listing standards and requirements of the Securities and Exchange Commission (*SEC*). The Board has determined that the relationship between the company and Messrs. Groppe and Wallace described under Certain Relationships and Related Party Transactions are not material because of the insignificant size of the transactions and because the services in each case are provided or charged, respectively, on an arms-length, industry standard basis. The independent directors meet in executive session at each regularly scheduled meeting of the Board and otherwise at their discretion and each such session is conducted by Mr. Carmichael, who has been designated as lead independent director. For purposes of direct communication between stockholders and the Board as a whole or individual directors, the Company established a separate email address at directors@tombrown.com. Stockholders may also contact the Board or individual directors by writing the Secretary of the Company. All such communications will be forwarded unfiltered to the appropriate directors by the Secretary.

The Board has established the following standing committees:

The Executive Committee has responsibility, as necessary or advisable from time-to-time, for the oversight and management of the business of the Company. The Executive Committee held three meetings during 2003 and is comprised of Messrs. Carmichael (current lead independent director), Lightner (Chairman, Chief Executive Officer and President) and Wallace.

The Audit Committee has the responsibility of selecting our independent auditors, pre-approving all audit and non-audit services, reviewing with management and the independent auditors the Company's financial statements, significant accounting and financial policies and practices, audit scope and adequacy of internal audit and control systems. The Audit Committee is comprised of Messrs. LeBaron, Linehan and Murdy, each of which is independent as defined by the rules of the NYSE and the SEC. Each of the members is financially literate and the Board has determined that Messrs. Linehan and Murdy are financial experts as prescribed by the SEC. The Audit Committee held four meetings during 2003.

The Compensation Committee reviews and recommends to the Board the base salary and incentive compensation of the chief executive officer and other officers and key employees, the terms of any proposed employee benefit arrangements and the awards under such arrangements. The Compensation Committee held three meetings during 2003. The members of the Compensation Committee are Messrs. Carmichael, Groppe and Whilden, each of which is independent as defined by the rules of the NYSE.

Table of Contents

The Corporate Governance and Nominating Committee (the *Governance Committee*) nominates directors, assists the Board in recruiting and retaining qualified members and oversees corporate governance. It is the policy of the Governance Committee to consider director candidates recommended by security holders in the same manner as other candidates. Stockholders may recommend director candidates for consideration by the Governance Committee by writing to the Secretary of the company. The procedures to be followed in order for nomination from stockholders to be considered are set forth in *Stockholder Proposals and Director Nominations* . The Governance Committee held four meetings in 2003. The Governance Committee is comprised of Messrs. Carmichael, LeBaron, Murdy and Whilden, each of which is independent as defined by the rules of the NYSE.

Each of the Audit Committee, Compensation Committee and Governance Committee has adopted a committee charter which set forth its purposes, duties and responsibilities including provisions for annual performance evaluations. We have also adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics, a Financial Code of Ethics for Senior Officers and Complaint Procedures for Financial, Accounting and Audit Matters. The charters and other governance guidelines, codes and procedures are available on our website tombrown.com (click on tab *Corporate Information* and subtab *Corporate Governance*) and the Audit Committee charter is attached to this proxy statement as Appendix A.

PROPOSAL TO INCREASE AUTHORIZED COMMON STOCK

On February 19, 2004, the Board approved the following proposed amendment and directed that it be considered at the Annual Meeting. The Board recommends an amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock from 55,000,000 shares to 100,000,000 shares. No increase is proposed in the currently authorized number of shares of Preferred Stock. If approved by the stockholders, the first sentence of Article Fourth of our Certificate of Incorporation would be amended (effective upon the amendment being filed with the Delaware Secretary of State) to provide as follows:

Fourth: The total number of shares of all classes that the Corporation shall have authority to issue is 102,500,000, of which 2,500,000 shares shall be Preferred Stock, par value \$.10 per share, and 100,000,000 shares shall be Common Stock, par value \$.10 per share.

We are currently authorized to issue 55,000,000 shares of Common Stock of which, as of the Record Date, 46,016,647 shares were issued and outstanding and 6,160,813 shares were reserved for issuance under our stock option and incentive plans. As a result, as of the Record Date, only 2,822,540 shares of Common Stock were available for issuance.

The Board believes that it is advisable and in our best interests to have available authorized but unissued shares of Common Stock in an amount adequate to provide for the future needs of the Company. The additional shares will be available for issuance from time to time in the discretion of the Board, normally without further stockholder action (except as may be required for a particular transaction by applicable law, requirements of regulatory agencies or by stock exchange rules), for any proper corporate purpose including, among other things, future acquisitions of property or securities of other corporations, stock dividends, stock splits, option grants, convertible debt financing and equity financings. The additional shares of Common Stock, if and when issued, will have the same rights and privileges as the currently authorized Common Stock. Holders of Common Stock do not have preemptive rights regarding future issuances of shares of Common Stock.

The Board has no present plans, understandings or agreements for the issuance of the proposed additional shares of Common Stock. However, the Board believes that if an increase in the authorized number of shares of Common Stock were to be postponed until a specific need arose, the delay and expense incident to obtaining the approval of the stockholders at that time could significantly impair our ability to meet financing requirements, to take advantage of strategic opportunities or achieve other corporate objectives.

Although the Board has no present intention of doing so, the authorized but unissued Common Stock and Preferred Stock could be issued in one or more transactions which would make more difficult or costly, and less likely, a takeover of the company. Issuing additional shares of stock would also have the effect of diluting

Table of Contents

the stock ownership of persons seeking to obtain control of the company. In 2001, the Board amended and restated the stockholder protection rights plan originally adopted in 1991 and pursuant to which we issued preferred share purchase rights having terms designed to encourage potential acquirors to negotiate with the Board, including terms which, under certain circumstances, entitle the holder of the rights to purchase Common Stock. The authorized but unissued shares of Common Stock and Preferred Stock would be available for use in connection with the issuance and exercise of such rights. The proposed amendment to the Certificate of Incorporation is not being recommended in response to any specific effort of which the Board is aware to obtain control of the company, nor is the Board currently proposing to stockholders any anti-takeover measures.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock is required for approval of the proposal to amend the Certificate of Incorporation to increase the number of authorized shares of Common Stock. Abstentions and broker non-votes will have the same legal effect as a vote against the amendment. **The Board recommends voting FOR approval of the proposal to amend the Certificate of Incorporation.**

AUDIT COMMITTEE REPORT

The Audit Committee is governed by a written charter which was adopted in 2000 and is subject to annual review and assessment. The current charter, which was revised in 2003, is attached to this proxy statement as Appendix A. All three members of the Audit Committee are independent directors as defined in the listing standards of the NYSE.

At our four meetings during fiscal 2003, the Audit Committee reviewed and discussed the company's financial statements filed with the SEC for each quarter with the independent auditors and with company officers and employees who are responsible for financial reporting, accounting, internal controls, corporate compliance and legal matters. At each of its meetings, the Audit Committee had private sessions with the independent auditor to discuss any and all appropriate matters without restriction.

We have reviewed and discussed with management the company's audited financial statements as of and for the year ended December 31, 2003. We have discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants. We have received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, *Independence Discussions with Audit Committees*, as amended, by the Independence Standards Board, and have discussed with the auditors the auditors' independence.

Based on our review with management and the auditors, we recommended to the Board that the audited financial statements referred to above be included in the company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the SEC. We also considered and determined that the provision of non-audit services to the company by its independent auditing firm in 2003 was compatible with maintaining their independence.

This report is made by the members of the Audit Committee, Messrs. LeBaron, Linehan and Murdy.

EXECUTIVE COMPENSATION**Compensation Committee Report**

The Compensation Committee of the Board is responsible for setting and administering the policies which govern both annual cash compensation and incentive programs for executive officers and other employees. The Compensation Committee is currently comprised of three directors, each of which is independent as defined in the listing standards of the NYSE. Following review and approval of executive compensation by the Compensation Committee, the recommendations of the Compensation Committee are submitted to the full Board for approval.

With respect to 2003 compensation, the Compensation Committee did not adopt a structured salary, stock option or other incentive compensation program but did utilize performance factors as described below to assist in the determination of compensation. The Compensation Committee maintains the philosophy that

Table of Contents

compensation of its executive officers should be balanced between a fair and reasonable cash compensation and incentives linked to our overall operating performance. To achieve this balance, executives have, in addition to their salaries and cash bonuses, been awarded stock options and restricted stock from time to time that reward executives through the creation of stockholder value. The Compensation Committee takes into account that corporate performance, especially in the oil and gas industry, is often cyclical and that performance in any given year, whether favorable or unfavorable, may not necessarily be representative of immediate past results or future performance. Consequently, the Compensation Committee examines and recommends executive compensation levels based on certain factors compared over a period of several consecutive years, rather than applying such factors on an isolated or "snapshot" basis at the time compensation levels are recommended by the Compensation Committee to the full Board. In this regard, and partly due to the peculiarities of financial accounting requirements for oil and gas companies, the Compensation Committee emphasizes performance factors such as growth in proved oil and gas reserves, increases in volumes of oil and gas sold, oil and gas finding costs and operating costs, cash flow growth, return on equity, increases in stockholder value, positioning the company for the future and the achievement by management of specific goals set by the Board from time to time; however, the Compensation Committee has not established any specific performance levels which would automatically result in increases in compensation, nor does the Compensation Committee assign absolute weights or rankings to factors considered by it, but instead makes a subjective determination based upon a consideration of all of such factors. The Compensation Committee has utilized from time to time various compensation survey reports prepared for the oil and gas industry by consultants such as William M. Mercer, Incorporated and Effective Compensation Inc. when analyzing current compensation amounts for executive officers and employees. The Compensation Committee believes that the mix between the cash and equity incentive opportunities currently in place for the executive officers is adequate to motivate and retain them.

In addition to the factors described above, in the case of Mr. Lightner, the Chairman of the Board, Chief Executive Officer and President, the Compensation Committee also considered Mr. Lightner's ability to achieve high levels of corporate governance and compliance, maintain and strengthen the company's relationships with the investment community, generate employee confidence and morale, and demonstrate other leadership qualities. Based upon the foregoing factors and considerations, the Compensation Committee approved a 2003 cash bonus to Mr. Lightner of \$350,000. The Compensation Committee believes the base salary of \$350,000 paid to Mr. Lightner for 2003 was appropriate and consistent with the Compensation Committee's objective of recommending compensation levels and components based on factors compared over a period of several years and, at the same time, more closely approximate competition levels.

Section 162(m) of the U.S. Internal Revenue Code precludes a publicly held corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its four other highest-paid officers, unless compensation is awarded under plans meeting a number of requirements based upon objective performance standards and advance stockholder approval. Although the Compensation Committee has not established a policy with respect to qualifying compensation paid to its executive officers under Section 162(m), the Compensation Committee will continue to assess the implications of Section 162(m) on executive compensation and determine what action, if any, will be appropriate.

This report is made by the members of the Compensation Committee, Messrs. Carmichael, Groppe and Whilden.

Employment Contracts and Termination of Employment and Change in Control Arrangements

We have entered into an employment agreement with Mr. Lightner which provides a minimum annual base salary of \$350,000 plus existing employee benefits and other compensation or benefits in the discretion of the Board. The agreement contains non-compete provisions covering the states of Texas, Wyoming, Utah and Colorado as well as Alberta, Canada during the term of the agreement and any time period he is receiving severance payments. There are other provisions governing confidentiality regarding company proprietary information. The agreement also provides for a severance payment upon the executive's resignation, preceded by either (i) the assignment of the executive without his consent to any duties inconsistent with his position, duties, responsibilities or status with us or a reduction of his duties or responsibilities for reasons other than cause; (ii) any failure of the Company or its stockholders, as the case may be, to re-elect the executive to office or his removal from any such office for reasons other than cause; or (iii) any breach by the Company (or any successor) of any of the provisions of the agreement or any failure by the Company to carry out any of its obligations under the agreement for reasons other than cause. The severance benefit payment is an amount equal to the executive's then existing annual base pay plus an amount equal to an average of the executive's three previous annual cash bonuses plus continuation of medical and dental plan coverage for one year. Under the terms of the agreement, if a dispute were to arise regarding the termination of the executive or the interpretation or enforcement of the agreement, all legal fees and expenses incurred by the executive in contesting or disputing any such termination or seeking to obtain or enforce any right or benefit provided for in the agreement would be paid by the Company, to the extent the executive prevails. The agreement further provides the executive with the option of electing the benefits of the employment agreement or the Severance Agreement described below. Mr. Lightner's agreement expires on December 31, 2005.

We have entered into Severance Agreements with certain officers of the Company (including Mr. Lightner and the other Named Executive Officers) providing compensation upon termination of employment for reasons other than cause, death, disability or retirement after any of the following events: (i) a change in control of 20% of the Company's securities, (ii) an acquisition of over 50% of the Company's assets, (iii) a change in the composition of a majority of the board, (iv) a failure of more than one of management's director nominees to be elected and (v) a merger or sale of assets of the Company in which the Company does not survive. The initial term of each Severance Agreement is through December 2003 with automatic annual

Table of Contents

extensions thereafter. The agreements provide that eligible officers will receive a multiple of their annual base salary plus bonus and continuation of medical insurance benefits for an annualized time period equal to such multiple. The multiple for Mr. Lightner is 2.5 and the multiple for Messrs. Dyk, Blanchard, Harris and DeBoer is 2.

Our 1989 Stock Option Plan, 1993 Stock Option Plan, 1999 Long Term Incentive Plan and 2003 Stock Option Plan each contain change in control provisions which are applicable to all holders of options, restricted stock or other awards granted under the plans, including the Named Executive Officers (although the 1989 and 1993 plans are terminated, the change in control provisions are applicable to outstanding unexercised options previously granted under such plans). The change in control provisions in such plans, which are substantially identical, generally provide that if (i) any person, entity or group directly or indirectly acquires beneficial ownership of 50% or more of the outstanding shares of our voting stock, (ii) we are involved in any merger, consolidation, share exchange, or sale, lease or exchange of all or substantially all of its assets, (iii) in connection with a contested election of directors, the persons who were directors of the company before such election cease to constitute a majority of the Board or (iv) the stockholders approve a complete liquidation or dissolution of the company (each such event constituting a *Change in Control*), each outstanding option will become fully vested and exercisable and each restricted stock award will become fully vested immediately prior to such Change in Control or earlier as specified by the Compensation Committee. Within ten days after the approval by the stockholders of a Change in Control in clauses (ii), (iii) or (iv) above or thirty days of a Change in Control of the type described in clause (i) above, the Compensation Committee may effect one or more of the following alternatives:

accelerate the time when options then outstanding may be exercised,

cancel such options and pay to each optionee an amount of cash per share in accordance with the terms of such plans,

make such adjustments to options then outstanding as the Compensation Committee deems appropriate to reflect the Change in Control, or

provide that, each option will thereafter be exercisable for the number and class of shares of stock or other securities or property or cash to which the optionee would have been entitled to if such option had been exercised immediately before the Change in Control.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires, among other things, that our directors and officers file with the SEC, at specified times, reports of beneficial ownership and changes in beneficial ownership of our Common Stock and other equity securities. Based solely on a review of copies of such reports furnished to us, or written representations that no Forms 5 were required, we believe that all Section 16(a) filing requirements for its directors and officers for the fiscal year ending December 31, 2003 have been complied with in a timely manner.

ACCOUNTANTS

Effective March 19, 2002, the Company engaged KPMG LLP (*KPMG*) as its independent accountant to provide audit services in respect of fiscal year 2002 and the Company dismissed Arthur Andersen LLP (*Andersen*) as its independent accountant. Andersen had served as the Company's independent auditors since March 1990. Andersen's report on the Company's financial statements for the 2001 fiscal year neither contained an adverse opinion or a disclaimer of opinion nor was qualified or modified as to uncertainty, audit scope, or accounting principals. The decision to change independent accountants was recommended and approved by the Audit Committee as well as the Board. During the Company's 2001 fiscal year and any subsequent interim periods preceding the foregoing dismissal, there were no disagreements between the Company and Andersen on any matter of accounting principals or practices, financial statement disclosure, or auditing scope or procedure and Andersen provided the Company with a copy of its letter to the SEC stating that it agreed with the Company's statements. Representatives of KPMG are expected to be present at the Annual Meeting and will have an opportunity to make a statement to the stockholders, if they desire to do so, and to respond to appropriate questions.
