ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 20, 2004

GENERAL

This Proxy Statement is furnished in connection with the solicitation of Proxies by the Board of Directors of Prima Energy Corporation (hereinafter the Company or Prima), Suite 400, 1099 18th Street, Denver, Colorado 80202. The Proxy Statement is to be used at the Annual Meeting of Stockholders (the Meeting) to be held in the Grand Ballroom, The Oxford Hotel, 1600 17th Street, Denver, Colorado, on Thursday, May 20, 2004, at 3:00 p.m., for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement and the enclosed Proxy Card were sent to stockholders on or about April 16, 2004.

The Company will pay for all expenses for soliciting Proxies, including clerical work, printing and postage. The Company will reimburse brokers and other persons holding stock in their names, or in the name of nominees, for their expenses in sending Proxy materials to principals and obtaining their Proxies. In addition to solicitations by mail, employees and directors of the Company may solicit Proxies personally or by telephone, facsimile or other form of wire or electronic communication. Such persons will receive no additional compensation for such services.

Shares represented by a properly executed Proxy will be voted at the Meeting and, when instructions have been given by the stockholder, will be voted in accordance with those instructions. If no instructions are given, the stockholder's shares will be voted as recommended by the Board of Directors. A Proxy may be revoked at any time by a stockholder before it is exercised by one of two methods. The stockholder may give written notice to the Secretary of the Company by signing and delivering a Proxy that is dated later. Or if the stockholder attends the Meeting in person, he may either give notice of revocation to the inspectors of election at the Meeting or may vote at the Meeting.

QUORUM AND VOTING

Only stockholders of record at the close of business on April 12, 2004 will be entitled to vote at the Meeting. On that date, there were issued and outstanding 12,964,142 shares of the Company's \$0.015 par value common stock (Common Stock), entitled to one vote per share. In the election of directors, cumulative voting is not allowed. There are no outstanding shares of preferred stock.

The only matters that management intends to present at the Meeting are: (a) the election of two directors as Class I directors for the term expiring in 2007; (b) approval of an amendment to the Company's Non-Employee Directors Stock Option Plan to increase the number of shares available for issuance under the plan; and (c) the ratification of the selection of Deloitte & Touche LLP to serve as independent auditors of Prima for fiscal 2004. If any other matter or business is properly presented at the Meeting, the proxy holders will vote upon it in accordance with their best judgment.

A majority of the outstanding Common Stock present in person or by Proxy and entitled to vote, will constitute a quorum for the transaction of business at the Meeting. Under Delaware law and the Company's Certificate of

Table of Contents

Incorporation, if a quorum is present at the Meeting, the two nominees for election as Class I directors who receive the greatest number of votes cast at the Meeting by the shares present in person or by Proxy and entitled to vote shall be elected as the Class I directors. The affirmative vote by the holders of a majority of the shares of Common Stock present in person or by Proxy at the Meeting and entitled to vote is required to approve the amendment to the Non-Employee Directors' Stock Option Plan and to ratify the selection of Deloitte & Touche LLP as the Company's independent auditors for fiscal 2004. In the election of the Class I directors, any action other than a vote for a nominee will have the practical effect of voting against the nominee. Abstention from voting on Proposal 2 or Proposal 3 on the Proxy Card or on any other matter presented at the Meeting will have the practical effect of voting against any such matter since it is one less vote for approval. Broker nonvotes on any such matter will not be considered shares present for voting purposes. At the 2002 and 2003 Annual Meeting of Stockholders, approximately 87% and 88% respectively of the then-outstanding shares of the Company's Common Stock were present in person or by Proxy.

The members of the Nominating Committee for fiscal year 2004 are Mr. Cummings and Ms. Paglia, each of whom is independent within the meaning of the rules of Nasdaq.

In identifying candidates for membership on the Board of Directors, the Nominating Committee takes into account all factors it considers appropriate, which may include ensuring that the Board of Directors, as a whole, consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise, local and community ties and minimum individual qualifications, including strength of character, mature judgment, familiarity with the Company's business and industry, independence of thought and an ability to work collegially. The Nominating Committee also may consider the extent to which the candidate would fill a particular need of the Board.

The Nominating Committee reviews the qualifications of, among others, those persons recommended for nomination to the Board of Directors by stockholders. A stockholder suggesting a nominee to the Board should send the nominee's name, biographical material, beneficial ownership of the Company's stock and other relevant information in writing to the Secretary of the Company in a timely manner as set forth in the Company's Bylaws, accompanied by a consent of such nominee to serve as a director if elected.

The Company has a Non-Employee Directors Stock Option Plan. The Plan provides for each non-employee director to receive options to purchase 22,500 shares of Prima Common Stock on the effective date of the Plan, or if later, upon election or appointment to the Board of Directors. On each subsequent anniversary date, each non-employee director receives additional stock options to purchase 5,625 shares of Common Stock. The exercise price is the fair market value on the date of grant. The options expire in ten years if not exercised, and vest 20% per year over five years. For additional information concerning the Plan and a proposal to increase the number of shares available for issuance under the Plan, see Proposal No. 2, below.

PROPOSAL TO AMEND THE NON-EMPLOYEE DIRECTORS STOCK OPTION PLAN (Proposal 2 on Proxy Card)

At the Meeting, the stockholders of Prima will be asked to vote on a proposal to approve an amendment to the Prima Energy Corporation Non-Employee Directors Stock Option Plan (referred to herein as the Plan) to increase the number of shares of common stock authorized for issuance under the Plan. The approval of the amendment requires the affirmative vote of the holders of a majority of the shares of Prima s common stock that are present in person or by proxy and entitled to vote at the Meeting. The amendment to the Plan increases the aggregate number of shares of Common Stock available for issuance under the Plan from 225,000 to 400,000.

The Plan was initially approved by the stockholders of Prima in May 1999, effective in September 1998.

Reasons for the Amendment to the Plan

The purpose of the Plan is to attract, retain and provide incentives for high level performance by non-employee directors of the Company. At March 31, 2004 only 30,375 shares of common stock remained available for grant under the Plan. The Board believes that the Plan should be amended to increase the number of shares issuable under the Plan in order to continue to meet the objectives of attracting and retaining highly-qualified non-employee directors and providing appropriate compensation and incentives.

Material Features of the Plan

The material features of the Plan are as follows:

Each non-employee director receives options under the Plan to purchase 22,500 shares of Prima s common stock. In addition, each non-employee director is granted a stock option to purchase 5,625 shares on the anniversary date of the effective date of the Plan, or, if later, the anniversary date of the election of the director to the Board. The options vest over a five-year period in equal installments, beginning on the first anniversary date and ending on the fifth anniversary of the date of grant.

The exercise price of the options is the fair market value of Prima s common stock on the date of grant.

All options granted under the Plan expire, to the extent not exercised, ten years after the date of grant.

All options become exercisable in full upon a change of control of Prima, as defined in the Plan.

Federal Income Tax Consequences

Neither Prima nor the optionee will recognize taxable income or deductions for Federal income tax purposes upon the award of a stock option. The exercise of an option results in immediately taxable income to the optionee under the Internal Revenue Code of 1986, as amended, in an amount equal to the difference between the option price and the

market price on the date of exercise. This same amount is deductible by Prima as compensation expense.

Table of Contents**Additional Information Regarding the Plan**

On March 31, 2004, the closing price of Prima's common stock on the Nasdaq National Market was \$34.54 per share. Except for the receipt of the option exercise price when and if options are exercised, Prima receives no consideration in connection with the options under the Plan.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO THE PLAN.

The ESOP is qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended, and is for the benefit of all eligible employees of the Company. Company contributions are payable at a minimum rate of 5% of eligible salaries (consisting of salary, bonus, and, in the case of certain non-officer employees, overtime) during the ESOP's fiscal year ending September 30, and are generally made quarterly. Plan participants become fully vested in the ESOP after six years of service to the Company. Mr. Lewis and Mr. Carpenter are both fully vested in the ESOP. Mr. Kennedy and Mr. McGuire were both 80% vested and Mr. Stenbuck was 20% vested as of September 30, 2003.

Table of Contents**Option Grants In 2003**

The table below shows information regarding the grant of non-qualified stock options made to the named executive officers under the Prima Energy Corporation 2001 Stock Incentive Plan (Stock Incentive Plan). The amounts shown for the named executive officers as potential realizable values are based on arbitrarily assumed annualized rates of stock price appreciation of 5% and 10% over the full ten-year term of the options. No gain to the optionee is possible without an increase in stock price above the price on the option grant date, which will benefit all stockholders proportionately. The 5% and 10% assumed rates of appreciation are derived from the rules of the SEC and do not represent the Company's estimate or projection of the future Common Stock price. There can be no assurance that the potential realizable values shown on this table will be achieved.

The options were granted at an exercise price equal to the closing price of the Common Stock on the date of grant and vest at a rate of 20% per year. Upon a Change of Control of the Company, as defined in the Stock Incentive Plan, all options granted under the plan would become exercisable in full. Options granted are non-transferable except by will or the laws of descent and distribution, may be exercised during the grantee's lifetime only by the grantee and must be exercised no later than ten years from the date of grant. The options expire if not exercised, in most cases, within twelve months of the grantee's death or total and permanent disability, on the effective date of termination of employment or, with the discretion of the Compensation Committee, within three months after normal or early retirement, and are subject to certain other conditions.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Mr. Cummings, Mr. Seward and Ms. Paglia are the members of the Compensation Committee, with Mr. Seward serving as chairperson. Mr. Guion was the chairperson until his resignation from the committee in August 2003. None of the committee members were officers or employees of the Company during 2003. No executive officer of the Company serves or served on the compensation committee of another entity during 2003 and no executive officer of the Company serves or served as a director of another entity which has or had an executive officer serving on the Board of Directors of the Company.

COMPENSATION COMMITTEE REPORT

Under rules established by the SEC, the Company is required to provide certain information regarding the compensation of its Chief Executive Officer and other executive officers whose salary and bonus exceed \$100,000 per year. Disclosure requirements include a report explaining the rationale and considerations that lead to fundamental executive compensation decisions. The following report has been prepared to fulfill this requirement.

The Compensation Committee (Committee) of the Board of Directors sets and administers the policies that govern the annual compensation and long-term compensation of executive officers of the Company. The Committee makes all decisions concerning compensation of executive officers that receive salary and bonus in excess of \$100,000 annually, determine the total amount of bonuses to be paid annually and grant all awards of stock options under the Company's employee stock incentive plan. The Committee's policy is to offer executive officers competitive compensation packages that will permit the Company to attract and retain highly qualified individuals and to motivate and reward such individuals on the basis of the Company's performance.

At present, the executive compensation package consists of base salary, cash bonus awards and long-term incentive opportunities in the form of stock options and participation in an employee stock ownership plan (ESOP). Executive officers participate in the ESOP on the same basis as all Company employees. The Company does not provide any deferred compensation plan, nor does it provide a pension plan, 401(k) plan or other retirement benefits other than the ESOP.

Executive salaries are reviewed by the Committee on an annual basis and are set for individual executive officers based on subjective evaluations of each individual's performance, the Company's performance and a comparison to salary ranges for executives of other companies in the oil and gas industry with characteristics similar to those of the Company. This allows the Committee to set salaries in a manner that is both competitive and reasonable within the Company's industry.

Cash bonuses may be awarded on an annual basis based upon evaluations of effort and performance. The use of a specific formula to evaluate management performance is not employed because it is difficult to define an appropriate formula and it restricts the flexibility of the Committee. The Committee considers the achievements of the Company, specifically including, but not limited to, earnings for the year, return on stockholders' equity and growth in proved oil and natural gas reserves, in determining appropriate levels for bonus awards. Following a review of the Company's performance after the close of the 2003 fiscal year, in March of 2004 the Committee determined that cash bonuses should be awarded, set a total dollar limit for the bonus pool and determined cash bonuses for the Company's Chief Executive Officer and the other named executive officers, based upon their respective contributions to the Company's performance during the year, as assessed by the Committee.

Stock options may be granted to key employees, including executive officers of the Company. Such stock based awards continue to be an important element of the executive compensation package because they aid in the objective

of aligning the key employees' interests with those of the stockholders by giving key employees a

Table of Contents

direct stake in the performance of the Company. Decisions concerning the granting of stock options are made based upon the individual performance of the executive, his or her level of responsibility, base salary and the number of options already granted to the executive. Options for 130,750 shares were granted to all employees in 2003.

The compensation of Richard H. Lewis, Chief Executive Officer, consists of the same components as for other executive officers of the Company, and is largely dependent upon the overall performance of the Company and a comparison to compensation being paid by comparable peer companies to their chief executive officers. For the year ended December 31, 2003, the base salary of Mr. Lewis was \$400,000, the same as in 2002. No cash bonus award was paid in March 2004, compared to \$50,000 paid in March 2003. Mr. Lewis was granted options to acquire 22,500 shares of Common Stock during 2003 compared to options to acquire 25,000 shares in 2002. The amount of the bonus awarded for 2003 and options granted in 2003 took into account a number of considerations concerning the Company's performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

One of the Company's directors and one officer has participated, individually or through controlled entities, in oil and gas properties in which Prima has an interest. These working interest participations have been in prospects or properties originated or acquired by the Company. In some cases, the interests sold to affiliated and non-affiliated participants were sold on a promoted basis requiring these participants to pay a disproportionate share of well costs. All participations by directors and officers have been on terms no less favorable to the Company than believed to be obtainable from non-affiliated participants. Such joint participations may occur again from time to time in the future. All participations by officers or directors have been and will continue to be approved by the disinterested members of the Company's Board of Directors.

At any point in time, there may be receivables or payables with officers and directors that arise in the ordinary course of business, as a result of participations in jointly held oil and gas properties. Amounts due to or from officers and directors resulting from billings of joint interest costs or receipts of production revenues on these properties are handled on terms pursuant to standard industry joint operating agreements which are no more or less favorable than similar transactions with unrelated parties. Mr. Guion, through Colorado Energy Minerals, Inc., was billed for costs totaling \$325,080 in 2003. The maximum amount owed at any one time was \$74,787, and the amount owing at March 31, 2004 was \$7,323.

**PROPOSAL TO RATIFY THE SELECTION OF DELOITTE & TOUCHE LLP AS AUDITORS

The independent certified public accounting firm of Deloitte & Touche LLP has been engaged by the Company to audit the accounts and financial statements of the Company annually since the Company's inception in 1980 through December 31, 2003.

Although Delaware corporate law or the Company's Certificate of Incorporation or Bylaws does not require ratification by stockholders of the appointment of Deloitte, management feels a decision of this nature should be made with the consideration of the Company's stockholders. If stockholder approval is not received, management will reconsider the appointment.

It is expected that a representative of Deloitte will be present at the Meeting and will be given the opportunity to make a statement if he or she so desires. It is also expected that the representative will be available to respond to appropriate questions from stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE YEAR ENDING DECEMBER 31, 2004.

OTHER BUSINESS

The Board of Directors of the Company is not aware of any other matters that are to be presented at the Meeting, and it has not been advised that any other person will present any other matters for consideration at the Meeting. Nevertheless, if other matters should properly come before the Meeting, the stockholders present, or the person, if any, authorized by a valid Proxy to vote on their behalf, shall vote on such matters in accordance with their judgment.
